

## II. INDEX OF CRINOID CROWNS AND PARTS OF CROWNS

### Remarks.

This index includes described and illustrated Paleozoic crinoids, coronates and hemistreptocrinids through 2012, including several publications overlooked in the earlier Webster (1973, 1977, 1986, 1988, 1993, 2003) compilations. Because the bibliographic and index compilation of Webster (2003) was a website and never published in printed form as initially agreed to with the Geological Society of America, it does not qualify as an ICZN recognized publication. Therefore the listings of Webster (2003) are not cited herein.

The classification followed herein is based on those of Moore and Teichert (1978), Simms and Sevastopulo (1993), Ausich (1998b), Webster and Jell (1999b), and individual transfers made by numerous authors after that of Moore and Teichert (1978). For consistency, I have revised the higher taxonomic levels throughout to agree with most changes. However, I do not accept all the changes made or suggested by the various authors. I have generally used their revisions because I am not trying to revise the classification herein. However, some species are reassigned to a different genus as necessary and the classifications given herein are based on my current concepts of the classification.

The following taxonomic revisions are used herein, following Webster and Maples (2006, 2008). Genera of the Family Poteriocrinidae are considered to be advanced cyathocrinids with pinnules and transferred to the Cyathocrinitoidea. The Order Poteriocrinida is therefore discarded and all other cladid crinoids previously assigned to the Poteriocrinida are now judged to be derived from the Dendrocrinida. Future work will undoubtedly result in considerable modification of the existing classification with possibly two or more orders or suborders being erected to include the cladids transferred to the Dendrocrinida.

Following the recognition of some Paleozoic crinoids as ancestral articulates by Simms and Sevastopulo (1993), Webster and Jell (1999b) erected the Order Ampelocrinida (herein Ampelocrinoida), as recognized on the basis of the muscular articulation of the arms and zyzygial brachial articulation among other characters to include the Paleozoic articulates. The critical morphologic character characteristic of the Paleozoic articulates is the muscular trifascial articulation of the radial facets and higher articulations accompanied by the zyzygial articulation of paired brachials in the arms. These two characters are typical of all Paleozoic articulates. Although not accepted by all crinoid specialists the recognition of the articulates in the Paleozoic is herein recognized based on the recognition of an Early Permian articulate assigned to the isocrinids by Webster and Jell (1999b) and articulate brachials with trifascial muscular facets reported from the Permian of Oman (Webster et al., 2009).

Webster and Jell (1999b) orphaned several genera previously assigned to the Ampelocrinidae and Cymbiocrinidae. The Family Aesiocrinidae is based on *Aesiocrinus* following Webster and Maples (2008). Genera they assigned to the Aesiocrinidae are: *Aesiocrinus*, *Lecobasicrinus*, *Paracymbiocrinus*, and *Polusocrinus*. In addition, *Adacrinus*, *Kansacrinus*, and *Sardinocrinus* may belong to the Ampelocrinidae and all three genera are considered to possibly be synonyms of *Oklahomacrinus*. *Arroyocrinus*

is thought to be derived from *Ulrichocrinus* and *Woodocrinus* and all are judged to be advanced bluthrocrinids. The other four genera, *Aenigmocrinus*, *Armenocrinus*, *Proallosocrinus*, and *Proampelocrinus*, were tentatively left as Cladids, family uncertain.

*Logocrinus*, assigned to the Order Ampelocrinida, Family Corythocrinidae, has syzygial paired brachials, although it lacks entoneural canals (personal communication from George McIntosh, 2000) that are present on most Paleozoic articulates. *Logocrinus* is considered the progenitor of the articulate crinoids and was probably derived from the Glossocrinidae.

Following the author citations for each genus is a count of the currently recognized species assigned to the genus based on cups or crowns. This count does not include taxa listed as sp. aff., cf., n. sp., or questionably (?). It does include species that are questionably assigned to the genus. This count shows how continuous or discontinuous the species stratigraphic range is through the stratigraphic range of the genus, where stratigraphic gaps occur and the diversity where multiple species are recognized within a single series or multiple series. These figures must be used with caution because the taxon typically occurs at one or more horizons, not throughout the entire time of the series. They also may indicate species that need to be looked at for evolutionary lineages or in need of revision.

Use of the columnal symbol ( $\emptyset$ ) in this index section indicates the identification or name was initially based on columnals, prior to the discovery of cups or crowns. It is also applied to columnal specimens that have been considered to be correctly assigned to the taxon based on cups or crowns.

In general, I have tried to cite the names applied to specimens as identified by the various authors. However, in some instances they are obviously incorrect because the species has been transferred to another genus as part of a revision or with the naming of new genera. These entries are then shown as transferred to the genus to which they have been reassigned. This does not mean that I accept all the revisions or reassignments, indeed, I consider some of them open for future investigations and others in current need of revision.

Ages of taxa generally follow that of the IUGS International Stratigraphic chart (2010) as assigned by the various authors, however, some are corrected to newer international series and stages especially for the Ordovician, Devonian, Mississippian, and Permian. Where the international series names are added I have left the earlier series applied by the original authors in parentheses after the international designation. In many instances the earlier series assignment may not be for the full time interval of the newer series, or it may be incorrect as shown by other paleontological data. These changes are a time consuming correction task, however, I hope to make them for the other geologic periods in future revisions of the index as time permits. The time term changes are somewhat discouraging to make because numerous boundaries are not defined and ratified by the IUGS. Some previously defined boundaries are being reconsidered because of identified problems that have been shown to be present in the time or geographic range of the previously accepted taxon for defining the boundary. Refinement of all boundaries is needed for better correlation and establishment of evolutionary lineages among other applications. Thus, the time terms applied herein must be considered as tentative and correctable as required with future changes.

The proposed number of crinoid genera per year (Appendix 2) shows a pattern similar to that of the number of publications through the past 250 years. That is, there generally are increasing numbers of taxa proposed with the greater

number of publications (compare Tables 1 and 2 and Appendices 1 and 2). Although it is beyond the scope of this compilation, if the number of publications of specific authors is compared to the number of genera that they named and the years of their publications some decades could be referred to as the decades of certain authors because they named most of the taxa introduced during those years (i.e. 1840s, 1850s, and 1860s are the decades of J. Hall and the 1910s and 1920s are the decades of J. Wanner). During the past 60 years there have been more individuals working on crinoids and each of the past six decades has had several authors responsible for most of the new genera designated, although one or two authors tend to be the biggest namers in each decade.

The number of named species recognized is given for each genus. These will change as investigation of the crinoids continue with the identification of new species and transfer of species to other genera. However, it is possible to use the information at present for paleogeographic and evolutionary studies as well as in searches for specific stratigraphic information. They may also suggest genera in need of systematic revision.

The breakup of the Soviet Union required correcting the country for the locality information. This has been done throughout. Today's Russian federation countries are left as Russia, followed by the associated state or a geographic region.

More detailed stratigraphic information is needed for each species and should be added in future revisions. It would also be informative to add paleoenvironmental information for each taxon in the future.

Appreciation is extended to everyone who has sent me reprints, pdfs, etc. of their publications. Also, I have especially appreciated notice of papers in state surveys, geological association publications, field excursions, etc. These publications are quite important, but are rarely included in the indexing services. Without the help of the librarians and interlibrary loan staff of Washington State University this compilation would be less complete. My grateful appreciation is extended to all of them.

Decadocrinidae

Kirk, 1947, p. 293. Webster, 1973, p. 39. Moore and Strimple *in* Moore and Teichert, 1978, p. T686. Webster, 1986, p. 45.

*TROPIOCRINUS* Kirk, 1947. \**Poteriocrinites (Scaphiocrinus) rudis* Meek and Worthen, 1869. Kirk, 1947, p. 299. Webster, 1973, p. 261. Moore and Strimple *in* Moore and Teichert, 1978, p. T686.

Named, currently recognized species based on cups or crowns: 8 Mississippian species, 1 Tournaisian, 7 Viséan

Mississippian, Viséan (Osagean). United States, Iowa, Missouri

*Acylocrinus carinatus* (Kirk, 1947). New Combination

*Tropiocrinus carinatus* Kirk, 1947, p. 300, Pl. 1, fig. 7. Webster, 1973, p. 261.

Mississippian, Viséan (Osagean), Burlington-Keokuk transition beds. United States, Iowa

*Acylocrinus depressus* Kirk, 1947, p. 294, Pl. 1, fig. 9. Webster, 1973, p. 39. Webster, 1986, p. 45.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Acylocrinus mcadamsi* (Meek and Worthen, 1873). Kammer, 2008, p. 181.

*Poteriocrinites (Scaphiocrinus) mcadamsi* Worthen, Ms. *in* Meek and Worthen, 1873, p. 495, Pl. 15, fig. 2. Bassler and Moodey, 1943, p. 496.

*Poteriocrinites (Scaphiocrinus) mcadamis* Meek and Worthen, 1873. Webster, 1986, p. 282 (sic).

*Graphiocrinus mcadamsi* (Meek and Worthen, 1873). Weller, S., 1898c, p. 301. Van Sant *in* Van Sant and Lane, 1964, p. 83, Pl. 3, fig. 3. Webster, 1973, p. 142.

Frest and Strimple, 1977d, p. 860, Figs. 1, no. A; 2, no. A. Webster, 1986, p. 282. Kammer and Ausich, 1992, p. 468. Kammer and Ausich, 1993, p. 618.

*Graphiocrinus macadamsi* (Meek and Worthen, 1873). Miller, S. A., 1889, p. 251.

*Scaphiocrinus macadamsi* (Meek and Worthen, 1873). Miller, S. A., 1889, p. 280.

*Scaphiocrinus mcadamsi* (Meek and Worthen, 1873). Weller, S., 1898c, p. 301.

*Scytalocrinus? mcadamsi* (Meek and Worthen, 1873). Weller, S., 1898c, p. 301.

Webster, 1986, p. 282. Kammer and Ausich, 1993, p. 618.

Non *Acylocrinus mcadamsi* (Meek and Worthen, 1873). Kammer, 2008, p. 181, Fig. 9.2, nos. 5-6.

**Note:** Kammer, 2008, reassigned *Poteriocrinites (Scaphiocrinus) mcadamsi* to *Acylocrinus*, however, the specimen that he illustrated does not have the moderately strong cuneate brachials typical of *A. mcadamsi*. GDW, 2010)

Mississippian, Viséan (Osagean), Keokuk Limestone, lower part of Warsaw Formation. United States, Illinois, Iowa

*Acylocrinus planatus* (Kirk, 1947). New Combination

*Tropiocrinus planatus* Kirk, 1947, p. 301, Pl. 1, fig. 8. Webster, 1973, p. 261.

Mississippian, Viséan (Osagean), Burlington Limestone. United States, Iowa

*Acylocrinus rudis* (Meek and Worthen, 1870) = *Ramulocrinus rudis*

- Acylocrinus sampsoni* (Weller, 1909). Kirk, 1947, p. 295. Webster, 1973, p. 39.  
*Graphiocrinus sampsoni* Weller, S., 1909a, p. 280, Pl. 11, fig. 23. Bassler and Moodey, 1943, p. 497. Kirk, 1947, p. 295. Webster, 1973, p. 39.  
 Mississippian, Tournaisian (early Osagean), Fern Glen Formation. United States, Missouri
- Acylocrinus striatus* (Meek and Worthen, 1870). Kirk, 1947, p. 296. Webster, 1973, p. 39. Kammer, 2008, p. 179, Fig. 9.1, nos. 3-5.  
*Poteriocrinites (Graphiocrinus, Scaphiocrinus) striatus* Meek and Worthen, 1870a, p. 142. Bassler and Moodey, 1943, p. 497. Kirk, 1947, p. 296. Webster, 1973, p. 39.  
*Poteriocrinites (Scaphiocrinus) striatus* Meek and Worthen, 1870. Meek and Worthen, 1873, p. 418, Pl. 2, fig. 11. Bassler and Moodey, 1943, p. 497.  
*Scaphiocrinus striatus* (Meek and Worthen, 1870). Miller, S. A., 1889, p. 280. Weller, S., 1898c, p. 301.  
*Graphiocrinus striatus* (Meek and Worthen, 1870). Wachsmuth and Springer, 1880 (1879), p. 123. Miller, S. A., 1889, p. 251. Weller, S., 1898c, p. 301. Bassler and Moodey, 1943, p. 497.  
 Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa
- Acylocrinus tortuosus* (Hall, 1861). Kirk, 1947, p. 296. Webster, 1973, p. 39.  
*Scaphiocrinus tortuosus* Hall, 1861a, p. 309. Hall, 1861b, p. 7. Hall, 1861c, p. 309. Shumard, 1868, p. 396. Miller, S. A., 1889, p. 281. Miller, S. A., 1897, p. 753. Weller, S., 1898c, p. 301. Bassler and Moodey, 1943, p. 498. Kirk, 1947, p. 296. Webster, 1973, p. 39.  
*Graphiocrinus tortuosus* (Hall, 1861). Wachsmuth and Springer, 1880 (1879), p. 123. Miller, S. A., 1889, p. 251. Whitfield, 1893a, p. 32, Pl. 3, figs. 15-17. Weller, S., 1898c, p. 301. Bassler and Moodey, 1943, p. 498.

Bassler and Moodey, 1943, p. 283. Moore and Strimple *in* Moore and Teichert, 1978, p. T739.

Named, currently recognized species based on cups or crowns: 15 species. 1

Mississippian, Serpukhovian (Chesterian); 14 Pennsylvanian, 3 Desmoinesian, 2 Moscovian, 8 Missourian, 1 Virgillian

Mississippian, Serpukhovian (Chesterian); Pennsylvanian, Desmoinesian. United States

Pennsylvanian, Moscovian. Russia

*Aesiocrinus amplus* Lane and Webster, 1966 = *Polusocrinus amplus*

*Aesiocrinus angulatus* Miller and Gurley, 1892 = *Whiteocrinus angulatus* = *Apolloocrinus angulatus* = *Stellarocrinus angulatus* = *Celonocrinus angulatus*

*Aesiocrinus annulatus* Strimple and Watkins, 1969, p. 193, Pl. 31, figs. 2-3. Webster, 1977, p. 30.

Pennsylvanian, Desmoinesian, Brannon Bridge Limestone. United States, Texas

*Aesiocrinus barydactylus* (Keyes, 1894). Bassler and Moodey, 1943, p. 283. Moore and Plummer, 1940, p. 387, Pl. 14, fig. 7; Fig. 77. Pabian and Rushlau, 2002, p. 32.

*Phialocrinus barydactylus* Keyes, 1894a, p. 220, Pl. 28, fig. 1. Miller, S. A., 1897, p. 749. Weller, S., 1898c, p. 420. Bassler and Moodey, 1943, p. 283.  
Pennsylvanian, Missourian, Lane Shale; Mineral Wells Formation; Graford Formation. United States, Missouri, Texas

*Aesiocrinus basilicus* Miller and Gurley, 1891, p. 369, Pl. 9, figs. 4-6. Miller, S. A., 1892a, p. 673. Weller, S., 1898c, p. 420. Bassler and Moodey, 1943, p. 283. Strimple, 1962e, p. 47, Pl. 3, figs. 8-11. Webster, 1973, p. 40. Pabian and Rushlau, 2002, p. 32.

*Phialocrinus basilicus* (Miller and Gurley, 1891). Weller, S., 1898c, p. 420. Bassler and Moodey, 1943, p. 283.

*Phialocrinus basiliscus* (Miller and Gurley, 1891). Keyes, 1894a, p. 220. Pennsylvanian, Desmoinesian, Oologah Limestone. United States, Oklahoma

*Aesiocrinus delicatulus* Lane and Webster, 1966 = *Elassocrinus delicatulus*

*Aesiocrinus detrusus* Strimple, 1951c, p. 21, Pl. 4, figs. 1-3. Webster, 1973, p. 40. Pabian and Rushlau, 2002, p. 32.

Pennsylvanian, Missourian, Wann Formation. United States, Oklahoma

*Aesiocrinus* sp. cf. *A. detrusus* Strimple, 1951. Pabian and Rushlau, 2002, p. 32, Fig. 9, nos. 9-11.

Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member. United States, Nebraska

*Aesiocrinus dilatatus* Moore and Strimple in Moore and Teichert, 1978 = *Aesiocrinus dilatatus*

*Aesiocrinus dilatatus* Moore, 1939c, p. 252, Pl. 5, figs. 9a-9c, 10a-10b; Figs. 23, nos. a-l. Bassler and Moodey, 1943, p. 283.

*Aesiocrinus dilatatus* Moore, 1939. Moore and Strimple in Moore and Teichert, 1978, p. T739, Fig. 488, nos. 2c-2h. Webster, 1986, p. 46.

Pennsylvanian, Virgilian, Brownville Limestone. United States, Oklahoma

*Aesiocrinus elenae* (Yakovlev, 1930) = *Polusocrinus elenae* = *Belashovicrinus elenae*

*Aesiocrinus erectus* Strimple, 1951 = *Plummericrinus erectus* = *Anobasicrinus erectus*

*Aesiocrinus francisensis* Strimple and Moore, 1971b, p. 7, Fig. 1, no. 4. Webster, 1977, p. 30.

Pennsylvanian, Missourian, Francis Shale. United States, Oklahoma

*Aesiocrinus harii* Miller and Gurley, 1890a, p. 16, Pl. 3, fig. 1. Miller and Gurley, 1891, p. 338, Pl. 3, fig. 1. Author unknown, 1890, Unnum. Fig. Miller, S. A., 1892a, p. 673.

Weller, S., 1898c, p. 420. Bassler and Moodey, 1943, p. 283. Pabian and Rushlau, 2002, p. 32.

*Phialocrinus harii* (Miller and Gurley, 1890). Keyes, 1894a, p. 219, Pl. 29, fig. 1.  
 Weller, S., 1898c, p. 420. Bassler and Moodey, 1943, p. 283.  
*Graphiocrinus harei* (Miller and Gurley, 1890). McCourt, 1917, p. 61, Pl. 10.  
*Aesiocrinus* sp. Schuchert, 1904a, p. 448, Pl. 101, fig. 3.  
 Pennsylvanian, Missourian, Lane Shale. United States, Missouri

*Aesiocrinus* cf. *harii* Wright, 1937 = *Ampelocrinus plumosus*

*Aesiocrinus? inflatus* Webster and Lane, 1970, p. 287, Pl. 57, fig. 26. Webster, 1977,  
 p. 30.  
 Mississippian, Serpukhovian (Chesterian), Indian Springs Formation. United States,  
 Nevada

*Aesiocrinus inornatus* Lane and Webster, 1966 = *Elassocrinus inornatus*

*Aesiocrinus ivanovi* Yakovlev in Yakovlev and Ivanov, 1956, p. 29, Pl. 7, fig. 6.  
 Webster, 1973, p. 40. Pabian and Rushlau, 2002, p. 32.  
 Pennsylvanian, Moscovian (C<sub>2</sub>m). Russia, Moscow Basin

*Aesiocrinus konincki* (Clarke in de Koninck, 1877) = *Meganotocrinus konincki*

*Aesiocrinus luxuris* Strimple, 1949 = *Moundocrinus luxuris*

*Aesiocrinus lykinsi* Butts, E., 1890, p. 10, 81, Unnum. Fig. Miller, S. A., 1892a, p. 673.  
 Weller, S., 1898c, p. 420. Bassler and Moodey, 1943, p. 283.  
*Phialocrinus lykinsi* (Butts, E., 1890). Weller, S., 1898c, p. 420.  
 Pennsylvanian, Missourian, Lane Shale. United States, Missouri

\**Aesiocrinus magnificus* Miller and Gurley, 1890a, p. 15, Pl. 2, figs. 1-5. Miller and  
 Gurley, 1891, p. 337, Pl. 2, figs. 1-5. Miller, S. A., 1892a, p. 673, Fig. 1206.  
 Weller, S., 1898c, p. 421. Bassler, 1938, p. 34. Bassler and Moodey, 1943, p.  
 284. Moore and Laudon, 1943b, p. 135, Pl. 6, fig. 4. Moore and Laudon, 1944,  
 p.  
 167, Pls. 56, fig. 32; 62, fig. 32. Strimple and Moore, 1971b, p. 6, Fig. 7, no. 5.  
 Webster, 1973, p. 40. Lane and Macurda, 1975, p. 59, Fig. 1. Lane, N. G., 1975,  
 p. 640, Pl. 1, figs. 1-11; Fig. 1. Webster, 1977, p. 30. Moore and Strimple in  
 Moore and Teichert, 1978, p. T739, Fig. 488, nos. 2a-2b. Webster, 1986, p. 46.  
 Pabian and Rushlau, 2002, p. 32.  
*Phialocrinus magnificus* (Miller and Gurley, 1890). Keyes, 1894a, p. 220, Pl. 28,  
 fig. 4. Weller, S., 1898c, p. 421. Bassler and Moodey, 1943, p. 284.  
 Pennsylvanian, Missourian, Francis Shale; Lane Shale. United States, Oklahoma,  
 Missouri

*Aesiocrinus nodosus* (Etheridge, 1892) = *Calceolispongia nodosa*

*Aesiocrinus nodosus* Webster and Lane, 1967 = *Elassocrinus nodosus*

*Aesiocrinus osagensis* (Strimple, 1939) = *Moundocrinus osagensis*

*Aesiocrinus patens* (Trautschold, 1869). Bassler and Moodey, 1943, p. 284. Yakovlev and Ivanov, 1956, p. 28, Pl. 7, figs. 3-5. Arendt and Hecker, 1964, p. 89, Pl. 11, figs. 7-8. Webster, 1973, p. 41. Pabian and Rushlau, 2002, p. 32.

*Phyalocrinus patens* Trautschold, 1869, p. 7.

*Phialocrinus patens* Trautschold, 1879, p. 123. Bassler, 1938, p. 151. Yakovlev, 1939a, p. 67, Pl. 12, fig. 6. Bassler and Moodey, 1943, p. 284. Webster, 1973, p. 41.

Pennsylvanian, Moscovian (C<sub>2</sub>m). Russia, Moscow Basin

*Aesiocrinus paucus* Strimple, 1951 = *Lecobasicrinus paucus* = *Halogetocrinus paucus*

*Aesiocrinus princeps* (Etheridge, 1892) = *Meganotocrinus princeps*

*Aesiocrinus prudentia* Strimple, 1963 = *Halogetocrinus prudentia*

*Aesiocrinus secundus* (Washburn, 1968) = *Proallosocrinus secundus* = *Proallosocrinus anatonus* = *Proallosocrinus secundus*

*Aesiocrinus stephensi* (Etheridge, 1892) = *Calceolispongia stephensi*

*Aesiocrinus tactilis* Strimple, 1951 = *Polusocrinus tactilis*

*Aesiocrinus twinensis* (Strimple, 1939). Bassler and Moodey, 1943, p. 284.

*Pentadelocrinus twinensis* Strimple, 1940b, p. 8 (106), Pl. 1 (9), figs. 7, 9-10.

Bassler and Moodey, 1943, p. 284.

Pennsylvanian, Missourian, Ochelata Group. United States, Oklahoma

*Aesiocrinus typus* (Strimple, 1939). Bassler and Moodey, 1943, p. 284.

*Pentadelocrinus typus* Strimple, 1939a, p. 11 (371), Pl. 1 (9), figs. 7-9. Bassler and Moodey, 1943, p. 284.

Pennsylvanian, Missourian, Stanton Limestone. United States, Oklahoma

*Aesiocrinus* sp. Schuchert, 1904 = *A. harii*

*Aesiocrinus* spp.

White, E., 1964, Fig. 19. Webster, 1977, p. 30.

Pennsylvanian. United States, Nebraska, Iowa

Ausich, 2009b, Fig. 6.

Late Pennsylvanian. United States, Kansas

Aethocrinid s. l. gen. et sp. nov. Donovan, 1988c, p. 236. Webster, 1993, p. 21.  
Early Ordovician

Pennsylvanian, Atokan - Desmoinesian boundary, Pinkerton Trail Limestone; Sandia

Formation. United States, Colorado, New Mexico

*Aexitrophocrinus strimplei* (Wright, 1946). New combination

*Talanterocrinus strimplei* Wright, J., 1946a, p. 36, Pl. 3, figs. 8-9, 13, 15-16. Wright, 1954a, p. 156, Pl. 43, figs. 5-7, 14-15. Webster, 1973, p. 252.

Mississippian, Viséan, Lower Limestone Group. United Kingdom, Scotland

*Aexitrophocrinus swaledalensis* (Wright, 1954). New combination

*Talanterocrinus swaledalensis* Wright, J., 1954a, p. 157, Pl. 42, fig. 4. Webster, 1973, p. 252.

Mississippian, Serpukhovian (E<sub>1</sub>), red beds above Main Limestone. United Kingdom

*Aexitrophocrinus* sp. Strimple and Watkins, 1969, p. 231, Pl. 54, fig. 7. Webster, 1977, p. 31.

Pennsylvanian, Atokan, Lemons Bluff Limestone. United States, Texas

**AFFINOCRINUS** Knapp, 1969. \**A. concavus* Knapp, 1969.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F. Pirasocrinidae

Knapp, 1969, p. 372. Moore and Strimple, 1973, p. 73. Webster, 1977, p. 31.

Moore and Strimple *in* Moore and Teichert, 1978, p. T726. Webster, 1986, p. 47.

Named, currently recognized species based on cups or crowns: 7 Pennsylvanian species, 4 Morrowan, 3 Atokan

Pennsylvanian, Morrowan - Atokan. United States, Missouri, Oklahoma

*Affinocrinus abathus* Knapp, 1969, p. 373, Pl. 62, figs. 1-2, 15-17; Fig. 31. Webster, 1977, p. 31.

Pennsylvanian, Atokan, Burgner Formation. United States, Missouri

\**Affinocrinus concavus* Knapp, 1969, p. 372, Pl. 62, figs. 9-14, 18-19; Figs. 2, 30 (*non* Fig. 3 as given p. 372). Moore and Strimple *in* Moore and Teichert, 1978, p. T726, Fig. 480, no. 2. Webster, 1986, p. 47.

*Affinocrinus convavus* Knapp, 1969. Webster, 1977, p. 31 (sic).

Pennsylvanian, Atokan, Burgner Formation. United States, Missouri

*Affinocrinus convavus* Knapp, 1969 = *Affinocrinus concavus*

*Affinocrinus grandis* Moore and Strimple, 1973, p. 73, Pl. 22, figs. 2a-c. Webster, 1977, p. 31.

Pennsylvanian, Morrowan, Wapanucka Formation, Brentwood Member. United States, Oklahoma

*Affinocrinus normalis* Moore and Strimple, 1973, p. 74, Pls. 6, figs. 6a-c; 8, figs. 2a-c. Webster, 1977, p. 32.

Pennsylvanian, Morrowan, Wapanucka Formation. United States, Oklahoma

*Affinocrinus orbis* Strimple, 1975e, p. 19, Fig. 12, no. 104. Webster, 1986, p. 47.

Pennsylvanian, Atokan, Atoka Formation, Barnett Hill Member. United States, Oklahoma

*Affinocrinus politus* Moore and Strimple, 1973, p. 74, Pl. 23, figs. 5a-d; Fig. 7, nos. 1a-2b. Webster, 1977, p. 32.

Pennsylvanian, Morrowan, Wapanucka Formation, Brentwood Member. United States, Oklahoma

*Affinocrinus progressus* Moore and Strimple, 1973, p. 73, Pls. 8, figs. 1a-1b; 12, figs. 1a-1d, 2a-2d; 23, figs. 1a-1d, 2a-2b. Webster, 1977, p. 32.

Pennsylvanian, Morrowan, Bloyd Formation. United States, Oklahoma

*Affinocrinus* sp. A Strimple, 1975e, p. 19, Fig. 6, nos. 4-6. Webster, 1986, p. 48.

Pennsylvanian, Atokan, unnamed shale about 100 ft above Gene Autry Shale (Morrowan), unnamed shale (Atokan) above Otterville Limestone (Morrowan); non Bostwick Conglomerate; Lake Murray Formation. United States, Oklahoma

*Affinocrinus* sp. B Strimple, 1975e, p. 19, Fig. 6, nos. 1-3. Webster, 1986, p. 48.

Pennsylvanian, Atokan, unnamed shale about 100 ft. above Gene Autry Shale (Morrowan). United States, Oklahoma

Webster and Lane, 1967, p. 15. Strimple, 1971e, p. 31. Webster, 1973, p. 43.

Webster, 1977, p. 35. Moore and Strimple *in* Moore and Teichert, 1978, p. T744.

Webster, 1986, p. 50.

Named, currently recognized species based on cups or crowns: 2 Permian species, 1 Wolfcampian, 1 Wordian

Permian, middle Wolfcampian - Wordian. United States, Nevada, Texas

*Agnostocrinus ornatus* Strimple, 1971e, p. 31, Fig. 13, nos. 1-14. Webster, 1977, p. 35.

Permian, Wordian, Word Formation. United States, Texas

\**Agnostocrinus typus* Webster and Lane, 1967, p. 16, Pl. 3, figs. 1-2. Strimple, 1971e, p. 31. Webster, 1973, p. 43. Webster, 1977, p. 35. Moore and Strimple *in* Moore and Teichert, 1978, p. T542. Webster, 1986, p. 50.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

**AGOSTOCRINUS** Kesling and Paul, 1971. \**A. xenus* Kesling and Paul, 1971.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Agostocrinidae

Kesling and Paul, 1971, p. 222. Webster, 1977, p. 35. Ubaghs *in* Moore and

Teichert, 1978, p. T104, Fig. 79, nos. 6-7. Moore and Strimple *in* Moore and

Teichert, 1978, p. T542. Webster, 1986, p. 50. Rozhnov, 1988, p. 68. Webster,

1988, p. 32. Rozhnov, 1989, p. 62. Webster, 1993, p. 22. Ausich, 1998b, p. 34.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Sandbian species

Ordovician, Sandbian. United States, Virginia

\**Agostocrinus xenus* Kesling and Paul, 1971, p. 222, Pls. 1, figs. 1-8; 2, figs. 1-7; 3, fig. 9; Figs. 1-2. Webster, 1977, p. 35. Ubaghs *in* Moore and Teichert, 1978, p. T113, Fig. 84, no. 8. Moore and Strimple *in* Moore and Teichert, 1978, p. T542, Fig. 338, no. 1. Rozhnov, 1981, p. 28, Fig. 8, no. g. Webster, 1986, p. 50. Webster, 1988, p. 32.

Ordovician, Sandbian, Ottosee Group, Benbolt Formation. United States, Virginia

*Agostocrinus / Acolocrinus* Rozhnov, 2002, p. 588, Fig. 45, nos. k-l. (diagramatic)

*Agraocrinus* sp. Koenigswald, 1931, p. 357, Fig. 17. (Possibly a misspelling of *Agriocrinus*, GDW)

Early Devonian, Emsian?, Bundenbacher Schiefers. Germany

**AGRIOCRINUS** Jaekel, 1895 = **HAPALOCRINUS**

*Agriocrinus frechi* Jaekel, 1895 = *Hapalocrinus frechi*

*Agriocrinus frechi* Opitz, 1932 = *Imitatocrinus gracilior*

*Agriocrinus gracilior* Jaekel, 1895 = \**Imitatocrinus gracilior*

*Agriocrinus inermis* Jaekel, 1898 = *Thallocrinus inermis*

*Agriocrinus inermis* Klahn, 1926 = *Thallocrinus procerus*

*Agriocrinus inermis* Opitz, 1932 (*non* Klahn, 1926) = *Thallocrinus hauchecornei*

**AIDEMOCRINUS** Weller, 1930 = **KALLIMORPHOCRINUS**

Permian, series uncertain. Timor

**ALLOZYGOCRINUS** Witzke and Strimple, 1981. \**A. dubuquensis* Witzke and Strimple, 1981.

Sbc. Camerata, O. Diplobathrida, Spf. Dimerocrinitoidea, F. Dimerocrinitidae  
Witzke and Strimple, 1981, p. 111. Webster, 1988, p. 34.

Named, currently recognized species based on cups or crowns: 2 Silurian species. 1  
Llandoveryan, 1 Wenlockian

Silurian, Wenlockian. United States, Iowa

Silurian, Llandeilian. Canada, Quebec

\**Allozygocrinus dubuquensis* Witzke and Strimple, 1981, p. 111, Pl. 2, figs. 4-5; Fig. 4.  
Webster, 1988, p. 33.

Silurian, Wenlockian, Hopkinton Dolomite. United States, Iowa

*Allozygocrinus exallos* Ausich and Copper, 2010, p. 22, Pl. 1, fig. 4; Fig. 6.5.

Silurian, Llandoveryan, Chicotte Formation. Canada, Quebec, Anticosti Island

**ALOPOCRINUS** Ausich and Copper, 2010. \**Alopocrinus parvus* Ausich and Copper,  
2010.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Glyptocrinoidea, F.  
Glyptocrinidae

Ausich and Copper, 2010, p. 28.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species

Silurian, Llandoveryan. Canada, Quebec

\**Alopocrinus parvus* Ausich and Copper, 2010, p. 29, Pl. 6, fig. 1; Figs. 7.2-7.3.

Silurian, Llandoveryan, Becscie Formation, Fox Point Member. Canada, Quebec,  
Anticosti Island

**ALPHACRINUS** Guensburg, 2010 \**Alphacrinus mansfieldi* Guensburg, 2010

Sbc. Disparida, Incerti ordines, F. Alphacrinidae

Guensburg, 2010, p. 1213.

Named, currently recognized species based on cups or crowns: 1 Ordovician,  
Tremadocian species

Ordovician, middle Tremadocian (early Ibexian). United States, Utah

\**Alphacrinus mansfieldi* Guensburg, 2010, p. 1215, Figs. 2-4.

Ordovician, middle Tremadocian, (early Ibexian), lower part of Fillmore Formation.  
United States, Utah, Millard County

**ALSOPOCRINUS** Tansey, 1924 = **LECANOCRINUS**

*Alsopocrinus anna* Tansey, 1924 = *Lecanocrinus anna*

Amabilicrinidae indeterminate Webster, Maples, and Yazdi, 2007, p. 1111, Fig. 3, nos.  
9-11.

Mississippian, late Tournaisian, Mobarak Formation. Northern Iran

*Amabilicrinid?* indeterminate Webster et al., 2003, p. 24, Fig. 12.1.

Mississippian, Tournaisian, Sardar Formation. Iran, Kerman Province

**AMABILICRINUS** Webster et al., 2003. \**Amabilicrinus iranensis* Webster et al., 2003.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Glossocrinoidea, F.

Amabilicrinidae

Webster et al., 2003, p. 17, Fig. 10.1.

Named, currently recognized species based on cups or crowns: 3 Mississippian,  
Tournaisian species

Mississippian, Tournaisian. Iran, Kerman Province

*Amabilicrinus bahramensis* Webster et al., 2003, p. 19, Figs. 12.5-12.7.

Mississippian, Tournaisian, Sardar Formation. Iran, Kerman Province

\**Amabilicrinus iranensis* Webster et al., 2003, p. 18, Figs. 10.2, 11.5-11.7.

Mississippian, Tournaisian, Sardar Formation. Iran, Kerman Province

*Amabilicrinus stellatus* Webster, Maples, and Yazdi, 2007, p. 1109, Fig. 3, no. 8.

Mississippian, Tournaisian, Mobarak Formation. Northern Iran

**AMADEUSICRINUS** Waters et al., 2003. \**Pachylocrinus subpentagonalis* Lane,  
Waters, and Maples, 1997.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F.  
Sostronocrinidae

Named, currently recognized species based on cups or crowns: 1 Devonian,  
Famennian species

Devonian, Famennian. China, Xinjiang

\**Amadeusicrinus subpentagonalis* (Lane, Waters, and Maples, 1997). Waters et al.,  
2003, p. 945, Figs. 11, nos. 6-8; 13, nos. 12, 14. Webster and Waters, 2009, p.  
280, Fig. 5, nos. N-P.

?*Pachylocrinus subpentagonalis* Lane, Waters, and Maples, 1997, p. 32, Figs. 11.7-  
11.10, 11.12, 12.7-12.11. Waters et al., 2003, p. 945.

Devonian, Famennian, Hongguleleng Formation, lower member, marly beds. China,  
Xinjiang-Uygur Autonomous Region

**AMBICOCRINUS** Kirk, 1945. \**Thysanocrinus arborescens* Talbot, 1905.

Sbc. Camerata, O. Diplobathrida, Spf. Dimerocrinitoidea, F. Dimerocrinitidae

Kirk, 1945a, p. 353. Ubaghs, 1953, p. 737. Webster, 1973, p. 48. Ubaghs *in* Moore  
and Teichert, 1978, p. T434. Webster, 1986, p. 54. Hauser, 2001, p. 68, Fig. 53.

Named, currently recognized species based on cups or crowns: 1 Late Silurian or  
Early Devonian species

Late Silurian?, Early Devonian: United States, New York

\**Ambicocrinus arborescens* (Talbot, 1905). Kirk, 1945a, p. 353. Webster, 1973, p. 48. Ubaghs *in* Moore and Teichert, 1978, p. T434, Fig. 243, no. 2. Webster, 1986, p. 54. Hauser, 2001, p. 68, Fig. 52.

*Thysanocrinus arborescens* Talbot, 1905, p. 23, Pl. 1, fig. 2; Fig. 1. Bassler, 1915, p. 438. Bassler and Moodey, 1943, p. 424.

Mississippian, Tournaisian – Serpukhovian (Kinderhookian – Chesterian). United States

Mississippian, Viséan. United Kingdom, Scotland

*Aphelecrinus angustatus* (Wright, 1934). Kammer and Ausich, 2007c, p. 145, unfig.

*Abrotocrinus angustatus* Wright, J., 1934, p. 250, Pl. 13, figs. 4-6; Figs. 22-24.

Wright, 1939, p. 37, Pls. 7, fig. 5; 8, figs. 2, 8-10; Figs. 43-45. Bassler and Moodey, 1943, p. 262. Wright, J., 1951b, p. 69, Pl. 31, figs. 3, 6-9; Figs. 34-36. Webster, 1973, p. 32. Kammer and Ausich, 2007c, p. 145, unfig.

*Abrotocrinus angustus* Wright, 1934. Kammer and Ausich, 2007c, p. 145.

Mississippian, Viséan, shales above Ardross Limestone, Calciferous Sandstone. United Kingdom, Scotland

*Aphelecrinus bayensis* (Meek and Worthen, 1865). Kirk, 1944c, p. 192. Horowitz,

1965, p. 24, Pl. 2, figs. 3-4. Broadhead and Bagby, 1972, p. 29, Pl. 1, figs. 5-6.

Webster, 1973, p. 55. Webster, 1977, p. 40. Burdick and Strimple, 1983a, p. 97, Pl. 13, figs. 6-8. Webster, 1988, p. 37.

*Poteriocrinus (Scaphiocrinus) bayensis* Meek and Worthen, 1865c, p. 157.

Shumard, 1868, p. 391. Meek and Worthen, 1873, p. 550, Pl. 20, fig. 2. Weller, S., 1898c, p. 213. Bassler and Moodey, 1943, p. 405. Kirk, 1944c, p. 192. Webster, 1973, p. 55.

*Poteriocrinus bayensis* Meek and Worthen, 1865. Miller, S. A., 1889, p. 273.

*Scaphiocrinus bayensis* (Meek and Worthen, 1865). Miller, S. A., 1889, p. 279.

Weller, S., 1898c, p. 213.

*Decadocrinus bayensis* (Meek and Worthen, 1865). Wachsmuth and Springer,

1880 (1879), p. 119 (342). Weller, S., 1898c, p. 213. Bassler and Moodey, 1943, p. 405.

Mississippian, Serpukhovian (Chesterian), Floyd Shale; Bangor Limestone; Glen Dean Limestone. United States, Georgia, Alabama, Illinois

?*Aphelecrinus bayensis* (Meek and Worthen, 1865) Horowitz, 1965 = *Aphelecrinus randolphensis*

- Aphelecrinus columbiensis* (Worthen, 1882). Burdick and Strimple, 1983a, p. 99, Pl. 18, fig. 7. Webster, 1988, p. 37.
- Poteriocrinus columbiensis* Worthen, 1882, p. 221. Worthen, 1883, p. 293, Pl. 29, fig. 6. Miller, S. A., 1889, p. 273. Weller, S., 1898c, p. 213. Bassler and Moodey, 1943, p. 605. Burdick and Strimple, 1983a, p. 99. Webster, 1988, p. 37.
- Decadocrinus columbiensis* (Worthen, 1882). Wachsmuth and Springer, 1886, p. 239 (165). Weller, S., 1898c, p. 213. Bassler and Moodey, 1943, p. 605. Burdick and Strimple, 1983a, p. 99. Webster, 1988, p. 37.
- Phacelocrinus columbiensis* (Worthen, 1882). Kirk, 1940c, p. 329. Bassler and Moodey, 1943, p. 605. Burdick and Strimple, 1983a, p. 99. Webster, 1988, p. 37.
- Mississippian, Viséan - Serpukhovian (Chesterian), Monteagle Limestone, Paint Creek Limestone. United States, Alabama, Illinois
- Aphelecrinus crassus* Kirk, 1944c, p. 192, Pl. 1, fig. 11. Webster, 1973, p. 55. Mississippian, Serpukhovian (Chesterian). United States, Illinois
- Aphelecrinus crineus* (Hall, 1863). Strimple, 1967, p. 81. Webster, 1973, p. 55. Webster, 1986, p. 62.
- Poteriocrinus crineus* Hall, 1863b, p. 56. Hall, 1864a, p. 56. Shumard, 1868, p. 391. Hall and Whitfield, 1875c, p. 172, Pl. 12, figs. 6-7. Miller, S. A., 1889, p. 274. Miller, S. A., 1897, p. 751. Weller, S., 1898c, p. 542. Bassler and Moodey, 1943, p. 373. Webster, 1973, p. 55.
- Poteriocrinus (Scaphiocrinus) crineus* Hall, 1863. Wachsmuth and Springer, 1880, p. 112 (335). Bassler and Moodey, 1943, p. 373.
- Cosmetocrinus crineus* (Hall, 1863). Kirk, 1941b, p. 87. Bassler and Moodey, 1943, p. 373.
- Scaphiocrinus crineus* (Hall, 1864). Weller, S., 1898c, p. 542. Grabau and Shimer, 1910, p. 509, Fig. 1824, nos. a-b. Wolf, 1979, p. 150, Fig. 1, no. b. Webster, 1986, p. 62.
- Poteriocrinites crineus* (Hall, 1864). Lesley, 1889, p. 741, Figs. 6-7. Mississippian, Tournaisian (Kinderhookian), Cuyahoga Formation. United States, Ohio
- Aphelecrinus delicatus* (Meek and Worthen, 1870). Strimple, 1967, p. 81. Webster, 1973, p. 55.
- Poteriocrinites (Graphiocrinus; Scaphiocrinus) delicatus* Meek and Worthen, 1870a, p. 144. Bassler and Moodey, 1943, p. 373.
- Poteriocrinites (Scaphiocrinus) delicatus* Meek and Worthen, 1870. Meek and Worthen, 1873, p. 407, Pl. 1, fig. 5. Bassler and Moodey, 1943, p. 373.
- Scaphiocrinus delicatus* (Meek and Worthen, 1870). Miller, S. A., 1889, p. 279. Weller, S., 1898c, p. 542.
- Cosmetocrinus delicatus* (Meek and Worthen, 1870). Kirk, 1941b, p. 87. Bassler and Moodey, 1943, p. 373.

*Poteriocrinus (Graphiocrinus; Scaphiocrinus) delicatus* Meek and Worthen, 1870.  
Webster, 1973, p. 55.  
Mississippian, Viséan (Osagean), lower and upper parts of Burlington Limestone.  
United States, Iowa

*Aphelecrinus dilatatus* Wright, J., 1945, p. 117, Pl. 2, figs. 5-15. Moore, 1948, p. 390,  
Fig. 11. Wright, J., 1951a, p. 45, Pl. 12, figs. 5-6, 9-13, 26, 30, 35, 37. Webster,  
1973, p. 55.  
Mississippian, Viséan, Lower Limestone Group. United Kingdom, Scotland

*Aphelecrinus dunlopi* Wright, 1936 = *Cosmetocrinus dunlopi*

\**Aphelecrinus elegans* Kirk, 1944c, p. 194, Pl. 1, figs. 6-8. Webster, 1973, p. 55. Moore  
and Strimple in Moore and Teichert, 1978, p. T653, Fig. 428, no. 2. Burdick and  
Strimple, 1983a, p. 100, Pl. 18, fig. 10. Webster, 1986, p. 62. Webster, 1988, p.  
37.

Mississippian, Viséan - Serpukhovian (Meramecian), Ste. Genevieve Limestone,  
Monteagle Limestone. United States, Alabama

*Aphelecrinus elegantulus* (Wachsmuth and Springer in Miller, 1889). Strimple, 1967,  
p. 81. Webster, 1973, p. 55. Ausich in Hess et al., 1999 p. 135, Fig. 142, no.  
D.

*Scaphiocrinus elegantulus* Wachsmuth and Springer in Miller, S. A. 1889, p. 279,  
Fig. 424. Wachsmuth and Springer, 1890a, p. 195, Pl. 17, fig. 13. Weller, S.,  
1898c, p. 543. Bassler and Moodey, 1943, p. 373. Webster, 1973, p. 55.

*Cosmetocrinus elegantulus* (Wachsmuth and Springer, 1889). Kirk, 1941b, p. 87.  
Bassler and Moodey, 1943, p. 373. Moore and Laudon, 1944, p. 159, Pl. 58,  
figs. 6, 21. Webster, 1973, p. 85.

*Poteriocrinus legrandensis* Miller and Gurley, 1890b, p. 39, Pl. 7, figs. 4-6. Miller and  
Gurley, 1891, p. 357, Pl. 7, fig. 4-5 (authors' ed., p. 39). Miller, S. A., 1892a, p.  
681. Weller, S., 1898c, p. 475. Bassler and Moodey, 1943, p. 373.

*Pachylocrinus legrandensis* (Miller and Gurley, 1890). Laudon and Beane, 1937,  
p. 256, Pl. 18, fig. 3. Bassler and Moodey, 1943, p. 373.

*Amphielecrinus elegantatus* (Wachsmuth and Springer in Miller, 1889). Laudon  
and Severson, 1953, p. 520.

Mississippian, Tournaisian (Kinderhookian), Hampton Formation, Maynes Creek  
Member. United States, Iowa

*Aphelecrinus exoticus* Strimple, 1951g, p. 292, Fig. 5. Webster, 1973, p. 55.  
Mississippian, Serpukhovian (Chesterian), Fayetteville Formation. United States,  
Oklahoma

*Aphelecrinus extensus* (Wright, 1951). Ausich and Kammer, 2006, p. 104.  
*Cosmetocrinus extensus* Wright, 1951. Ausich and Kammer, 2006, p. 104.  
Mississippian, Tournaisian. United Kingdom

*Aphelecrinus greenhillensis* Wright, J., 1951b, p. 47, Pl. 30, fig. 1. Webster, 1973, p.  
55.

Mississippian, Viséan. United Kingdom, Scotland

*Aphelecrinus limatus* Kirk, 1944 = *Aphelecrinus randolphensis*

*Aphelecrinus madisonensis* Laudon and Severson, 1953 = *Paracosmetocrinus madisonensis*

*Aphelecrinus meeki* (Kirk, 1941). Strimple, 1967, p. 81. Webster, 1973, p. 55.  
*Cosmetocrinus meeki* Kirk, 1941b, p. 88. Bassler and Moodey, 1943, p. 374.  
 Laudon and Severson, 1953, p. 521. Webster, 1973, p. 55.  
*Amphielecrinus meeki* (Kirk, 1941). Laudon and Severson, 1953, p. 521.  
*Poteriocrinites (Graphiocrinus; Scaphiocrinus) nanus* Meek and Worthen (*non* Roemer), 1870a, p. 141. Bassler and Moodey, 1943, p. 374. Moore and Laudon, 1944, p. 159, Pl. 58, fig. 15. Webster, 1973, p. 85.  
*Poteriocrinites (Scaphiocrinus) nanus* Meek and Worthen, 1873, p. 425, Pl. 1, fig. 8. Bassler and Moodey, 1943, p. 374.  
*Scaphiocrinus nanus* (Meek and Worthen, 1870). Miller, S. A., 1889, p. 280. Weller, S., 1898c, p. 546.  
*Cosmetocrinus nanus* (Meek and Worthen, 1870). Bassler and Moodey, 1943, p. 374.  
 Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa

*Aphelecrinus montanaensis* Webster and Waters, 2005, p. 28, Figs. 2.12-2.13.  
 Mississippian, Viséan (early Chesterian), Otter Formation. United States, Montana

*Aphelecrinus mundus* Kirk, 1944 = *Aphelecrinus randolphensis*

*Aphelecrinus okawensis* (Worthen, 1882). Kirk, 1944c, p. 198. Webster, 1973, p. 55.  
*Poteriocrinus okawensis* Worthen, 1882, p. 24. Worthen, 1883, p. 296, Pl. 29, fig. 2. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 546. Bassler and Moodey, 1943, p. 583. Kirk, 1944c, p. 198. Webster, 1973, p. 55.

Ordovician, Katian (Champlainian), Cobourg Limestone. Canada, Ontario

*Archaeocrinus parvus* Miller and Gurley, 1894 = *Diaboloocrinus vesperalis*

*Archaeocrinus peculiaris* Miller and Gurley, 1894b, p. 17, Pl. 2, figs. 1-3. Miller, S. A., 1897, p. 734, Fig. 1299-1300. Bassler, 1915, p. 60. Bassler and Moodey, 1943, p. 309. Brower and Veinus, 1974, p. 67, Pl. 9, figs. 2-8. Webster, 1986, p. 65.

Ordovician, Sandbian (Chazyan), Heiskell Shale, Benbolt Formation; Lincolnshire

Formation, Hogskin Member; Ottosee Shale or Sevier Shale. United States, Virginia, Tennessee

*Archaeocrinus pyriformis* (Billings, 1857) = \**Neoarchaeocrinus pyriformis*

*Archaeocrinus? ramulosus* Wachsmuth and Springer, 1883 = *Glyptocrinus ramulosus*

*Archaeocrinus sculptus* (Miller, 1882) = *Diaboloocrinus vesperalis*

*Archaeocrinus snyderi* Guensburg, 1984, p. 36, Pls. 5, figs. 7-11, 14-17, 19; 6, figs. 3, 5-6. Webster, 1988, p. 39. Guensburg, 1992a, p. 140, Figs. 8, no. 4; 9, nos. 1-7; 14 (diagramatic).

Ordovician, Sandbian, Lebanon Limestone. United States, Tennessee

*Archaeocrinus subovalis* Strimple, 1953a, p. 606, Figs. 1-7. Strimple, 1963d, p. 70, Fig. 19, no. d. Webster, 1973, p. 58. Kolata, 1982, p. 183, Pls. 17, figs. 12-14; 18, figs. 1-3. Webster, 1988, p. 39.

Ordovician, Sandbian, Bromide Formation, Pooleville Member. United States, Oklahoma

*Archaeocrinus* spp.

Philip, 1965, p. 767, Fig. 1, no. f. Webster, 1973, p. 58.

Ordovician

Kolata, 1982, p. 185, Pl. 17, figs. 15-16. Webster, 1988, p. 39.

Ordovician, Sandbian, Bromide Formation, Mountain Lake Member. United States, Oklahoma

Guensburg, 1995, p. 77, Fig. 5.

Ordovician

Guensburg et al, 2010, 435, Fig. 5, no. D.

Age not given

**ARCHAEOISOCRINUS** Webster and Jell, 1999. \**Archaeoisocrinus occiduaustralis* Webster and Jell, 1999.

Sbc. Cladida, Inf. Articulata, O. Isocrinida, F. Isocrinidae

Webster and Jell, 1999b, p. 334.

Named, currently recognized species based on cups or crowns: 1 Permian, Artinskian species

Permian, Artinskian. Australia, Western Australia

\**Archaeoisocrinus occiduaustralis* Webster and Jell, 1999b, p. 335, Figs. 35, nos. A-D; 36.

Permian, Artinskian, Cundlego Sandstone. Australia, Western Australia

**ARCHAETAXOCRINUS** Lewis, 1981. \**A. burfordi* Lewis, 1981.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Dendrocrinoidea, F. Colpodecrinidae

Lewis, R. D., 1981, p. 233. Webster, 1988, p. 39. Ausich, 1998b, p. 34.

Named, currently recognized species based on cups or crowns: 2 Ordovician

species, 1 Darriwilian, 1 Dapingian  
Ordovician, Dapingian – Darriwilian (Whiterockian). United States, Utah, Oklahoma

\**Archaetaxocrinus burfordi* Lewis, R. D., 1981, p. 233, Pl. 1, figs. 1-8; Figs. 1-2.  
Webster, 1988, p. 39.  
Ordovician, Darriwilian (Whiterockian), Oil Creek Formation. United States,  
Oklahoma

*Archaetaxocrinus lanei* Lewis, R. D., 1981, p. 236, Pl. 1, Figs. 9-10. Webster, 1988, p.  
39.

*Cupulocrinus* sp. A Lane, N. G., 1970 a, p. 7, Pl. 1, fig. 9; Fig. 2, no. D. Webster,  
1977, p. 62. Lewis, R. D., 1981, p. 236. Webster, 1988, p. 39.  
Ordovician, Dapingian (Llanvirnian), Whiterockian, Kanosh Shale. United States,  
Utah

**ARCOBRACHIOLA** Termier and Termier, 1974. *Nomen vetitum*.

Termier, H. and Termier, G., 1974, p. 31. Jeffords *in* Moore and Teichert, 1978, p.  
T937. Webster, 1986, p. 65.  
Devonian, Couvinian - Givetian. Morocco

*Arcobrachiola* sp. 1. Termier, H. and Termier, G., 1974, p. 31, Pl. 4, figs. 9-10.  
Webster, 1986, p. 65.  
Devonian, Couvinian - Givetian. Morocco

**ARISTOCRINUS** Rowley, 1895 = **DACTYLOCRINUS**

*Aristocrinus concavus* (Rowley, 1893) = *Dactylocrinus concavus*

**ARKACRINUS** Knapp, 1969. \**Delocrinus dubius* Mather, 1915.

Sbc. Cladida, O. Dendrocinida, Spf. Cromyocrinoidea, F. Phanocrinidae  
Knapp, 1969, p. 357, Fig. 3. Moore and Strimple, 1973, p. 63. Webster, 1977, p.  
43. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T711. Webster,  
1986, p. 65. Webster, 1993, p. 27.

Named, currently recognized species based on cups or crowns: 2 Pennsylvanian,  
Morrowan species

Pennsylvanian, Morrowan. United States, Oklahoma, Arkansas

*Arkacrinus constrictus* Moore and Strimple, 1973, p. 63, Pl. 15, figs. 1a-d. Webster,  
1977, p. 43.

Pennsylvanian, Morrowan, Brentwood Member. United States, Oklahoma

\**Arkacrinus dubius* (Mather, 1915). Knapp, 1969, p. 357, Fig. 11. Moore and Strimple,  
1973, p. 63. Webster, 1977, p. 43. Moore, Strimple, and Lane *in* Moore and  
Teichert, 1978, p. T711, Fig. 468, no. 1. Webster, 1986, p. 65.

*Delocrinus dubius* Mather, 1915, p. 105, Pl. 3, figs. 7-7b; Fig. 2 (?crinoid plates, p.  
109, Pl. 2, figs. 4-4a). Croneis, 1930, p. 85, Pl. 21, figs. 21-22. Bassler and  
Moodey, 1943, p. 587. Knapp, 1969, p. 357. Webster, 1973, p. 192. Webster,  
1977, p. 43.

*Paradelocrinus dubius* (Mather, 1915). Moore and Plummer, 1938, p. 297, Pl. 13, figs. 2a-2c; Fig. 36. Bassler and Moodey, 1943, p. 587. Moore and Laudon, 1944, p. 173, Pls. 62, fig. 31; 65, fig. 21. Strimple, 1960b, p. 154, Fig. 2, no. H. Webster, 1973, p. 192.

Pennsylvanian, Morrowan, Morrow Formation, Brentwood Member. United States, Oklahoma, Arkansas

*Arkacrinus?* sp. indet. Hashimoto, 1984, p. 20, Pl. 9, figs. 1a-1c; Fig. 6, nos. 4a-4b. Webster, 1993, p. 27.

Pennsylvanian, Akiyoshi Limestone Group, *Fusulinella biconica* Biozone. Japan

Arm branching patterns Jaekel, 1897, p. 45, Figs. a-c (diagramatic).

Palaeozoic

Arm fragment Yeltyschewa and Schewtschenko, 1960, Pl. 1, fig. 11. Webster, 1973, p. 271.

Mississippian. Russia, Tien-Shan Mountains

Arm of a Pennsylvanian crinoid Welch, 1976, p. 224, Fig. 2. Webster, 1986, p. 322.

Pennsylvanian, Missourian, Seminole Formation. United States, Oklahoma

Arm of an Upper Pennsylvanian crinoid Lane *in* Moore and Teichert, 1978, p. T347, Fig. 218, no. 3. Webster, 1986, p. 322.

Pennsylvanian, Missourian, Seminole Formation. United States, Oklahoma

Armbundel von Crinoide sp. indet. Hauser, 1999, Pl. 17, fig. 1.

Devonian, Frasnian (F2i) Neuville Formation. Ardenne

**ARMENOCRINUS** Strimple and Horowitz, 1971. \**A. watersi* Strimple and Horowitz, 1971.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F. uncertain, related to blothrocrinids

Strimple and Horowitz, 1971, p. 23. Webster, 1977, p. 43. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T674. Burdick and Strimple, 1983a, p. 142. Webster, 1986, p. 65. Lane and Sevastopulo, 1990, p. 336. Kammer and Ausich, 1992, p. 478. Webster, 1993, p. 27.

Named, currently recognized species based on cups or crowns: 3 Mississippian species, 2 Viséan, 1 Serpukhovian

Mississippian, Viséan – Serpukhovian (Osagean – Meramecian). United States, Indiana, Alabama

*Armenocrinus collinsi* Strimple and Horowitz, 1971 = *Ampelocrinus collinsi*

*Armenocrinus neglectus* (Miller and Gurley, 1896). Strimple and Horowitz, 1971, p. 26, Fig. 9, nos. 1-2. Webster, 1977, p. 43. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T674, Fig. 445, nos. 1b-1c. Webster, 1986, p. 66. Kammer and Ausich, 1992, p. 478.

- Barycrinus neglectus* Miller and Gurley, 1896b, p. 28, Pl. 2, figs. 10-12. Miller, S. A., 1897, p. 735. Weller, S., 1898c, p. 120. Bassler and Moodey, 1943, p. 318. Strimple and Horowitz, 1971, p. 26. Webster, 1977, p. 43.
- Barycrinus? neglectus* Miller and Gurley, 1896. Van Sant *in* Van Sant and Lane, 1964, p. 74. Webster, 1973, p. 63. Kammer and Ausich, 1992, p. 478. Mississippian, Viséan (late Osagean), Edwardsville Formation, Ramp Creek Formation. United States, Indiana, *non* Iowa
- Armenocrinus tenuidactylus* (Worthen, 1882). Kammer and Ausich, 1992, p. 478, Figs. 3.4, 7.
- Poteriocrinus tenuidactylus* Worthen, 1882 (non Meek and Worthen, 1865), p. 6 (part). Worthen, 1883, p. 271, Pl. 28, fig. 13. Bassler and Moodey, 1943, p. 583. Kammer and Ausich, 1992, p. 478.
- Scaphiocrinus obscurus* Wachsmuth and Springer, 1886, p. 236 (160). Miller, S. A., 1889, p. 280. Weller, S., 1898c, p. 546. Bassler and Moodey, 1943, p. 583. Kammer and Ausich, 1992, p. 478.
- Pachylocrinus obscurus* (Wachsmuth and Springer, 1886). Bassler and Moodey, 1943, p. 583. Kammer and Ausich, 1992, p. 478. Mississippian, Viséan (late Osagean), lower part of the Warsaw Formation. United States, Iowa

- Platycrinus eboraceus* Hall, 1862a, p. 119. Hall, 1862b, p. 119. Bassler and Moodey, 1943, p. 310.
- Devonian, Givetian, Hamilton, Moscow Shale, Centerfield Limestone. United States, New York

*Arthroacantha eupelmatus* Schmidt, W. E., 1915, p. 123, Fig. 2. Bassler and Moodey, 1943, p. 310.

*Castrocrinus eupelmatus* (Schmidt, 1915). Bassler and Moodey, 1943, p. 310.

**Note.** Bassler and Moodey assigned *Arthroacantha eupelmatus* to *Castrocrinus*. At the same time they considered *Castrocrinus* to be a junior synonymy of *Cremacrinus*. *Arthroacantha eupelmatus* is not a cremacrinid and I am leaving the taxon in *Arthroacantha* pending further investigation. GDW, 2011.  
Devonian, early Emsian, Hunsrückschiefer. Germany

*Arthroacantha eupelmatus* Schmidt, 1915 = *Gastrocrinus eupelmatus*

*Arthroacantha giltayi* Maillieux, 1939, p. 2 (*nomen nudum*). Maillieux, 1940, p. 17, Pl. 1, figs. 1-20. Hauser, 1999, p. 99, Pl. 26, fig. 1. Hauser, 2003, p. 15, Figs. 7-8.  
Devonian, Eifelian, *Spirifer bisinus* Shales; Frasnian (F2b, F2f). Belgium, Ardenne

*Arthroacantha granosa* (Goldring, 1923). Bassler and Moodey, 1943, p. 310.

*Arthroacantha granosa* Goldring, 1923, p. 298, Pl. 37, figs. 12-15. Bassler and Moodey, 1943, p. 310.

Devonian, Frasnian, Grimes Sandstone. United States, New York

*Arthroacantha heinorum* Hauser, 2000, p. 54, Fig. top p. 57. Hauser, 2001, p. 21, 47, Pl. 15, fig. 2. Hauser, 2003, p. 16, Fig. 9.

Devonian, Eifelian or Givetian, Boundary Ahbach/Loogh Formations, ?Zerberus-Wotan Members. Belgium, Eifel

*Arthroacantha hystrix* Phillips, 1841 = *Adelocrinus hystrix*

\**Arthroacantha ithacensis* (Williams, 1883). Miller, S. A., 1889, p. 225. Bassler, 1938, p. 45. Bassler and Moodey, 1943, p. 310. Ubaghs in Moore and Teichert, 1978, p. T475, Fig. 279, no. 4a. Webster, 1986, p. 68. Hauser, 2003, p. 16, Fig. 10. Hauser, 2008, p. 34, Fig. 77.

*Arthroacantha ithacensis* Williams, H. S., 1883, p. 83. Wachsmuth and Springer, 1897, p. 747, Pl. 76, figs. 1a-1c. Goldring, 1923, p. 292, Pl. 37, figs. 6-8. Moore, 1939b, p. 199, Fig. 8, nos. 9a-9b (basal circlet). Bassler and Moodey, 1943, p. 310.

Devonian, Givetian – Frasnian, Portage Formation, Moscow Shale, Ithaca Shale. United States, New York

*Arthroacantha mamelonifera* (Thomas, 1924). Bassler and Moodey, 1943, p. 310.

*Arthroacantha mamelonifera* Thomas, A. O., 1924, p. 463, Pl. 42, figs. 14-18.

Bassler and Moodey, 1943, p. 310. Hauser, 2003, p. 16, fig. 11.

Devonian, Frasnian, Independence Shale. United States, Iowa

*Arthroacantha monospinatus* Hauser, 2003, p. 15, Pl. 7, figs. 1-2.

Devonian, Frasnian, Neuville Formation. Belgium

*Arthroacantha ornata* Schmidt; Hauser, 2003 = *Platyhexacrinus ornatus*

*Arthroacantha? ornata* Schmidt, 1915 = *Platyhexacrinus ornatus*

*Arthroacantha prescheri* (Hauser, 2001).

*Hexacrinites prescheri* Hauser, 2001, p. 20, 37, P. 8, fig. 2. Bohatý, 2010, p. 28.

**Note.** Bohatý, 2010, p. 28, assigned *H. prescheri* to *Arthroacantha* sp. Because the species was named it is herein applied. GDW 2010.

Devonian, Eifelian or Givetian, Boundary Ahbach-Loogh Formations, ?Zerberus-Wotan Member. Germany

*Arthroacantha punctobrachiata* (Hall, 1872). Miller, S. A., 1889, p. 225. Bassler and Moodey, 1943, p. 310. Moore and Laudon, 1943b, p. 141, Pl. 12, fig. 12. Moore and Laudon, 1944, p. 1978, Pl. 78, fig. 9. Webster, 1973, p. 58. Hauser, 2003, p. 16, Fig. 13 (misspelled as *Arthroacantha pukctobrachiata*).

*Platycrinus? punctobrachiatus* Hall, 1872c, Pl. 1, fig. 15. Bassler and Moodey, 1943, p. 310.

*Arthracantha punctobrachiata* (Hall, 1872). Clarke, 1909b, Pl. 6, fig. 5. Grabau and Shimer, 1910, p. 520, Fig. 1844. Goldring, 1923, p. 285, Pl. 37, fig. 5. Bassler and Moodey, 1943, p. 310.

*Hystricrinus punctobrachiatus* (Hall, 1872). Clarke, 1921b, p. 71, Fig. 57.

Devonian, Givetian (Erian), Ludlowville Shale, Arkona Shale. Canada, Ontario; United States, New York

*Arthroacantha punctobrachiata* Whiteaves, 1889 = *Arthroacantha carpenteri*

*Arthroacantha* sp. cf. *A. punctobrachiata* (Hall, 1872). Pabian and Strimple, 1976a, p. 761, Fig. 1, no. E (given as *Arthroacantha punctobrachiata* in figure explanation). Webster, 1986, p. 67.

Devonian, Eifelian, Marcellus Shale. United States, Maryland

*Arthroacantha renaudae* Le Menn, 1985, p. 57, Pl. 11, figs. 1-2; Figs. 2, nos. E-F; 82, no. B. Webster, 1988, p. 40. Hauser, 2000, p. 55, Fig. middle p. 57; 2001, p. 21, 48, Pl. 15, fig. 4; 2003, p. 16, Figs. 13-15.

Devonian, late Emsian, Beg an Arreun Limestone. France, Armorican Massif

*Arthroacantha schwerdii* (Follmann, 1901). Schmidt, W. E., 1915, p. 124. Schmidt, W. E., 1942, p. 50, Fig. 9. Bassler and Moodey, 1943, p. 311. Webster, 1973, p. 58. Webster, 1986, p. 68.

*Hystricrinus schwerdii* Follmann, 1901, p. 666, Pl. 1. Bassler and Moodey, 1943, p. 311.

Devonian, Emsian, Laubach Beds. Germany

*Arthroacantha similis* (Goldring in Cooper and Williams, 1935). Bassler and Moodey, 1943, p. 311.

*Arthracantha similis* Goldring in Cooper and Williams, 1935, p. 835, Pl. 58, fig. 18. Bassler and Moodey, 1943, p. 311.

Devonian, Givetian, Tully Limestone, Westbrook Member. United States, New York

- Arthroacantha splendens* (Goldring, 1923). Bassler and Moodey, 1943, p. 311. Moore and Laudon, 1944, p. 197, Pl. 78, fig. 10. Webster, 1973, p. 58.

Non *Atelestocrinus* Ausich and Lane, 1982. Webster et al., 2003, p. 11.

Named, currently recognized species based on cups or crowns: 8 species. 4

Devonian, 4 Givetian; 4 Mississippian, Viséan

Middle Devonian. North America, Michigan; Canada, Ontario

Mississippian, Viséan (Osagean); Viséan. United States, Ireland

Mississippian, Viséan. Ireland

*Atelestocrinus campanulatus* (Kirk, 1948). New combination

*Atractocrinus campanulatus* Kirk, 1948, p. 703, Pl. 1, figs. 2-3. Webster, 1973, p. 60. Webster et al., 2003, p. 11.

*Bactrocrinites campanulatus* Kirk, 1948. Hauser, 2007, p. 34, unnumbered fig. (incorrectly considered synonym of *B. depressus* GDW, 2010).

Devonian, Givetian (Erian), Traverse Group, Thunder Bay Limestone. United States, Michigan

*Atelestocrinus concinnus* (Kirk, 1948). New combination

*Atractocrinus concinnus* Kirk, 1948, p. 704, Pl. 1, figs. 7-11. Webster, 1973, p. 60.  
Moore and Lane *in* Moore and Teichert, 1978, p. T608, Fig. 396, no. 1.  
Webster, 1986, p. 71. Webster et al., 2003, p. 11.

*Bactrocrinites concinnus* Kirk, 1948. Hauser, 2007, p. 35, unnumbered fig.  
(incorrectly considered synonym of *B. fusiformis* GDW, 2010).  
Devonian, Givetian (Erian), Arkona Shale. Canada, Ontario

*Atelestocrinus curtus* (Kirk, 1948). New combination

*Atractocrinus curtus* Kirk, 1948, p. 705, Pl. 1, figs. 4-5. Webster, 1973, p. 60.  
Webster et al., 2003, p. 11.

*Bactrocrinites curtus* Kirk, 1948. Hauser, 2007, p. 38, 2 unnumbered figs.  
(incorrectly considered synonym of *B. onondagensis* GDW, 2010).

Devonian, Givetian, (Erian), Traverse Group, Norway Point Formation. United States, Michigan

\**Atelestocrinus delicatus* (Wachsmuth and Springer, 1886). Miller, S. A., 1889, p. 226.

Weller, S., 1898c, p. 101. Bassler, 1938, p. 48. Bassler and Moodey, 1943, p. 314. Ausich and Lane, 1982b, p. 1350. Webster, 1988, p. 40. Kammer and Gahn, 2003a, p. 123, Fig. 1.3 (misspelled as *A. delicates* p. 123).

*Attelesocrinus delicatus* Wachsmuth and Springer, 1886, p. 223 (147).

Mississippian, Viséan (early Osagean), lower part of Burlington Limestone. United States, Iowa

*Atelestocrinus kentuckyensis* Lee, Ausich, and Kammer, 2005, p. 349, Figs. 1.11-1.13.  
Mississippian, Viséan (middle Osagean), Nada Member, Borden Formation. United States, Kentucky

*Atelestocrinus indianensis* Ausich and Lane, 1982b, p. 1350, Pl. 1, figs. 5, 9, 13; Fig. 2. Webster, 1988, p. 40. Kammer and Ausich, 1996, p. 838.

Mississippian, Viséan (early Osagean), Edwardsville Formation. United States, Indiana

*Atelestocrinus robustus* Wachsmuth and Springer, 1885, p. 362, Pls. 6, fig. 4; 9, fig. 4.

Wachsmuth and Springer, 1886, p. 223 (147). Miller, S. A., 1889, p. 226.

Weller, S., 1898c, p. 101. Moore and Lane *in* Moore and Teichert, 1978, p.

T621, Fig. 404, no. 2. Ausich and Lane, 1982b, p. 1350. Webster, 1986, p. 69.

Webster, 1988, p. 40. Kammer and Ausich, 1996, p. 838.

*Atelestocrinus robustus* (Wachsmuth and Springer, 1886). Bassler and Moodey, 1943, p. 314. Kammer and Gahn, 2003a, p. 122, Figs. 1.1-1.2.

Mississippian, Viséan (Osagean), Burlington-Keokuk transition beds, Fort Payne Chert; Keokuk Limestone, Montrose Chert Member. United States, Iowa, Tennessee

*Atelestocrinus tenuis* (Kirk, 1948). New combination

*Atractocrinus tenuis* Kirk, 1948, p. 707, Pl. 1, fig. 1. Webster, 1973, p. 60. Webster et al., 2003, p. 11.

*Bactrocrinites tenuis* Kirk, 1948. Hauser, 2007, p. 34, Pl. 1, figs. 12, 18-19.

unnumbered fig. (incorrectly considered synonym of *B. depressus* GDW 2010).

Devonian, Givetian (Erian), Traverse Group, Alpena Limestone. United States, Michigan

*ATELESTROCRINUS* Bassler and Moodey, 1943 = ***ATELESTROCRINUS***

*Atelestrocrinus robustus* (Wachsmuth and Springer, 1886) = *Atelestrocrinus robustus*

***ATHABASCACRINUS*** Laudon, Parks, and Spreng, 1952. \**A. colemanensis*  
Laudon, Parks, and Spreng, 1952.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Periechocrinidae

Laudon, Parks, and Spreng, 1952, p. 566. Webster, 1973, p. 60. Macurda, 1974, p. 823, Figs. 1-2. Ubaghs *in* Moore and Teichert, 1978, p. T443. Webster, 1986, p. 69. Lane and Sevastopulo, 1987, p. 200. Webster, 1993, p. 28. Laudon, Parks,

and Spreng, 1952, p. 566. Webster, 1973, p. 60. Macurda, 1974, p. 823.

***ATHABASCOCRINUS*** Waters, et al., 2003, p. 935.

Named, currently recognized species based on cups or crowns: 2 species. 1

Devonian, Famennian, 1 Mississippian, Tournaisian

Devonian, Famennian. China, Xinjiang-Uygar

Mississippian, Tournaisian (Kinderhookian). Canada, Alberta

\**Athabascacrinus colemanensis* Laudon, Parks, and Spreng, 1952, p. 567, Pls. 68, figs. 1-3; 69, figs. 16-18. Webster, 1973, p. 60. Ubaghs *in* Moore and Teichert, 1978, p. T443, Fig. 252, no. 2. Webster, 1986, p. 69.

Mississippian, Tournaisian (Kinderhookian), Banff Formation. Canada, Alberta

*Athabascacrinus orientale* (Waters et al., 2003)

*Athabascocrinus orientale* Waters et al., 2003, p. 935, Figs. 9, nos. 1-2; 10, no. 4; 12, nos. 1-4.

Devonian, Famennian, Hongguleleng Formation. China, Xinjiang-Uygar, Junggar Basin

***ATHABASCOCRINUS*** Waters, et al., 2003 = ***ATHABASCACRINUS***

*Athabascocrinus orientale* Waters et al., 2003 = *Athabascacrinus orientale*

Named, currently recognized species based on cups or crowns: 1 Mississippian, Viséan species

Mississippian, Viséan (late Osagean - early Meramecian). United States, Indiana

*Aulocrinus agassizi* Wachsmuth and Springer, 1897 = \**A. bellus*

*Aulocrinus* cf. \**A. agassizi* Wachsmuth and Springer, 1897. Branisa, 1965, Pl. 55, figs. 1-2. Webster, 1977, p. 46 (not an *Aulocrinus*, GDW).

Early Permian, Copacabana Group. Bolivia

\**Aulocrinus bellus* (Miller and Gurley, 1890). Kammer and Ausich, 1993, p. 624, Figs. 6.14-6.17.

*Scaphiocrinus bellus* Miller and Gurley, 1890b, p. 46, Pl. 8, figs. 5-7. Miller and Gurley, 1891, p. 363, Pl. 8, figs. 5-7. Miller, S. A., 1892a, p. 681. Weller, S., 1898c, p. 541. Bassler and Moodey, 1943, p. 578. Webster, 1973, p. 99. Kammer and Ausich, 1993, p. 624.

*Pachylocrinus bellus* (Miller and Gurley, 1890). Bassler and Moodey, 1943, p. 578. Kammer and Ausich, 1993, p. 624.

*Decadocrinus bellus* (Miller and Gurley, 1890). Moore and Laudon, 1944, p. 169, Pl. 64, fig. 25. Webster, 1973, p. 99. Kammer and Ausich, 1993, p. 624.

*Aulocrinus agassizi* Wachsmuth and Springer, 1897, p. 138, Pl. 7, fig. 9.

Wachsmuth

and Springer, 1900, p. 140, Pl. 16, figs. 11-12. Springer, 1926b, p. 74, Pl. 19, figs. 1-5. Bassler, 1938, p. 49. Moore, 1939b, p. 237, Fig. 12, no. 8 (portion of anal sac). Bassler and Moodey, 1943, p. 314. Moore and Laudon, 1944, p. 171, Pl. 61, fig. 14. Ubaghs, 1953, p. 686, Fig. 25. Webster, 1973, p. 61. Ubaghs *in* Moore and Teichert, 1978, p. T189, T208, Figs. 159, no. 5; 175, no. 6. Moore

and

Strimple *in* Moore and Teichert, 1978, p. T686, Fig. 452, no. 3. Webster, 1986,

p. 71. Kammer and Ausich, 1993, p. 624.

Mississippian, Viséan (late Osagean - early Meramecian), Edwardsville Formation; Harrodsburg Limestone. United States, Indiana

*Aulocrinus?* sp. Ahlfeld and Branisa, 1960, p. 104, Pl. 7, fig. 20. Webster, 1973, p. 61. (a cromyocrinid, probably *Moapacrinus* sp., GDW).

Permian, late Sakmarian, Copacabana Group. Bolivia

Cf. *Aulocrinus* or *Ramulocrinus* sp. Webster et al., 2001, p. 110, Pl. 1, fig. D.  
Mississippian, Tournaisian, Mobarak Formation. Iran, Alborz Mountains

**AULODESOCRINUS** Wright, 1942. \**A. parvus* Wright, 1942.

Sbc. Cladida, F. uncertain

Wright, J., 1942, p. 278. Arendt and Hecker, 1964, p. 88. Webster, 1973, p. 61.

Strimple *in* Moore and Teichert, 1978, p. T755. Webster, 1986, p. 71. Lane and  
Sevastopulo, 1990, p. 29. Webster, 1993, p. 29.

Named, currently recognized species based on cups or crowns: 1 Mississippian,  
Viséan species

Mississippian, Viséan. United Kingdom, Scotland

*Aulodesicrinus parvus* (Wright, J., 1942) = \**Aulodesocrinus parvus*

\**Aulodesocrinus parvus* Wright, J., 1942, p. 279, Pl. 12, figs. 1-2; Fig. 1. Wright, J.,  
1951b, p. 73, Pl. 35, figs. 11-12; Fig. 37. Webster, 1973, p. 61. Strimple *in* Moore  
and Teichert, 1978, p. T755, Fig. 503, no. 1. Webster, 1986, p. 71.

*Aulodesicrinus parvus* (Wright, J., 1942). Sieverts-Doreck, 1960, Pl. 1, fig. 11.  
Mississippian, Viséan, Lower Limestone Group. United Kingdom, Scotland

**AULOSOMPHOSTEGA** Moore, 1939. *Nomen vetitum* \**A. incisa* Moore, 1939.

Moore, 1939b, p. 238. Jeffords *in* Moore and Teichert, 1978, p. T936. (tegmen  
plates)

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian,  
Desmoinesian species

Pennsylvanian, Desmoinesian. United States, Kansas

\**Aulosomphostega incisa* Moore, 1939b, p. 238, Pl. 4, fig. 6. (portion of tegmen)

Pennsylvanian, Desmoinesian, cap rock of Mineral Coal. United States, Kansas

**AUREOCRINUS** Prokop, 1982. \**A. snajdri* Prokop, 1982.

Sbc. Disparida, F. uncertain

Prokop, 1982a, p. 187. Webster, 1988, p. 41. Webster, 1993, p. 29.

Named, currently recognized species based on cups or crowns: 1 Devonian,  
Pragian  
species

Devonian, Pragian (Dalejan). Czech Republic, Bohemia

\**Aureocrinus snajdri* Prokop, 1982a, p. 188, Pls. 1, 2; Figs. 1-2. Webster, 1988, p. 41.

Prokop and Petr, 1990, p. 46, Pl. 4, fig. 4. Webster, 1993, p. 29.

Devonian, Pragian (Dalejan), Trebotov Limestone. Czech Republic, Bohemia

**AVIADOCRINUS** Almela and Revilla, 1950 = *CUPRESSOCRINITES* =  
**HALOCRINITES**

*Aviadocrinus sampelayoi* Almela and Revilla, 1950 = *Cupressocrinites sampelayoi* =  
*Halocrinites sampelayoi*

Axillary pinnate belonging to an unknown crinoid Moore, 1939b, p. 243, Fig. 13, nos.  
11a-11b. (pinnule)  
Permian, series uncertain. Timor

Axillary spines. Branisa, 1965, Pl. 55, figs. 17-18. Webster, 1977, p. 178 (primibrach).  
Early Permian, Copacabana Group. Bolivia

**AZYGOCRINUS** Lane, 1963. \**Actinocrinus dodecadactylus* Meek and Worthen, 1861.  
Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Carpocrinoidea, F.  
Batocrinidae

Lane, N. G., 1963a, p. 698. Lane, N. G., 1963b, p. 923. Webster, 1973, p. 61.

Webster, 1977, p. 46. Haugh, 1978, p. 164, Fig. 11, no. C. Lane in Moore and  
Teichert, 1978, p. T467. Webster, 1986, p. 72. Lane and Sevastopulo, 1987, p.  
204. Webster, 1993, p. 29. Ausich and Kammer, 2010a, p. 41.

**Note.** Ausich and Kammer, 2010a, p. 41, list the age of *Azygocrinus* as Osagean  
but one species is reported from the Kinderhookian, GDW.

Named, currently recognized species based on cups or crowns: 8 Mississippian  
species, 1 Tournaisian, 7 Viséan

Mississippian, Tournaisian – Viséan (Kinderhook – Osagean). United States

*Azygocrinus andrewsianus* (McChesney, 1859 = *Abatocrinus andrewsianus*)

*Azygocrinus? calvini* (Rowley, 1890). Ausich and Kammer, 2010a, p. 41.

*Batocrinus calvini* Rowley, R. R., 1890a, p. 146, Unnum. Fig. Miller, S. A., 1892a, p.  
675. Keyes, 1894a, p. 180, Pl. 23, fig. 4. Weller, S., 1898c, p. 124. Wachsmuth  
and Springer, 1897, p. 373, Pl. 46, figs. 8a-8b. Bassler and Moodey, 1943, p.  
323. Lane, N. G., 1963a, p. 696. Webster, 1973, p. 31.

*Abatocrinus calvini* (Rowley, 1890). Lane, N. G., 1963a, p. 696. Webster, 1973, p.  
31. Ausich and Kammer, 2010a, p. 41.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States,  
Missouri

*Azygocrinus cantonensis* (Wachsmuth and Springer, 1897) = *Dizygocrinus cantonensis*

*Azygocrinus decoris* (Miller, 1892). Laudon, 1973b, p. 27, Fig. 3. Webster, 1977, p.  
46.

*Batocrinus decoris* Miller, S. A., 1892a, p. 675. Miller, S. A., 1892c, p. 671, Pl. 10,  
figs. 7-8. Weller, S., 1898c, p. 126. Bassler and Moodey, 1943, p. 429. Lane, N.  
G., 1963a, p. 695. Webster, 1973, p. 64. Webster, 1977, p. 46.

*Dizygocrinus decoris* (Miller, 1892). Wachsmuth and Springer, 1897, p. 420, Pl.  
35, fig. 6. Beede, 1906, p. 1253, Pls. 12, figs. 5-5a; 16, fig. 4. Bassler and  
Moodey, 1943, p. 429.

Mississippian, Viséan (Osagean), Salem Limestone; Spergen Limestone; Fort Payne  
Chert; Warsaw Formation. United States, Iowa, Indiana, Kentucky

- \**Azygocrinus dodecadactylus* (Meek and Worthen, 1861). Lane, N. G., 1963a, p. 698, Fig. 3, no. A. Webster, 1973, p. 61. Lane *in* Moore and Teichert, 1978, p. T468, Fig. 275, no. 4. Webster, 1986, p. 72.
- Actinocrinus dodecadactylus* Meek and Worthen, 1861, p. 131. Shumard, 1868, p. 343. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 232. Bassler and Moodey, 1943, p. 429. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Actinocrinus (Batocrinus) dodecadactylus* Meek and Worthen, 1861. Meek and Worthen, 1866, p. 205, Pl. 15, figs. 3a-3c; Fig. 14. Bassler and Moodey, 1943, p. 429.
- Dizygocrinus dodecadactylus* (Meek and Worthen, 1861). Wachsmuth and Springer, 1897, p. 432, Pl. 29, figs. 1a-1c. Weller, S., 1898c, p. 232. Bassler and Moodey, 1943, p. 429.
- Batocrinus dodecadactylus* (Meek and Worthen, 1861). Miller, S. A., 1889, p. 227, Fig. 252. Weller, S., 1898c, p. 232.  
Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Illinois, Iowa
- Azygocrinus enodus* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 41.  
*Batocrinus enodatus* Miller and Gurley, 1896c, p. 46, Pl. 2, figs. 21-23. Miller, S. A., 1897, p. 736. Weller, S., 1898c, p. 126. Bassler and Moodey, 1943, p. 324. Ausich and Kammer, 2010a, p. 41.  
Mississippian, Viséan (Osagean), Burlington Limestone. United States, Illinois
- Azygocrinus euconus* (Meek and Worthen, 1865) = *Batocrinus euconus*
- Azygocrinus formaceus* (Miller and Gurley, 1895). Ausich and Kammer, 2010a, p. 41.  
*Batocrinus formaceus* Miller and Gurley, 1895b, p. 24, Pl. 1, figs. 23-24. Miller, S. A., 1897, p. 736. Weller, S., 1898c, p. 126. Bassler and Moodey, 1943, p. 325. Ausich and Kammer, 2010a, p. 41.  
Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Missouri
- Azygocrinus modulus* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 41.  
*Batocrinus modulus* Miller and Gurley, 1896a, p. 16, Pl. 1, figs. 39-41. Miller, S. A., 1889, p. 228. Miller, S. A., 1897, p. 737. Weller, S., 1898c, p. 130. Bassler and Moodey, 1943, p. 328. Ausich and Kammer, 2010a, p. 41.  
Mississippian, Viséan (Osagean), Burlington Limestone. United States, Illinois
- Azygocrinus montgomeryensis* (Worthen, 1884) = *Dizygocrinus montgomeryensis*
- Azygocrinus politus* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 41.  
*Batocrinus politus* Miller and Gurley, 1896c, p. 31, Pl. 1, figs. 23-25. Miller, S. A., 1897, p. 738. Weller, S., 1898c, p. 131. Bassler and Moodey, 1943, p. 329. Ausich and Kammer, 2010a, p. 41.  
Mississippian, Viséan (Osagean), Burlington Limestone. United States, Missouri
- Azygocrinus rotundus* (Yandell and Shumard, 1855). Lane, N. G., 1963a, p. 698. Lane, N. G., 1963b, p. 923, Fig. 4. Rose, 1967, p. 24, Pl. 17, fig. 7. Laudon, 1973b, p.

- 30, Figs. 1, 3. Webster, 1973, p. 61. Haugh, 1975b, p. 267, Figs. 5-9, 6-4. Webster, 1977, p. 45. Wolf, 1983, p. 170, Pl. 23, fig. 5. Webster, 1986, p. 72. Ausich *in* Hess et al., 1999, p. 141, Figs. 147-148. Ausich and Kammer, 2010a, p. 41
- Actinocrinus rotundus* Yandell and Shumard, 1855, p. 191, Pl. A, figs. 2a-2b. Billings, E., 1858, p. 30, Fig. 16. Hall, 1859a, Pl. 3, fig. 1. Shumard, 1868, p. 347. Quenstedt, 1876, p. 583, Pl. 110, figs. 21-22. Miller, S. A., 1889, p. 219. Weller, S., 1898c, p. 235. Bassler and Moodey, 1943, p. 430. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus rotundus* (Yandell and Shumard, 1855). Keyes, 1894a, p. 182, Pl. 23, figs. 6a-6b. Miller, S. A., 1889, p. 228, Fig. 254. Bassler and Moodey, 1943, p. 431.
- Actinocrinus oblatum* Hall, 1859a, p. 38, Unnum. Fig. Shumard, 1868, p. 346. Miller, S. A., 1889, p. 219. Weller, S., 1898c, p. 235. Bassler and Moodey, 1943, p. 431.
- Batocrinus oblatum* (Hall, 1859). Miller, S. A., 1889, p. 228. Whitfield, 1893b, p. 12, Pl. 1, figs. 21-22. Miller, S. A., 1897, p. 737. Weller, S., 1898c, p. 235. Bassler and Moodey, 1943, p. 431.
- Dizygocrinus rotundus* (Yandell and Shumard, 1855). Wachsmuth and Springer, 1897, p. 431, Pl. 29, figs. 3a-3g, 4. Weller, S., 1898c, p. 235. Grabau and Shimer, 1910, p. 542. Van Tuyl, 1925, p. 123, 129, 131, Pl. 4, fig. 9. Bassler and Moodey, 1943, p. 431. Moore and Laudon, 1944, p. 197, Pl. 75, fig. 2. Webster, 1973, p. 113. Haugh, 1975a, p. 483, Pl. 2, fig. 10. Webster, 1986, p. 131.
- Batocrinus complanatus* Miller and Gurley, 1896c, p. 27, Pl. 1, figs. 19-20. Weller, S., 1898c, p. 125. Bassler and Moodey, 1943, p. 324. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus complanatus* Miller and Gurley, 1896. Miller, S. A., 1897, p. 736. Weller, 1898c, p. 125.
- Batocrinus enodis* Miller and Gurley, 1896c, p. 25, Pl. 1, figs. 16-18. Miller, S. A., 1897, p. 736, Fig. 1307. Weller, S., 1898c, p. 126. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus enodus* Miller and Gurley, 1896. Bassler and Moodey, 1943, p. 324.
- Batocrinus glaber* Miller and Gurley, 1896c, p. 32, Pl. 1, figs. 26-28. Miller, S. A., 1897, p. 736, fig. 1308. Weller, S., 1898c, p. 127. Bassler and Moodey, 1943, p. 325. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus levigatus* Miller and Gurley, 1896c, p. 29, Pl. 1, figs. 21-22. Miller, S. A., 1897, p. 737. Weller, S., 1898c, p. 129. Bassler and Moodey, 1943, p. 327. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus subovatus* Miller and Gurley, 1896c, p. 50, Pl. 2, figs. 30-31. Miller, S. A., 1897, p. 739. Weller, S., 1898c, p. 135. Bassler and Moodey, 1943, p. 332. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus subrotundus* Miller and Gurley, 1896c, p. 48, Pl. 2, figs. 27-29. Miller, S. A., 1897, p. 739. Weller, S., 1898c, p. 135. Bassler and Moodey, 1943, p. 332. Lane, N. G., 1963a, p. 698. Webster, 1973, p. 61.
- Batocrinus subrotundatus* Miller and Gurley, 1896. Weller, S., 1898, p. 135. Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa, Illinois, Missouri

and Teichert, 1978, p. T558. McIntosh, 1979, p. 20. Webster, 1986, p. 72.

Named, currently recognized species based on cups or crowns: 14 species, 1

- subspecies. 1 Silurian, Niagaran; 1 Silurian, Niagaran, Devonian, Givetian; 12 Devonian, 1 Lochkovian, 3 Emsian, 6 Eifelian (+1 subspecies), 1 Eifelian – Givetian, 1 Givetian  
 Middle Silurian - Middle Devonian. United States  
 Early - Middle Devonian. Germany, India  
 Devonian, Lochkovian (Gedinnian). France
- Bactrocrinites birmanicus* Reed, 1908, p. 39, Pl. 5, fig. 12. Bassler and Moodey, 1943, p. 315. Hauser, 2007, p. 34, Fig. 12, nos. a, b (p. 34) (considered a synonym of *B. fusiformis*).  
*Bactrocrinites birmanicus* Reed, 1908. Bassler and Moodey, 1943, p. 322.  
 Devonian, ?Eifelian. India, northern Shan States
- Bactrocrinites campanulatus* Kirk; Hauser, 2007 = *Atelestocrinites campanulatus*
- Bactrocrinites concinnus* Kirk; Hauser, 2007 = *Atelestocrinites concinnus*
- Bactrocrinites curtus* Kirk; Hauser, 2007 = *Atelestocrinites curtus*
- Bactrocrinites cyathus* Schmidt, W. E., 1942, p. 100, Pl. 12, fig. 9. Webster, 1973, p. 62.  
 Hauser, 2007, p. 34, unnumbered fig.  
 Devonian, Emsian (late Coblenzian). Germany
- Bactrocrinites depressus* (Schultze, 1866). Bohatý, 2005a, p. 396, Fig. 3, nos. 1-4.  
 Hauser, 2007, p. 29, Figs. 4, 5; p. 34, 4 unnumbered figs; Pl. 1, figs. 13, 20.  
*Poteroicrinites fusiformis* var. *depressa* Schultze, 1866. Bohatý, 2005a, p. 396.  
*Bactrocrinites fusiformis depressus* (Schultze, 1866), Hauser, 1997, Hauser, 2001.  
 Bohatý, 2005a, p. 396.  
*Bactrocrinites humilis* Bohatý, 2005a, p. 401, Fig. 3, nos. 13-16.  
*Bactrocrinites fusiformis* (Roemer, 1844), McIntosh, 1979, Pl. 2, figs. 3, 6 only.  
 Bohatý, 2005a, p. 401.  
 Devonian, Eifelian, Freilingen Formation; upper part of Junkerberg Formation, Grauberg Subformation, Mims Member. Germany
- Bactrocrinites* aff. *depressus* (Schultze, 1866). Hauser in Hauser and Landeta, 2007, p. 76, Pl. 2, fig. 2.  
 Devonian, early Eifelian, Santa Lucia Formation. Spain
- Bactrocrinites fieldi* (Springer and Slocum, 1906). McIntosh, 1979, p. 20, Pls. 1, figs. 1-23; 2, figs. 1-2, 4; Figs. 1-2. Hauser, 2007, p. 35, Pl. 1, figs. 14-19; 4 unnumbered figs. (The 2 figures from McIntosh, 1979 are not the same species, GDW)  
*Hypsocrinites fieldi* Springer and Slocum, 1906, p. 269, Pl. 81, figs. 1-6. Goldring, 1923, p. 322, Pl. 40, figs. 1-5. Goldring, 1936, p. 21, Fig. 1. Bassler, 1938, p. 116. Bassler and Moodey, 1943, p. 520. Moore and Lane in Moore and Teichert, 1978, p. T558, Fig. 350, no. 2. McIntosh, 1979, p. 20. Webster, 1986, p. 72.  
*Bactrocrinites fieldi* (Springer and Slocum, 1906). Webster, 1986, p. 72.

*Bactrocrinites reimanni* Goldring, 1954, p. 15, Pl. 1, figs. 8-11. Webster, 1973, p. 62. Moore and Lane *in* Moore and Teichert, 1978, p. T610, Fig. 396, nos. 2c, 2d. McIntosh, 1979, p. 20. Hauser, 2007, p. 39, 2 unnumbered figs.  
*Bactrocrinites reimanni* (Goldring, 1954). Webster, 1986, p. 72.  
*Botryocrinus obconicus* Goldring, 1923, p. 371, Pl. 47, fig. 13. Bassler and Moodey, 1943, p. 338. McIntosh, 1979, p. 20. Webster, 1986, p. 72.  
*Kalpidocrinus eriensis* Goldring, 1954, p. 18, Pl. 4, figs. 10-12. Webster, 1973, p. 160. Moore and Lane *in* Moore and Teichert, 1978, p. T624, Figs. 406, no. 3. McIntosh, 1979, p. 20. Webster, 1986, p. 72.  
*Perissocrinus papillatus* Goldring, 1936, p. 21, Pl. 7, fig. 6; Unnum. Fig. Bassler, 1938, p. 150. Bassler and Moodey, 1943, p. 604. Strimple, 1963d, p. 22, Fig. 1, no. b. Webster, 1973, p. 203. Moore and Lane *in* Moore and Teichert, 1978, p. T558, Fig. 350, no. 6. McIntosh, 1979, p. 20. Webster, 1986, p. 72.  
 Middle Devonian, Givetian, Moscow Shale; Centerfield Shale; Ludlowville Shale. United States, New York  
 Silurian, Niagaran, Niagara Limestone. United States, Illinois, New York (Hauser loc and age)

\**Bactrocrinites fusiformis* (Roemer, 1844). Schnur *in* Steininger, 1849, p. 22. Schnur *in* Steininger, 1853, p. 38. Bassler, 1938, p. 49. Bassler and Moodey, 1943, p. 315. Webster, 1973, p. 62. Moore and Lane *in* Moore and Teichert, 1978, p. T609, Fig. 396, nos. 2e-2f. McIntosh, 1979, p. 25, Pl. 2, figs. 3, 5-9. Webster, 1986, p. 73. Hauser, 1997, p. 55, Pls. 33, figs. 1-8; 34, figs. 1-2. Bohatý, 2005a, p. 395, Fig. 3, nos. 5-12. Hauser, 2007, p. 29, Fig. 2; p. 35, 8 unnumbered figs; Pl. 1, 1-3, 5, 7, 22-27, 34. Hauser, 2008, p. 13, Pls. 5, fig. 3; 9, figs. 1, 4; 12, fig. 8; 17, fig. 4; Figs 7, 9.

*Poteriocrinites fusiformis* Roemer, C. F., 1844, p. 61, Pl. 3, figs. 2a-2d. Schultze, 1866 (adv. pub.) . Schultze, 1867, p. 157, Pl. 5, figs. 1-1g (*non* 1h-1i). Bassler and Moodey, 1943, p. 315.

*Poteriocrinus fusiformis* (Roemer, 1844). Bronn, 1848, p. 1035. d'Orbigny, 1850, p. 103. Shumard, 1868, p. 391. Miller, S. A., 1889, p. 274.

*Bactrocrinus fusiformis* (Roemer, 1844). Jaekel, 1895a, p. 83, Fig. 26. Bassler and Moodey, 1943, p. 315. Sieverts-Doreck, 1950, p. 83, figs. 2-4. Webster, 1973, p. 62.

Devonian, Eifelian; Givetian, ?Loogh Formation, Ahbach Formation. Germany

*Bactrocrinites fusiformis* (Roemer, 1844), Hauser, 1997 = *Bactrocrinites porrectus*

*Bactrocrinites fusiformis* (Roemer, 1844), McIntosh, 1979 (part) = *Bactrocrinites humilis*

*Bactrocrinites fusiformis* Schultze, 1866 (part) = *Bactrocrinites tenuis*

*Bactrocrinites fusiformis depressa* (Schultze, 1867). Hauser, 1997, p. 55, Pl. 34, fig. 9. Devonian, Eifelian, Freilingen Formation. Germany

*Bactrocrinites fusiformis depressus* (Schultze, 1866) = *Bactrocrinites depressus*

*Bactrocrinites hohenfelsensis* Hauser, 2007, p. 30, Figs. 9, 10; p. 36, 2 unnumbered

- figs.; Pl. 1, figs. 28-29.  
Devonian, Eifelian, Junkerberg Formation. Germany
- Bactrocrinites humilis* Bohatý, 2005 = *Bactrocrinites depressus*
- Bactrocrinites jaekeli* (Schmidt, 1934). Bassler and Moodey, 1943, p. 315.  
*Bactrocrinus jaekeli* Schmidt, W. E., 1934, p. 56, Fig. 9, nos. a-a1. Bassler and Moodey, 1943, p. 315. Kutscher, 1972, p. 85, Unnum. Fig. p. 84. Bartels and Brassel, 1990, p. 165, Fig. 149. Bartels, Briggs, and Brassel, 1998, p. 186, Fig. 162. Hess *in* Hess et al., 1999 p. 114, Fig. 128. Hauser, 2007, p. 36, Figs. a, a1.  
*Bactrocrinus nanus* Jaekel, 1895a, p. 85, Pl. 6, figs. 1-2.  
Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach
- Bactrocrinites mulleri* (Jaekel, 1895). Bassler and Moodey, 1943, p. 315. Hauser, 1997, p. 57, Pl. 34, figs. 3-5. Bohatý, 2005, p. 402, Figs. 4, nos. 11-15. Hauser, 2007, p. 37, Pl. 1, figs. 11, 31, 33; 5 unnumbered figs. (Not all the same species, GDW). Hauser, 2008, p. 14, Pls. 5, fig. 5; 7, fig. 6; 9, fig. 2; 16, fig. 11; 17, fig. 6; Fig. 10.  
*Bactrocrinus mulleri* Jaekel, 1895a, p. 82. Bassler and Moodey, 1943, p. 315.  
*Poteroicrinus fusiformis* Roemer, 1844. Quenstedt, 1885, p. 949, Fig. 352. Frech, 1902, Pl. 27, fig. 5.  
*Poteroicrinus fusiformis* Müller, J. 1856 (*non* Roemer, 1844), p. 250, Pl. 2, fig. 2. Bassler and Moodey, 1943, p. 315  
Devonian, Eifelian, Junkerberg Formation; Givetian, Ahbach Formation. Germany
- Bactrocrinites oklahomaensis* Strimple, 1952b, p. 78, Figs. 12-13. Strimple, 1963d, p. 62. Webster, 1973, p. 62. Moore and Lane *in* Moore and Teichert, 1978, p. T610, Fig. 396, nos. 2a-2b. Webster, 1986, p. 73. Kendrick, 2007, p. 346, Fig. 9, no. H.  
Hauser, 2007, p. 31, Figs. 11, 12; p. 37, 2 unnumbered figs.; Pl. 1, fig. 21.  
Hauser, 2008, p. 14, Pls. 2, fig. 8; 7, fig. 7; 15, fig. 14; Fig. 11. (Not *B. oklahomaensis*, thus, Silurian age is probably the correct for this species. GDW)  
Silurian, Ludlovian (Niagaran), Henryhouse Formation. United States, Oklahoma  
Devonian, Givetian, Ahbach Formation. Germany
- Bactrocrinites onondagensis* Goldring, 1954, p. 13, Pl. 1, figs. 12-13. Webster, 1973, p. 62. McIntosh, 1979, p. 25, Pl. 2, figs. 10-14. Webster, 1986, p. 73. Hauser, 2007, p. 32, Pl. 1, figs. 9-10, 32, 36; p. 38, Pl. 1, figs. 9-10, 32, 36; 4 unnumbered figs. (**Note:** The four figures are not all the same species, GDW, 2011)  
Devonian, Eifelian, Onondaga Formation, Edgecliff Limestone Member, Clarence Limestone Member, Moorehouse Limestone Member. United States, New York
- Bactrocrinites penaneachensis* Le Menn, 1985, p. 84, Pl. 17, figs. 1-7. Webster, 1988, p. 41. Hauser, 2007, p. 39, unnumbered fig.  
Devonian, Lochkovian (Gedinnian), Landevennec Sandstone. France, Armorican

## Massif

- Bactrocrinites porrectus* Bohatý, 2005a, p. 403, Fig. 4, nos. 1-3.  
*Bactrocrinites fusiformis* (Roemer, 1844), Hauser, 1997, Pl. 33, fig. 8. Bohatý, 2005, p. 403.  
 Devonian, Givetian, lower part of Mullert Subformation, Ahbach Formation.  
 Germany
- Bactrocrinites reimanni* Goldring, 1954 = *B. fieldi*
- Bactrocrinites tenuis* (Jaekel, 1895). Bassler and Moodey, 1943, p. 315. Hauser, 1997, p. 58, Pl. 34, figs. 6-7. Bohatý, 2005a, p. 407, Fig. 4, nos. 4-10. Hauser, 2007, p. 32, Pl. 1, figs. 12, 18-19; p. 39, 3 unnumbered figs. (Not all the same species, GDW).  
*Bactrocrinus tenuis* Jaekel, 1895a, p. 82. Bassler and Moodey, 1943, p. 315.  
*Bactrocrinites fusiformis* Schnur in Steininger, 1849 (part), p. 22. Schnur in Steininger, 1853, p. 38 (part). Bassler and Moodey, 1943, p. 315.  
*Poteriocrinus fusiformis* Schultze (part), 1866 (adv. pub.). Schultze, 1867, p. 157, Pl. 5, figs. 1h-1i (*non* 1-1g). Bassler and Moodey, 1943, p. 315.  
 Devonian, Eifelian, Junkerberg Formation. Germany
- Bactrocrinites tenuis* Kirk; Hauser, 2007 = *Atelestocrinus tenuis*
- Bactrocrinites? trabicus* (Schmidt, 1934). Bassler and Moodey, 1943, p. 315.  
*Bactrocrinus? trabicus* Schmidt, W. E., 1934, p. 57, Pl. 11, fig. 2; Figs. 9b-9b<sub>2</sub>.  
 Bassler and Moodey, 1943, p. 315.  
 Devonian, early Emsian, Hunsrückschiefer. Germany
- Bactrocrinites westoni* (Belanski, 1928) = *Atractocrinus westoni* = *\*Belanskicrinus westoni*
- Bactrocrinites zeileri* (Jaekel, 1895) = *Antihomocrinus zeileri*
- Bactrocrinites zeileri* Mueller in Zeiler and Wirtgen, 1855. Hauser, 2007, p. 40, unnumbered fig.  
 Early Devonian. Germany

Named, currently recognized species based on cups or crowns: 8 Permian species,  
1 Artinskian, 1 Wordian, 6 series uncertain  
Permian, series uncertain. Timor  
Permian, Wordian. Sicily  
Permian, Artinskian. Russia, Ural Mtns
- Basleocrinus conicus* Wanner, 1916, p. 216. Wanner, 1937, p. 195, Pl. 13, figs. 4, 5;  
Fig. 68. Marez Oyens, 1940a, p. 337, Pl. 4, fig. 5. Bassler and Moodey, 1943, p.

320. Branson, 1948, p. 180.  
Permian, series uncertain. Timor

*Basleocrinus cryptobasalis* Yakovlev, 1934, p. 281, Pl. 19, fig. 14. Bassler and Moodey, 1943, p. 320. Branson, C. C., 1948, p. 180.  
Permian, Wordian, Sosio Beds. Sicily

*Basleocrinus krasnooufimskensis* Yakovlev, 1937a, p. 8, Pl. 1, fig. 5. Bassler and Moodey, 1943, p. 320. Branson, C. C., 1948, p. 180. Arendt, 1981, p. 19. Webster, 1988, p. 43.  
Permian, late Artinskian, Sarga Horizon. Russia, Ural Mountains

*Basleocrinus? kukaensis* Wanner, 1916 = *Petrocrinus kukaensis*

*Basleocrinus obliquus* Wanner, 1924, p. 264, Pls. 16, figs. 25-28; 17, figs. 6-7. Bassler and Moodey, 1943, p. 320. Branson, C. C., 1948, p. 180. Arendt, 1981, p. 18, Fig. 5, no. g. Webster, 1988, p. 43.  
Permian, series uncertain. Timor

\**Basleocrinus pocillum* Wanner, 1916, p. 214, Pl. 109 (14), fig. 1. Wanner, 1924, p. 262, Pl. 17, figs. 8-9. Bassler, 1938, p. 51. Bassler and Moodey, 1943, p. 320. Branson, C. C., 1948, p. 180. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T678, Fig. 447, no. 5. Arendt, 1981, p. 18, Fig. 5, nos. a- v. Webster, 1986, p. 75. Webster, 1988, p. 43.  
Permian, series uncertain. Timor

*Basleocrinus pusillus* Wanner, 1924, p. 263, Pl. 16, figs. 29-30. Bassler and Moodey, 1943, p. 320. Branson, C. C., 1948, p. 180.  
Permian, series uncertain. Timor

*Basleocrinus scrobiculatus* Wanner, 1924 = *Graphiocrinus scrobiculatus* = *Laccocrinus scrobiculatus*

*Basleocrinus striategranulatus* Wanner, 1937, p. 196, Pl. 13, figs. 6-9. Marez Oyens, 1940a, p. 339, Pl. 4, fig. 6. Bassler and Moodey, 1943, p. 320. Branson, C. C., 1948, p. 180. Wanner, 1949a, p. 40. Webster, 1973, p. 63.  
Permian, series uncertain. Timor

*Basleocrinus turbinatus* Wanner, 1924, p. 266, Pl. 16, figs. 22-24. Bassler and Moodey, 1943, p. 321. Branson, C. C., 1948, p. 180.  
Permian, series uncertain. Timor

**BASOTHECA** Termier and Termier, 1974. *Nomen vetitum*.

Termier, H. and Termier, G., 1974, p. 34, unfig. Jeffords *in* Moore and Teichert, 1978, p. T937. Webster, 1986, p. 75  
Devonian, Pragian. Morocco

**BASSOCRINUS** Webster et al., 2009a. \**Bassocrinus abyssus* Webster et al., 2009a.  
Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Cromyocrinoidea, F.  
Cromyocrinidae

Webster et al., 2009a, p. 50.

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian,  
Moscovian species

Pennsylvanian, Moscovian. China, Xinjiang-Uygar Autonomous Region

\**Bassocrinus abyssus* Webster et al., 2009a, p. 50, Fig. 2, nos. O-Q.

*Graphiocrinus* sp. Lane et al., 1996, p. 126, fig. 6.10 only. Webster et al., 2009a, p.  
50.

Pennsylvanian, Moscovian, Qijiagou Formation. China, Xinjiang-Uygar Autonomous  
Region

**BATHERICRINUS** Jaekel, 1918. \**Botryocrinus ramosus* Bather, 1891.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Mastigocrinoidea, F.  
Mastigocrinidae

Jaekel, 1918, p. 58. Schmidt, W. E., 1934, p. 92. Bassler, 1938, p. 51. Bassler and  
Moodey, 1943, p. 321. Moore and Laudon, 1943b, p. 54. Webster, 1973, p. 63.  
Moore and Lane *in* Moore and Teichert, 1978, p. T621. Webster, 1986, p. 75.  
Donovan et al., 2010, p. 95.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Wenlockian species

Silurian, Wenlockian. United Kingdom

*Bathericrinus ericius* (Schmidt, 1934) = *Dictenocrinus ericius*

*Bathericrinus hystrix* (Schmidt, 1934) = *Dictenocrinus hystrix*

\**Bathericrinus ramosus* (Bather, 1891). Jaekel, 1918, p. 58. Bassler and Moodey,  
1943, p. 321. Moore and Lane *in* Moore and Teichert, 1978, p. T621, Fig. 404,  
nos. 4a-4b. Webster, 1986, p. 75. Donovan et al., 2007, p. 46, Fig. 11. Donovan  
et al., 2010, p. 95, Pl. 25, fig. 1.

*Botryocrinus ramosus* Bather, 1891b, p. 394, Pl. 13, figs. 1-4. Haarmann, 1921,  
p. 8, Unnum. Fig. Bassler, 1938, p. 51. Bassler and Moodey, 1943, p. 321.  
Silurian, Wenlockian, Much Wenlock Limestone. United Kingdom

*Bathericrinus semipinnulatus* (Schmidt, 1934) = *Dictenocrinus semipinnulatus*

*Bathericrinus speciosus* (Schmidt, 1934) = *Dictenocrinus speciosus*

**BATHRONOCRINUS** Strimple, 1962. \**B. turioformis* Strimple, 1962.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F.  
Laudonocrinidae

Strimple, 1962e, p. 37. Strimple and Watkins, 1969, p. 203. Strimple and Moore,  
1971a, p. 19. Webster, 1973, p. 63. Pabian and Strimple, 1974a, p. 281. Pabian  
and Strimple, 1974b, p. 11. Webster, 1977, p. 47. Moore, Strimple, and Lane *in*  
Moore and Teichert, 1978, p. T665. Pabian and Strimple, 1980a, p. 168. Pabian

- and Strimple, 1985, p. 64. Webster, 1986, p. 75. Webster, 1988, p. 43. Pabian and Rushlau, 2002, p. 30.  
 Early Permian, Artinskian. Russia  
 Named, currently recognized species based on cups or crowns: 4 Pennsylvanian species. 4 Pennsylvanian, 1 Desmoinesian, 2 Missourian, 1 Virgillian  
 Pennsylvanian, Desmoinesian - Virgilian. United States
- Bathronocrinus deweyensis* (Strimple, 1939). Strimple, 1962e, p. 37. Webster, 1973, p. 63. Pabian and Rushlau, 2002, p. 30.  
*Hydreionocrinus deweyensis* Strimple, 1939, p. 15 (375), Pl. 2, figs. 13, 17.  
 Bassler and Moodey, 1943, p. 516. Strimple, 1962e, p. 37. Webster, 1973, p. 63.  
 Pennsylvanian, Missourian, Dewey Limestone. United States, Oklahoma
- Bathronocrinus madisonensis* Pabian and Strimple, 1980a, p. 168, Figs. 7, nos. A-C; 8, nos. M-O. Webster, 1986, p. 75. Pabian and Rushlau, 2002, p. 30.  
 Pennsylvanian, Missourian, Argentine Limestone. United States, Nebraska
- Bathronocrinus magnospinosus* (Arendt, 1968) = \**Hypermorphocrinus magnospinosus*
- \**Bathronocrinus turioformis* Strimple, 1962e, p. 38, Pl. 1, figs. 15-18. Webster, 1973, p. 63. Moore, Strimple, and Lane in Moore and Teichert, 1978, p. T665, Fig. 435, no. 3. Webster, 1986, p. 75.  
 Pennsylvanian, Desmoinesian, Oologah Formation. United States, Oklahoma
- Bathronocrinus* sp. cf. *B. turioformis* Strimple, 1962. Pabian and Strimple, 1974b, p. 11, Fig. 5, nos. 1-3. Webster, 1986, p. 76.  
 Pennsylvanian, Missourian, Wann Formation. United States, Oklahoma
- Bathronocrinus wolfriverensis* Pabian and Strimple, 1974a, p. 281, Pl. 35, figs. 1-4. Webster, 1986, p. 76. Pabian and Rushlau, 2002, p. 30, Fig. 9, nos. 1-3.  
 Pennsylvanian, Virgilian, Topeka Formation, Wolf River Limestone; Oread Formation, Plattsmouth Limestone Member. United States, Nebraska
- Bathronocrinus* sp.  
 Pabian and Strimple, 1978a, p. 53, Fig. 6, nos. K-M. Webster, 1986, p. 76.  
 Pennsylvanian, Missourian, Graford Formation, Wolf Mountain Shale. United States, Texas  
 Pabian and Strimple, 1985, p. 64, Fig. 26, nos. c-e. Webster, 1988, p. 43.  
 Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member. United States, Kansas
- ?*Bathronocrinus* sp. Lane et al., 1996 = Pirasocrinid indet.
- Batocrinidae-Actinocrinidae Gen. et spec. indet. 1 Wanner, 1916 = Unknown genus
- Batocrinidae-Actinocrinidae Gen. et spec. indet. 2 Wanner, 1916 = Unknown genus

Batocrinidae-Actinocrinidae Gen. et spec. indet. 3 Wanner, 1916, p. 65, Pl. 97(2), fig. 10 (infrabasal or basal circlet).

Permian: Timor, Basleo

Batocrinidae indet. Brower, 1970, p. 517. Webster, 1977, p. 47.

Mississippian, Osagean, Redwall Limestone, Mooney Falls Member. United States, Arizona

**BATOCRINUS** Casseday, 1854. \**B. icosidactylus* Casseday, 1854.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Carpocrinoidea, F. Batocrinidae

Roemer, C. F. *in* Bronn and Roemer, 1851, p. 247 (nomen nudum). Casseday, 1854, p. 237. Pictet, 1857, p. 324. Dujardin and Hupé, 1862, p. 142. Shumard, 1868, p. 356. Meek and Worthen, 1873, p. 364. Zittel, 1880, p. 344, 370. Wachsmuth and Springer, 1881, p. 162 (336). Miller, S. A., 1889, p. 227. Steinmann and Döderlein, 1890, p. 157. Miller, S. A., 1892c, p. 23. Casseday *in* Miller, S. A., 1892c, p. 24. Miller, S. A., 1894, p. 277. Zittel, 1895, p. 130. Koken, 1896, p. 286. Wachsmuth and Springer, 1897, p. 366. Bather *in* Lankester, 1900, p. 167. Wachsmuth *in* Zittel, 1900, p. 142. Delage and Herouard, 1903, p. 384. Steinmann, 1907, p. 199. Grabau and Shimer, 1910, p. 540. Springer *in* Zittel, 1913, p. 195. Schmidt, H., 1929, p. 83. Bassler, 1938, p. 51. Bassler and Moodey, 1943, p. 321. Moore and Laudon, 1943b, p. 95, Fig. 16. Moore and Laudon, 1944, p. 195, Pl. 71, fig. 6. Cuénot, 1948, p. 69. Ubaghs, 1953, p. 740, Fig. 139, no. d. Spreng and Parks, 1953, p. 592, Fig. 1c. Lane, N. G., 1963b, p. 921. Laudon, 1973b, p. 27, Figs. 2-4. Webster, 1973, p. 63. Webster, 1977, p. 47. Ubaghs *in* Moore and Teichert, 1978, p. T129, Fig. 99, no. 5. Lane *in* Moore and Teichert, 1978, p. T467. Haugh, 1978, p. 164, Fig. 11, no. A. Webster, 1986, p. 76. Lane and Sevastopulo, 1987, p. 204. Webster, 1988, p. 43. Feldman, 1989b, p. 903. Baumiller, 1990a, p. 747, Fig. 3. Webster, 1993, p. 29. Ausich and Kammer, 2010a, p. 40.

Named, currently recognized species based on cups or crowns: 8 Mississippian species, 2 Tournaisian, 6 Viséan

Mississippian, Tournaisian – Viséan (Kinderhookian - early Chesterian). United States

*Batocrinus abscissus* Rowley and Hare, 1891 = *Dizygocrinus biturbinatus*

*Batocrinus adamsensis* Miller and Gurley, 1896 = *Gongylocrinus adamsensis*

*Batocrinus adultus* (Wachsmuth and Springer, 1881) = *Dizygocrinus biturbinatus* = *D. originarius*

*Batocrinus aequabilis* Meek and Worthen, 1894 = *Batocrinus aequabilis* = *B. subaequalis* = *Abatocrinus aequalis*

*Batocrinus aequalis* (Hall, 1858) = *Abatocrinus aequalis*

*Batocrinus aequibrachiatus* McChesney, 1860 = *Lobocrinus aequibrachiatus* =  
*Uperocrinus aequibrachiatus*

*Batocrinus aequibrachiatus* var. *alatus* (Hall, 1861) = *Uperocrinus aequibrachiatus*  
*asteriscus*

*Batocrinus affinis* Miller and Gurley, 1896 = *Macrocrinus affinis*

*Batocrinus agnatus* Miller, 1891 = *Macrocrinus jucundus* = *M. mundulus*

*Batocrinus albersi* Miller and Gurley, 1896 = *Eutrochocrinus albersi*

*Batocrinus altiusculus* Miller and Gurley, 1894 = *Eutrochocrinus christyi*

*Batocrinus andrewsanus* (McChesney, 1860) = *Azygocrinus andrewsianus* =  
*Abatocrinus andrewsianus*

*Batocrinus approximatus* Miller and Gurley, 1896 = *Macrocrinus approximatus*

*Batocrinus arcula* Miller and Gurley, 1895 = *Batocrinus irregularis*

*Batocrinus argutus* Miller and Gurley, 1896 = *Eretmocrinus argutus*

*Batocrinus asper* Miller and Gurley, 1896 = *Eretmocrinus asper*

*Batocrinus asperatus* Miller and Gurley, 1896 = *Abatocrinus asperatus*

*Batocrinus aspratilis* Miller and Gurley, 1894 = *Batocrinus clypeatus* = *Abatocrinus*  
*clypeatus*

*Batocrinus asteriscus* (Meek and Worthen, 1860) = *Uperocrinus aequibrachiatus*  
*asteriscus*

*Batocrinus attenuatus* (Hall, 1861) = *Eretmocrinus attenuatus* = *Abatocrinus attenuatus*

*Batocrinus basilicus* Miller and Gurley, 1896 = *Eretmocrinus basilicus*

*Batocrinus birmanicus* Reed, 1908 = *Bactrocrinites birmanicus*

*Batocrinus bisbrachiatus* Whitfield, 1893 = *Eutrochocrinus christyi*

*Batocrinus biturbinatus* (Hall, 1858) = *Dizygocrinus biturbinatus*

*Batocrinus blairi* Miller, 1892 = *Eretmocrinus leucosia*

*Batocrinus boonvillensis* Miller, 1891 = *Dizygocrinus originarius adultus* = *D. mediocris*  
= *D. caroli*

*Batocrinus brittsi* Miller, S. A., 1892 = *Uperocrinus brittsi*

*Batocrinus broadheadi* Miller and Gurley, 1895 = *Dizygocrinus mediocris* = *D. caroli*

*Batocrinus bulbosus* Rowley and Hare, 1891 = *Uperocrinus inflatus* = *Grongylocrinus inflatus*

*Batocrinus burketi* Miller and Gurley, 1895 = *Dizygocrinus biturbinatus*

*Batocrinus calvini* Rowley, 1890 = *Abatocrinus calvini*

*Batocrinus calyculoides* Hall, 1859 = *Eretmocrinus calyculus* = *Azygocrinus calvini*

*Batocrinus calyculus* (Hall, 1859). Meek and Worthen, 1868b, p. 351. Miller, S. A., 1889, p. 227. Weller, S., 1898c, p. 124. Beede, 1906, p. 1247, Pl. 14, figs. 3-3b. Bassler and Moodey, 1943, p. 323. Webster, 1973, p. 64. Feldman, 1989b, p. 905, Fig. 3, no. 13. Webster, 1993, p. 29.

*Actinocrinus calyculus* Hall, 1859a, p. 55, Pl. 1, figs. 1a-1c, Unnum. Fig. Shumard, 1868, p. 342. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 124. Bassler and Moodey, 1943, p. 323.

*Actinocrinus calyculus* var. *hardinensis* Meek and Worthen, 1866b, p. 253. Weller, S., 1898c, p. 124. Bassler and Moodey, 1943, p. 323.

*Batocrinus calyculus* var. *hardinensis* (Meek and Worthen, 1866). Miller, S. A., 1889, p. 227.

*Batocrinus irregularis* Rowley, R. R., 1904a, *non* Cassday, 1854. Lane, N. G., 1963a, p. 695. Webster, 1973, p. 64.

Mississippian, Viséan (Meramecian – Chesterian), Salem Limestone, Somerset Shale Member; Spergen Limestone; Ohara Limestone. United States, Kentucky, Indiana

*Batocrinus calyculus* var. *hardinensis* (Meek and Worthen, 1866) = *Batocrinus calyculus*

*Batocrinus cantonensis* Miller and Gurley, 1890 = *Abatocrinus cantonensis*

*Batocrinus caroli* (Hall, 1859) = *Dizygocrinus caroli*

*Batocrinus cassedayanus* Meek and Worthen, 1868 = *Uperocrinus longirostris*

*Batocrinus casualis* Miller and Gurley, 1895 = *Macrocrinus casualis*

*Batocrinus casula* Miller and Gurley, 1895 = *Eretmocrinus casula*

*Batocrinus christyi* Meek and Worthen, 1873 = *Eutrochocrinus christyi*

*Batocrinus cistula* Miller and Gurley, 1896 = *Dizygocrinus cistula*

*Batocrinus clavigerus* (Hall, 1859) = *Abatocrinus clavigerus*

*Batocrinus clio* (Hall, 1861) = *Eretmocrinus clio* = *Abatocrinus clio*

*Batocrinus cloelia* (Hall, 1861) = *Eretmocrinus cloelia*

*Batocrinus clypeatus* (Hall, 1859) = *Abatocrinus clypeatus*

*Batocrinus cognatus* Miller and Gurley, 1896c = *Macrocrinus cognatus*

*Batocrinus commendabilis* (Miller and Gurley, 1895) = *Eretmocrinus commendabilis*

*Batocrinus comparilis* Miller, 1892 = *B. clypeatus* = *Abatocrinus clypeatus*

*Batocrinus complanatus* Miller and Gurley, 1896 = *Azygocrinus rotundus*

*Batocrinus complanatus* Miller and Gurley, 1896 = *Azygocrinus rotundus*

*Batocrinus consanguineus* Miller and Gurley, 1896 = *Macrocrinus consanguineus*

*Batocrinus copiosus* Miller and Gurley, 1894 = *Eretmocrinus copiosus*

*Batocrinus corbulis* (Hall, 1861) = *Eretmocrinus corbulis*

*Batocrinus coronatus* (Hall, 1859) = *Eretmocrinus coronatus*

*Batocrinus crassitestus* Rowley, 1904 = *Batocrinus irregularis*

*Batocrinus crawfordsvillensis* Miller, 1891 = *Dizygocrinus crawfordsvillensis* = *D. indianensis*

*Batocrinus curiosus* Miller and Gurley, 1895 = *Eretmocrinus curiosus*

*Batocrinus curiosus* Miller and Gurley, 1895 = *Eretmocrinus curiosus*

*Batocrinus curiosus* Rowley, R. R., 1908 = *Abatocrinus curiosus*

*Batocrinus davisii* Rowley and Hare, 1891 = *Dizygocrinus unionensis* = *Globocrinus unionensis* = *Dizygocrinus davisii*

*Batocrinus davisii* var. *lanevillensis* Rowley, 1904 = *Dizygocrinus unionensis lanesvillensis* = *Batocrinus irregularis*

*Batocrinus davisii* var. *sculptus* Rowley, 1904 = *Dizygocrinus unionensis sculptus* = *Batocrinus unionensis* = *Globocrinus unionensis*

*Batocrinus decoris* Miller, 1891 = *Dizygocrinus decoris* = *Azygocrinus decoris*

*Batocrinus decrepitus* Miller, 1892 = *Dizygocrinus crawfordsvillensis* = *D. indianensis*

*Batocrinus delicatulus* Miller and Gurley, 1896 = *Dizygocrinus caroli*

*Batocrinus depressus* (Keyes, 1894) = *Eretmocrinus depressus*

*Batocrinus discoideus* (Hall, 1858) = *Abatocrinus subaequalis* = *Abatocrinus aequalis*

*Batocrinus divalis* Miller, 1892 = *Dizygocrinus unionensis divalis* = *D. caroli*

*Batocrinus dodecadactylus* (Meek and Worthen, 1861) = *Azygocrinus dodecadactylus*

*Batocrinus doris* (Hall, 1861) = *Abatocrinus aequalis*

*Batocrinus douglassi* Miller and Gurley, 1897 = *Aorocrinus douglassi*

*Batocrinus elegans* (Hall, 1858) = *Batocrinus turbinatus* = *Abatocrinus turbinatus*

*Batocrinus enodatus* Miller and Gurley, 1896 = *Azygocrinus enodus*

*Batocrinus enodis* Miller and Gurley, 1896 = *Azygocrinus rotundus*

*Batocrinus enodus* Miller and Gurley, 1896 = *Azygocrinus rotundus*

*Batocrinus euconus* (Meek and Worthen, 1865). Miller, S. A., 1889, p. 227. Weller, S., 1898c, p. 232. Lane, N. G., 1963a, p. 695. Webster, 1973, p. 64. Ausich and Kammer, 2010, p. 40.

*Actinocrinus (Alloprosallocrinus) euconus* Meek and Worthen, 1865c, p. 164. Weller, S., 1898c, p. 232. Bassler and Moodey, 1943, p. 429. Lane, N. G., 1963a, p. 695. Webster, 1973, p. 64. Webster, 1977, p. 46.

*Dizygocrinus euconus* (Meek and Worthen, 1865). Wachsmuth and Springer, 1897, p. 407, Pl. 35, figs. 7a-7b. Weller, S., 1898c, p. 232. Beede, 1906, p. 1252, Pls. 12, fig. 3; 16, figs. 2-2a. Grabau and Shimer, 1910, p. 543, Fig. 1872. Bassler and Moodey, 1943, p. 429. Wolf, 1979, p. 151, Flg. 2, no. h.

*Alloprosallocrinus euconus* (Meek and Worthen, 1865). Miller, S. A., 1889, p. 222.

*Azygocrinus euconus* (Meek and Worthen, 1865). Laudon, 1973b, p. 27, Fig. 3. Webster, 1977, p. 46. Ausich and Kammer, 2010a, p. 40.

 1978, p. T464. Webster, 1986, p. 78.

Named, currently recognized species based on cups or crowns: 2 Silurian, 1  
 Pridolian, 1 Ludlovian

Silurian, Pridoli. Czech Republic, Bohemia  
 Silurian, Ludlovian. United States, Indiana

*Bohemiocrinus haueri* (Waagen and Jahn, 1899) = \**Bohemiocrinus pulverens*

*Bohemiocrinus nodosus* Webster and Gupta, 1985, p. 62, Fig. 4, nos. a-c. Webster,  
 1988, p. 44.

Desmidocrinidae indet. Gupta and Webster, 1980, p. 11, Pl. 1, figs. 6-8. Webster  
 and Gupta, 1985, p. 63. Webster, 1986, p. 125. Webster, 1988, p. 44.

**Note.** Most Gupta localities considered fraudulent, Webster, 1991a. Not included in  
 species count.

Late Silurian, uppermost beds of Karsha Formation?. India?, Ladakh?

*Bohemiocrinus? occidentis* Lane and Ausich, 1995, p. 1101, Figs. 2.4, 3.1-3.2.

Silurian, Ludlovian, Wabash Formation, Mississinewa Shale Member. United  
 States, Indiana

\**Bohemiocrinus pulverens* (Waagen and Jahn, 1899). Bassler, 1938, p. 53. Bassler  
 and Moodey, 1943, p. 335. Ubaghs *in* Moore and Teichert, 1978, p. T464, Fig.  
 271, nos. 1a-1c. Webster, 1986, p. 79. Prokop and Petr, 1990, p. 42, Pl. 1, figs.  
 3-4. Webster, 1993, p. 31. Prokop, 2002c, p. 27, Figs. 2, 4, nos. 3-5.

*Encrinites pulverens* Waagen and Jahn, 1899, p. 19, Pls. 57, 61-62. Prokop and  
 Petr, 1990, p. 42.

*Bohemiocrinus pulvereus* (Waagen and Jahn, 1899). Bather, 1900b, p. 106, Fig.  
 2.

*Vletavicrinus haueri* Waagen and Jahn, 1899, p. 102, Pl. 61. Bather, 1900b, p.  
 109, Fig. 4. Bassler, 1938, p. 191. Bassler and Moodey, 1943, p. 722. Ubaghs  
*in* Moore and Teichert, 1978, p. T474. Webster, 1986, p. 79. Prokop and Petr,  
 2001a, p. 105, Fig. 1. Prokop, 2002c, p. 27, Figs. 1, 4, nos. 1-2.

*Bohemiocrinus haueri* (Waagen and Jahn, 1899). Ubaghs *in* Moore and Teichert,  
 1978, p. T464, Fig. 271, no. 1d. Webster, 1986, p. 79.

Silurian, Pridolian, Pridoli Formation, Black Limestone of Dvorce. Czech  
 Republic, Bohemia

*Bohemiocrinus pulvereus* (Waagen and Jahn, 1899) = *Bohemiocrinus pulverens*

*BOHEMIOCRINUS* Sharp, 1899 = **BOHEMIOCRINUS**

**BOLBOCRINUS** Wanner, 1916. \**B. hieroglyphicus* Wanner, 1916.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Codiocrinidae  
Wanner, 1916, p., 115. Wanner, 1924, p. 140. Diener, 1927, p. 11. Wanner, 1930,  
p.

4. Bassler, 1938, p. 53. Bassler and Moodey, 1943, p. 335. Branson, C. C.,  
1948, p. 181. Moore and Laudon, 1943b, p. 50. Arendt and Hecker, 1964, p. 84.  
Lane,  
N. G., 1967b, p. 11, Fig. 5. Arendt, 1970a, p. 108. Webster, 1973, p. 68.  
Webster, 1977, p. 48. Lane and Moore *in* Moore and Teichert, 1978, p. T599.  
Webster, 1986, p. 79.

Named, currently recognized species based on cups or crowns: 8 Permian species,  
4 subspecies. 1 Artinskian, 7 series uncertain; 4 subspecies series uncertain  
Permian, series uncertain. Timor  
Permian, Artinskian. Russia

*Bolbocrinus curvatus* Marez Oyens, 1940a, p. 319, Pl. 3, fig. 8. Bassler and Moodey,  
1943, p. 335. Branson, C. C., 1948, p. 181.  
Permian, series uncertain. Timor, Noko (Basleo)

*Bolbocrinus eudoxiae* Yakovlev, 1927b, p. 184, Pl. 6, figs. 11-11c. Bassler and  
Moodey, 1943, p. 335. Branson, C. C., 1948, p. 181. Yakovlev *in* Yakovlev and  
Ivanov, 1956, p. 55, Pl. 9, figs. 12-14. Arendt and Hecker, 1964, p. 84, Pl. 9, fig.  
1. Arendt, 1970a, p. 109, Pl. 1, figs. 1-3; Fig. 17. Webster, 1973, p. 68. Webster,  
1977, p. 48.  
Permian, Artinskian, Divya Suite. Russia, Priurals

\**Bolbocrinus hieroglyphicus* Wanner, 1916, p. 115, Pl. 102 (7), fig. 16; Fig. 30. Diener,  
1927, p. 11, Pl. 2, figs. 8a-8b. Bassler, 1938, p. 53. Bassler and Moodey, 1943,  
p. 335. Branson, C. C., 1948, p. 181. Arendt and Hecker, 1964, p. 84, Pl. 9, fig.  
2; Fig. 122. Arendt, 1970a, p. 111, Fig. 16. Webster, 1973, p. 68. Webster, 1977,  
p. 48. Lane and Moore *in* Moore and Teichert, 1978, p. T599, Figs. 384, no. 5;  
387, nos. 3a-3c. Webster, 1986, p. 79.

*Bolbocrinus hieroglyphicus typus* Wanner, 1924, p. 142. Wanner, 1930, p. 4, Pl. 1,  
figs. 5-6. Bassler and Moodey, 1943, p. 335. Branson, C. C., 1948, p. 181.  
Permian, series uncertain. Timor, Basleo

*Bolbocrinus hieroglyphicus exornatus* Wanner, 1924, p. 143, Pl. 7, figs. 21-23. Bassler  
and Moodey, 1943, p. 335. Branson, C. C., 1948, p. 181.  
Permian, series uncertain. Timor, Basleo

*Bolbocrinus hieroglyphicus tenuisculptus* Wanner, 1924, p. 143, Pl. 7, figs. 3-4.  
Bassler and Moodey, 1943, p. 335. Branson, C. C., 1948, p. 181.  
Permian, series uncertain. Timor, Basleo

*Bolbocrinus hieroglyphicus tuberculatus* Wanner, 1916. Wanner, 1924, p. 142.  
Bassler and Moodey, 1943, p. 336. Branson, C. C., 1948, p. 181. Arendt,  
1970a, p. 111, Pl. 1, figs. 4-5. Webster, 1977, p. 48.

*Bolbocrinus tuberculatus* Wanner, 1916, p. 117, Pl. 102 (7), fig. 17. Bassler and  
Moodey, 1943, p. 336. Branson, C. C., 1948, p. 181.

Permian, series uncertain. Timor

*Bolbocrinus hieroglyphicus typus* Wanner, 1924 = *Bolbocrinus hieroglyphicus*

*Bolbocrinus irregularis* Wanner, 1916, p. 125, Pl. 102 (7), fig. 19; Fig. 31. Bassler and Moodey, 1943, p. 336. Branson, C. C., 1948, p. 181.

Permian, series uncertain. Timor, Basleo

*Bolbocrinus pusillus* Wanner, 1916, p. 124, Pl. 102 (7), fig. 18. Bassler and Moodey, 1943, p. 336. Branson, C. C., 1948, p. 181.

Permian, series uncertain. Timor, Basleo

*Bolbocrinus rex* Wanner, 1916, p. 119, Pl. 101 (6), fig. 1. Wanner, 1924, p. 145, Pl. 7, figs. 1-2. Wanner, 1930, p. 5, Pl. 1, fig. 7. Bassler and Moodey, 1943, p. 336. Branson, 1948, p. 181. Arendt, 1970a, p. 113, Pl. 1, figs. 6-7. Webster, 1977, p. 48. Lane and Moore *in* Moore and Teichert, 1978, p. T599, Fig. 387, nos. 3d-3e. Webster, 1986, p. 79.

Permian, series uncertain. Timor, Noil Tonini

*Bolbocrinus tuberculatus* Wanner, 1916 = *Bolbocrinus hieroglyphicus tuberculatus*

*Bolbocrinus turbinatus* Wanner, 1924, p. 145, Pl. 7, figs. 16-20; Fig. 10. Wanner, 1930, p. 5; Fig. 1. Bassler and Moodey, 1943, p. 336. Branson, C. C., 1948, p. 182.

Permian, series uncertain. Timor, Basleo

*Bolbocrinus waldthauseniae* Wanner, 1916, p. 122, Pl. 101 (6), figs. 2-3. Bassler and Moodey, 1943, p. 336. Branson, C. C., 1948, p. 182.

Permian, series uncertain. Timor, Koeafeoe

*Bolbocrinus waldthauseniae basleoensis* Wanner, 1916, p. 124, Pl. 101 (6), fig. 4. Bassler and Moodey, 1943, p. 336. Branson, C. C., 1948, p. 182.

Permian, series uncertain. Timor, Basleo

cf. *Bolbocrinus* spec. nov. 1 Wanner, 1916, p. 129, Pl. 101(6), fig. 10 (radial). Facetals Moore, 1939b, p. 218, Fig. 10, no. 1.

Permian, series uncertain. Timor, Basleo

cf. *Bolbocrinus* spec. nov. 2 Wanner, 1916, p. 129, Pl. 101(6), fig. 9 (radial). Facetals Moore, 1939b, p. 218, Fig. 10, no. 2.

Permian, series uncertain. Timor, Niki Niki

**BOLBOPORITES** Pander, 1830. \**B. mitralis* Pander, 1830.

Classification uncertain

Pander, 1830, p. 106. Bronn, 1848, p. 170. Edwards and Haime, 1851, p. 246.

Eichwald, 1860, p. 495. Wanner, 1920, p. 705. Bassler, 1915, p. 128. Bassler and Moodey, 1943, p. 336.

Named, currently recognized species based on cups or crowns: 6 Ordovician species, 5 Floian, 1 Sandbian-Katian

Ordovician, Sandbian – Katian (Champlainian). North America  
Ordovician, Floian (B2). Russia

*Bolboporites americanus* Billings, E., 1859c, p. 429, Figs. 3-6. Billings, E., 1863, p. 124, Fig. 124, nos. a-d. Chapman, E. J., 1863a, p. 195, Fig. 165, no. b. Chapman, E. J., 1863b, p. 167, Fig. 165, no. b. Miller, S. A., 1889, p. 174, Fig. 140. Ruedemann, 1901, p. 11, Pl. 1, fig. 1. Bassler, 1915, p. 128. Bassler and Moodey, 1943, p. 336.

Ordovician, Sandbian – Katian (Champlainian), Aylmer Formation, Mingan Formation; Day Point Limestone, Rysedorph Conglomerate. Canada, Ontario, Quebec; United States, New York

\**Bolboporites mitralis* Pander, 1830, p. 107, Pl. 2, figs. 4a-4b. Bronn, 1848, p. 170. Wanner, 1920, Unnum. Pl., figs. 14-15. Bassler, 1938, p. 53. Bassler and Moodey, 1943, p. 336.

Ordovician, Floian (B2), Glauconite Limestone. Russia, St. Petersburg vicinity

*Bolboporites semiglobosus* Pander, 1830, p. 107, Pl. 2, fig. 1. Bronn, 1848, p. 170. Bassler and Moodey, 1943, p. 337.

Ordovician, Floian (B2), Glauconite Limestone. Russia, St. Petersburg vicinity

*Bolboporites stellifer* Eichwald, 1860, p. 496, Pl. 27, figs. 13a-13d. Bassler and Moodey, 1943, p. 337.

Ordovician, Floian (B2), Glauconite Limestone. Russia, probably St. Petersburg vicinity

*Bolboporites triangularis* Pander, 1830, p. 107, Pl. 2, fig. 2. Bronn, 1848, p. 170. Bassler and Moodey, 1943, p. 337.

Ordovician, Floian (B2), Glauconite Limestone. Russia, probably St. Petersburg vicinity

*Bolboporites uncinata* Pander, 1830 = *Bolboporites uncinatus*

*Bolboporites uncinatus* Pander, 1830, p. 107, Pl. 2, fig. 3. Bassler and Moodey, 1943, p. 337.

*Bolboporites uncinata* Pander, 1830. Bronn, 1848, p. 170.

Ordovician, Floian (B2), Glauconite Limestone. Russia, probably St. Petersburg vicinity

**BOLICRINUS** Witzke and Strimple, 1981. \**B. globosus* Witzke and Strimple, 1981. Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Patelliocrinoidea, F. Patelliocrinidae

Witzke and Strimple, 1981, p. 117. Webster, 1988, p. 44.

Named, currently recognized species based on cups or crowns: 2 Silurian, Llandoveryian species

Silurian, Llandoveryian. United States, Iowa

*Bolicrinus deflatus* Witzke and Strimple, 1981, p. 119, Pl. 2, figs. 24-26; Fig. 9, nos. B-C. Webster, 1988, p. 44.

Silurian, Llandoveryan, Hopkinton Dolomite, *Cyclocrinites* Beds. United States, Iowa

\**Bolicrinus globosus* Witzke and Strimple, 1981, p. 118, Pl. 2, figs. 15-23, Fig. 9, no. A. Webster, 1988, p. 44.

Silurian, Llandoveryan, Hopkinton Dolomite, *Cyclocrinites* Beds. United States, Iowa

**BOLIVIACRINUS** McIntosh, 1988. \**B. isaacsoni* McIntosh, 1988.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Patelliocrinoidea, F. Patelliocrinidae

McIntosh, 1988, p. 623. Webster, 1993, p. 31.

Named, currently recognized species based on cups or crowns: 1 Devonian, Eifelian species

Devonian, Eifelian. Bolivia

\**Boliviocrinus isaacsoni* McIntosh, 1988, p. 623, Figs. 1-2. Webster, 1993, p. 31.

Devonian, Eifelian, Sicasica Formation. Bolivia

**BOLLANDOCRINUS** Wright, 1951. \**Poteriocrinus conicus* Phillips, 1836.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F. Scytalocrinidae

Wright, J., 1951b, p. 62. Arendt and Hecker, 1964, p. 89. Webster, 1973, p. 68.

Named, currently recognized species based on cups or crowns: 22 species, 2 subspecies. 6 Silurian species, 3 Niagaran, 3 Wenlockian; 16 Devonian species, 1 Lochkovian – Emsian, 4 Pragian (+1 subspecies), 1 Lochkovian – Emsian undesignated, 1 Emsian, 2 Eifelian, 8 Givetian, (+1 subspecies)

Middle Silurian, Niagaran - Middle Devonian, Givetian (Erian). North America

Middle Silurian, Wenlockian - Middle Devonian, Eifelian. Europe, Russia

*Botryocrinus arkonensis* Goldring, 1950 = \**Decorocrinus arkonensis*

*Botryocrinus americanus* Rowley, R. R., 1904b, p. 184, Pl. 54, figs. 12-14. Goldring, 1923, p. 367, Pl. 47, figs. 9-10. Bassler and Moodey, 1943, p. 337. Moore and Laudon, 1944, p. 155, Pl. 57, fig. 11. Webster, 1973, p. 68.

Devonian, Givetian (Erian), Hamilton Group. United States, Indiana

*Botryocrinus angularis* Goldring, 1954, p. 18, Pl. 2, figs. 5-7. Webster, 1973, p. 68.

Devonian, Givetian (Erian), Moscow Shale. United States, New York

*Botryocrinus arkonensis* Goldring, 1950, p. 31, Pls. 1, figs. 14-15; 2, figs. 1-8. Webster, 1973, p. 68.

Devonian, Givetian (Erian), Arkona Shale. Canada, Ontario

*Botryocrinus bellensis* Kesling, 1973, p. 34, Pls. 1-4; 5, figs. 1-3, 6-10; 6; 7, figs. 1-2, 10-12; Fig. 1. Webster, 1977, p. 48. Ubaghs *in* Moore and Teichert, 1978, p. T187, Fig. 158. Webster, 1986, p. 80.

Devonian, Givetian, Bell Shale. United States, Michigan

*Botryocrinus bethaniensis* Goldring, 1954 = \**Pyrenocrinus bethaniensis*

*Botryocrinus conoideus* Dubatolova, 1971, p. 31, Pl. 3, fig. 2; Fig. 7. Webster, 1977, p. 49.

Devonian, Eifelian. Russia, Altai Mountains

*Botryocrinus concinnus* Goldring, 1923 = *Nuxocrinus crassus*

*Botryocrinus consolidatus* Schmidt, 1942 = *Costalocrinus consolidatus*

*Botryocrinus corallum* Angelin, 1878 = *Botryocrinus ramosissimus*

*Botryocrinus costatus* Goldring, 1954 = *Nassoviocrinus costatus*

*Botryocrinus crassus* (Whiteaves, 1887) = *Nuxocrinus crassus*

*Botryocrinus cressus* (Whiteaves, 1887) = *Nuxocrinus crassus*

*Botryocrinus cucurbitaceus* (Angelin, 1878). Ubaghs, 1953, p. 751, Fig. 14, no. d. Bather, 1893a, p. 119, Pl. 6, figs. 180-193, Fig. 17, no. 2. Bassler and Moodey, 1943, p. 338. Webster, 1973, p. 69. Ubaghs *in* Moore and Teichert, 1978, p. T125, Fig. 94, no. 3. Moore and Lane *in* Moore and Teichert, 1978, p. T614, Fig. 398, nos. 1c-1e. McIntosh, 1984, p. 1262. Rozhnov, 1985b, p. 6, Fig. 2, no. v. Rozhnov, 1986, p. 3, Fig. 2, no. c. Webster, 1986, p. 80. Webster, 1988, p. 45. Webster, 1993, p. 31.

*Sicyocrinus cucurbitaceus* Angelin, 1878, p. 24, Pls. 4, fig. 6; 16, fig. 5. Trautschold, 1882, p. 141, Unnum. Figs. p. 141-142. Bassler, 1938, p. 170. Bassler and Moodey, 1943, p. 337.

*Syciocrinus cucurbitaceus* (Angelin, 1878). Neumayr, 1889, p. 472, Fig. 142, no. a (sic).

Silurian, Wenlockian. Sweden, Isle of Gotland

*Botryocrinus cyathiformis* Haarmann, 1921 = *Dictenocrinus cyathiformis*

*Botryocrinus? cylindricus* (Hall), Goldring, 1948 = *Homocrinus cylindricus* = *Thalamocrinus cylindricus* = *T. strimplei*

*Botryocrinus dactylus* Schmidt, 1942 = *Botryocrinus* s. str. *dactylus*

*Botryocrinus* cf. *dactylus* Schmidt, W. E., 1942, p. 130, Pl. 26, fig. 7. Webster, 1973, p. 69.

Devonian, Pragian, Herdorf Schichten. Germany

*Botryocrinus* s. str. *dactylus* Schmidt, W. E., 1942, p. 130, Pl. 26, fig. 6. Webster, 1973, p. 69.

*Botryocrinus dactylus* Schmidt, 1942. McIntosh, 1984, p. 1262. Webster, 1973, p. 69. Webster, 1988, p. 45.

Devonian, Pragian (Siegenian), Herdorf Schichten. Germany

*Botryocrinus decadactylus* Bather, 1891 = *Cyathocrinus decadactylus* = *Dictenocrinus decadactylus*

- Botryocrinus doubleti* Kirk, 1913 = *Pyrenocrinus? doubleti*
- Botryocrinus (Bathericrinus) ericius* Schmidt, 1934 = *Dictenocrinus ericius*
- Botryocrinus helenae* Schmidt, 1942 = *Costalocrinus helenae*
- Botryocrinus (Bathericrinus) hystrix* Schmidt, 1934 = *Dictenocrinus hystrix*
- Botryocrinus irregularis* Haarmann, 1921, p. 8, Pl. 1, figs. 1a-1b. Schmidt, W. E., 1942, p. 114, Pls. 6, fig. 1; 26, fig. 5; Fig. 30. Webster, 1973, p. 69. McIntosh, 1984, p. 1262. Webster, 1988, p. 45.  
Devonian, Pragian (Siegenian), Herdorf Schichten. Germany
- Botryocrinus? jambus* Schmidt, W. E., 1942, p. 131, Pl. 26, fig. 4. Sieverts-Doreck, 1957, p. 66. Webster, 1973, p. 69. McIntosh, 1984, p. 1262. Webster, 1988, p. 45.  
Devonian, Pragian (Siegenian), Herdorf Schichten. Germany
- Botryocrinus longibrachiatus* Chapman, 1903 = *Nassoviocrinus longibrachiatus*
- Botryocrinus mirandus* Yeltyschewa, 1968, p. 33, Pls. 2, fig. 6; 3, figs. 1-4, 26. Webster, 1973, p. 69.  
Silurian, Lochkovian – Emsian undesignated, Borschov Horizon. Russia, Podolsky
- Botryocrinus montisguyonensis* Delpy, 1943, p. 15, Figs. 1-5 (incorrectly given as *B. montis-guyonensis*). Webster, 1973, p. 69. Le Menn, 1985, p. 86, Pl. 17, figs. 10-11; Fig. 79, no. A. Webster, 1986, p. 80. Webster, 1988, p. 45. Franke, C., 2012, p. 13, Pl. 5, figa. 1-3; Fig. 5.  
Devonian, early Emsian, Montguyon Formation;. France American Massif
- Botryocrinus nervus* Hauser, 2004. Hauser, 2007, p. 56, Fig. 1; p. 57, Fig. 1. Hauser, 2008, p. 18, Pl. 14, fig. 1; Figs. 25, 26.  
Devonian, Eifelian, Givetian, Ahbach Formation. Germany
- Botryocrinus niemani* Kesling, 1966, p. 273, Pl. 1, figs. 1-5; Fig. 1. Webster, 1973, p. 69. Kesling and Chilman, 1975, p. 162, Pls. 23, figs. 12-14; 51, fig. 4; 63, fig. 9; Unnum. Fig. p. 163. Webster, 1986, p. 80.  
Devonian, Givetian (Erian), Silica Formation. United States, Ohio, Michigan
- Botryocrinus nucleus* (Hall, 1877). Bather, 1893a, p. 104. Bassler, 1915, p. 130. Bassler and Moodey, 1943, p. 338.  
*Dendrocrinus nucleus* Hall, 1877, Pl. 15, figs. 7-9. Miller, S. A., 1889, p. 238. Bassler, 1915, p. 130. Bassler and Moodey, 1943, p. 338.  
*Cyathocrinus nucleus* (Hall, 1877). Hall, 1879c, p. 136, Pl. 15, figs. 7-9. Hall, 1882b, p. 265, Pl. 14, figs. 7-9. Miller, S. A., 1889, p. 236. Bassler, 1915, p. 130.  
*Homocrinus nucleus* (Hall, 1877). Wachsmuth and Springer, 1886, p. 144 (220). Bassler, 1915, p. 130.

Silurian, Niagaran, Waldron Shale, Louisville Limestone. United States, Indiana, Kentucky

*Botryocrinus nycteus* (Hall, 1862). Goldring, 1923, p. 363, Pl. 47, figs. 3-6. Bassler and Moodey, 1943, p. 338. Moore and Laudon, 1944, p. 155, Pl. 57, figs. 9, 22. Webster, 1973, p. 69.

*Poteriocrinus nycteus* Hall, 1862a, p. 92. Hall, 1862b, p. 120. Shumard, 1868, p. 391. Hall, 1872c, Pl. 1-A, figs. 3-4. Miller, S. A., 1889, p. 275. Bassler and Moodey, 1943, p. 338.

Devonian, Givetian (Erian), Hamilton Group, Moscow Shale. United States, New York.

*Botryocrinus obconicus* Goldring, 1923 = *Bactrocrinites fieldi*

*Botryocrinus ornatus* Goldring, 1954 = *Nassoviocrinus? ornatus*

*Botryocrinus pachydactylus* (Sandberger and Sandberger, 1855). Schmidt, W. E., 1942, p. 124, Pls. 6, fig. 3; 18, fig. 2. Webster, 1973, p. 69.  
Devonian, Pragian (Coblenzian), Herdorf Schichten. Germany

*Botryocrinus pachydactylus* (Sandberger and Sandberger), Haarmann, 1921 = *Nassoviocrinus pachydactylus*

*Botryocrinus?* sp. cf. *pachydactylus* (Sandberger and Sandberger, 1855). Sieverts-Doreck, 1957a, p. 66. Webster, 1973, p. 69.  
Devonian, Pragian (Coblenzian), Herdorf Schichten. Germany

*Botryocrinus parvus* Strimple, 1963d, p. 63, Fig. 17, nos. a-b. Webster, 1973, p. 70.  
Silurian, Ludlovian (Niagaran), Henryhouse Formation. United States, Oklahoma

*Botryocrinus patellaris* Haarmann, 1921, p. 11, Pl. 1, figs. 2-3. Bassler and Moodey, 1943, p. 338. Schmidt, W. E., 1942, p. 114, Pl. 6, fig. 2. Webster, 1973, p. 70. McIntosh, 1984, p. 1262. Webster, 1988, p. 45.  
Devonian, Pragian (Siegenian), Herdorf Schichten. Germany

*Botryocrinus pinnulatus* Bather, 1891 = *Dictenocrinus pinnulatus*

*Botryocrinus polyxo* (Hall, 1863). Bather, 1893a, p. 105. Weller, S., 1900, p. 66, Pl. 14, fig. 12. Grabau and Shimer, 1910, p. 506. Bassler, 1915, p. 130. Springer, 1926a, p. 138, Pl. 31. Bassler and Moodey, 1943, p. 338. Moore and Laudon, 1944, p. 155, Pl. 54, fig. 22. Webster, 1973, p. 70.

*Cyathocrinus polyxo* Hall, 1863a, p. 5. Hall, 1864b, p. 199. Shumard, 1868, p. 363. Bigsby, 1868, p. 19. Hall, 1877, p. 135, Pl. 15, figs. 10-17. Hall, 1879a, p. 135. Hall, 1897b, Pl. 15, figs. 15-17. Hall, 1882b, p. 264, Pl. 14, figs. 10-17. Miller, S. A., 1889, p. 236. Bassler, 1915, p. 130. Bassler and Moodey, 1943, p. 338. Kahrs, 1995, p. 53, 2 Unnum. Figs.

*Homocrinus polyxo* (Hall, 1863). Wachsmuth and Springer, 1886, p. 144 (87). Bassler, 1915, p. 130.

Silurian, Niagaran, Waldron Shale, Racine Dolomite. United States, Indiana, Illinois

*Botryocrinus procerus* Haarmann, 1920 = *Dictenocrinus procerus*

*Botryocrinus quinquelobus* Bather, 1892b, p. 189, Pl. 11, figs. 1-2. Bassler and Moodey, 1943, p. 339.

*Cyathocrinus quinquangularis* (Bather), Phillips in Salter, 1873, p. 123. Bassler and Moodey, 1943, p. 339.

Silurian, Wenlockian, Wenlock Limestone. United Kingdom

*Botryocrinus ramosissimus* Angelin, 1878 = *Botryocrinus ramosissimus*

\**Botryocrinus ramosissimus* Angelin, 1878, p. 24, Pls. 20, fig. 8; 23, figs. 14. Bassler, 1938, p. 54. Bassler and Moodey, 1943, p. 339. Ubaghs in Moore and Teichert, 1978, p. T168, Fig. 139, no. 7. Moore and Lane in Moore and Teichert, 1978, p. T613, Fig. 398, nos. 1f-1i. McIntosh, 1984, p. 1262. Hauser, 2008, p. 18, Fig. 24.

*Botryocrinus ramosissimus* Angelin, 1878. Webster, 1986, p. 80.

*Botryocrinus corallum* Angelin, 1878, p. 24, Pls. 15, fig. 9a; 23, figs. 15-16a; 24, fig. 4. Bassler and Moodey, 1943, p. 339. Franke, C., 2012, p. 13, unfig. Late Silurian, Wenlockian. Sweden, Isle of Gotland

*Botryocrinus ramosus* Bather, 1891 = \**Bathericrinus ramosus*

*Botryocrinus reimanni* Goldring, 1934, p. 193, Pl. 2, figs. 8-12. Bassler and Moodey, 1943, p. 339. Goldring, 1950, p. 29, Pl. 1, figs. 1-11. Webster, 1973, p. 70. Devonian, Givetian (Erian), Ludlowville Group, Wanakah Shale; Arkona Shale. United States, New York; Canada, Ontario

*Botryocrinus reimanni granilineatus* Goldring, 1950 *nomen correctum*

*Botryocrinus reimanni* var. *granilineatus* Goldring, 1950, p. 30, Pl. 1, figs. 12-13. Webster, 1973, p. 70.

Devonian, Givetian (Erian), Dock Street Clay. United States, Michigan

*Botryocrinus schultzei* Haarmann, 1921 = *Nassoviocrinus schultzei*

*Botryocrinus schultzei goldenbergi* Schmidt, W. E., 1942, p. 119, Pls. 24, fig. 2; 25, fig. 9; Figs. 31, 32B, 33. Webster, 1973, p. 70.

Devonian, Pragian, Lower Coblenzian beds. Germany

*Botryocrinus* n. sp. aff. *schultzei* Haarmann, 1921. Schmidt, W. E., 1942, p. 123, Fig. 34. Webster, 1973, p. 70.

Devonian, Pragian (Coblenzian), Herdorf Schichten. Germany

Figs. 23, nos. A-C; 24, nos. A-C. Hess *in* Hess et al., 1999 p. 162, Fig. 176.

*Calceolispongia abundans* Teichert, 1949. Webster, 1973, p. 74 (sic).

Permian, late Artinskian, lower part of Wandagee Formation. Australia, Western  
Australia

*Calceolispongia abundans* Teichert, 1949 = *C. abundans*

*Calceolispongia aculeata* (Wanner, 1924). Branson, C. C., 1948, p. 182. Teichert,  
1949, p. 41, Pl. 25, figs. 23-24. Webster, 1973, p. 74.

*Dinocrinus aculeatus* Wanner, 1924, p. 248, Pl. 14, figs. 18-21. Bassler and  
Moodey, 1943, p. 427. Teichert, 1949, p. 41. Webster, 1973, p. 74.

Permian, series uncertain. West Timor

*Calceolispongia acuminata* Teichert, 1949, p. 59, Pl. 3, figs. 8-35. Webster, 1973, p.  
74. Teichert, 1991, p. 116. Teichert and Webster, 1993, p. 10, Pl. 68, figs. 1-2,  
9-10, 22.

Permian, Artinskian, uppermost part of Bulgadoo Series; Barrabiddy Shale Series;  
Byro Series. Australia, Western Australia

*Calceolispongia barrabiddiensis* Teichert, 1949, p. 60, Pl. 3, figs. 1-7. Webster, 1973, p. 74. Teichert, 1991, p. 117. Teichert and Webster, 1993, p.11, Pl. 68, figs. 3-8. Permian, late Artinskian, Barrabiddy Shale Series, Coyrie Formation. Australia, Western Australia

*Calceolispongia bicornuta* (Wanner, 1940).

*Calceolispongia? bicornuta* (Wanner, 1940). Branson, C. C., 1948, p. 182.

*Dinocrinus(?) bicornutus* Wanner, 1940, p. 241, Pl. 18, figs. 50-53. Branson, C. C., 1948, p. 182.

Gen. nov. et sp. nov. ind. 4. Wanner, 1924, p. 318, Pl. 22, figs. 17-18. Wanner, 1940, p. 241.

Permian, series uncertain. West Timor

*Calceolispongia? bicornuta* (Wanner, 1940) = *Calceolispongia bicornuta*

*Calceolispongia bifurcata* (Wanner, 1937), p. 183, Pl. 12, figs. 4-6, Fig. 66. Bassler and Moodey, 1943, p. 427. Branson, C. C., 1948, p. 183. Teichert, 1949, p. 41, Pl. 25, figs. 25-27. Webster, 1973, p. 74.

*Dinocrinus bifurcatus* Wanner, 1937, p. 183, Pl. 12, figs. 4-6; Fig. 60. Branson, C. C., 1948, p. 183. Teichert, 1949, p. 41. Webster, 1973, p. 74.

Permian, series uncertain. West Timor, Nipol Sumpek

*Calceolispongia cornuta* (Wanner, 1916). Branson, C. C., 1948, p. 183. Teichert, 1949, p. 41, Pl. 25, figs. 1-6. Webster, 1973, p. 74. Seilacher and MacClintock, 2005, p.234, Fig. 18, no. D.

*Dinocrinus cornutus* Wanner, 1916, p. 313, Pl. 97 (2), fig. 11. Wanner, 1924, p. 247, Pls. 14, fig. 10; 15, figs. 6-8. Bassler, 1938, p. 88. Bassler and Moodey, 1943, p. 427. Branson, C. C., 1948, p. 183. Teichert, 1949, p. 41. Webster, 1973, p. 74.

Permian, series uncertain. West Timor, Noil Nalien, near Dorf, Tamien, Nefotassi

*Calceolispongia cracowensis* Willink, 1979b, p. 178, Pl. 8, figs. 6-28; Fig. 13, no. F. Webster, 1986, p. 84.

Late Permian, Kazanian, Barfield Formation, Crocker Formation. Australia, Queensland

*Calceolispongia diemenensis* Willink, 1979b, p. 180, Pl. 10, figs. 26-49; Fig. 13, no. B. Webster, 1986, p. 84.

Permian, early Artinskian, Crinoidal Zone of Permian Section on Maria Island. Australia, Tasmania

*Calceolispongia digitata* Teichert, 1949, p. 61, Pl. 2, figs. 1-45. Webster, 1973, p. 74. Willink, 1978b, p. 165, Fig. 15, no. A. Webster, 1987, p. 125, Fig. 15, no. F. Teichert, 1991, p. 117. Teichert and Webster, 1993, p. 12, Pls. 65, fig. 17; 68, figs. 11-21, 27-29. Webster, 1993, p. 33.

Early Permian, late Sakmarian - early Artinskian, Callytharra Formation, Holmwood Shale, Fossil Cliff Member. Australia, Western Australia

- Calceolispongia elegans* (Marez Oyens, 1940). Branson, C. C., 1948, p. 183.  
Teichert, 1949, p. 41, Pl. 25, figs. 28-30. Webster, 1973, p. 74.  
*Dinocrinus elegans* Marez Oyens, 1940a, p. 335, Pl. 4, fig. 4. Bassler and Moodey, 1943, p. 427. Branson, C. C., 1948, p. 183. Teichert, 1949, p. 41. Webster, 1973, p. 74.  
Permian, series uncertain. West Timor
- Calceolispongia elegantula* Teichert, 1949, p. 63, Pls. 1, figs. 1, 8, 13, 25; 5, figs. 14-16; 6, figs. 1-20, 23-80; 7; 8, fig. 1. Webster, 1973, p. 74. Lane *in* Moore and Teichert, 1978, p. T755, Fig. 501, nos. 1a-1b. Teichert, 1991, p. 117. Teichert and Webster, 1993, p. 12, Pl. 68, figs. 23-26, 30-41, 44. Seilacher and MacClintock, 2005, p. 234, Fig. 18, no. E.  
*Calceolispongia elegantulua* Teichert, 1949. Webster, 1986, p. 84 (sic).  
Early Permian, late Artinskian, lower part of Wandagee Series. Australia, Western Australia
- Calceolispongia elegantulua* Teichert, 1949 = *Calceolispongia elegantula*
- Calceolispongia gerthi* Willink, 1979b, p. 180, Pl. 10, figs. 1-25; Fig. 13, no. C.  
Webster, 1986, p. 84. Webster and Jell, 1999b, p. 326, Fig. 26, nos. E-G.  
Permian, early Artinskian, Crinoidal Zone of Berridale Formation. Australia, Tasmania
- \**Calceolispongia hindei* Etheridge, 1915, p. 9, Pl. 4, figs. 1-9; 7, figs. 5-6. Bassler, 1938, p. 56. Bassler and Moodey, 1943, p. 347. Branson, C. C., 1948, p. 183. Teichert, 1949, p. 71, Pls. 21; 22; 23, figs. 1-12, 22-31. Webster, 1973, p. 74. Teichert, 1991, p. 117. Teichert and Webster, 1993, p. 13, Pl. 68, figs. 42-43, 45-52, 54-57.  
*Dinocrinus cornutus* var. *hindei* (Etheridge, 1915), Gerth, 1936, p. 866, Figs. 1-3. Bassler and Moodey, 1943, p. 347. Branson, C. C., 1948, p. 183.  
Permian, late Artinskian - Kungurian, upper part of Nooncanbah Series, lowest part of Coolkilya Sandstone; Wandagee Series. Australia, Western Australia
- Calceolispongia horrida* (Wanner, 1940).  
*Calceolispongia? horrida* (Wanner, 1940). Branson, C. C., 1948, p. 183.  
*Dinocrinus(?) horridus* Wanner, 1940, p. 239, Pl. 18, figs. 42-49; Fig. 23. Branson, C. C., 1948, p. 183.  
Gen. nov. et spec. nov. ind. 1 Wanner, 1916, p. 314, Pl. 19, figs. 19-20. Wanner, 1940, p. 239.  
Gen. nov. et spec. nov. ind. 1 Wanner, 1924, p. 318, Pl. 22, figs. 15-16. Wanner, 1940, p. 239.  
Permian, series uncertain. West Timor
- Calceolispongia? horrida* (Wanner, 1940) = *Calceolispongia horrida*
- Calceolispongia kalewaensis* Dickens, 1968, p. 20, Pl. 4, figs. 1-27; Fig. 3. Webster, 1977, p. 51. Willink, 1979b, p. 178, Pl. 9, figs. 1-6; Fig. 13, no. G. Webster, 1986, p. 84.

Permian, late Roadian – middle Capitanian undesignated, Barfield Formation.  
Australia, Queensland

*Calceolispongia lizziensis* Willink, 1979b, p. 179, Pl. 9, figs. 7-32; Fig. 13, no. A.  
Webster, 1986, p. 84.

Permian, Sakmarian, Lizzie Creek Volcanics. Australia, Queensland

*Calceolispongia mammeata* (Wanner, 1924). Teichert, 1949, p. 41, Pl. 25, figs. 7-11.  
Webster, 1973, p. 74. Ubaghs *in* Moore and Teichert, 1978, p. T107, Fig. 82,  
no. 1. Webster, 1986, p. 85.

*Calceolispongia mammeatus* (Wanner, 1940). Branson, C. C., 1948, p. 183.

*Dinocrinus mammeatus* Wanner, 1924, p. 244, Pls. 13, figs. 3-5; 14, figs. 11-17; 15,  
figs. 1-5. Bassler and Moodey, 1943, p. 427. Branson, C. C., 1948, p. 183.  
Teichert, 1949, p. 41. Webster, 1973, p. 75.

Permian, series uncertain. West Timor, Toö

*Calceolispongia mammeatus* (Wanner, 1940 = *Calceolispongia mammeata*)

*Calceolispongia multiformis* Teichert, 1949, p. 75, Pls. 1, figs. 3, 5-6, 10-11, 14-15, 17-  
18, 23-24; 13-16. Webster, 1973, p. 75. Teichert, 1991, p. 117. Teichert and  
Webster, 1993, p. 14, Pl. 69, figs. 1-9, 11-16, 19-20.

Permian, late Artinskian, Wandagee Formation; Noonkanbah Formation. Australia,  
Western Australia

*Calceolispongia nodosa* (Etheridge, 1892). Willink, 1979b, p. 174, Pl. 7, figs. 1-3.  
Webster, 1986, p. 85.

*Phialocrinus? nodosus* Etheridge, 1892, p. 112, Pl. 14, figs. 4-5. Bassler and  
Moodey, 1943, p. 609. Branson, C. C., 1948, p. 188.

*Aesiocrinus nodosus* (Etheridge, 1892). Branson, C. C., 1948, p. 178.

Permian, Kungurian, Upper Wandrawandian Siltstone. Australia, New South Wales

*Calceolispongia noetlingi* (Sieverts-Doreck, 1942) = *Jimbacrinus? noetlingi*

*Calceolispongia robusta* Teichert, 1949, p. 80, Pl. 24. Webster, 1973, p. 75. Lane *in*  
Moore and Teichert, 1978, p. T755, Fig. 502, no. 1. Webster, 1986, p. 85.  
Teichert, 1991, p. 117. Teichert and Webster, 1993, p. 14, Pl. 69, figs. 10, 25.  
Hess *in* Hess et al., 1999 p. 162, Fig. 176. Seilacher and MacClintock, 2005,  
p.234, Fig. 18, nos. A-C. Kendrick, 2007, p. 346, Fig. 9, no. M.

Permian, Artinskian, Wandagee Series, Coolkilya Sandstone. Australia,  
Western Australia

*Calceolispongia rotundata* Teichert, 1949, p. 83, Pls. 1, fig. 16; 4, figs. 25-42; 5, figs. 1-  
13. Webster, 1973, p. 75. Teichert, 1991, p. 117. Teichert and Webster, 1993,  
p. 15, Pl. 69, figs. 17-18, 21-24, 26-27.

Permian, late Artinskian, lower part of Wandagee Formation; Noonkanbah  
Formation. Australia, Western Australia

*Calceolispongia rubra* Teichert, 1949, p. 85, Pls. 10, figs. 11-12; 17; 18, figs. 1-36, 44-47. Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 16, Pl. 70, figs. 1-4, 10-121, 28-29, 36-38, 40. Webster and Jell, 1999b, p. 324, Fig. 26, nos. A-D.

Permian, late Artinskian, lower part of Wandagee Formation. Australia, Western Australia

*Calceolispongia spectabilis* Teichert, 1949, p. 89, Pls. 1, figs. 4, 9; 18, figs. 37-43, 48; 19; 20. Webster, 1973, p. 75. Lane *in* Moore and Teichert, 1978, p. T755, Fig. 501, nos. 1c-1e. Webster, 1986, p. 85. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 16, Pl. 70, figs. 17-22, 27, 30-31, 41-44, 48-49.

Permian, late Artinskian, Wandagee Formation. Australia, Western Australia

*Calceolispongia spinosa* Teichert, 1949, p. 92, Pl. 2, figs. 46-72. Webster, 1973, p. 75. Webster, 1987, p. 126, Fig. 15, nos. G-H. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 17, Pls. 65, figs. 18-19; 70, figs. 5-9, 13-16, 23-25. Webster, 1993, p. 33. Hess *in* Hess et al., 1999 p. 162, Fig. 176.

Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia

*Calceolispongia* cf. *C. spinosa* Teichert, 1949. Webster, 1987, p. 127, Fig. 15, nos. C-E; 1993, p. 33.

Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia

*Calceolispongia stephensi* (Etheridge, 1892). Willink, 1979b, p. 175, Pl. 7, figs. 4-7. Webster, 1986, p. 85.

*Phialocrinus stephensi* Etheridge, 1892, p. 110, Pls. 17, fig. 1; 18, fig. 1; 22, fig. 5. Bassler and Moodey, 1943, p. 609. Branson, C. C., 1948, p. 178. Willink, 1979b, p. 175.

*Aesiocrinus stephensi* (Etheridge, 1892). Branson, C. C., 1948, p. 178. Willink, 1979b, p. 175.

Permian, Kungurian, Nowra Sandstone. Australia, New South Wales

*Calceolispongia teichertii* Willink, 1979b, p. 177, Pl. 8, figs. 1-5; Fig. 13, no. E. Webster, 1986, p. 85.

Permian, late Artinskian, lower part of Wandrawandian Siltstone. Australia, New South Wales

*Calceolispongia truncata* Teichert, 1949, p. 93, Pls. 3, figs. 36-56; 4, figs. 1-21.

Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 18, Pl. 70, figs. 32, 35, 39.

Permian, late Artinskian, Cundlego Formation. Australia, Western Australia

*Calceolispongia ulladullensis* Willink, 1979b, p. 175, Pl. 6, figs. 1-15; Figs. 10, nos. B-C; 11; 13, no. D; 15, no. B (incorrectly given as Pl. 6, figs. 1-4, p. 175). Webster, 1986, p. 85.

Permian, late Artinskian, lower part of Wandrawandian Siltstone. Australia, New

## South Wales

*Calceolispongia* sp. cf. *ulladullensis* Willink, 1979b, p. 177, Pl. 7, figs. 8-13. Webster, 1986, p. 85.

Permian, Kungurian, Nowra Sandstone. Australia, New South Wales

*Calceolispongia* spp. indet. (*gerthi-diemenensis*) Willink, 1979b, p. 181, Pls. 10, figs. 50-79; 11, figs. 40-54. Webster, 1986, p. 85.

Permian, early Artinskian, Crinoid Zone of Permian section on Maria Island. Australia, Tasmania

*Calceolispongia* sp. ind. A Teichert, 1949, p. 95, Pl. 1, figs. 19-20; 23, figs. 13-16. Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 18, Pl. 70, figs. 50, 53.

Permian, Artinskian, Wandagee Series, probably Nalbia Sandstone. Australia, Western Australia

*Calceolispongia* sp. ind. B Teichert, 1949, p. 96, Pl. 23, figs. 17-18. Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 19, Pl. 70, figs. 51-52.

Permian, Artinskian, Wandagee Series, Coolkilya Sandstone. Australia, Western Australia

*Calceolispongia* sp. ind. C Teichert, 1949, p. 96, Pl. 23, figs. 19-21. Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 19, Pl. 68, figs. 53, 58.

Permian, Artinskian, Wandagee Series, Coolkilya Sandstone. Australia, Western Australia

*Calceolispongia* sp. ind. D Teichert, 1949, p. 96. Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 19.

Permian, Artinskian, Wandagee Series, probably Baker Formation. Australia, Western Australia

*Calceolispongia* sp. ind. E Teichert, 1949, p. 97, Pl. 4, figs. 22-24. Webster, 1973, p. 75. Teichert, 1991, p. 118. Teichert and Webster, 1993, p. 19, Pl. 70, figs. 26, 33-34.

Permian, late Artinskian, Quinannie Shale. Australia, Western Australia

*Calceolispongia* sp. ind. F Teichert, 1949, p. 97, Pl. 2, figs. 73-76. Webster, 1973, p. 75. Teichert, 1991, p. 119. Teichert and Webster, 1993, p. 20, Pl. 70, figs. 45-47.

Permian, Artinskian, Barabiddy Shale Series, Coyrie Formation. Australia, Western Australia

*Calceolispongia* sp. ind. G Teichert and Webster, 1993, p. 20.

*Calceolispongia* sp. Condon, 1967, p. 35. Teichert, 1991, p. 119. Teichert and Webster, 1993, p. 20.

Permian, Asselian, Lyons Group. Australia, Western Australia

*Calceolispongia* sp. ind. H Teichert and Webster, 1993, p. 20.

*Calceolispongia* sp. Condon, 1967, p. 42. Teichert, 1991, p. 119. Teichert and Webster, 1993, p. 20.

Permian, Asselian, Lyons Group. Australia, Western Australia

*Calceolispongia* sp. ind. I Teichert and Webster, 1993, p. 20.

*Calceolispongia* sp. Condon, 1967, p. 97. Teichert, 1991, p. 119. Teichert and Webster, 1993, p. 20.

Permian, Artinskian, upper part of Billidee Formation. Australia, Western Australia

*Calceolispongia* sp. ind. J Teichert and Webster, 1993, p. 21.

*Calceolispongia* sp. Condon, 1967, p. 136. Teichert, 1991, p. 119. Teichert and Webster, 1993, p. 21.

- Calliocrinus* cf. *beyrichianus* (Angelin, 1878). Donovan et al., 2008a, p. 39, Fig. 6, no. A.

Silurian, Wenlockian, Much Wenlock Limestone Formation. United Kingdom, Scotland

*Calliocrinus bifurcatus* (Weller, 1900). Bassler and Moodey, 1943, p. 348.

*Callicrinus bifurcatus* Weller, S., 1900, p. 125, Pl. 8, fig. 7. Bassler, 1915, p. 158. Bassler and Moodey, 1943, p. 348.

Silurian, Niagaran, Racine Dolomite. United States, Illinois

*Calliocrinus bilobus* (Weller, 1897). Bassler and Moodey, 1943, p. 348.

*Cryptodiscus bilobus* Weller, S., 1897a, p. 749, Fig. 8. Bassler, 1915, p. 158.

*Callicrinus bilobus* (Weller, 1897). Weller, S., 1897b, p. 808. Weller, 1900, p. 125, Pl.

10, fig. 4. Bassler, 1915, p. 158. Bassler and Moodey, 1943, p. 348.

Silurian, Niagaran, Racine Dolomite. United States, Illinois

*Calliocrinus cornutus* (Hall, 1864). Bassler and Moodey, 1943, p. 348. Witzke and Strimple, 1981, p. 132, Fig. 20, no. A. Webster, 1988, p. 48.

*Eucalyptocrinus cornutus* Hall, 1864c, p. 322, Pl. 11, figs. 8-9. Hall, 1865a, p. 322, Pl. 11, figs. 8-9. Hall, 1867b, p. 322, Pl. 11, figs. 8-9. Shumard, 1868, p. 370. Hall, 1870, p. 363, Pl. 11, figs. 8-10. Whitfield, 1882a, p. 285, Pl. 16, figs. 5-8. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 158. Bassler and Moodey, 1943, p. 348.

*Callicrinus cornutus* (Hall, 1864). Wachsmuth and Springer, 1897, p. 357, Pl. 83, figs. 15-17. Weller, S., 1900, p. 118, Pl. 8, figs. 1-3. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 348.

*Hypanthocrinus cornutus* (Hall, 1864). Bigsby, 1868, p. 21.

Silurian, Niagaran, Racine Dolomite; Cedarville Limestone. United States, Wisconsin, Illinois, Ohio

*Calliocrinus cornutus excavatus* (Hall, 1865). Bassler and Moodey, 1943, p. 348.

*Eucalyptocrinus cornutus* var. *excavatus* Hall, 1864c, p. 322, Pl. 11, figs. 6-7. Hall, 1865a, p. 322, Pl. 11, figs. 6-7. Hall, 1867b, p. 322, Pl. 11, figs. 6-7. Shumard, 1868, p. 370. Hall, 1870, p. 364, p. 11, figs. 6-7. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 348.

Silurian, Niagaran, Racine Dolomite. United States, Wisconsin, Indiana

*Calliocrinus corrugatus* (Weller, 1897). Bassler and Moodey, 1943, p. 348.

*Cryptodiscus corrugatus* Weller, S., 1897a, p. 747, Figs. 1-2. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 348.

*Callicrinus corrugatus* (Weller, 1897). Weller, S., 1900, p. 123, Pl. 11, figs. 6-7. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 348.

Silurian, Niagaran, Racine Dolomite. United States, Illinois

\**Calliocrinus costatus* (Hisinger, 1837). d'Orbigny, 1850, p. 45. Pictet, 1857, p. 301, Pl. 99, fig. 20. Bigsby, 1868, p. 196. Miller, S. A., 1892a, p. 676. Zittel, 1895, p. 121, 133, Figs. 233, no. B; 252, nos. A-D. Weller, S., 1897b, p. 807, Pl. B, fig. 9. Bassler and Moodey, 1943, p. 348. Ubaghs *in* Moore and Teichert, 1978, p.

T498, Fig. 299, nos. 2a-2c. Witzke and Strimple, 1981, p. 126, Fig. 16, no. H. Smith, A. B., 1985, p. 168, Pl. 7.4.9. Webster, 1986, p. 86. Webster, 1988, p. 48. *Eugeniocrinites? costatus* Hisinger, 1837, p. 90, Pl. 30, figs. 14a-14b. Bassler, 1938, p. 57. Bassler and Moodey, 1943, p. 348.

*Calliocrinus costatus* var. Angelin, 1878, p. 15, Pl. 2, figs. 5-5a. Bassler and Moodey, 1943, p. 348.

*Callicrinus costatus* (Hisinger, 1837). Angelin, 1878, p. 15, Pls. 1, fig. 6; 2, figs. 1-4; 21, figs. 4-5; 24, figs. 23-26; 28, figs. 19-22, 24-25. Zittel, 1880, p. 337, 378, Figs. 231, no. c; 264, nos. a-d. Bather *in* Lankester, 1900, p. 163, Fig. 77, nos. 3-5. Wachsmuth *in* Zittel, 1900, p. 129, 149, Figs. 233, no. B; 253, nos. A-D. Weller, S., 1900, p. 11, Fig. 4. Gurich, 1908, p. 46, Pl. 13, fig. 8. Springer, 1913, p. 193, Figs. 281, no. B; 293. Moore, 1939b, p. 182, Fig. 3, nos. 1, 3. Bassler and Moodey, 1943, p. 348.

Silurian, Wenlockian. Sweden, Isle of Gotland

*Calliocrinus costatus* var. Angelin, 1878 = *Calliocrinus costatus*

*Calliocrinus desideratus* (Weller, 1900). Bassler and Moodey, 1943, p. 349.

*Callicrinus desideratus* Weller, S., 1900, p. 122, Pls. 9, fig. 2; 10, fig. 3; 11, figs. 1-3. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 349. Silurian, Niagaran, Racine Dolomite. United States, Wisconsin

*Calliocrinus diadema* Angelin, 1878. Bassler and Moodey, 1943, p. 349.

*Callicrinus diadema* Angelin, 1878, p. 16, Pl. 28, figs. 27-27a. Bassler and Moodey, 1943, p. 349. Silurian, Wenlockian. Sweden, Isle of Gotland

*Calliocrinus digitatus* (Weller, 1897). Bassler and Moodey, 1943, p. 349.

*Cryptodiscus digitatus* Weller, 1897a, p. 749, Figs. 6-7. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 349.

*Callicrinus digitatus* (Weller, 1897). Weller, S., 1900, p. 124, Pls. 9, figs. 3-4; 11, fig. 5. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 349. Silurian, Niagaran, Racine Dolomite. United States, Illinois

*Calliocrinus hydei* (Weller, 1897). Bassler and Moodey, 1943, p. 349.

*Cryptodiscus hydei* Weller, S., 1897a, p. 748, Figs. 3-4 (misspelled as *C. hydri* on figure explanation). Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 349.

*Callicrinus hydei* (Weller, 1897). Weller, S., 1900, p. 124, Pls. 8, fig. 8; 9, fig. 1; 10, figs. 1-2. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 349. Silurian, Niagaran, Racine Dolomite. United States, Illinois, Wisconsin

*Calliocrinus koninckianus* (Angelin, 1878). Bassler and Moodey, 1943, p. 349.

*Callicrinus koninckianus* Angelin, 1878, p. 15, Pls. 1, figs. 4-4a; 28, figs. 18a, 26-26a. Bassler and Moodey, 1943, p. 349. Silurian, Wenlockian. Sweden, Isle of Gotland

- Calliocrinus longispinus* (Weller, 1900). Bassler and Moodey, 1943, p. 349. Witzke and Strimple, 1981, p. 134, Pl. 5, figs. 8-10; Fig. 16, no. G. Webster, 1988, p. 48.  
*Callicrinus longispinus* Weller, S., 1900, p. 119, Pl. 8, figs. 4-5. Grabau and Shimer, 1910, p. 560. Bassler, 1915, p. 159. Bassler and Moodey, 1943, p. 349.  
 Silurian, Llandoveryan, Hopkinton Dolomite, *Cyrtia* Beds; Racine Dolomite. United States, Iowa, Illinois

Branson, C. C., 1948, p. 183.  
Permian, series uncertain. West Timor, Basleo
- Calycocrinus curvatus coronatus* Wanner, 1916. Wanner, 1924, p. 99. Marez Oyens, 1940a, p. 310, Pl. 2, fig. 9. Bassler and Moodey, 1943, p. 351. Branson, C. C., 1948, p. 184.  
*Calycocrinus coronatus* Wanner, 1916, p. 267, Pl. 110 (15), figs. 14-15. Bassler and Moodey, 1943, p. 351. Branson, C. C., 1948, p. 184.  
Permian, series uncertain. West Timor, Basleo, Snob Nenoe
- Calycocrinus curvatus depressus* Wanner, 1924, p. 98, Pl. 4, figs. 13-16. Wanner, 1930, p. 19, Pls. 1, figs. 14-17; 2, figs. 1-4; Figs. 10-13. Bassler and Moodey, 1943, p. 351. Branson, C. C., 1948, p. 184. Ubaghs, 1952, p. 213, Fig. 3, nos. A-C. Webster, 1973, p. 76.  
Permian, series uncertain. West Timor, Basleo
- Calycocrinus curvatus elongatus* Wanner, 1924, p. 97, Pl. 4, figs. 10-12. Bassler and Moodey, 1943, p. 351. Branson, C. C., 1948, p. 184.  
Permian, series uncertain. West Timor, Basleo
- Calycocrinus curvatus informis* Wanner, 1924, p. 96, Pl. 4, figs. 7-9. Wanner, 1930, p. 19, Pl. 1, figs. 10-13. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.  
Permian, series uncertain. West Timor, Basleo
- Calycocrinus curvatus labrosus* Wanner, 1930, p. 25, Pl. 2, figs. 7-12. Wanner, 1937, p. 99, Pl. 8, figs. 28-31. Marez Oyens, 1940a, p. 311, Pl. 3, fig. 2. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.  
Permian, series uncertain. West Timor, Basleo, Soempek
- Calycocrinus curvatus subcoronatus* Wanner, 1924, p. 98, Pl. 4, fig. 17-20. Wanner, 1930, p. 23, Pl. 2, figs. 5-6; Fig. 14. Marez Oyens, 1940a, p. 310, Pl. 3, fig. 1. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.  
Permian, series uncertain. West Timor, Basleo, Toenioen Eno
- Calycocrinus curvatus subturbinatus* Wanner, 1924, p. 99, Pl. 4, figs. 21-22; Fig. 3. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184. Yakovlev, 1949a, p. 266, Fig. 1, no. a. Yakovlev, 1956a, p. 86, Fig. 35, no. 1. Yakovlev, 1958, p. 71, Fig. 35, no. 1. Yakovlev, 1964a, p. 79, Fig. 37, no. 1. Yakovlev, 1964b, p. 58, Fig. 63. Webster, 1973, p. 76. Moore in Moore and Teichert, 1978, p. T785, Fig. 526, nos. 3a-3b. Webster, 1986, p. 87.  
*Calycocrinus curvatus* var. *subturbinata* Wanner, 1924. Diener, 1927, p. 11, Pl. 2, figs. 7a-7b.  
Permian, series uncertain. West Timor

*Calycocrinus curvatus* var. *subturbinata* Wanner, 1924 = *Calycocrinus curvatus subturbinatus*

*Calycocrinus curvatus turbinatus* Wanner, 1916. Bassler and Moodey, 1943, p. 352.

*Calycocrinus turbinatus* Wanner, 1916, p. 268, Pl. 111 (16), fig. 1. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.

*Calycocrinus curvatus* var. *turbinatus* Wanner, 1924, p. 100, Pl. 4, figs. 23-24. Bassler and Moodey, 1943, p. 352.

Permian, series uncertain. West Timor, Koeafeoe near Baung

*Calycocrinus curvatus typus* Wanner, 1924 = *Calycocrinus curvatus*

*Calycocrinus curvatus* var. *turbinatus* Wanner, 1916 = *Calycocrinus curvatus turbinatus*

*Calycocrinus curvatus* var. *typus* Wanner, 1924 = *Calycocrinus curvatus*

*Calycocrinus erectus* Wanner, 1930, p. 29, Pls. 2, figs. 22-23; 3, fig. 1. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus furnishi* Moore and Strimple, 1973, p. 35, Pl. 2, figs. 2a-d. Webster, 1977,

p. 52. (Not a *Calycocrinus*, GDW)

Pennsylvanian, Morrowan, Brentwood Member. United States, Oklahoma

*Calycocrinus granulatus* Wanner, 1916, p. 271, Pl. 111 (16), fig. 4. Wanner, 1924, p. 104, Pl. 5, figs. 1-7. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus granulatus altior* Wanner, 1924, p. 105, Pl. 5, figs. 8-9. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 184.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus kupangensis* Wanner, 1916, p. 269, Pl. 111 (16), fig. 2. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Loepang

*Calycocrinus labiatus* Marez Oyens, 1940a, p. 312, Pl. 3, fig. 3. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Taewei, Basleo

*Calycocrinus major* Wanner, 1916, p. 265, Pl. 110 (15), fig. 12. Wanner, 1924, p. 103, Pl. 4, figs. 27-28. Wanner, 1937, p. 102, Pl. 9, figs. 1-2; Fig. 21. Bassler and Moodey, 1943, p. 352. Branson, C. C., 1948, p. 185. Yakovlev, 1949a, p. 265, Fig. 1, no. b. Yakovlev, 1956a, p. 86, Fig. 35, no. 2. Yakovlev, 1958, p. 71, Fig. 35, no. 2. Yakovlev, 1964a, p. 79, Fig. 37, no. 2. Yakovlev, 1964b, p. 58, Fig. 64. Webster, 1973, p. 76.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus malaianus* Wanner, 1916, p. 264, Pl. 110 (15), fig. 11. Wanner, 1924, p. 102. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus millericrinoides* Wanner, 1924, p. 107, Pls. 6, fig. 18; 7, figs. 5-6. Wanner, 1930, p. 32. Wanner, 1937, p. 104, Fig. 23. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus nuciformis* Wanner, 1929, p. 321, Pl. 8, figs. 13-17, Fig. 3. Wanner, 1930, p. 34, Pl. 3, figs. 7-11; Fig. 18. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus patella* Wanner, 1924, p. 106, Pls. 5, figs. 10-16; 6, figs. 1-2. Wanner, 1930, p. 31, Fig. 16. Wanner, 1937, p. 102, Pl. 8, fig. 38; Fig. 22. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus perplexus* Wanner, 1929, p. 321, Pl. 8, figs. 10-12; Fig. 4. Wanner, 1930, p. 36, Pl. 3, figs. 12-14; Fig. 19. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 185. Ubaghs, 1953, p. 756, Fig. 136. Webster, 1973, p. 76. Ubaghs in Moore and Teichert, 1978, p. T94, Fig. 70, no. 13. Webster, 1986, p. 87.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus piriformis* Wanner, 1924, p. 101, Pl. 4, figs. 25-26. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 185.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus poculus* Wanner, 1916, p. 266, Pl. 110 (15), fig. 13. Wanner, 1924, p. 103.

Wanner, 1937, p. 100, Pl. 8, figs. 34-37. Bassler and Moodey, 1943, p. 353.

*Calycocrinus puculum* Wanner, 1916. Branson, C. C., 1948, p. 185 (sic).

Permian, series uncertain. West Timor, Basleo

*Calycocrinus puculum* Wanner, 1916 = *Calycocrinus poculus*

*Calycocrinus rossicus* Yakovlev, 1927b, p. 182, Pl. 6, figs. 13-13b. Yakovlev, 1930a, p. 99, Pl. 1, figs. 5a-5b. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p.

185. Yakovlev in Yakovlev and Ivanov, 1956, p. 70, Pl. 9, figs. 5-6, 8, 10, 15-18. Arendt and Hecker, 1964, p. 94, Pl. 14, figs. 5-8. Webster, 1973, p. 76.

Permian, Artinskian. Russia, Ural Mountains

*Calycocrinus similis* Wanner, 1930, p. 30, Pl. 3, figs. 2-3. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 186.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus spinosus* Wanner, 1916, p. 263, Pl. 110 (15), fig. 9. Wanner, 1924, p. 100,  
Pl. 3, figs. 13-16. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 186.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus symmetricus* Moore and Strimple, 1973, p. 34, Pl. 2, figs. 3a-d. Webster, 1977, p. 52. (Not a *Calycocrinus*, GDW)  
Pennsylvanian, Morrowan, Brentwood Member. United States, Oklahoma

*Calycocrinus tuberculatus* Wanner, 1930, p. 32, Pl. 3, figs. 4-6; Fig. 17. Wanner, 1937, p. 104, Pl. 9, figs. 3-5; Fig. 24. Bassler and Moodey, 1943, p. 353. Branson, C. C., 1948, p. 186.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus turbinatus* Wanner, 1916 = *Calycocrinus curvatus turbinatus*

*Calycocrinus venemai* Wanner, 1930, p. 27, Pl. 2, figs. 16-18. Bassler and Moodey, 1943, p. 354. Branson, C. C., 1948, p. 186.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus venemai angulatus* Wanner, 1930, p. 27, Pl. 2, figs. 19-21. Bassler and Moodey, 1943, p. 354. Branson, C. C., 1948, p. 186.

Permian, series uncertain. West Timor, Basleo

*Calycocrinus venemai planus* Marez Oyens, 1940a, p. 314, Pl. 3, fig. 4. Bassler and Moodey, 1943, p. 354. Branson, C. C., 1948, p. 186.

Permian, series uncertain. West Timor, Basleo

Silurian, Xiangyangsi Formation, Tugua Member. China, Yunnan Province

*Camarocrinus* cf. *subornatus* (Waagen and Jahn, 1899). Haude, 1992, p. 180, Pl. 7, figs. B-D; Fig. 17, nos. B-C.

*Scyphocrinus subornatus* Barrande in Waagen and Jahn, 1899, p. 74, Pls. 40-44; 58, figs. 8-9; 62, figs. 3-5, 8. Springer, 1917, p. 22. Bassler and Moodey, 1943, p. 676. Schmidt, 1931, p. 39. Prokop and Petr, 1990, p. 48. Haude, 1992, p. 180. Webster, 1993, p. 107.

*Scyphocrinites subornatus* (Barrande in Waagen and Jahn, 1899). Bassler and Moodey, 1943, p. 676. Prokop and Petr, 1986, p. 208, Pls. 3, figs. 3-4; 5, figs. 1-2; 6; Fig. 4. Prokop and Petr, 1990, p. 47, 48. Webster, 1993, p. 107.

*Scyphocrinites stellatus-mutabilis* (Hall-Springer). Le Maitre and Heddebaut, 1963, p. 274.

*Camarocrinus* cf. *subornatus* (Waagen and Jahn) Haude, 1989, p. 176, Pls. 2, fig. 13; 4, figs. 1, 3-4; Figs. 37-38(?). Haude, 1992, p. 180.

Late Silurian - Early Devonian, upper part of Pridoli Formation - lower part of Lochkovian. Czech Republic, Bohemia

Late Silurian, latest Pridoli - earliest Lochkovian. Pyrenees, ?Southwestern China

*Camarocrinus* cf. *subornatus* (Waagen and Jahn) Haude, 1989 = *Camarocrinus* cf. *subornatus*

*Camarocrinus* cf. *subornatus*? (Waagen and Jahn, 1899). Haude in Jahnke and Shi, 1989, p. 176, Fig. 38. Webster, 1993, p. 34.

Silurian, Xiangyangsi Formation, Tugua Member. China, Yunnan Province

*Camarocrinus ulrichi* Schuchert, 1903 = *Scyphocrinus ulrichi* = *Scyphocrinites ulrichi*

*Camarocrinus ulrichi* var. *stellifer* Schuchert, 1904 = *Scyphocrinites ulrichi stellifer*

*Camarocrinus* n. sp.? 1 Haude, 1992, p. 177, Pl. 8, figs. A-D; Fig. 16, nos. A-B.

?Late Silurian, Early Devonian, Pridoli - Lochkovian (probably Lochkovian). Spain

*Camarocrinus* n. sp.? 2 Haude, 1992, p. 17; 7, Pl. 8, figs. E-I; Fig. 16, no. C.

?Late Silurian, Early Devonian, Pridoli - Lochkovian (probably Lochkovian). Spain

*Camarocrinus* spp.

Ray, 1980, p. 5-16, Figs. 3-26. Webster, 1988, p. 149.

Silurian - Devonian, several formations. United States; Europe

Gupta and Webster, 1985, p. 21, Fig. 1. Webster, 1988, p. 149.

**Note:** Most Gupta localities considered fraudulent, Webster, 1991a.

Late Silurian or Early Devonian, unnamed calcareous shales. India, Himalayas  
Haude, 1998, p. 218, Figs. 2, 2a, 7.

Late Silurian. Morocco

Stinchcomb, 2008, p. 88, Fig. 05-25.

Late Silurian, Haragan Formation. United States, Oklahoma

*“Camarocrinus”* sp. Ausich et al. *in* Hess et al., 1999 p. 15, Fig. 21.

Early Devonian, series not given. North America

Camerata (Diplobathrida) Rozhnov, 2002, p. S538, Fig. 10. (diagramatic)

Camerata (Monobathrida) Rozhnov, 2002, p. S538, Fig. 10. (diagramatic)

Camerata incertae sedis Lee, Ausich, and Kammer, 2005, p. 347.

Mississippian, Viséan (middle Osagean), Nada Member, Borden Formation. United States, Kentucky

Camerata indet. 1 Hlebszevitsch, 2005, p. 607, Fig. 4, nos. H-I. (**Note:** 4H probably a dichocrinid, GDW)

Pennsylvanian, series not given, Las Salinas Formation, LS2 Member. Argentina

Camerata? indet. 2 Hlebszevitsch, 2005, p. 608, Fig. 4, no. F. . (**Note:** 4F probably a dichocrinid, GDW)

Pennsylvanian, series not given, Las Salinas Formation, LS2 Member. Argentina

Camerata indet. aff. *Megaradialocrinus* Chen and Yao, 1993). Bohatř, et al., 2012, p. 285, Figs. 4, nos. 1-5; 7, nos 1-4; 8, nos 1-3; 9, nos. 1-2; 10, nos. 1-8; 11, nos. 1-6. Devonian, lower Givetian, Lough Formation, Baarley Member, *hemiansatus* Conodont Biozone. Germany, Gerolstein

Camerate arm Brower, 1974b, p. 9, Fig. 5. Webster, 1986, p. 322.

No age or locality given

Camerate crinoid

Grabau and Shimer, 1910, p. 489, Fig. 1804.

Diagramatic

McLead, 1973, p. 246, Pl. 2, fig. 1. Webster, 1977, p. 178 (crown).

Mississippian, Viséan (Osagean), Warsaw Limestone. United States, Missouri

Brower, 1974b, p. 13, Fig. 7, nos. 1-3. Webster, 1986, p. 322.

No age or locality given

Speyer and Brett, 1991, p. 513, Fig. 7, no. A (diagramatic).

Early - middle Paleozoic

Bohatř, et al., 2012, p. 288, Fig. 6.

Devonian, lower Givetian, Lough Formation, Hustley Member. Germany,

## Gerostein

Camerate crinoid Lane et al., 1995 = *Actinocrinites zhaoae*

Camerate crinoid between batocrinids and actinocrinids Lane et al., 1995 = *Uperocrinus zhaoae* = *Actinocrinites zhaoae*

Camerate crinoid calyx Priest, 1972, Unnum. Fig. bottom right, p. 88. Webster, 1977, p. 178.

No age or locality given

Camerate crinoid digestive system . Südkamp, 2011, p. 247, Fig. 8. (diagramatic)

Camerate crinoid, group and species unknown Lane, et al., 1996, p. 123, Fig. 6.3. Pennsylvanian, Moscovian, Qijiangou Formation. China, Xinjiang-Uygar Autonomous Region

Camerate crinoid indet. Bassett and Bryant, 2006, p. 526, Pl. 18, figs. 1-5. Mississippian, Tournaisian, Friars Point Limestone. United Kingdom, Wales

Camerate crinoid species A Eckert and Brett, 2001, p. 34, Pl. 3, fig. 9. Silurian, middle Llandoveryan, Reynales Formation, Bear Creek Shale. United States, New York

Camerate crinoid plates Brower in Moore and Teichert, 1978, p. T248, Fig. 195, nos. 1-3.

No age or locality given

Camerate crinoid undesignated Gibson, 1995, p. 56, Unnum. Figs. p. 56, 57. (diagramatic)

Devonian, Ross Formation. United States, Tennessee

Camerate crinoids Sevastopulo, 2002, p. 3, Fig. 2. Mississippian, Tournaisian. Ireland, Hook Head

Camerate crinoids Baumiller et al., 2008, p. 15, Fig. 1.8. Silurian. Gotland

Camerate gen. et sp. nov. Donovan, 1988c, p. 236. Webster, 1993, p. 34. Early Ordovician, series and locality not given

Camerate indet. Webster and Jell, 1999a, p. 262.

Crinoid calyx Etheridge in Jack and Etheridge, 1892. Webster and Jell, 1999a, p. 262.

Mississippian, late Tournaisian, ?Malchi Formation. Australia, Queensland

Camerate indeterminate Ausich and Copper, 2010, p. 37, Pl. 2, fig. 8.

Silurian, Llandoveryan, Jupiter Formation, Cybèle Member. Canada, Quebec,

## Anticosti Island

- Camerate Indeterminant #1. Webster and Ariunchimeg, 2004, p. 485.  
Devonian, Emsian, Chuluun Formation. Mongolia, Shine Jinst
- Camerate Indeterminant #2. Webster and Ariunchimeg, 2004, p. 485.  
Devonian, Emsian, Chuluun Formation. Mongolia, Shine Jinst
- Camerate indet. sp. A Donovan et al., 2012, p. 220.  
Crinoid indet sp. A Donovan, 1993a p. 16. Donovan et al., 2012, p. 220  
Silurian, early Llandoveryan, Gasworks Mudstone or Gasworks Sandstone. United Kingdom, Wales
- Camerate indet. sp. B Donovan et al., 2012, p. 220.  
Crinoid indet sp. B Donovan, 1993a p. 15. Donovan et al., 2012, p. 220.  
Silurian, early Llandoveryan, Gasworks Mudstone. United Kingdom, Wales
- Camerate radial indet. #1 Webster, 1987, p. 105, Fig. 5, no. E. Webster, 1993, p. 34.  
Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia
- Camerate radial indet. #2 Webster, 1987, p. 106, Fig. 5, no. F. Webster, 1993, p. 35.  
Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia
- Camerate radial indet. #3 Webster, 1987, p. 106, Figs. 5, no. H; 6, nos. A-E. Webster, 1993, p. 35.  
Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia
- Camerate radial indet. #4 Webster, 1987, p. 107, Fig. 5, no. C. Webster, 1993, p. 35.  
Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia
- Camerate radial indet. #5 Webster, 1987, p. 107, Fig. 5, no. B. Webster, 1993, p. 35.  
Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia, Western Australia
- Camerate species A Kolata, 1982, p. 204, Pl. 20, fig. 16. Webster, 1988, p. 49.  
Ordovician, Sandbian, Bromide Formation, Mountain Lake Member. United States, Oklahoma
- Camerate sp. indet. Lewis, Donovan, and Sawford, 2003, p. 313, Fig. 4, no. c.  
Mississippian, Holkerian, Clifton Down Limestone. United Kingdom

*CAMEROCRINUS* Fric, 1904 = *SCYPHOOCRINITES* = ***CAMEROCRINUS***

Mississippian, Viséan

Silurian, Wenlockian. Sweden

Ordovician, Katian - Hirnantian; Silurian, Llandoveryan; Devonian, Pragian –

Frasnian; Mississippian, Viséan. United States

*Clidochirus americanus* Springer, 1920a, p. 296, Pl. 37, figs. 7-8. Bassler and Moodey, 1943, p. 365. Moore and Laudon, 1944, p. 183, Pl. 54, fig. 3. Webster, 1973, p. 82. Ausich, 1984b, p. 1342, Figs. 2-3, nos C, E, H. Webster, 1988, p. 56. Brower, 2001, p. 374, Fig. 6, no. 7.

Silurian, Llandoveryan, Brassfield Formation. United States, Ohio

*Clidochirus anebos* Brower, 2001, p. 371, Figs. 2-3.

*Protaxocrinus* sp. Kolata, Brower, and Frest, 1987, p. 180. Brower, 2001, p. 371.

Ordovician, Katian, Maquoketa Formation, Fort Atkinson Member. United States, Iowa

*Clidochirus gratiosus* Strimple, 1963 = *Paraclidochirus gratiosus*

*Clidochirus greenii* (Miller, 1892). Bassler and Moodey, 1943, p. 366.

*Ichthyocrinus greenii* Miller, S. A., 1892a, p. 680. Miller, S. A., 1892c, p. 52, Pl. 8, fig. 3. Miller, S. A., 1894, p. 306, Pl. 8, fig. 3. Weller, S., 1898c, p. 312. Bassler and Moodey, 1943, p. 366.

?*Clidochirus greenii* (Miller, 1892). Springer, 1920a, p. 300, Pl. 37, fig. 14. Bassler and Moodey, 1943, p. 366.

Mississippian, Viséan (Osagean), Ft. Payne Chert. United States, Kentucky

?*Clidochirus greenii* (Miller, 1892) = *Clidochirus greenii*

*Clidochirus iowensis* Thomas, A. O., 1924, p. 465, Pls. 42, figs. 19-34; 43, figs. 10-44.

Bassler and Moodey, 1943, p. 366.

Devonian, Frasnian-Famennian boundary, Hackberry Shale. United States, Iowa

*Clidochirus keyserensis* Springer, 1920 = *\*Paraclidochirus keyserensis*

*Clidochirus? maximus* Thomas, A. O., 1924, p. 467, Pl. 42, figs. 35-37. Bassler and Moodey, 1943, p. 366.

Devonian, Frasnian, Independence Shale. United States, Iowa

\**Clidochirus pyrum* Angelin, 1878, p. 12, Pl. 22, fig. 23; 17, fig. 6. Springer, 1906, p. 479, Pl. 6, fig. 7. Springer, 1920a, p. 296, Pl. 37, figs. 1-6. Bassler, 1938, p. 67. Bassler and Moodey, 1943, p. 366. Ubaghs, 1953, p. 756, Fig. 15, no. a. Webster, 1973, p. 82. Ubaghs *in* Moore and Teichert, 1978, p. T125, Fig. 95, no. 2. Moore *in* Moore and Teichert, 1978, p. T793, Figs. 530, no. 2; 531, nos. 2c-2e.

Webster, 1986, p. 98.

*Ichthyocrinus pyriformis* Angelin (part), 1878, Pl. 17, fig. 6. Bassler and Moodey, 1943, p. 366.

Silurian, Wenlockian. Sweden, Isle of Gotland

*Clidochirus schucherti* (Talbot, 1905). Springer, 1920a, p. 299, Pl. 37, figs. 12-13.

Goldring, 1923, p. 305, Pl. 38, figs. 1-2. Bassler and Moodey, 1943, p. 366.

*Ichthyocrinus schucherti* Talbot, 1905, p. 30, Pl. 3, fig. 1. Bassler and Moodey, 1943, p. 366.

Devonian, Pragian (Gedinnian), New Scotland Limestone. United Kingdom; United States, New York

*Clidochirus serrulatus* Brower, 1973, p. 462, Pl. 79, fig. 2; Fig. 44. Webster, 1977, p.

56. Brower, 2001, p. 374, Fig. 6, no. 6.

Ordovician, Hirnantian, Girardeau Limestone. United States, Illinois

*Clidochirus springeri* Ausich, 1984b, p. 1345, Figs. 3, nos. A, D, F; 5. Webster, 1988, p. 56. Brower, 2001, p. 374, Fig. 6, no. 5.

Silurian, Llandoveryan, Brassfield Formation. United States, Ohio

*Clidochirus ulrichi* Foerste, 1919, p. 17, Pl. 2, figs. 1A-1B; Fig. 1. Bassler and Moodey, 1943, p. 366. Ausich, 1984b, p. 1343, Figs. 3, nos. B, G; 4. Webster, 1988, p. 56.

Silurian, Llandoveryan, Dayton Limestone. United States, Ohio

*Clidochirus vaurealensis* Ausich and Copper, 2010, p. 61, Pl. 12, fig. 3; Fig. 11.2. Ordovician, Katian, Vauréal Formation, Homard Member. Canada, Quebec, Anticosti Island

*Clidochirus?* sp. no. 1 Fraunfelner, 1974, p. 17, Pl. 2, fig. 14. Webster, 1986, p. 98. Middle Devonian, Pennsylvanian, Missourian, Lingle Limestone. United States, Missouri

*Clidochirus* sp. Donovan and Lewis, 2005, p. 348, Fig. 1, nos. D, E. Silurian, late Llandovery. United Kingdom, Shropshire

*Clidocrinus?* spp.

Donovan et al., 2007, p. 48, Fig. 13. Ausich and Copper, 2010, p. 61, unfigured.

Donovan et al., 2010, p. 110, Pl. 29, fig. 1.

Silurian, late Llandovery, Telychian, Hughley Shales. United Kingdom

Ordovician, Katian, Vauréal Formation, Mill Bay Member. Canada, Quebec, Anticosti Island

*CLIDOCRINUS* Wanner, 1916 = **CLIDOCRINUS**

*CLIOCRINUS* Hudson, 1911 = **CLEIOCRINUS**

*Cliocrinus perforatus* Hudson, 1911 = *Cleioocrinus perforatus*

**CLISTOCRINUS** Kirk, 1937. \**C. pyriformis* Kirk, 1937.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Sbo. Cyathocrinida, Spf. Codiacrinoidea, F. Streblocrinidae

Kirk, 1937a, p. 106. Bassler, 1938, p. 68. Bassler and Moodey, 1943, p. 366. Lane, N. G., 1967b, p. 13, Figs. 2, 7 (*non* Fig. 8 as given). Webster, 1973, p. 82.

Webster, 1977, p. 56. Lane and Moore *in* Moore and Teichert, 1978, p. T605.

Arendt, 1981, p. 97. Webster, 1986, p. 98. Webster, 1988, p. 56. Hauser, 2004e, p. 40, Fig. 42 (plate diagram).

**CLITHROCRINUS** Kirk, 1937b, p. 373. Bassler, 1938, p. 68. Bassler and Moodey, 1943, p. 366. Moore and Laudon, 1943b, p. 50. Arendt and Hecker, 1954, p. 85. Arendt, 1970a, p. 166. Webster, 1977, p. 56.

Named, currently recognized species based on cups or crowns: 3 species. 1

Devonian, Givetian; 1 Pennsylvanian, Atokan, 1 Permian, Artinskian

Devonian, Givetian. Germany

Middle Pennsylvanian, Atokan. United States, Alaska

Permian, Artinskian. Russia, Ural Mountains

*Clistocrinus concinnus* (Arendt, 1970). Webster, 1977, p. 56.

*Clithrocrinus concinnus* Arendt, 1970a, p. 167, Pl. 10, fig. 10; Fig. 48. Webster, 1977, p. 56.

Permian, late Artinskian, Kladokhonusoviy Limestone. Russia, Priurals

*Clistocrinus norberthoelleri* Hauser, 2004e, p. 40, Pl. 1, fig. 1; Fig. 43.

Devonian, Givetian, Loogh Formation. Germany.

\**Clistocrinus pyriformis* Kirk, 1937a, p. 107, Figs. 1-8. Bassler, 1938, p. 67. Bassler and Moodey, 1943, p. 366. Webster, 1977, p. 56. Lane and Moore in Moore and Teichert, 1978, p. T605, Fig. 391, no. 2. Arendt, 1981, p. 97, Pl. 30, fig. 2; Fig. 24, nos. a-b (not Pl. 25, as given p. 97). Webster, 1986, p. 98. Webster, 1988, p. 56. Hauser, 2004e, p. 41, Fig. 44, nos. a-d.

*Clithrocrinus pyriformis* (Kirk, 1937). Kirk, 1937b, p. 373. Bassler and Moodey, 1943, p. 366. Arendt, 1970a, p. 166, Fig. 47. Webster, 1977, p. 56.

Pennsylvanian, Atokan. United States, Alaska

**CLITHROECRINUS** Ausich and Kammer, 2008 \**Clitheroecrinus wrighti* Ausich and Kammer, 2008

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Periechocrinidae

New Genus B Ausich and Kammer, 2006, p. 104. Ausich and Kammer, 2008a, p. 165.

Named, currently recognized species based on cups or crowns: 1 Mississippian, Tournaisian species

Mississippian, late Tournaisian, Chadian. United Kingdom

\**Clitheroecrinus wrighti* Ausich and Kammer, 2008a, p. 165, Figs. 8.9, nos 3-4; 8.10, no. 2.

*Megistocrinus globosus*? (Phillips, 1836), Wright, J., 1955 (part) p. 191, Pl. 48, figs. 1-4, 8. Ausich and Kammer, 2008, p. 165.

New Genus B Ausich and Kammer, 2006, p. 101. Ausich and Kammer, 2008a, p. 166.

Mississippian, late Tournaisian, Chadian. United Kingdom, Lancashire

**CLITHROCRINUS** Kirk, 1937 = **CLISTOCRINUS**

*Clithrocrinus concinnus* Arendt, 1970 = *Clistocrinus concinnus*

Named, currently recognized species based on cups or crowns: 1 Mississippian, Viséan species

Mississippian, Viséan (middle Osagean). United States, Iowa

**COELOCRINUS** Salter, 1866 (*non* Meek and Worthen, 1865) = **RHAPHANOCRINUS**

\**Coelocrinus concavus* (Meek and Worthen, 1861). Meek and Worthen, 1866a, p. 215, Pl. 15, figs. 10, 10a-c; Fig. 16. Miller, S. A., 1889, p. 233. Weller, S., 1898c, p. 89. Bassler and Moodey, 1943, p. 369. Lane *in* Moore and Teichert, 1978, p. T471, Fig. 277, no. 2. Webster, 1986, p. 99.

*Actinocrinus (Amphoracrinus) concavus* Meek and Worthen, 1861, p. 132. Shumard, 1868, p. 343. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 89. Bassler and Moodey, 1943, p. 369.

*Actinocrinus concavus* Meek and Worthen, 1861. Bassler, 1938, p. 70, 172.

*Actinocrinus (Sphaerocrinus) concavus* Meek and Worthen, 1861. Meek and Worthen, 1865b, p. 154. Weller, S., 1898c, p. 89.

*Aorocrinus concavus* (Meek and Worthen, 1861). Wachsmuth and Springer, 1897, p. 482, Pl. 42, figs. 13a-c. Weller, S., 1898c, p. 89. Bassler and Moodey, 1943, p. 369.

*Dorycrinus concavus* (Meek and Worthen, 1861). Miller, S. A., 1889, p. 240.

Mississippian, Viséan (middle Osagean), Burlington Limestone. United States, Iowa

*Coelocrinus immaturus* Bather, 1900 = *Aorocrinus immaturus*

**COENARTHROPTERUM** Moore, 1939. *Nomen vetitum* \**Eratocrinus elegante* Hall, 1858.

Moore, 1939b, p. 247. Jeffords *in* Moore and Teichert, 1978, p. T936. (brachial plates)

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian, Missourian species

Pennsylvanian, Missourian. United States, Iowa, Kansas

\**Coenarthropterum elegante* (Hall, 1858) = *Eratocrinus elegans*

*Coenarthropterum corrugatum* Moore, 1939b, p. 247, Pl. 4, figs. 2a-2c (brachial).

Pennsylvanian, Missourian, Checkerboard? Limestone. United States, Kansas

**COENOCRINUS** Valette, 1934. \**C. elegans* Valette, 1934.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Erisocrinoidea, F. Stachyocrinidae

Valette, 1934, p. 94. Bassler, 1938, p. 70. Bassler and Moodey, 1943, p. 369. Moore and Laudon, 1943b, p. 104. Webster, 1973, p. 281. Jeffords *in* Moore and Teichert, 1978, p. 935.

**Note.** Bassler and Moodey, 1943, reported the genus and both species to be based on columnals. The species *C. elegans* Valette, 1934, is based on a columnal, which I consider a distal columnal of the cup that *C. solignaci* is based upon. I consider the two species synonyms and accept Bassler and Moodey's assignment of the type species to *C. elegans*, the practice at the time.

**TEBAGACRINUS** Termier, H. and Termier, G., 1958, p. 51. \**Coenocrinus solignaci* Valette, 1934. Webster, 1973, p. 255. Jeffords *in* Moore and Teichert, 1978, p. 935.

Named, currently recognized species based on cups or crowns: 1 Permian, Wordian species

Permian, Wordian. Tunisia

\**Coenocrinus elegans* Valette, 1934, p. 94, Pl. 1, figs. 2a-2b. Bassler, 1938, p. 70. Bassler and Moodey, 1943, p. 369. Branson, 1948, p. 187. Termier, H. and Termier, G., 1958, p. 53. Webster, 1973, p. 255.

*Coenocrinus solignaci* Valette, 1934, p. 95, Pl. 1, figs. 3a-3d. Bassler and Moodey, 1943, p. 370. Branson, 1948, p. 188. Termier, H. and Termier, G., 1958, p. 52. Webster, 1973, p. 255.

Fig. 19. Hauser, 2001, p. 141, Fig. 121. Gahn and Kammer, 2002, p. 127.

Named, currently recognized species based on cups or crowns: 9 species. 8  
Devonian, 1 Pragian, 3 Emsian, 2 Eifelian, 2 Givetian; 1 Mississippian,

## Viséan

Devonian, Pragian - Givetian. Spain, Germany

Devonian, Emsian; Mississippian, Osagean. North America

*Costalocrinus conkini* McIntosh, 1984, p. 1264, Fig. 4, nos. H-I. Webster, 1988, p. 58.  
Devonian, Eifelian (Couvianian), Jeffersonville Limestone?. United States, Kentucky

*Costalocrinus consolidatus* (Schmidt, 1942). McIntosh, 1984, p. 1265. Webster, 1988,  
p.

58.

*Botryocrinus consolidatus* Schmidt, W. E., 1942, p. 125, Pl. 19, fig. 5; 25, fig. 8; Fig.  
35. Webster, 1973, p. 68. McIntosh, 1984, p. 1265. Webster, 1988, p. 58.

*Cyathocrinites* sp. Breimer, 1962. McIntosh, 1984, p. 1265. Webster, 1988, p. 58.  
Devonian, Emsian, Stadtfeld Beds; La Vid Shale. Germany; Spain

*Costalocrinus cornutus* (Owen and Shumard, 1850). McIntosh, 1984, p. 1275.

Webster, 1988, p. 58. Kammer and Ausich, 1996, p. 852, Figs. 6.14-6.16. Gahn  
and Kammer, 2002, p. 127. Lee, Ausich, and Kammer, 2005, p. 348.

*Cyathocrinus cornutus* Owen and Shumard, 1850, p. 63, Pl. 7, figs. 8a-8b. Owen  
and Shumard, 1852, p. 591, Pl. 5, figs. 8a-8b. Owen and Shumard, 1868, p. 362.  
Miller, S. A., 1889, p. 235. Weller, S., 1898c, p. 119. Bassler and Moodey, 1943,  
p. 317. McIntosh, 1984, p. 1275. Webster, 1988, p. 58. Kammer and Ausich,  
1996, p. 852.

*Baryocrinus cornutus* (Owen and Shumard, 1850). Meek and Worthen, 1868b, p.  
340. Miller, S. A., 1889, p. 226. Weller, S., 1898c, p. 119. Bassler and Moodey,  
1943, p. 317. Kammer, 1984, p. 125, Fig. 3, nos. P-W. McIntosh, 1984, p. 1275.  
Webster, 1988, p. 42, 58. Kammer and Ausich, 1996, p. 852.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone; Lake Valley  
Formation; Borden Formation, New Providence Shale Member, Nada Member;  
Fort Payne Formation. United States, Iowa, New Mexico, Kentucky, Indiana,  
Tennessee

\**Costalocrinus dilatatus* (Schultze, 1866). Jaekel, 1918, p. 61. Bassler and Moodey,  
1943, p. 374. Moore and Lane *in* Moore and Teichert, 1978, p. T614, Fig. 396,  
nos. 5a-5d. McIntosh, 1984, p. 1263. Webster, 1986, p. 104. Webster, 1988, p.  
58. Hauser, 1997, p. 60, Pl. 1, figs. 1-2. Hauser, 2001, p. 26, 141, Pl. 14, figs. 1-  
2a; Fig. 122.

*Poteriocrinus dilatatus* Schultze, 1866 (*non* Hall, 1861), p. 49 (adv. pub. ). Schultze,  
1867, p. 161, Pl. 5, fig. 5. Bassler, 1938, p. 74. Bassler and Moodey, 1943, p.  
374.

*Cosmocrinus dilatatus* (Schultze, 1866). Jaekel, 1898b, p. 31. Bassler and  
Moodey, 1943, p. 374.

Devonian, Eifelian, Eifel Limestone; Givetian, ?Loogh Formation. Germany

*Costalocrinus dilatatus* (Schultze, 1866) (part) = *Vasocrinus weinbergensis*

*Costalocrinus helenae* (Schmidt, 1942). McIntosh, 1984, p. 1265. Webster, 1988, p.  
58.

*Botryocrinus helenae* Schmidt, W. E., 1942, p. 128, Pl. 25, fig. 7. Webster, 1973, p. 69. McIntosh, 1984, p. 1265. Webster, 1988, p. 58.  
Devonian, Pragian (Siegenian), Raufaser Beds. Germany

*Costalocrinus ibericus* Kammer, 2001, p. 383, Figs. 1.6-1.10.  
*Cyathocrinites* sp. Breimer, 1962a, p. 158, Pl. 15, figs. 9-10. Webster, 1973, p. 96.  
Kammer, 2001, p. 383.  
Devonian, Emsian, upper part of La Vid Formation. Spain

*Costalocrinus rex* McIntosh, 1984, p. 1271, Figs. 4, nos. G-J, L-M; 5, nos. A-G, J, O.  
Webster, 1988, p. 58.  
Devonian, Givetian, Ludlowville Formation, Centerfield Limestone Member, Wanakah Shale Member; Moscow Formation, Kashong Shale Member, Windom Shale Member; Hungry Hollow Formation; Beechwood Formation.  
United States, New York, Indiana, Kentucky; Canada, Ontario

*Costalocrinus sentosus* (Goldring, 1923). McIntosh, 1984, p. 1265, Figs. 1-2; 3, nos. A-Q; 4, nos. C-F, K, N. Webster, 1988, p. 58.  
*Botryocrinus sentosus* Goldring, 1923, p. 339, 372, Pl. ?41, fig. 10. McIntosh, 1984, p. 1265. Webster, 1988, p. 58.  
Devonian, Givetian, Ludlowville and Moscow Formations. United States, New York

*Costalocrinus thymos* Kammer, 2001, p. 386, Figs. 1.1-1.3.  
Devonian, Emsian, upper part of La Vid Formation. Spain

**COTHOCRINITES** Phillipi, 1876. \**C. verrucosus* Phillipi, 1876.  
Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Platycrinitoidea, F. Platycrinitidae  
Phillipi, 1876, p. 68. Bassler, 1938, p. 74. Bassler and Moodey, 1943, p. 374. Moore and Teichert, 1978, p. T928, (unrecognizable genus).  
**COTHOCRINUS** Zittel, 1879, p. 346. Bassler, 1938, p. 74. Moore and Teichert, 1978, p. T928.  
Named, currently recognized species based on cups or crowns: 1 Devonian? or Mississippian? species, series uncertain  
Devonian? or Mississippian?: Chile

\**Cothocrinites verrucosus* Phillipi, 1876, p. 68, Pl. II-A. Bassler, 1938, p. 74. Bassler and Moodey, 1943, p. 374 (figures represent a platycrinid).  
Devonian? or Mississippian?, formation unknown. Chile

**COTHOCRINUS** Zittel, 1879 = **COTHOCRINITES**

**COTYLACRINNA** Brower, 1994. \**Cotylacrinna sandra* Brower, 1994, OD.  
Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae  
Brower, 1994, p. 571. Ausich, 1998b, p. 35.  
Named, currently recognized species based on cups or crowns: 2 Ordovician, Katian species  
Ordovician, Katian (Trentonian). North America

*Cotylacrinna desideratus* (Billings, 1885). Brower, 1994, p. 571.  
*Archaeocrinus desideratus* Billings, W. R., 1885, p. 98 (320). Miller, S. A., 1889, p. 225. Wachsmuth and Springer, 1897, p. 257, Pl. 10, figs. 4a-4b. Bather in Lankester, 1900, p. 200, Fig. 125. Delage and Herouard, 1903, p. 385, Fig. 474. Bassler, 1915, p. 59. Bassler and Moodey, 1943, p. 308. Moore and Laudon, 1943b, p. 138, Pl. 9, fig. 2. Moore and Laudon, 1944, p. 183, Pl. 73, fig. 14. Wilson, A. E., 1946, p. 25. Strimple, 1963d, p. 70, Fig. 19, no. c. Brower, 1994, p. 571. Pellerin and Séguin, 1995, p. 9, Figs. 1-3.  
 Ordovician, Katian (Trentonian), Deschambault Formation. Canada, Quebec; United States, Ohio

\**Cotylacrinna sandra* Brower, 1994, p. 572, Figs. 2-5. Sloan, 2005, p. 153, Fig. 4-61, nos. 10a-10b (misspelled as *Cotylocrinus sandra*).  
 Ordovician, Katian, Galena Group, Dunleith Formation, Sherwood Member.  
 United States, Iowa

**COTYLEDONOCRINUS** Casseday and Lyon, 1862 = **DICHOOCRINUS**

*Cotyledonocrinus pentalobus* Casseday and Lyon, 1862 = *Dichocrinus pentalobus* =  
 \**Hyrtanecrinus pentalobus*

**CRADEOOCRINUS** Goldring, 1923. \**C. elongatus* Goldring, 1923.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Sbo. Cyathocrinida, Spf. Cyathocrinitoidea, F. Thalamocrinidae

Goldring, 1923, p. 347. Bassler, 1938, p. 74. Bassler and Moodey, 1943, p. 374. Moore and Laudon, 1943b, p. 55. Moore and Laudon, 1944, p. 158. Ubaghs, 1953, p. 752. Arendt and Hecker, 1964, p. 87. Arendt, 1985a, p. 74. Webster, 1988, p. 61.  
Named, currently recognized species based on cups or crowns: 1 Permian,  
Artinskian species  
Permian, Artinskian. Russia, Ural Mountains
- \**Crinophagus permiensis* Arendt, 1985a, p. 75, Unnum. Fig. p. 72. Webster, 1988, p.  
61.  
Permian, Artinskian, Verkhneartin Substage, Sarga Horizon. Russia, Ural  
Mountains
- Crinosoma antiqua* Castelnau, 1843, p. 50, Pl. 25, fig. 1. (Description lacking; from  
illustration it is not certain if this is a set of arms, several pluricolumnals, or trace  
fossils, GDW.)  
Given as Silurian, probably Devonian. United States, New York
- Crinozoa Erdtmann and Prezbindowski, 1974, p. 358, Fig. 7. (diagramatic)  
Silurian, Niagaran. United States, Indiana
- Cromyocrinid? indeterminate Webster et al., 2004, p. 55, Pl. 15, fig. 19.  
Mississippian, late Viséan, Mazzer Formation. Algeria

Cromyocrinid radial plate Pabian and Holterhoff, 1988, p. 83, Fig. 1, no. G. Webster, 1993, p. 43.  
Pennsylvanian, Virgilian, Calhoun Shale. United States, Kansas

Cromyocrinid, unnamed n. gen. 1 Webster, 1981, p. 1196, Fig. 1. Webster, 1988, p. 61.  
Permian, Aritnsian (Wolfcampian). United States

Cromyocrinids indeterminate

Webster and Kues, 2006, p. 15.

Pennsylvanian, Morrowan, Osha Canyon Formation. United States, New Mexico  
Webster and Kues, 2006, p. 15.

Pennsylvanian, Desmoinesian, Flechado Formation. United States, New Mexico  
Webster and Kues, 2006, p. 15.

Pennsylvanian, Missourian or Virgilian, Madera Group. United States, New Mexico

Webster and Kues, 2006, p. 15.

Pennsylvanian, Virgilian, Alamitos Formation. United States, New Mexico

Webster and Kues, 2006, p. 15.

Pennsylvanian, Virgilian, Madera Group, upper white limestone, Jemez Springs Member. United States, New Mexico

Cromyocrinidae indeterminate A Webster et al., 2011, p. 42, Fig. 14, no. aa.  
Pennsylvanian, Early Bashkirian, Absheni Formation. Eastern Iran

Cromyocrinidae indeterminate B Webster et al., 2011, p. 42, Fig. 6, no. u.  
Pennsylvanian, Early Bashkirian, Absheni Formation. Eastern Iran

Moore and Laudon, 1943, p. 92 (as a junior synonym of *Ctenocrinus*). Ubaghs,  
1958b, p. 279. Webster, 1973, p. 169. Ubaghs *in* Moore and Teichert, 1978, p.  
T492.

Named, currently recognized species based on cups or crowns: 32 species, 7  
subspecies. 2 Silurian, 1 Niagaran, 1 Wenlockian; 30 Devonian, 1 Early  
Devonian series not given, 6 Lochkovian, 1 Pragian, 13 Emsian (+7  
subspecies), 2 Emsian – Eifelian, 5 Eifelian, 1 Frasnian, 1 Devonian series not  
given

Middle Silurian, Wenlockian - Late Devonian, Frasnian. Europe

Middle Silurian, Niagaran, Early Devonian, Helderbergian. United States

*CTENOCRINUS* Le Maitre, 1958 = ***OEHLERTICRINUS***

*Ctenocrinus acicularis* Follmann, 1887, p. 131, Pl. 2, figs. 4-4f. Jaekel, 1902, p. 1068,  
Fig. 11. Dienst, 1913, p. 601. Schmidt, W. E., 1942, p. 60, Pl. 22, fig. 3; Fig. 12.  
Wanner, 1943, p. 33, Unnum. Fig. p. 30. Bassler and Moodey, 1943, p. 380.  
Ubaghs, 1945a, p. 7, Pl. 1, fig. 9. Webster, 1973, p. 170. Webster, 1977, p. 60.  
*Melocrinites acicularis* (Follmann, 1887). Webster, 1973, p. 170.

*Ctenocrinus sculptus* Jaekel, Schmidt, W. E., 1942, p. 60. Webster, 1973, p. 170.  
Early Devonian, Emsian - Eifelian, upper part of Coblenzian Beds; Bichelbacher  
Schichten. Germany

*Ctenocrinus acidepressus* Schmidt, W. E., 1942, p. 62, Pl. 20, fig. 3; Fig. 13. Ubaghs,  
1945a, p. 14. Hefter, 1956, p. 170, Fig. 3. Webster, 1973, p. 170. Webster,  
1977, p. 60.

*Melocrinites acidepressus* (Schmidt, 1942). Webster, 1973, p. 170.  
Devonian, early Emsian. Germany

*Ctenocrinus aculeatus* Ubaghs, 1945a, p. 5, Pl. 1, figs. 1-8. Ubaghs, 1945b, p. 3, Pl. 1,  
figs. 5-7. Van Sant *in* Van Sant and Lane, 1964, p. 59, Fig. 20, no. 3. Webster,  
1973, p. 170.

*Melocrinites aculeatus* (Ubaghs, 1945). Webster, 1973, p. 170.  
Devonian, early Emsian. Belgium

*Ctenocrinus acutior* Schmidt, W. E., 1942, p. 63, Pl. 8, fig. 3; Fig. 14. Webster, 1973, p.  
170.

*Melocrinites acutior* (Schmidt, 1942). Webster, 1973, p. 170.  
Devonian, Emsian? (Coblenzian), Nellenköpchen Beds. Germany

*Ctenocrinus arduennensis* Closset, 1970, p. 2, Pls. 1-2; Figs. 1-6. Webster, 1977, p.  
60.

*Ctenocrinus gracilis* Jaekel, 1895a, p. 35, Fig. 7. Schmidt, W. E., 1934, p. 143, Fig.  
8, no. a. Bassler and Moodey, 1943, p. 380.

*Ctenocrinus* aff. *gracilis* Jaekel, 1895. Ubaghs, 1945a, p. 9, Pl. 2, figs. 1-5.  
 Ubaghs, 1945b, p. 4, Pl. 1, fig. 8. Closset, 1970, p. 2. Webster, 1973, p. 171.  
 Webster, 1977, p. 60.

*Melocrinites* aff. *gracilis* (Jaekel, 1895) (*non* Wachsmuth and Springer, 1897).  
 Webster, 1973, p. 171.

*Ctenocrinus* sp. Ubaghs, 1958b, p. 299, Fig. 17, nos. C. D. Closset, 1970, p. 2.  
 Webster, 1973, p. 173. Webster, 1977, p. 60.

*Ctenocrinus* sp. nov. Ubaghs, 1945a, p. 19, Fig. 3. Webster, 1973, p. 173.

*Melocrinites* sp. nov. Webster, 1973, p. 173.

Devonian, early Emsian, Hunsrückschiefer, Grupont Graywacke. Belgium

*Ctenocrinus bainbridgensis* (Hall and Whitfield, 1875) = *Melocrinites bainbridgensis*

*Ctenocrinus breviradiatus* (Hall, 1872) = *Melocrinites breviradiatus*

*Ctenocrinus clathratus* Schmidt, W. E., 1942, p. 78, Pl. 8, figs. 5-8; Fig. 20. Webster,  
 1973, p. 170.

*Melocrinites clathratus* (Schmidt, 1942). Webster, 1973, p. 170.

Devonian, Emsian? (early Coblenzian), Rittersturz Beds. Germany

*Ctenocrinus constrictus* (Wanner, 1942). New combination

*Melocrinus constrictus* Wanner, 1942, p. 34, Pl. 1, figs. 5a-5c; Fig. 4.

*Melocrinites? constrictus* (Wanner, 1942). Webster, 1973, p. 170. Hauser, 2002,  
 Tabs. 6-7.

Devonian, Eifelian. Germany

*Ctenocrinus decadactylus* (Tannenberg *in* Goldfuss, 1839). Roemer, C. F., 1844, p.  
 61. Bronn, 1848, p. 355. Sandberger and Sandberger, 1850-1856, p. 396, Pl.  
 35, fig. 15. Roemer, C. F. *in* Bronn and Roemer, 1851, p. 255. Dujardin and  
 Hupé, 1862, p. 136. Roemer, F. A., 1866b, p. 220. Jaekel, 1902, p. 1068, Fig.

10.

Schmidt, W. E., 1942, p. 65. Bassler and Moodey, 1943, p. 380. Webster, 1973,  
 p. 170. Breuer, *et al.*, 1992, p. 60, Pl. 9, figs. 2-4.

*Actinocrinites decadactylus* Tannenberg, 1839, p. 342, Pl. 31, fig. 5. Bronn, 1848,  
 p. 14. Bassler and Moodey, 1943, p. 380.

*Actinocrinus decadactylus* (Tannenberg, 1839). Bronn, 1848, p. 355. Dujardin and  
 Hupé, 1862, p. 139.

*Melocrinites decadactylus* (Tannenberg, 1839). Webster, 1973, p. 170.

Devonian, Emsian? (Coblenzian). Germany

*Ctenocrinus* cf. *decadactylus* (Tannenberg *in* Goldfuss, 1839). Ubaghs, 1945a, p. 15.

Webster, 1973, p. 170. Franke, C., 2012, p. 37, Pls. 16, figs 5-6; 17, figs. 1-3.

*Melocrinites* cf. *decadactylus* (Tannenberg *in* Goldfuss, 1839). Webster, 1973, p.  
 170.

Devonian, late Emsian. Mulden group. Belgium; Germany, Rhenischen  
 Schiefergebirge

- Ctenocrinus decadactylus densalternans* Schmidt, W. E., 1942, p. 69, Fig. 16.  
 Ubaghs, 1945a, p. 16. Webster, 1973, p. 170.  
*Melocrinites decadactylus densalternans* (Schmidt, 1942). Webster, 1973, p. 170.  
 Devonian, Emsian. Germany; Belgium
- Ctenocrinus decadactylus elegans* Jaekel, 1895a, p. 32. Schmidt, W. E., 1942, p. 220.  
 Bassler and Moodey, 1943, p. 380. Webster, 1973, p. 89.  
 Devonian, Emsian. Germany
- Ctenocrinus decadactylus hercynicus* (Jaekel, 1895). Bassler and Moodey, 1943, p. 380.  
*Ctenocrinus decadactylus* var. *hercynica* Jaekel, 1895. Beushausen, 1900, p. 77.  
 Dahmer, 1921, p. 290, Pl. 16, fig. 1. Dahmer, 1922, p. 290, Pl. 16, fig. 1. Bassler and Moodey, 1943, p. 380.  
*Ctenocrinus hercynica* Jaekel, 1895a, p. 33 (not illustrated).  
 Devonian, Emsian?, Kahlenberg Sandstone. Germany
- Ctenocrinus decadactylus* var. *hercynica* Jaekel, 1895 = *Ctenocrinus decadactylus hercynica*
- Ctenocrinus gothlandicus* (Pander in Helmersen, 1858) = *Ctenocrinus gottlandicus*
- Ctenocrinus gottlandicus* (Pander in Helmersen, 1859). Webster, 1973, p. 170.  
*Trochocrinites gottlandicus* Pander in Helmersen, 1859, p. 312 (20), Pl. 3, figs. a-b, d-e only. Bassler, 1938, p. 125. Bassler and Moodey, 1943, p. 537. Ubaghs in Moore and Teichert, 1978, p. T492. Webster, 1986, p. 108.  
*Trochocrinus gothlandi* (Pander, 1859). Bigsby, 1868, p. 23.  
*Periechocrinus gotlandicus* (Pander, 1859). Angelin, 1878, p. 7, Pl. 10, figs. 3-4.  
 Bassler and Moodey, 1943, p. 537.  
*Melocrinites gottlandicus* (Pander in Helmersen, 1859). Webster, 1973, p. 170.  
*Lindstroemiocrinus gotlandicus* (Pander, 1859). Jaekel, 1918, p. 31, Fig. 22.  
 Bassler and Moodey, 1943, p. 537.  
*Ctenocrinus gotlandicus* (Pander in Helmersen, 1859). Ubaghs, 1958, p. 279, Pl. 3, 4; Figs. 8-13, 16, 17, no. B. Webster, 1973, p. 170. Ubaghs in Moore and Teichert, 1978, p. T140, T144, T153, T173, T492, Figs. 112, no. 3; 117, no. 4; 125, no. 4; 127, no. 2; 146, no. 3; 296, no. 1a. Webster, 1986, p. 108.  
*Ctenocrinus gothlandicus* (Pander in Helmersen, 1859). Ubaghs, 1953, p. 741, Fig. 82, no. d  
 Silurian, Wenlockian, calcareous oolite and sandstone of Burgsvik. Sweden, Isle of Gotland
- Ctenocrinus gotlandicus* (Pander in Helmersen, 1858) = *Ctenocrinus gottlandicus*
- Ctenocrinus gracilis* Jaekel, 1895 = *Ctenocrinus arduennensis*
- Ctenocrinus* aff. *gracilis* Jaekel, 1895 = *Ctenocrinus arduennensis*
- Ctenocrinus granulatus* (Miller, 1891). Bassler and Moodey, 1943, p. 380.

*Mariacrinus granulosus* Miller, S. A., 1891c (adv. pub.). Miller, S. A. 1892a, p. 680.  
Miller, S. A., 1892b, p. 645, Pl. 6, fig. 35. Bassler, 1915, p. 786. Bassler and  
Moodey, 1943, p. 380.  
Silurian, Niagaran, Laurel Limestone. United States, Indiana

*Ctenocrinus hercynicas* Jaekel, 1895 = *Ctenocrinus decadactylus hercynicus*

*Ctenocrinus laevis* (Roemer, 1860) = *Cytocrinus laevis*

*Ctenocrinus lamellosus* (Eichwald, 1855). Wachsmuth and Springer, 1881, p. 230  
(404). Bassler and Moodey, 1943, p. 380.

*Melocrinus lamellosus* Eichwald, 1855, p. 120. Eichwald, 1860, p. 607, Pl. 33, figs.  
13a-13d. Bassler and Moodey, 1943, p. 380.

*Melocrinites lamellosus* (Eichwald, 1855). Bigsby, 1868, p. 22.  
Devonian: Estonia, Island of Sarema

*Ctenocrinus loricatus* Schmidt, W. E., 1942, p. 80, Pl. 8, figs. 1-2; Fig. 21. Webster,  
1973, p. 171.

*Melocrinites loricatus* (Schmidt, 1942). Webster, 1973, p. 171.  
Devonian, Emsian, Coblenz Quartzite. Germany

*Ctenocrinus malcontractus* Schmidt, W. E., 1934, p. 143, Pl. 6, fig. 2; Fig. 8, no. b.  
Bassler and Moodey, 1943, p. 380.

*Hexacrinus spinosus* Opitz, 1932, p. 93, Fig. 90. Bassler and Moodey, 1943, p.  
380.

Devonian, early Emsian, Hunsrückschiefer. Germany

*Ctenocrinus melocrinoides* (Waagen and Jahn, 1899) = *Promelocrinus melocrinoides*

*Ctenocrinus nobilissimus* (Hall, 1859). Kirk, 1929d, p. 342. Bassler and Moodey, 1943,  
p. 381. Moore and Laudon, 1944, p. 200, Pl. 74a, fig. 15. Ubaghs, 1953, p. 741,  
Fig. 82, no. E. Webster, 1973, p. 171. Ubaghs *in* Moore and Teichert, 1978, p.  
T144, Fig. 117, no. 5. Webster, 1986, p. 108. Brett *in* Hess et al., 1999 p. 107,  
Fig. 118.

*Mariacrinus nobilissimus* Hall, 1859b, p. 105, Pls. 2, figs. 1-4; 2-A, fig. 1. Shumard,  
1868, p. 380. Bigsby, 1868, p. 21. Miller, S. A., 1889, p. 260. Jaekel, 1902, p.  
1068, Fig. 9. Bassler, 1915, p. 795. Bassler, 1938, p. 129. Bassler and Moodey,  
1943, p. 381. Kesling, 1964a, p. 92. Webster, 1973, p. 171.

*Melocrinus nobilissimus* (Hall, 1859). Wachsmuth and Springer, 1897, p. 295, Pl.  
23, figs. 1a, 2-3. Bather *in* Lankester, 1900, p. 161, Fig. 74-2. Delage and  
Herouard, 1903, p. 383, Fig. 465. Grabau and Shimer, 1910, p. 556. Bassler,  
1915, p. 795. Goldring, 1923, p. 117, Pls. 6-7. Moore, 1939b, p. 202. Bassler  
and Moodey, 1943, p. 381.

*Melocrinites nobilissimus* (Hall, 1859). Kesling, 1964a, p. 92. Webster, 1973, p.  
171. Seilacher and Hauff, 2004, p.7, Fig. 5, nos. A-D.

*Tetranobasis nobilissima* (Hall, 1859). Moore, 1939b, p. 202.

*Mariacrinus beecheri* Talbot, 1905, p. 25, Pl. 1, fig. 3. Bassler, 1915, p. 785.  
Goldring, 1923, p. 114, Pl. 5, fig. 5; Fig. 36. Kirk, 1929d, p. 342. Bassler and  
Moodey, 1943, p. 381.

*Mariacrinus ramosus* Hall, 1859b, p. 147, Pl. 2, fig. 6. Shumard, 1868, p. 380.  
Biggsby, 1868, p. 21, 196. Miller, S. A., 1889, p. 260. Goldring, 1923, p. 111, Pl.  
5, figs. 3-4. Kirk, 1929d, p. 342. Bassler and Moodey, 1943, p. 381.  
Devonian, Lochkovian, Manlius/Coeymans transitional Limestone. United  
States, New York

*Ctenocrinus nodiferus* Follmann, 1882, p. 167. Schmidt, W. E., 1942, p. 86, Fig. 24.  
Bassler and Moodey, 1943, p. 381. Webster, 1973, p. 171.

*Melocrinites nodiferus* (Follmann, 1882). Webster, 1973, p. 171.  
Devonian, Emsian. Germany

*Ctenocrinus oehlerti* Jaekel, 1895a, p. 32. Bassler and Moodey, 1943, p. 381.  
Early Devonian. France

*Ctenocrinus ornatus* (Hall, 1852) = *Macrostylocrinus ornatus*

*Ctenocrinus pachydactylus* (Conrad, 1841). Kirk, 1929d, p. 342. Bassler and Moodey,  
1943, p. 381. Moore and Laudon, 1943b, p. 142, Pl. 13, fig. 8. Moore and  
Laudon, 1944, p. 200, Pl. 74, figs. 11, 14. Webster, 1973, p. 171. Brett *in* Hess  
et  
al., 1999 p. 105, Fig. 117.

*Astrocrinites pachydactylus* Conrad, 1841, p. 34. Mather, 1843, p. 347, Fig. 6.  
Shumard, 1868, p. 380. Bassler, 1915, p. 796. Bassler, 1938, p. 47. Bassler and  
Moodey, 1943, p. 381. Webster, 1971, p. 171. Webster, 1973, p. 171. Aldrich,  
2000, Pl. 13, fig. 6 between p. 192-193.

*Asterocrinus pachydactylus* (Conrad, 1841). Biggsby, 1868, p. 18.

*Mariacrinus pachydactylus* (Conrad, 1841). Hall, 1859b, p. 107, Pl. 3, figs. 1-4.  
Shumard, 1868, p. 380. Biggsby, 1868, p. 21. Miller, S. A., 1889, p. 260.  
Bassler, 1915, p. 796. Bassler and Moodey, 1943, p. 381. Wells, 1963, p. 59,  
Pl. 11, fig. 2. Stukalina, 1967, Fig. 4, no. 2. Webster, 1973, p. 171.

*Melocrinus pachydactylus* Wachsmuth and Springer, 1897, p. 296, Pls. 23, figs. 4-  
5; 24, figs. 4a-4b. Talbot, 1905, p. 27, Pl. 1, fig. 1. Grabau, 1906, p. 136, Fig.  
33. Grabau and Shimer, 1910, p. 556, Fig. 1889. Bassler, 1915, p. 796.  
Goldring, 1923, p. 119, Pl. 8, figs. 1-4. Bassler and Moodey, 1943, p. 381. Wells,  
1963, p. 59, Pl. 11, fig. 3. Webster, 1973, p. 171.

*Melocrinites pachydactylus* (Conrad, 1841). Webster, 1973, p. 171.

*Actinocrinites polydactylus* Bonny, 1835 (*non* Miller, 1821). Bassler and Moodey,  
1943, p. 381. Wells, 1963, p. 59, Pl. 11, fig. 1. Webster, 1973, p. 171.

*Actinocrinus polydactylus* (Bonny, 1835). Shumard, 1868, p. 380. Bassler, 1915,  
p. 796.

*Mariacrinus polydactylus* (Bonny, 1835). Miller, S. A., 1889, p. 260.

*Melocrinus (Mariacrinus) pachydactylus* Schultze, 1866, p. 66. Bassler, 1915, p.  
796.

*Melocrinus (Mariacrinus) paucidactylus* Schultze, 1866, p. 66. Bassler, 1915, p.  
796.

Staghorn Encrinite Bonny in Shepard, 1835, p. 363. Bassler, 1915, p. 796.  
Devonian, Lochkovian, Manlius/Coeymans transitional Limestone. United States,  
New York

*Ctenocrinus paucidactylus* (Hall, 1859). Kirk, 1929d, p. 342. Bassler and Moodey,  
1943, p. 381. Moore and Laudon, 1943b, p. 142, Pl. 13, fig. 7. Moore and  
Laudon, 1944, p. 200, Pl. 74, fig. 12. Webster, 1973, p. 172. Brower, 1974b, p.  
42, Fig. 19, nos. 1-6. Brett, 1981b, p. 361, Fig. 7, no. C. Webster, 1986, p. 108.  
Webster, 1988, p. 63. Jell, 1999a, p. 42, Figs. 27-30; 31, nos. A-E.

Named, currently recognized species based on cups or crowns: 16 species, 14

Ordovician, 1 Darriwilian, Katian; 2 Sandbian, 3 Sandbian- Katian, 8 Katian; 1

Ordovician – Silurian, Katian - Llandoveryan; 1 Devonian, Lochkovian

Ordovician, Sandbian – Hirnantian (Caradocian – Ashgillian). United Kingdom

Ordovician, Sandbian (Champlainian); - Silurian, Albion. North America

Devonian, early Lochkovian. Australia, Victoria

- Cupulocrinus angustatus* (Meek and Worthen, 1870). Brower, 2002a, p. 109, Figs. 1-5. Sloan, 2005, p. 153, Fig. 4-61, no. 3.  
Ordovician, Katian (Richmondian), MaQuoketa Formation, Elgin, Clermont, Fort Atkinson, Brainard Members. United States, Minnesota, Iowa
- Cupulocrinus austrogracilis* Jell, 1999a, p. 72, Fig. 57, nos. A-D.  
Devonian, early Lochkovian, Humevale Formation. Australia, Victoria
- Cupulocrinus canaliculatus* Brower and Veinus, 1978, p. 441, Pls. 15, figs. 1-3, 5-6; 16, fig. 5. Webster, 1986, p. 110.  
Ordovician, Sandbian, Decorah Shale. United States, Minnesota
- Cupulocrinus conjugans* (Billings, 1859) = *\*Praecupulocrinus conjugans*
- Cupulocrinus* sp. aff. *C. conjugans* (Billings, 1857) = *Praecupulocrinus conjugans*
- Cupulocrinus crossmani* Brower, 1992a, p. 101, Figs. 1-5, 17.1-17.5. Brower, 2006, p. 431, Fig. 1, nos. 4-512-13. Brower, 2007, p. 1285, Fig. 2, nos. 1-3. Sloan, 2005, p. 153, Fig. 4-61, no. 6.  
Ordovician, Katian, Galena Group, Dunleith Formation, Rivoli Member, Sherwood Member. United States, Minnesota, Iowa
- Cupulocrinus cylindricus* (Billings, 1859) = *Praecupulocrinus conjugans*
- Cupulocrinus drummuckensis* Kolata, 1975 = *Praecupulocrinus? gracilis*
- Cupulocrinus gracilis* Ramsbottom, 1961 (*non* Hall) = *Praecupulocrinus? gracilis*
- Cupulocrinus* species cf. *C. gracilis* (Hall, 1847). Guensburg, 1984, p. 55, Pl. 11, figs. 6-7. Webster, 1988, p. 63.  
Ordovician, Sandbian, Lebanon Limestone. United States, Tennessee
- Cupulocrinus heterobrachialis* Ramsbottom, 1961, p. 12, Pl. 5, figs. 1-5. White, E., 1964, p. 58, Pl. 3, fig. 5. Webster, 1973, p. 92. Webster, 1977, p. 62.  
Ordovician, Katian (Ashgillian), Ashgill Series. United Kingdom
- \*Cupulocrinus heterocostalis* (Hall, 1847). d'Orbigny, 1849, p. 23. d'Orbigny, 1850, p. 23. Emmons, 1855, p. 225. Miller, S. A., 1889, p. 235. Bassler, 1915, p. 314. Bassler and Moodey, 1943, p. 387. Moore and Laudon, 1944, p. 155, Pl. 53, fig. 9. Webster, 1973, p. 92. Donovan, Paul, and Lewis, 1996, p. 211.  
*Scyphocrinus heterocostalis* Hall, 1847b, p. 85, Pl. 28, figs. 3a-3f. Shumard, 1868, p. 396. Bigsby, 1868, p. 23. Miller, S. A., 1889, p. 281. Bassler, 1915, p. 314. Bassler, 1938, p. 79. Bassler and Moodey, 1943, p. 387.  
"*Scyphocrinus*" *heterocostalis* (Hall, 1847). Springer, 1911b, p. 30, Fig. 3. Bassler and Moodey, 1943, p. 387.  
Ordovician, Katian, Trenton, Hull Limestone; Trenton Limestone. Canada, Quebec, Ontario; United States, New York

Ordovician, Katian (Ashgillian). United Kingdom

- Cupulocrinus humilis* (Billings, 1857). Springer, 1911b, p. 28, Pl. 1, figs. 8-9: Fig. 2. Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387. Moore and Laudon, 1943b, p. 132, Pl. 3, fig. 8. Moore and Laudon, 1944, p. 155, Pl. 53, figs. 7, 25. Wilson, A. E., p. 36. Ubaghs, 1953, p. 751, Figs. 14, no. b; 148-149. Webster, 1973, p. 92. Kolata, 1975, p. 38, Pl. 6, fig. 7. Ubaghs *in* Moore and Teichert, 1978, p. T125, Fig. 94, no. 2. Lewis, R. D., 1981, p. 227. Webster, 1986, p. 111. Webster, 1988, p. 63. Sloan, 2005, p. 153, Fig. 4, no. 6.
- Dendrocrinus humilis* Billings, E., 1857a, p. 270. Billings, E., 1859, p. 39, Pl. 3, fig. 4. Shumard, 1868, p. 365. Bigsby, 1868, p. 19. Miller, S. A., 1889, p. 238. Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387.
- Ordovician, Katian, Hull Limestone; Curdsville Limestone; Snake Hill Formation; Dunleith Formation, St. James-Beecher Member; Decorah Shale, Buckhorn Member. Canada, Ontario. United States, Kentucky, New York, Minnesota
- Cupulocrinus jewetti* (Billings, 1859). Springer, 1911b, p. 28, Pls. 1, figs. 10-12; 3, figs. 5-7c. Bassler, 1915, p. 315. Springer, 1920a, p. 88, Pl. 75, figs. 2-4. - Cupulocrinus jewetti kentuckiensis* Springer, 1911. Bassler, 1915, p. 315.

Ordovician, Sandbian – Katian (Trentonian), Curdsville Limestone. United States, Kentucky

*Cupulocrinus latibrachiatus* (Billings, 1857). Grabau and Shimer, 1910, p. 505.

Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387. Ausich and Copper, 2010, p. 46, Pl. 9, figs. 5-10.

*Dendrocrinus latibrachiatus* Billings, E., 1857a, p. 270. Billings, E., 1859a, p. 39, Pl. 3, figs. 5a-5c. Shumard, 1868, p. 365. Bigsby, 1868, p. 19. Miller, S. A., 1889, p. 238. Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387.

*Cupulocrinus latibranchiatus* (Billings, 1857). Twenhofel, 1928, p. 137.

*Cupulocrinus* sp. Bolton, 1972, p. 22, Pl. 1, fig. 4. Webster, 1977, p. 62. Ausich and Copper, 2010, p. 47.

Ordovician, Darriwilian, Katian (Richmondian - Cincinnati) - Early Silurian, English

Head Formation; Vaureal Formation; Ellis Bay Formation. Canada

*Cupulocrinus latibranchiatus* (Billings, 1857) = *Cupulocrinus latibrachiatus*

*Cupulocrinus* sp. cf. *C. latibrachiatus* (Billings, 1857). Kolata, 1976, p. 450, Pl. 1, figs. 1-5. Webster, 1986, p. 111.

Ordovician, Katian (Maysvillian), Bighorn Formation, Hunt Mountain Beds. United States, Wyoming

*Cupulocrinus levorsoni* Kolata, 1986, p. 712, Figs. 2, nos. 2-6; 3, no. 7. Webster, 1993, p. 45. Brower and Kile, 1994, p. 25, Pls. 1-4; Figs. 1, 3.

Ordovician, Sandbian – Katian (Champlainian), Guttenburg Formation, Glenhaven Member. United States, Wisconsin

*Cupulocrinus minimus* Springer, 1911b, p. 35, Pl. 3, figs. 4a-4b. Springer, 1920a, p. 88, Pl. 75, figs. 6a-6b. Bassler and Moodey, 1943, p. 387.

Ordovician, Katian (Richmondian); Silurian, Llandoveryan, Waynesville Limestone. United States, Ohio

*Cupulocrinus molanderi* Kolata, 1975, p. 39, Pl. 8, fig. 6-7; Fig. 11. Webster, 1986, p. 111.

Ordovician, Katian (Champlainian), Dunleith Formation, Eagle Point Member. United States, Illinois

*Cupulocrinus plattevilensis* Kolata, 1975, p. 39, Pl. 7, figs. 1-3, 9. Webster, 1986, p. 111. Brower, 2007a, p. 106, Figs. 1, 2, 6, no. 3.

Ordovician, Sandbian (Champlainian), Grand Detour Formation, Stillman Member; unknown horizons in Platteville Group; Mifflin Formation. United States, Wisconsin, Illinois, Missouri, Iowa

*Cupulocrinus polydactylus* (Shumard, 1857). Springer, 1911b, p. 29. Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387. Lewis, R. D., 1981, p. 227.

Schumacher, 1986, p. 6, Unnum. Fig. Webster, 1988, p. 63. Webster, 1993, p. 45. Ausich, 1996b, p. 244, Fig. 17-3, nos. 1-2. Ausich *in* Hess et al., 1999 p. 80,

- Fig. 93. Ausich, 2009a, p. 486, suppl. p. 13.
- Homocrinus polydactylus* Shumard, 1857, p. 78, Pl. 1, figs. 6a-6b. Shumard, 1868, p. 378. Bigsby, 1868, p. 20. Miller, S. A., 1889, p. 255. Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387.
- Poteriocrinites (Dendrocrinus) polydactylus* (Shumard, 1857). Lesley, 1889, p. 740, Fig. 9. Bassler, 1915, p. 315.
- Poteriocrinus (Dendrocrinus) polydactylus* (Shumard, 1857). Meek, 1873a, p. 22, Pl. 3, fig. 9. Bassler, 1915, p. 315.
- Poteriocrinus polydactylus* (Shumard, 1857). Bassler and Moodey, 1943, p. 387.
- Dendrocrinus polydactylus* (Shumard, 1857). Miller, S. A., 1889, p. 239. Cumings, 1908, p. 719, Pl. 3, fig. 4. Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387.
- Cyathocrinus conglobatus* (Troost, 1850) *nomen nudum*. Miller, S. A., 1889, p. 235.
- Cyathocrinites conglobatus* Troost, 1850a, p. 61. Troost, 1850b, p. 419 (*nomen nudum*). Bassler, 1915, p. 315. Bassler and Moodey, 1943, p. 387.
- Cyathocrinites* Christy, 1848. Shumard, 1868, p. 378.  
Ordovician, Katian; - Silurian, Llandoveryan, Whitewater Formation; Limberty Limestone; Waynesville Limestone; Bull Fork Formation. United States, Ohio
- Cupulocrinus sepulchrum* Ramsbottom, 1961, p. 14, Pl. 4, figs. 8-9. Webster, 1973, p. 93. Donovan, 1986d, p. 39, Pl. 4, fig. 9. Webster, 1993, p. 45. Donovan, 1996a, p. 197, Fig. 2, no. d. Donovan, Paul, and Lewis, 1996, p. 211, Pl. 38, fig. 1.
- Heterocrinus?* Huxley and Etheridge, 1878, p. 34. Ramsbottom, 1961, p. 14. Webster, 1973, p. 92.  
Ordovician, Katian (Caradocian), Gaerfawr Group. United Kingdom
- Cupulocrinus tuberculatus* d'Orbigny, 1847. d'Orbigny, 1850, p. 46.
- Cupulocrinus* sp. A Lane, 1970 = *Archaetaxocrinus lanei*
- Cupulocrinus* sp. Bolton, 1972 = *Cupulocrinus latibrachiatus*
- Cupulocrinus* sp.  
Bolton, T. E., 1970, p. 63, Pl. 13, fig. 14. Webster, 1977, p. 62.  
Ordovician, Katian, Farr Formation. Canada, Ontario  
Parsley, 1981, p. 4, Pl. 1, figs. 4, 13. Webster, 1988, p. 64.  
Ordovician, Sandbian, Lexington Limestone, Curdsville Limestone Member. United States, Kentucky  
Hoskins, Inners, and Harper, 1983, p. 37, Fig. p. 36.  
Ordovician, no locality given  
Guensburg, 1984, p. 56, Pl. 11, figs. 8-9. Webster, 1988, p. 64.  
Ordovician, Sandbian, Lebanon Limestone. United States, Tennessee
- CUSACRINUS** Bowsher, 1955. \**Actinocrinus nodobrachiatus* Wachsmuth and Springer in Miller, 1889.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Actinocrinitidae  
 Bowsher, 1955b, p. 7. Brower, 1970, p. 495. Webster, 1973, p. 93. Macurda, 1974, p. 821, Figs. 1-2. Webster, 1977, p. 62. Bowsher *in* Moore and Teichert, 1978, p. T458. Webster, 1986, p. 112. Webster and Lane, 1987, p. 12. Lane and Sevastopulo, 1987, p. 201. Webster, 1993, p. 45. Webster, 1997, p. 10.  
 Named, currently recognized species based on cups or crowns: 20 Mississippian species, 4 Tournaisian, 1 Tournaisian - Viséan, 15 Viséan  
 Mississippian, Tournaisian – Viséan (middle Kinderhookian - early Osagean). United States

*Cusacrinus arnoldi* (Wachsmuth and Springer *in* Miller, 1889) = *C. nodobrachiatus*

*Cusacrinus asperrimus* (Meek and Worthen, 1870). Bowsher, 1955b, p. 11. Webster, 1973, p. 93.  
*Strotocrinus? asperrimus* Meek and Worthen, 1870a, p. 160. Meek and Worthen, 1873, p. 349, Pl. 8, fig. 3. Bassler and Moodey, 1943, p. 267. Bowsher, 1955b, p. 11. Webster, 1973, p. 93.  
*Strotocrinus asperrimus* Meek and Worthen, 1870. Miller, S. A., 1889, p. 284.  
*Actinocrinus asperrimus* (Meek and Worthen, 1870. Wachsmuth and Springer, 1897, p. 575, Pl. 60, figs. 5-6. Bassler and Moodey, 1943, p. 267.  
*Actinocrinites asperrimus* (Meek and Worthen, 1870). Bassler and Moodey, 1943, p. 267.  
 Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa

*Cusacrinus bischoffi* (Miller and Gurley, 1896). Bowsher, 1955b, p. 11. Webster, 1973, p. 93.  
*Actinocrinus bischoffi* Miller and Gurley, 1896c, p. 8, Pl. 3, figs. 1-2. Miller, S. A., 1897, p. 731, Fig. 1275. Weller, S., 1898c, p. 56. Bowsher, 1955b, p. 11. Webster, 1973, p. 93.  
*Actinocrinites bischoffi* (Miller and Gurley, 1896). Bassler and Moodey, 1943, p. 267.  
 Mississippian, Viséan (Osagean), Burlington Limestone. United States, Illinois, Iowa

*Cusacrinus chloris* (Hall, 1861). Bowsher, 1955b, p. 11, Pl. 3, fig. 1. Webster, 1973, p. 93.  
*Actinocrinus chloris* Hall, 1861a, p. 275. Hall, 1861b, p. 3. Hall, 1861c, p. 275. Weller, 1898c, p. 64. Shumard, 1868, p. 342. Miller, S. A., 1889, p. 217. Bassler and Moodey, 1943, p. 275. Kirk, 1943c, p. 346. Bowsher, 1955b, p. 11. Webster, 1973, p. 93.  
*Actinocrinus tenuisculptus* Wachsmuth and Springer, 1897, p. 571, Pl. 55, figs. 4a-4b.  
*Actinocrinites tenuisculptus* (Wachsmuth and Springer, 1897) (*non* McChesney, 1860). Moore and Laudon, 1943b, p. 139, Pl. 10, fig. 11. Kirk, 1943c, p. 346. Moore and Laudon, 1944, p. 193, Pl. 77, Fig. 14. Webster, 1973, p. 93.  
 Mississippian, Viséan (Osagean), Burlington Limestone. United States, Iowa

- Cusacrinus coelatus* (Hall, 1858). Bowsher, 1955b, p. 11. Webster, 1973, p. 93.  
*Actinocrinus coelatus* Hall, 1858c, p. 585, Pl. 10, figs. 14a-14b. Hall, 1860, Pl. 2, fig. 1. Shumard, 1868, p. 343. Weller, S., 1898c, p. 153. Bassler and Moodey, 1943, p. 341. Bowsher, 1955b, p. 11. Webster, 1973, p. 93.
- Cactocrinus coelatus* (Hall, 1858). Wachsmuth and Springer, 1897, p. 618, Pl. 59, figs. 8-9. Weller, S., 1898c, p. 153. Grabau and Shimer, 1910, p. 527, Fig. 852.

Named, currently recognized species based on cups or crowns: 2 Ordovician, Sandbian species

Ordovician, Sandbian (middle Caradocian). Canada, Ontario

*Daedalocrinus bellewillensis* (Billings, 1883). Ulrich, E. O., 1925, p. 83, 97. Bassler and Moodey, 1943, p. 404. Warn and Strimple, 1977, p. 100, Pl. 18, fig. 25. Webster, 1986, p. 119.

*Heterocrinus bellevillensis* Billings, W. E., 1883, p. 49, Unnum. Pl. and figs. Miller, S. A., 1889, p. 252. Wachsmuth and Springer, 1891, p. 392, Pl. 10, fig. 8. Bather, 1899a, p. 35, Fig. 5. Bather *in* Lankester, 1900, p. 146, Fig. 58, no. 2. Bassler, 1915, p. 870. Bassler and Moodey, 1943, p. 404. Warn and Strimple, 1977, p. 100. Webster, 1986, p. 119.

*Stenocrinus bellevillensis* (Billings, 1883). Wachsmuth and Springer, 1886, p. 132 (p. 208). Bassler, 1915, p. 870.

*Ohioocrinus bellevillensis* (Billings, 1883). Springer, 1911b, p. 26. Bassler, 1915, p. 870.

Ordovician, Sandbian (middle Caradocian), Hull Limestone. Canada, Ontario

\**Daedalocrinus kirki* Ulrich, E. O., 1925, p. 97, Fig. 13. Bassler, 1938, p. 83. Bassler and Moodey, 1943, p. 404. Moore and Laudon, 1944, p. 145, Pl. 52, fig. 7. Webster, 1973, p. 98. Warn and Strimple, 1977, p. 100. Ubaghs *in* Moore and Teichert, 1978, p. T186, Fig. 156, no. 2. Moore and Lane *in* Moore and Teichert, 1978, p. T522, Fig. 321, no. 2. Webster, 1986, p. 119.

Ordovician, Sandbian (middle Caradocian), Hull Limestone. Canada, Ontario

**DAEMENOCRINITES** Wood, 1909 = **TALAROCRINUS**

*Daemenocrinites cornutus* (Troost, 1850) = *Talarocrinus symmetricus*

**DAEMENOCRINUS** Bather, 1900 = **TALAROCRINUS**

**DAEMONICRINITES** Miller, 1889 = **TALAROCRINUS**

**DAEMONOCRINITES** Troost, 1850 = **TALAROCRINUS**

*Daemonocrinites cornutus* Troost, 1850 = *Talarocrinus symmetricus*

**DARRAGHCRINUS** Jell, 1999. \**Darraghcrinus tomi* Jell, 1999.

Sbc. Disparida, O. Calceocrinida, F. Calceocrinidae

Jell, 1999a, p. 56.

Named, currently recognized species based on cups or crowns: 1 Devonian, Lochkovian species

Devonian, late Lochkovian. Australia, Victoria

\**Darraghcrinus tomi* Jell, 1999a, p. 58, Figs. 44-46.

Devonian, late Lochkovian, Humevale Formation. Australia, Victoria

**DASCIOCRINUS** Kirk, 1939. \**Cyathocrinus floralis* Yandell and Shumard, 1847.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F.

Pirasocrinidae

Kirk, 1939, p. 472. Bassler and Moodey, 1943, p. 404. Moore and Laudon, 1943b, p. 56. Moore and Laudon, 1944, p. 161. Arendt and Hecker, 1964, p. 88. Burdick and Strimple, 1971a, p. 36. Webster, 1973, p. 98. Strimple, 1975i, p. 5. Webster, 1977, p. 63. Moore and Strimple *in* Moore and Teichert, 1978, p. T726. Burdick

and Strimple, 1983a, p. 114. Webster, 1986, p. 119. Chestnut and Etensohn, 1988, p. 36, Figs. 10, 13. Webster, 1988, p. 66. Lane and Sevastopulo, 1990, p. 336. Webster, 1993, p. 48.

Named, currently recognized species based on cups or crowns: 1 Mississippian, Viséan - Serpukhovian species  
Mississippian, Viséan - Serpukhovian (Chesterian). United States

*Dasciocrinus aulicus* Strimple, 1963 = *Dasciocrinus floralis*

*Dasciocrinus cachensis* (Weller, 1920) = *Dasciocrinus floralis*

*Dasciocrinus florealis* (Yandell and Shumard, 1847) = *Dasciocrinus floralis*

\**Dasciocrinus floralis* (Yandell and Shumard, 1847). Kirk, 1939, p. 472. Bassler and Moodey, 1943, p. 405. Moore and Laudon, 1944, p. 161, Pl. 61, fig. 4. Strimple, 1975i, p. 5. Moore and Strimple *in* Moore and Teichert, 1978, p. T726, Fig. 446, no. 1. Webster, 1986, p. 119. Chestnut and Etensohn, 1988, p. 36, Pl. 1, figs. 1-4. Webster, 1993, p. 48.

*Cyathocrinus floralis* Yandell and Shumard, 1847, p. 24, Unnum. Pl., fig. 1. Miller, S. A., 1889, p. 235. Bassler and Moodey, 1943, p. 405.

*Cyathocrinus florealis* Yandell and Shumard, 1847. Shumard, 1868, p. 399. Weller, S., 1898c, p. 651.

*Zeacrinus florealis* (Yandell and Shumard, 1847). Shumard, 1868, p. 399. Miller, S. A., 1889, p. 288. Weller, S., 1898c, p. 651.

*Pachylocrinus florealis* (Yandell and Shumard, 1847). Springer, 1926b, p. 65, 72, Pl. 16, figs. 8-9a. Bassler and Moodey, 1943, p. 405.

*Poteriocrinus florealis* (Yandell and Shumard, 1847). Miller, S. A., 1889, p. 274 (sic).

*Dasciocrinus florealis* (Yandell and Shumard, 1847). Webster, 1973, p. 99 (sic).

*Dasciocrinus aulicus* Strimple, 1963b, p. 101, Pl. 1, figs. 8-9; Figs. 1-4. Strimple, 1975i, p. 6. Webster, 1973, p. 99. Burdick and Strimple, 1983a, p. 116, Pl. 17, fig.

6. Webster, 1986, p. 119. Chestnut and Etensohn, 1988, p. 36. Webster, 1988, p. 66. Webster, 1993, p. 48.

*Pachylocrinus cachensis* Weller, S., 1920, p. 343, Pl. 8, fig. 35. Bassler and Moodey, 1943, p. 404. Chestnut and Etensohn, 1988, p. 36. Webster, 1993, p. 48.

*Dasciocrinus cachensis* (Weller, 1920). Strimple, 1975i, p. 6. Burdick and Strimple, 1983a, p. 115, Pl. 17, figs. 1, 3-4, 11-12. Webster, 1986, p. 119. Chestnut and Etensohn, 1988, p. 36. Webster, 1988, p. 66. Webster, 1993, p. 48.

*Scaphiocrinus spinifer* Wetherby, 1880b, p. 157, Pl. 5, fig. 5. Miller, S. A., 1889, p. 280. Weller, S., 1898c, p. 548. Bassler and Moodey, 1943, p. 405. Chestnut and Etensohn, 1988, p. 36. Webster, 1993, p. 48.

*Dasciocrinus spinifer* (Wetherby, 1880). Kirk, 1939, p. 472. Bassler and Moodey, 1943, p. 405. Strimple, 1975i, p. 6, Pl. 2, figs. 1-2. Webster, 1986, p. 119. Chestnut and Etensohn, 1988, p. 36. Webster, 1993, p. 48.

*Poteriocrinus spinosus* Owen and Shumard, 1952a, p. 91, Pl. 11, figs. 3a-3b.

Shumard, 1852b, p. 598, Pl. 5B, fig. 4. Shumard, 1868, p. 399. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 549. Bassler and Moodey, 1943, p. 405. Burdick and Strimple, 1983a, p. 115, Pl. 17, figs. 1, 3-4, 11-12. Chestnut and Etensohn, 1988, p. 36. Webster, 1993, p. 48.

*Zeacrinus spinosus* (Owen and Shumard, 1852). Shumard, 1868, p. 399. Miller, S. A., 1889, p. 289.

*Scaphiocrinus spinosus* (Owen and Shumard, 1852). Weller, S., 1898c, p. 549.

*Dasciocrinus spinosus* (Owen and Shumard, 1852). Kirk, 1939, p. 472. Bassler and Moodey, 1943, p. 405. Strimple, 1975i, p. 5. Webster, 1986, p. 119. Chestnut and Etensohn, 1988, p. 36. Webster, 1988, p. 67. Webster, 1993, p. 48.

Mississippian, Viséan - Serpukhovian (Chesterian), Glen Dean Formation; Pennington Formation, Bangor Limestone; Fayetteville Formation; Paint Creek Formation; Golconda Group, Fraileys Formation. Illinois, Kentucky, Alabama, Oklahoma

*Dasciocrinus spinifer* (Wetherby, 1880) = *Dasciocrinus floralis*

*Dasciocrinus spinosus* (Owen and Shumard, 1852) = *Dasciocrinus floralis*

*Dasciocrinus* spp.

Burdick and Strimple, 1971a, p. 36, Pl. 7, fig. 5. Webster, 1977, p. 64.

- ENDELOCRINUS** Moore and Plummer, 1940. Pabian and Rushlau, 2002, p. 17.
- Note:** Pabian and Rushlau place *Endelocrinus* in the synonymy of *Delocrinus* with which I agree. However, they did not transfer the species assigned to *Endelocrinus* to *Delocrinus*. Neither did they discuss the placement of *Corythocrinus* in synonymy with *Endelocrinus* nor *Delocrinus*. Additional comments are needed to explain their interpretation of these taxa. Thus, the species are left as previously assigned until such information is available.
- Named, currently recognized species based on cups or crowns: 26 species, 1 subspecies. 2 Mississippian, 1 Viséan, 1 Serpukhovian; 17 Pennsylvanian, 2 Morrowan, 1 Taiyuan, 1 Desmoinesian, 3 Missourian, 2 Missourian – Virgilian, 7 Virgilian, 1 Late Pennsylvanian series not designated; 7 Permian, 1 Artinskian, 4 Wolfcampian, 2 series uncertain (+1 subspecies, series uncertain)
- Mississippian, Serpukhovian (Chesterian) - Early Permian, Wolfcampian. United States
- Pennsylvanian, Taiyuan. China
- Permian, Artinskian. Bolivia

Permian, series uncertain. West Timor

 Moodey, 1943, p. 460.

Pennsylvanian, Morrowan, Brentwood Limestone. United States, Oklahoma,  
 Arkansas

*Dicromyocrinus elongatus* Yakovlev and Ivanov, 1956, p. 22, Pl. 4, fig. 4. Webster,  
 1973, p. 108.

Pennsylvanian, Moscovian?. Russia, Moscow Basin

*Dicromyocrinus geminatus* (Trautschold, 1867) = *Moscovicrinus geminatus* =  
*Mooreocrinus geminatus*

*Dicromyocrinus geminatus* Wright, 1952 = *Mantikosocrinus wrighti*

*Dicromyocrinus geminatus* Strimple, 1961g = *Mooreocrinus geminatus*

*Dicromyocrinus* cf. *geminatus* (Trautschold, 1867). Aisenverg, *et al.*, 1983, p. 34, Pl. 29, fig. 2. Webster, 1993, p. 50.  
Pennsylvanian, Bashkirian. Russia, Donetz Basin

*Dicromyocrinus granularis* Easton, 1962, p. 36, Pl. 4, figs. 4-5. Webster, 1973, p. 109.  
Pennsylvanian, Morrowan, Alaska Bench Limestone. United States, Montana

*Dicromyocrinus?* *hispidus* (Moore and Plummer, 1938). Webster, 1981, p. 1191.  
Webster, 1988, p. 76.

*Ethelocrinus hispidus* Moore and Plummer, 1938, p. 263, Pl. 15, figs. 4a-4g; Fig. 17. Bassler and Moodey, 1943, p. 461. Webster, 1981, p. 1198. Webster, 1988, p. 76.  
Pennsylvanian, Morrowan, Brentwood Limestone. United States, Oklahoma

*Dicromyocrinus?* *invagtinatus* Webster *et al.*, 2004, p. 51, Pls. 13, figs. 13-16; 17, figs. 9-14.  
Pennsylvanian, Moscovian, Oued Bel Groun Formation. Algeria

*Dicromyocrinus kumpani* Yakovlev *in* Yakovlev and Ivanov, 1956, p. 44, Pl. 12, figs. 1-5. Webster, 1973, p. 109.  
Pennsylvanian, Moscovian. Russia, Donetz Basin

*Dicromyocrinus medius* Moore and Strimple, 1973, p. 57, Pls. 8, figs. 5a-5c; 12, fig. 5; 13, figs. 1a-1d. Webster, 1977, p. 71.  
Pennsylvanian, Morrowan, Wapanucka Formation. United States, Oklahoma

*Dicromyocrinus mendesi* Lane, 1964 = *Mooreocrinus mendesi*

*Dicromyocrinus occultator* (Burke, 1974). Webster, 1981, p. 1198. Webster, 1988, p. 76.  
*Parethelocrinus occultator* Burke, 1974b, p. 8, Figs. 13-15. Webster, 1981, p. 1198.  
Webster, 1988, p. 76.  
Pennsylvanian, Virgilian, Ames Limestone. United States, West Virginia

*Dicromyocrinus optimus* Strimple, 1951 = *Ataxiacrinus optimus* = *Tarachiocrinus optimus*

\**Dicromyocrinus ornatus* (Trautschold, 1879). Moore and Plummer, 1940, p. 367.  
Bassler and Moodey, 1943, p. 378. Strimple, 1961g, p. 65. Yakovlev and Ivanov, 1956, p. 20, Pl. 5, figs. 1-6. Webster, 1973, p. 109. Moore and Strimple *in* Moore and Teichert, 1978, p. T697, Fig. 458, no. 1. Webster, 1986, p. 128.  
*Cromyocrinus ornatus* Trautschold, 1879, p. 121, Pl. 14, figs. 9-10. Lahusen, 1895, p. 149, Fig. 201. Bassler and Moodey, 1943, p. 378. Yakovlev, 1939a, p. 66, Pls. 11, figs. 7-10; 12, fig. 10. Webster, 1973, p. 109.

*Mooreocrinus ornatus* (Trautschold, 1879). Wright and Strimple, 1945, p. 222.  
Webster, 1973, p. 109.

*Cromyocrinus nodosus* Jaekel, 1918, p. 66. Bassler, 1938, p. 87.

**Note:** Jaekel attributed this species to Trautschold. Bassler noted he could find no species *C. nodosus* in Trautschold's papers. I consider *C. nodosus* of Jaekel to be in error for *C. ornatus*, GDW.  
Pennsylvanian, Moscovian. Russia, Moscow Basin

*Dicromyocrinus ornatus* var. *domgeri* Yakovlev in Yakovlev and Ivanov, 1956, p. 43, Pl. 8, fig. 1. Webster, 1973, p. 109.  
Pennsylvanian, Moscovian. Russia, Donetz Basin

*Dicromyocrinus?* *papillatus* (Worthen, 1882) = *Mooreocrinus papillatus* =  
*Agassizocrinus papillatus*

*Dicromyocrinus periodus* Strimple, 1951 = *Ataxiacrinus periodus* = *Tarachiocrinus periodus*

*Dicromyocrinus subaplatus* Moore and Strimple, 1973, p. 59, Pls. 11, figs. 1a-1d, 4a-4b; 13, figs. 3a-3b. Webster, 1977, p. 71.  
Pennsylvanian, Morrowan, Brentwood Member. United States, Oklahoma

*Dicromyocrinus subornatus* Yakovlev in Yakovlev and Ivanov, 1956, p. 44, Pls. 8, figs. 2-5; 21, fig. 1. Arendt and Hecker, 1964, p. 90, Pl. 12, fig. 10. Webster, 1973, p. 109.  
Pennsylvanian, Moscovian. Russia, Donetz Basin

*Dicromyocrinus subsinuatus* (Moore and Plummer, 1938). Webster, 1981, p. 1198.  
Webster, 1988, p. 76.

*Ethelocrinus subsinuatus* Moore and Plummer, 1938, p. 264, Pl. 15, figs. 1a-1g; Fig. 18. Bassler and Moodey, 1943, p. 462. Webster, 1981, p. 1198. Webster, 1988, p. 76.  
Pennsylvanian, Morrowan, Brentwood Limestone. United States, Oklahoma

*Dicromyocrinus tapajosi* Strimple, 1960 = *Tarachiocrinus tapajosi* = *Parulocrinus tapajosi*

*Dicromyocrinus texasensis* (Moore and Plummer, 1940). Webster, 1981, p. 1198.  
Webster, 1988, p. 76.

*Ethelocrinus texasensis* Moore and Plummer, 1940, p. 379, Pl. 20, fig. 6. Bassler and Moodey, 1943, p. 462. Moore and Laudon, 1944, p. 175, Pl. 65, fig. 31. Plummer, 1950, p. 53, Pl. 11, fig. 8. Strimple, 1962i, p. 270. Strimple, 1966a, p. 5. Webster, 1973, p. 190. Moore and Strimple in Moore and Teichert, 1978, p. T700, Fig. 460, nos. 1e-1g. Webster, 1981, p. 1198. Webster, 1986, p. 228. Webster, 1988, p. 76. Finsley, 1989, p. 97, Fig. 326.  
Pennsylvanian, Morrowan, Marble Falls Formation. United States, Texas

*Dicromyocrinus* sp. cf. *D. texasensis* (Moore and Plummer, 1940). Strimple and Watkins, 1969, p. 163, Pl. 54, figs. 8-9. Webster, 1977, p. 71.  
Pennsylvanian, Atokan, Marble Falls Formation. United States, Texas

*Dicromyocrinus trautscholdi* Yakovlev and Ivanov, 1956 = \**Miatshkovocrinus trautscholdi*

*Dicromyocrinus vastus* Webster et al, 2004, p. 49, Pls. 12, figs. 11-21; 17, figs. 25-26.  
Mississippian, Serpukhovian, E1-E2, El Guelmouna Formation, El Guelmouna Member; between Hassi Kerma and Djenien Formations; Aïn el Mizab Formation, Mouizeb el Atchane Member. Algeria

*Dicromyocrinus wrighti* Yakovlev and Ivanov, 1956 = *Mantikosocrinus wrighti*

*Dicromyocrinus* sp. 1. Webster et al., 2009b, p. 247, Fig. 3, nos. I-M.  
Pennsylvanian, Moscovian, uppermost part of the Qijiagou Formation or lowermost part of the Aoertu Formation. China, Xinjiang

*Dicromyocrinus* sp. 2. Webster et al., 2009b, p. 247, Fig. 3, nos. N-P.  
Pennsylvanian, Moscovian, uppermost part of the Qijiagou Formation or lowermost part of the Aoertu Formation. China, Xinjiang

*Dicromyocrinus?* sp. Webster et al., 2004, p. 51, Pl. 13, figs. 1-5.  
Pennsylvanian, Bashkirian, lower part of Hassi Kerma Formation. Algeria

*Dicromyocrinus?* sp. indet. Hashimoto, 1984, p. 13, Pl. 3, figs. 4a-4c; Fig. 5, nos. 4a-4b. Webster, 1993, p. 51.  
Pennsylvanian, Akiyoshi Limestone Group, *Millerella yowarensis* Biozone. Japan

**Note.** Ausich and Kammer, 2010a, p. 42 list the age of *Dizygocrinus* as Osagean to early Chestereian, but two species are reported from the Kinderhookian, GDW. Named, currently recognized species based on cups or crowns: 20 Mississippian species. 3 Tournaisian, 16 Viséan, 1 Serpukhovian Mississippian, Tournaisian – Serpukhovian (Kinderhookian – Chesterian). United States

*Dizygocrinus andrewsianus* (McChesney, 1860) = *Azygocrinus andrewsianus* = *Abatocrinus andrewsianus*

*Dizygocrinus biturbinatus* (Hall, 1858). Wachsmuth and Springer, 1897, p. 427, Pl. 33, fig. 9. Weller, S., 1898c, p. 232. Grabau and Shimer, 1910, p. 543. Bassler and Moodey, 1943, p. 428. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 644, Figs. 5.5-5.8.

*Actinocrinus biturbinatus* Hall, 1858c, p. 616, Pl. 16, figs. 5, 6a-6c; Fig. 95. Shumard, 1868, p. 342. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 232. Bassler and Moodey, 1943, p. 428. Ausich and Kammer, 1992, p. 644.

*Batocrinus biturbinatus* (Hall, 1858). Miller, S. A., 1889, p. 227. Ausich and Kammer, 1992, p. 644.

*Batocrinus abscissus* Rowley and Hare, 1891b, p. 115, Pl. 3, fig. 6. Miller, S. A., 1892a, p. 675. Weller, 1898c, p. 233. Bassler and Moodey, 1943, p. 429. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 644.

*Batocrinus burketi* Miller and Gurley, 1895a, p. 19, Pl. 2, fig. 9. Miller, S. A., 1897, p. 735. Weller, S., 1898c, p. 124. Bassler and Moodey, 1943, p. 322. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 644.

*Batocrinus gurleyi* Rowley and Hare, 1891b (*non* Miller, 1891), p. 115, Pl. 3, fig. 7. Miller, S. A., 1892a, p. 675. Bassler and Moodey, 1943, p. 430. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 644.

*Batocrinus lyonanus* Miller and Gurley, 1893, p. 18, Pl. 3, figs. 4-5. Miller, S. A., 1897, p. 737. Bassler and Moodey, 1943, p. 428.

*Batocrinus signatus* Miller and Gurley, 1896b, p. 10, Pl. 1, figs. 16-17. Miller, S. A., 1897, p. 739. Bassler and Moodey, 1943, p. 331. Ausich and Kammer, 1992, p. 644.

*Batocrinus sweeti* Rowley and Hare, 1891b, p. 116, Pl. 3, fig. 8. Miller, S. A., 1892a, p. 675. Weller, S., 1898c, p. 234. Bassler and Moodey, 1943, p. 430. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 644.

- Dizygocrinus euconus abscissus* (Rowley and Hare, 1891). Bassler and Moodey, 1943, p. 429. Ausich and Kammer, 1992, p. 644.
- Dizygocrinus euconus* var. *abscissus* (Rowley and Hare, 1891). Wachsmuth and Springer, 1897, p. 431, Pl. 46, fig. 9. Weller, S., 1898c, p. 233. Bassler and Moodey, 1943, p. 429. Ausich and Kammer, 1992, p. 644.
- Dizygocrinus montgomeryensis* var. *unibrachiatus* Wachsmuth and Springer, 1897. Ausich and Kammer, 1992, p. 644.
- Dizygocrinus montgomeryensis unibrachiatus* Wachsmuth and Springer, 1897, p. 429, Pl. 33, figs. 5a-5c. Weller, S., 1898c, p. 234. Bassler and Moodey, 1943, p. 430. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111.
- Mississippian, Viséan (late Osagean), Keokuk Limestone, lower part of the Warsaw Formation, Ramp Creek Formation, Edwardsville Formation. United States, Illinois, Indiana, Missouri, Iowa

*Dizygocrinus calvus* Feldman, 1989 = *Dizygocrinus venustus*

- Dizygocrinus cantonensis* Wachsmuth and Springer, 1897, p. 423, Pl. 33, figs. 8a-8b. Miller, S. A., 1897, p. 742. Weller, S., 1898c, p. 232. Bassler and Moodey, 1943, p. 428. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Webster, 1977, p. 46. Ubaghs in Moore and Teichert, 1978, p. T154, Fig. 126, no. 3. Webster, 1986, p. 131. Ausich and Kammer, 1992, p. 653, Fig. 7.32.
- Azygocrinus cantonensis* (Wachsmuth and Springer, 1897). Laudon, 1973b, p. 27, Fig. 3. Webster, 1977, p. 46.
- Mississippian, Viséan (Meramecian), Harrodsburg Limestone. United States, Indiana
- Dizygocrinus caroli* (Hall, 1859). Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 646, Figs. 5.9-5.16, 6.1-6.2.
- Actinocrinus caroli* Hall, 1859a, p. 54, Pl. 1, fig. 11. Shumard, 1868, p. 342. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 124. Bassler and Moodey, 1943, p. 431. Lane, N. G., 1963a, p. 699. Webster, 1973, p. 111. Ausich and Kammer, 1992, p. 646.
- Batocrinus caroli* (Hall, 1859). Miller, S. A., 1889, p. 227. Ausich and Kammer, 1992, p. 646.
- Batocrinus boonvillensis* Miller, S. A., 1891c (adv. pub.). Miller, S. A., 1892a, p. 675. Miller, S. A., 1892b, p. 675, Pl. 10, fig. 13. Lane, N. G., 1963a, p. 700. Webster, 1973, p. 112. Ausich and Kammer, 1992, p. 646.
- Batocrinus broadheadi* Miller and Gurley, 1895b, p. 15, Pl. 1, figs. 10-11. Miller, S. A., 1897, p. 735. Weller, S., 1898c, p. 124. Bassler and Moodey, 1943, p. 322. Lane, N. G., 1963a, p. 700. Webster, 1973, p. 112. Ausich and Kammer, 1992, p. 646.
- Batocrinus delicatulus* Miller and Gurley, 1896b, p. 12, Pl. 1, figs. 20-21. Miller, S. A., 1897, p. 736. Bassler and Moodey, 1943, p. 324. ?Ausich and Kammer, 1992, p. 646.
- ?*Aorocrinus delicatulus* (Miller and Gurley, 1896). Ausich and Kammer, 1992, p. 646.
- Batocrinus divalis* Miller, S. A., 1891c (adv. pub.). Miller, S. A., 1892a, p. 675. Miller, S. A., 1892b, p. 276, Pl. 3, figs. 6-7. Miller, S. A., 1892c, p. 22, Pl. 3, figs. 6-7.

- Weller, S., 1898c, p. 235. Bassler and Moodey, 1943, p. 431.

p. 93, 161. Bassler and Moodey, 1943, p. 444.

*Eifelocrinus bohmi* (Wanner, 1916). Yakovlev, 1964b, p. 67, Fig. 97.

Devonian, Emsian (Coblentian), Stadtfeld Beds. Germany

*Eifelocrinus hefteri* Schmidt, W. E., 1942, p. 171, Pl. 17, fig. 1; Fig. 46, no. b. Webster,  
1973, p. 120. Hauser *in* Hauser and Landeta, 2007, p. 54, fig. 7.

Devonian, Emsian, Hunsrückschiefers. Germany

*Eifelocrinus pennula* Schmidt, W. E., 1942, p. 172, Pl. 13, fig. 6; Figs. 46, no. d.  
Webster, 1973, p. 120.

Devonian, Emsian (Coblentian). Germany

*Eifelocrinus pulvinatus* Schmidt, W. E., 1942, p. 172, Pls. 15, figs. 1-2; 21, figs. 1-2;  
Figs. 46, no. c; 47. Hefter, 1956, p. 170, Fig. 2. Webster, 1973, p. 120. Webster,  
1977, p. 75.

Devonian, Emsian (Coblentian). Germany

*Eifelocrinus rhenanus* (Jaekel, 1921). Schmidt, W. E., 1942, p. 176, Fig. 48, no. b.  
Webster, 1973, p. 120.

*Homocrinus rhenanus* Jaekel, 1921, p. 54, Fig. 43. Schmidt, W. E., 1942, p. 176.  
Bassler and Moodey, 1943, p. 513. Webster, 1973, p. 120.

Devonian, Emsian (Coblenzian), Coblenz Sandstone. Germany

*Eifelocrinus* spp.

Südkam, 1995a, p. 124, unnumbered fig. p. 124.

Devonian, Emsian, Hunsrückschiefers. Germany

Franke, C., 2012, p. 23, Fig. 7.

Devonian, Emsian, Mulden group. Germany, Rhenischen Schiefergebirge

*Eifelocrinus* sp. indet. Schmidt, W. E., 1942, p. 178. Webster, 1973, p. 120.

Devonian, Coblenzian. Germany

**EIREOCRINUS** Wright, 1951 = **HOLCOCRINUS**

*Eireocrinus? coloradoensis* Webster and Hafley in Webster et al., 1999, p. 473, Figs. 5.1, 5.5.

Devonian, late Famennian, Dyer Formation, Broken Rib Member. United States, Colorado

*Eireocrinus ornatus* Wright, 1951 = *Holcocrinus smythi*

**EIRMOCRINUS** Strimple and Watkins, 1969. \**E. grossus* Strimple and Watkins, 1969. Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F. Pirasocrinidae

Strimple and Watkins, 1969, p. 204. Strimple and Moore, 1971a, p. 19. Webster, 1977, p. 75. Moore and Strimple in Moore and Teichert, 1978, p. T726.

Webster, 1986, p. 136. Webster, 1988, p. 80.

Named, currently recognized species based on cups or crowns: 2 Pennsylvanian, Desmoinesian species

Pennsylvanian, Desmoinesian. United States

*Eirmocrinus brewi* (Webster and Lane, 1970). Webster, 1981, p. 1181, Pl. 1, figs. 12-22. Webster, 1988, p. 80.

*Sciadiocrinus brewi* Webster and Lane, 1970, p. 286, Pl. 57, figs. 6-9. Webster, 1977, p. 152. Webster, 1981, p. 1181. Webster, 1988, p. 80.

*Eirmocrinus jeani* Brew and Beus, 1976, p. 904, Pl. 1, figs. 24-25. Webster, 1981, p. 1181. Webster, 1986, p. 136. Webster, 1988, p. 80.

Pennsylvanian, Desmoinesian, Naco Formation. United States, Arizona

\**Eirmocrinus grossus* Strimple and Watkins, 1969, p. 204, Pl. 30, figs. 1-4. Webster, 1977, p. 75. Ubaghs in Moore and Teichert, 1978, p. T145, Fig. 119, no. 1.

Moore and Strimple in Moore and Teichert, 1978, p. T726, Fig. 478, no. 1.

Signor

and Brett, 1984, p. 238, Fig. 8, no. F. Webster, 1986, p. 136. Webster, 1988, p. 80.

Pennsylvanian, Desmoinesian, Millsap Lake Formation. United States, Texas

*Eirmocrinus jeani* Brew and Beus, 1976 = *Eirmocrinus brewi*

*Eirmocrinus* spp.

Strimple, 1973c, p. 165, Fig. 1, nos. a-b. Webster, 1977, p. 75.

Pennsylvanian, Morrowan, House of Hess Conglomerate. United States,  
Arkansas

Holterhoff, 1996, p. 184, Fig. 3, no. C. (diagramatic arm)

Pennsylvanian, Missourian, Stanton Formation. United States, Midcontinent

**EKNOMOCRINUS** Guensburg and Sprinkle, 2003. *\*Eknomocrinus wahwahensis*  
Guensburg and Sprinkle, 2003.

Sbc. Camerata, O. ?Monobathrida, F. Eknomocrinidae

Guensburg and Sprinkle, 2003a p. 22.

Named, currently recognized species based on cups or crowns: 1 Ordovician,  
Tremadocian species

Ordovician, early Tremadocian. United States, Utah

*\*Eknomocrinus wahwahensis* Guensburg and Sprinkle, 2003a, p. 22, Pl. 7, figs. 1-5;  
Fig. 10. Guensburg, 2012, p. 456, Fig. 1, no. D.

Ordovician, early Tremadocian, lower part of Fillmore Formation. United States,  
Utah

**EKTEINOCRINUS** Webster and Lane, 2007. *\*Ekteinocrinus battleshipensis* Webster  
and Lane, 2007.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Uncertain, F.  
Bridgerocrinidae

Webster and Lane, 2007, p. 957.

Named, currently recognized species based on cups or crowns: 1 Permian,  
Artinskian species

Permian, Artinskian. United States, Nevada

*\*Ekteinocrinus battleshipensis* Webster and Lane, 2007, p. 958, Fig. 2, nos. 1-3.

Genus and species unknown, species A Lane and Webster, 1966, p. 56, Pl. 9, fig. 7  
(crown). Webster, 1973, p. 274. Webster and Lane, 2007, p. 958.

Permian, Artinskian, upper part of Bird Spring Formation. United States, Nevada

**ELAEACRINIDARUM** Peetz, 1916. *\*E. miljukovi* Peetz, 1916.

Classification uncertain

Peetz, 1916, p. 15. Bassler, 1938, p. 93. Bassler and Moodey, 1943, p. 445.

Named, currently recognized species based on cups or crowns: 1 Mississippian  
species, series uncertain

Mississippian. Russia

*\*Elaeocrinidarum miljukovi* Peetz, 1916, p. 15, Pl. 1, figs. 4-6. Bassler, 1938, p. 93.

Bassler and Moodey, 1943, p. 445.

Mississippian. Russia

**ELASSOCRINUS** Webster and Lane, 2007. *\*Aesiocrinus delicatulus* Lane and  
Webster, 1966.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Uncertain, F. Aesiocrinidae  
Webster and Lane, 2007, p. 961, Fig. 5.

Named, currently recognized species based on cups or crowns: 4 Permian,  
Artinskian species  
Permian, Artinskian. United States, Nevada

*Elassocrinus cyathus* Webster and Lane, 2007, p. 961, Fig. 4, no. 10.  
Permian, Artinskian, Bird Spring Formation. United States, Nevada

\**Elassocrinus delicatulus* (Lane and Webster, 1966). Webster and Lane, 2007, p. 961.  
*Aesiocrinus delicatulus* Lane and Webster, 1966, p. 53, Pl. 7, fig. 6; Fig. 19. Lane  
and Webster, 1973, p. 40. Pabian and Rushlau, 2002, p. 32. Webster and Lane,  
2007, p. 961.  
Permian, Artinskian, upper part of Bird Spring Formation. United States, Nevada

*Elassocrinus inornatus* (Lane and Webster, 1966). Webster and Lane, 2007, p. 961.  
*Aesiocrinus inornatus* Lane and Webster, 1966, p. 53, Pl. 11, figs. 3, 6; Fig. 19.  
Webster, 1973, p. 40. Pabian and Rushlau, 2002, p. 32. Webster and Lane,  
2007, p. 961.  
Permian, Artinskian, Bird Spring Formation. United States, Nevada

*Elassocrinus nodosus* (Webster and Lane, 1967).  
*Aesiocrinus nodosus* Webster and Lane, 1967 (non Etheridge, 1892), p. 31, Pl. 6,  
fig. 5 (non fig. 6 as listed in plate explanation). Webster, 1973, p. 41. Pabian and  
Rushlau, 2002, p. 32. Webster and Lane, 2007, p. 961.  
Permian, Artinskian, Bird Spring Formation. United States, Nevada

**ELEGANTOCRINUS** Ausich and Kammer, 2009. \**Platycrinus hemisphaericus* Meek  
and Worthen, 1865.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, SPf. Platycrinitoidea, F.  
Platycrinidae

Ausich and Kammer, 2009, p. 709.

Named, currently recognized species based on cups or crowns: 10 Mississippian  
species, 2 Tournaisian, 1 Tournaisian – Viséan, 7 Viséan

Mississippian, Tournaisian – Viséan (early Kinderhookian early-late Osagean).  
United States

Mississippian, Ivorian. Belgium

Mississippian, Chadian. United Kingdom; Ireland

*Elegantocrinus externus* (Wright, 1956). Ausich and Kammer, 2009, p. 709.  
*Platycrinites externus* Wright, J., 1956b, p. 282, Pl. 71, figs. 1-5. Webster, 1973, p.  
212 Ausich and Kammer, 2006, p. 103.

*Pleurocrinus externus* (Wright, 1956). Ausich and Kammer, 2006, p. 103. Ausich  
and  
Kammer, 2009, p. 710.

Mississippian, Viséan. United Kingdom, Scotland

*Elegantocrinus granosus* (de Koninck and LeHon, 1854). Ausich and Kammer, 2009, p.

709.  
*Platycrinus granosus* de Koninck and Le Hon, 1854, p. 183, Pl. 6, figs. 6a-6c.  
 Bassler and Moodey, 1943, p. 621.

*Dolerocrinus fritschi* Prick, 1983, p. 230, Figs. 2-6. Webster, 1988, p. 79. Hauser, 1997, p. 91.  
Calceocriniden? Sieverts-Doreck, 1953. Hauser, 1997, p. 91.  
*Symbathocrinus tabulatus* Schultze, 1866. Hauser, 1997, p. 91.  
Devonian, Eifelian, Freilingen Formation, Nollenbach Member, Bohnert Member; ?Ahabach Formation, Hallert Member. Germany, Eifel
- Eohalysiocrinus cf. fritschi* (Prick, 1983). Hauser, 1997, Pl. 2, fig. 1. Hauser, 2008, Pl. 14, fig. 4.  
Devonian, Eifelian, Freilingen Formation, Nollenbach Member. Germany
- Eohalysiocrinus holynensis* Prokop, 1970a, p. 107, Pl. 12, figs. 6-10; Figs. 12-13. Webster, 1977, p. 78.  
Devonian, Eifelian, Trebotov Limestone. Czech Republic, Bohemia
- Eohalysiocrinus latus* Prokop, 1970a, p. 101, Pls. 9, figs. 3-8; 10, figs. 1-5; 11, figs. 1-3; Figs. 12-13. Webster, 1977, p. 78. Le Menn and Prokop, 1980, p. 247, Pl. 1, figs. 3-4. Le Menn, 1985, p. 67, Pl. 12, figs. 7-8. Webster, 1986, p. 139.  
Webster, 1988, p. 81.  
Devonian, late Emsian, Beg an Arreun Formation; Zlichov Limestone. France, Armorican Massif; Czech Republic, Bohemia
- Eohalysiocrinus reticulatus* Prokop, 1970a, p. 104, Pl. 12, figs. 1-6; Figs. 12-13. Webster, 1977, p. 78.  
Devonian, Pragian, Dvorce-Prokop Limestone. Czech Republic, Bohemia
- Eohalysiocrinus tuberosus* Prokop, 1970a, p. 102, Pl. 11, figs. 4-9; Figs. 12-13. Webster, 1977, p. 78.  
Devonian, Pragian, Reporyje Limestone. Czech Republic, Bohemia
- Eohalysiocrinus? typus* (Ringueberg, 1889). Brett, 1981a, p. 162, Pls. 3, figs. 1-8; 4, figs. 1-6; Figs. 3-4. Webster, 1988, p. 82. Brower, 1990, p. 301, Figs. 5; 7, nos. 21-22. Webster, 1993, p. 56.  
*Calceocrinus typus* Ringueberg, 1889, p. 402, Pl. 10, fig. 8. Bather, 1893a, p. 66. Miller, S. A., 1897, p. 740. Springer, 1926a, p. 118, Pl. 29, figs. 17-17a. Bassler and Moodey, 1943, p. 347. Ausich, 1981a, p. 162. Webster, 1988, p. 82.  
*Synchirocrinus? typus* (Ringueberg, 1889). Moore, 1962a, p. 27. Webster, 1973, p. 251. Brett, 1978b, p. 220, Fig. 5, no. A. Ausich, 1981, p. 162. Webster, 1986, p. 297. Webster, 1988, p. 82.

*Calceocrinus bidentatus* Ringuéberg, 1889, p. 404, Pl. 10, fig. 10. Miller, S. A., 1897, p. 740. Bassler, 1915, p. 156. Bassler and Moodey, 1943, p. 345. Ausich, 1981a, p. 162. Webster, 1988, p. 82.

*Calceocrinus tucanus* Bather, 1893a, p. 86, Pl. 3, figs. 105-107. Delage and Herouard, 1903, p. 379, Fig. 451. Moore, 1962a, p. 27. Webster, 1973, p. 251.

*Synchirocrinus tucanus* (Bather, 1893). Moore, 1962, p. 27, Pl. 2, fig. 6. Webster, 1973, p. 251.

Silurian, Niagaran, Rochester Shale. United States, New York; Canada, Ontario

*Eohalysiocrinus* n. sp. A Clement and Broadhead, 1994, p. 47.

Devonian, Lochkovian, Ross Formation. United States, Tennessee

*Eohalysiocrinus* n. sp. B Clement and Broadhead, 1994, p. 47.

Devonian, Lochkovian, Ross Formation. United States, Tennessee

*Eohalysiocrinus* sp. Hotchkiss, Prokop, and Petr, 1999, p. 330, Fig. 2, no. 5.

Early Devonian, Trebotov Limestone. Czech Republic

**EOINDOCRINUS** Arendt, 1981. \**E. praerimosus* Arendt, 1981.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Cromyocrinoidea, F. Indocrinidae

Arendt, 1981, p. 53. Webster, 1988, p. 82. Webster, 1993, p. 56.

Named, currently recognized species based on cups or crowns: 2 Permian, Artinskian species

Permian, Artinskian. Russia, Australia

*Eoindocrinus praecontignatus* Arendt, 1981, p. 53, Pls. 18, figs. 1-6; 19, figs. 1-3; Figs. 15, nos. a-m; 25, no. v. Webster, 1988, p. 82. Webster, 1990, p. 64, Pl. 2, figs.

4-

5. Webster, 1993, p. 56. Webster and Jell, 1999b, p. 309, Fig. 12, nos. A-B.

Permian, late Artinskian, Sarga Horizon. Russia, Ural Mountains

Permian, late Artinskian, latest Artinskian or earliest Roadian, Wandagee

Formation; Condamine Beds: Australia, Western Australia, Queensland

\**Eoindocrinus praerimosus* Arendt, 1981, p. 55, Pls. 15, fig. 1; 16, figs. 1-2; 17, figs. 1-2; Figs. 16, nos. a-i; 25, no. b. Webster, 1988, p. 82.

Permian, late Artinskian, Sarga Horizon. Russia, Ural Mountains

**EOMYELODACTYLUS** Foerste, 1919. \**Myelodactylus* (*Eomelodactylus*)

*rotundatus* Foerste, 1919.

1993, p. 56. Eckert and Brett, 2001, p. 38. Ausich and Copper, 2010, p. 69.

**MACNAMARATYLUS** Bolton, T. E., 1970, p. 64. \**M. murrayi* Bolton, 1970.

Webster, 1977, p. 107.

Named, currently recognized species based on cups or crowns: 7 Silurian species. 1

6 Llandoveryan, 1 Niagaran  
Silurian, Llandoveryan - Niagaran. North America

*Eomyelodactylus donovani* Ausich and Copper, 2010, p. 72, Pl. 13, figs. 4, 7-9.

Silurian, Llandoveryan, Gun River Formation, Macgilvray, Lachute, and Sandtop Members. Canada, Quebec. Anticosti Island

*Eomyelodactylus forestei* Ausich and Copper, 2010, p. 71, Pl. 13, fig. 3.

Silurian, Llandoveryan, Jupiter Formation, Goéland, East Point, Cybèle, and Ferrum Members. Canada, Quebec, Anticosti Island

*Eomyelodactylus murrayi* (Bolton, 1970). Eckert, 1990, p. 140, Figs. 2, no. 5; 3; 4; 5, nos. 1, 7, 9-14. Webster, 1993, p. 56.

*Macnamaratylus murrayi* Bolton, T. E., 1970, p. 64, Pl. 13, figs. 1, 4, 6, 10. Bolton and Copeland, 1972a, p. 9, Pl. 8, fig. 15. Webster, 1977, p. 107. Eckert, 1990, p. 140. Webster, 1993, p. 56.

Silurian, Niagaran, Thornloe Formation. Canada, Ontario

\**Eomyelodactylus rotundatus* (Foerste, 1919). Moore, 1962b, p. 43, Pl. 4, fig. 1.

Webster, 1973, p. 123. Moore and Lane *in* Moore and Teichert, 1978, p. T552, Fig. 344, no. 4. Webster, 1986, p. 139. Eckert, 1990, p. 137, Figs. 2, no. 1; 5, no. 2. Webster, 1993, p. 56.

*Myelodactylus (Eomyelodactylus) rotundatus* Foerste, 1919, p. 19, Pls. 1, fig. 8; 2, fig. 3. Bassler, 1938, p. 95. Bassler and Moodey, 1943, p. 569.

*Myelodactylus rotundatus* Foerste, 1919. Springer, 1926a, p. 16. Bassler and Moodey, 1943, p. 569.

Silurian, Llandoveryan, Brassfield Formation. United States, Ohio

*Eomyelodactylus sparteus* Eckert, 1990, p. 137, Figs. 1, no. 1; 2, nos. 2-4; 5, nos. 8, 16, 19. Webster, 1993, p. 56. Ausich and Copper, 2010, p. 70, Pl. 13, fig. 5.

Early Silurian, Llandoveryan, Reynales Formation, Hickory Corners Member. United States, New York

Silurian, Llandoveryan, Jupitere Formation, Goéland, Richardson and Cybèle Members. Canada, Quebec, Anticosti Island

*Eomyelodactylus springeri* Ausich and Copper, 2010, p. 72, Pl. 13, figs. 6, 10.

Silurian, Llandoveryan, Jupiter Formation, Goéland Member. Canada, Quebec, Anticosti island

*Eomyelodactylus uniformis* Eckert, 1990, p. 138, Figs. 2, no. 6; 5, nos. 6, 15, 17-18.

Webster, 1993, p. 56.

Early Silurian, Llandoveryan, Reynales Formation, Wallington Member. United States, New York

*Eomyelodactylus* spp. Ausich and Copper, 2010, p. 70, Pls. 8, fig. 3; 13, fig. 1.

Ordovician, Katian, Vauréal Formation; Silurian, Llandoveryan, Becscie Formation, Fox Piont Member. Canada, Quebec, Anticosti Island

**EOPARISOCRINUS** Ausich, 1986. \**Parisocrinus siluricus* Springer, 1926.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Euspirocrinidae  
 Ausich, 1986c, p. 729. Webster, 1993, p. 56. Brower, 1995, p. 351. Ausich, 1998b,  
 p. 34.

Named, currently recognized species based on cups or crowns: 5 species. 4

Ordovician, Katian; 1 Silurian, Llandoveryan

Ordovician, Katian (Trentonian); Middle Silurian, Llandoveryan. North America

*Eoparisocrinus crossmani* Brower, 1995, p. 352, Figs. 1-5.

Dendrocrinid n. gen. n. sp. Kolata, Brower, and Frest, 1987. Brower, 1995, p. 352.

*Carabocrinus* sp. A. Kolata, Brower, and Frest, 1987. Brower, 1995, p. 352.

Ordovician, Katian, Galena Group, Dunleith Formation, Rivoli Member. United  
 States, Minnesota, Iowa

*Eoparisocrinus grandei* Brower, 1995, p. 357, Fig. 6.

*Carabocrinus* sp. B Kolata, Brower, and Frest, 1987. Brower, 1995, p. 357.

Ordovician, Katian, Galena Group, Dunleith Formation, Sherwood Member.  
 United States, Iowa

*Eoparisocrinus mulletensis* (Haugh, 1979). Ausich, 1986c, p. 730. Webster, 1993, p. 56.

*Parisocrinus mulletensis* Haugh, 1979. Ausich, 1986c, p. 729. Webster, 1993, p. 56.

Ordovician, Katian, (Ashgillian), Georgian Bay Formation. Canada, Ontario

*Eoparisocrinus obconicus* (Billings, 1885). Ausich, 1986c, p. 730. Donovan, 1992a, p. 152. Webster, 1993, p. 56.

*Euspirocrinus obconicus* Billings, W. R., 1885, p. 249, Unnum. Pl. and figs. Miller,  
 S. A., 1889, p. 246, Figs. 306-307. Bassler, 1915, p. 526. Bassler and Moodey,  
 1943, p. 473. Wilson, A. E., 1946, p. 40. Webster, 1973, p. 129. Ausich, 1986c,  
 p. 730. Webster, 1993, p. 56.

Ordovician, Katian, (Trentonian), Cobourg Formation, Sherman Fall Formation or  
 Hull Formation. Canada, Ontario, Quebec

\**Eoparisocrinus siluricus* (Springer, 1926). Ausich, 1986c, p. 730, Figs. 2, nos. 5-9; 9.

Webster, 1993, p. 56. Ausich et al. *in* Hess et al., 1999 p. 18, Fig. 28. Webster  
 and Maples, 2008, p. 201, Fig. 10.1, no. 1.

Named, currently recognized species based on cups or crowns: 2 species, 1

Pennsylvanian, Bashkirian, 1 Permian, Artinskian species

Pennsylvanian, Early Bashkirian, Absheni Formation. Eastern Iran

Permian, Artinskian. Russia, Ural Mountains

*Epihalysiocrinus absheniensis* Webster et al., 2011, p. 26, Fig. 6, nos. r-t.

Pennsylvanian, Early Bashkirian, Absheni Formation. Eastern Iran

\**Epihalysiocrinus tuberculatus* (Yakovlev, 1927). Arendt, 1965a, p. 91, Pl. 10, figs. 1-9; Fig. 1. Webster, 1973, p. 123. Moore and Lane *in* Moore and Teichert, 1978, p.

532, Fig. 326, no. 1. Arendt, 1981, p. 102, Pl. 32, figs. 7-8. Webster, 1986, p.

140. Webster, 1988, p. 82.

*Halysiocrinus? tuberculatus* Yakovlev, 1927b, p. 188, Pl. 6a, figs. 18-18b. Bassler and Moodey, 1943, p. 501. Branson, C. C., 1948, p. 195. Yakovlev *in* Yakovlev and Ivanov, 1956, p. 54, Pl. 9, fig. 11. Arendt and Hecker, 1964, p. 80, Pl. 8, fig. 2. Webster, 1973, p. 145.

Permian, late Artinskian, Sargin Horizon. Russia, Krasnoufimsk

*Epihalysiocrinus* n. sp. Webster et al., 2001, p. 111, Pl. 2, figs. D-E.  
Pennsylvanian, Bashkirian, Sardar Formation. Eastern Iran

**EPIPETSCHORACRINUS** Yakovlev *in* Yakovlev and Ivanov, 1956. \**E. borealis*  
Yakovlev *in* Yakovlev and Ivanov, 1956.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Agassizocrinoidea, F. Agassizocrinidae

Yakovlev *in* Yakovlev and Ivanov, 1956, p. 81. Arendt and Hecker, 1964, p. 91. Webster, 1973, p. 123. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T682. Etensohn, 1984, p. 66, Fig. 1. Webster, 1986, p. 140. Webster, 1988, p. 82.

Named, currently recognized species based on cups or crowns: 1 Early Permian series undesignated

Early Permian, series not designated. Russia

\**Epipetschoracrinus borealis* Yakovlev *in* Yakovlev and Ivanov, 1956, p. 81, Pl. 15, fig. 16. Arendt and Hecker, 1964, p. 91, Pl. 13, fig. 6. Webster, 1973, p. 123. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T682, Fig. 450, no. 3. Webster, 1986, p. 140.

Early Permian, series not designated. Russia, Arctic Urals

**ERATOCRINUS** Kirk, 1938. \**Zeacrinus elegans* Hall, 1858.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Zeacrinitoidea, F. Zeacrinitidae

Kirk, 1938, p. 165. Bassler, 1938, p. 95. Bassler and Moodey, 1943, p. 454. Moore and Laudon, 1943b, p. 58. Moore and Laudon, 1944, p. 165. Arendt and Hecker, 1964, p. 89. Webster, 1973, p. 123. Webster, 1977, p. 78. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T748. Webster, 1986, p. 140. Lane and Sevastopulo, 1990, p. 337. Webster, 1993, p. 57. Kammer and Ausich, 1994, p. 343.

Named, currently recognized species based on cups or crowns: 11

Mississippian species, 1 Tournaisian, 10 Viséan

Mississippian, Tournaisian – Viséan (Kinderhookian – Meramecian). United States

*Eratocrinus blairi* (Miller and Gurley, 1895) = *Eratocrinus commaticus*

*Eratocrinus commaticus* (Miller, 1892). Kirk, 1938, p. 165. Bassler and Moodey, 1943, p. 454. Moore and Laudon, 1944, p. 165, Pl. 61, fig. 3. Moore, 1962b, Fig. 14, no. 6. Webster, 1973, p. 123. Ubaghs *in* Moore and Teichert, 1978, p. T189, Fig. 159, no. 4. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T748, Fig. 495, nos. 2c-2d. Webster, 1986, p. 141. Kammer and Ausich, 1994, p. 343, Figs. 3.18-3.21.

*Zeacrinus commaticus* Miller, S. A., 1891b, p. 36, Pl. 5, figs. 10-11. Miller, S. A., 1892a, p. 683. Miller, S. A., 1892b, p. 654, Pl. 8, fig. 8. Weller, S., 1898c, p. 650. Springer, 1926b, p. 65, Pl. 22, figs. 1-3a; Fig. 2. Bassler and Moodey, 1943, p. 454.

*Zeacrinus blairi* Miller and Gurley, 1895b, p. 66, Pl. 4, figs. 5-6. Weller, S., 1898c, p. 650. Bassler and Moodey, 1943, p. 45. Kammer and Ausich, 1994, p. 343.

*Eratocrinus blairi* (Miller and Gurley, 1895). Bassler and Moodey, 1943, p. 454. Kammer and Ausich, 1994, p. 343.

Mississippian, Viséan, early Meramecian, upper part of Warsaw Formation. United States, Missouri

*Eratocrinus coxanus* (Worthen, 1882). Kirk, 1938, p. 165. Bassler and Moodey, 1943, p. 454. Kammer and Ausich, 1994, p. 343, Figs. 3.15-3.17.

*Zeacrinus coxanus* Worthen, 1882, p. 27. Worthen, 1883, p. 302, Pl. 28, fig. 1. Miller, S. A., 1889, p. 288. Weller, S., 1898c, p. 640. Bassler and Moodey, 1943, p. 454.

*Woodocrinus coxanus* (Worthen, 1882). Weller, S., 1898c, p. 640.

*Zeacrinus keokuk* Worthen, 1882, p. 28. Worthen, 1883, p. 303, Pl. 28, fig. 3. Weller, S., 1898c, p. 652. Bassler and Moodey, 1943, p. 670. Kammer and Ausich, 1994, p. 343.

*Sarocrinus? keokuk* (Worthen, 1882). Kirk, 1942, p. 382. Bassler and Moodey, 1943, p. 670. Kammer and Ausich, 1994, p. 343.

Mississippian, Viséan (Osagean), Keokuk Limestone; lower part of Warsaw Formation. United States, Illinois, Iowa

\**Eratocrinus elegans* (Hall, 1858). Kirk, 1938, p. 165. Bassler and Moodey, 1943, p. 454. Moore and Laudon, 1943b, p. 134, Pl. 5, fig. 9. Moore and Laudon, 1944, p. 165, Pls. 59, fig. 12; 61, fig. 13. Moore, 1962b, p. 24, Fig. 14, no. 5. Good, 1968, Frontice. Webster, 1973, p. 123. Webster, 1977, p. 79. Moore, Lane, and Strimple in Moore and Teichert, 1978, p. T748, Fig. 495, nos. 2a-2b. Webster, 1986, p. 141.

*Zeacrinus elegans* Hall, 1858c, p. 547, Pl. 9, figs. 1-2; Fig. 68. Shumard, 1868, p. 399. Miller, S. A., 1889, p. 288, Fig. 445. Weller, S., 1898c, p. 640. Bassler, 1938, p. 95. Bassler and Moodey, 1943, p. 454.

*Woodocrinus elegans* (Hall, 1858). Keyes, 1894a, p. 214, Pl. 26, fig. 5. Weller, S., 1898c, p. 640. Grabau and Shimer, 1910, p. 512, Fig. 1827. Bassler and Moodey, 1943, p. 454.

*Eratocrinus elegante* (Hall, 1858). Moore, 1939b, p. 247.

*Coenarthropterum elegante* (Hall, 1858). Moore, 1939b, p. 247 (brachial).

Mississippian, Viséan (Osagean), upper and lower parts of Burlington Limestone. United States, Iowa

*Eratocrinus elegante* (Hall, 1858) = *Eratocrinus elegans*

*Eratocrinus faggi* (Rowley and Hare, 1891). Kirk, 1938, p. 165. Bassler and Moodey, 1943, p. 454.

*Zeacrinus faggi* Rowley and Hare, 1891a, p. 103, Pl. 2, fig. 20. Miller, S. A., 1892a, p. 683. Weller, S., 1898c, p. 651. Bassler and Moodey, 1943, p. 454.  
Mississippian, Viséan (Osagean), upper part of Burlington Limestone: United States, Missouri

*Eratocrinus orbicularis* (Hall, 1861) = *Cromyocrinus orbicularis*

*Eratocrinus pikensis* (Worthen, 1882). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 454.

*Zeacrinus pikensis* Worthen, 1882, p. 29. Worthen, 1883, p. 304, Pl. 30, fig. 3. Miller,

S. A., 1889, p. 288. Weller, S., 1898c, p. 547. Bassler and Moodey, 1943, p. 454.

*Scaphiocrinus pikensis* (Worthen, 1882). Weller, S., 1898c, p. 547.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Illinois

*Eratocrinus ramosus* (Hall, 1858). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 454.

*Zeacrinus ramosus* Hall, 1858c, p. 548, Pl. 9, fig. 3; Fig. 69. Shumard, 1868, p. 399. Miller, S. A., 1889, p. 288. Bassler and Moodey, 1943, p. 454.

*Woodocrinus ramosus* (Hall, 1858). Weller, S., 1898c, p. 641.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Eratocrinus raymondi* (Laudon and Beane, 1937). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 455.

*Pachyocrinus raymondi* Laudon and Beane, 1937, p. 255, Pl. 18, fig. 4. Bassler and Moodey, 1943, p. 455.

Mississippian, Tournaisian (Kinderhookian), Hampton Formation. United States, Iowa

*Eratocrinus sacculus* (White, 1862). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 455.

*Zeacrinus sacculus* White, C. A., 1862 (adv. pub.). White, C. A., 1865, p. 12. Miller, S. A., 1889, p. 288. Bassler and Moodey, 1943, p. 455.

*Zeacrinus sacculus* var. *concinnus* White, C. A., 1862 (adv. pub.). White, C. A., 1865, p. 12. Miller, S. A., 1889, p. 288. Bassler and Moodey, 1943, p. 455.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Eratocrinus salemensis* (Miller and Gurley, 1894). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 455. Kammer and Ausich, 1994, p. 344, Fig. 4.

*Zeacrinus salemensis* Miller and Gurley, 1894b, p. 37, Pl. 3, fig. 17. Weller, S., 1898c, p. 653. Bassler and Moodey, 1943, p. 455.

*Zeacrinus salemanensis* Miller and Gurley, 1894. Miller, S. A., 1897, p. 755 (sic).

Mississippian, Viséan (late Osagean - early Meramecian), Edwardsville Formation; Harrodsburg Limestone. United States, Indiana

*Eratocrinus scoparius* (Hall, 1861) = *Ascetocrinus scoparius*

*Eratocrinus serratus* (Meek and Worthen, 1870). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 455. Moore and Laudon, 1944, p. 167, Pl. 60, fig. 11. Webster, 1973, p. 123.

*Zeacrinus serratus* Meek and Worthen, 1870a, p. 151. Miller, S. A., 1889, p. 288. Weller, S., 1898c, p. 641.

*Poteriocrinites (Zeacrinites) serratus* (Meek and Worthen, 1870). Meek and Worthen, 1873, p. 428, Pl. 1, fig. 8. Bassler and Moodey, 1943, p. 455.

*Woodocrinus serratus* Wachsmuth and Springer, 1886, p. 166. Weller, S., 1898c, p. 641. Bassler and Moodey, 1943, p. 725.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Eratocrinus troostanus* (Meek and Worthen, 1860). Kirk, 1938, p. 166. Bassler and Moodey, 1943, p. 455.

*Zeacrinus troostanus* Meek and Worthen, 1860, p. 390. Meek and Worthen, 1866a, p. 186, Pl. 16, fig. 2; Fig. 4. Shumard, 1868, p. 400. Miller, S. A., 1889, p. 289, Fig. 447. Weller, S., 1898c, p. 641. Bassler and Moodey, 1943, p. 455.

*Woodocrinus troostanus* (Meek and Worthen, 1860). Weller, S., 1898c, p. 641. Grabau and Shimer, 1910, p. 511.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

**ERETMOCRINUS** Lyon and Casseday, 1859. \**E. magnificus* Lyon and Casseday, 1859.

5;

7. Ausich and Kammer, 2010a, p. 42.

Named, currently recognized species based on cups or crowns: 37 species, 2 subspecies. 36 Mississippian, 4 Tournaisian, 2 Tournaisian – Viséan, 29 Viséan (+2 Viséan subspecies), 1 Serpukhovian; 1 Pennsylvanian, Atokan

Mississippian, Tournaisian - Viséan (latest Kinderhookian – Osagean). North America  
Pennsylvanian, late Atokan. United States, Colorado

*Eretmocrinus adultus* Wachsmuth and Springer, 1881 = *Dizygocrinus originarius*

*Eretmocrinus argutus* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 42.  
*Batocrinus argutus* Miller and Gurley, 1896a, p. 9, Pl. 1, figs. 8-9. Miller, S. A., 1897, p. 735. Weller, S., 1898c, p. 123. Bassler and Moodey, 1943, p. 322.  
Mississippian, Tournaisian – Viséan (Kinderhookian – Osagean), Chouteau Limestone, lower part of Burlington Limestone. United States, Iowa, Missouri

*Eretmocrinus aridus* Webster and Lane, 1987, p. 32, Figs. 9; 10, nos. 22-23. Webster, 1993, p. 57.  
Mississippian, Viséan (Osagean), Anchor Limestone. United States, Nevada

*Eretmocrinus asper* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 42.  
*Batocrinus asper* Miller and Gurley, 1896a, p. 13, Pl. 1, figs. 15-16. Miller, S. A., 1897, p. 735. Weller, S., 1898c, p. 123. Bassler and Moodey, 1943, p. 322.  
Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Missouri

*Eretmocrinus attenuatus* (Hall, 1861) = *Abatocrinus attenuatus*

*Eretmocrinus basilicus* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 42.  
*Batocrinus basilicus* Miller and Gurley, 1896a, p. 11, Pl. 1, figs. 10-12. Miller, S. A., 1897, p. 735. Weller, S., 1898c, p. 123. Bassler and Moodey, 1943, p. 322.  
Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Missouri

*Eretmocrinus brevis* Rowley, R. R., 1902b, p. 309, Pl. 18, figs. 15-16. Bassler and Moodey, 1943, p. 455.  
Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Missouri

*Eretmocrinus calyculoides* (Hall, 1860). Miller, S. A., 1889, p. 243. Keyes, 1894a, p. 177, Pl. 23, fig. 13. Wachsmuth and Springer, 1897, p. 395, Pl. 34, figs. 1-4. Miller, S. A., 1897, p. 744. Weller, S., 1898c, p. 249. Bassler and Moodey, 1943, p. 456. Laudon, 1973b, p. 28, Fig. 4. Webster, 1977, p. 79. Lane and Dubar, 1983, p. 118, Fig. 3, no. N. Webster, 1988, p. 83.  
*Actinocrinus calyculoides* Hall, 1859a, p. 17, Unnum. Fig. Shumard, 1868, p. 342. Hall, 1872c, Pl. 3, figs. 2-5. Miller, S. A., 1889, p. 217. Miller, S. A., 1897, p. 731. Weller, S., 1898c, p. 249. Bassler and Moodey, 1943, p. 456.  
*Batocrinus calyculoides* (Hall, 1859). Miller, 1897, p. 735.  
Mississippian, Viséan (Osagean), upper and lower parts of Burlington Limestone; Borden Formation, Nada Member. United States, Iowa, Kentucky

- Eretmocrinus calyculoides nodosus* Wachsmuth and Springer, 1897. Bassler and Moodey, 1943, p. 456.  
*Eretmocrinus calyculoides* var. *nodosus* Wachsmuth and Springer, 1897, p. 396, Pl. 34, figs. 6-8. Miller, S. A., 1897, p. 744. Weller, S., 1898c, p. 249. Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa
- Eretmocrinus calyculoides* var. *nodosus* Wachsmuth and Springer, 1897 = *Eretmocrinus calyculoides nodosus*
- Eretmocrinus carica* (Hall, 1861) = *Macrocrinus carica*
- Eretmocrinus casedayanus* Miller and Gurley, 1894 = *Eretmocrinus remibrachiatus expansus*
- Eretmocrinus casula* (Miller and Gurley, 1895). Ausich and Kammer, 2010a, p. 43. *Batocrinus casula* Miller and Gurley, 1895. Mississippian, Viséan (Osagean), Ft. Payne Chert. United States, Kentucky
- Eretmocrinus clio* (Hall, 1861) = *Abatocrinus clio*
- Eretmocrinus cloelia* (Hall), 1861. Miller, S. A., 1889, p. 243. Wachsmuth and Springer, 1897, p. 398, Pl. 36, figs. 4a-4b. Miller, S. A., 1897, p. 744. Weller, S., 1898c, p. 249. Bassler and Moodey, 1943, p. 456. Lee, Ausich, and Kammer, 2005, p. 344.  
*Actinocrinus cloelia* Hall, 1861a, p. 266. Hall, 1861b, p. 1. Hall, 1861c, p. 266. Shumard, 1868, p. 343. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 249. Bassler and Moodey, 1943, p. 456.  
*Batocrinus cloelia* (Hall, 1861). Miller, S. A., 1897, p. 736. Mississippian, Viséan (Osagean), upper part of Burlington Limestone; Nada Member, Borden Formation. United States, Missouri, Iowa, Kentucky
- Eretmocrinus commendabilis* Miller and Gurley, 1895a, p. 25, Pl. 2, fig. 16. Miller, S. A., 1897, p. 744, Fig. 1349. Weller, S., 1898c, p. 249. Bassler and Moodey, 1943, p. 324. Van Sant *in* Van Sant and Lane, 1964, p. 116, Pl. 7, fig. 12. Webster, 1973, p. 123. Ausich and Kammer, 2010a, p. 43.  
*Batocrinus commendabilis* (Miller and Gurley, 1895). Miller, S. A., 1897, p. 736. Bassler and Moodey, 1943, p. 324. Ausich and Kammer, 2010a, p. 43. Mississippian, Viséan (Osagean), Edwardsville Limestone. United States, Indiana
- Eretmocrinus copiosus* (Miller and Gurley, 1894). Ausich and Kammer, 2010a, p. 43. *Batocrinus copiosus* Miller and Gurley, 1894b, p. 51, Pl. 5, figs. 5-6. Miller, S. A., 1897, p. 736. Weller, S., 1898c, p. 125. Bassler and Moodey, 1943, p. 324. Mississippian, Serpukhovian (Chesterian), Chester Limestone. United States, Kentucky

Silurian, middle Niagaran, Waldron Shale. United States, Indiana

*Eucalyptocrinites elrodi* (Miller, 1891). Bassler and Moodey, 1943, p. 464. Webster, 1973, p. 126. Webster, 1977, p. 82. Kahrs, 1995, p. 48, Figs. 1-2.

*Eucalyptocrinus elrodi* Miller, S. A., 1891c, p. 40 (adv. pub.). Miller, S. A., 1892a, p. 678. Miller, S. A., 1892b, p. 650, Pl. 7, figs. 9-10. Wachsmuth and Springer, 1897, p. 339, Pl. 81, figs. 7-13. Miller, S. A., 1897, p. 745, Figs. 1351-1352.

Grabau and Shimer, 1910, p. 559, Fig. 1896. Bassler, 1915, p. 503. Springer,

- 1926a, p. 36, Pl. 8, figs. 1-2. Bassler and Moodey, 1943, p. 464. Wilson, C. W., 1948, p. 158, Pl. 25, fig. 10. Wilson, C. W., 1949, p. 251, Pl. 25, fig. 10. Webster, 1973, p. 126. Webster, 1977, p. 82.
- Eucalyptocrinus caelatus* Hall, 1863a, p. 226. Hall, 1879a, p. 142, Pls. 16, figs. 1-10; 19, figs. 1, 3. Hall, 1882b, p. 274, Pls. 15, fig. 1; 16, figs. 1-10; 19, figs. 1, 3. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.
- Eucalyptocrinus subglobosus* Miller, S. A., 1891c, p. 37 (adv. pub.). Miller, S. A., 1892a, p. 678. Miller, S. A., 1892b, p. 647, Pl. 7, fig. 3. Miller, S. A., 1897, p. 745, Fig. 1354. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464. Silurian, middle Niagaran, Waldron Shale. United States, Indiana, Tennessee
- Eucalyptocrinites excellentissimus* (Angelin, 1878). Bassler and Moodey, 1943, p. 464.
- Eucalyptocrinus excellentissimus* Angelin, 1878, p. 16, Pl. 5, fig. 5. Bassler and Moodey, 1943, p. 464. Silurian, Wenlockian. Sweden, Isle of Gotland
- Eucalyptocrinites extensus* (Troost in Wood, 1909) Troost in Wood, 1850a, p. 60. Troost in Wood, 1850b, p. 419. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.
- Eucalyptocrinus extensus* Troost in Wood, 1909, p. 49, Pl. 13, figs. 9-10. Shumard, 1868, p. 370. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.
- Hypanthocrinus extensus* (Troost, 1850). Bigsby, 1868, p. 21. Silurian, middle Niagaran, Beech River Formation. United States, Tennessee.
- Eucalyptocrinites floridus* Troost in Wood, 1909 = *Eucalyptocrinites milliganae*
- Eucalyptocrinites fonzi* Jell et al., 1988, p. 378, Figs. 15, nos. A-C; 16, no. C. Webster, 1993, p. 58. Devonian, Pragian (*kindlei* Biozone), Loyola Limestone. Australia, Victoria
- Eucalyptocrinites gibbosus* (Troost in Wood, 1909). Troost in Wood, E., 1850a, p. 61. Troost in Wood, 1850b, p. 419. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.
- Eucalyptocrinus gibbosus* Troost in Wood, 1909, p. 54, Pl. 10, figs. 3-4. Shumard, 1868, p. 370. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.
- Hypanthocrinus gibbosus* (Troost, 1850). Bigsby, 1868, p. 21. Silurian, middle Niagaran, Beech River Formation. United States, Tennessee
- Eucalyptocrinites goldfussi* (Troost in Wood, 1909). Troost, in Wood, E., 1850a, p. 60. Troost in Wood, 1850b, p. 419. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464. Ausich, 2009a, p. 487, suppl. p. 21.
- Eucalyptocrinus goldfussi* Troost in Wood, E., 1909, p. 52, Pl. 15, figs. 5-6. 1850). Shumard, 1868, p. 370. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.
- Hypanthocrinus goldfussi* (Troost, 1850). Bigsby, 1868, p. 21.

Silurian, middle Niagaran, Beech River Formation. United States, Tennessee

*Eucalyptocrinites granulatus* (Lewis, 1846). Bassler and Moodey, 1943, p. 464.

*Hypanthocrinus granulatus* Lewis, W. S., 1846, p. 99, Pl. 21, figs. 1-5. Bigsby, 1868, p. 21. Angelin, 1878, p. 18, Pls. 6, figs. 3-4; 24, figs. 10-12; 29, figs. 69, 70, 74.

Bassler and Moodey, 1943, p. 464. Donovan et al., 2012, p. 196, Pls. 51, Fig. 2; 52, Fig. 1; Fig. 84.

*Eucalyptocrinus granulatus* (Lewis, 1846). Roemer, C. F. *in* Bronn and Roemer, 1851, p. 260. Dujardin and Hupé, 1862, p. 116. Wachsmuth and Springer, 1885, p. 133 (355). Bassler and Moodey, 1943, p. 464.

Silurian, Wenlockian, Wenlock Shale. Coalbrookdale Formation. United Kingdom, Walsall; Sweden, Isle of Gotland

*Eucalyptocrinites inchoatus* Philip, 1961, p. 150, Pl. 8, figs. 3-4, 9; Figs. 4-9. Webster, 1973, p. 126.

Early Devonian. Australia, Victoria

*Eucalyptocrinites inconspectus* (Ringueberg, 1884). Bassler and Moodey, 1943, p. 464.

*Eucalyptocrinus inconspectus* Ringueberg, 1884, p. 148, Pl. 3, fig. 5. Miller, S. A., 1889, p. 244. Wachsmuth and Springer, 1897, p. 346, Pl. 83, figs. 1-2. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 464.

Silurian, Niagaran, Gasport Limestone. United States, New York

*Eucalyptocrinites inexplicatus* (Waagen and Jahn, 1899). Prokop, 1986, p. 354, Pls. 2; 3, figs. 1-4; Fig. 2. Prokop and Petr, 1990, p. 29. Webster, 1993, p. 58.

*Encrinetes inexplicatus* Waagen and Jahn, 1899, p. 132, Pl. 59, figs. 10-14. Bassler and Moodey, 1943, p. 447. Prokop, 1986, p. 354. Prokop and Petr, 1990, p. 29.

Silurian - Early Devonian, Pragian, Koneprusy Limestone. Czech Republic, Bohemia

*Eucalyptocrinites inornatus* (Weller, 1900). Bassler and Moodey, 1943, p. 465. Witzke and Strimple, 1981, p. 130, Pl. 4, figs. 17-18; Fig. 19. Webster, 1988, p. 84.

*Eucalyptocrinus inornatus* Weller, S., 1900, p. 115, Pl. 6, figs. 3-4. Bassler, 1915, p. 504. Bassler and Moodey, 1943, p. 465.

Silurian, Llandoveryan, Hopkinton Dolomite, *Cyrtia* Beds. United States, Iowa

*Eucalyptocrinites laevis* Troost *in* Wood, 1909, 1850 = *Eucalyptocrinites phillipsi*

*Eucalyptocrinites lindahli* (Wachsmuth and Springer, 1892). Bassler and Moodey, 1943, p. 465. Ausich, 2009a, p. 487, suppl. p. 22.

*Eucalyptocrinus lindahli* Wachsmuth and Springer, 1892, p. 139. Miller, S. A., 1892a, p. 678. Wachsmuth and Springer, 1897, p. 347, Pl. 82, fig. 9. Miller, S. A., 1897, p. 745. Wood, E., 1909, p. 47, Pl. 12, figs. 5-6. Bassler, 1915, p. 504. Springer, 1926a, p. 36, Pl. 8, figs. 4-5. Bassler and Moodey, 1943, p. 465.

*Eucalyptocrinites splendidus* Troost, 1850a, p. 60; 1850b, p. 419 (*nomen nudum*). Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 467.

- Eucalyptocrinus splendidus* (Troost, 1850). Shumard, 1868, p. 371 (*nomen nudum*). Hall and Whitfield, 1875a, p. 128, Pl. 6, fig. 12. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 507. Bassler and Moodey, 1943, p. 467.
- Hypanthocrinus splendidus* (Troost, 1850). Bigsby, 1868, p. 21.
- Eucalyptocrinus wortheni* Miller and Gurley, 1893, p. 53, Pl. 4, fig. 2. Miller, S. A., 1897, p. 745. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465. Silurian, middle Niagaran, Beech River Formation; Cedarville Limestone. United States, Tennessee, Ohio
- Eucalyptocrinites magnus* (Worthen, 1875). Bassler and Moodey, 1943, p. 465. Webster, 1973, p. 126. Webster, 1977, p. 82. Liddell and Brett, 1982, p. 68, Fig. 2, no. F. Webster, 1988, p. 84.
- Eucalyptocrinus magnus* Worthen, 1875, p. 501, Pl. 25, fig. 3. Miller, S. A., 1889, p. 244. Wachsmuth and Springer, 1897, p. 348, Pl. 82, figs. 7-8. Weller, S., 1900, p. 116, Pl. 6, fig. 7. Grabau and Shimer, 1910, p. 560. Bassler, 1915, p. 505. Springer, 1926a, p. 36, Pl. 8, fig. 3. Bassler and Moodey, 1943, p. 465. Wilson, C. W., 1948, p. 158, Pl. 25, fig. 9. Wilson, C. W., 1949, p. 251, Pl. 25, fig. 9. Webster, 1973, p. 126. Webster, 1977, p. 82.
- Eucalyptocrinus gorbyi* Miller, S. A., 1891c, p. 39 (adv. pub.). Miller, S. A., 1892a, p. 678. Miller, S. A., 1892b, p. 649, Pl. 7, figs. 5-6. Miller, S. A., 1897, p. 745, Fig. 1353. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465. Silurian, Niagaran, Waldron Shale. United States, Tennessee
- Eucalyptocrinites milliganae* (Miller and Gurley, 1895). Bassler and Moodey, 1943, p. 465. Strimple, 1963d, p. 105, Pl. 7, fig. 3. Webster, 1973, p. 126. Witzke and Strimple, 1981, p. 128, Fig. 16, no. F. Brett, 1984, p. 102, Fig. 9, no. B. Webster, 1988, p. 84. Newell, 2005, p. 31, Fig. 3, no. 13 (unidentified, after Wood, 1909, pl. 5). Ausich, 2009a, suppl. p. 22.
- Eucalyptocrinus milliganae* Miller and Gurley, 1896c, p. 88, Pl. 5, figs. 4-6. Miller, S. A., 1897, p. 745. Wood, E., 1909, p. 50, Pl. 5, fig. 13. Bassler, 1915, p. 505. Springer, 1926a, p. 37, Pl. 8, figs. 6-8. Bassler and Moodey, 1943, p. 465. Cuénot, 1948, p. 38, Fig. 47. Webster, 1973, p. 126.
- Eucalyptocrinus milligani* (Miller and Gurley, 1896). Grabau and Shimer, 1910, p. 558, Fig. 1892.
- Eucalyptocrinites conicus* Troost *in* Wood, 1850a, p. 61. Troost *in* Wood, 1850b, p. 419. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465.
- Eucalyptocrinus conicus* (Troost *in* Wood, 1850). Shumard, 1866, p. 370. Shumard, 1868, p. 370. Bigsby, 1868, p. 20. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 505.
- Eucalyptocrinus floridus* Troost *in* Wood, E., 1909, p. 50. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465. Silurian, middle Niagaran, Beech River Formation; Brownsport Formation; Henryhouse Formation. United States, Tennessee, Oklahoma
- Eucalyptocrinites minor* (Angelin, 1878). Bassler and Moodey, 1943, p. 465.
- Eucalyptocrinus minor* Angelin, 1878, p. 17, Pl. 6, figs. 1-1a; 24, figs. 9-9b. Bassler and Moodey, 1943, p. 465. Silurian, Wenlockian. Sweden, Isle of Gotland

- Eucalyptocrinites nashvillae* (Troost *in* Wood, 1909, 1850a, p. 60. Troost *in* Wood, 1850b, p. 419. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465.  
*Eucalyptocrinus nashvillae* Troost *in* Wood, E., 1909, p. 53, Pl. 15, figs. 7-8. Shumard, 1868, p. 370. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465.  
*Hypanthocrinus nashvillae* (Troost, 1850). Bigsby, 1868, p. 21. Silurian, middle Niagaran, Beech River Formation. United States, Tennessee
- Eucalyptocrinites nodulus* (Weller, 1900). Bassler and Moodey, 1943, p. 465.  
*Eucalyptocrinus nodulus* Weller, S., 1900, p. 109, Pl. 7, figs. 1-3. Bassler and Moodey, 1943, p. 465.  
*Eucalyptocrinus nodulosus* (Weller, 1900). Bassler, 1915, p. 505.  
*Eucalyptocrinus crassus* Hall, 1867b, p. 323, Pl. 10, figs. 2-3. Hall, 1870, p. 365, Pl. 10, figs. 2-3. Bassler, 1915, p. 505. Bassler and Moodey, 1943, p. 465. Silurian, late Niagaran, Racine Dolomite. United States, Illinois
- Eucalyptocrinites obconicus* Hall, 1865 = *Archaeocalyptocrinus obconicus*
- Eucalyptocrinites ornatus* (Hall, 1861). Bassler and Moodey, 1943, p. 465.  
*Eucalyptocrinus ornatus* Hall, 1861b, p. 20. Hall, 1861e, p. 20. Hall, 1864c, p. 329, Pl. 11, figs. 4-5. Hall, 1865, p. 25, Pl. 3, figs. 4-5. Hall, 1867b, p. 329, Pl. 11, figs. 4-5. Shumard, 1868, p. 370. Hall, 1870, p. 366, Pl. 11, figs. 4-5. Miller, S. A., 1889, p. 244. Wachsmuth and Springer, 1897, p. 340, Pl. 82, fig. 10. Weller, S., 1900, p. 111, Pl. 6, figs. 5-6. Bassler, 1915, p. 506. Bassler and Moodey, 1943, p. 465-466.  
*Hypanthocrinus ornatus* (Hall, 1861). Bigsby, 1868, p. 21. Silurian, late Niagaran, Racine Dolomite. United States, Wisconsin, Illinois
- Eucalyptocrinites* sp. (cf. *E. ornatus* Hall, 1861). Witzke and Strimple, 1981, p. 131, Pls. 4, figs. 19-25; 5, figs. 1-7; Fig. 18. Webster, 1988, p. 84. Silurian, Llandoveryan, Hopkinton Dolomite, *Cyrtia* Beds. United States, Iowa
- Eucalyptocrinites ovalis* (Hall, 1879). Troost, 1850a, p. 60 (*nomen nudum*). Troost, 1850b, p. 419 (*nomen nudum*). Bassler, 1915, p. 506. Bassler and Moodey, 1943, p. 466. Kahrs, 1995, p. 50, Figs. 1-2. Ausich, 2009a, p. 487, suppl. p. 23.  
*Eucalyptocrinus ovalis* (Troost, 1850). Shumard, 1868, p. 370 (*nomen nudum*). Hall, 1877, Pl. 17, figs. 12-13 (by error as *E. ovatus* on plate explanation). Hall, 1879a, p. 143, Pl. 17, figs. 12-13. Hall, 1882b, p. 275, Pl. 17, figs. 12-13. Miller, S. A., 1889, p. 244. Wachsmuth and Springer, 1897, p. 344, Pl. 82, figs. 1-6. Bassler, 1915, p. 506. Bassler and Moodey, 1943, p. 466.  
*Hypanthocrinus ovalis* (Troost, 1850). Bigsby, 1868, p. 21.  
*Eucalyptocrinites tennesseae* Troost, 1850a, p. 61. Troost, 1850b, p. 419 (*nomen nudum*). Shumard, 1868, p. 371. Miller, S. A., 1889, p. 244. Bassler, 1915, p. 506. Bassler and Moodey, 1943, p. 466.  
*Hypanthocrinus tennesseae* (Troost, 1850). Bigsby, 1868, p. 21. Silurian, middle Niagaran, Beech River Formation; Waldron Shale; Louisville Limestone. United States, Tennessee, Indiana, Kentucky

- Eucalyptocrinites ovatus* (Angelin, 1878). Bassler and Moodey, 1943, p. 466.  
*Eucalyptocrinus ovatus* Angelin, 1878, p. 17, Pl. 5, figs. 1-2a. Bassler, 1915, p. 506. Bassler and Moodey, 1943, p. 466.  
 Silurian, Wenlockian. Sweden, Isle of Gotland
