Appendix 1. Tabulation of Paleozoic crinoid publications from 1758-2012. Note, the compilation for 2000-2012 is considered incomplete, therefore tentative, because some publications in field guides or other small circulation journals have not made citation services or I have been unable to find them as of June 2014.

Introduced genera are currently in use at the time of this compilation.

Number of rejected genera are given for year genus introduced into literature, not year of rejection.
