Miller, S. A., 1889, p. 219. Bassler and Moodey, 1943, p. 485.  
*Gennaeocrinus nyassa* (Hall, 1862). Kesling, 1964c, p. 148.  
Devonian, Givetian, Moscow Shale; Sellersburg Limestone; Wanakah Shale,  
Kashong Member. United States, New York, Indiana
- Gennaeocrinus* sp. cf. *G. nyssa* (Hall, 1862). Breimer, 1962a, p. 69. Webster, 1973, p.  
135.  
Devonian. Spain
- Gennaeocrinus perculiaris* Goldring, 1923, p. 225, Pl. 31, fig. 10. Bassler and Moodey,  
1943, p. 485. Kesling and Smith, 1962, p. 185. Kesling, 1964c, p. 148.  
Webster, 1973, p. 135.  
Devonian, Givetian, Moscow Shale. United States, New York
- Gennaeocrinus percarinatus* Goldring, 1935c, p. 832, Pl. 58, figs. 12, 15. Bassler and  
Moodey, 1943, p. 485. Kesling and Smith, 1962, p. 185. Webster, 1973, p. 135.  
Devonian, Givetian, Tulley Limestone, Westbrook Member. United States, New  
York
- Gennaeocrinus pocillum* (Hall, 1862) = *Megistocrinus depressus*
- Gennaeocrinus romingeri* Kesling, 1964c, p. 144, Pl. 1, figs. 1-8; Fig. 1. Webster,  
1973,  
p. 135.  
Devonian, Givetian, Thunder Bay Limestone. United States, Michigan
- Gennaeocrinus sculptus* Rowley, R. R., 1903a, p. 107, Pl. 33, figs. 4-6. Bassler and  
Moodey, 1943, p. 485. Kesling and Smith, 1962, p. 185. Webster, 1973, p. 135.  
Devonian, Givetian, Sellersburg Limestone. United States, Indiana
- Gennaeocrinus seversoni* Laudon, 1973a, p. 447, Pl. 1, figs. 1-3; Fig. 1, nos. A-E.  
Webster, 1977, p. 89.  
Devonian, Fammenian, Sappington Formation. United States, Montana
- Gennaeocrinus similis* Goldring, 1935b, p. 358, Pl. 26, figs. 7-8. Goldring, 1938, p. 78,  
Fig. 23, nos. 1-2. Bassler and Moodey, 1943, p. 485. Kesling and Smith, 1962, p.  
185. Webster, 1973, p. 135.  
Devonian, Givetian, lower? part of Moscow Shale; Ludlowville Shale; Wanakah  
Shale. United States, New York

*Gennaeocrinus simulans* Rowley, R. R., 1904b, p. 183, Pl. 54, figs. 9-11. Bassler and Moodey, 1943, p. 485. Kesling and Smith, 1962, p. 185. Webster, 1973, p. 135. Devonian, Givetian, Sellersburg Limestone. United States, Indiana

*Gennaeocrinus trijugis* (Miller, 1891) = *Blairocrinus trijugis*

*Gennaeocrinus variabilis* Kesling and Smith, 1962, p. 174, Pls. 1-9; Figs. 1-2. Kesling, 1964c, p. 149. Webster, 1973, p. 135. Baumiller and Gahn, 2002, p. 202, Fig. 2, no. 4. Gahn and Baumiller, 2003, p. 74, Fig. 2. Baumiller et al. *In* Ausich and Webster, 2008, p. 14, Fig. 1.9. Devonian, Givetian, Bell Shale. United States, Michigan

*Gennaeocrinus* spp.

Fraunfelter, 1965, p. 204, Fig. 1. Webster, 1973, p. 135.

Devonian, Bradfordian, Glen Park Formation. United States, Missouri

Hoskins, Inners, and Harper, 1983, p. 37, Fig. Pl. 11.

Devonian, no locality given

Genre indéterminé Waagen and Jahn, 1899 = Crinoidearum ordo, fam. gen et sp. ind.

Genus and species indet. Lane, Maples, and Waters, 2001a, p. 1073, Pl. 6, fig. 3.

(Family Cercidocrinidae)

*Coeliocrinus* n. sp. Whidborne, 1898. Lane, Maples, and Waters, 2001a, p. 1073.

*Coeliocrinus?* sp. Whidborne; Schmidt, 1930. Lane, Maples, and Waters, 2001a, p. 1073.

Devonian, Famennian, Pilton Beds. United Kingdom, North Devon

Genus and species indeterminate Lane, Waters, and Maples, 1997, p. 26.

?*Cestocrinus* sp. Hou, *et al.*, 1994. Lane, Waters, and Maples, 1997, p. 26.

Inadunate crinoid Lane, *et al.*, 1995. Lane, Waters, and Maples, 1997, p. 26.

Devonian, Famennian, Hongguleleng Formation, lower member, marly beds. China, Xinjiang-Uygur Autonomous Region

Genus and species indeterminate Strimple and Watkins, 1969, p. 169, Pl. 32, fig. 5 (inadunate crown). Webster, 1977, p. 180.

Pennsylvanian, Morrowan? Marble Falls Formation. United States, Texas

Genus and Species Uncertain Lane, Maples, and Waters, 2001b, p. 242, Fig. 5, no. A.

Devonian, Famennian, Etroeungt. Germany

Genus and species unknown Lane and Sevastopulo, 1986, p. 742, Fig. 2, nos. 6-7.

Webster, 1993, p. 63.

Mississippian, Tournaisian (Kinderhookian), McCraney Limestone. United States, Illinois

Genus and species unknown, species A Lane and Webster, 1966 = *Ekteinocrinus battleshipensis*

Genus and species unknown, Species A Webster and Lane, 1967, p. 12, Fig. 4, no. 2 (part of one ray, basals to brachs). Webster, 1973, p. 274.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

Genus and species unknown, Species A Webster and Lane, 1970, p. 280, Pl. 56, fig. 16; Fig. 3 (partial crown, flexible). Webster, 1977, p. 181.

Pennsylvanian, Desmoinesian, Naco Formation. United States, Arizona

Genus and species unknown, Species A Webster and Lane, 1970, p. 288, Pl. 56, fig. 12 (partial crown, inadunate). Webster, 1977, p. 181.

Pennsylvanian, Desmoinesian, Bird Spring Formation. United States, Nevada

Genus and species unknown, Species B Lane and Webster, 1966, p. 57, Pl. 9, fig. 8 (set of arms). Webster, 1973, p. 274.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

Genus and species unknown, species B Webster and Lane, 1967 = *Allosocrinus* sp.

Genus unknown, Species C Webster and Lane, 1967, p. 22, Pl. 4, figs. 10-11 (crown). Webster, 1973, p. 274.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

*GEOCRINUS* d'Orbigny, 1849 = ***PERIECHOCRINITES***

*Geocrinus moniliformis* Phillips, 1839 = *Periechocrinites moniliformis* = *Periechocrinus moniliformis*

***GERAOCRINUS*** Ulrich in Foerste, 1925. \**G. sculptus* Ulrich in Foerste, 1925.

Sbc. Disparida, O. Homocrinida, F. Columbocrinidae

Ulrich in Foerste, 1925, p. 92. Bassler, 1938, p. 102. Bassler and Moodey, 1943, p. 485. Moore and Laudon, 1943b, p. 31. Ubaghs, 1953, p. 747. Webster, 1973,

p. 135. Brower and Veinus, 1974, p. 21. Moore and Lane in Moore and Teichert, 1978, p. T555. Webster, 1986, p. 153. Ausich, 1998b, p. 36.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Sandbian species

Ordovician, Sandbian (Chazyan). United States

\**Geraocrinus sculptus* Ulrich in Foerste, 1925, p. 92, Fig. 9. Bassler, 1938, p. 102. Bassler and Moodey, 1943, p. 486. Brower and Veinus, 1974, p. 22, Fig. 2. Moore and Lane in Moore and Teichert, 1978, p. T555, Fig. 349, no. 2. Webster, 1986, p. 154.

Ordovician, Sandbian (late Chazyan), Ottosee Shale or Sevier Formation. United States, Tennessee

**GEROLDICRINUS** Jaekel, 1918. \**Lecanocrinus roemeri* Schultze, 1867.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Lecanocrinoidea, F. Lecanocrinidae

Jaekel, 1918, p. 80. Bassler, 1938, p. 102. Bassler and Moodey, 1943, p. 486. Moore and Laudon, 1943b, p. 76. Ubaghs, 1953, p. 756. Arendt and Hecker, 1964, p. 94. Webster, 1973, p. 135.  and Teichert, 1978, p. T427.

Named, currently recognized species based on cups or crowns: 30 species. 8  
 Devonian, 8 Givetian; 22 Mississippian, 9 Tournaisian, 12 Viséan, 1 series  
 uncertain

?Middle Devonian, Givetian, Mississippian, Viséan (Osagean). North America;  
 Mississippian, Tournaisian. Europe  
 Mississippian. China, Yunnan

*Gilbertsocrinus abnormis* McCoy, 1844 = *Rhodocrinites abnormis*

- Gilbertsocrinus alpenensis* Ehlers, 1925, p. 99, Pl. 1, figs. 1-2. Bassler and Moodey, 1943, p. 486. Kier, 1952, p. 70, Pl. 4, figs. 14-16. Fini, 1973, p. 1. Webster, 1973, p. 135. Kesling and Chilman, 1975, p. 165, Pl. 126, figs. 13-15. Webster, 1986, p. 154.  
Devonian, Givetian, Traverse Group, Alpena Limestone; Silica Formation, Bell Shale Member; Ludlowville Shale. United States, Michigan, New York, Ohio
- Gilbertsocrinus bairstowi* Wright, J., 1958, p. 326, Pl. 78, figs. 8-10, 12-13. Webster, 1973, p. 135. Westhead, 1978, p. 483.  
Mississippian, Tournaisian. United Kingdom
- Gilbertsocrinus bollandensis* Wright, J., 1958, p. 324, Pls. 76, figs. 12, 16-18; 77, figs. 9-10, 15, 21 (*non* Pl. 77, fig. 16, typographical error). Webster, 1973, p. 136. Westhead, 1978, p. 483.  
Mississippian, Tournaisian. United Kingdom, Scotland
- Gilbertsocrinus bursa* Phillips, 1836, p. 207, Pl. 4, figs. 24-25. Bronn, 1848, p. 530. d'Orbigny, 1850, p. 155. Meek and Worthen, 1866a, p. 217, Fig. 17. Miller, S. A., 1889, p. 249, Fig. 320. Bassler and Moodey, 1943, p. 486. Wright, J., 1958, p. 322, Pl. 77, figs. 1-4. Webster, 1973, p. 136. Smith, A. B., 1985, p. 168, Pl. 7.4.11. Webster, 1988, p. 88.  
Mississippian, Tournaisian, Mountain Limestone. United Kingdom
- \**Gilbertsocrinus calcaratus* Phillips, 1836, p. 207, Pl. 4, fig. 22. Bronn, 1848, p. 530. d'Orbigny, 1850, p. 155. Meek and Worthen, 1866a, p. 217, Fig. 18. Miller, S. A., 1889, p. 250, Fig. 322. Wachsmuth and Springer, 1897, p. 236, Pl. 15, fig. 5. Bather *in* Lankester, 1900, p. 201, Fig. 127, no. 3. Bassler, 1938, p. 102. Bassler and Moodey, 1943, p. 486. Wright, J., 1958, p. 318, Pls. 77, figs. 17, 23-24; 78, figs. 14-16 (*non* Pl. 68, figs. 14-16, typographical error). Webster, 1973, p. 136. Ubaghs *in* Moore and Teichert, 1978, p. T427, Fig. 236, nos. 1a-1c. Westhead, 1978, p. 483. Webster, 1986, p. 154.  
Mississippian, Tournaisian, Mountain Limestone. United Kingdom
- Gilbertsocrinus cf. calcaratus* Phillips; Chen and Yaom 1993 = *Gilbertsocrinus* sp.
- Gilbertsocrinus compactus* Wright, J., 1958, p. 323, Pl. 78, figs. 11, 19-21. Webster, 1973, p. 136. Westhead, 1978, p. 483.  
Mississippian, Tournaisian. United Kingdom, Scotland
- Gilbertsocrinus coplowensis* Wright, J., 1958, p. 325, Pl. 76, figs. 7-8. Webster, 1973, p. 136. Westhead, 1978, p. 483.  
Mississippian, Tournaisian. United Kingdom, Scotland
- Gilbertsocrinus dispansus* Wachsmuth and Springer, 1897, p. 240, Pl. 15, figs. 2a-2d. Miller, S. A., 1897, p. 746. Weller, S., 1898c, p. 286. Springer, 1926, p. 38, Pl. 10, fig. 1. Bassler and Moodey, 1943, p. 486. Van Sant *in* Van Sant and Lane, 1964, p. 105. Webster, 1973, p. 136.  
Mississippian, Viséan (Osagean), Edwardsville Formation. United States, Indiana

- Gilbertsocrinus faberi* (Miller and Gurley, 1896). Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487.  
*Goniasteroidocrinus faberi* Miller and Gurley, 1896, p. 84, Pl. 5, figs. 2-3. Miller, S. A., 1897, p. 746. Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487. Mississippian, Viséan (Osagean), Keokuk Limestone. United States, Missouri
- Gilbertsocrinus fiscellus* (Meek and Worthen, 1860). Wachsmuth and Springer, 1897, p. 245, Pl. 17, figs. 2a-2d. Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487. Moore and Laudon, 1944, p. 187, Pl. 73, fig. 4. Webster, 1973, p. 136.  
*Trematocrinus fiscellus* Meek and Worthen, 1860, p. 383. Shumard, 1868, p. 374. Miller, S. A., 1889, p. 287. Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487.  
*Gilbertsocrinus (Goniasteroidocrinus) fiscellus* (Meek and Worthen, 1860). Meek and Worthen, 1866a, p. 222, Pl. 15, fig. 5: Fig. 20. Bassler and Moodey, 1943, p. 487.  
*Goniasteroidocrinus fiscellus* (Meek and Worthen, 1860). Shumard, 1868, p. 373. Miller, S. A., 1889, p. 250. Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa
- Gilbertsocrinus (Goniasteroidocrinus) fiscellus* Meek and Worthen, 1866 = *Gilbertsocrinus fiscellus*
- Gilbertsocrinus globosus* Wright, J., 1958, p. 325, Pl. 76, figs. 22-25. Webster, 1973, p. 136. Westhead, 1978, p. 483. Mississippian, Tournaisian. United Kingdom, Scotland
- Gilbertsocrinus greenei* Miller and Gurley, 1895a, p. 35, Pl. 3, figs. 13-15. Miller, S. A., 1897, p. 746, Fig. 1358. Goldring, 1934, p. 185, Pl. 1, figs. 1-4 (5-7 n. var.?). Bassler and Moodey, 1943, p. 487. Devonian, Givetian, Sellersburg Limestone, Wanakah Shale. United States, Indiana, New York
- Gilbertsocrinus indianensis* Miller and Gurley, 1895 = *Gilbertsocrinus spinigerus*
- Gilbertsocrinus intersculptus* Goldring, 1936, p. 15, Pl. 6, figs. 1-6. Bassler and Moodey, 1943, p. 487. Devonian, Givetian, Skaneateles Shale, Berwyn Member. United States, New York
- Gilbertsocrinus koninckii* Grenfell, 1876, p. 467, Pl. 7, figs. 11-13. Bassler and Moodey, 1943, p. 487. Wright, J., 1958, p. 321, Pl. 76, fig. 10; 77, figs. 6, 8, 11-14, 16, 18, 25; 78, figs. 5-6; Fig. 132. White, E., 1964, p. 174, Pl. 61, fig. 2. Webster, 1973, p. 136. Webster, 1977, p. 89. Westhead, 1978, p. 483. Donovan, 1992c, p. 42, Fig. 7, nos. D-F. Mississippian, Tournaisian, Lower Limestone Shale. United Kingdom, Scotland

- Gilbertsocrinus koninckii?* Grenfell, 1876. Wright, J., 1958, p. 321, Pl. 77, figs. 5, 19-20. Webster, 1973, p. 136.  
Mississippian, Tournaisian. United Kingdom, Scotland
- Gilbertsocrinus lyonanus* (Miller and Gurley, 1893). Weller, S., 1898c, p. 286. Bather in Lankester, 1900, p. 201, Fig. 127, no. 1. Delage and Herouard, 1903, p. 386, Fig. 476. Bassler and Moodey, 1943, p. 487.  
*Goniasteroidocrinus lyonanus* Miller and Gurley, 1893, p. 55, Pl. 4, fig. 4. Miller, S. A., 1897, p. 746. Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487.  
Mississippian, Viséan (Osagean), Keokuk Limestone. United States, Indiana
- Gilbertsocrinus mammillaris* Phillips, 1836, p. 207, Pl. 4, fig. 23. Bronn, 1848, p. 530. d'Orbigny, 1850, p. 155. Bassler and Moodey, 1943, p. 487. Wright, J., 1958, p. 319, Pls. 76, fig. 21; 77, figs. 7, 22; 78, figs. 1-4, 7, 17-18. Webster, 1973, p. 136.  
Westhead, 1978, p. 483. Donovan and Lewis, 2003, p. 1, Pl. 1, fig. 1.  
Mississippian, Tournaisian, Mountain Limestone. United Kingdom
- Gilbertsocrinus multicalcaratus* Goldring, 1935b, p. 352, Pl. 26, figs. 5-6. Bassler and Moodey, 1943, p. 487. Goldring, 1945, p. 60. Webster, 1973, p. 136.  
Devonian, Givetian, Moscow Shale. United States, New York
- Gilbertsocrinus obovatus* Meek and Worthen, 1869. Wachsmuth and Springer, 1897, p. 241, Pl. 17, figs. 4a-4b. Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487.  
*Gilbertsocrinus (Goniasteroidocrinus) obovatus* Meek and Worthen, 1869a, p. 76. Meek and Worthen, 1873, p. 391, Pl. 4, fig. 6. Weller, S., 1898c, p. 286. Bassler and Moodey, 1943, p. 487.  
*Goniasteroidocrinus obovatus* Meek and Worthen, 1869. Miller, S. A., 1889, p. 250.  
Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa, Illinois
- Gilbertsocrinus (Goniasteroidocrinus) obovatus* Meek and Worthen, 1869 =  
*Gilbertsocrinus obovatus*
- Gilbertsocrinus ohioensis* Stewart, 1940, p. 54, Pl. 1, figs. 1-4. Bassler and Moodey, 1943, p. 487. Kier, 1952, p. 71, Pl. 4, figs. 4-7. La Rocque and Marple, 1955, p. 94, Fig. 234. Fini, 1973, p. 1. Webster, 1973, p. 136. Kesling and Chilman, 1975, p. 165, Pls. 15; 126, figs. 4-12. Webster, 1986, p. 154. Ausich, 1996b, p. 248, Fig. 17-6, nos. 1, 16-17.  
Devonian, Givetian, Silica Shale. United States, Ohio
- Gilbertsocrinus (Goniasteroidocrinus) papillatus* (Hall, 1859) = *Gilbertsocrinus typus*

- Gilbertsocrinus rarispinus* Goldring, 1936, p. 17, Pl. 6, fig. 11. Bassler and Moodey, 1943, p. 487.  
Devonian, Givetian, Moscow Shale. United States, New York
- Gilbertsocrinus reticulatus* (Hall, 1861). Wachsmuth and Springer, 1897, p. 244, Pl. 17, figs. 1a-1b. Weller, S., 1898c, p. 287. Bassler and Moodey, 1943, p. 487.  
*Trematocrinus reticulatus* Hall, 1861a, p. 325. Hall, 1861b, p. 9. Hall, 1861c, p. 325. Shumard, 1868, p. 374. Miller, S. A., 1889, p. 287. Weller, S., 1898c, p. 287. Bassler and Moodey, 1943, p. 487.  
*Goniasteroidocrinus reticulatus* (Hall, 1861). Shumard, 1868, p. 374. Miller, S. A., 1889, p. 250.  
Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa
- Gilbertsocrinus (Goniasteroidocrinus) reticulatus* (Hall, 1859), Meek, 1865 = *Gilbertsocrinus typus*
- Gilbertsocrinus robustus* (Hall, 1859). Van Sant in Van Sant and Lane, 1964, p. 105. Webster, 1973, p. 136.  
*Trematocrinus robustus* Hall, 1859a, p. 77, Unnum. Fig. Shumard, 1868, p. 374. Miller, S. A., 1889, p. 287. Weller, 1898c, p. 287. Bassler and Moodey, 1943, p. 488. Van Sant in Van Sant and Lane, 1964, p. 105. Webster, 1973, p. 136.  
*Gilbertsocrinus (Goniasteroidocrinus) robustus* (Hall, 1859). Meek, 1865. Shumard, 1868, p. 374.  
*Goniasteroidocrinus robustus* (Hall, 1859). Shumard, 1868, p. 374. Miller, S. A., 1889, p. 250.  
Mississippian, Viséan (Osagean), Keokuk Limestone. United States, Iowa
- Gilbertsocrinus (Goniasteroidocrinus) robustus* (Hall, 1859) = *Gilbertsocrinus robustus*
- Gilbertsocrinus simplex* Gilbertson in Portlock, 1843, p. 351, Pl. 16, figs. 5a-5b (not fig. 15 as given p. 351). Bronn, 1848, p.1. Bassler and Moodey, 1943, p. 488. Wright, J., 1958, p. 326, Pl. 76, fig. 9. Webster, 1973, p. 136.  
*Girvanella* encrusting corals and Encrinital columns Smith, S., 1910, Pl. 3, fig. 2. Mississippian. Ireland; United Kingdom
- Gilbertsocrinus spinigerus* (Hall, 1862). Whitfield, 1891, p. 553, Pl. 11, fig. 12. Whitfield, 1893a, p. 447, Pl. 7, fig. 12. Grabau and Shimer, 1910, p. 551, Fig. 1881. Wachsmuth and Springer, 1897, p. 247, Pl. 15, figs. 3a-3c. Bassler and Moodey, 1943, p. 488. Moore and Laudon, 1944, p. 187, Pl. 73, fig. 5. Goldring, 1950, p. 35, Pl. 2, figs.12-14. Webster, 1973, p. 136.  
*Trematocrinus spinigerus* Hall, 1862a, p. 100. Hall, 1862b, p. 128. Shumard, 1868, p. 374. Miller, S. A., 1889, p. 287. Miller, S. A., 1897, p. 746. Bassler and Moodey, 1943, p. 488.  
*Gilbertsocrinus spinigerus* var. Goldring, 1923, p. 96, Pl. 3, figs. 1-6. Goldring, 1939c, p. 81, Fig. 23, nos. 3-5. Bassler and Moodey, 1943, p. 488.  
*Gilbertsocrinus (Trematocrinus) spinigerus* (Hall, 1862). Hall, 1872, Pl. 1-A, fig. 9. Bassler and Moodey, 1943, p. 488.

*Gilbertsocrinus (Goniasteroidocrinus) spinigerus* (Hall, 1862). Meek, 1865.  
Shumard, 1868, p. 374.

*Goniasteroidocrinus spinigerus* (Hall, 1862). Shumard, 1868, p. 374. Miller, S. A.,  
1889, p. 250. Miller, S. A., 1897, p. 746.

*Gilbertsocrinus indianensis* Miller and Gurley, 1895a, p. 38, Pl. 3, figs. 16-22. Miller,  
S. A., 1897, p. 746. Bassler and Moodey, 1943, p. 488.

Devonian, Givetian, Tichenor Limestone, Wanakah Shale, Sellersburg Limestone,  
Moscow Shale, Widder Beds; Ludlowville Shale. United States, New York,  
Indiana, Ohio; Canada, Ontario

*Gilbertsocrinus spinigerus* var. Goldring, 1923 = *Gilbertsocrinus spinigerus*

*Gilbertsocrinus (Goniasteroidocrinus) spinigerus* (Hall, 1862) = *Gilbertsocrinus  
spinigerus*

*Gilbertsocrinus (Trematocrinus) spinigerus* Hall, 1872 = *Gilbertsocrinus spinigerus*

*Gilbertsocrinus spinodosus* Goldring, 1935b, p. 350, Pl. 26, figs. 2-4. Bassler and  
Moodey, 1943, p. 488.

Devonian, Givetian, Ludlowville Shale, Tichenor Limestone. United States, New  
York

*Gilbertsocrinus stellaris* (de Koninck and Le Hon, 1854). Wachsmuth and Springer,  
1897, p. 220, Pl. 15, fig. 4. Bassler and Moodey, 1943, p. 488.

*Rhodocrinus stellaris* de Koninck and Le Hon, 1854, p. 109, Pl. 1, figs. 14a-14c.  
Bassler and Moodey, 1943, p. 488.

*Encrinus* sp. Cumberland, 1819, p. 91, Pl. 4, figs. 8-11. Bassler and Moodey, 1943,  
p. 488.

Mississippian, Tournaisian, Mountain Limestone. Belgium; United Kingdom

*Gilbertsocrinus tenuiradiatus* Meek and Worthen, 1869. Miller, S. A., 1889, p. 250.

Wachsmuth and Springer, 1897, p. 246, Pl. 17, fig. 3. Weller, S., 1898c, p. 287.  
Bassler and Moodey, 1943, p. 488.

*Gilbertsocrinus (Goniasteroidocrinus) tenuiradiatus* Meek and Worthen, 1869a, p.  
75. Meek and Worthen, 1873, p. 389, Pl. 11, fig. 1. Weller, S., 1898c, p. 287.

Bassler and Moodey, 1943, p. 488.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States,  
Iowa

*Gilbertsocrinus (Goniasteroidocrinus) tenuiradiatus* Meek and Worthen, 1869 = *G.  
tenuiradiatus*

*Gilbertsocrinus tuberculosus* (Hall, 1859). Wachsmuth and Springer, 1897, p. 243, Pl.  
17, figs. 5a-5e. Weller, S., 1898c, p. 287. Bather in Lankester, 1900, p. 201,  
Fig. 127, no. 2. Bassler and Moodey, 1943, p. 488. Haugh, 1973a, p. 86, Pl. 2,  
fig. 7. Webster, 1977, p. 89. Ubaghs in Moore and Teichert, 1978, p. T197, Fig.  
166, no. 3. Lane and Dubar, 1983, p. 115, Fig. 3, no. K. Webster, 1986, p. 154.  
Riddle, Wulff, and Ausich, 1988, p. 647, Fig. 8. Webster, 1988, p. 88.

*Trematocrinus tuberculosus* Hall, 1859a, p. 75. Shumard, 1868, p. 374. Bassler and Moodey, 1943, p. 488.

*Trematocrinus tuberculatus* Hall, 1859. Miller, S. A., 1889, p. 287 (sic). Mississippian, Viséan (Osagean), upper part of Burlington Limestone; Borden Formation, Nada Member; Edwardsville Formation. United States, Iowa, Missouri, Kentucky

*Gilbertsocrinus tuberculosus?* (Hall, 1859). Lee, Ausich, and Kammer, 2005, p. 340. Mississippian, Viséan (middle Osagean), Nada Member, Borden Formation. United States, Kentucky

*Gilbertsocrinus (Ollacrinus) tuberculosus* (Lyon and Casseday, 1859) = *Gilbertsocrinus tuberosus*

*Gilbertsocrinus tuberosus* (Lyon and Casseday, 1859). Wachsmuth and Springer, 1897, p. 239, Pls. 15, figs. 1a-1b; 16, figs. 1-6; 17, fig. 6. Weller, S., 1898c, p. 287. Grabau and Shimer, 1910, p. 552. Ehrenberg, 1929, p. 30, Fig. 20. Bassler and Moodey, 1943, p. 488. Moore and Laudon, 1944, p. 187, Pl. 73, figs. 1-2. Cuénot, 1948, p. 69, Fig. 92. Ubaghs, 1953, p. 737, Fig. 57. Lane, N. G., 1963c, p. 1004, Pl. 128, fig. 1. Van Sant *in* Van Sant and Lane, 1964, p. 105, Pl. 8, figs. 10, 12, 14-15; Figs. 20, no. 5; 35. Haugh, 1973a, p. 86, Pl. 1, fig. 12. Lane, N. G., 1973, p. 60, Fig. 20. Webster, 1973, p. 136. Webster, 1977, p. 89. Ubaghs *in* Moore and Teichert, 1978, p. T156, T427, Figs. 129, no. 4; 236, nos. 1d-1f. Webster, 1986, p. 154. Riddle, Wulff, and Ausich, 1988, p. 647, Fig. 8. Webster, 1993, p. 63. Baumiller and Ausich, 1996, p. 54, Fig. 9, nos. C, G. Ausich *in* Hess et al., 1999 p. 150, Figs. 159-160. Hollis and Ausich, 2008, p. 135, Fig. 1.

*Goniasteroidocrinus tuberosus* Lyon and Casseday, 1859, p. 233. Shumard, 1868, p. 474. Meek and Worthen, 1869b, p. 435. Quenstedt, 1885, p. 960, Pl. 77, fig. 14. Miller, S. A., 1889, p. 250, Fig. 321, nos. A-D. Miller, S. A., 1892a, p. 679, Fig. 1234. Miller, S. A., 1892b, p. 661, Pl. 9, fig. 11. Miller, S. A., 1892c, p. 51. Weller, S., 1898c, p. 287. Bassler, 1938, p. 103. Bassler and Moodey, 1943, p. 488.

*Trematocrinus tuberosus* (Lyon and Casseday, 1859). Shumard, 1868, p. 374.

*Gilbertsocrinus (Goniasteroidocrinus) tuberosus* (Lyon and Casseday, 1859). Shumard, 1868, p. 374.

*Gilbertsocrinus (Ollacrinus) tuberculosus* (Lyon and Casseday, 1859). Delage and Herouard, 1903, p. 386, Fig. 477.

Webster, 1977, p. 77. Pabian and Strimple, 1985, p. 45. Bowsher and Strimple, 1986, p. 17, Figs. 44, nos. a-e; 64, nos. a-h. Webster, 1988, p. 90.

*Corythocrinus bifidus* (Moore and Plummer, 1940). Strimple, 1961g, p. 129. Webster, 1973, p. 121.

*Tholiacrinus bifidus* (Moore and Plummer, 1940). Strimple, 1962d, p. 136. Webster, 1973, p. 121.

Pennsylvanian, Missourian, Graford Formation; Gobbler Formation. United States, Texas, New Mexico

*Graffhamicrinus bispinosus* (Moore and Plummer, 1940). Strimple, 1961g, p. 123. Webster, 1973, p. 139. Pabian and Rushlau, 2002, p. 20.

*Delocrinus bispinosus* Moore and Plummer, 1940, p. 263, Pl. 11, fig. 1; Fig. 56. Bassler and Moodey, 1943, p. 409. Moore and Laudon, 1944, p. 171, Pl. 65, fig. 8. Strimple, 1961g, p. 123. Webster, 1973, p. 139.

Pennsylvanian, Missourian, Mineral Wells Formation. United States, Texas

*Graffhamicrinus boellstorffi* Pabian and Strimple, 1974a, p. 300, Pl. 41, figs. 4-7.

Webster, 1986, p.160. Pabian and Rushlau, 2002, p. 20, 22, Fig. 6, nos. 1-3.

Permian, Wolfcampian, Council Grove Group, Foraker Formation, Hughes Creek Shale Member. United States, Nebraska

*Graffhamicrinus bransoni* (Strimple, 1962). New Combination

*Endelocrinus bransoni* Strimple, 1962b, p. 28, Figs. 1-3. Knapp, 1969, p. 367.

Webster, 1973, p. 121. Webster, 1977, p. 169.

*Tholiacrinus bransoni* (Strimple, 1962). Knapp, 1969, p. 367. Webster, 1977, p. 169.

Pennsylvanian, Desmoinesian, Perry Farm Shale. United States, Oklahoma

*Graffhamicrinus brookensis* (Burke, 1970). Pabian and Strimple, 1985, p. 45.

Webster, 1988, p. 90. Pabian and Rushlau, 2002, p. 20.

*Delocrinus brookensis* Burke, 1970a, p. 2, Fig. 1, nos. a-c. Webster, 1977, p. 64.

Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 90.

Pennsylvanian, Missourian, Ames Limestone. United States, West Virginia

*Graffhamicrinus brownvillensis* (Strimple, 1949). Knapp, 1969 = *Delocrinus brownvillensis*

*Graffhamicrinus bullatus* (Moore and Plummer, 1940). Strimple, 1961g, p. 123.

Webster, 1973, p. 140. Pabian and Rushlau, 2002, p. 20.

*Delocrinus bullatus* Moore and Plummer, 1940, p. 261, Pl. 11, fig. 2. Bassler and Moodey, 1943, p. 409. Strimple, 1961g, p. 123. Knapp, 1969, p. 367. Webster, 1973, p. 140. Webster, 1977, p. 169.

*Tholiacrinus bullatus* Moore and Plummer, 1940. Knapp, 1969, p. 367. Webster, 1977, p. 169.

Pennsylvanian, Desmoinesian, Millsap Lake Formation. United States, Texas

*Graffhamicrinus decapodos* (Strimple and Priest, 1969). Pabian and Strimple, 1974b, p. 36, Figs. 16, nos. 5-7. Pabian and Strimple, 1980b, p. 5. Pabian and Strimple, 1985, p. 40. Webster, 1986, p. 160. Webster, 1988, p. 90. Pabian and Rushlau, 2002, p. 20.

*Tholiacrinus decapodos* Strimple and Priest, 1969, p. 23, Fig. 9, nos. 1-4. Pabian and Strimple, 1974b, p. 36. Webster, 1977, p. 169. Webster, 1986, p. 160.

Pennsylvanian, late Missourian - early Virgilian, Stanton Formation; Ervine Creek Formation; Kanwaka Formation, Stull Shale Member. United States, Nebraska, Kansas

*Graffhamicrinus decoratus* (Burke, 1970). Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 90. Pabian and Rushlau, 2002, p. 20.

*Paradelocrinus decoratus* Burke, 1970a, p. 10, Figs. 3, nos. a-c. Webster, 1977, p. 123.

?*Paradelocrinus decoratus* Burke, 1970. Pabian and Strimple, 1985, p. 45.

Pennsylvanian, Missourian, Ames Limestone. United States, West Virginia

*Graffhamicrinus extraneous* (Strimple, 1949). Knapp, 1969, p. 363. Webster, 1977, p. 92.

*Delocrinus extraneus* Strimple, 1949c, p. 25, Pl. 7, figs. 1-3. Knapp, 1969, p. 363. Webster, 1973, p. 101. Pabian and Strimple, 1974b, p. 14. Webster, 1977, p. 92. Webster, 1986, p. 121.

Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member; Oread Formation, Plattsmouth Limestone Member. United States, Kansas

*Graffhamicrinus grafordensis* (Moore and Plummer, 1940). New Combination  
*Endelocrinus grafordensis* Moore and Plummer, 1940, p. 306, Pl. 14, fig. 11. Bassler and Moodey, 1943, p. 451. Moore and Laudon, 1944, p. 173, Pl. 65, fig. 3. Webster, 1973, p. 122. Webster, 1977, p. 169.

*Tholiacrinus grafordensis* (Moore and Plummer, 1940). Knapp, 1969, p. 367. Webster, 1977, p. 169.

Pennsylvanian, Missourian, Stanton Limestone, Graford Formation. United States, Kansas, Oklahoma, Texas

*Graffhamicrinus granulosus* (Moore and Plummer, 1940). Strimple, 1961g, p. 123. Webster, 1973, p. 140. Webster, 1977, p. 92. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T712, Fig. 471, nos. 1h-1o. Webster, 1986, p. 160. Pabian and Rushlau, 2002, p. 20.

*Delocrinus granulosus* Moore and Plummer, 1940, p. 268, Pls. 11, figs. 5-6; 12, figs. 5-6. Moore and Strimple, 1941, p. 3, Pl. 1, figs. 1-3. Bassler and Moodey, 1943, p. 409. Moore and Laudon, 1944, p. 171, Pl. 65, fig. 13. Strimple 1961g, p. 123. White, W. D., 1964, Fig. 20. Webster, 1973, p. 140. Webster, 1977, p. 92.

Pennsylvanian, Atokan - Desmoinesian, Mineral Well Formation; Wewoka Formation; Coody Sandstone. United States, Texas, Oklahoma

*Graffhamicrinus granulosus moniliformis* (Moore and Plummer, 1940). Strimple, 1961g, p. 124. Webster, 1973, p. 140. Pabian and Rushlau, 2002, p. 20.

*Delocrinus granulosus* var. *moniliformis* Moore and Plummer, 1940, p. 268, Pl. 12, fig. 3; 13, fig. 1. Bassler and Moodey, 1943, p. 409. Strimple, 1961g, p. 124. Webster, 1973, p. 140.

Pennsylvanian, Desmoinesian, Mineral Wells Formation. United States, Texas

*Graffhamicrinus granulosus zonatus* (Moore and Plummer, 1940). Strimple, 1961g, p. 124. Webster, 1973, p. 140. Pabian and Rushlau, 2002, p. 20.

*Delocrinus granulosus* var. *zonatus* Moore and Plummer, 1940, p. 269, Pls. 11, fig. 3; 12, fig. 2. Bassler and Moodey, 1943, p. 410. Strimple, 1961g, p. 124. Webster, 1973, p. 140.

Pennsylvanian, Desmoinesian, Mineral Wells Formation. United States, Texas

*Graffhamicrinus graphicus* (Moore and Plummer, 1940). Strimple, 1961g, p. 124. Webster, 1973, p. 140. Pabian and Strimple, 1974a, p. 271, Pl. 33, figs. 1-3. Pabian and Strimple, 1974b, p. 35, fig. 16, nos. 2-4. Webster, 1977, p. 92. Webster, 1986, p. 160. Pabian and Rushlau, 2002, p. 20.

*Delocrinus graphicus* Moore and Plummer, 1940, p. 273, Pl. 12, figs. 4, 11. Bassler and Moodey, 1943, p. 410. Moore and Laudon, 1944, p. 173, Pl. 65, fig. 16. Strimple, 1961g, p. 124. Knapp, 1969, p. 365. Webster, 1973, p. 140. Webster,

1977, p. 92. Finsley, 1989, p. 96, Fig. 322. McKinzie, 1995b, p. 32, Fig. 2, no. 1  
*Catacrinus graphicus* (Moore and Plummer, 1940). Knapp, 1969, p. 365. Webster,  
 1977, p. 92.

Pennsylvanian, Missourian - Virgilian, Graford Formation, Jasper Creek Shale  
 Member; Deer Creek Formation, Ervine Creek Limestone; Oread Formation,  
 Plattsmouth Limestone Member. United States, Texas, Nebraska

*Graffhamicrinus* sp. cf. *G. graphicus* (Moore and Plummer, 1940). Strimple and Moore,  
 1971b, p. 15, Fig. 6, nos. 3-4. Webster, 1977, p. 92.

Pennsylvanian, Missourian, Francis Shale. United States, Oklahoma

*Graffhamicrinus grotesquus* Pabian and Strimple, 1980b, p. 5, Pl. 1, figs. 10-12.  
 Webster, 1986, p.161.

Pennsylvanian, Virgilian, Deer Creek Formation, Ervine Creek Limestone Member.  
 United States, Nebraska

*Graffhamicrinus inflexus* (Geinitz, 1867) = *Subarrectocrinus inflexus*

*Graffhamicrinus kieri* (Burke, 1966). New Combination

*Endelocrinus kieri* Burke, 1966a, p. 459, Figs. 1-12. Strimple and Moore, 1971a, p.  
 14. Burke, 1972, p. 118, Figs. 1-6. Webster, 1973, p. 122. Webster, 1977, p.  
 170. Pabian and Strimple, 1980a, p. 173, Fig. 10, nos. H-J. Webster, 1986, p. 138.  
 Pabian and Strimple, 1993, p. 20, Fig. 9, nos. a-c.

*Tholiocrinus kieri* (Burke, 1966). Strimple and Moore, 1971a, p. 14. Webster, 1977,  
 p. 170.

Pennsylvanian, Missourian, ?Virgilian, Ames Limestone; Raytown Limestone;  
 South  
 Bend Limestone. United States, Ohio, West Virginia, Nebraska

*Graffhamicrinus magnificus* (Strimple, 1947). Strimple, 1961g, p. 124. Strimple, 1971c,  
 p. 998, Pl. 123, fig. 5. Webster, 1973, p. 140. Pabian and Strimple, 1974b, p. 15,  
 Figs. 6, no. 1; 15, nos. 4-6; 16, no. 1. Pabian, 1978, p. 1, Unnum. Fig. Webster,  
 1977, p. 93. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T712,  
 Fig. 471, nos.1d-1g. Pabian and Strimple, 1980b, p. 5, Pl. 1, figs. 1-3. Pabian,  
 1980, p. 118. Pabian and Strimple, 1985, p. 45, Figs. 16, no. a; 19. Webster,  
 1986, p.161. Webster, 1988, p. 90. Pabian and Rushlau, 2002, p. 20, Fig. 5, nos.  
 1-3.

*Delocrinus magnificus* Strimple, 1947, p. 3, Pls. 1, figs. 1-4; 2, fig. 1. Strimple,  
 1961g, p. 124. Webster, 1973, p. 140.

Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member; Haskell  
 Limestone; Cass Formation; Deer Creek Formation, Ervine Creek Limestone  
 Member; Vinland Shale. United States, Nebraska, Kansas, Iowa

*Graffhamicrinus* sp. cf. *G. magnificus* (Strimple, 1947). Pabian and Strimple, 1974a, p.  
 270, Pl. 33, figs. 8-11. Webster, 1986, p.161.

Pennsylvanian, Virgilian, Lecompton Formation, Beil Limestone Member. United  
 States, Nebraska

- Graffhamicrinus* sp. cf. *G. magnificus* (Strimple, 1947). Pabian and Strimple, 1993, p. 24, Fig. 11, nos. a-c.  
Pennsylvanian, Missourian, ?Virgilian, South Bend Limestone. United States, Nebraska, Kansas
- Graffhamicrinus megalobrachus* (Beede, 1899). Knapp, 1969, p. 363. Webster, 1977, p. 93.  
*Erisocrinus megalobrachus* Beede, 1899, p. 124, Pl. 32, figs. 1a-1b. Bassler and Moodey, 1943, p. 410. Webster, 1977, p. 93.  
*Erisocrinus megalobrachiatus* Beede, 1899. Knapp, 1969, p. 363.  
*Delocrinus megalobrachus* (Beede, 1899). Moore and Plummer, 1940, p. 152. Moore and Strimple, 1941, p. 5, Pl. 1, figs. 5-6. Bassler and Moodey, 1943, p. 410.  
Pennsylvanian, Virgilian, Howard Limestone. United States, Kansas
- Graffhamicrinus mitis* (Moore and Plummer, 1940). New Combination  
*Endelocrinus mitis* Moore and Plummer, 1940, p. 302, Pl. 12, fig. 8; Fig. 63. Bassler and Moodey, 1943, p. 451. Knapp, 1969, p. 367. Webster, 1977, p. 170.  
*Tholiacrinus mitis* (Moore and Plummer, 1940). Knapp, 1969, p. 367, Fig. 24. Webster, 1977, p. 170.  
Pennsylvanian, Desmoinesian, Millsap Lake Formation. United States, Texas
- Graffhamicrinus nodosarius* (Strimple, 1939). Strimple, 1961g, p. 123. Knapp, 1969, p. 363. Webster, 1973, p. 140. Strimple, 1977f, p. 161, Fig. 1, nos. F-G. Webster, 1977, p. 93. Webster, 1986, p. 161. Pabian and Rushlau, 2002, p. 20.  
*Delocrinus nodosarius* Strimple, 1939a, p. 368, Pl. 1, figs. 13-14, 17. Bassler and Moodey, 1943, p. 411. Strimple, 1961g, p. 123. Webster, 1973, p. 140.  
*Delocrinus papulosus* Moore and Plummer, 1940, p. 274, Pls. 12, fig. 7; 13, fig. 4. Bassler and Moodey, 1943, p. 411. Moore and Laudon, 1944, p. 171, Pl. 65, fig. 26. Strimple, 1961g, p. 124. Knapp, 1969, p. 365. Webster, 1973, p. 140. Webster, 1977, p. 93.  
*Catacrinus papulosus* (Moore and Plummer, 1940). Knapp, 1969, p. 365. Webster, 1977, p. 93.  
*Graffhamicrinus papulosus* (Moore and Plummer, 1940). Strimple, 1961g, p. 124. Webster, 1973, p. 140. Webster, 1977, p. 93. Pabian and Rushlau, 2002, p. 20.  
Pennsylvanian, Missourian, Graford Formation; Stanton Formation. United States, Texas, Oklahoma
- Graffhamicrinus papulosus* (Moore and Plummer, 1940) = *Graffhamicrinus nodosarius*
- Graffhamicrinus parinodosarius* (Strimple, 1940). Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 90. Pabian and Rushlau, 2002, p. 21.  
*Delocrinus parinodosarius* Strimple, 1940b, p. 104, Pl. 9, figs. 3, 5, 8. Bassler and Moodey, 1943, p. 411. Strimple, 1961g, p. 129. Webster, 1973, p. 122. Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 90.  
*Endelocrinus parinodosarius* (Strimple, 1940). Webster, 1973, p. 122.

- Corythocrinus parinodosarius* (Strimple, 1940). Strimple, 1961g, p. 129. Webster, 1973, p. 122.
- Tholiacrinus parinodosarius* (Strimple, 1940). Strimple, 1962d, p. 136. Knapp, 1969, p. 367. Webster, 1973, p. 122. Webster, 1977, p. 170.  
Pennsylvanian, Desmoinesian, Wewoka Formation. United States, Oklahoma
- Graffhamicrinus paucinodus* (Moore and Plummer, 1940). Strimple, 1961g, p. 124. Webster, 1973, p. 140. Webster, 1977, p. 93. Pabian and Strimple, 1980b, p. 5, Pl. 1, figs. 7-9. Webster, 1986, p. 161. Pabian and Rushlau, 2002, p. 21.
- Delocrinus paucinodus* Moore and Plummer, 1940, p. 276, Pl. 13, fig. 2. Bassler and Moodey, 1943, p. 411. Strimple, 1961g, p. 124. Knapp, 1969, p. 365. Webster, 1973, p. 140. Pabian and Strimple, 1974a, p. 265, Pl. 37, figs. 6-8. Webster, 1977, p. 93. Webster, 1986, p. 122.
- Catacrinus paucinodus* (Moore and Plummer, 1940). Knapp, 1969, p. 365. Webster, 1977, p. 93.  
Pennsylvanian, Missourian - Virgilian, Oread Formation, Heumader Shale Member; Palo Pinto Formation; Cass Formation, Haskell Limestone Member.  
United States, Nebraska, Texas
- Graffhamicrinus pennsylvanicus* (Burke, 1970). Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 90. Pabian and Rushlau, 2002, p. 21.
- Endelocrinus pennsylvanicus* Burke, 1970a, p. 5, Fig. 2, nos. a-e. Webster, 1977, p. 77. Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 90.  
Pennsylvanian, Missourian, Ames Limestone. United States, Pennsylvania, West Virginia
- Graffhamicrinus pictus* (Moore and Plummer, 1940). Strimple, 1961g, p. 124. Knapp, 1969, p. 363. Webster, 1973, p. 140. Webster, 1977, p. 93. Pabian and Rushlau, 2002, p. 21.
- Delocrinus pictus* Moore and Plummer, 1940, p. 270, Pls, 12, fig. 1; 13, fig. 5; Fig. 56. Bassler and Moodey, 1943, p. 411. Moore and Laudon, 1944, p. 171, Pl. 65, fig. 12. Strimple, 1961g, p. 124. Webster, 1973, p. 140.  
Pennsylvanian, Missourian, Graford Formation. United States, Texas
- Graffhamicrinus profundus* Strimple, 1971c, p. 998, Pl. 123, figs. 1-3. Webster, 1977, p. 93. Pabian and Rushlau, 2002, p. 21.  
Pennsylvanian, Virgilian, Vinland Shale. United States, Kansas
- Graffhamicrinus rectus* (Moore and Plummer, 1940). Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 91. Pabian and Rushlau, 2002, p. 21.
- Endelocrinus rectus* Moore and Plummer, 1940, p. 300, Pl. 14, figs. 3-5; Fig. 63. Bassler and Moodey, 1943, p. 451. Strimple, 1961g, p. 129. Webster, 1973, p. 122. Pabian and Strimple, 1985, p. 45. Webster, 1988, p. 91.
- Corythocrinus rectus* (Moore and Plummer, 1940). Strimple, 1961g, p. 129. Webster, 1973, p. 122.

Named, currently recognized species based on cups or crowns: species. 24 species,

2 subspecies. 7 Mississippian, 1 Tournaisian, 5 Viséan, 1 series undesignated; 2 Pennsylvanian, 1 Moscovian?, 1 series undesignated; 15 Permian, 2 Artinskian, 1 Wolfcampian, 2 Wordian, 10 series undesignated, 2 subspecies series undesignated

Mississippian, Tournaisian - Viséan. United Kingdom; Ireland

Mississippian, Viséan (Osagean), Pennsylvanian, Missourian. United States

Pennsylvanian, series not designated. Pakistan

Pennsylvanian, Moscovian, Permian, Artinskian. Russia

Permian, Wordian. Sicily

Permian, series uncertain. West Timor

**Note:** Although included, I consider most of the West Timor species assigned or recombined to *Graphiocrinus* to be incorrectly assigned to the genus. This may also hold true for all Permian *Graphiocrinus* species; GDW, 2011. Early?

Carboniferous. China

*Graphiocrinus admonitus* Miller, 1891 = *Missouricrinus admonitus*

*Graphiocrinus amplior* Wanner, 1924, p. 233, Pl. 15, figs. 11-13. Bassler and Moodey, 1943, p. 496. Branson, C. C., 1948, p. 194. Wanner, 1949a, p. 17, Pl. 1, fig. 16. Webster, 1973, p. 141.  
Permian, series uncertain. West Timor, Basleo

*Graphiocrinus antiquus* (Meek and Worthen, 1869) = *Nactocrinus antiquus*

*Graphiocrinus? austini* Wright, 1952 = *Erincrinus austini*

*Graphiocrinus? beyrichi* (Wanner, 1916). Wanner, 1949a, p. 24. Webster, 1973, p. 141.

*Delocrinus beyrichi* Wanner, 1916, p. 190, Pl. 107 (12), fig. 1. Bassler and Moodey, 1943, p. 408. Branson, C. C., 1948, p. 189. Wanner, 1949a, p. 24. Webster, 1973, p. 141.

Permian, series uncertain. West Timor

*Graphiocrinus bridgeportensis* Strimple, 1951 = *Contocrinus? bridgeportensis*

*Graphiocrinus carbonarius* (Meek and Worthen, 1861) = *Apographiocrinus carbonarius*

?*Graphiocrinus carbonarius* Wachsmuth and Springer, 1880 = *Apographiocrinus carbonarius*

*Graphiocrinus carbonarius* Strimple, 1938 (*non* Wachsmuth and Springer, 1880) = *Apographiocrinus typicalis*

*Graphiocrinus? crassus* (Wanner, 1924). Wanner, 1949a, p. 26. Webster, 1973, p. 141.

*Ceriocrinus crassus* Wanner, 1924, p. 240, Pl. 17, figs. 1-3. Bassler and Moodey, 1943, p. 409. Branson, C. C., 1948, p. 190. Wanner, 1949a, p. 26. Webster, 1973, p. 141.

*Delocrinus crassus* (Wanner, 1924). Bassler and Moodey, 1943, p. 409. Branson, C. C., 1948, p. 190.

Permian, series uncertain. West Timor, Basleo

*Graphiocrinus cristatus* Yakovlev in Yakovlev and Ivanov, 1956, p. 50, Pl. 12, fig. 10. Webster, 1973, p. 141.

Pennsylvanian, Moscovian?. Russia, southern Urals

*Graphiocrinus dactylus* Hall, 1859 = *Poteriocrinus (Scytalocrinus) dactylus* = *Scytalocrinus dactylus* = *Cymbiocrinus dactylus*

- Graphiocrinus declivis* Wanner, 1937, p. 172, Pl. 11, figs. 13-16. Bassler and Moodey, 1943, p. 496. Branson, C. C., 1948, p. 194.  
Permian, series uncertain. West Timor, Basleo
- Graphiocrinus? declivis* Wanner, 1937. Wanner, 1949a, p. 27. Webster, 1973, p. 141.  
Permian, series uncertain. West Timor
- Graphiocrinus deflectus* Strimple, 1962 = *Contocrinus deflectus*
- Graphiocrinus delicatulus* Moore, 1939 = *Contocrinus delicatulus* = ?*Palmatocrinus delicatulus* = *Contocrinus delicatulus*
- Graphiocrinus? depressus* (Mansuy, 1912). Branson, C. C., 1948, p. 194 (recognized as a homonym of Meek and Worthen, 1870).  
*Scaphiocrinus depressus* Mansuy, 1912a, p. 97, Pl. 18, figs. 2a-2e. Bassler and Moodey, 1943, p. 671. Branson, C. C., 1948, p. 194.  
Mississippian?, series not designated. Yunnan, China
- Graphiocrinus? depressus* (Wanner, 1916) (non Mansuy, 1921). Wanner, 1949a, p. 21, Pls. 1, figs. 26-27; 2, fig. 1. Webster, 1973, p. 141.

Pennsylvanian, Desmoinesian, Oologah Limestone. United States, Oklahoma

*Haeretocrinus intermedius* Strimple, 1961 = *Tundracrinus intermedius*

*Haeretocrinus macoupinensis* (Worthen in Meek and Worthen, 1873). Strimple and Moore, 1971a, p. 23, Pl. 4, fig. 4. Webster, 1977, p. 94. Pabian and Rushlau, 2002, p. 33.

*Poteriocrinites macoupinensis* Worthen in Meek and Worthen, 1873, p. 561, Pl. 24, fig. 3. Bassler, 1915, p. 476. Bassler and Moodey, 1943, p. 642. Moore and Strimple, 1971a, p. 23. Webster, 1973, p. 154. Webster, 1977, p. 94.

*Poteriocrinus macoupinensis* (Worthen, 1873). Miller, S. A., 1889, p. 274. Bassler, 1915, p. 476.

*Hypselocrinus? macoupinensis* (Worthen, 1873). Moore and Laudon, 1944, p. 169, Pl. 57, fig. 19. Webster, 1973, p. 154.

Pennsylvanian, Missourian, Bond Formation, LaSalle Limestone Member. United States, Illinois

*Haeretocrinus magnus* Moore and Plummer, 1940, p. 113, Pl. 21, fig. 4. Bassler and Moodey, 1943, p. 499. Pabian and Rushlau, 2002, p. 33.

Pennsylvanian, Desmoinesian, Millsap Lake Formation. United States, Texas

\**Haeretocrinus missouriensis* Moore and Plummer, 1940, p. 110, Pl. 21, fig. 1; Fig. 13. Bassler and Moodey, 1943, p. 499. Pabian and Strimple, 1974b, p. 41, Fig. 19, no. 5. Moore and Strimple in Moore and Teichert, 1978, p. T643, Fig. 419, nos. 1a-1b. Pabian and Strimple, 1980a, p. 165, Fig. 4, nos. J-K. Webster, 1986, p. 163. Pabian and Rushlau, 2002, p. 33.

Pennsylvanian, Missourian, Virgilian?, Argentine Limestone, Lane Shale. United States, Missouri, Nebraska, Kansas, Oklahoma, Texas

*Haeretocrinus* sp. cf. *H. missouriensis* Moore and Plummer, 1940. Pabian and Rushlau, 2002, p. 33.

Pennsylvanian, Virgilian, Kanwaka Shale. United States, Iowa

*Haeretocrinus turbinatus* Strimple, 1952d, p. 245, figs. 1-7. Webster, 1973, p. 144.

Pabian and Strimple, 1974b, p. 41, Fig. 19, nos. 4, 6. Moore and Strimple in Moore and Teichert, 1978, p. T643, Fig. 419, no. 1c. Webster, 1986, p. 163. Pabian and Rushlau, 2002, p. 33.

Pennsylvanian, Missourian, Wann Formation. United States, Oklahoma

*Haeretocrinus wagneri* Strimple and Moore, 1971a, p. 23, Pls. 1, figs. 2a-2b; 13, figs. 1a-1c. Pabian and Strimple, 1974b, p. 41, Fig. 19, no. 7. Webster, 1977, p. 94.

- Moore and Strimple *in* Moore and Teichert, 1978, p. T643, Fig. 419, nos. 1d-1f. Webster, 1986, p. 163. Ausich *in* Hess et al., 1999 p. 157, Fig. 169. Pabian and Rushlau, 2002, p. 33.  
Pennsylvanian, Missourian, Bond Formation, LaSalle Limestone Member. United States, Illinois
- Haeretocrinus washburni* (Beede, 1900). Strimple, 1961g, p. 97. Webster, 1973, p. 144. Pabian and Rushlau, 2002, p. 33.  
*Scaphiocrinus? washburni* Beede, 1900b, p. 21, Pl. 5, figs. 2-2a. Bassler and Moodey, 1943, p. 584. Strimple, 1961g, p. 97. Webster, 1973, p. 144.  
*Pachylocrinus? washburni* (Beede, 1900). Bassler and Moodey, 1943, p. 584. Pennsylvanian, Virgilian, Osage Coal Zone. United States, Kansas
- Haeretocrinus* sp. Cornwell and Cornwell, 1968, Pl. 2, fig. 6. Webster, 1977, p. 94. Pennsylvanian. United States, Iowa
- HAGNOCRINUS** Frest and Strimple, 1977. \**H. crenus* Frest and Strimple, 1977. Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Platycrinitoidea, F. Hirneacrinidae  
Frest and Strimple, 1977c, p. 150, Fig. 14 (not Fig. 12 as given on figure explanation). Frest and Strimple, 1977e, p. 1195. Webster, 1986, p. 164. Webster, 1988, p. 92.  
Named, currently recognized species based on cups or crowns: 5 Silurian species:  
1 Llandoveryan-Wenlockian, 1 Niagaran, 3 Ludlovian  
Silurian, late Llandoveryan - middle Ludlovian. United States
- Hagnocrinus augusta* (Slocum, 1908). Frest and Strimple, 1977e, p. 1195. Webster, 1986, p. 164.  
*Platycrinus augusta* Slocum, 1908, p. 292, Pl. 86, figs. 5-7. Bassler, 1915, p. 988. Bassler and Moodey, 1943, p. 616. Frest and Strimple, 1977e, p. 1195. Webster, 1986, p. 164.  
*Platycrinites augusta* (Slocum, 1908). Bassler and Moodey, 1943, p. 616. Silurian, Niagaran, Racine Dolomite. United States, Illinois
- Hagnocrinus bainbridgensis* Frest and Strimple, 1977e, p. 1198, Pl. 1, figs. 14-16. Webster, 1986, p. 164.  
Silurian, Ludlovian, Bainbridge Group, Moccasin Springs Formation. United States, Missouri
- Hagnocrinus balli* Frest and Strimple, 1977e, p. 1197, Pl. 1, figs. 11-13. Webster, 1986, p. 164.  
Silurian, Ludlovian, Bainbridge Group, Moccasin Springs Formation. United States, Missouri
- \**Hagnocrinus crenus* Frest and Strimple, 1977e, p. 1196, Pl. 1, figs. 1-4. Webster, 1986, p. 164.

Platycrinidae indet. No. 1 Springer, 1926a, p. 51, Pl. 30, figs. 24-24b. Frest and Strimple, 1977e, p. 1196. Webster, 1986, p. 164.  
Silurian, Ludlovian, Brownsport Formation. United States, Tennessee

*Hagnocrinus? debius* (Weller, 1900) = *Hagnocrinus? dubius*

*Hagnocrinus? dubius* (Weller, 1900). Frest and Strimple, 1977e, p. 1198.

*Hagnocrinus? debius* (Weller, 1900). Webster, 1986, p. 164.

*Platycrinus? dubius* Weller, S., 1900, p. 140, Pl. 14, fig. 4. Bassler, 1915, p. 988.

Bassler and Moodey, 1943, p. 630. Frest and Strimple, 1977e, p. 1195.

Webster, 1986, p. 164.

Silurian, late Llandoveryan - late Wenlockian, Racine Dolomite; Hopkinton Formation; Gower? Formation. United States, Illinois, Iowa

*Hagnocrinus* sp. Witzke and Strimple, 1981, p. 136, Pl. 5, fig. 20. Webster, 1988, p. 92.

Silurian, late Llandoveryan, Hopkinton Dolomite, *Cyrtia* Beds. United States, Iowa

*Hagnocrinus*-like genus Frest and Strimple, 1980, p. 257, Fig. 1, no. a.

**HALLOCRINUS** Goldring, 1923. \**Cyathocrinus ornatissimus* Hall, 1843.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Rhenocrinoidea, F. Rhenocrinidae

Named, currently recognized species based on cups or crowns: 6 species, 3 subspecies. 1 Silurian; Ludlovian; 5 Devonian, Emsian, (+3 subspecies)

Silurian, Ludlovian. Australia, Victoria

Devonian, early Emsian. Germany

*Hapalocrinus cirrifer* Springer, 1926 = *Clematocrinus cirrifer*

*Hapalocrinus dameryensis* Ramsbottom, 1953 (nomen nudum) = *Clematocrinus ramsbottomi*

*Hapalocrinus devonicus* Springer, 1926 = *Clematocrinus? devonicus*

\**Hapalocrinus elegans* Jaekel, 1895a, p. 96, Pl. 10; Fig. 27. Schmidt, W. E., 1934, p. 31, Pl. 16, fig. 1; Figs. 4b-4c. Bassler, 1938, p. 108. Bassler and Moodey, 1943, p. 501. Ubaghs *in* Moore and Teichert, 1978, p. T510, Fig. 312, no. 1. Ausich, 1986e, p. 895. Webster, 1986, p. 166. Webster, 1993, p. 66. Bartels and

Brassel,

1990, p. 155, Figs. 141, nos. a-b; 142. Bartels, 1994, p. 51, Fig. 26. Bartels *et al.*, 1997, p. 40, Fig. 49. Bartels, Briggs, and Brassel, 1998, p. 175, Figs. 151-153. Südkamp, 1995a, p. 116, unnumbered figs. p. 116, 121. Südkamp, 1995b,

p.

205, unnumbered figs. p. 205-206. Hess *in* Hess et al., 1999 p. 114, Figs. 123, 125.

Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach

*Hapalocrinus elegans* Opitz, 1932 (*non* Jaekel, 1891) = *Thallocrinus hauchecornei*

*Hapalocrinus frechi* (Jaekel, 1895). Schmidt, W. E., 1934, p. 35, Pl. 24; Figs. 4a-4a<sub>2</sub>. Opitz, 1935, p. 504, Fig. 1. Wanner, 1943, p. 32, Unnum. Fig. p. 29. Bassler and Moodey, 1943, p. 501. Webster, 1977, p. 95. Ausich, 1986e, p. 895.

- Bartels and Brassel, 1990, p. 158, Figs. 23, 143. Bartels, 1994, p. 49, Fig. 30. Bartels *et al.*, 1997, p. 40, Figs. 50-51. Bartels, Briggs, and Brassel, 1998, p. 42, Fig. 27, p. 178, Fig. 154. Hess *in* Hess *et al.*, 1999 p. 114, Fig. 127. Hauser, 2007, p. 81, Fig. 7.
- Agriocrinus frechi* Jaekel, 1895a, p. 1-3, Pl. 9; Fig. 29. Opitz, 1931, p. 164, Figs. 1, 5. Opitz, 1932, p. 111, Figs. 101-102, 111. Bassler, 1938, p. 36. Bassler and Moodey, 1943, p. 501.
- Devonian, early Emsian, Hunsrück Slate; Givetian, Ahbach Formation.  
Germany, Bundenbach
- Hapalocrinus frechi imbellis* Schmidt, W. E., 1934, p. 37. Schmidt, W. E., 1942, p. 21, Pls. 1, fig. 2; 2, fig. 4. Bassler and Moodey, 1943, p. 501. Webster, 1973, p. 146. Devonian, early Emsian, Hunsrückschiefer. Germany
- Hapalocrinus frechi nimisfurcata* Schmidt, W. E., 1934, p. 37, Pl. 3, fig. 1. Bassler and Moodey, 1943, p. 501. Südkamp, 1995a, p. 117, unnumbered fig. p. 117. Devonian, early Emsian, Hunsrückschiefer. Germany
- Hapalocrinus frechi rarefurcata* Schmidt, W. E., 1934, p. 36. Bassler and Moodey, 1943, p. 502.
- Hapalocrinus frechi refurcata* Schmidt, 1934. Bartels, 1995, p. 45, Unnum. Fig. (sic).  
Devonian, early Emsian, Hunsrückschiefer. Germany
- Hapalocrinus frechi refurcata* Schmidt, 1934 = *Hapalocrinus frechi rarefurcata*
- Hapalocrinus gracilis* Springer, 1926 = *Clematocrinus gracilis*
- Hapalocrinus inermis* (Jaekel, 1895) = *Thallocrinus inermis*
- Hapalocrinus innoxius* Schmidt, W. E., 1934, p. 38, Pl. 3, fig. 2. Bassler and Moodey, 1943, p. 502. Ausich, 1986e, p. 895. Bartels and Brassel, 1990, p. 159, Fig. 144. Bartels and Blind, 1995, p. 85, Fig. 4. Bartels *et al.*, 1997, p. 40, Fig. 7. Bartels, Briggs, and Brassel, 1998, p. 179, Fig. 155.  
Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach
- Hapalocrinus penniger* Schmidt, W. E., 1934, p. 38, Pl. 3, fig. 2. Schmidt, W. E., 1942, p. 18, Pl. 2, figs. 1-3; Fig. 1. Webster, 1973, p. 146. Bassler and Moodey, 1943, p. 502. Ausich, 1986e, p. 895. Webster, 1993, p. 66.  
Devonian, early Emsian, Hunsrückschiefer. Germany
- Hapalocrinus pinnulatus* Springer, 1926 = *Clematocrinus pinnulatus*
- Hapalocrinus quinquepennis* Salter *in* Ramsbottom, 1958 = *Clematocrinus quinquepennis*
- Hapalocrinus rauffi* (Schmidt, 1934). Schmidt, W. E., p. 23. Webster, 1973, p. 146. Ausich, 1986e, p. 895. Webster, 1993, p. 67.

*Cyttarocrinus rauffi* Schmidt, W. E., 1934, p. 45, Pl. 21, fig. 2; Fig. 6. Schmidt, W. E., 1942, p. 23. Bassler and Moodey, 1943, p. 402. Webster, 1973, p. 146.  
Devonian, early Emsian, Hunsrückschiefer. Germany

*Hapalocrinus retiarius* (Phillips, 1839) = *Clematocrinus retiarius*

*Hapalocrinus tennesseeensis* Springer, 1926 = *Clematocrinus? tennesseeensis*

*Hapalocrinus tuberculatus* Springer, 1926 = *Clematocrinus tuberculatus*

*Hapalocrinus victoriae* Bather, 1897a, p. 337, Pl. 15. Bassler and Moodey, 1943, p. 502. Ausich, 1986e, p. 895. Webster, 1993, p. 67.  
Silurian, Ludlovian. Australia, Victoria

*Hapalocrinus? victoriae* Bather, 1897. Jell, 1999a, p. 51, Fig. 37, nos. A-B.  
Silurian, late Ludlovian, Melbourne Formation. Australia, Victoria

*Hapalocrinus* sp. nov. Donovan and Harper, 1954 = *Clematocrinus ramsbottomi*

*Hapalocrinus* spp.

Seilacher, 1961, p. 15, Fig. 1, title cover. Webster, 1973, p. 146.

Devonian, Coblenzian, Hunsrückschiefer. Germany

Milicina, 1985, p. 45, Pl. 1, figs. 6-7; Fig. 1. Webster, 1988, p. 92.

Silurian, Llandoveryan, lower part of Persei Suite. Russia, Nova Zemlya

Bartels and Brassel, 1990, p. 153, Figs. 138-139.

Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach

Bartels and Blind, 1995, p. 80, Fig. 1.

Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach

Bartels *et al.*, 1997, p. 40, Figs. 21, 48, 52, 56.

Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach

Bartels, Briggs, and Brassel, 1998, p. 170, Fig. 147; p. 195, Fig. 172.

Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach

*Hapalocrinus/Acanthocrinus* – Gruppe stachel Hauser 2008, Pls. 12, fig. 11; 16, figs. 8-10.

Devonian, Eifelian. Germany

*POTERIOCRINUS (HYDRIOCRINUS)* Zittel, 1895, p. 136.

**Note.** Treatise considers all pre Pennsylvanian taxa assigned not to be congeneric. They are all of Famennian age.

Named, currently recognized species based on cups or crowns: 6 species. 1

Mississippian, Serppukhovian; 5 Pennsylvanian, 1 Desmoinesian, 2 Moscovian, 1 Missouriian, 1 Virgilian

Mississippian, Serppukhovian: Algeria

Pennsylvanian, Moscovian. Russia

Pennsylvanian, Desmoinesian - Virgilian. United States

*Hydriocrinus acehillensis* Pabian and Strimple, 1985, p. 71, Fig. 25, nos. i-k (listed as l-k in figure explanation). Webster, 1988, p. 96.

Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member. United States, Nebraska

*Hydriocrinus barumensis* (Whidborne, 1896) = *Scytalocrinus barumensis*

*Hydriocrinus? confosus* Webster et al, 2004, p. 43, Pl. 11, figs. 1-4.

Mississippian, Serppukhovian, E2, Djenien Formation, between Hid el Kef and Djenien Members. Algeria

*Hydriocrinus lorraineae* Strimple and Watkins, 1969, p. 198, Pl. 34, figs. 3-4, 6-7. Webster, 1977, p. 98.

Pennsylvanian, Desmoinesian, Brannon Bridge Limestone, Kickapoo Falls Limestone. United States, Texas

*Hydriocrinus mjassoedowae* Yakovlev, 1926d, p. 30, Fig. 1. Yakovlev, 1930c, p. 378. Bassler and Moodey, 1943, p. 517.

**Note.** Probably not an *Hydriocrinus*, GDW.

Pennsylvanian, Moscovian?. Russia, Mt. Jegouli

*Hydriocrinus mundus* (Whidborne); Schmidt, 1930 = *Sostronocrinus mundus*

*Hydriocrinus plumifer* (Whidborne); Schmidt, 1930 = *Pachylocrinus? plumifer*

\**Hydriocrinus pusillus* Trautschold, 1867, p. 16, Pl. 2, figs. 9-12; Unnum. Fig.

*Jonkerocrinus? conicus* Marez Oyens, 1940a, p. 341, Pl. 4, fig. 7. Bassler and Moodey, 1943, p. 526. Branson, C. C., 1948, p. 198.

West Timor Permian, series uncertain. West Timor, Oi Faoeh

\**Jonkerocrinus spinosus* Wanner, 1924, p. 280, Pl. 12, figs. 1-3. Bassler, 1938, p. 119. Bassler and Moodey, 1943, p. 526. Branson, C. C., 1948, p. 198. Jeffords *in* Moore and Teichert, 1978, p. 934.

West Timor Permian, series uncertain. West Timor, Basleo

**JOVACRINUS** Ausich and Copper, 2010. \**Jovacrinus spinosus* Ausich and Copper, 2010.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Patelliocrinoidea, F. Patelliocrinidae

Ausich and Copper, 2010, p. 33.

Named, currently recognized species based on cups or crowns: 2 Silurian, Llandoveryian species

Silurian, Llandoveryian. Canada, Quebec,

*Jovacrinus juguim* Ausich and Copper, 2010, p. 34, Pl. 7, figs. 6-7.

Silurian, Llandoveryian, Jupiter Formation, Bell River Member. Canada, Quebec, Anticosti Island

\**Jovacrinus spinosus* Ausich and Copper, 2010, p. 33, Pls. 6, figs. 7-9; 7, figs. 1-5; Figs.

8.1.

Silurian, Llandoveryian, Jupiter Formation, Ferrum Member. Canada, Quebec, Anticosti Island

**JULIETICRINUS** Waters et al., 2003. \**Julieticrinus romeo* Waters et al., 2003.

Sbc. Cladida, O. Dendrocinida, Spf. Scytalocrinoidea, F. Scytalocrinidae  
Waters et al., 2003, p. 943.

Named, currently recognized species based on cups or crowns: 1 Devonian,  
Famennian species  
Devonian, Famennian. China, Xinjiang

\**Julieticrinus romeo* Waters et al., 2003, p. 943, Figs. 9, nos. 17-20; 10, no. 3; 13, nos.  
1-5.

Devonian, Famennian, Hongguleleng Formation. China, Xinjiang-Uygar, Junggar  
Basin

**JUNOCRINUS** Prokop, 1977. \**J. globulus* Prokop, 1977.

Sbc. Disparida, O. Homocrinida, F. Ramacrinidae

Prokop, 1977, p. 45. Webster, 1986, p. 182. Clement, 1988, p. 113. Webster, 1993,  
p. 74.

Named, currently recognized species based on cups or crowns: 1 Devonian,  
Pragian  
species

Devonian, Pragian. Czech Republic, Bohemia

\**Junocrinus globulus* Prokop, 1977, p. 45, Pls. 1, figs. 1-5; 2, figs. 1-5. Webster, 1986,  
p. 182. Prokop and Petr, 1990, p. 28, Pl. 6, figs. 4-7. Webster, 1993, p. 73.

Devonian, Pragian, Dvorce-Prokop Limestone. Czech Republic, Bohemia

Juvenile calyx indet. Haude, 2004b, p. 241, Pl. 1, fig. 11.

Devonian, late Famennian, Etröeungt, Middle *expansas* Biozone. Germany

Juvenile crinoids Bartels, Briggs, and Brassel, 1998, p. 50, Fig. 35; p. 195, Fig. 172.

Devonian, early Emsian, Hunsrückschiefer. Germany, Bundenbach

**KALEIDOCRINUS** Jaekel, 1918 = **CALEIDOCRINUS****KALLIMORPHOCRINUS** Weller, 1930. \**K. astrus* Weller, 1930.

Sbc. Disparida, Spf. Allagecrinoidea, F. Allagecrinidae

Weller, J. M., 1930a, p. 15. Bassler, 1938, p. 120. Bassler and Moodey, 1943, p.  
526. Moore and Laudon, 1943b, p. 30. Moore and Laudon, 1944, p. 147, Pl. 52,

Bassler and Moodey, 1943, p. 293. Moore and Laudon, 1944, p. 149, Pl. 56,  
fig. 10. Strimple, 1962e, p. 10. Strimple, 1966c, p. 104. Webster, 1973, p. 157.  
Webster, 1988, p. 101.

*Isoallagecrinus dignatus* (Moore, 1940). Strimple, 1966c, p. 104. Webster, 1973, p. 157.

Pennsylvanian, Desmoinesian, Oologah Limestone. United States, Oklahoma

?*Kallimorphocrinus donetzensis* (Yakovlev, 1930). Wright, J., 1933, p. 204. Bassler and Moodey, 1943, p. 526. Yakovlev in Yakovlev and Ivanov, 1956, p. 43, Pl. 12, fig. 7. Webster, 1973, p. 158. Lane and Sevastopulo, 1982b, p. 256.  
Webster, 1988, p. 101.

*Allagecrinus donetzensis* Yakovlev, 1930e, p. 910, Pl. 1, fig. 4. Bassler and Moodey, 1943, p. 526. Strimple, 1966c, p. 104. Webster, 1973, p. 158. Webster, 1988, p. 101.

*Isoallagecrinus? donetzensis* (Yakovlev, 1930). Strimple, 1966c, p. 104. Webster, 1973, p. 158.

Pennsylvanian, Moscovian. Russia, Donetsk Basin

*Kallimorphocrinus eaglei* (Strimple, 1966). Lane and Sevastopulo, 1982b, p. 256.  
Webster, 1988, p. 101.

*Isoallagecrinus eaglei* Strimple, 1966c, p. 105, Pl. 1, figs. 1-3. Webster and Lane, 1967, p. 11, Pl. 3, figs. 9-10. Webster, 1973, p. 158. Webster, 1988, p. 101.

Permian, Wolfcampian, Red Eagle Limestone, Bird Spring Formation. United States, Oklahoma, Nevada

*Kallimorphocrinus elongatus* (Wright, 1932). Wright, J., 1933, p. 204. Bassler and Moodey, 1943, p. 526. Wright, J., 1952a, p. 146, Pl. 40, figs. 7-8, 11, 18, 28. Webster, 1973, p. 159.

*Allagecrinus elongatus* Wright, J., 1932, p. 352, Pl. 23, figs. 18-34; Figs. 26-35. Bassler and Moodey, 1943, p. 526.

*Callimorphocrinus elongatus* (Wright, 1939), p. 52, Pl. 10, figs. 9-12. Bassler and Moodey, 1943, p. 526.

*Allagecrinus austini* Carpenter and Etheridge, 1881, Pl. 16, figs. 1, ?3, 10 only. Bassler and Moodey, 1943, p. 526.

Mississippian, Viséan, Lower Limestone Group, Seafield Tower Limestone. United Kingdom, Scotland

*Kallimorphocrinus excavatus* (Wanner, 1929) = *Metallagecrinus excavatus*

*Kallimorphocrinus expansus* Weller, J. M., 1930a, p. 27, Pl. 1, figs. 10a-10b. Bassler and Moodey, 1943, p. 527. Moore and Laudon, 1943b, p. 130, Pl. 1, fig. 7.

Moore

and Laudon, 1944, p. 149, Pl. 56, fig. 4. Webster, 1973, p. 1599. Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 101.

Pennsylvanian, Desmoinesian, unit below Pisa Limestone. United States, Illinois

*Kallimorphocrinus extensus* Wright, 1952 = *Litocrinus extensus*

*Kallimorphocrinus graffhami* (Strimple, 1948). Lane and Sevastopulo, 1982b, p. 256.

Pabian and Strimple, 1985, p. 72, Fig. 25, nos. g-h. Webster, 1988, p. 101.

*Allagecrinus graffhami* Strimple, 1948c, p. 3, Pl. 1, figs. 1-11. Strimple, 1966c, p. 104. Webster, 1973, p. 158. Webster, 1988, p. 101.

*Isoallagecrinus graffhami* (Strimple, 1948). Strimple, 1966c, p. 104. Webster, 1973, p. 158.

Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member. United States, Kansas

*Kallimorphocrinus illinoisensis* Weller, J. M., 1930a, p. 25, Pl. 2, figs. 2a-3b. Bassler and Moodey, 1943, p. 527. Strimple, 1966c, p. 109. Webster, 1973, p. 158.

Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 101.

*Isoallagecrinus illinoisensis* (Weller, 1930). Strimple, 1966c, p. 109. Webster, 1973, p. 158.

Pennsylvanian, Desmoinesian, unit below Pisa Limestone. United States, Illinois

*Kallimorphocrinus inaquosus* Webster and Lane, 1970, p. 281, Pl. 58, figs. 1-2.

Webster, 1977, p. 101. Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 101.

Pennsylvanian, Atokan, Bird Spring Formation. United States, Nevada

*Kallimorphocrinus indianensis* Weller, 1930 = *\*Kallimorphocrinus astrus*

*Kallimorphocrinus indicus* Gupta and Prokop, 1978 = *Litocrinus indicus*

*Kallimorphocrinus indoaustralicus* (Wanner, 1924) = *Metallagecrinus indoaustralicus*

*Kallimorphocrinus infacetus* Weller, 1930 = *\*Kallimorphocrinus astrus*

*Kallimorphocrinus inflatus* (Wanner), 1929 = *Metallagecrinus inflatus*

*Kallimorphocrinus inhumectus* Webster and Lane, 1970, p. 281, Pl. 58, fig. 3.

Webster, 1977, p. 101. Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 101.

Pennsylvanian, Atokan, Bird Spring Formation. United States, Nevada

*Kallimorphocrinus knighti* Weller, J. M., 1930a, p. 26, Pl. 1, figs. 7a-7b. Bassler and Moodey, 1943, p. 527. Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 101.

Pennsylvanian, Desmoinesian, limestone above Belleville Coal. United States, Missouri

*Kallimorphocrinus kylensis* (Strimple, 1948). New Combination

*Allagecrinus kylensis* Strimple, 1948c, p. 4, Pl. 1, figs. 12-20. Strimple, 1966c, p. 104. Webster, 1973, p. 158.

*Isoallagecrinus kylensis* (Strimple, 1948). Strimple, 1966c, p. 104. Webster, 1973, p. 158.

Pennsylvanian, Missourian, Brownwood Shale. United States, Texas

?*Kallimorphocrinus lanei* Webster et al., 2011, p. 29, Fig. 8, nos. q-t.

Pennsylvanian, Early Bashkirian, Absheni Formation. Eastern Iran

*Kallimorphocrinus lasallensis* (Strimple and Moore, 1971). Webster, 1988, p. 102.

Ausich in Hess et al., 1999 p. 155, Fig. 166.

*Isoallagecrinus lasallensis* Strimple and Moore, 1971a, p. 38, Pl. 3, figs. 1a-2c.

Webster, 1977, p. 101. Webster, 1988, p. 102.

*Kallimorphocrinus lassallensis* (Strimple and Moore, 1971). Lane and Sevastopulo, 1982b, p. 256 (sic).

Pennsylvanian, Missourian, Bond Formation, LaSalle Limestone Member. United States, Illinois

*Kallimorphocrinus lassallensis* (Strimple and Moore, 1971) = *Kallimorphocrinus lasallensis*

*Kallimorphocrinus lilius* Weller, J. M., 1930a, p. 19, Pl. 1, figs. 8a-8b. Bassler and Moodey, 1943, p. 527. Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 102.

Pennsylvanian, Desmoinesian, unit below Pisa Limestone. United States, Missouri

*Kallimorphocrinus multibrachiatus* (Yakovlev, 1927) = *Metallagecrinus multibrachiatus*

*Kallimorphocrinus odiosus* (Weller, 1930). Bassler and Moodey, 1943, p. 527.

*Aidemocrinus odiosus* Weller, J. M., 1930a, p. 28, Pl. 2, figs. 5a-5b. Bassler, 1938, p. 36. Bassler and Moodey, 1943, p. 527.

Pennsylvanian, Desmoinesian. United States, Indiana

*Kallimorphocrinus ornatus* (Wanner, 1929) = *Metallagecrinus ornatus*

*Kallimorphocrinus pecki* (Moore, 1940). Lane and Sevastopulo, 1982b, p. 256.

Webster, 1988, p. 102.

*Allagecrinus pecki* Moore, 1940b, p. 122, Fig. 13, nos. a-n. Bassler and Moodey, 1943, p. 293. Sieverts-Doreck, 1960, p. 241, Pl. 1, fig. 4. Webster, 1988, p. 102.

Pennsylvanian, early Desmoinesian, Cherokee Shale. United States, Missouri

*Kallimorphocrinus piasaensis* Weller, J. M., 1930a, p. 18, Pl. 1, figs. 5a-5b. Bassler and Moodey, 1943, p. 528. Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 102.

Pennsylvanian, Desmoinesian, unit below Pisa Limestone. United States, Illinois

*Kallimorphocrinus pocillus* Weller, 1930 = *Isoallagecrinus pocillus* = \**Kallimorphocrinus astrus*

*Kallimorphocrinus pristinus* (Peck, 1936) = *Litocrinus pristinus*

*Kallimorphocrinus procerus* (Wanner, 1929) = *Metallagecrinus procerus*

*Kallimorphocrinus punctatus* Lane and Sevastopulo, 1981 = \**Litocrinus punctatus*

*Kallimorphocrinus puteatus* (Peck, 1936) = *Litocrinus puteatus*

*Kallimorphocrinus quinquebrachiatus* (Wanner, 1929) = *Metallagecrinus quinquebrachiatus*

*Kallimorphocrinus quinquelobus* (Wanner, 1929) = *Metallagecrinus quinquelobus*

*Kallimorphocrinus scoticus* (Wright, 1932) = *Litocrinus scoticus*

*Kallimorphocrinus scoticus contractus* Wright, 1933 = *Litocrinus scoticus contractus*

*Kallimorphocrinus status* (Strimple, 1951). Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 102.

*Allagecrinus bassleri status* Strimple, 1951a, p. 204, Pl. 37, figs. 5-8. Strimple, 1966c, p. 104. Webster, 1973, p. 158.

*Isoallagecrinus status* (Strimple, 1951). Strimple, 1966c, p. 104. Webster, 1973, p. 158.

*Allagecrinus status* Strimple, 1951. Webster, 1988, p. 102.

Pennsylvanian, Missourian, Lake Bridgeport Shale. United States, Texas

*Kallimorphocrinus strimplei* (Kirk, 1936). Lane and Sevastopulo, 1982b, p. 256. Webster, 1988, p. 102. Sevastopulo, 2008, p. 60, Fig. 3.2, no. 3.

*Allagecrinus strimplei* Kirk, 1936, p. 162, Figs. 1-10. Moore and Laudon, 1944, p. 149, Pl. 56, fig. 8. Ubaghs, 1953, p. 747, Fig. 51. Strimple, 1966c, p. 104. Webster, 1973, p. 158. Webster, 1988, p. 102.

*Isoallagecrinus strimplei* (Kirk, 1936). Strimple, 1966c, p. 104. Strimple, 1972e, p. 920, Figs. 1-2. Priest, 1973, p. 75, Fig. 14. Webster, 1973, p. 158. Pabian and Strimple, 1974b, p. 19, Fig. 6, nos. 14-15. Webster, 1977, p. 100. Ubaghs in Moore and Teichert, 1978, p. T153, Fig. 124, no. 1. Smith, A. B., 1985, p. 170, Pl.

7.4.21. Webster, 1986, p. 180. Fearnhead, 2008, p. 50, Fig. 2, no. B

Pennsylvanian, Missourian, Dewey Limestone; Drum Formation, Cement City Limestone. United States, Oklahoma

*Kallimorphocrinus thaiensis* Webster and Jell, 1993, p. 350, Fig. 1, nos. A-F.  
Permian, Artinskian, Rat Buri Limestone. Thailand, Ko Muk Island

*Kallimorphocrinus tintinabulum* Strimple and Koenig, 1956 = *Litocrinus tintinabulum*

*Kallimorphocrinus uralensis* (Yakovlev, 1927) = *Metallagecrinus uralensis*

*Kallimorphocrinus uralensis nodocarinatus* (Yakovlev, 1927) = *Metallagecrinus uralensis nodocarinatus*

*Kallimorphocrinus uralensis* var. *nodocarinatus* (Yakovlev, 1927) = *Kallimorphocrinus uralensis nodocarinatus* = *Metallagecrinus uralensis nodocarinatus*

?*Kallimorphocrinus vanpelti* Weller, 1930. Lane and Sevastopulo, 1982b, p. 256.  
Webster, 1988, p. 102.

Pennsylvanian, Desmoinesian, unit below Pisa Limestone. United States, Illinois

*Kallimorphocrinus weldenensis* Strimple and Koenig, 1956 = *Desmacriocrinus weldenensis*

*Kallimorphocrinus yakovlevi* Wright, 1933 = *Wrightocrinus yakovlevi*

*Kallimorphocrinus* spp.

Conkin and Conkin, 1976, p. 224, Pl. 9. Webster, 1986, p. 182. Webster, 1988, p. 102.

Mississippian, Kinderhookian, Jacobs Chapel Shale. United States, Indiana  
*Isoallagecrinus* sp. Pabian and Strimple, 1980a, p. 184, Fig. 9, no. C. Webster, 1986, p. 180.

Pennsylvanian, Missourian, Kansas City Group, Wyandotte Formation, Argentine Limestone Member. United States, Iowa  
Kues, 1982, Unnum. Fig. p. 108, no. O. Webster, 1988, p. 102.

Mississippian, Osagean, Nunn Shale. New Mexico  
Holterhoff, 1996, p. 184, Fig. 3, no. I. (diagramatic arm)

Pennsylvanian, Missourian, Stanton Formation. United States, Midcontinent  
Kietzki, 1990, p. 264, Fig. 7, nos. G-H.

Pennsylvanian, Desmoinesian, Flechado Formation. United States, New Mexico

*Kallimorphocrinus?* sp. Webster and Jell, 1993, p. 351, Fig. 1, nos. G-J.  
Permian, Artinskian, Rat Buri Limestone. Thailand, Ko Muk Island

“*Kallimorphocrinus*” sp. Clement and Broadhead, 1994, p. 47.

Devonian, Lochkovian, Ross Formation, Birdsong Member. United States, Tennessee

*KALPIDOCRINUS* Goldring, 1954 = ***BACTROCRINITES***

*Kalpidocrinus eriensis* Goldring, 1954 = *Bactrocrinites reimanni* = *B. fieldi*

**KANABINOCCRINUS** Ausich, 1986. \**K. thyaros* Ausich, 1986.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Thalamocrinidae  
Ausich, 1986c, p. 723. Webster, 1993, p. 74.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species

Silurian, late early or middle Llandoveryan. United States, Ohio

\**Kanabinocrinus thyaros* Ausich, 1986c, p. 724, Figs. 2, nos. 2-3, 10; 4, no. 1; 5.  
Webster, 1993, p. 74.

Silurian, late early or middle Llandoveryan, Brassfield Formation. United States,  
Ohio

**KANSACRINUS** Pabian and Strimple, 1985. \**Oklahomacrinus cirriferous* Strimple,  
1963.

Sbc. Cladida, Infc. Articulata, O. Ampelocrinida, ?F. Ampelocrinidae  
Pabian and Strimple, 1985, p. 53. Webster, 1988, p. 102.

**Note**, I consider *Kansacrinus* a synonym of *Oklahomacrinus*, GDW.

Named, currently recognized species based on cups or crowns: 3 species. 2  
Pennsylvanian, 1 Missourian, 1 Virgilian; 1 Permian, Wolfcampian  
Pennsylvanian - Permian, Missourian - Wolfcampian. United States

\**Kansacrinus cirriferous* (Strimple, 1963). Pabian and Strimple, 1985, p. 53.  
Webster, 1988, p. 103.

*Oklahomacrinus cirriferous* Strimple, 1963a, p. 71, Pl. 12, figs. 17-20. Webster,  
1973, p. 184. Webster, 1988, p. 103.

Permian, Wolfcampian, Five Point Limestone. United States, Kansas

*Kansacrinus discus* (Strimple, 1947). Pabian and Strimple, 1985, p. 53, Figs. 15, no.  
k; 26, nos. i-k. Webster, 1988, p. 103.

*Oklahomacrinus discus* Strimple, 1947, p. 6, Pl. 2, figs. 2-3. Burke, 1966b, p. 466,  
Fig. 3. Webster, 1973, p. 184. Pabian and Strimple, 1985, p. 53. Webster, 1988,  
p. 103.

Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member. United  
States, Kansas

*Kansacrinus regularis* (Strimple, 1951). Pabian and Strimple, 1985, p. 53. Webster,  
1988, p. 103.

*Oklahomacrinus regularis* Strimple, 1951c, p. 26, Pl. 4, figs. 8-9. Webster, 1973, p.  
184. Webster, 1988, p. 103.

Pennsylvanian, Missourian, Wann Formation. United States, Oklahoma

**KASTORCRINUS** Ausich and Copper, 2010. \**Kastorcrinus chattertoni* Ausich and  
Copper, 2010.

Sbc. Disparida, O. Homocrinida, F. Homocrinidae  
Ausich and Copper, 2010, p. 64.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species  
Silurian, Llandovery. Canada, Quebec

\**Kastorcrinus chattertoni* Ausich and Copper, 2010, p. 64, Pl. 12, figs. 15-16.  
Silurian, Llandoveryan, Jupiter Formation, Cybèle Member. Canada, Quebec,  
Anticosti Island

**KATAROOCRINUS** (Waagen and Jahn) Jaekel, 1918, p. 32 (*nomen nudum*).  
Bassler, 1938, p. 120. Bassler and Moodey, 1943, p. 529. Ubaghs in Moore and  
Teichert, 1978, p. T518. Webster, 1986, p. 182.  
Early Devonian. Czech Republic

Kelch von ?*Dactylocrinus* Hauser, 2003, p. 54, Pl. 5, fig. 7.  
Devonian, Frasnian, Neuville Formation. Belgium

Kelchtafeln eines Crinoiden Geinitz, 1867a, p. 65, Pl. 4, figs. 27-28. (Cladid radial and  
basal plate, respectively, GDW).  
Pennsylvanian. United States, Nebraska

**KOIVOCRINUS** Arendt, 1996. \**K. elegans* Arendt, 1996.  
Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Sycocrinitidae  
Arendt, 1996a, p. 79; 1996b, p. 204.  
Named, currently recognized species based on cups or crowns: 1 Permian,  
Sakmarian species  
Permian, early Sakmarian. Russia, Middle Ural Mountains

\**Koivocrinus elegans* Arendt, 1996a, p. 80, Pl. 9, figs. 2-5; Fig. 1, nos. b-e. Arendt,  
1996b, p. 205, Pl. 9, figs. 2-5; Fig. 1, nos. b-e.  
Permian, early Sakmarian. Russia, Middle Ural Mountains

**KOLVACRINUS** Arendt, 2005. \**Kolvacrinus verae* Arendt, 2005.  
Sbc. Cladida, O. Disparida, Spf. Allagecrinoidea, F. Catillocrinidae  
Arendt, 2005a, p. 62. Arendt, 2005b, p. 637.  
Named, currently recognized species based on cups or crowns: 1 Permian,  
Artinskian species  
Permian, late Artinskian. Russia, Ural Mountains

\**Kolvacrinus verae* Arendt, 2005a, p. 62, Pl. 6, fig. 4. Arendt, 2005b, p. 637, Pl. 6, fig. 4.  
Permian, late Artinskian. Russia, Ural Mountains

**KOOPTOONOCRINUS** Jell and Holloway, 1983. \**K. nutti* Jell and Holloway, 1983.  
Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Euspirocrinidae  
Jell and Holloway, 1983, p. 13. Webster, 1988, p. 103.  
Named, currently recognized species based on cups or crowns: 2 species. 1 Late  
Silurian - Early Devonian, Pridoli – Lochkovian; 1 Devonian, Lochkovian  
Late Silurian - Early Devonian. Australia

*Kooptoonocrinus borealis* Clement and Broadhead, 1994, p. 47. *Nomen nudum*  
Devonian, Lochkovian, Ross Formation, upper part of Birdsong Member. United States, Tennessee

\**Kooptoonocrinus nutti* Jell and Holloway, 1983, p. 14, Figs. 8-9, nos. A-D. Webster, 1988, p. 103.  
Late Silurian - Early Devonian, Dargile-Humevale Formation transition beds. Australia, Victoria

**KOPFICRINUS** Goldring, 1954. \**K. pustuliferus* Goldring, 1954.  
Sbc. Cladida, O. Cyathocrinida, Spf. Gasterocomoidea, F. Gasterocomidae  
Goldring, 1954, p. 11. Webster, 1973, p. 160. Lane and Moore *in* Moore and Teichert, 1978, p. T587. Webster, 1986, p. 182. Jell and Theron, 1999, p. 134.  
Named, currently recognized species based on cups or crowns: 2 Devonian, Emsian species  
Devonian, Emsian. United States

*Kopficrinus halbichi* Jell and Theron, 1999, p. 134, Fig. 18, nos. A-E.  
Devonian, Emsian, Gydo Formation. South Africa

\**Kopficrinus pustuliferus* Goldring, 1954, p. 12, Pl. 2, figs. 3-4. Webster, 1973, p. 160.  
Lane and Moore *in* Moore and Teichert, 1978, p. T587, Fig. 376, no. 7. Webster, 1986, p. 182.  
Devonian, Emsian, Onondaga Limestone. United States, New York

**KOPHINOCRINUS** Goldring, 1954. \**K. spiniferus* Goldring, 1954.  
Sbc. Cladida, O. Dendrocrinida, Spf. and F. uncertain  
Goldring, 1954, p. 36. Webster, 1973, p. 160. Webster, 1977, p. 101. Lane and Moore *in* Moore and Teichert, 1978, p. T630. Webster, 1986, p. 182.  
Named, currently recognized species based on cups or crowns: 2 Devonian, Givetian species  
Devonian, Givetian; United States, Ohio, New York

*Kophinocrinus magrumi* Kesling, 1971c, p. 284, Pl. 1, figs. 1-2; Fig. 1. Kesling and Chilman, 1975, p. 164, Pl. 41, figs. 7-8; 66, fig. 1; Unnum. Fig. p. 164. Webster, 1977, p. 101. Webster, 1986, p. 183.  
Devonian, Givetian, Silica Formation. United States, Ohio

\**Kophinocrinus spiniferus* Goldring, 1954, p. 37, Pl. 5, figs. 2-6. Webster, 1973, p. 160.  
Lane and Moore *in* Moore and Teichert, 1978, p. T630, Fig. 411, no. 1.  
Webster, 1986, p. 183.  
Devonian, Givetian, Kashong Shale. United States, New York

**KOPRIACRINUS** Webster and Jell, 1999. \**Kopriacrinus mckellari* Webster and Jell, 1999.  
Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Euspirocrinidae  
Webster and Jell, 1999a, p. 265.  
Named, currently recognized species based on cups or crowns: 1 Pennsylvanian,

Westphalian species  
Pennsylvanian, Westphalian. Australia, Queensland

\**Kopriacrinus mckellari* Webster and Jell, 1999a, p. 268, Fig. 17, nos. C-E.  
Pennsylvanian, Westphalian, Neerkol Formation. Australia, Queensland

Krinit Roemer, F. A., 1866b, p. 224.  
Silurian, Wissenbacher Schiefer und Kalde. Germany

**KRINOCRINUS** Witzke and Strimple, 1981. \**K. inflatus* Witzke and Strimple, 1981.  
Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Patelliocrinoidea, F.  
Patelliocrinidae  
Witzke and Strimple, 1981, p. 119. Webster, 1988, p. 103.  
Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryian species  
Silurian, late Llandoveryian. United States, Iowa

\**Krinocrinus inflatus* Witzke and Strimple, 1981, p. 119, Pl. 3, figs. 1-4; Fig. 11.  
Webster, 1988, p. 103.  
Silurian, late Llandoveryian, Hopkinton Dolomite, *Cyclocrinites* Beds. United  
States, Iowa

Krinoiden-Kelchstück Rakusz, 1930, p. 169, Pl. 7, fig. 15.  
Pennsylvanian. Hungary, Dobsina

**KROPPOCRINUS** Jell, 1999. \**Kroppocrinus heathcotensis* Jell, 1999.  
Sbc. Disparida, Spf. Bellemnocrinoidea, F. Pygmaeocrinidae  
Jell, 1999, p. 64.  
Named, currently recognized species based on cups or crowns: 2 Devonian,  
Lochkovian species  
Devonian, late Lochkovian. Australia, Victoria

\**Kroppocrinus heathcotensis* Jell, 1999a, p. 65, Fig. 50, nos. A-F.  
Devonian, late Lochkovian, Humevale Formation. Australia, Victoria

*Kroppocrinus mathiesonensis* Jell, 1999a, p. 65, Fig. 51, nos. A-B.  
Devonian, late Lochkovian, Humevale Formation. Australia, Victoria

*Kulmicrinus* n. sp. Schmidt, W. E., 1934 = *Culmicrinus* n. sp.

**KYLIXOCRINUS** Eckert, 1984. \**K. latus* Eckert, 1984.  
Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Patelliocrinoidea, F.  
Patelliocrinidae  
Eckert, 1984, p. 12. Webster, 1988, p. 103.  
Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryian species  
Silurian, Llandoveryian. Canada

\**Kylixocrinus latus* Eckert, 1984, p. 13, Pls. 1, figs. 1-4; 2, figs. 1-6; Figs. 5, no. A; 6, nos. A-E. Webster, 1988, p. 103.  
Silurian, Llandoveryan, Cabot Head Formation. Canada, Ontario

**KYPHOSOCRINUS** Eckert and Brett, 2001. \**Kyphosocrinus tetreaulti* Eckert and Brett, 2001.  
Sbc. Flexibilia, O. Sagenocrinida, Spf. Sagenocrinitoidea, F. Anisocrinidae  
Eckert and Brett, 2001, p. 57.  
Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species  
Silurian, middle Llandoveryan. United States, New York

\**Kyphosocrinus tetreaulti* Eckert and Brett, 2001, p. 57, Pls. 7, figs. 2-12, 14-16, 18-20; 8, figs. 2-6, 8-9; Figs. 23, nos. A-B; 24, nos. A-F.  
Silurian, middle Llandoveryan, Wolcott Limestone. United States, New York

**KYREOCRINUS** Ausich, 1986. \**K. constellatus* Ausich, 1986.  
Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae  
Ausich, 1986b, p. 102. Webster, 1993, p. 74.  
Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species  
Silurian, late early or middle Llandoveryan. United States, Ohio

\**Kyreocrinus constellatus* Ausich, 1986b, p. 103, Figs. 2, nos. 5, 8-10; 10, no. 2.  
Webster, 1993, p. 75.  
Silurian, late early or middle Llandoveryan, Brassfield Formation. United States,  
Ohio

**LABROCRINUS** Webster and Waters, 2009. \**Labrocrinus granulatus* Webster and Waters, 2009.  
Sbc. Flexibia, O. Sagenocrinida, Spf. Sagenocrinoidea, F. Dactylocrinidae  
Webster and Waters, 2009, p. 283.  
Named, currently recognized species based on cups or crowns: 1 Devonian,  
Famennian species  
Devonian, Famennian. China, Xinjiang-Uyghur Autonomous Region

\**Labrocrinus granulatus* Webster and Waters, 2009, p. 284, Fig. 5, no. S.  
Devonian, Famennian, Hongguleleng Formation. China, Xinjiang-Uyghur  
Autonomous Region

**LACCOCRINUS** Wanner, 1949. \**Basleocrinus scrobiculatus* Wanner, 1924.  
Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Agassizocrinoidea, F.  
Basleocrinidae  
Wanner, 1949, p. 55. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p.  
T678. Arendt, 1981, p. 20. Webster, 1986, p. 183. Webster, 1988, p. 103.  
Named, currently recognized species based on cups or crowns: 1 Permian species,  
series uncertain

Permian, series uncertain. West Timor

\**Laccocrinus scrobiculatus* (Wanner, 1924). Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T678, Fig. 447, no. 4. Arendt, 1981, p. 20, Fig. 5, nos. d-e. Webster, 1986, p. 183. Webster, 1988, p. 103.

*Basleocrinus scrobiculatus* Wanner, 1924, p. 267, Pl. 17, figs. 14-15. Bassler and Moodey, 1943, p. 497. Branson, C. C., 1948, p. 195. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T678.

*Graphiocrinus scrobiculatus* (Wanner, 1924). Wanner, 1937, p. 173, Pl. 11, figs. 17-18. Bassler and Moodey, 1943, p. 497. Branson, C. C., 1948, p. 195.

Permian, series uncertain. West Timor

**LADACRINUS** Ausich and Copper, 2010. \**Ladacrinus asynaptos* Ausich and Copper, 2010.

Sbc. Cladida, Inf. Flexibilia, O. Taxocrinida, Spf. Taxocrinoidea, F. Taxocrinidae  
Ausich and Copper, 2010, p. 57.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryian species

Silurian, Llandoveryian. Canada, Quebec

\**Ladacrinus asynaptos* Ausich and Copper, 2010, p. 57, Pl. 12, fig. 1; Fig. 11.1.

Silurian, Llandoveryian, Jupiter Formation, East Point Member. Canada, Quebec,  
Anticosti Island

*Ladacrinus?* sp. Ausich and Copper, 2010, p. 57, Pl. 11, fig. 5; Fig. 10.1.

Silurian, Llandoveryian, Chicotte Formation. Canada, Quebec, Anticosti Island

**LAGAROCRINUS** Jaekel, 1900 = **CICEROCRINUS**

*Lagarocrinus anglicus* Jaekel, 1900 = *Cicerocrinus anglicus*

*Lagarocrinus osiliensis* Jaekel, 1900 = *Cicerocrinus osiliensis*

*Lagarocrinus scanicus* Jaekel, 1900 = *Cicerocrinus scanicus*

*Lagarocrinus tenuis* Jaekel, 1900 = *Cicerocrinus elegans*

**LAGENIOCRINUS** de Koninck and Le Hon, 1854. \**L. seminulum* de Koninck and Le Hon, 1854.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiocrinoidea, F. Streblocrinidae

and Teichert, 1978, p. T782. Webster, 1986, p. 192.

Named, currently recognized species based on cups or crowns: 3 Permian species,  
1 Artinskian, 2 series uncertain

Permian, series uncertain. West Timor

Permian, early Artinskian. Australia, western Australia

*Loxocrinus booni* Marez Oyens, 1940a, p. 305, Pl. 2, fig. 5. Bassler and Moodey,  
1943,

p. 541. Branson, C. C., 1948, p. 199. Webster and Jell, 1999b, p. 314, Figs. 21,  
nos. E-F.

Permian, series uncertain. West Timor, Kioemoko

Permian, early Artinskian, Callytharra Formation. Australia, Western Australia

*Loxocrinus dilatatus* Wanner, 1916. Wanner, 1924, p. 91, Pls. 3, fig. 12; 4, figs. 2-6.

Wanner, 1930, p. 12, Figs. 1-2. Bassler and Moodey, 1943, p. 541. Branson, C.  
C., 1948, p. 199.

*Loxocrinus globulus* var. *dilatata* Wanner, 1916, p. 256, Pl. 110 (15), fig. 3. Bassler  
and Moodey, 1943, p. 541. Branson, C. C., 1948, p. 199.

Permian, series uncertain. West Timor, Basleo

\**Loxocrinus globulus* Wanner, 1916, p. 252, Pl. 110 (15), figs. 1-2; Fig. 64. Bassler,  
1938, p. 127. Bassler and Moodey, 1943, p. 542. Branson, C. C., 1948, p. 200.  
Moore *in* Moore and Teichert, 1978, p. T782, Figs. 521, no. 4; 523, no. 1.  
Webster, 1986, p. 192.

Permian, series uncertain. West Timor, Basleo

*Loxocrinus globulus* var. *dilatata* Wanner, 1916 = *Loxocrinus dilatatus*

*Loxocrinus* sp. 1 Webster and Jell, 1999b, p. 315, Fig. 22, no. A.

Permian, early Artinskian, Callytharra Formation. Australia, Western Australia

*Loxocrinus* sp. 2 Webster and Jell, 1999b, p. 315, Fig. 22, nos. B-C.

Permian, early Artinskian, Callytharra Formation. Australia, Western Australia

**LUXOCRINUS** Witzke and Strimple, 1981. \**Luxocrinus simplex* Witzke and Strimple, 1981.

Sbc. Camerata, O. Diplobathrida, Sbo. Eudiplobathrina, Spf. Rhodocrinitoidea, F. Rhodocrinitidae

Witzke and Strimple, 1981, p. 106. Webster, 1988, p. 107.

Named, currently recognized species based on cups or crowns: 1 Silurian, Llandoverian species

Silurian, late Llandoverian. United States, Iowa

\**Luxocrinus simplex* Witzke and Strimple, 1981, p. 106, Pl. 1, figs. 2-5; Fig. 3. Webster, 1988, p. 107.

Silurian, late Llandoverian, Hopkinton Dolomite, *Cyrtia* Beds. United States, Iowa

*Eretmocrinus prodigialis* (Miller and Gurley, 1895). Kammer, 1984, p. 119.

Mississippian, Viséan (Osagean), Borden Formation, New Providence Shale. United States, Indiana, Kentucky, Tennessee

**MALAIOCRINUS** Wanner, 1924. \**Zeacrinus? sundaicus* Wanner, 1916.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Lophocrinoidea, F. Pelecocrinidae

Wanner, 1924, p. 177. Bassler, 1938, p. 128. Moore and Plummer, 1940, p. 98. Bassler and Moodey, 1943, p. 545. Moore and Laudon, 1943b, p. 55. Branson, C. C., 1948, p. 200. Webster, 1973, p. 167. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T661. Webster, 1986, p. 194. Webster, 1990, p. 64. Webster, 1993, p. 76.

Named, currently recognized species based on cups or crowns: 4 species. 1

Pennsylvanian, Desmoinesian; 3 Permian, series uncertain

Pennsylvanian, Desmoinesian. United States

Permian, series uncertain. West Timor

*Malaiocrinus azygous* Strimple, 1949 = *Schistocrinus azygous* = *Anobasicrinus azygous*

*Malaiocrinus crassitesta* Wanner, 1924, p. 184, Pl. 9, figs. 1-3. Bassler and Moodey, 1943, p. 545. Branson, C. C., 1948, p. 200. Moore, 1962b, p. 24, Fig. 13, no. 4. Webster, 1973, p. 167.

Permian, series uncertain. West Timor, Basleo

*Malaiocrinus parviusculus* Moore and Plummer, 1940, p. 100, Pl. 14, fig. 6. Bassler and Moodey, 1943, p. 545.

Pennsylvanian, Desmoinesian, Millsap Lake Formation, Oologah Limestone. United States, Texas, Oklahoma

*Malaiocrinus pusillus* Wanner, 1937, p. 142, Pl. 9, figs. 35-36; 10, fig. 1; Fig. 40.

Bassler and Moodey, 1943, p. 545. Branson, C. C., 1948, p. 200.

Permian, series uncertain. West Timor, Basleo

\**Malaiocrinus sundaicus* (Wanner, 1916). Wanner, 1924, p. 183. Moore and Plummer, 1940, p. 99, Fig. 11. Bassler and Moodey, 1943, p. 546. Branson, C. C., 1948, p. 200. Moore, 1962b, p. 24, Fig. 13, no. 3. Webster, 1973, p. 167. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T661, Fig. 432, no. 1.

*Zeacrinus? sundaicus* Wanner, 1916, p. 147, Pl. 101 (6), fig. 12. Bassler, 1938, p. 128. Bassler and Moodey, 1943, p. 546. Branson, C. C., 1948, p. 200.

Permian, series uncertain. West Timor, Basleo

**MALIGNEOCRINUS** Laudon, Parks, and Spreng, 1952. \**M. medicinensis* Laudon, Parks, and Spreng, 1952.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, Actinocrinitidae

Laudon, Parks, and Spreng, 1952, p. 564. Webster, 1973, p. 167. Macurda, 1974, p. 823, Figs. 1-2. Bowsher *in* Moore and Teichert, 1978, p. T458. Webster, 1986, p. 194. Lane and Sevastopulo, 1987, p. 201. Webster, 1993, p. 76.

Named, currently recognized species based on cups or crowns: 1 Mississippian,  
Tournaisian species  
Mississippian, Tournaisian (late Kinderhookian). Canada

\**Maligneocrinus medicinensis* Laudon, Parks, and Spreng, 1952, p. 566, Pls. 67, figs. 12-15; 69, fig. 26. Webster, 1973, p. 167. Bowsher *in* Moore and Teichert, 1978, p. T458, Fig. 264, no. 3. Webster, 1986, p. 194.  
Mississippian, Tournaisian (late Kinderhookian), Banff Formation. Canada, Alberta

**MANDELACRINUS** Jell and Theron, 1999. \**Mandelacrinus nelsoni* Jell and Theron, 1999.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Periechocrinidae

Jell and Theron, 1999, p. 129.

Named, currently recognized species based on cups or crowns: 1 Devonian, Emsian species

Devonian, Emsian. South Africa

\**Mandelacrinus nelsoni* Jell and Theron, 1999, p. 130, Figs. 13-14.  
Devonian, Emsian, Gydo Formation. South Africa

**MANICRINUS** Frest and Strimple, 1978. \**Manicrinus hybocriniformis* Frest and Strimple, 1978.

Sbc. Cladida, O. Cyathocrinida, Spf. Gasterocomoidea, F. Manicrinidae

Frest and Strimple, 1978b, p. 16. Frest and Strimple, 1982, p. 724. Webster, 1986, p. 194. Webster, 1988, p. 108.

Named, currently recognized species based on cups or crowns: 3 Silurian species, 2 Wenlockian, 1 Ludlovian

Silurian, Wenlockian - Ludlovian. United States

*Manicrinus erectus* Frest and Strimple, 1982, p. 726, Pl. 1, figs. 5, 8-11. Webster, 1988, p. 109.

Silurian, Wenlockian, Waldron Shale. United States, Indiana

\**Manicrinus hybocriniformis* Frest and Strimple, 1978b, p. 169, Pl. 1, figs. a-e; Figs. 1; 2, no. a; 3. Frest and Strimple, 1982, p. 724, Pl. 1, figs. 12-17; Fig. 4, no. A. Webster, 1986, p. 194. Webster, 1988, p. 109.

Silurian, Ludlovian, Brownsport Formation. United States, Tennessee

*Manicrinus waldronensis* Frest and Strimple, 1982, p. 724, Pl. 1, figs. 1-4, 6-7; Fig. 4, no. B. Webster, 1988, p. 109.

Silurian, Wenlockian, Waldron Shale. United States, Indiana

*Manicrinus* sp. Frest and Strimple, 1982, p. 726, Fig. 5.

Silurian, Wenlockian - Ludlovian, Racine Dolomite. United States, Illinois

**MANILLACRINUS** Campbell and Bein, 1971. \**Cactocrinus brownei* Dun and Benson, 1920.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Actinocrinitidae  
 Campbell and Bein, 1971, p. 427. Macurda, 1974, p. 821, Figs. 1-2. Webster, 1977, p. 108. Cowen, 1981, p. 339. Webster and Lane, 1987, p. 12. Webster, 1988, p. 109. Webster, 1993, p. 77. Webster and Jell, 1999a, p. 248.  
**MANILLOCRINUS** Bowsher *in* Moore and Teichert, 1978, p. T458. Webster, 1986, p. 194  
 Named, currently recognized species based on cups or crowns: 2 Mississippian, Tournaisian species  
 Mississippian, Tournaisian. Australia

*Manillacrinus acanthus* Webster and Jell, 1999a, p. 250, Figs. 7, nos. A-D; 8, A-C. Mississippian, late Tournaisian, Namoi Formation. Australia, New South Wales

\**Manillacrinus brownei* (Dun and Benson, 1920). Campbell and Bein, 1971, p. 427, Pl. 50, figs. 1-7; Fig. 7. Webster, 1977, p. 108. Webster and Jell, 1999a, p. 248, Figs. 5, no. H; 6, no. A.

*Cactocrinus? brownei* Dunn and Benson, 1920, p. 342, Pl. 19, fig. 1. Bassler and Moodey, 1943, p. 341. Campbell and Bein, 1971, p. 427. Webster, 1977, p. 108.

*Manillocrinus brownei* (Dun and Benson, 1920). Bowsher *in* Moore and Teichert, 1978, p. T458, Fig. 265, no. 1. Webster, 1986, p. 194.

Mississippian, Tournaisian, Namoi Formation; Malchi Formation. Australia, New South Wales, Queensland

*Manillacrinus* sp. Campbell and Bein, 1971, p. 430, Pl. 49, figs. 25-26. Webster, 1977, p. 108.

Mississippian, (Cull), Tournaisian, Goonoo Goonoo Formation. Australia, New South Wales

**MANILLOCRINUS** Bowsher *in* Moore and Teichert, 1978 = **MANILLACRINUS**

*Manillocrinus brownei* (Dun and Benson, 1920) = *Manillacrinus brownei*

**MANOCRINUS** Haude, 2004. \**Manocrinus maldigitus* Haude, 2004.

Sbc. Cladida, O. Cyathocrinida, F. Euspirocrinidae?

Haude, 2004a, p. 419.

Named, currently recognized species based on cups or crowns: 1 Devonian, Lochkovian - Emsian species

Early Devonian, Lochkovian – Emsian?. Argentina

\**Manocrinus maldigitus* Haude, 2004a, p. 419, Fig. 2, nos. A-B.

Devonian, Lochkovian – Emsian?, Talacasto Formation. Argentina

**MANTICRINUS** Ausich, 1986. \**M. exaitos* Ausich, 1986.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Platycrinitoidea, F. Marsupiocrinidae

Ausich, 1986e, p. 892. Webster, 1993, p. 77.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species

Silurian, late early or middle Llandoveryan: United States, Ohio

\**Manticrinus exaitos* Ausich, 1986e, p. 892, Figs. 2, nos. 4-8, 10-11; 3. Webster, 1993,  
p. 77.

Silurian, late early or middle Llandoveryan, Brassfield Formation. United  
States, Ohio

**MANTIKOSOCRINUS** Strimple, 1951. \**M. castus* Strimple, 1951.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Cromyocrinoidea, F.  
Cromyocrinidae

Strimple, 1951f, p. 673. Strimple and Watkins, 1969, p. 161. Strimple and Moore,  
1971a, p. 24. Webster, 1973, p. 167. Webster, 1977, p. 108. Moore and Strimple  
*in* Moore and Teichert, 1978, p. T698, fig. 457. Webster, 1981, p. 1193, Fig. 1.  
Webster, 1986, p. 195. Webster, 1988, p. 109. Lane and Sevastopulo, 1990, p.  
336. Webster, 1993, p. 77.

Named, currently recognized species based on cups or crowns: 3 Mississippian  
species, 1 Viséan, 2 Serpukhovian

Mississippian, late Viséan. United Kingdom, Scotland

Mississippian, Serpukhovian (early Chesterian). United States

\**Mantikosocrinus castus* Strimple, 1951f, p. 674, Pl. 98, figs. 11-13. Strimple, 1961a, p.  
23, Fig. 1. Webster, 1973, p. 167. Moore and Strimple *in* Moore and Teichert,  
1978, p. T698, Fig. 459, nos. 1a-1b. Webster, 1986, p. 195.

Mississippian, Serpukhovian (Chesterian), Fayetteville Formation. United States,  
Oklahoma

*Mantikosocrinus hemisphericus* (Worthen, 1882). Webster, 1981, p. 1198. Strimple,  
1978b, p. 494, Fig. 1. Webster, 1986, p. 195. Webster, 1988, p. 109.

*Agassizocrinus hemisphericus* Worthen, 1882, p. 37. Worthen, 1883, p. 316, Pl. 29,  
fig. 7. Miller, S. A., 1889, p. 221. Weller, S., 1898c, p. 195. Bassler and Moodey,  
1943, p. 291. Wright and Strimple, 1945, p. 222. Webster, 1973, p. 178.

Strimple,

1978b, p. 494. Webster, 1981, p. 1198. Webster, 1986, p. 195. Webster, 1988,  
p.

109.

*Cromyocrinus hemisphericus* (Worthen, 1882). Weller, S., 1898c, p. 195.

*Mooreocrinus hemisphericus* (Worthen, 1882). Wright and Strimple, 1945, p. 222.

Webster, 1973, p. 178. Strimple, 1978b, p. 494. Webster, 1986, p. 195.

Mississippian, Serpukhovian (Chesterian), Menard Formation. United States, Illinois

*Mantikosocrinus wrighti* (Yakovlev and Ivanov, 1956). Strimple, 1966a, p. 5. Webster,  
1973, p. 167. Moore and Strimple *in* Moore and Teichert, 1978, p. T698, Fig.

459, nos. 1c-1d. Webster, 1986, p. 195.

*Dicromyocrinus wrighti* Yakovlev and Ivanov, 1956, p. 20. Strimple, 1966a, p. 5.

Webster, 1973, p. 167.

*Dicromyocrinus geminatus* Wright, J., 1952a, p. 111, Pl. 12, figs. 23-25. Webster, 1973, p. 167.

Mississippian, Viséan, Calciferous Sandstone Series. United Kingdom, Scotland

**MAQUOKETOCRINUS** Slocum *in* Slocum and Foerste, 1924. \**M. ornatus* Slocum, 1924.

Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae  
Slocum, 1924, p. 328. Bassler, 1938, p. 129. Bassler and Moodey, 1943, p. 546.

Moore and Laudon, 1943b, p. 82. Ubaghs, 1953, p. 737. Arendt and Hecker, 1964, p. 95. Webster, 1973, p. 167. Ubaghs *in* Moore and Teichert, 1978, p. T427. Webster, 1986, p. 195.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Katian species

Ordovician, Katian (Richmondian). United States, Iowa

\**Maquoketocrinus ornatus* Slocum *in* Slocum and Foerste, 1924, p. 330, Pl. 30, figs.

12-13. Bassler, 1938, p. 129. Bassler and Moodey, 1943, p. 546. Ubaghs *in* Moore and Teichert, 1978, p. T427, Fig. 237, no. 2. Webster, 1986, p. 195.

Ordovician, Katian (Richmondian), lower part of Maquoketa Formation, Elgin Shale. United States, Iowa

**MARAGNICRINUS** Whitfield, 1905. \**M. portlandicus* Whitfield, 1905.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Rhenocrinoidea, F. Rhenocrinidae

Whitfield, 1905, p. 17. Springer, 1913, p. 222. Goldring, 1923, p. 384. Bassler, 1938, p. 129. Bassler and Moodey, 1943, p. 546. Moore and Laudon, 1943b, p. 54. Moore and Laudon, 1944, p. 157. Webster, 1973, p. 167. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T638. Webster, 1986, p. 195. Webster et al., 2003, p. 15.

Named, currently recognized species based on cups or crowns: 1 Devonian, Frasnian species

Devonian, Frasnian. United States, New York

\**Maragnicrinus portlandicus* Whitfield, 1905, p. 18, Pls. 1-4. Springer, 1913, p. 222.

Goldring, 1923, p. 384. Bassler, 1938, p. 129. Bassler and Moodey, 1943, p. 546. Moore and Laudon, 1944, p. 157, Pl. 57, fig. 12. Webster, 1973, p. 167.

Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T638, Fig. 416, no. 4. Webster, 1986, p. 195.

Scyphocrinitidae

Prokop and Petr, 1987a, p. 3, Fig. 3, no. b. Prokop and Petr, 1989b, p. 51. Haude,  
1992, p. 173. Webster, 1993, p. 77. Prokop and Petr, 1994b, p. 34.

Named, currently recognized species based on cups or crowns: 3 species. 1  
Silurian, Pridoli; 1 Silurian – Devonian, Pridoli – Lochkovian; 1 Devonian,  
Lochkovian

Silurian, Pridoli. Czech Republic, China

Silurian, late Pridoli - Early Devonian, early Lochkovian. Algeria, Morocco;  
France

Devonian, Lochkovian. United States

*Marhoumacrinus bohemicus* Prokop and Petr, 1989b, p. 51, Pl. 3, fig. 1; Fig. 2. Prokop  
and Petr, 1990, p. 26. Webster, 1993, p. 77.

*Scyphocrinus excavatus* var. *typ.* Waagen and Jahn, 1899 (part). Prokop and Petr,  
1989b, p. 51. Prokop and Petr, 1990, p. 26 (partial calyx). Webster, 1993, p. 77.  
Silurian, Pridoli, Pridoli Formation. Czech Republic, Bohemia

\**Marhoumacrinus legrandi* Prokop and Petr, 1987a, p. 5, Pls. 1-8; Figs. 2, 4-11. Prokop  
and Petr, 1990, p. 31, 32, Pl. 3, fig. 1. Haude, 1992, p. 174. Webster, 1993, p.  
77.

Haude, 1999, p. 281, Fig. 1. Hess *in* Hess et al., 1999 p. 97, Fig. 110.

*Scyphocrinites stellatus-mutabilis* (Hall - Springer) - Alleman, 1958 (part), Pl. 14,  
fig. 1. Le Maitre and Heddebaut, 1963, p. 273. Webster, 1973, p. 238. Haude,  
1972, p. 97 (part) . Haude, 1981, p. 193, Figs. 7, no. c; 13, no. A. Haude, 1992,  
p. 174.

*Marhoumacrinus* cf. *legrandi* Prokop and Petr, 1987. Haude, 1992, p. 174.

Silurian, late Pridoli - Devonian, early Lochkovian. Algeria; Morocco;  
France, Pyrenees

*Marhoumacrinus* cf. *legrandi* Prokop and Petr, 1987 = *Marhoumacrinus legrandi*

*Marhoumacrinus pyburnensis* (Springer, 1917). Prokop and Petr, 1987a, p. 4.  
Webster, 1993, p. 77.

*Scyphocrinus pyburnensis* Springer, 1917, p. 52, Pls. 7, figs. 2a-2b, 3; 8, figs. 6a-7.  
Bassler and Moodey, 1943, p. 575.

*Scyphocrinites pyburnensis* (Springer, 1917). Bassler and Moodey, 1943, p. 575.  
Prokop and Petr, 1987a, p. 4. Chen and Yao, 1990, p. 232, Pl. 1, fig. 2. Chen  
and

Yao, 1993, p. 37, Pl. 7, figs. 5-6. Webster, 1993, p. 77.

Silurian, "*Camarocrinus*" Bed. China, Shidian County, Yunnan Province

Devonian, Lochkovian, Linden Formation, Birdsong Shale Member, Ross Limestone  
Member. United States, Tennessee

*Marhoumacrinus* n. sp.? Haude, 1992, p. 176, Pl. 6, figs. F-J; Fig. 15, nos. A-B.

*Scyphocrinus subornatus* Barrande - Schmidt, 1931, p. 39. Haude, 1992, p. 176.

Silurian - Devonian boundary. Eastern Pyrenees

*MARIACRINUS* Hall, 1858 = ***CTENOCRINUS***

*Mariacrinus (Technocrinus) andrewsi* Hall, 1859 = *Technocrinus andrewsi*

*Mariacrinus aureatus* Miller, 1891 = *Alisocrinus aureatus*

*Mariacrinus beecheri* Talbot, 1905 = *Ctenocrinus nobilissimus*

*Mariacrinus carleyi* Hall, 1882 = *Alisocrinus carleyi*

*Mariacrinus carleyi* Springer, 1926 = *Alisocrinus laevis*

*Mariacrinus granulatus* Miller, 1891 = *Ctenocrinus granulatus*

*Mariacrinus harrisi* Wachsmuth and Springer, 1885 = *Compsocrinus harrisi*

*Mariacrinus? insuetus* Raymond, 1912 (sic), p. 79, Figs. 1-2. Bassler and Moodey, 1943, p. 547.

Devonian, Famennian, Three Forks Shale. United States, Montana

*Mariacrinus macropetalus* Hall, 1859 = *Clonocrinus? macropetalus*

*Mariacrinus? mundus* Whidborne, 1899 = *Hydriocrinus mundus* = *Sostronocrinus mundus*

*Mariacrinus? (Mariacrinus) mundus* Whidborne, 1899 = *Hydriocrinus mundus*

*Mariacrinus nobilissimus* Hall, 1859 = *Melocrinites nobilissimus* = *Ctenocrinus nobilissimus*

*Mariacrinus pachydactylus* (Conrad); Wells, 1963 = *Melocrinites pachydactylus* = *Ctenocrinus pachydactylus*

*Mariacrinus paucidactylus* Hall, 1859 = *Melocrinites paucidactylus* = *Ctenocrinus paucidactylus*

*Mariacrinus penniger* Salter, ms. Bigsby, 1868, p. 21 (attributes authorship to Salter as ms).

Late Silurian, series not given. United Kingdom

*Mariacrinus plumosus* Hall, 1859 = *Ctenocrinus pachydactylus* = *Melocrinites plumosus*

*Mariacrinus polydactylus* (Bonny, 1837) = *Ctenocrinus pachydactylus*

*Mariacrinus ramosus* Hall, 1859 = *Ctenocrinus nobilissimus*

*Eupachyrcrinus pustulosus transversus* Tien, 1926, p. 32, Pls. 2, figs. 2-3; 3, fig. 8; Fig. 5. Bassler and Moodey, 1943, p. 472. Branson, C. C., 1948, p. 193. Webster, 1981, p. 1193. Webster, 1988, p. 110.

Pennsylvanian, Taiyuan Series. North China, Hopeh Province

*Mathericrinus wallacei* (Termier and Termier, 1950). Webster *et al.*, 2004, p. 53, Pls. 13, figs. 6-9; 14, figs. 1-24.

*Parulocrinus wallacei* Termier, G., and Termier, H., 1950, p. 91, Pls. 217, figs. 5-14, 17-18 (*non* fig. 16 as given on p. 91); 222, figs. 6-8, 14-22 (*non* figs. 4-5 as given on p. 91). Webster, 1973, p. 198. Webster *et al.*, 2004, p. 53.

Pennsylvanian, late Bashkirian, Oued el Hamar Formation and upper part of Hassi Kerma Formation. Algeria

**MCOYCRINUS** Ausich and Kammer, 2008 \**Actinocrinus globosus* Phillips, 1836

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Periechocrinidae

New Genus A Ausich and Kammer, 2006, p. 104. Ausich and Kammer, 2008a, p. 161.

Named, currently recognized species based on cups or crowns: 1 Mississippian,

Viséan species

Mississippian, Viséan, Chadian. United Kingdom

- \**Mcoyocrinus globosus* (Phillips, 1836). Ausich and Kammer, 2008a, p. 162, Figs. 8.9, nos. 1-2, 5-9; 8.10, no. 1.  
*Actinocrinus globosus* Phillips, 1836, p. 206, Pl. 4, figs. 26, 29. Bronn, 1848, p. 14. d'Orbigny, 1850, p. 155. Bassler and Moodey, 1943, p. 551. Ausich and Kammer, 2008a, p. 162.  
*Actinocrinus globulus* Phillips, 1836. Dujardin and Hupé, 1862, p. 139 (sic).  
*Periechocrinites globosus* Austin and Austin, 1842 (non Phillips, 1836) p. 110 (*nomen nudum*). Austin and Austin, 1843, p. 204 (remark only). Bassler and Moodey, 1943, p. 598. Ausich and Kammer, 2008a, p. 162.  
*Periechocrinus globosus* (Austin and Austin, 1842). Bronn, 1848, p. 947.  
*Megistocrinus globosus* (Phillips, 1836). Wachsmuth and Springer, 1885, p. 112 (386). Bassler and Moodey, 1943, p. 551. Wright, J., 1955a, p. 191, Pl. 48, figs. 1-4, 8. Webster, 1973, p. 169. Westhead, 1978, p. 484. Donovan, 1992c, p. 45, Fig. 7, no. L. Donovan and Lewis, 2003, p. 1, Pl. 1, fig. 3. Ausich and Kammer, 2006, p. 101. Ausich and Kammer, 2008a, p. 162.  
 New Genus A Ausich and Kammer, 2006, p. 101. Ausich and Kammer, 2008a, p. 162.  
 Mississippian, Viséan, Chadian. United Kingdom, Scotland

**MEDUSACRINUS** Austin, 1875 = **PLATYCRINITES** = **PLEUROCRINUS**

*Medusacrinus* s.l. *granulatus* (Miller, 1821) = *Platycrinites granulatus*

*Medusacrinus mammillatus* Austin, 1875, p. 91.  
 Mississippian. Ireland

*Medusacrinus mucronatus* (Austin and Austin, 1842) = *Pleurocrinus mucronatus*

*Medusacrinus rugosus* (Miller, 1821) = *Platycrinites rugosus*

*Medusacrinus tuberculatus* (Miller, 1821) = *Pleurocrinus tuberculatus*

- MEGALIOCRINUS** Moore and Laudon, 1942. \**M. aplatus* Moore and Laudon, 1942. Sbc. Camerata, O. Monobathrida, Sbc. Compsocrinina, Spf. Periechocrinoidea, F. Paragaracocrinidae  
 Moore and Laudon, 1942, p. 68. Moore and Laudon, 1943b, p. 92, fig. 15. Sieverts-Doreck, 1951b, p. 105, Fig. 2, no. c. Ubaghs, 1953, p. 739. Moore and Strimple, 1973, p. 40. Webster, 1973, p. 168. Strimple, 1976d, p. 631. Webster, 1977, p. 108. Ubaghs in Moore and Teichert, 1978, p. T450. Arendt, 1983d, p. 92. Webster, 1986, p. 199. Webster, 1988, p. 110.  
**IBEROCRINUS** Sieverts-Doreck, 1951b, p. 105, Fig. 1. \**I. multibrachiatus* Sieverts-Doreck, 1951. Ubaghs, 1953, p. 739. Webster, 1973, p. 155. Strimple, 1976d, p. 631. Ubaghs in Moore and Teichert, 1978, p. T450. Webster, 1986, p. 199.  
 Named, currently recognized species based on cups or crowns: 4 Pennsylvanian

species, 2 Morrowan, 1 Bashkirian – Westphalian, 1 Desmoinesian  
Pennsylvanian, Morrowan - Desmoinesian. United States  
Pennsylvanian, middle or late Namurian - Westphalian. Spain

\**Megaliocrinus aplatus* Moore and Laudon, 1942, p. 68, figs. 1-3. Moore and Strimple, 1973, p. 40, Pl. 3, figs. 4a-4b. Webster, 1973, p. 168. Webster, 1977, p. 108. Ubaghs *in* Moore and Teichert, 1978, p. T450, Fig. 258, no. 3. Webster, 1986, p. 199.

Pennsylvanian, Morrowan. United States, Oklahoma

*Megaliocrinus bolli* Strimple, 1976d, p. 636, Figs. 1, nos. A-B; 3, nos. C-E. Webster, 1986, p. 199.

\**Iberocrinus multibrachiatus* Sieverts-Doreck, 1951b, p. 109, p. 8, figs. 1, 2; Figs. 2, no. d; 3. Breimer, 1962a, p. 75, Pl. 8, figs. 1-4. Webster, 1973, p. 155. Strimple, 1976d, p. 636. Ubaghs *in* Moore and Teichert, 1978, p. T450, Fig. 258, no. 2. Webster, 1986, p. 199.

**Note.** the specific name *multibrachiatus* has priority if the reassignment of *Iberocrinus multibrachiatus* is correct., GDW.

Pennsylvanian, middle or late Bashkirian, Westphalian, Perapertu Formation, Puma Member; Cotarazzo Limestone. Spain

*Megaliocrinus exotericus* Strimple, 1951c, p. 14, Pl. 3, figs. 5-8. Webster, 1973, p. 168. Pennsylvanian, Morrowan, Brentwood Limestone. United States, Oklahoma

*Megaliocrinus johnsoni* Strimple, 1975b, p. 119, Fig. 1, nos. a-c. Webster, 1986, p. 200.

Pennsylvanian, Desmoinesian, Cherokee Group. United States, Illinois

*Megaliocrinus?* sp. Webster et al., 2004, p. 19, Pl. 1, fig. 13.

Mississippian, Serpukhovian, E2, Ain e Mizab Formation, Mouizeb el Atchane Member. Algeria

**MEGANOTOCRINUS** Willink, 1979. \**Phialocrinus? princeps* Etheridge, 1892.

Sbc. Cladida, Inf. Articulata, O. Ampelocrinida, F. Tribachyocrinidae  
Willink, 1979b, p. 185, Fig. 16, no. B. Webster, 1986, p. 199.

Named, currently recognized species based on cups or crowns: 3 Permian species,  
1 Artinskian – Roadian, 2 Roadian

Middle - Late Permian, late Artinskian - Roadian. Australia, New South Wales

*Meganotocrinus konincki* (Clarke *in* de Koninck, 1877-78). Willink, 1979b, p. 187. Webster, 1986, p. 200.

*Cyathocrinus konincki* Clarke *in* de Koninck, 1877-78, p. 164, Pl. 6, figs. 4-4b; Unnum. Fig. de Koninck, 1898, p. 1254, Pl. 6, figs. 4-4c; Unnum. fig. p. 125. Bassler and Moodey, 1943, p. 609. Branson, C. C., 1948, p. 178. Willink, 1979b, p. 187. Webster, 1986, p. 200.

*Phialocrinus konincki* (Clarke *in* de Koninck, 1876-77). Etheridge, 1892, p. 107, Pl. 16, figs. 1-4. Bassler and Moodey, 1943, p. 609. Branson, C. C., 1948, p. 178.

*Phialocrinus? konincki* (Clarke *in* de Koninck, 1876-77). Bassler and Moodey, 1943,

p. 608. Willink, 1979b, p. 187. Webster, 1986, p. 200.  
*Aesiocrinus konincki* (Clarke in de Koninck, 1876-1877). Branson, C. C., 1948, p. 178. Willink, 1979b, p. 187. Webster, 1986, p. 200.  
*Pentadia corona* Dana, 1847, p. 152, Pl. 10, figs. 10-10a (non figs. 11-12). Bassler and Moodey, 1943, p. 596. Branson, C. C., 1948, p. 178.  
*Pentadia spatangus* Dana, 1847, p. 152. Bassler, 1938, p. 148. Bassler and Moodey, 1943, p. 596 (considered unrecognizable). Branson, C. C., 1948, p. 178.  
 Permian, Roadian, Nowra Grit. Australia, New South Wales

\**Meganotocrinus princeps* (Etheridge, 1892). Willink, 1979b, p. 186, Pls. 12, figs. 1-5; 13, figs. 1-7; Fig. 16, no. A. Webster, 1986, p. 200. Webster and Jell, 1999b, p. 331, Fig. 31.  
*Phialocrinus? princeps* Etheridge, 1892, p. 110, Pls. 17, fig. 1; 18, fig. 1; 22, fig. 5. Bassler and Moodey, 1943, p. 609. Branson, C. C., 1948, p. 178. Willink, 1979b, p. 186. Webster, 1986, p. 200.  
*Aesiocrinus princeps* (Etheridge, 1892). Branson, C. C., 1948, p. 178. Willink, 1979b, p. 186. Webster, 1986, p. 200.  
 Permian, late Artinskian - Roadian, Branxton Formation; Berry Formation; Nowra Sandstone; Gerringong Volcanics. Australia, New South Wales

*Meganotocrinus tuberculatus* Willink, 1979b, p. 188, Pl. 13, fig. 8. Webster, 1986, p. 200.  
 Permian, Roadian, interfingering beds of Berry Formation and Gerringong Volcanics. Australia, New South Wales

**MEGARADIALOCRINUS** Chen and Yao, 1993. \**M. conicus* Chen and Yao, 1993, OD.

Sbc. Camerata, O. Monobathrida, Sbc. Compsocrinina, Spf. Hexacrinitoidea, F. Hexacrinitidae

Chen and Yao, 1993, p. 56, 90, Fig. 31 (typographical error as *Megaradialoerinus* p. 90). Webster, Waters and Chen, 2009, p. 142. Bohatý, 2010, p. 30.

**SUBHEXACRINITES** Hauser, 2004c, p. 19. \**Subhexacrinites rommersheimensis* Hauser, 1997. Hauser, 2004c, p. 19, Pl. 1, figs. 2a-2b; figs. 13-16. Bohatý, 2010, p. 30.

Named, currently recognized species based on cups or crowns: 61 species. 1 Silurian, Niagaran; 60 Devonian, 1 Lochkovian, 1 Lochkovian – Emsian, 1 Pragian – Emsian, 1 Emsian, 3 Early Devonian series undesignated, 1 Emsian – Givetian, 2 Eifelian, 10 Eifelian – Givetian, 1 Eifelian or Givetian, 5 Middle Devonian series undesignated, 1 Eifelian – Frasnian, 21 Givetian, 11 Frasnian, 2 Famennian

Silurian, Niagaran. United States, Oklahoma, Tennessee

Early Devonian, series not designated. Russia, Kutznez Basin

Devonian, Lochkovian. Australia

Devonian, Pragian – Emsian. Czech Republic, Bohemia

Middle Devonian, series not given. Russia, Urals

Devonian, Eifelian or Givetian. China, Yunnan Province, Kwangsi Province

Devonian, Eifalian – Givetian. Australia, Queensland

Devonian, Eifelian, Givetian = Frasnian. Germany  
 Devonian, Eifelian – Givetian, Famennian. United Kingdom  
 Devonian, Givetian. Morocco  
 Devonian, Givetian, Frasnian. United States, Iowa  
 Devonian, Frasnian. France, Belgium  
 Devonian, Frasnian. Canada, Northwest Territories  
 Devonian, Famennian. Iran

?*Megaradialocrinus aberrans* (Whidborne, 1889). Bohatý, 2010, p. 30.

*Platycrinus aberrans* Whidborne, 1889, p. 79. Bassler and Moodey, 1943, p. 507.

*Hexacrinus? aberrans* Whidborne, 1889, p. 199, Pls. 23, fig. 3; 25, figs. 2, 2c.

Named, currently recognized species based on cups or crowns: 36 species, 4  
subspecies. 35 Devonian, 1 Pragian – Emsian, 3 Emsian, 10 Eifelian – Givetian  
(+3 subspecies); 20 Givetian, 1 Famennian; 2 Mississippian, 1 Tournaisian, 1  
Viséan (+1 subspecies)

Devonian, Emsian - Mississippian, Viséan (Osagean). North America

Mississippian, early Viséan. United Kingdom

Devonian, Pragian - Emsian. New Zealand, Germany

*Megistocrinus abnormis* (Lyon, 1857). Shumard, 1868, p. 380. Miller, S. A., 1889, p.  
260. Wood, E., 1904, p. 63, Pl. 15, fig. 5. Grabau and Shimer, 1910, p. 538.  
Bassler and Moodey, 1943, p. 549.

*Actinocrinus abnormis* Lyon, 1857, p. 479, Pl. 4, figs. 1a-1b. Shumard, 1868, p.  
380. Miller, S. A., 1889, p. 217. Bassler and Moodey, 1943, p. 549.

?*Megistocrinus abnormis* (Lyon, 1857). Wachsmuth and Springer, 1897, p. 546, Pl. 49, figs. 1a-1c. Bassler and Moodey, 1943, p. 549.  
Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Kentucky, Indiana

?*Megistocrinus abnormis* (Lyon, 1857) = *Megistocrinus abnormis*

*Megistocrinus?* *bifrons* Schmidt, 1932 = *Pyxidocrinus?* *bifrons*

*Megistocrinus brevicornis* (Hall, 1858) = *Megistocrinus evansii*

*Megistocrinus broadheadi* Branson and Wilson, 1922, p. 65, Pl. 8, figs. 5-7. Bassler and Moodey, 1943, p. 550. Branson, E. B., 1944, p. 130, Pl. 21, fig. 4. Webster, 1973, p. 169.  
Devonian, late Givetian, Mineola Limestone. United States, Missouri

*Megistocrinus christyi* (Hall, 1865) = *Periechocrinus whitfieldi*

*Megistocrinus circulus* Rowley, R. R., 1904b, p. 181, Pl. 54, figs. 2-4. Bassler and Moodey, 1943, p. 550.  
Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana

*Megistocrinus clarkei* Thomas, A. O., 1924, p. 449, Pls. 40, figs. 1-8; 46, fig. 9, Fig. 70. Bassler and Moodey, 1943, p. 550.  
Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa

*Megistocrinus concavus* Wachsmuth, 1885, p. 20 (adv. pub.). Wachsmuth, 1886, p. 96.  
Miller, S. A., 1889, p. 260. Wachsmuth and Springer, 1897, p. 543, Pl. 48, figs. 5a-5c. Thomas, A. O., 1924, Pl. 389, fig. 8. Bassler and Moodey, 1943, p. 550. Moore and Laudon, 1944, p. 191, Pl. 75, fig. 12. Webster, 1973, p. 169.  
Devonian, late Givetian, Traverse Group, Thunder Bay Limestone. United States, Michigan

*Megistocrinus corniger* Rowley, R. R., 1901b, p. 71, Pl. 24, figs. 1-4. Rowley, R. R., 1903d, p. 145, Pl. 42, figs. 8, 10-12. Bassler and Moodey, 1943, p. 550.  
Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana

*Megistocrinus crassus* White, 1862 = *Megistocrinus evansii* var. *crassus* = *M. evansii* *crassus*

*Megistocrinus depressus* (Hall, 1862). Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Wachsmuth and Springer, 1897, p. 540, Pl. 49, figs. 2-4d. Grabau and Shimer, 1910, p. 538. Goldring, 1923, p. 226, Pl. 33. Bassler and Moodey, 1943, p. 550. Moore and Laudon, 1942, p. 74, Fig. 4, no. F. Goldring, 1945, p. 61. Webster, 1973, p. 169.

*Actinocrinus* (*Megistocrinus*) *depressus* Hall, 1862a, p. 106. Hall, 1862b, p. 134. Bassler and Moodey, 1943, p. 550.

*Actinocrinus pocillum* Hall, 1862a, p. 106. Hall, 1862b, p. 134. Shumard, 1868, p. 347. Miller, S. A., 1889, p. 219. Bassler and Moodey, 1943, p. 550.

*Gennaeocrinus pocillum* (Hall, 1862). Miller, S. A., 1889, p. 247.

Devonian, Eifelian - Givetian, Moscow Shale; Tully Limestone; Tichenor Limestone; Wanakah Shale; Widder Shale; Sellersburg Limestone; Columbus Limestone. United States, New York, Ohio, Indiana; Canada, Ontario

*Megistocrinus* sp. cf. *M. depressus* Hall, 1862. Fraunfelder, 1974, p. 13, Pl. 1, fig. 17. Webster, 1986, p. 200.

Devonian, Givetian, Lingle Limestone. United States, Missouri

*Megistocrinus devonicus* Charlesworth, 1914, p. 337, Pl. 29, fig. 1; Fig. 2.

Devonian, Givetian, Riffkalkes. Germany, Eastern Alps

*Megistocrinus evansi* (Owen and Shumard, 1850) = *Megistocrinus evansii*

\**Megistocrinus evansii* (Owen and Shumard, 1850). Owen and Shumard, 1852, p. 594, Pl. 5a, figs. 3a-3b. Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260; Keyes, 1894a, p. 167, Pl. 22, fig. 5. *Actinocrinus evansii* Owen and Shumard, 1850, p. 68, Pl. 7, figs. 3a-3b. Shumard, 1868, p. 380. Miller, S. A., 1889, p. 218. Weller, S., 1898c, p. 347. Bassler and Moodey, 1943, p. 550.

*Actinocrinus brevicornis* Hall, 1858c, p. 571, Pl. 10, figs. 4a-4b; Fig. 81. Shumard, 1868, p. 342. Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 347. Bassler and Moodey, 1943, p. 550.

*Megistocrinus brevicornis* (Hall, 1858). Miller, S. A., 1889, p. 260.

*Actinocrinus minor* Hall, 1858c, p. 573. Shumard, 1868, p. 345. Miller, S. A., 1889, p. 219. Weller, 1898c, p. 347. Bassler and Moodey, 1943, p. 550.

*Actinocrinus superlatus* Hall, 1858c, p. 572, Fig. 82. Shumard, 1868, p. 348. Miller, S. A., 1889, p. 220. Weller, S., 1898c, p. 347. Bassler and Moodey, 1943, p. 550.

*Megistocrinus parvirostris* Meek and Worthen, 1870a, p. 165. Meek and Worthen, 1873, p. 396, Pl. 6, fig. 7. Miller, S. A., 1889, p. 260. Weller, S., 1898c, p. 347. Bassler and Moodey, 1943, p. 550.

*Megistocrinus plenus* White, C. A., 1862 (adv. pub.). White, C. A., 1865, p. 16. Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Weller, S., 1898c, p. 347. Bassler and Moodey, 1943, p. 551.

Undesignated Moore, 1939b, p. 231, Fig. 11, no. 5.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone, Lake Valley Limestone. United States, Iowa, New Mexico

*Megistocrinus evansii crassus* White, 1862. Bassler and Moodey, 1943, p. 551.

*Megistocrinus crassus* White, C. A., 1862 (adv. pub.). White, C. A., 1865, p. 17. Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Weller, S., 1898c, p. 347. Bassler and Moodey, 1943, p. 551.

*Megistocrinus evansii* var. *crassus* White, 1862. Weller, S., 1898c, p. 347. Wachsmuth and Springer, 1897, p. 536.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa

*Megistocrinus evansii* var. *crassus* White, 1862 = *Megistocrinus evansii crassus*

*Megistocrinus expansus* Miller and Gurley, 1894a, p. 35, Pl. 3, figs. 18-21. Miller, S. A., 1897, p. 748. Rowley in Greene, 1901, p. 74, Pl. 24, figs. 14-16. Rowley in Greene, 1903c, p. 160, Pls. 47, figs. 11-13; 48, figs. 7-9, 13-15. Bassler and Moodey, 1943, p. 551.

Devonian, Eifelian - Givetian, Sellersburg Limestone, Alpena Limestone. United States, Kentucky, Indiana, Michigan

*Megistocrinus expansus inflatus* Rowley, R. R., 1901b, p. 72, Pl. 24, figs. 5-7. Bassler and Moodey, 1943, p. 551.

Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana

*Megistocrinus expansus magniventrus* Rowley, R. R., 1903a, p. 103, Pl. 32, figs. 19-21. Rowley, R. R., 1903d, p. 141, Pl. 41, figs. 4-6. Bassler and Moodey, 1943, p. 551.

Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana

*Megistocrinus farnsworthi* Wachsmuth and Springer, 1897 (*non* White, 1876) = *Megistocrinus robustus*

*Megistocrinus farnsworthi* White, C. A., 1876, p. 22 (adv. pub.). White, C. A., 1877, p. 29. Miller, S. A., 1889, p. 260. Clarke, 1909b, p. 164, Unnum. Fig. Clarke, 1921b,

p. 71, Fig. 58. Thomas, A. O., 1924, p. 444, Pl. 38, figs. 6-12; Fig. 69. Bassler and Moodey, 1943, p. 551.

Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa

*Megistocrinus fitzpatricki* Thomas, A. O., 1924, p. 448, Pls. 39, figs. 6-7; 46, figs. 10-11. Bassler and Moodey, 1943, p. 551.

Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa

*Megistocrinus globosus* (Phillips, 1836) = *Mcoyocrinus globosus*

*Megistocrinus globosus?* (Phillips, 1836), Wright, 1955 (part) = *Clitheroecrinus wrighti*

*Megistocrinus hemisphericus* Miller and Gurley, 1895b, p. 44, Pl. 2, figs. 18-20. Miller, S. A., 1897, p. 748. Rowley R. R., 1903b, p. 145, Pl. 42, fig. 9. Bassler and Moodey, 1943, p. 551.

Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana

- Megistocrinus indianensis* Miller and Gurley, 1896a, p. 27, Pl. 2, figs. 1-3. Miller, S. A., 1897, p. 748. Bassler and Moodey, 1943, p. 551.  
Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana
- Megistocrinus infelix* Winchell and Marcy, 1865 = *Saccocrinus infelix* = *Periechocrinites infelix* = *Periechocrinus infelix*
- Megistocrinus knappi* (Lyon, 1862). Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Bassler and Moodey, 1943, p. 551.  
*Megistocrinus knappi* Lyon, 1862, p. 412, Pl. 4, figs. 6a-6b.  
Devonian, Emsian, Jeffersonville Limestone. United States, Indiana
- Megistocrinus latus* (Hall, 1858). Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Wachsmuth and Springer, 1897, p. 538, Pl. 48, figs. 3a-3b. Thomas, A. O., 1924, p. 452, Pls. 41, fig. 1; 45, fig. 3. Bassler and Moodey, 1943, p. 551.  
*Actinocrinus (Megistocrinus) latus* Hall, 1858c, p. 480, Pl. 1, figs. 1a-1b; Fig. 53.  
Bassler and Moodey, 1943, p. 551.  
Devonian, late Givetian, Cedar Valley Limestone, Alpena Limestone. United States, Iowa, Michigan
- Megistocrinus marcouanus* Winchell and Marcy, 1865 = *Saccocrinus marcouanus* = *Periechocrinites marcouanus* = *Periechocrinus marcouanus*
- Megistocrinus merrilli* Thomas, A. O., 1924, p. 455, Pl. 45, fig. 7. Bassler and Moodey, 1943, p. 552.  
Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa
- Megistocrinus mineolaensis* Branson and Wilson, 1922, p. 66, Pl. 6, fig. 2-4.  
Bassler and Moodey, 1943, p. 552. Branson, E. B., 1944, p. 130, Pl. 21, fig. 9.  
Webster, 1973, p. 169.  
Devonian, late Givetian, Mineola Limestone. United States, Missouri
- Megistocrinus missouriensis* Branson and Wilson, 1922, p. 66, Pls. 6, fig. 1; 8, figs. 1-2. Bassler and Moodey, 1943, p. 552. Branson, E. B., 1944, p. 130, Pl. 21, figs. 15-17. Webster, 1973, p. 169.  
Devonian, late Givetian, Mineola Limestone. United States, Missouri
- Megistocrinus multidecoratus* (Barris, 1885). Wachsmuth and Springer, 1897, p. 542, Pl. 49, fig. 6. Bassler and Moodey, 1943, p. 552.  
*Megistocrinus nodosus* var. *multidecoratus* Barris, 1885, p. 24 (adv. pub.). Barris, 1886, p. 99, Pl. 2, figs. 3-4. Miller, S. A., 1889, p. 260. Bassler and Moodey, 1943, p. 552.  
Devonian, late Givetian, Traverse Group, Thunder Bay Limestone. United States, Michigan
- Megistocrinus necis* Winchell and Marcy, 1865 = *Periechocrinites necis* = *Periechocrinus necis*

*Megistocrinus nobilis* Wachsmuth and Springer in Miller, S. A., 1889, p. 260 (*nomen nudum*). Wachsmuth and Springer in Miller, S. A., 1890, p. 169, Pl. 16, figs. 6-7. Wachsmuth and Springer in Miller, S. A., 1897, p. 537, Pls. 47, figs. 6-8b; 51, fig. 8. Weller, S., 1898c, p. 347. Grabau and Shimer, 1910, p. 539, Fig. 1868. Laudon and Beane, 1937, p. 246, Pl. 16, fig. 1. Bassler and Moodey, 1943, p. 552. Moore and Laudon, 1943b, p. 139, Pl. 10, fig. 8. Moore and Laudon, 1944, p. 191, Pl. 75, fig. 9. Priest, 1967, Unnum. Fig. p. 410. Webster, 1973, p. 169. Webster, 1977, p. 109. Ubaghs in Moore and Teichert, 1978, p. T446, Fig. 225, no. 1c. Wolf, 1979, p. 151, Fig. 2, no. f. Webster, 1986, p. 201.

Mississippian, Tournaisian (Kinderhookian), Hampton Formation. United States, Iowa

*Megistocrinus nodosus* Barris, 1878, p. 285, Pl. 11, fig. 4. Barris, 1885, p. 23 (adv. pub.). Barris, 1886, p. 98, Pls. 1, fig. 8; 2, fig. 2. Miller, S. A., 1889, p. 260. Wachsmuth and Springer, 1897, p. 541, Pl. 49, figs. 5a-5b. Bather in Lankester, 1900, p. 128, Fig. 42. Delage and Herouard, 1903, p. 385, Fig. 472. Thomas, A. O., 1924, p. 454, Pl. 41, figs. 2-4. Bassler and Moodey, 1943, p. 552. Moore and Laudon, 1944, p. 191, Pl. 75, fig. 10. Webster, 1973, p. 169. Ubaghs in Moore and Teichert, 1978, p. T181, Fig. 154, no. 4. Webster, 1986, p. 201.

Devonian, late Givetian, Cedar Valley Limestone; Traverse Formation, Thunder Bay Limestone. United States, Iowa, Michigan

*Megistocrinus nodosus* var. *multidecoratus* Barris, 1885 = *Megistocrinus multidecoratus*

*Megistocrinus novus* (Wood, 1904). Bassler and Moodey, 1943, p. 552.

*Tylocrinus novus* Wood, E., 1904, p. 60, Pl. 16, figs. 5-5a; Fig. 4. Bassler, 1938, p. 189. Bassler and Moodey, 1943, p. 552.

Devonian, late Givetian, Traverse Group, Thunder Bay Limestone. United States, Michigan

*Megistocrinus olliculus* (Hall, 1861) = *Aryballocrinus whitei*

*Megistocrinus ontario* (Hall, 1862). Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Goldring, 1923, p. 234, Pl. 34. Bassler and Moodey, 1943, p. 552.

*Actinocrinus (Megistocrinus) ontario* Hall, p. 1862a, p. 108. Hall, 1862b, p. 136. Bassler and Moodey, 1943, p. 552.

Devonian, late Givetian, Moscow Shale, Tichenor Limestone. United States, New York

*Megistocrinus oppelti* Rowley, R. R., 1903c, p. 135, Pl. 39, fig. 5. Bassler and Moodey, 1943, p. 552.

Devonian, Emsian, Jeffersonville Limestone. United States, Ohio

*Megistocrinus ornatus* Miller and Gurley, 1895b p. 42, Pl. 2, figs. 15-17. Miller, S. A., 1897, p. 748. Bassler and Moodey, 1943, p. 552.

Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana

- Megistocrinus parvirostris* Meek and Worthen, 1870 = *Megistocrinus evansii*
- Megistocrinus parvus* Wachsmuth and Springer in Miller, 1889 = *Aryballocrinus parvus*
- Megistocrinus pernodosus* Thomas, A. O., 1924, p. 456, Pl. 41, figs. 5-23; Fig. 71.  
Laudon, 1936, p. 61, Figs. 1-2. Bassler and Moodey, 1943, p. 553.  
Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa
- Megistocrinus* sp. cf. *M. pernodosus* Thomas, 1924. Fraunfelter, 1974, p. 13, Pl. 1, fig. 20. Webster, 1986, p. 201.  
Devonian, Givetian, Lingle Limestone. United States, Missouri
- Megistocrinus pileatus* Miller, 1879 = *Megistocrinus spinosulus*
- Megistocrinus plenus* White, 1862 = *Megistocrinus evansii*
- Megistocrinus reeftonensis* Prokop, 1970b, p. 41, Pls. 1-2. Webster, 1977, p. 109.  
Devonian, late Pragian – early Emsian, Reefton Group. New Zealand, South Island
- Megistocrinus regularis* Wood, E., 1904, p. 59, Pl. 15, figs. 4-4a. Bassler and Moodey, 1943, p. 553.  
Devonian, late Givetian, Traverse Group, Alpena Limestone. United States, Michigan
- Megistocrinus robustus* Thomas, A. O., 1924, p. 446, Pl. 39, figs. 1-5. Bassler and Moodey, 1943, p. 553.  
*Megistocrinus farnsworthi* Wachsmuth and Springer, 1897, p. 539, Pl. 48, figs. 4a-4b. Bassler and Moodey, 1943, p. 553.  
Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa
- Megistocrinus rugosus* Lyon and Casseday, 1859, p. 243. Shumard, 1868, p. 380.  
Miller, S. A., 1889, p. 260. Wachsmuth and Springer, 1897, p. 542, Pl. 48, figs. 6a-6c. Rowley, R. R., 1903c, p. 131, Pl. 38, figs. 1-6, 11. Kirk, 1911, Pl. 9, fig. 12. Bassler and Moodey, 1943, p. 553.  
Devonian, Eifelian - Givetian, Sellersburg Limestone; Alpena Limestone; Widder Shale; Columbus Limestone. United States, Kentucky, Indiana, Michigan, Ohio
- Megistocrinus rugosus spinuliferus* Rowley, R. R., 1903a, p. 102, Pl. 32, figs. 13-15.  
Bassler and Moodey, 1943, p. 553.  
Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana
- Megistocrinus sphaeralis* Wood, E., 1904, p. 60, Pl. 15, figs. 1a-1b; Figs. 2-3. Bassler and Moodey, 1943, p. 553.  
Devonian, late Givetian, Traverse Group, Alpena Limestone. United States, Michigan

- Megistocrinus spinosulus* Lyon, 1861, p. 413, Pl. 4, figs. 7a-7b. Wachsmuth and Springer, 1897, p. 544, Pl. 48, figs. 1a-1c. Miller, S. A., 1897, p. 748. Rowley, R. R., 1904b, p. 182, Pl. 54, fig. 56. Bassler and Moodey, 1943, p. 553.
- Megistocrinus spinulosus* Lyon, 1861. Shumard, 1868, p. 380. Miller, S. A., 1889, p. 260. Grabau and Shimer, 1910, p. 538.
- Megistocrinus pileatus* Miller, S. A., 1879b, p. 114, Pl. 10, figs. 1-1b. Miller, S. A., 1889, p. 260, Figs. 359-360. Bassler and Moodey, 1943, p. 553.
- Devonian, Emsian, Jeffersonville Limestone, Columbus Limestone. United States, Ohio
- Megistocrinus* cf. *M. spinosulus* Lyon, 1861. Haugh, 1978, p. 161, Figs. 16, no. A; 17, no. D. Webster, 1986, p. 201.
- Devonian, Givetian, Alpena Limestone. United States
- Megistocrinus spinulosus* Lyon, 1861 = *Megistocrinus spinosulus*
- Megistocrinus tuberatus* Wood, E., 1904, p. 57, Pls. 15, figs. 2a-2c; 16, fig. 3; Fig. 1. Bassler and Moodey, 1943, p. 553.
- Devonian, late Givetian, Traverse Group, Thunder Bay Limestone. United States, Indiana
- Megistocrinus unicornis* Rowley, R. R., 1901b, p. 73, Pl. 24, figs. 11-13. Bassler and Moodey, 1943, p. 553.
- Devonian, Eifelian - Givetian, Sellersburg Limestone. United States, Indiana
- Megistocrinus waliszewskii* Oehlert, 1897 = *Pithocrinus waliszewskii*
- Megistocrinus whitei* (Hall, 1861) = *Cactocrinus glans*
- Megistocrinus whitii* (Hall, 1861) = *Cactocrinus glans*
- Megistocrinus whitehalli* Laudon, 1973a, p. 449, Pl. 1, figs. 4-11; Fig. 1, nos. F-K. Webster, 1977, p. 109.
- Devonian, late Famennian, Sappington Formation. United States, Montana

*Melocrinites nodosus spinosus* (Weller, 1898). Bassler and Moodey, 1943, p. 558.  
 Hauser, 2002, Tabs. 6-7.

*Melocrinus nodosus* var. *spinosus* Weller, S., 1898a, p. 119, Pl. 14, fig. 6. Cleland,  
 1911, p. 39, Pl. 3, fig. 5. Bassler and Moodey, 1943, p. 558.  
 Devonian, late Givetian, Milwaukee Formation, Lindwurm Member. United States,  
 Wisconsin

*Melocrinites obconicus* (Hall, 1863) = *Lobomelocrinus obconicus*

*Melocrinites obconicus?* (Hall, 1863). Spreng and Parks, 1953, p. 587, Fig. 2, no. c.  
 Webster, 1977, p. 110.  
 Silurian, Niagaran. United States

*Melocrinites oblongus* (Wachsmuth and Springer, 1892). Bassler and Moodey, 1943,  
 p. 558. Hauser, 2002, Tabs. 6-7.

*Melocrinus oblongus* Wachsmuth and Springer, 1892, p. 143. Miller, S. A., 1892a,  
 p. 680. Wachsmuth and Springer, 1897, p. 300, Pl. 22, figs. 9, 12. Miller, S. A.,  
 1897, p. 748. Grabau and Shimer, 1910, p. 555. Bassler, 1915, p. 795.  
 Springer, 1926a, p. 28, Pl. 5, figs. 5-6. Bassler and Moodey, 1943, p. 558.  
 Silurian, Niagaran, Louisville Limestone; Laurel Limestone; Bob Limestone. United  
 States, Kentucky, Indiana, Tennessee

*Melocrinites obpyramidalis* (Winchell and Marcy, 1865). Bassler and Moodey, 1943,  
 p. 558. Hauser, 2002, Tabs. 6-7.

*Actinocrinus obpyramidalis* Winchell and Marcy, 1865, p. 87, Pl. 2, fig. 4. Bigsby,  
 1868, p. 18. Miller, S. A., 1889, p. 219. Bassler, 1915, p. 796. Bassler and  
 Moodey, 1943, p. 558.

*Melocrinus obpyramidalis* (Winchell and Marcy, 1865). Hall, 1865a (adv. pub.). Hall,  
 1867b, p. 390. Miller, S. A., 1889, p. 261. Weller, S., 1900, p. 97, Pl. 3, figs.  
 11-12. Bassler, 1915, p. 796. Bassler and Moodey, 1943, p. 558.

Silurian, Niagaran, Racine Dolomite. United States, Illinois

*Melocrinites obscurus* (Fraipont, 1884). Bassler and Moodey, 1943, p. 558. Hauser,  
 2002, Tabs. 6-7.

*Melocrinus obscurus* Fraipont, 1884, p. 107, Pl. 1, fig. 2 (Dewalque, ms). Bassler  
 and Moodey, 1943, p. 558.

Devonian, Frasnian. Belgium

*Melocrinites occidentalis* (Oehlert, 1882). Bassler and Moodey, 1943, p. 558. Le Menn, 1985, p. 63, Pl. 11, figs. 5-6; Fig. 24. Webster, 1988, p. 110. Hauser, 2002, Tabs. 6-7.

*Melocrinus occidentalis* Oehlert, 1882, p. 357, Pl. 8, fig. 4; Unnum. fig. Bassler and Moodey, 1943, p. 558.

Devonian, Lochkovian - Pragian, Saint-Cenere Formation. France, Armorican Massif

*Melocrinites oehlerti* (Wachsmuth and Springer, 1885). Bassler and Moodey, 1943, p. 558. Hauser, 2002, Tabs. 6-7.

*Melocrinus oehlerti* Wachsmuth and Springer, 1885, p. 105 (327). Bassler and Moodey, 1943, p. 558

*Melocrinus verneuili* Oehlert, 1882, p. 358, Pl. 8, fig. 5. Bassler and Moodey, 1943, p. 558.

Early Devonian, series not given. France

*Melocrinites onondaga* (Springer, 1926). Bassler and Moodey, 1943, p. 558. Hauser, 2002, Tabs. 6-7.

*Melocrinus onondaga* Springer, 1926a, p. 28, Pl. 5, fig. 4. Bassler and Moodey, 1943, p. 558.

Devonian, Emsian, Onondaga Limestone. United States, Ohio

*Melocrinites ornatus* (Goldring, 1936). Bassler and Moodey, 1943, p. 558. Hauser, 2002, Tabs. 6-7.

*Melocrinus ornatus* Goldring, 1936, p. 17, Pl. 7, fig. 1. Bassler and Moodey, 1943, p. 558.

Devonian, early Givetian, Skaneateles Shale, Berwyn Member. United States, New York

*Melocrinites pachydactylus* (Conrad, 1841) = *Ctenocrinus pachydactylus*

*Melocrinites parvus* (Wachsmuth and Springer, 1892). Hauser, 1999, p. 51, Pls. 12, figs. 1, 3; 18, fig. 5. Hauser, 2002, p. 38, Fig. 26; Tabs. 6-7.

*Melocrinus parvus* Wachsmuth and Springer, 1892, p. 144. Wachsmuth and Springer, 1897, p. 303, Pl. 22, fig. 8. Bergounioux, p. 85, Pl. 6, figs. 3-4, Fig. 3. Hauser, 1999, p. 51.

Devonian, Frasnian (F2i), Neuville Formation. France and Belgium Ardenne

*Melocrinites* cf. *parvus* (Wachsmuth and Springer, 1892). Hauser, 1999, p. 51, Pls. 12, fig. 2.

Devonian, Frasnian (F2i), Neuville Formation. Ardenne

*Melocrinites* aff. *parvus* (Wachsmuth and Springer, 1892). Hauser, 1999, p. 51, Pl. 12, figs. 4-5.

Devonian, Frasnian (F2i), Neuville Formation. Ardenne

- Melocrinites* sp. indet. aff. *M. parvus* (Wachsmuth and Springer, 1892). Hauser, 1999, p. 51, Pl. 17, fig. 3.  
Devonian, Frasnian (F2i), Neuville Formation. Ardenne
- Melocrinites paucidactylus* (Hall, 1859) = *Ctenocrinus paucidactylus*
- Melocrinites pentangularis* (Cleland, 1911). Bassler and Moodey, 1943, p. 558. Hauser, 2002, Tabs. 6-7.  
*Melocrinus pentangularis* Cleland, 1911, p. 41, Pl. 3, fig. 10. Bassler and Moodey, 1943, p. 558.  
Devonian, late Givetian, Milwaukee Formation. United States, Wisconsin
- Melocrinites pergrandis* Dubatolova, 1964, p. 47, Pls. 5, figs. 8-9; 6, figs. 2-4; 7, fig. 1; Fig. 6. Webster, 1977, p. 110. Hauser, 2002, Tabs. 6-7.  
Devonian, Frasnian. Russia, Kuznetz Basin
- Melocrinites plumosus* (Hall, 1859). Kesling, 1964a, p. 92. Webster, 1973, p. 172. Hauser, 2002, Tabs. 6-7.  
*Mariacrinus plumosus* Hall, 1859b, p. 110, Pl. 5, figs. 6-11. Shumard, 1868, p. 380. Bigsby, 1868, p. 21. Miller, S. A., 1889, p. 260. Wachsmuth and Springer, 1897, p. 284, Pl. 23, figs. 6-7. Goldring, 1923, p. 109, Pl. 5, figs. 1-2. Kirk, 1929d, p. 342. Bassler and Moodey, 1943, p. 381. Kesling, 1964a, p. 92. Webster, 1973, p. 172.  
Devonian, Lochkovian, Coeymans Limestone. United States, New York
- Melocrinites postgibbosus* Hauser, 2002, p. 33, Pl. 2, figs. 1-1a; Fig. 19; Tabs. 6-7.  
Devonian, latest Frasnian, Budesheim Formation. Belgium
- Melocrinites powelli* (Goldring, 1923). Bassler and Moodey, 1943, p. 559. Goldring, 1945, p. 62, Pl. 1, fig. 5. Webster, 1973, p. 172. Hauser, 2002, Tabs. 6-7.  
*Melocrinus powelli* Goldring, 1923, p. 142, Pl. 15, fig. 6. Goldring, 1935b, p. 365, Pls. 25, figs. 3-4; 26, fig. 1. Bassler and Moodey, 1943, p. 559.  
Devonian, middle Givetian, Moscow Shale. United States, New York
- Melocrinites? prodigiosus* Hauser, 1999, p. 52, Pl. 13, figs. 1-5; Fig. 22. Hauser, 2002, Tabs. 6-7.  
Devonian, Frasnian (F2i), Neuville Formation. France and Belgium Ardenne
- Melocrinites? prodigiosus sphaericus* Hauser, 1999, p. 54, Pl. 14, fig. 1. Hauser, 2002, Tabs. 6-7.  
Devonian, Frasnian (F2i), Neuville Formation. France and Belgium Ardenne
- ?*Melocrinites prostellaris* (Frech, 1914). New Combination Webster, 2003. Hauser, 2002, Tabs. 6-7.

*Melocrinus prostellaris* Frech msc in Charlesworth, 1914, p. 339, Pl. 29, fig. 2; Fig. 3.

Devonian, Givetian, Riffkalkes. Germany, Eastern Alps

*Melocrinites pulcher* (Spreistersbach, 1919). Schmidt, W. E., 1942, p. 88, Pl. 20, fig. 2; Fig. 25, nos. a-f. Bassler and Moodey, 1943, p. 559. Ubaghs, 1958b, p. 297, Fig. 17, no. E. Webster, 1973, p. 172. Ubaghs in Moore and Teichert, 1978, p. T140, Fig. 112, no. 4. Webster, 1986, p. 202. Hauser, 2002, Tabs. 6-7.

*Melocrinus pulcher* Spreistersbach, 1919, p. 440, Pls. 24, figs. 1-7; 25, figs. 1-7; Figs. 1-3. Bassler and Moodey, 1943, p. 559.

Devonian, Eifelian, *Cultrijugatus* Biozone. Germany

*Melocrinites pulcher anulifera* (Spreistersbach, 1919). Schmidt, W. E., 1942, p. 89, Fig. 25, no. g. Bassler and Moodey, 1943, p. 559. Webster, 1973, p. 172.

*Melocrinus pulcher* var. *anulifera* Spreistersbach, 1919, p. 447, Pl. 25, fig. 8. Bassler and Moodey, 1943, p. 559.

Middle Devonian, series not given. Germany

*Melocrinites pulvinatus* (Luttig, 1951) = *Ctenocrinus pulvinatus*

*Melocrinites pyramidalis* Goldfuss, 1839, p. 339, Pl. 31, fig. 1. Bassler and Moodey, 1943, p. 559. Hauser, 2001, Pl. 27, fig. 6. Bohatý, 2009b, p. 1570, Figs. 4-5.

*Melocrinus pyramidalis* (Goldfuss, 1839). d'Orbigny, 1850, p. 103. Dujardin and Hupé, 1862, p. 145. Schultze, 1866, p. 66 (adv. pub.). Schultze, 1867, p. 178, Pl. 6, fig. 5. Bassler and Moodey, 1943, p. 559. Hauser, 1997, p. 168, Pl. 59, figs. 4, 6.

Devonian, Givetian, Eifelian, Lough Formation. Germany; Frasnian: Belgium

*Melocrinites pyramidalis* (Ubaghs, 1945) (*non* Goldfuss, 1839) = *Ctenocrinus pyramidalis*

*Melocrinites* aff. *pyramidalis* (Goldfuss, 1838). Hauser, 1997, Pl. 59, fig. 5.

Devonian, Givetian, Lough Formation. Germany

*Melocrinites reticularis* (Olsson, 1912). Bassler and Moodey, 1943, p. 559. Hauser, 2001, Pl. 27, fig. 6. Bohatý, 2009b, p. 1570, Figs. 4-5.

*Melocrinus reticularis* Olsson, 1912, p. 31, Pl. 7, fig. 1. Goldring, 1923, p. 137, Pl. 15, fig. 1. Bassler and Moodey, 1943, p. 559.

Devonian, Frasnian, Ithaca beds. United States, New York

*Melocrinites rhenanoides* (Schmidt, 1942) = *Ctenocrinus rhenanoides*

*Melocrinites rhenanoides demissa* (Schmidt, 1942) = *Ctenocrinus rhenanoides demissa*

*Melocrinites rhenanus* (Follmann, 1887) = *Ctenocrinus rhenanus*

*Melocrinites rhenanus multiplex* (Schmidt, 1942) = *Ctenocrinus rhenanus multiplex*

*Melocrinites rhenanus simplex* (Schmidt, 1942) = *Ctenocrinus rhenanus simplex*

*Melocrinites rhenanus ulcifer* (Schmidt, 1942) = *Ctenocrinus rhenanus ulcifer*

*Melocrinites rigidus* (Angelin, 1878) = *Cyliocrinus rigidus*

*Melocrinites roemeri* (Wachsmuth and Springer, 1897) = *Cytocrinus laevis*

*Melocrinites* cf. *roemeri* (Wachsmuth and Springer, 1897). Hauser, 2002, Pls. 5, figs. 4-4a; 10, fig. 5.

Late Devonian, series not given. locality not given

*Melocrinites rotundatus* (Schultze, 1866). Bassler and Moodey, 1943, p. 559. Hauser, 2001, p. 22, 53, Pl. 11, figs. 1-1a; Fig. 36. Hauser, 2002, p. 38, Pl. 1, figs. 3-3a; Fig. 27; Tabs. 6-7.

*Melocrinus rotundatus* Schultze, 1866, p. 67 (adv. pub.). Schultze, 1867, p. 179, Pl. 6, fig. 2. Bassler and Moodey, 1943, p. 559. Hauser, 1997, p. 169.  
Devonian, Givetian, Loogh Formation. Germany

*Melocrinites rotundatus sphaericus* Hauser, 2002, p. 40, Pls. 1, figs. 2-2a; 2, figs. 2-2b; Fig. 29; Tabs. 6-7.

Devonian, latest Frasnian, Budesheim Formation. Belgium

*Melocrinites rugosus* (Trenkner, 1867). Hauser, 1999, p. 56, Pl. 14, fig. 4; Fig. 23.  
Hauser, 2002, p. 42, Pls. 6, fig. 5; 7, fig. 4; Figs. 15, 31-32; Tabs. 6-7.

*Actinocrinus rugosus* Trenkner, 1867, p. 28, Pl. 4, fig. 62a-62b. Bassler and Moodey, 1943, p. 556. Hauser, 1999, p. 56.

*Melocrinus dewalquei* von Koenen, 1886, p. 109, Pl. 2, figs. 4a-4c. Bassler and Moodey, 1943, p. 555. Hauser, 1999, p. 56.

*Melocrinites dewalquei* (von Koenen, 1886). Bassler and Moodey, 1943, p. 555.

*Melocrinus hieroglyphicus* Fraipont, 1883, p. 45, Pls. 2-3; 4, figs. 1-5; Unnum. Fig. p. 44. Bassler and Moodey, 1943, p. 555.

Devonian, Frasnian (F2i), Neuville Formation. France and Belgium Ardenne

*Melocrinites* aff. *rugosus* (Trenkner, 1867). Hauser, 1999, p. 56, Pl. 14, figs. 2-3, 6.  
Hauser, 2002, Pl. 7, figs. 3-3a.

Devonian, Frasnian (F2i), Neuville Formation. Germany, Ardenne

*Melocrinites* cf. *rugosus* (Trenkner, 1867). Hauser, 1999, p. 56, Pls. 14, fig. 5; 18, fig. 2.  
Devonian, Frasnian (F2i), Neuville Formation. Ardenne

*Melocrinites rugosus* (Schmidt, 1942) = *Ctenocrinus rugosus*

*Melocrinites sculptus* Hall, 1852a, p. 228, Pl. 49-A, figs. 2a-2d. Bigsby, 1868, p. 22.  
Miller, S. A., 1889, p. 261. Bassler, 1915, p. 797. Bassler and Moodey, 1943, p. 559. Hauser, 2002, Tabs. 6-7.

- Melocrinus sculptus* (Hall, 1852). Shumard, 1868, p. 381. Miller, S. A., 1889, p. 261. Bassler, 1915, p. 797.  
Silurian, Niagaran, Rochester Shale. United States, New York
- Melocrinites separabilis* Hauser, 1999, p. 58, Pl. 15, fig. 1-3; Fig. 24. Hauser, 2002, Tabs. 6-7.  
Devonian, Frasnian (F2i), Neuville Formation. France, Ardenne
- Melocrinites signatus* (Schmidt, 1942) = *Ctenocrinus signatus*
- Melocrinites sinuosus* Hauser, 1999, p. 59, Pl. 15, fig. 4. Hauser, 2002, Tabs. 6-7.  
Devonian, Frasnian (F2i), Neuville Formation. Belgium, Ardenne
- Melocrinites solidus* Jell and Jell, 1999, p. 217, Figs. 14-17. Hauser, 2002, Tabs. 6-7.  
Devonian, late Frasnian, Virgin Hills Formation. Australia, Western Australia
- Melocrinites solus* Jell *et al.*, 1988, p. 374, Figs. 13, nos. I-L; 14, no. B. Webster, 1993, p. 78. Hauser, 2002, Tabs. 6-7.  
Devonian, Pragian (*sulcatus* Biozone), Garra Formation. Australia, Queensland
- Melocrinites spectabilis* (Angelin, 1878) = *Promelocrinus spectabilis*
- Melocrinites splendens* (Goldring, 1923). Bassler and Moodey, 1943, p. 559. Ubaghs, 1953, p. 741, Fig. 82, no f. Webster, 1973, p. 173. Ubaghs *in* Moore and Teichert, 1978, p. T144, Fig. 117, no. 6. Webster, 1986, p. 202.  
*Melocrinus splendens* Goldring, 1923, p. 144, Pl. 16, fig. 1. Bassler and Moodey, 1943, p. 559.  
Devonian, Famennian, upper part of Chemung Formation. United States, New York
- Melocrinites stellaris* (Roemer, 1851). Bassler and Moodey, 1943, p. 559. Milicina, 1977b, p. 131, Pl. 4, fig. 1. Webster, 1986, p. 202. Hauser, 1997, p. 170. Hauser, 2002, Tabs. 6-7.  
*Ctenocrinus stellaris* Roemer, C. F. *in* Bronn and Roemer, 1851, p. 254, Pl. 4, figs. 19a-19b. Roemer, C. F., 1852, p. 283, Pl. 2, figs. 2a-2c. Roemer, C. F., 1852-1854, p. 254, Pl. 4, figs. 19a-19b. Pictet, 1857, p. 322, Pl. 101, Fig. 1. Eichwald, 1860, p. 610, Pl. 32, figs. 27a-27b. Dujardin and Hupé, 1862, p. 136. Bigsby, 1868, p. 19. Bassler and Moodey, 1943, p. 559. Hauser, 2007, p. 26, Fig. 3.  
*Melocrinus stellaris* (Roemer, 1851). Schultze, 1866, p. 65 (adv. pub.). Schultze, 1867, p. 177, Pl. 6, fig. 3. Holzapfel, 1895, p. 303. Whidborne, 1895, p. 200, Pl. 23, fig. 12. Frech, 1902, Pl. 27, figs. 1a-2b. Bassler and Moodey, 1943, p. 559.  
Devonian, Eifelian - Givetian, ?Loogh Formation, Eifel Limestone: Germany; United Kingdom
- Melocrinites stellatus* Chen and Yao, 1993 (non Roemer, 1851), p. 41, Pl. 10, figs. 7-11; Fig. 21, nos. a-d. Hauser, 2002, Tabs. 6-7. Webster, Waters and Chen, 2009, p. 141, Fig. 7, nos. d-f, i-j

Devonian, early Famennian, ?upper part of Heyuanzhai Formation. China, Yunnan Province

*Melocrinites stellifer* (Follmann, 1887) = *Ctenocrinus stellifer*

*Melocrinites striatus* (Münster, 1840) = *Abatocrinus stereopes*

*Melocrinites subglobosus* (Weller, 1898). Bassler and Moodey, 1943, p. 559. Le Menn, 1988b, p. 461, Pl. 53, figs. 1-2; Fig. 2. Webster, 1993, p. 78. Hauser, 2002, Tabs. 6-7.

*Melocrinus subglobosus* Weller, S., 1898a, p. 120, Pl. 14, fig. 1. Cleland, 1911, p. 39, Pl. 3, figs. 6-7. Bassler and Moodey, 1943, p. 559.

Devonian, late Givetian - early Frasnian, Beaulieu Formation, Cambresequ Member; Milwaukee Formation, Lindwurm Member. Germany; France; United States, Wisconsin

*Melocrinites subtilistriatus* (Goldring, 1938). Bassler and Moodey, 1943, p. 560. Hauser, 2002, Tabs. 6-7.

*Melocrinus subtilistriatus* Goldring, 1938b, p. 8, Pl. 1, figs. 1-5. Bassler and Moodey, 1943, p. 560.

Late Devonian, Frasnian?. Canada, Northwest Territory

*Melocrinites sulcosutra* (Goldring, 1938) = *Melocrinites sulcosutura*

*Melocrinites sulcosutura* (Goldring, 1938). Hauser, 2002, Pls. 14, fig. 3; 15, figs. 1-1a; Tabs. 6-7.

*Melocrinus sulcosutura* Goldring, 1938b, p. 9, Pl. 1, fig. 6. Bassler and Moodey, 1943, p. 560.

*Melocrinites sulcosutra* (Goldring, 1938). Bassler and Moodey, 1943, p. 560.

*Melocrinus sulcosutra* Goldring, 1938. Bassler and Moodey, 1943, p. 560.

Late Devonian, Frasnian?. Canada, Northwest Territory

*Melocrinites tempestus* Jell *et al.*, 1988, p. 372, Figs. 13, nos. A-H; 14, no. A. Webster, 1993, p. 78. Jell, 1999c, p. 352, Fig. 1. Hauser, 2002, p. 36, Fig. 24; Tabs. 6-7.

Devonian, Givetian, Papilio Formation; Famennian?, Campwyn Volcanics. Australia, Queensland

*Melocrinites tennesseeensis* (Springer, 1926). Bassler and Moodey, 1943, p. 560. Hauser, 2002, Tabs. 6-7.

*Melocrinus tennesseeensis* Springer, 1926a, p. 27, Pl. 5, fig. 1. Bassler and Moodey, 1943, p. 560.

Silurian, Niagaran, Beech River Formation. United States, Tennessee

*Melocrinites tersus* (Rowley, 1894). Bassler and Moodey, 1943, p. 560. Webster, 1973,

p. 173. Hauser, 2002, Tabs. 6-7.

*Melocrinus tersus* Rowley, R. R., 1894, p. 151, Fig. 1. Miller, S. A., 1897, p. 748.  
 Branson, E. B. 1924, p. 60, Pl. 7, figs. 9-10. Bassler and Moodey, 1943, p. 560.

Named, currently recognized species based on cups or crowns: 8 Ordovician species, 2 Darriwilian, 1 Sandbian, 1 Sandbian – Katian, 4 Katian Ordovician, Sandbian – Katian (middle Champlainian - early Cincinnati). United States  
Middle Ordovician, Darriwilian. United Kingdom

*Merocrinus britonensis* Kolata, 1975, p. 36, Pl. 5, fig. 6; Fig. 10. Webster, 1986, p. 203. Brower, 2007, p. 108, Figs. 3, no. 3; 6, no. 4.  
Ordovician, Sandbian – Katian (Champlainian), Mifflin Formation, upper part of Briton Member. United States, Illinois

*Merocrinus corroboratus* Walcott, 1883, p. 4 (adv. pub.). Walcott, 1884, p. 210, Pl. 17, fig. 6. Miller, S. A., 1889, p. 262. Bassler, 1915, p. 800. Bassler and Moodey, 1943, p. 562. Moore and Laudon, 1944, p. 155, Pl. 53, fig. 17. Webster, 1973, p. 174.  
Ordovician, Katian (late Champlainian), Trenton Limestone. United States, New York

*Merocrinus curtus* (Ulrich, 1879). Faber, 1886, p. 19, Pl. 1, fig. 2. Miller, S. A., 1889, p. 262, Fig. 367. Bassler, 1915, p. 800. Bassler and Moodey, 1943, p. 562. Brett, Deline and McLaughlin, 2008, p. 31, Fig. 2.9, nos. 1-2. Brower, 2010, p. 635, Figs. 6.1-6.4, 7. Meyer and Davis, 2009, p. 178, Figs. 12.5, no. E; 12.10, no. A.  
*Dendrocrinus? curtus* Ulrich, E. O., 1879, p. 18, Pl. 7, fig. 14. Bassler, 1915, p. 800. Bassler and Moodey, 1943, p. 562.  
*Dendrocrinus curtus* Ulrich, 1879. Miller, S. A., 1889, p. 238.  
Ordovician, Katian (early Cincinnati), Fulton Shale. United States, Ohio, Kentucky

*Merocrinus impressus* Brower and Veinus, 1982, p. 129, Pl. 9, figs. 2, 6; Fig. 41. Webster, 1988, p. 111.  
Ordovician, Sandbian (middle Champlainian), Bromide Formation, Pooleville Member. United States, Oklahoma

*Merocrinus millanae* Ausich, Gil Cid, and Alonso, 2002, p. 987, Figs. 7.3-7.5, 8.4.

Ordovician, Darriwilian (Llandeillian), Pizarras Guindo Formation. Spain

*Merocrinus retractilis* (Walcott, 1883). Brower, 2010, p. 640, Fig. 6.5.

*Dendrocrinus retractilis* Walcott, 1883 (adv. pub.). Walcott, 1884, p. 211, Pl. 17, fig. 4. Miller, S. A., 1889, p. 239. Bassler, 1915, p. 397. Bassler and Moodey, 1943, p. 415. Brower, 2010, p. 640.

Ordovician, Katian, Rust Limestone, Spillway Member. United States, New York.  
Ordovician, Katian (Trentonian), Trenton Limestone. United States, New York

*Merocrinus salopae* Bather, 1896b, p. 71, Fig. A. Bassler and Moodey, 1943, p. 562.  
Fone, et al., 2002, p. 108, Fig. 2.

*Glyptocrinus basalis* Morton, 1861, p. 35. Forbes, 1872, p. 216, Fig. 32. Bassler and Moodey, 1943, p. 562.

Ordovician, Darriwilian (Llanvirian), Meadowtown Formation. United Kingdom

\**Merocrinus typus* Walcott, 1883, p. 2 (adv. pub.). Walcott, 1884, p. 208, Pl. 17, fig. 5.

 Pl. 4, figs. 1-3; Fig. 3. Strimple, 1961g, p. 65. Arendt and Hecker, 1964, p. 90,  
 Pl. 12, figs. 11-12; Fig. 131. Webster, 1973, p. 178, 180.  
*Eupachyocrinus geminatus* (Trautschold, 1879). Wachsmuth and Springer, 1880  
 (1879), p. 361. Bassler and Moodey, 1943, p. 471.  
 Pennsylvanian, Moscovian, Calciferous Sandstone Series, Encrinite Bed. Russia;  
 United Kingdom, Scotland

*Mooreocrinus glomerosus* Webster et al., 2004, p. 52, Pl. 13, figs. 17-26.  
 Mississippian, Serpukhovian, E1-E1, Aïn el Mizab Formation, El Harrada and  
 Mouizeb el Atchane Members. Algeria

*Mooreocrinus hemisphericus* (Worthen, 1882) = *Mantikosocrinus hemisphericus*

*Mooreocrinus magdalenensis* Strimple, 1975h, p. 704, Pl. 1, figs. 1-4. Webster, 1986,  
 p. 210.  
 Pennsylvanian, Morrowan, Magdalena Formation, LaTuna Member. United States,  
 Texas

*Mooreocrinus meadowensis* Strimple, 1949 = *Ataxiacrinus meadowensis* =  
*Tarachiocrinus meadowensis*

*Mooreocrinus mendesi* (Lane, 1964). Strimple, 1966a, p. 6. Webster, 1973, p. 178.  
*Dicromyocrinus mendesi* Lane, N. G., 1964a, p. 362, Pl. 57, figs. 1-2, 6-10.  
 Webster, 1973, p. 178.  
 Pennsylvanian, Atokan, Itaituba Series. Brazil

*Mooreocrinus ornatus* (Trautschold, 1867), Wright and Strimple, 1945 = *Dicromyocrinus ornatus*

*Mooreocrinus papillatus* (Worthen, 1882) = *Agassizocrinus papillatus*

*Mooreocrinus wilburni* Strimple and Watkins, 1969, p. 161, Pls. 39, figs. 12-13; 49, figs. 4-6. Webster, 1977, p. 115.  
Pennsylvanian, Atokan, Big Saline Formation, Soldiers Hole Member. United States, Texas

*Mooreocrinus* spp.

Strimple, 1975e, p. 14, Fig. 6, nos. 10-11. Webster, 1986, p. 210.

Pennsylvanian, Atokan, Burgner Formation. United States, Missouri

Pabian and Strimple, 1993, p. 12, Fig. 6, no. b.

Pennsylvanian, Missourian, ?Virgilian, South Bend Limestone. United States, Nebraska

**MORENACRINUS** Ausich, Gil Cid, and Alonso, 2002. \**Morenocrinus silvani* Ausich, Gil Cid, and Alonso, 2002.

Sbc. Cladida, Sbo Dendrocrinida, Spf. Dendrocrinoidea, F. Cupulocrinidae

Ausich, Gil Cid, and Alonso, 2002, p. 985.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Darriwilian species

Ordovician, Darriwilian (late early Llandeillian). Spain

\**Morenocrinus silvani* Ausich, Gil Cid, and Alonso, 2002, p. 985, Figs. 8.6-8.7, 9.

Ausich, Sá, and Gutiérrez-Marco, 2007, p. 1381, Fig. 6.3.

Ordovician, Darriwilian (late early Llandeillian), Pizarras Guindo Formation. Spain

**MOROCCOCRINUS** Webster, Becker, and Maples, 2005. \**Moroccocrinus ebbighauseni* Webster, Becker, and Maples, 2005.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Glossocrinoidea, F. Amabilicrinidae

Webster, Becker, and Maples, 2005, p. 1065.

Named, currently recognized species based on cups or crowns: 1 Devonian, Famennian species

Devonian, Famennian. Morocco

\**Moroccocrinus ebbighauseni* Webster, Becker, and Maples, 2005, p. 1066, Figs. 9, no.

2; 5, nos. 12, 14; 7, nos. 1-8; 8, nos. 1-6.

Devonian, Famennian, IV-B. Morocco

**MORROWCRINUS** Moore and Plummer, 1938. \**M. fosteri* Moore and Plummer, 1938.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F. Scytalocrinidae

Moore and Plummer, 1938, p. 242. Bassler, 1938, p. 135. Bassler and Moodey, 1943, p. 566. Moore and Laudon, 1943b, p. 59. Arendt and Hecker, 1964, p. 89. Strimple and Moore, 1971a, p. 6. Moore and Strimple, 1973, p. 45.

**NEOCATILLOCRINUS** Wanner, 1937. \**N. incisus* Wanner, 1937.

Sbc. Disparida, Spf. Allagecrinoidea, F. Catilloocrinidae

Wanner, 1937, p. 109. Bassler, 1938, p. 137. Moore, 1940b, p. 90. Bassler and Moodey, 1943, p. 571. Moore and Laudon, 1943b, p. 31. Branson, C. C., 1948, p. 201. Ubaghs, 1953, p. 747, Figs. 11, no. g; 140, no. H. Moore, 1962b, p. 16, Fig. 12, no. 7. Arendt and Hecker, 1964, p. 81. Strimple and Moore, 1971a, p. 39. Webster, 1973, p. 180. Webster, 1977, p. 116. Moore and Strimple *in* Moore and Teichert, 1978, p. T546, Fig. 334, no. 7. Webster, 1986, p. 215.

Named, currently recognized species based on cups or crowns: 1 Permian species, series uncertain

Permian, series uncertain. West Timor

\**Neocatillocrinus incisus* Wanner, 1937, p. 112, Pl. 14, figs. 10-13; Fig. 28. Bassler, 1938, p. 137. Marez Oyens, 1940, p. 317, Pl. 3, fig. 7. Moore, 1940b, p. 106, Fig. 8. Bassler and Moodey, 1943, p. 571. Branson, C. C., 1948, p. 202. Ubaghs *in* Moore and Teichert, 1978, p. T111, Fig. 84, no. 3. Moore and Strimple *in* Moore and Teichert, 1978, p. T546, Fig. 337, no. 4. Webster, 1986, p. 215.

Permian, series uncertain. West Timor, Basleo, Toeboe Lopo

**NEODICHOCRINUS** Wanner, 1937. \**N. nanus* Wanner, 1937.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Hexacrinitoidea, F. Dichocrinidae

Wanner, 1937, p. 84. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 571. Moore and Laudon, 1943b, p. 96. Branson, C. C., 1948, p. 202. Ubaghs, 1953, p. 740. Arendt and Hecker, 1964, p. 97. Strimple and Moore, 1971a, p. 39. Webster, 1973, p. 180. Webster, 1977, p. 116. Lane *in* Moore and Teichert, 1978, p. T477. Broadhead, 1981, p. 145. Webster, 1986, p. 215. Webster, 1988, p. 115.

Named, currently recognized species based on cups or crowns: 1 Permian species, series uncertain

Permian, series uncertain. West Timor

\**Neodichocrinus nanus* Wanner, 1937, p. 84, Pl. 7, figs. 8-10. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 571. Branson, C. C., 1948, p. 202. Ubaghs *in* Moore and Teichert, 1978, p. T178, Fig. 418, no. 1. Lane *in* Moore and Teichert, 1978, p. T477, Fig. 281, no. 3. Webster, 1986, p. 215.

Permian, series uncertain. West Timor, Basleo

**NEOLAGENIOCRINUS** Arendt, 1970. \**N. shichanensis* Arendt, 1970.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Streblocrinidae  
Arendt, 1970a, p. 162. Webster, 1977, p. 116. Lane and Moore *in* Moore and Teichert, 1978, p. T606. Lane and Sevastopulo, 1982a, p. 108. Webster, 1986, p. 215. Webster, 1988, p. 115. Lane and Sevastopulo, 1990, p. 335. Webster, 1993, p. 79.

Named, currently recognized species based on cups or crowns: 4 species. 1 Mississippian, Viséan; 1 Pennsylvanian, Desmoinesian; 2 Permian, 1 Artinskian, 1 series uncertain

Pennsylvanian, Desmoinesian. United States

Permian, late Artinskian. Russia  
Permian series uncertain. West Timor

*Neolageniocrinus? cassidus* (Weller, 1930). Arendt, 1970a, p. 162. Webster, 1977, p. 116. Lane and Sevastopulo, 1982a, p. 108, Pl. 2, figs. 1-8; Figs. 1, nos. C-D. Webster, 1988, p. 115.

*Lageniocrinus cassidus* Weller, 1930, p. 32, Pl. 2, figs. 6a-6b; Fig. 5. Bassler and Moodey, 1943, p. 529. Arendt, 1970a, p. 162. Webster, 1977, p. 116. Lane and Sevastopulo, 1982a, p. 108.

Pennsylvanian, Desmoinesian, Perth Limestone. United States, Indiana

*Neolageniocrinus jacksoni* Austin and Austin, 1843. Sevastopulo, 2002, p. 12, Fig. 5, nos. a-b.

Mississippian, Viséan (Brigantian). Ireland, County Kilkenny

\**Neolageniocrinus shichanensis* Arendt, 1970a, p. 162, Pl. 10, figs. 1-9; Figs. 43, 50, no. a. Webster, 1977, p. 116. Lane and Moore *in* Moore and Teichert, 1978, p. T606, Fig. 392, no. 1. Webster, 1986, p. 215.

Permian, late Artinskian, Kladokhonusoviy Limestone. Russia, Priurals

*Neolageniocrinus Timorensis* (Wanner, 1920). Arendt, 1970a, p. 162, Fig. 42. Webster, 1977, p. 116.

*Lageniocrinus seminulum* var. *Timorensis* Wanner, 1920, p. 23, Figs. 2, 4. Bassler and Moodey, 1943, p. 529. Arendt, 1970a, p. 162. Webster, 1977, p. 116.

*Lageniocrinus seminulum Timorensis* Wanner, 1920. Wanner, 1924, p. 162, Pl. 8, figs. 20-21. Branson, C. C., 1948, p. 215.

*Synbathocrinus Timorensis* (Wanner, 1920). Branson, C. C., 1948, p. 215.

*Lageniocrinus Timorensis* Wanner, 1920. Wanner, 1930, p. 13, Pl. 1, figs. 19, 20; Fig. 8. Bassler and Moodey, 1943, p. 529.

*Taidocrinus? Timorensis* (Wanner, 1920). Branson, C. C., 1948, p. 215.

Permian, series uncertain. West Timor, Basleo

**NEOPLATYCRINUS** Wanner, 1916. \**N. dilatatus* Wanner, 1916.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Platycrinitoidea, F. Platycrinidae

Wanner, 1916, p. 32. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 571.

Moore and Laudon, 1943b, p. 101. Branson, C. C., 1948, p. 202. Ubaghs, 1953,

p. 743. Arendt and Hecker, 1964, p. 98. Webster, 1973, p. 181. Lane *in* Moore and Teichert, 1978, p. T515. Webster, 1986, p. 215. Webster, 1993, p. 79.

Ausich and Kammer, 2009, p. 707.

Named, currently recognized species based on cups or crowns: 5 Permian species, 1 late Sakmarian or early Artinskian, 1 Artinskian, 3 series uncertain

Permian, series uncertain. West Timor

Permian, late Sakmarian - Artinskian. Australia, Western Australia

*Neoplatycrinus callytharraensis* Webster and Jell, 1992, p. 324, Fig. 4. Ausich and Kammer, 2009, p. 707.

*Neoplatycrinus* aff. *N. somoholensis* Wanner, 1916. Webster, 1987, p. 100, Fig. 4, nos. A-O. Webster and Jell, 1992, p. 324. Webster, 1993, p. 79.

*Pleurocrinus?* sp. Webster, 1987, p. 101, Fig. 4, nos. P-Q. Webster, 1993, p. 96. Webster and Jell, 1992, p. 324.

Permian, late Sakmarian or early Artinskian, Callytharra Formation. Australia, Western Australia, Carnarvon Basin

\**Neoplatycrinus dilatatus* Wanner, 1916, p. 33, Pl. 98 (3), figs. 13-23. Wanner, 1937, p. 76, Pls. 6, figs. 39-47; 7, fig. 1; 8, fig. 15: Figs. 1-12. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 571. Branson, C. C., 1948, p. 202. Breimer, 1962a, p. 136, Figs. 32-33. Webster, 1973, p. 181. Haugh, 1978, p. 68, Fig. 17, no. F. Ubaghs in Moore and Teichert, 1978, p. T179, Fig. 150, nos. 1-7. Lane in Moore and Teichert, 1978, p. T515, Fig. 317, no. 2. Webster, 1986, p. 215. Webster, 1993, p. 79. Ausich and Kammer, 2009, p. 707. Webster and

Donovan,

2012c, p. 157. Fig. 2, nos. D-H.

*Neoplatycrinus dilatus* Wanner, 1916. Bowsher and Strimple, 1986, p. 8, Fig. 25, nos. a-c.

*Neoplatycrinus major* Wanner, 1916, p. 39, Pl. 99 (4), figs. 1-5. Wanner, 1924, p. 77,

Pls. 2, figs. 9-10; Pl. 3, fig. 1. Bassler and Moodey, 1943, p. 571. Branson, C. C., 1948, p. 202. Webster and Donovan, 2012c, p. 158, Fig. 2, nos. A-C.

Permian, series uncertain. West Timor, Basleo, Noil Tonini

*Neoplatycrinus dilatus* Wanner, 1916 = *Neoplatycrinus dilatatus*

*Neoplatycrinus major* Wanner, 1916 = *Neoplatycrinus dilatatus*

*Neoplatycrinus miamiaensis* Webster and Jell, 1992, p. 325, Fig. 5. Ausich and Kammer, 2009, p. 707.

Permian, Artinskian, Coyrie Formation; Noonkanbah Formation. Australia, Western Australia, Carnarvon and Canning Basins

*Neoplatycrinus somoholensis* Wanner, 1916, p. 42, Pl. 99 (4), fig. 6. Wanner, 1924, p. 77, Pl. 3, figs. 2-6. Bassler and Moodey, 1943, p. 571. Branson, C. C., 1948, p. 202. Meyer, D. L., 1965, p. 1207, Fig. 1, no. G. Webster, 1973, p. 18. Ausich and Kammer, 2009, p. 707.

Permian, series uncertain. West Timor, Somohole, near Soefa

*Neoplatycrinus* aff. *N. somoholensis* Wanner, 1916 = *Neoplatycrinus callytharraensis*

*Neoplatycrinus transitorius* Wanner, 1916, p. 43, Pl. 99 (4), fig. 7. Bassler and Moodey, 1943, p. 571. Branson, C. C., 1948, p. 202. Ausich and Kammer, 2009, p. 707.

Permian, series uncertain: West Timor, Fatu Tonini

*Neoplatycrinus* sp. Meyer, D. L., Fig. 1, no. H (typographical error as *Neoplatycrinite* sp.). Webster, 1973, p. 181.

Permian, series uncertain. West Timor

**NEOPROTENCRINUS** Knapp, 1969. \**Paradelocrinus subplanus* Moore and Plummer, 1940.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Erisocrinoidea, F. Protencrinidae

Knapp, 1969, p. 354, Fig. 1. Strimple and Moore, 1971a, p. 9. Strimple and Moore, 1971b, p. 11. Webster, 1977, p. 117. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T715. Pabian and Strimple, 1980a, p. 178. Webster, 1986, p. 216. Webster and Kues, 2006, p. 17.

**CRICOCRINUS** Strimple and Watkins, 1969, p. 181 (\**Paradelocrinus regulatus* Strimple, 1949). Webster, 1977, p. 117. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T715. Webster, 1986, p. 106.

Named, currently recognized species based on cups or crowns: 9 Pennsylvanian species, 5 Atokan, 3 Desmoinesian, 1 Missourian  
Pennsylvanian, Atokan - Missourian; United States

*Neoprotencrinus brachiatus* (Moore and Plummer, 1940). Strimple and Moore, 1973b, p. 11, Fig. 7, nos. 2-3. Webster, 1977, p. 117. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T715, Fig. 472, no. 2e. Webster, 1986, p. 216.

*Paradelocrinus brachiatus* Moore and Plummer, 1940, p. 318, Pls. 15, fig. 6; 16, fig. 1; 17, fig. 3; Fig. 64. Bassler and Moodey, 1943, p. 587. Moore and Laudon, 1944, p. 173, Pls. 62, fig. 34; 65, fig. 25. Knapp, 1969, p. 353. Webster, 1973, p. 191. Webster, 1977, p. 147. Finsley, 1989, p. 97, Fig. 26.

*Protencrinus brachiatus* (Moore and Plummer, 1940). Knapp, 1969, p. 353. Webster, 1977, p. 147.

Pennsylvanian, Desmoinesian, Millsap Lake Formation. United States, Texas

*Neoprotencrinus cranei* (Strimple, 1949). Knapp, 1969, p. 354. Webster, 1977, p. 117.

*Paradelocrinus cranei* Strimple, 1949d, p. 6, Pl. 1, figs. 1-3, 7. Knapp, 1969, p. 354. Webster, 1973, p. 192. Webster, 1977, p. 117.

Pennsylvanian, Atokan, Pumpkin Creek Limestone. United States, Oklahoma

*Neoprotencrinus disculus* (Strimple, 1949). Knapp, 1969, p. 354. Webster, 1977, p. 117.

*Paradelocrinus disculus* Strimple, 1949d, p. 7, Pl. 3, figs. 15-16. Knapp, 1969, p. 354. Webster, 1973, p. 192.

*Cricocrinus disculus* (Strimple, 1949). Strimple and Watkins 1969, p. 181. Webster, 1977, p. 117.

Pennsylvanian, Atokan, Otterville Limestone. United States, Oklahoma

*Neoprotencrinus gutschicki* Webster and Kues, 2006, p. 17, Figs. 6.4-6.6, 6.18-6.20, 6.33-6.34.

Pennsylvanian, late Atokan, Sandia Formation. United States, New Mexico

- Neoprotencrinus johnstonensis* (Strimple, 1961). Webster, 1977, p. 117.  
*Paradelocrinus johnstonensis* Strimple, 1961d, p. 226, Pl. 1, figs. 4-6, 10-12.  
 Strimple and Watkins, 1969, p. 181. Webster, 1973, p. 192. Webster, 1977, p. 117.  
*Cricocrinus johnstonensis* (Strimple, 1961). Strimple and Watkins, 1969, p. 181.

*in*

Moore and Teichert, 1978, p. T599. Webster, 1986, p. 216.

**OCEANOCRINUS** Wanner, 1924, p. 131. \**O. granulatus* Wanner, 1924. Wanner, 1930, p. 8. Bassler, 1938, p. 139. Bassler and Moodey, 1943, p. 572. Branson, C. C., 1948, p. 203.

Named, currently recognized species based on cups or crowns: 3 Permian species, 1 Artinskian, 2 series uncertain

Permian, series uncertain. West Timor

Permian, Artinskian. Russia, Ural Mountains

\**Nereocrinus antiquus* Wanner, 1924a, p. 129, Pl. 7, figs. 12-15; Fig. 8. Wanner, 1924b,

p. 227, Pl. 4, figs. 13-14. Wanner, 1930, p. 6, Pl. 1, figs. 8-10; Figs. 2-4. Wanner, 1937, p. 125, Fig. 33. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 572. Branson, C. C., 1948, p. 203. Arendt and Hecker, 1964, p. 84, Pl. 9, fig. 11; Fig. 125. Arendt, 1970a, p. 114, Fig. 18. Webster, 1973, p. 181. Webster, 1977, p. 118. Lane and Moore *in* Moore and Teichert, 1978, p. T599, Fig. 387, no. 4. Webster, 1986, p. 217.

Permian, series uncertain. West Timor, Basleo

*Nereocrinus granulatus* (Wanner, 1924). Bassler and Moodey, 1943, p. 572.

*Oceanocrinus granulatus* Wanner, 1924, p. 131, Pl. 7, figs. 9-11; Fig. 9. Wanner, 1930, p. 8, Pl. 1, figs. 11-16. Bassler, 1938, p. 139. Bassler and Moodey, 1943, p. 572. Branson, C. C., 1948, p. 203.

Permian, series uncertain. West Timor, Basleo

*Nereocrinus jameljantzevi* Yakovlev, 1937a, p. 7, Pl. 1, fig. 1. Bassler and Moodey, 1943, p. 572. Branson, C. C., 1948, p. 203. Yakovlev *in* Yakovlev and Ivanov, 1956, p. 55, Pl. 11, fig. 19. Arendt and Hecker, 1964, p. 84, Pl. 9, fig. 12. Arendt, 1970a, p. 115, Pl. 2, figs. 1-2; Fig. 19. Webster, 1973, p. 181. Webster, 1977, p. 118.

Permian, Artinskian, Sarga Horizon. Russia, Krasnoufimsk

**NEVADACRINUS** Lane and Webster, 1966. \**N. geniculatus* Lane and Webster, 1966. Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Sagenocrinitoidea, F. Dactylocrinidae

Lane and Webster, 1966, p. 15. Webster, 1973, p. 181. Strimple and Moore, 1971a, p. 39. Webster, 1977, p. 118. Moore *in* Moore and Teichert, 1978, p. T804, Figs. 506, no. 5b; 507, no. 4b. Webster, 1986, p. 217.

Named, currently recognized species based on cups or crowns: 1 Permian, Wolfcampian species

Permian, middle Wolfcampian. United States

\**Nevadacrinus geniculatus* Lane and Webster, 1966, p. 16, Pl. 1, figs. 2, 4, 7; Figs. 3-5. Webster and Lane, 1967, p. 9, Fig. 2. Moore, Jeffords, and Miller, 1968a, p. 20, Pl. 4, fig. 6. Webster, 1973, p. 181. Ubaghs *in* Moore and Teichert, 1978, p. T64, Fig. 44, no. 5. Moore *in* Moore and Teichert, 1978, p. T804, Figs. 541, no. 4; 542, no. 1. Webster, 1986, p. 217.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

*Nevadacrinus* sp. Lane and Webster, 1967, p. 14, Fig. 5. Lane and Webster, 1973, p. 181.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

New Crinoid genus, aff. *Archaeocrinus* Steele and Sinclair, 1971, p. 3, Pl. 16, figs. 1-4, 12. Webster, 1977, p. 118.

Middle Ordovician. Canada, Ontario

New genus Ettensohn, 1984, p. 66, Fig. 1. Webster, 1988, p. 115.

Mississippian, Serpukhovian (Chesterian). United States

New Genus A Ausich and Kammer, 2006 = **MCOYCRINUS**

New Genus B Ausich and Kammer, 2006 = **CLITHEROECRINUS**

New genus C Ausich and Kammer, 2006 = **GLAMORGANOCRINUS**

New genus D Ausich and Kammer, 2006 = **MENDIPOCRINUS**

New genus and new species Cornwell and Cornwell, 1968, Pls. 1, fig. 4; 2, fig. 9 (inadunate). Webster, 1977, p. 181.

Pennsylvanian. United States, Iowa

New genus and species of crinoid Ettensohn and Chesnut, 1985, p. 350, Fig. 10, nos. j-k. Webster, 1988, p. 115.

Mississippian, Serpukhovian (Chesterian), Pennington Formation. United States, Kentucky

New taxon A Guensburg and Sprinkle, 2001, p. 131, Figs. 2; 3, no. B  
Ordovician, Tremadocian, Fillmore Formation. United States, Utah

New taxon C Guensburg and Sprinkle, 2001, p. 132, Fig. 3, no. A.  
Ordovician, Tremadocian, Garden City Formation. United States, Idaho

**NEXOCCRINUS** Eckert, 1984. \**N. delicatulus* Eckert, 1984.

Sbc. Camerata, O. Diplobathrida, Spf. Dimerocrinitoidea, F. Dimerocrinitidae  
Eckert, 1984, p. 18. Webster, 1988, p. 115. Jell, 1999a, p. 19.

Named, currently recognized species based on cups or crowns: 2 Silurian species, 1  
Llandoveryan, 1 Ludlovian

Silurian, early Llandoveryan. Canada

Silurian, late Ludlovian. Australia, Victoria

\**Nexocrinus delicatulus* Eckert, 1984, p. 18, Pl. 3, figs. 2-5; Fig. 8. Webster, 1988, p.  
115.

Silurian, early Llandoveryan, Whirlpool Formation; Cabot Head Formation.  
Canada, Ontario

*Nexocrinus wallanensis* Jell, 1999a, p. 20, Fig. 13, nos. A-C.

Silurian, late Ludlovian, Humevale Formation. Australia, Victoria

*Nexocrinus* sp. Jell, 1999a, p. 20, Fig. 14, nos. A-B.

Devonian, late Lochkovian, Humevale Formation. Australia, Victoria

Nipterocrinidae n. gen., n. sp. Clement and Broadhead, 1994, p. 47.

Silurian, Pridolian, Decatur Limestone. United States, Tennessee

**NIPTEROCRINUS** Wachsmuth *in* Meek and Worthen, 1868. \**N. wachsmuthi* Meek and  
Worthen, 1868.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Lecanocrinoidea, F.  
Nipterocrinidae

1900, p. 188. Springer, 1902, p. 95. Springer, 1906, p. 519. Springer *in* Zittel,  
1913, p. 204. Springer, 1920a, p. 201, Fig. 21. Bassler, 1938, p. 138. Bassler  
and Moodey, 1943, p. 573. Moore and Laudon, 1943b, p. 74, Fig. 11. Moore and  
Laudon, 1944, p. 181, Pl. 66, fig. 5. Ubaghs, 1953, p. 756. Arendt and Hecker,  
1964, p. 94. Webster, 1973, p. 181. Moore *in* Moore and Teichert, 1978, p.

T779,

Figs. 506, no. 19. Webster, 1986, p. 217. Ausich, 1988, p. 913, Fig. 2, no. 16.

Webster, 1988, p. 115. Lane and Sevastopulo, 1990, p. 334. Webster, 1993, p.  
79.

Named, currently recognized species based on cups or crowns: 3 Mississippian  
species, 1 Tournaisian – Viséan, 2 Viséan

Mississippian, Tournaisian - Viséan (late Kinderhookian – Osagean). North America

*Nipterocrinus arboreus* Worthen in Meek and Worthen, 1873, p. 436, Pl. 4, fig. 8.

Miller,

S. A., 1889, p. 262. Weller, S., 1898c, p. 377. Springer, 1920a, p. 203, Pl. 15, figs. 9-10. Bassler and Moodey, 1943, p. 573. Moore in Moore and Teichert, 1978, p. T779, Fig. 520, no. 3a. Ausich and Lane, 1982b, p. 1353. Webster, 1986, p. 217. Webster, 1988, p. 115.

Mississippian, Viséan (late Osagean), lower part of Burlington Limestone. United States, Iowa

*Nipterocrinus monroensis* Ausich and Lane, 1982b, p. 1352, Pl. 1, figs. 2-4, 7-8, 12.

Webster, 1988, p. 115. Ausich and Meyer, 1992, p. 829, Figs. 1.7-1.9.

Mississippian, Viséan (late Osagean), Edwardsville Formation, Fort Payne Formation. United States, Indiana, Kentucky

\**Nipterocrinus wachsmuthi* Meek and Worthen, 1868b, p. 342. Meek and Worthen, 1873, p. 435, Pl. 2, fig. 4. Miller, S. A., 1889, p. 262. Weller, S., 1898c, p. 377. Springer, 1906, Pl. 6, fig. 18. Springer, 1920a, p. 203, Pl. 15, figs. 1-8. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 573. Moore and Laudon, 1943b, p. 137, Pl. 8, fig. 1. Moore and Laudon, 1944, p. 181, Pl. 69, fig. 2. Laudon, Parks, and Spreng, 1952, p. 559, Pl. 66, figs. 5-7. Webster, 1973, p. 181. Moore in Moore and Teichert, 1978, p. T779, Figs. 519, no. 2; 520, no. 3b-3c. Ausich and Lane, 1982b, p. 1353. Webster, 1986, p. 217. Webster, 1988, p. 116.

Mississippian, Tournaisian – Viséan (late Kinderhookian – Osagean), Banff Formation; lower part of Burlington Limestone. Canada, Alberta; United States, Iowa

**NOTIOCATILLOCRINUS** Willink, 1978. \**N. oakiensis* Willink, 1978.

Sbc. Disparida, Spf. Allagecrinoidea, F. Catilloocrinidae

Willink, 1978, p. 86, Figs. 4, 16. Webster, 1986, p. 217. Webster, 1987, p. 108.

Webster, 1993, p. 80.

**TAUCATILLOCRINUS** Willink, 1978, p. 92, Figs. 4, 16. \**T. cephalonus* Willink, 1978. Webster, 1986, p. 299. Webster, 1987, p. 108. Webster, 1993, p. 80.

Named, currently recognized species based on cups or crowns: 5 Permian species, 2 late Sakmarian or early Artinskian, 3 Artinskian

Early Permian, late Sakmarian - Artinskian. Australia

*Notiocatillocrinus callytharraensis* Webster, 1987, p. 109, Figs. 7, nos. A-D; 8, nos. A-J.

Webster and Jell, 1992, p. 333, Fig. 14, no. E. Teichert and Webster, 1993, p. 3, Pl. 65, figs. 24-27. Webster, 1993, p. 80.

Permian, late Sakmarian or early Artinskian, Callytharra Limestone. Australia, Western Australia, Carnarvon Basin

*Notiocatillocrinus cephalonus* (Willink, 1978). Webster, 1987, p. 109. Webster, 1993, p. 80.

*Taucatillocrinus cephalonus* Willink, 1978, p. 93, Figs. 9-12; 14, nos. g-j; Tab. 2.

Webster, 1986, p. 299. Webster, 1987, p. 109. Webster, 1993, p. 80.

Early Permian, late Artinskian, lower part of Wandrawandian Siltstone. Australia, New South Wales

*Notiocatillocrinus giganteus* (Willink, 1978). Webster, 1987, p. 109. Webster, 1993, p. 80.

*Taucatillocrinus? giganteus* Willink, 1978, p. 96, Fig. 13, Tab. 2. Webster, 1986, p. 299. Webster, 1987, p. 109. Webster, 1993, p. 80.

Early Permian, late Artinskian, lower part of Wandrawandian Siltstone. Australia, New South Wales

*Notiocatillocrinus nerimberae* (McKellar, 1969). Willink, 1978, p. 89, Figs. 7-8; Tab. 1. Webster, 1986, p. 218. Webster, 1987, p. 109. Webster, 1993, p. 80.

*Catillocrinus nerimberae* McKellar, 1969, p. 26, Pl. 6, figs. 1-7. Webster, 1977, p. 53. Willink, 1978, p. 89. Webster, 1986, p. 218.

Permian, Artinskian. Australia, Queensland

\**Notiocatillocrinus oakensis* Willink, 1978, p. 89, Figs. 5-6; 14, nos. a-f; Tab. 1.

Webster, 1986, p. 217. Webster, 1987, p. 109. Webster, 1993, p. 80.

Permian, late Sakmarian - early Artinskian. Australia, New South Wales

**NOTIOCRINUS** Wanner, 1924. \**N. West Timoricus* Wanner, 1924.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Zeacrinitoidea, F. West Timorechinidae

Wanner, 1924, p. 181. Bassler, 1938, p. 138. Bassler and Moodey, 1943, p. 573.

Moore and Laudon, 1943b, p. 59. Branson, C. C., 1948, p. 203. Webster, 1973, p. 182. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T754.

Webster, 1986, p. 218. Webster and Maples, 2006, p. 193, Fig. 4, no. E.

Named, currently recognized species based on cups or crowns: 2 Permian species, series uncertain

Permian, series uncertain. West Timor

*Notiocrinus ekadensis* Wanner, 1924, p. 283, Pl. 12, figs. 15-17; Fig. 54. Bassler and Moodey, 1943, p. 573. Branson, C. C., 1948, p. 203.

Permian, series uncertain. West Timor, Noil Ekad

\**Notiocrinus West Timoricus* Wanner, 1924, p. 282, Pl. 12, figs. 18-20; Fig. 53. Bassler, 1938, p. 139. Marez Oyens, 1940a, p. 342, Pl. 4, fig. 8. Bassler and Moodey, 1943, p.

573. Branson, C. C., 1948, p. 203. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T754, Fig. 499, no. 3. Webster, 1986, p. 218.

Permian, series uncertain. West Timor, Basleo

Nov. genus? Haude, 1992, p. 171.

Late Silurian. Germany, Czech Republic, Spain

Nov. gen.? sp. 1, aff. "*S. zenonis*" Waagen and Jahn, 1899. Haude, 1992, p. 171, Pls. 2, fig. N; 5, Figs. A-B; Fig. 12.

*Scyphocrinus excavatus* Schlotheim sp. p., var. *zenonis* Waagen and Jahn -  
 Waagen and Jahn, 1899, p. 80, Pls. 40, fig. 7; 43, fig. 1. Haude, 1992, p. 171.  
*Scyphocrinites elegans* Zenker, 1833 - Prokop and Petr, 1986, p. 203 (part), Pl. 3,  
 fig. 1. Haude, 1992, p. 171.  
 Late Silurian, Pridoli. Czech Republic, Bohemia?; Pyrenees?

Nov. gen.? sp. 2, aff. "*S.*" *zenonis* Waagen and Jahn, 1899. Haude, 1992, p. 171, Pls.  
 5, figs. C-J; 7, figs. E-N: Fig. 13, nos. A-D.

*Scyphocrinus excavatus* Schlotheim sp. p., var. *zenonis* Waagen and Jahn -  
 Waagen and Jahn, 1899, p. 80, Pls. 40, fig. 7; 43, fig. 1. Haude, 1992, p. 172.  
 "*Camarocrinus*" Beyer, 1952, p. 5. Haude, 1992, p. 172.  
*Scyphocrinus elegans* Zenker - Beyer, 1952, p. 5 (part). Haude, 1992, p. 172.  
*Scyphocrinites elegans* Zenker, 1833 - Prokop and Petr, 1986 (part), p. 203, Pl. 3,  
 fig. 1. Haude, 1992, p. 172.  
 Late Silurian, ?Highest Pridoli (boundary between Pridoli and Lochkovian).  
 Germany; ?Czech Republic

**NOWRACRINUS** Willink, 1979. \**Tribrachiocrinus ornatus* Etheridge, 1892.  
 Sbc. Cladida, Inf. Articulata, O. Ampelocrinida, F. Tribrachyocrinidae  
 Willink, 1979a, p. 119, Fig. 4, nos. b-c. Webster, 1986, p. 218.  
 Named, currently recognized species based on cups or crowns: 1 Permian species,  
 Artinskian - Kazanian  
 Early - Late Permian. Australia, New South Wales

\**Nowracrinus ornatus* (Etheridge, 1892). Willink, 1979a, p. 124, Figs. 3, nos. a-g; 4,  
 no. a; 5, no. b; 6, nos. a-f; Tab. 1. Webster, 1986, p. 218. Webster and Jell,  
 1999b, p. 332, Figs. 32-33.  
*Tribrachiocrinus ornatus* Etheridge, 1892, p. 94, Pl. 19. Bassler and Moodey, 1943,  
 p. 715. Branson, C. C., 1948, p. 219. Willink, 1979a, p. 124. Webster, 1986, p.  
 218.  
*Tribrachyocrinus ornatus* (Etheridge, 1892). Branson, C. C., 1948, p. 219.  
 Early - Late Permian, Artinskian - Kazanian, Kansas Beds; lower part of  
 Wandrawandian Siltstone; Nowra Sandstone; Gerringong Volcanics, Berry  
 Formation. Australia, Tasmania, New South Wales

**NUDALOCRINUS** Webster et al., 2003. \**Culmicrinus jeffersonensis* Laudon and  
 Severson, 1953.  
 Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Glossocrinoidea, F.  
 Corematocrinidae  
 Webster, et al., 2003, p. 24, Fig. 14.3.  
 Named, currently recognized species based on cups or crowns: 1 Mississippian,  
 Tournaisian species  
 Mississippian, Tournaisian (Kinderhookian). United States, Montana

\**Nudalocrinus jeffersonensis* (Laudon and Severson, 1953). Webster et al., 2003, p.  
 24, Fig. 14.4.  
*Culmicrinus jeffersonensis* Laudon and Severson, 1953, p. 515, Pls. 51, figs. 29-30;  
 55, fig. 1. Webster 1973, p. 91. Webster et al., 2003, p. 24.

Mississippian, Tournaisian (Kinderhookian), Lodgepole Formation. United States, Montana

**NUMMICRINUS** Frest and Strimple, 1978. \**Lecanocrinus brevis* Strimple, 1952.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Lecanocrinoidea, F.

Lecanocrinidae

Frest and Strimple, 1978c, p. 529, Fig. 2, no. A. Webster, 1986, p. 218. Webster, 1988, p. 116.

Named, currently recognized species based on cups or crowns: 5 species. 3

Silurian, Niagaran; 1 Silurian – Devonian, Niagaran – Lochkovian; 1 Devonian, Lochkovian

Silurian, Niagaran, - Devonian, Gedinnian. United States

\**Nummicrinus brevis* (Strimple, 1952). Frest and Strimple, 1978c, p. 529. Webster, 1986, p. 218.

*Lecanocrinus brevis* Strimple, 1952f, p. 319, Figs. 13-17. Strimple, 1963d, p. 122, Pl.

9, figs. 1-2. Webster, 1973, p. 162. Frest and Strimple, 1978c, p. 529. Webster, 1986, p. 218.

Silurian, Niagaran Henryhouse Formation. United States, Oklahoma

*Nummicrinus papilloseous* (Strimple, 1954). Frest and Strimple, 1978c, p. 529.

Webster, 1986, p. 218.

*Lecanocrinus papilloseous* Strimple, 1954b, p. 281, figs. 1-4, 9-10. Strimple, 1963d, p. 121, Pl. 10, fig. 1. Webster, 1973, p. 163. Frest and Strimple, 1978c, p. 529.

Webster, 1986, p. 218.

Silurian, Niagaran, Henryhouse Formation. United States, Oklahoma

*Nummicrinus perdepressus* Frest and Strimple, 1978c, p. 530, Fig. 3. McIntosh,

1981b, p. 963. Webster, 1986, p. 218. Webster, 1988, p. 116.

Devonian, Lochkovian, Haragan Formation. United States, Oklahoma

*Nummicrinus pisiformis* (Roemer, 1860). Frest and Strimple, 1978c, p. 529. Webster,

1986, p. 219. Webster, 1988, p. 116.

*Poteriocrinus pisiformis* Roemer, C. F., 1860a, p. 54, Pl. 4, fig. 7. Shumard, 1868, p. 391. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 275. Bassler, 1915, p. 693.

Bassler and Moodey, 1943, p. 533. Webster, 1986, p. 219.

Named, currently recognized species based on cups or crowns: 2 Silurian, Llandoveryian species

Silurian, Llandoveryian. United States, Ohio

*Paideroocrinus asketos* Ausich, 1985, p. 803, Figs. 3, no. 8; 8. Webster, 1988, p. 120.

Silurian, Llandoveryian, Brassfield Formation. United States, Ohio

\**Paiderocrinus ochthos* Ausich, 1985, p. 802, Figs. 3, nos. 1-2, 4-5; 7. Webster, 1988, p. 120.

Silurian, Llandoveryan, Brassfield Formation. United States, Ohio

*Palaeochinus paradoxus* Eichwald, 1856 = *Platycrinus paradoxus*

**PALAEOCRINUS** Billings, 1859. \**P. striatus* Billings, 1859.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Porocrinidae

Billings, E., 1859a, p. 24. Shumard, 1868, p. 383. Bigsby, 1868, p. 22, 196. Zittel, 1880, p. 343, 352. Miller, S. A., 1889, p. 267. Bather *in* Lankester, 1900, p. 172. Bassler, 1915, p. 935. Bassler, 1938, p. 143. Bassler and Moodey, 1943, p. 585. Moore and Laudon, 1943b, p. 50, Fig. 4. Moore and Laudon, 1944, p. 153, Pl.

52,

fig. 22. Ubaghs, 1953, p.750, Fig. 33, no. c. Xu, 1962, p. 45, 50, Fig. 1. Moore, 1962b, p. 15, Fig. 9, no. 7. Webster, 1973, p. 189. Webster, 1977, p. 121. Lane and Moore *in* Moore and Teichert, 1978, p. T588. Sprinkle, 1982, p. 154.

Sprinkle, 1988, p. 120. Ausich, 1998b, p. 34.

**PALEOCRINUS** Frest and Strimple, 1978b, p. 167, Fig. 2, no. c. Webster, 1986, p. 225.

Named, currently recognized species based on cups or crowns: 9 Ordovician species, 1 Darriwilian - Sandbian, 3 Sandbian, 2 Sandbian – Katian, 3 Katian Ordovician, Darriwilian – Katian (Champlainian). North America

*Palaeocrinus angulatus* (Billings, E., 1857), p. 269. Billings, E., 1859, p. 45, Pl. 3, figs. 6a-6b. Shumard, 1868, p. 383. Bigsby, 1868, p. 22, 196. Miller, S. A., 1889, p. 267. Bassler, 1915, p. 935. Bassler and Moodey, 1943, p. 585. Wilson, A. E., 1946, p. 40, Pl. 6, fig. 1. Webster, 1973, p. 189. Brower and Veinus, 1978, p. 451, Pl. 16, fig. 3. Webster, 1986, p. 225.

*Dendrocrinus angulatus* Billings, E., 1857a, p. 269. Shumard, 1868, p. 383.

Bigsby, 1868, p. 19. Miller, S. A., 1889, p. 238. Bassler, 1915, p. 935. Bassler and Moodey, 1943, p. 585.

*Cyathocrinus angulatus* (Billings, 1857). Wachsmuth and Springer, 1879, p. 308 (p. 85). Bassler, 1915, p. 935.

Ordovician, Katian (Champlainian), Hull Limestone; Curdsville Limestone; Cobourg Formation; Decorah Shale. Canada, Ontario; United States, Kentucky, Minnesota

*Palaeocrinus avondalensis* Brower and Veinus, 1974, p. 59, Pl. 5, fig. 4. Webster, 1986, p. 226.

Ordovician, Sandbian (Champlainian), Benbolt Formation or Lincolnshire Formation, Hogskin Member. United States, Tennessee

*Palaeocrinus chapmani* (Billings, 1858). Hudson, 1911, p. 244, Fig. 20. Bassler, 1915, p. 935. Bassler and Moodey, 1943, p. 585.

*Palaeocystites chapmani* Billings, E., 1858, p. 71. Miller, S. A., 1889, p. 267.

Bassler, 1915, p. 935. Bassler and Moodey, 1943, p. 585.

Ordovician, Sandbian – Katian (Champlainian), Chazy Limestone. Canada

- Palaeocrinus hudsoni* Sinclair, 1945, p. 715, Pl. 2, figs. 11-13. Webster, 1973, p. 189. Sprinkle, 1982, p. 155, Pls. 13, figs. 6, 9-11; 14, figs. 1-35; Figs. 46, nos. A-E, H-L; 47. Webster, 1988, p. 120.  
Ordovician, Darriwilian - Sandbian (Champlainian), Bromide Formation, Mountain Lake Member. United States, Oklahoma
- Palaeocrinus planobasalis* Brower and Veinus, 1974, p. 38, Pls. 5, fig. 5; 6, 7; 8, figs. 3-4, 6. Ubaghs *in* Moore and Teichert, 1978, p. T208, Fig. 176, nos. 1-4. Webster, 1986, p. 226.  
*Palaeocrinus* aff. *P. striatus* Billings, 1859. Butts, C., 1941, p. 91, Pl. 89, figs. 9-11. Webster, 1973, p. 189. Brower and Veinus 1974, p. 38.  
*Paleocrinus* aff. *P. striatus* Billings, 1859. Webster, 1986, p. 226.  
Ordovician, Sandbian (Champlainian), Benbolt Formation or equivalent part of Dryden Formation; Wardell Formation; Witten Formation; Lincolnshire Formation; Ottosee Shale or Sevier Shale; unknown horizons. United States, Tennessee, Virginia
- Palaeocrinus* sp. cf. *P. planobasalis* Brower and Veinus, 1974. Sprinkle, 1982, p. 163, Pl. 14, figs. 36-37; Fig. 46, no. G. Webster, 1988, p. 120.  
Ordovician, Sandbian (Champlainian), Bromide Formation, Mountain Lake Member. United States, Oklahoma
- Palaeocrinus pulchellus* Billings, E., 1859a, p. 46. Shumard, 1868, p. 383. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 267. Bassler, 1915, p. 936. Bassler and Moodey, 1943, p. 585. Wilson, A. E., 1946, p. 40, Pl. 6, fig. 3. Webster, 1973, p. 189.  
*Cyathocrinus pulchellus* (Billings, 1859). Wachsmuth and Springer, 1879, p. 310 (p. 87). Bassler, 1915, p. 936.  
Ordovician, Katian (Champlainian), Hull Limestone. Canada, Ontario
- Palaeocrinus rhombiferus* Billings, E., 1859a, p. 45. Shumard, 1868, p. 383. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 267. Bassler, 1915, p. 936. Bassler and Moodey, 1943, p. 585. Wilson, A. E., 1946, p. 40, Pl. 6, fig. 2. Webster, 1973, p. 189.  
*Cyathocrinus rhombiferus* (Billings, 1859). Wachsmuth and Springer, 1879, p. 310 (p. 87). Bassler, 1915, p. 936.  
Ordovician, Katian (Champlainian), Hull Limestone, Prosser Limestone, Cobourg Formation. Canada, Ontario; United States, Minnesota
- \**Palaeocrinus striatus* Billings, E., 1859a, p. 25, Pl. 1, figs. 5a-5b. Shumard, 1868, p. 383. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 267, Figs. 383-384. Bassler, 1938, p. 143. Bassler and Moodey, 1943, p. 585. Moore and Laudon, 1943b, p. 131, Pl. 2, fig. 10. Moore and Laudon, 1944, p. 153, Pl. 53, fig. 19. Bassler, 1915, p. 936. Webster, 1973, p. 189. Lane and Moore *in* Moore and Teichert, 1978, p. T588, Figs. 377, no. 4; 378, no. 2. Webster, 1986, p. 225.  
*Cyathocrinus striatus* (Billings, 1859). Wachsmuth and Springer, 1879, p. 310 (p. 87). Bassler, 1915, p. 936.

Ordovician, Sandbian – Katian (middle Champlainian), Chazyan, Aylmer Formation.  
Canada, Ontario, Quebec

*Palaeocrinus* aff. *P. striatus* Billings, 1859 = *Palaeocrinus planobasalis*

*Palaeocrinus sulcatus* Safford, 1869, p. 286 (*nomen nudum*). Miller, S. A., 1889, p. 267. Bassler, 1915, p. 936. Bassler and Moodey, 1943, p. 585.  
Ordovician, Katian (Champlainian), Pierce Limestone. United States, Tennessee

*Palaeocrinus* sp. Sprinkle, 1982, p. 162, Pl. 14, figs. 38-42, Fig. 46, no. F. Webster, 1988, p. 120.  
Middle Ordovician, Sandbian (Champlainian), Bromide Formation, Mountain Lake Member. United States, Oklahoma

*Palaeocrinus?* sp. Sprinkle, 1971, p. D90, Fig. 1, no. 16.  
Ordovician, Sandbian – Katian (Champlainian). Canada, United States

*Palaeocystites chapmani* Billings, 1858 = *Palaeocrinus chapmani*

**PALAEOHOLOPUS** Wanner, 1916. \**P. pretiosus* Wanner, 1916.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Lecanocrinoidea, F.  
Palaeoholopodidae

Wanner, 1916, p. 251. Wanner, 1924, p. 80. Springer, 1926b, p. 95. Wanner, 1929, p. 321. Bassler, 1938, p. 144. Bassler and Moodey, 1943, p. 585. Moore and Laudon, 1943b, p. 76. Branson, C. C., 1948, p. 203. Ubaghs, 1953, p. 756. Arendt and Hecker, 1964, p. 94. Webster, 1973, p. 189. Moore *in* Moore and Teichert, 1978, p. T789. Webster, 1986, p. 226.

Named, currently recognized species based on cups or crowns: 1 Permian species, series uncertain

Permian, series uncertain. West Timor

\**Palaeoholopus pretiosus* Wanner, 1916, p. 279, Pl. 111 (16), fig. 11. Wanner, 1929, p. 319, Pl. 8, figs. 4-5; Fig. 1. Wanner, 1930, p. 48, Fig. 30. Bassler, 1938, p. 144. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 203. Ubaghs, 1953, p. 756, Fig. 135. Webster, 1973, p. 189. Ubaghs *in* Moore and Teichert, 1978, p. T94, Fig. 70, no. 14. Moore *in* Moore and Teichert, 1978, p. T789, Figs. 525, no. 1; 526, no. 1. Webster, 1986, p. 226. Kendrick, 2007, p. 346, Fig. 9, no. K.  
Permian, series uncertain. West Timor

**PALEOCRINUS** Frest and Strimple, 1978 = **PALAEOCRINUS**

*Paleocrinus* aff. *P. striatus* Billings, 1859 = *Palaeocrinus planobasalis*

Paleozoic crinoids unidentified camerate and cladid Gahn and Baumiller, 2010, p. 514j, Fig. 9.

**PALMATOCRINUS** Knapp, 1969 = **DELOCRINUS**

*Palmatocrinus? delicatulus* (Moore, 1939) = *Contocrinus delicatulus*

*Palmatocrinus ponderosus* (Strimple, 1949) = *Delocrinus ponderosus*

**PALMEROCRINUS** Knapp, 1969. \**P. comptus* Knapp, 1969.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Erisocrinoidea, F. Catacrinidae

Knapp, 1969, p. 360, Fig. 3. Moore and Strimple, 1973, p. 66. Webster, 1977, p. 121. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T717. Webster, 1986, p. 226.

Named, currently recognized species based on cups or crowns: 3 Pennsylvanian species, 2 Morrowan, 1 Atokan

Pennsylvanian, Morrowan - Atokan. United States

\**Palmerocrinus comptus* Knapp, 1969, p. 361, Pl. 61, figs. 13-21 only. Webster, 1977, p. 121. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T717, Fig. 473, no. 3. Webster, 1986, p. 226.

Pennsylvanian, Atokan, Burgner Formation. United States, Missouri

*Palmerocrinus comptus* Knapp, 1969 (part) = *Diphuicrinus typus*

*Palmerocrinus profundus* Moore and Strimple, 1973, p. 66, Pl. 17, figs. 1a-1c; Fig. 5, nos. 3a-3c. Webster, 1977, p. 121. Strimple, 1980b, p. 7, Pl. 1, figs. 1-3. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T717. Webster, 1986, p. 226.

Pennsylvanian, Morrowan, Wapanucka Formation; Oquirrh Formation; La Pasada Formation. United States, Oklahoma, Utah, New Mexico

*Palmerocrinus kesslerensis* Moore and Strimple, 1973, p. 67, Pl. 17, figs. 2a-2d. Webster, 1977, p. 121.

Pennsylvanian, Morrowan, Bloyd Formation. United States, Arkansas

**PANDANOCRINUS** Jell *et al.*, 1988. \**P. martinwellensis* Jell *et al.*, 1988.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, F. Pandanocrinidae  
Jell *et al.*, 1988, p. 382. Webster, 1993, p. 82.

Named, currently recognized species based on cups or crowns: 3 Devonian species, 2 Pragian, 1 Pragian or early Emsian

Devonian, Pragian - ?early Emsian. Australia, Queensland, New South Wales

*Pandanocrinus geuriensis* Jell *et al.*, 1988, p. 385, Fig. 19, nos. G-O. Webster, 1993, p. 82.

Devonian, Pragian or early Emsian, Garra Formation. Australia, New South Wales

\**Pandanocrinus martinwellensis* Jell *et al.*, 1988, p. 383, Figs. 17-18, no. A; 19, nos. A-F. Webster, 1993, p. 82. Jell, 1999b, p. 351, Fig. 1, nos. A-B.

Devonian, Pragian (*sulcatus* Biozone), Shield Creek Formation, Martins Well Limestone Member. Australia, Queensland

*Pandanocrinus wellingtonensis* Jell *et al.*, 1988, p. 385, Figs. 18, no. B; 21, nos. C-K.  
Webster, 1993, p. 82.

Devonian, Pragian (*sulcatus* Biozone), Garra Formation. Australia, New South  
Wales

*Pandanocrinus* sp. cf. *P. wellingtonensis* Jell *et al.*, 1988, p. 386, Figs. 18, no. C; 21,  
nos. A-B. Webster, 1993, p. 83.

Devonian, Lochkovian or Pragian, Mount Holly Beds. Australia, Queensland

**PANDORACRINUS** Jaekel, 1918. \**P. pinnulatus* Jaekel, 1918.

Sbc. Disparida, O. Maenillicrinida, F. Maenillicrinidae

Jaekel, 1918, p. 56. Bassler, 1938, p. 144. Bassler and Moodey, 1943, p. 586.

Moore and Laudon, 1943b, p. 54. Webster, 1973, p. 190. Moore and Lane *in*

Moore and Teichert, 1978, p. T615. Webster, 1986, p. 227. Fione, *et al.*, 2002, p.  
99.

Named, currently recognized species based on cups or crowns: 2 Ordovician  
species, 1 Darriwilian, 1 Sandbian

Middle - Late Ordovician, Darriwilian, Sandbian. Czech Republic, Bohemia; United  
Kingdom

*Pandoracrinus mincopensis* Ramsbottom, 1961, p. 18, Pl. 3, fig. 7. Webster, 1973, p.  
190. Fone *et al.*, 2002, p. 99, Pls. 1, figs. 1-4; 2, figs. 1-3; 3, figs. 1-2, 5-6; 4, fig.  
1.

Ordovician, Darriwilian (Llandeilian), Meadowtown Formation. United Kingdom

\**Pandoracrinus pinnulatus* Jaekel, 1918, p. 56, Fig. 48. Bassler, 1938, p. 144. Bassler  
and Moodey, 1943, p. 586. Moore and Lane *in* Moore and Teichert, 1978, p.  
T615, Fig. 400, no. 4. Webster, 1986, p. 227.

Ordovician, Sandbian, (D1). Czech Republic, Bohemia

**PARABARYCRINUS** Chen and Yao, 1993. \**P. complanatus* Chen and Yao, 1993.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Barycrinidae

Chen and Yao, 1993, p. 59, 91, Fig. 34. Webster, Waters, and Chen, 2009, p. 154.

Named, currently recognized species based on cups or crowns: 1 Mississippian,  
Tournaisian species

Mississippian, Tournaisian. China, Yunnan Province

\**Parabarycrinus complanatus* Chen and Yao, 1993, p. 59, 91, Pl. 6, fig. 5; Fig. 35, nos.  
a-b (typographical error as *Parabaryerinus complanatus* p. 91). Webster,  
Waters, and Chen, 2009, p. 154, Fig. 10, nos. t-w.

Mississippian, Tournaisian, Wangjiadashan Formation. China, Yunnan  
Province

**PARABOTRYOCRINUS** Yakovlev, 1941. \**P. tschudovenssis* Yakovlev, 1941.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Dendrocrinoidea, F.  
Botryocrinidae

Yakovlev, 1941a, p. 328. Arendt and Hecker, 1964, p. 86. Webster, 1973, p. 190.  
 Moore and Lane *in* Moore and Teichert, 1978, p. T615. Webster, 1986, p. 227.  
 Named, currently recognized species based on cups or crowns: 1 Devonian,  
 Frasnian species  
 Devonian, Frasnian. Russia, St. Petersburg District

\**Parabotryocrinus tschudovensis* Yakovlev, 1941a. Webster, 1973, p. 190. Moore and  
 Lane *in* Moore and Teichert, 1978, p. T615, Fig. 400, no. 3. Webster, 1986, p.  
 227.

*Parabotryocrinus tschudowensis* Yakovlev, 1941a, p. 328, Pl. 2, fig. 2. Yakovlev,  
 1947a, p. 57, Pl. 10, fig. 4. Arendt and Hecker, 1964, p. 86, Pl. 9, fig. 17.  
 Devonian, early Frasnian, Chudovo Beds. Russia, St. Petersburg District

*Parabotryocrinus tschudowensis* Yakovlev, 1941 = *Parabotryocrinus tschudovensis*

**PARABURSACRINUS** Wanner, 1924. \**Bursacrinus procerus* Wanner, 1916.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Zeacrinitoidea, F.  
 West Timorechinidae

Wanner, 1924, p. 180. Bassler, 1938, p. 144. Bassler and Moodey, 1943, p. 586.  
 Moore and Laudon, 1943b, p. 59. Branson, C. C., 1948, p. 204. Webster, 1973,  
 p. 190. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T754.  
 Webster, 1986, p. 227. Webster, 1987, p. 123. Webster, 1993, p. 83.

Named, currently recognized species based on cups or crowns: 8 Permian species,  
 1 subspecies: 3 late Sakmarian – early Artinskian, 5 series uncertain (+1  
 subspecies, series uncertain)

Permian, series uncertain. West Timor

Permian, late Sakmarian - early Artinskian. Australia, Western Australia

*Parabursacrinus compressus* Wanner, 1924, p. 226, Pl. 12, figs. 9-11; Fig. 36. Bassler  
 and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204.

Permian, series uncertain. West Timor, Basleo

*Parabursacrinus conus* Wanner, 1924, p. 228, Pl. 12, figs. 7-8; Fig. 37. Bassler and  
 Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204.

Permian, series uncertain. West Timor, Basleo

*Parabursacrinus? gracilis* Wanner, 1949a, p. 38, Pl. 3, figs. 8-9; Fig. 13. Webster,  
 1973, p. 190.

Permian, series uncertain. West Timor

*Parabursacrinus granulatus* Wanner, 1949. Webster, 1987, p. 124, fig. 14, nos. A-D.  
 Webster, 1993, p. 83. Teichert and Webster, 1993, p. 8, Pl. 66, figs. 9-12.

Webster and Jell, 1999b, p. 311, Fig. 14, nos. A-B.

*Parabursacrinus magnificus* var. *granulata* Wanner, 1949a, p. 35, Pl. 3, figs. 1-3.  
 Webster, 1973, p. 190.

Permian, late Sakmarian - early Artinskian, Callytharra Formation. Australia,  
 Western Australia

- Parabursacrinus magnificus* (Wanner, 1916). Wanner, 1924, p. 232. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204. Wanner, 1949a, p. 34, Pl. 2, figs. 28-29. Webster, 1973, p. 190. Webster, 1987, p. 123, Fig. 14, nos. I-Q. Teichert and Webster, 1993, p. 8, Pl. 66, figs. 13-15. Webster, 1993, p. 83.
- Bursacrinus magnificus* Wanner, 1916, p. 177, Pl. 106 (11). Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204.
- Permian, late Sakmarian - early Artinskian, Callytharra Formation. West Timor, Basleo; Australia, Western Australia
- Parabursacrinus magnificus* var. *granulata* Wanner, 1949 = *Parabursacrinus granulatus*
- Parabursacrinus nefotassiensis* Wanner, 1924, p. 224, Pl. 12, figs. 5-6; Fig. 35. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204. Moore, Lane, and Strimple in Moore and Teichert, 1978, p. T754, Fig. 499, nos. 5b-5c. Webster, 1986, p. 227. Webster, 1987, p. 124, Fig. 14, nos. E-H. Webster, 1993, p. 83.
- Permian, late Sakmarian - early Artinskian, Callytharra Formation. West Timor; Australia, Western Australia
- \**Parabursacrinus procerus* (Wanner, 1916). Wanner, 1924, p. 223, Pl. 12, fig. 14; Fig. 34. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204. Moore, Lane, and Strimple in Moore and Teichert, 1978, p. T754, Fig. 499, no. 5a. Webster, 1986, p. 227.
- Bursacrinus procerus* Wanner, 1916, p. 181, Pl. 106 (11), fig. 7; Fig. 52. Bassler, 1938, p. 144. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204.
- Permian, series uncertain. West Timor, Basleo
- Parabursacrinus pyramidatus* (Wanner, 1916). Wanner, 1924, p. 230. Marez Oyens, 1940a, p. 333, Pl. 4, fig. 3. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204. Wanner, 1949a, p. 36, Pl. 3, figs. 4-7. Webster, 1973, p. 190.
- Bursacrinus pyramidatus* Wanner, 1916, p. 184, Pl. 106 (11), fig. 8. Bassler and Moodey, 1943, p. 586. Branson, C. C., 1948, p. 204.
- Permian, series uncertain. West Timor, Basleo
- Parabursacrinus pyramidatus granulatus* Wanner, 1924, p. 230, Pl. 12, figs. 12-13; Fig. 38. Bassler and Moodey, 1943, p. 587. Branson, C. C., 1948, p. 204.
- Permian, series uncertain. West Timor, Basleo
- PARACATILLOCRINUS** Wanner, 1916. \**P. granulatus* Wanner, 1916.
- Sbc. Disparida, Spf. Allagecrinoidea, F. Catillocrinidae
- Wanner, 1916, p. 6. Springer, 1923a, p. 28. Wanner, 1930, p. 14. Bassler, 1938, p. 144. Moore, 1940b, p. 86. Bassler and Moodey, 1943, p. 587. Moore and Laudon, 1943b, p. 30. Branson, C. *Parulocrinus vetulus* Lane, N. G., 1964b, p. 681, Pl. 112, figs. 11-13. Strimple, 1966a, p. 5. Strimple, 1968, p. 33 (*non P. vetulus* Lane and Webster as given p. 33). Webster, 1973, p. 191.

Pennsylvanian, Morrowan, Bird Spring Formation. United States, Nevada

*Paracromyocrinus?* sp. Moore and Strimple, 1973, p. 61, Pl. 15, figs. 2a-2c (brachials). Webster, 1977, p. 122.

Pennsylvanian, Morrowan, Wapanucka Formation. United States, Oklahoma

*Paracromyocrinus?* sp. indet. Hashimoto, 1984, p. 14, Pl. 4, figs. 1a-1c. Webster, 1993, p. 84.

Pennsylvanian, Moscovian, Akiyoshi Limestone Group, *Fusulinella biconica* Biozone.

Japan

**PARACTOCRINUS** Jaekel, 1918. \**P. tuberculatus* Jaekel, 1918.

"Inadunata", O. - Spf. uncertain, F. Paractocrinidae

Jaekel, 1918, p. 25. Bassler, 1938, p. 145. Bassler and Moodey, 1943, p. 587. Webster, 1973, p. 191. Arendt, 1976a, p. 81. Strimple *in* Moore and Teichert, 1978, p. T758. Etensohn, 1984, p. 65, Fig. 1. Webster, 1986, p. 229. Webster, 1988, p. 121.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Darriwilian species  
Ordovician, Darriwilian (Llanvirnian). Russia, Baltic Region

\**Paractocrinus tuberculatus* Jaekel, 1918, p. 25, fig. 15. Bassler, 1938, p. 145. Bassler and Moodey, 1943, p. 587, possible abnormal growth. Ubaghs, 1953, p. 669, Fig. 8. Webster, 1973, p. 191. Arendt, 1976a, p. 82, Pl. 1, fig. 3; Fig. 6. Strimple *in* Moore and Teichert, 1978, p. T758, Fig. 504, nos. 1a-1c. Webster, 1986, p. 229.

Ordovician, Darriwilian (Llanvirnian). Russia, Baltic Region

**PARACYDONOCRINUS** Arendt, 1970. \**P. diviensis* Arendt, 1970.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Codiocrinidae  
Arendt, 1970a, p. 106. Webster, 1977, p. 122. Lane and Moore *in* Moore and Teichert, 1978, p. T599. Webster, 1986, p. 229.

Named, currently recognized species based on cups or crowns: 1 Permian, Artinskian species  
Permian, late Artinskian. Russia

\**Paracydonocrinus diviensis* Arendt, 1970a, p. 107, Pl. 5, fig. 16; Fig. 15. Webster, 1977, p. 123. Lane and Moore *in* Moore and Teichert, 1978, p. T599, Fig. 386, no. 1. Webster, 1986, p. 229.

Permian, late Artinskian, Sarga Horizon. Russia, Priurals, Siberia

**PARACYMBOCRINUS** Burdick and Strimple, 1973. \**P. ormandi* Burdick and Strimple, 1973.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Texacrinoidea, F. Aesiocrinidae

Burdick and Strimple, 1973, p. 239. Webster, 1977, p. 123. Moore and Strimple *in* Moore and Teichert, 1978, p. T741. Webster, 1986, p. 229. Lane and Sevastopulo, 1990, p. 336. Webster, 1993, p. 84.

Named, currently recognized species based on cups or crowns: 2 Mississippian, Serpukhovian species  
Mississippian, Serpukhovian (Chesterian). United States, Arkansas, Oklahoma

*Paracymbiocrinus armandi* Burdick and Strimple, 1973 = *Paracymbiocrinus ormandi*

\**Paracymbiocrinus ormandi* Burdick and Strimple, 1973b, p. 240, Pl. 2, figs. 11-13, 15-17; Fig. 5. Webster, 1977, p. 123. Webster, 1986, p. 229.

*Paracymbiocrinus armandi* Burdick and Strimple, 1973. Moore and Strimple *in* Moore and Teichert, 1978, p. T741, Fig. 492, no. 1.

Mississippian, Serpukhovian (Chesterian), Imo Formation. United States, Arkansas

*Paracymbiocrinus pitkini* (Strimple, 1955). Burdick and Strimple, 1973b, p. 240.  
Webster, 1977, p. 123.

*Cymbiocrinus pitkini* Strimple, 1955, p. 14, Fig. 1. Burdick and Strimple, 1973b, p. 240. Webster, 1973, p. 97. Webster, 1977, p. 123.

Mississippian, Serpukhovian (Chesterian), Pitkin Limestone. United States, Oklahoma

**PARADELOCRINUS** Moore and Plummer, 1938. \**P. aequabilis* Moore and Plummer, 1938.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Erisocrinoidea, F. Paradelocrinidae

Moore and Plummer, 1938, p. 294. Bassler, 1938, p. 145. Bassler and Moodey, 1943, p. 587. Moore and Laudon, 1943b, p. 60. Moore and Laudon, 1944, p. 173.

Knapp, 1969, p. 352, Fig. 1. Strimple and Watkins, 1969, p. 181. Webster, 1973, p. 191. Webster, 1977, p. 123. Moore, Strimple, and Lane *in* Moore and Teichert,

1978, p. T709. Webster, 1986, p. 229.

Named, currently recognized species based on cups or crowns: 6 Pennsylvanian species, 3 Morrowan, 1 Desmoinesian, 2 Virgilian  
Pennsylvanian, Morrowan, Desmoinesian, Virgilian. United States

\**Paradelocrinus aequabilis* Moore and Plummer, 1938, p. 295, Pl. 114, figs. 4a-4e; Fig. 35. Bassler, 1938, p. 145. Bassler and Moodey, 1943, p. 587. Moore and Laudon, 1944, p. 173, Pls. 62, fig. 3; 65, fig. 20. Strimple, 1960b, p. 154, Fig. 2, no. B. Knapp, 1969, p. 352, Fig. 5. Webster, 1973, p. 191. Webster, 1977, p. 123. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T709, Fig. 466, no. 4. Webster, 1986, p. 229.

Pennsylvanian, Morrowan, Bloyd Formation, Brentwood Limestone Member. United States, Oklahoma

*Paradelocrinus atoka* Strimple, 1961 = *Protencrinus atoka*

*Paradelocrinus brachiatus* Moore and Plummer, 1940 = *Protencrinus brachiatus* =  
*Neoprotencrinus brachiatus*

*Paradelocrinus burdeni* Pabian and Strimple, 1974b, p. 36, Fig. 17, nos. 1-2.  
Webster, 1986, p. 230.

Pennsylvanian, Virgilian, Curzon Limestone. United States, Nebraska

*Paradelocrinus cranei* Strimple, 1949 = *Neoprotencrinus cranei*

*Paradelocrinus decoratus* Burke, 1970 = *Graffhamicrinus decoratus*

?*Paradelocrinus decoratus* Burke, 1970 = *Graffhamicrinus decoratus*

*Paradelocrinus disculus* Strimple, 1949 = *Neoprotencrinus disculus*

*Paradelocrinus dubius* (Mather, 1915) = \**Arkacrinus dubius*

*Paradelocrinus inflexus* (Geinitz, 1867) = *Subarrectocrinus inflexus*

*Paradelocrinus iolaensis* Strimple, 1949 = \**Sublobalocrinus iolaensis*

*Paradelocrinus johnstonensis* Strimple, 1961 = *Cricocrinus johnstonensis* =  
*Neoprotencrinus johnstonensis*

*Paradelocrinus matheri* (Moore and Plummer, 1938). Knapp, 1969, p. 352. Webster, 1977, p. 123.

*Delocrinus matheri* Moore and Plummer, 1938, p. 289, Pls. 13, fig. 3; 14, fig. 7a. Bassler and Moodey, 1943, p. 410. Moore and Laudon, 1944, p. 171, Pl. 65, fig. 11. Knapp, 1969, p. 352. Webster, 1973, p. 122. Webster, 1977, p. 123.

*Endelocrinus matheri* (Moore and Plummer, 1938). Strimple, 1960b, p. 151, Figs. 1-2A. Moore and Strimple, 1973, p. 67, Pl. 17, figs. 3a-d. Webster, 1973, p. 122. Webster, 1977, p. 77. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T717, Fig. 470, nos. 3b-3d. Webster, 1986, p. 138.

Pennsylvanian, Morrowan, Bloyd Formation, Brentwood Limestone Member. United States, Oklahoma

*Paradelocrinus nederi* Webster and Lane, 1970, p. 290, Pl. 57, figs. 1-3. Webster, 1977, p. 123.

Pennsylvanian, Desmoinesian, Naco Formation. United States, Arizona

*Paradelocrinus obovatus* Moore and Plummer, 1940 = *Parerisocrinus obovatus* =  
*Erisocrinus obovatus*

*Paradelocrinus planus* (White, 1879) = *Sublobalocrinus planus*

*Paradelocrinus protensus* Moore and Plummer, 1940 = \**Neocatacrinus protensus*

*Paradelocrinus regulatus* Strimple, 1949 = *Cricocrinus regulatus* = *Neoprotencrinus regulatus*

*Paradelocrinus? sinus* Moore and Plummer, 1938, p. 302, Pl. 16, figs. 7a-7l. Bassler and Moodey, 1943, p. 588.

Pennsylvanian, Morrowan, Bloyd Formation, Brentwood Limestone Member. United States, Oklahoma, Arkansas

*Paradelocrinus subplanus* Moore and Plummer, 1940 = *Cricocrinus subplanus* =  
\**Neoprotencrinus subplanus*

*Paradelocrinus thurmanensis* Pabian and Strimple, 1974b, p. 22, Figs. 9, no. 2; 10, no. 4; 11, nos. 1-3. Webster, 1986, p. 230.

Pennsylvanian, Virgilian, Coal Creek Limestone. United States, Iowa, Kansas

*Paradelocrinus? toddanus* (Butts, 1898) = *Cricocrinus toddanus* = *Neoprotencrinus toddanus*

*Paradelocrinus wapanucka* Strimple, 1961 = *Cricocrinus wapanucka* = *Pontotocrinus wapanucka* = *Erisocrinus wapanucka*

*Paradelocrinus* sp. 1 Breimer, 1962 = *Cyathocrinites* advanced

*Paradelocrinus* sp. 2 Breimer, 1962 = *Atokacrinus* sp.

**PARADIABOLOCRINUS** Brower and Veinus, 1974. \**P. irregularis* Brower and Veinus, 1974.

Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae  
Brower and Veinus, 1974, p. 92. Ubaghs *in* Moore and Teichert, 1978, p. T430.  
Kolata, 1982, p. 201. Webster, 1986, p. 230. Webster, 1988, p. 121. Ausich,  
1998b, p. 35.

Named, currently recognized species based on cups or crowns: 3 Ordovician,  
Sandbian species

Ordovician, Sandbian (Champlainian). United States, Oklahoma, Tennessee,  
Virginia

\**Paradiabolocrinus irregularis* Brower and Veinus, 1974, p. 94, Pl. 13, fig. 3. Ubaghs  
*in* Moore and Teichert, 1978, p. T430, Fig. 238, no. 1. Webster, 1986, p. 230.  
Ordovician, Sandbian (Champlainian), Benbolt or Wardell Formation. United States,  
Tennessee

*Paradiabolocrinus sinuorugosus* Brower and Veinus, 1974, p. 95, Pl. 12, fig. 6.  
Webster, 1986, p. 230.

*Diabolocrinus asperatus?* (Miller and Gurley, 1894). Butts, C., 1941, p. 91, Pl. 89,  
figs. 4-5 only. Webster, 1973, p. 104. Brower and Veinus, 1974, p. 95.  
Webster, 1986, p. 230.

Ordovician, Sandbian (Champlainian), Benbolt Formation; Dryden Limestone;  
Ottosee Limestone. United States, Virginia

*Paradiabolocrinus stellatus* Kolata, 1982, p. 201, Pl. 21, figs. 9-13; Fig. 55. Webster,  
1988, p. 121.

Ordovician, Sandbian (early Champlainian), Bromide Formation, Mountain Lake  
Member. United States, Oklahoma

**PARADICHOCRINUS** Springer, 1926. \**Dichocrinus polydactylus* Casseday and Lyon,  
1862.

 Lochkovian  
 Devonian, Lochkovian. Kyrgystan

\**Parahexacrinus fungiformis* Schewtschenko, 1967, p. 77, Pl. 9, figs. 1-3; Figs. 1-2.  
 Schewtschenko, 1968b, p. 73, Pl. 9, figs. 1-3; Figs. 1-2. Webster, 1973, p. 194.  
 Ubaghs *in* Moore and Teichert, 1978, p. T11, T475, Figs. 85, no. 1; 280, no. 1.  
 Webster, 1986, p. 234.  
 Devonian, Lochkovian, Kshtut Horizon. Kyrgystan, Central Asia, Southeast Tian  
 Shan

*Paraichthyocrinus seversoni* Laudon, Parks and Spreng, 1952 = *Parichthyocrinus  
 seversoni*

**PARALAGENIOCRINUS** Wanner, 1949. Moore and Teichert, 1978, p. T928.

**Note:** I can find no reference to a genus of this name in either Wanner 1949a or  
 1949b. GDW.

**PARALECYTHIOCRINUS** Moore, Lane, and Strimple *in* Moore and Strimple, 1973 =  
**THYRIDOCRINUS**

**PARALLELOCRINUS** Knapp, 1969 = **DIPHUICRINUS**

*Parallelocrinus mercenarius* Burke, 1974 = *Diphuicrinus? mercenarius*

*Parallelocrinus sturgeonii* Burke, 1971 = *Diphuicrinus sturgeonii* = *D. typus*

*Parallelocrinus typus* Knapp, 1969 = *Diphuicrinus typus*

**PARAMEGALIOCRINUS** Arendt, 1983. \**P. erlangeri* Arendt, 1983.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F.  
 Paragaracocrinidae

Arendt, 1983d, p. 95. Webster, 1988, p. 122.

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian,  
 Moscovian species

Pennsylvanian, Moscovian. Russia, Moscow Basin

\**Paramegaliocrinus erlangeri* Arendt, 1983d, p. 92, Figs. 1-2. Webster, 1988, p. 122.  
 Pennsylvanian, Moscovian, Myachkovo Horizon. Russia, Moscow Basin

**PARAMELOCRINUS** Ubaghs, 1958. \**P. angelini* Ubaghs, 1958.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Melocrinitoidea, F. Paramelocrinidae

Ubaghs, 1958b, p. 261. Webster, 1973, p. 194. Ubaghs *in* Moore and Teichert, 1978, p. T491.

Named, currently recognized species based on cups or crowns: 1 Silurian species, series unknown

Silurian, Sweden, Isle of Gotland

\**Paramelocrinus angelini* Ubaghs, 1958b, p. 262, Pl. 1, fig. 1; Figs. 1-2. Webster, 1973, p. 194. Ubaghs *in* Moore and Teichert, 1978, p. T490.

*Melocrinus volborthi* Angelin, 1878 (part), p. 20, Pl. 18, fig. 16 only. Wachsmuth and Springer, 1881. Ubaghs, 1958b, p. 262. Webster, 1973, p. 194.

Silurian, level and strata indeterminate. Sweden, Isle of Gotland

**PARAMPHICRINUS** Strimple and Moore, 1971. \**Amphicrinus oklahomaensis* Strimple, 1938.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Sagenocrinitoidea, F. Euryocrinidae

Strimple and Moore, 1971a, p. 40. Moore and Strimple, 1973, p. 37. Webster, 1977,

p. 125. Moore *in* Moore and Teichert, 1978, p. T811, Figs. 510, no. 3a.

Webster, 1986, p. 235. Pabian and Rushlau, 2002, p. 38.

Named, currently recognized species based on cups or crowns: 4 Pennsylvanian species, 1 Morrowan, 1 Desmoinesian, 2 Missourian

Pennsylvanian, Morrowan, Missourian - Virgilian. United States

*Paramphicrinus magnus* Moore and Strimple, 1973, p. 38, Pl. 3, figs. 2a-2d. Webster, 1977, p. 125.

Pennsylvanian, Morrowan, pre-Brentwood? shale in Bloyd Formation. United States, Arkansas

*Paramphicrinus novamexicanus* Webster and Kues, 2006, p. 22, Figs. 8.4-8.6.

Pennsylvanian, Desmoinesian, Madera Group Los Moyos Formation. United States, New Mexico

\**Paramphicrinus oklahomaensis* (Strimple, 1939). Strimple and Moore, 1971a, p. 40, Pls. 22, figs. 2a-2d; 23, figs. 3a-3b; Figs. 17-18. Moore and Strimple, 1973, p. 37, Figs. 3-4. Webster, 1977, p. 125. Moore *in* Moore and Teichert, 1978, p. T812, Figs. 544, no. 2; 547, no. 1. Webster, 1986, p. 235.

*Amphicrinus oklahomaensis* Strimple, 1939a, p. 364, Pl. 1, figs. 1-2. Bassler and Moodey, 1943, p. 298. Strimple and Moore, 1971a, p. 40. Webster, 1977, p. 125.

Pennsylvanian, Missourian, Ochelata Group, Stanton Limestone; Bond Formation, LaSalle Limestone Member. United States, Oklahoma, Illinois

*Paramphicrinus* sp. cf. *P. oklahomaensis* Strimple, 1938. Pabian and Strimple, 1980b, p. 2, Fig. 2, nos. c-d. Webster, 1986, p. 235.

Pennsylvanian, Virgilian, Calhoun Shale. United States, Iowa

*Paramphicrinus poundi* (Strimple, 1938). Moore *in* Moore and Teichert, 1978, p. T812, Fig. 547, nos. 1g-1h. Webster, 1986, p. 235.

*Amphicrinus poundi* Strimple, 1939a, p. 5, Pl. 2, figs. 18-19. Strimple and Moore, 1971a, p. 47, Pl. 22, fig. 1. Webster, 1977, p. 37.

Pennsylvanian, Missourian, Stanton Limestone. United States, Kansas

*Paramphicrinus* sp. cf. *P. poundi* (Strimple, 1938). Pabian and Strimple, 1974b, p. 2, Figs. 1, no. 1; 2, no. 1. Webster, 1986, p. 235.

Pennsylvanian, Missourian, Drum Formation, Cement City Limestone. United States, Oklahoma

*Paramphicrinus* spp.

Strimple, 1975h, p. 704, Pl. 1, figs. 10-12. Webster, 1986, p. 235.

Pennsylvanian, Morrowan, La Tuna Member, Magdalena Formation. United States, Texas

Pabian and Rushlau, 2002, p. 38, Fig. 11, nos. 9-11.

Pennsylvanian, Foraker Formation, Hughes Creek Shale Member. United States, Nebraska

*Paramphicrinus?* sp. Webster and Kues, 2006, p. 22, Fig. 8.3.

Pennsylvanian, Missourian or Virgilian, upper part of Madera Group. United States, New Mexico

**PARAMISOCRINUS** Frest and Strimple, 1978. *\*Anisocrinus? irregularis* Springer, 1920.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Sagenocrinitoidea, F. Homalocrinidae

Frest and Strimple, 1978a, p. 688. Webster, 1986, p. 236.

Named, currently recognized species based on cups or crowns: 1 Silurian, Ludlovian species

Silurian, Ludlovian. Sweden, Isle of Gotland

*\*Paramisocrinus irregularis* (Springer, 1920). Frest and Strimple, 1978a, p. 688. Webster, 1986, p. 236.

*Anisocrinus? irregularis* Springer, 1920a, p. 165, Pl. 10, figs. 5-6. Bassler and Moodey, 1943, p. 302. Frest and Strimple, 1978a, p. 688. Webster, 1986, p. 236.

*Lecanocrinus macropetalus* Hall, 1852, Angelin, 1878. Frest and Strimple, 1978a, p. 688. Webster, 1986, p. 236.

Silurian, Ludlovian. Sweden, Isle of Gotland

**PARAPERNEOCRINUS** Yakovlev, 1949. *\*P. sibiricus* Yakovlev, 1949.

Sbc. Cladida, O. Cyathocrinida, Spf. Gasterocomoidea, F. Crotalocrinitidae Yakovlev, 1949c, p. 17. Arendt and Hecker, 1964, p. 84. Webster, 1973, p. 195.

Lane and Moore *in* Moore and Teichert, 1978, p. T592. Webster, 1986, p. 236.

Named, currently recognized species based on cups or crowns: 1 Devonian, Pragian

or Emsian species  
Devonian, Pragian or Emsian. Russia

\**Parapernocrinus sibiricus* Yakovlev, 1949c, p. 17, Pls. 1, figs. 4-8; 2, figs. 1-2. Arendt and Hecker, 1964, p. 84, Pl. 8, figs. 13-15. Webster, 1973, p. 195. Lane and Moore *in* Moore and Teichert, 1978, p. T592, Fig. 382, no. 3. Webster, 1986, p. 236.

Devonian, Pragian or Emsian (Coblentzian). Russia, Central Urals

**PARAPISOCRINUS** Mu, 1954. \**Pisocrinus ollula* Angelin, 1878.

Sbc. Disparida, Spf. Pisocrinoidea, F. Pisocrinidae

Mu, 1954, p. 326. Ausich, 1977, p. 672, 685. Moore and Lane *in* Moore and Teichert, 1978, p. T536. Rozhnov, 1981, p. 85. Webster, 1986, p. 236. Jell *et al.*, 1988, p. 391. Webster, 1988, p. 122. Webster, 1993, p. 84. Webster, Becker, and Maples, 2005, p. 1058. Rozhnov, 2007b, p. 314, Fig. 3, no. c.

**Note:** Ausich, 1977, presented solid arguments to place *Parapisocrinus* in synonymy

of *Pisocrinus* with which I agree. However, Rozhnov, 1981, recognized the genus. Both forms are given herein.

*PISOCRINUS (PARAPISOCRINUS)* Mu, 1954, p. 326, Fig. 2. Weyer, 1965, p. 969. Webster, 1973, p. 208.

*OLLULOCRINUS* Bouska, 1956a, p. 28. Arendt and Hecker, 1964, p. 81. Weyer, 1965, p. 969. Webster, 1973, p. 208.

Named, currently recognized species based on cups or crowns: 7 species, 3 Subspecies. 4 Silurian, 1 Wenlockian, 3 Niagran; 2 Silurian - Devonian 1 Llandoveryan – Lochkovian; 1 Ludlovian – Lochkovian (+1 Ludlovian – Lochkovian subspecies); 1 Early Devonian undesignated Ludlovian – Emsian subspecies); 1 Devonian, (+1 Pragian subspecies), 1 Emsian

Middle Silurian - Early Devonian. Europe, Russia, North America, Australia

*Parapisocrinus malobatschatensis* (Dubatolova, 1964). Rozhnov, 1981, p. 94, Pl. 21, fig. 4; Fig. 18, nos. k-l. Webster, 1988, p. 123.

*Ollulocrinus malobatschatensis* Dubatolova, 1964, p. 14, Pl. 1, fig. 1. Webster, 1973, p. 208. Rozhnov, 1981, p. 94. Webster, 1988, p. 123.

*Pisocrinus (Parapisocrinus) malobatschatensis* (Dubatolova, 1964). Webster, 1968, p. 208. Webster, 1973, p. 208. Rozhnov, 1981, p. 94. Webster, 1988, p. 123.

Devonian, Emsian, Malovachatsky Layer. Russia, Kuznetz Basin

\**Parapisocrinus ollula* (Angelin, 1878). Ubaghs *in* Moore and Teichert, 1978, p. T164, Fig. 135, no. 2. Moore and Lane *in* Moore and Teichert, 1978, p. T536, Fig. 332, nos. 4a-4b. Rozhnov, 1981, p. 86. Webster, 1986, p. 236. Webster, 1988, p. 123.

*Pisocrinus ollula* Angelin, 1878, p. 21, Pl. 4, figs. 2a, 2c-2d. Bather, 1893a, p. 32, Pl. 1, figs. 12-19. Springer, 1926a, p. 80, Pl. 25, figs. 7-10. Bassler and Moodey, 1943, p. 612.

*Pisocrinus globosus?* Rowley, R. R., 1904d (*non* Ringueberg, 1884), p. 270, Pl. 16, figs. 8-9. Bassler and Moodey, 1943, p. 612.

*Ollulocrinus sphericus* (Rowley, 1904). Bouska, 1956a, p. 32. Webster, 1973, p. 208.

*Pisocrinus (Parapisocrinus) sphericus* Rowley, 1904. Mu, 1954, p. 326. Webster, 1973, p. 208.

Silurian, Niagaran, Brownsport Formation; Bainbridge Formation; Beech River Formation; Decatur Limestone; Lobelville Limestone. United States, Tennessee, Missouri

*Parapisocrinus cf. sphaericus* (Rowley); Donovan et al., 2008 = *Pisocrinus cf. sphaericus*

*Parapisocrinus tennesseeensis* (Roemer, 1860). Strimple, 1975j, p. 198, Fig. 1, no. a. Rozhnov, 1981, p. 85, Fig. 4, no. a. Webster, 1986, p. 237. Webster, 1988, p. 123. Ausich, 2009a, p. 487, suppl. p. 36.

*Synbathocrinus tennesseeensis* Roemer, C. F., 1860a, p. 55, Pl. 4, figs. 6a-6b. Shumard, 1868, p. 397. Miller, S. A., 1889, p. 285. Wood, E., 1909, p. 26 (part). Bassler, 1915, p. 1249. Bassler and Moodey, 1943, p. 613.

*Synbathocrinus tennessee-ensis* Roemer, 1860. Bigsby, 1868, p. 23.

*Symbathocrinus tennesseeensis* (Roemer, 1860). Quenstedt, 1885, p. 953, Pl. 76, fig. 25. Wood, E., 1909, p. 26. Bassler, 1915, p. 1249. Bassler and Moodey, 1943, p. 693.

*Pisocrinus tennesseeensis* (Roemer, 1860). Bather, 1893a, p. 23. Springer, 1926a, p. 79, Pl. 24, figs. 1-5. Bassler and Moodey, 1943, p. 613. Moore and Laudon, 1944, p. 147, Pl. 54, fig. 18. Amsden, 1949, p. 78, Pl. 12, figs. 10-11. Ubaghs, 1953, p. 746, Figs. 37-39. Ausich, 1977, p. 675, Pl. 2, figs. 1-2, 8, 11; Figs. 3, no. D; 8; Tab. 2. Ausich, 1978, p. 488, Fig. 2, no. C. Brett, 1984, p. 103, Fig. 10, nos. A-C. Webster, 1986, p. 252. Webster, 1988, p. 133.

*Ollulocrinus tennesseeensis* (Roemer, 1860). Strimple, 1963d, p. 46, Fig. 11, no. d. Webster, 1973, p. 209.

*Pisocrinus (Parapisocrinus) tennesseeensis* (Roemer, 1860). Mu, 1954, p. 326. Webster, 1973, p. 209.

*Synbathocrinites tennesseeae* Troost, 1850a, p. 61. Troost, 1850b, p. 419.

*Synbathocrinus tennesseeae* (Troost, 1850). Shumard, 1868, p. 397. Miller, S. A., 1889, p. 285.

*Pisocrinus campana* Springer, 1926a, Pl. 24, fig. 20 only. Ausich, 1977, p. 679.

Silurian, Niagaran, Brownsport Formation; Beech River Formation; Dixon Limestone; Bainbridge Limestone. United States, Tennessee, Missouri

*Parapisocrinus yassensis* (Etheridge, 1904). Rozhnov, 1981, p. 92, Pl. 21, figs. 1-3; Fig. 18, nos. e-zh. Webster, 1988, p. 123. Prokop and Petr, 1990, p. 50, 51. Webster, 1993, p. 85.

*Pisocrinus? yassensis* Etheridge, 1904, p. 289, Pl. 37, figs. 1-14. Bassler and Moodey, 1943, p. 613.

*Pisocrinus (Parapisocrinus)? cf. yassensis* Etheridge, 1904. Webster, 1973, p. 209.

*Ollulocrinus yassensis* (Etheridge, 1904). Bouska, 1956a, p. 32. Webster, 1973, p. 209.

*Pisocrinus (Parapisocrinus) yassensis* (Etheridge, 1904). Mu, 1954, p. 326. Webster, 1973, p. 209.

*Ollulocrinus? cf. yassensis* (Etheridge, 1904). Bouska, 1956a, p. 32, Pl. 4, figs. 2-4. Webster, 1973, p. 209. Prokop and Petr, 1990, p. 50, 51. Webster, 1993, p. 85.

*Pisocrinus? yassensis lobatus* Etheridge, 1904, p. 292, Pl. 37, fig. 15. Bassler and Moodey, 1943, p. 613.

*Pisocrinus (Parapisocrinus) lobata* Etheridge, 1904. Mu, 1954, p. 326. Webster, 1973, p. 208. Rozhnov, 1981, p. 92. Webster, 1988, p. 123.

Silurian, Wenlockian, Kopanina Formation. Australia, New South Wales; Czech Republic

Silurian, Niagaran, Brownsport Formation; Beech River Formation; Dixon Limestone; Bainbridge Limestone. United States, Tennessee, Missouri

*Parapisocrinus* spp.

*Pisocrinus (Parapisocrinus)* sp. Webster, 1973, p. 209.

*Ollulocrinus* sp. Bouska, 1956a, p. 37, Pl. 4, fig. 7. Webster, 1973, p. 209. Prokop and Petr, 1990, p. 36. Webster, 1993, p. 85.

Silurian, Ludlovian, Pridoli Beds. Czech Republic, Bohemia  
Rozhnov, 1981, p. 15, Fig. 3, nos. i-m. Webster, 1988, p. 123.

*Ollulocrinus rimosus* Bouska, 1956. Rozhnov, 1981, p. 15. Webster, 1988, p. 123.

Early Devonian. Czech Republic, Bohemia  
Jell *et al.*, 1988, p. 391, Fig. 27, nos. K-M. Webster, 1993, p. 84.

Devonian, Pragian (*sulcatus* Biozone), Shield Creek Formation, Martins Well Limestone Member. Australia, Queensland  
Rozhnov, 2002, p. S528, Figs. 1, no. c; 12.

Diagrammatic

Webster, Becker, and Maples, 2005, p. 1059, Fig. 5, nos. 8-9.  
Devonian, Famennian, IV-B. Morocco

**PARAPLASOCRINUS** Moore and Plummer, 1938. *\*Cibolocrinus transitorius*  
Wanner, 1916.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Erisocrinoidea, F. Catacrinidae

Moore and Plummer, 1938, p. 306. Bassler, 1938, p. 145. Bassler and Moodey, 1943, p. 590. Moore and Laudon, 1943b, p. 60. Branson, C. C., 1948, p. 205.

Wanner, 1949a, p. 49. Arendt and Hecker, 1964, p. 90. Webster, 1973, p. 195. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T717. Webster, 1986, p. 237. Webster, 1988, p. 123.

Named, currently recognized species based on cups or crowns: 1 Permian species, series uncertain

Permian, series uncertain. West Timor

\**Paraplasocrinus transitorius* (Wanner, 1916). Moore and Plummer, 1938, p. 306.

Bassler and Moodey, 1943, p. 590. Branson, C. C., 1948, p. 205. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T717, Fig. 474, no. 2.

Strimple and Pareyn, 1982, p. 230. Webster, 1986, p. 237.

*Cibolocrinus transitorius* Wanner, 1916, p. 208, Pls. 103 (8), figs. 11-12; 107 (12), figs. 11, 14; Figs. 54-56. Wanner, 1924, p. 254, Pls. 17, figs. 19-20; 18, figs. 1-2; Figs. 44-50. Yakovlev, 1930c, p. 377, Fig. 3. Bassler, 1938, p. 145. Bassler and Moodey, 1943, p. 590. Branson, C. C., 1948, p. 205. Strimple and Pareyn, 1982, p. 230. Webster, 1988, p. 124.

*Lopadiocrinus mammillaris* Wanner, 1916, p. 232, Pl. 107 (12), fig. 15. Bassler and Moodey, 1943, p. 590. Branson, C. C., 1948, p. 205.

Permian, series uncertain, Basleo Beds. West Timor

**PARARCHAEOCRINUS** Strimple and Watkins, 1955. \**P. decoratus* Strimple and Watkins, 1955.

Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae  
Strimple and Watkins, 1955, p. 351. Webster, 1973, p. 195. Brower and Veinus, 1974, p. 69. Ubaghs *in* Moore and Teichert, 1978, p. T418. Kolata, 1982, p. 199. Donovan, 1985a, p. 125. Webster, 1986, p. 237. Webster, 1988, p. 124. Ausich, 1998b, p. 35.

Named, currently recognized species based on cups or crowns: 3 Ordovician species, 2 Sandbian, 1 Katian

Ordovician, Sandbian – Katian (Champlainian). United States

*Pararchaeocrinus convexus* Brower and Veinus, 1974, p. 709, Pl. 13, fig. 4. Webster, 1986, p. 237.

Ordovician, Sandbian (Champlainian), Wardell Formation, Witten Formation. United States, Tennessee

\**Pararchaeocrinus decoratus* Strimple and Watkins, 1955, p. 351, Figs. 2, nos. b-f; 9, 10. Webster, 1973, p. 195. Ubaghs *in* Moore and Teichert, 1978, p. T148, Fig. 227, no. 3. Kolata, 1982, p. 199, Pl. 18, figs. 4-10; Fig. 54. Webster, 1986, p. 237. Webster, 1988, p. 124.

Ordovician, Sandbian (early Champlainian), Bromide Formation, Pooleville Member.

United States, Oklahoma

*Pararchaeocrinus rugulosus* Kelly and Pope, 1979, p. 417, Pl. 1, figs. 1-7; Fig. 1. Webster, 1986, p. 237.

Ordovician, Katian (Richmondian), upper part of Dillsboro Formation. United States, Indiana

*Pararchaeocrinus?* sp. Kolata, 1982, p. 200, Pl. 20, figs. 11-12. Webster, 1988, p. 124.

Ordovician, Sandbian (early Champlainian), Bromide Formation, Pooleville Member. United States, Oklahoma

**PARASCYPHOCRINITES** Chen, Yao, and Yu, 1983. \**P. expansus* Chen, Yao, and Yu, 1983, OD.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Scyphocrinitoidea, F. Scyphocrinitidae

Chen, Yao, and Yu, 1983, p. 337. Chen and Yao, 1993, p. 40. Webster, Waters and Chen, 2009, p. 141.

Named, currently recognized species based on cups or crowns: 1 Devonian species, Givetian or early Frasnian  
Devonian. China, Yunnan Province

\**Parascyphocrinites expansus* Chen, Yao, and Yu, 1983, p. 338, Pl. 1, figs. 1-4; Figs. 1-2. Chen and Yao, 1993, p. 40, Pl. 6, fig. 4. Webster, Waters and Chen, 2009, p.

141, Fig. 7, nos. z, aa.

Devonian, Givetian or early Frasnian, upper part of Heyuanzhai Formation. China, Yunnan Province

**PARASCYTALOCRINUS** Kammer and Ausich, 1993. \**Scytalocrinus validus* Wachsmuth and Springer, 1897, OD.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F. Scytalocrinidae

Kammer and Ausich, 1993, p. 617.

Named, currently recognized species based on cups or crowns: 3 Mississippian Viséan species  
Mississippian, Viséan (late Osagean - early Meramecian). United States

*Parascytalocrinus hamiltonensis* (Worthen, 1882). Kammer and Ausich, 1993, p. 617, Figs. 4.1-4.5.

*Poteriocrinus hamiltonensis* Worthen, 1882, p. 7. Worthen, 1883, p. 273, Pl. 27, fig. 9. Miller, S. A., 1889, p. 274. Bassler and Moodey, 1943, p. 678. Kammer and Ausich, 1993, p. 618.

*Scytalocrinus hamiltonensis* (Worthen, 1882). Bassler and Moodey, 1943, p. 678. Kammer and Ausich, 1993, p. 618.

*Poteriocrinites (Scaphiocrinus) mcadamsi* Worthen, Ms. in Meek and Worthen, 1873. Frest and Strimple, 1977d, p. 861. Kammer and Ausich, 1993, p. 618.

*Graphiocrinus mcadamsi* (Meek and Worthen, 1873). Wachsmuth and Springer, 1880 (1879), p. 123. Bassler and Moodey, 1943, p. 496.

*Scytalocrinus? mcadamsi* (Meek and Worthen, 1873). Frest and Strimple, 1977d, p. 861, Figs. 1, nos. B-C; 2, no. B.

Mississippian, Viséan (late Osagean), Keokuk Limestone, lower part of Warsaw Formation. United States, Illinois, Iowa

*Parascytolecrinus pentagonus* Ausich, Goldstein, and Yates, 2000, p. 1078, Fig. 1, no. 6.

Mississippian, Viséan (late Osagean), Muldraugh Member, Borden Formation.  
United States, Kentucky

\**Parascytolecrinus validus* (Wachsmuth and Springer, 1897). Kammer and Ausich, 1993, p. 617, Figs. 4.6-4.7. Ausich and Kammer, 2010b, p. 119, Fig. 4, no. E. *Scytolecrinus validus* Wachsmuth and Springer, 1897, Pl. 7, figs. 2a-3. Springer, 1900, p. 141, Pl. 16, figs. 9-10. Bassler and Moodey, 1943, p. 679. Moore and Laudon, 1943b, p. 132, Pl. 3, fig. 2. Moore and Laudon, 1944, p. 169, Pl. 59, fig.

11. Webster, 1973, p. 239. Ubaghs *in* Moore and Teichert, 1978, p. T189, Fig. 159, no. 1. Moore and Strimple *in* Moore and Teichert, 1978, p. T640, Fig. 418, nos. 5c-5d. Webster, 1986, p. 283. Kammer and Ausich, 1993, p. 617.

Mississippian, Viséan (late Osagean - early Meramecian), Edwardsville Formation, Harrodsburg Limestone. United States, Indiana

**PARASTACHYOCRINUS** Wanner, 1949. \**Erisocrinus malaianus* Wanner, 1924.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Erisocrinoidea, F. Stachyocrinidae

Wanner, 1949a, p. 42. Webster, 1973, p. 195. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T719. Webster, 1986, p. 238.

Named, currently recognized species based on cups or crowns: 4 Permian species, 1 subspecies, series uncertain

Permian, series uncertain. West Timor

*Parastachyocrinus granulatus* (Wanner, 1924). Wanner, 1949a, p. 42. Webster, 1973, p. 195.

*Erisocrinus granulatus* Wanner, 1924, p. 290, Pls. 18, figs. 28-30; 19, fig. 5. Bassler and Moodey, 1943, p. 459. Branson, C. C., 1948, p. 192. Wanner, 1949a, p. 42. Webster, 1973, p. 195. Pabian and Rushlau, 2002, p. 23

Permian, series uncertain. West Timor, Basleo

*Parastachyocrinus inflatus* Wanner, 1949a, p. 46, Pl. 3, figs. 20-21. Webster, 1973, p. 195.

Permian, series uncertain West Timor

\**Parastachyocrinus malaianus* (Wanner, 1924). Wanner, 1949a, p. 44, Pl. 3, figs. 10-17. Webster, 1973, p. 195. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T720, Fig. 475, no. 1. Webster, 1986, p. 238.

*Erisocrinus malaianus* Wanner, 1924, p. 291, Pl. 18, figs. 22-27. Bassler and Moodey, 1943, p. 459. Branson, C. C., 1948, p. 192. Wanner, 1949a, p. 44. Webster, 1973, p. 195.

Permian, series uncertain. West Timor, Basleo

*Parastachyocrinus malaianus ornataus* Wanner, 1949 nomen corr.

*Parastachyocrinus malaianus* var. *ornata* Wanner, 1949a, p. 45, Pl. 3, figs. 18-19. Webster, 1973, p. 195.

Permian, series uncertain. West Timor

*Parastachyocrinus obliquus* (Wanner, 1916). Wanner, 1949a, p. 42. Webster, 1973, p. 195.

*Erisocrinus obliquus* Wanner, 1916, p. 225, Pl. 103 (8), fig. 10. Wanner, 1924, p. 288, Pl. 18, figs. 17-21; Fig. 56. Bassler and Moodey, 1943, p. 459. Branson, C. C., 1948, p. 192. Wanner, 1949a, p. 42. Van Sant *in* Van Sant and Lane, 1964, p. 65, Fig. 23, no. 1. Webster, 1973, p. 195.

Permian, series uncertain. West Timor, Basleo

**PARASTEPHANOCRINUS** Springer, 1926. \**P. typus* Springer, 1926.

Sbc. Cladida, O. Cyathocrinida, Spf. and F. uncertain

Springer, 1926a, p. 130. Bassler, 1938, p. 146. Bassler and Moodey, 1943, p. 590. Lane and Moore *in* Moore and Teichert, 1978, p. T606. Webster, 1986, p. 238.

Named, currently recognized species based on cups or crowns: 1 Silurian, Niagaran species

Silurian, Niagaran. United States, Tennessee

\**Parastephanocrinus typus* Springer, 1926a, p. 139, Pl. 31, figs. 12-12c (incorrectly cited as *P. intermedius*). Bassler, 1938, p. 146. Bassler and Moodey, 1943, p. 590. Lane and Moore *in* Moore and Teichert, 1978, p. T606, Fig. 393, no. 1. Webster, 1986, p. 238.

Silurian, Niagaran, Lobelville Limestone. United States, Tennessee

**PARASYCOCRINUS** Marez Oyens, 1940. \**P. fastigateplicatus* Marez Oyens, 1940.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Sycocrinidae

Marez Oyens, 1940a, p. 321. Bassler and Moodey, 1943, p. 590. Branson, C. C., 1948, p. 205. Lane, N. G., 1967b, p. 12, Fig. 6. Arendt, 1970a, p. 128. Webster, 1973, p. 195. Webster, 1977, p. 125. Lane and Moore *in* Moore and Teichert, 1978, p. T603. Webster, 1986, p. 238.

Named, currently recognized species based on cups or crowns: 1 Permian species, series uncertain

Permian, series uncertain. West Timor

\**Parasyocrinus fastigateplicatus* Marez Oyens, 1940. Bassler and Moodey, 1943, p. 590. Arendt, 1970a, p. 128, Fig. 29. Webster, 1977, p. 125. Lane and Moore *in* Moore and Teichert, 1978, p. T603, Fig. 389, no. 4. Webster, 1986, p. 238.

*Parasyocrinus fastigate-plicatus* Marez Oyens, 1940a, p. 322, Pl. 3, fig. 9; Fig. 6. Branson, C. C., 1948, p. 205. Arendt, 1971a, p. 168, Fig. 2.

Permian, series uncertain. West Timor

*Parasyocrinus fastigate-plicatus* Marez Oyens, 1940 = *Parasyocrinus fastigateplicatus*

**PARATALAROCRINUS** Strimple and Coney, 1978. \**P. transitorius* Strimple and Coney, 1978.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Hexacrinitoidea, F. Dichocrinidae  
 Strimple and Coney, 1978, p. 484. Broadhead and Strimple, 1980, Fig. 2, nos. D, E. Broadhead, 1981, p. 146. Webster, 1986, p. 238. Webster, 1988, p. 124.  
 Named, currently recognized species based on cups or crowns: 1 Mississippian, Serpukhovian species  
 Mississippian, Serpukhovian (Chesterian). United States, Virginia

\**Paratalarocrinus transitorius* Strimple and Coney, 1978, p. 485, Figs. 1-2. Broadhead, 1985, p. 213, Fig. 6, nos. E-F. Webster, 1988, p. 124.  
 Mississippian, Serpukhovian (Chesterian), Gasper Formation. United States, Virginia

**PARATHETIDICRINUS** Arendt, 1996. \**P. wanneri* Arendt, 1996.  
 Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Theticrinidae  
 Arendt, 1996a, p. 76. Arendt, 1996b, p. 201.  
 Named, currently recognized species based on cups or crowns: 1 Permian Sakmarian species  
 Permian, early Sakmarian. Russia, middle Ural Mountains

\**Parathetidocrinus wanneri* Arendt, 1996a, p. 78, Pl. 9, fig. 1; Fig. 1, no. a. Arendt, 1996b, p. 202, Pl. 9, fig. 1; Fig. 1, no. a.  
 Permian, early Sakmarian. Russia, middle Ural Mountains

*Parathlocrinus watkinsi* (Strimple, 1949) = *Paretholocrinus watkinsi*

**PARATIMOROCIDARIS** Arendt, 1981. \**P. problematicus* Arendt, 1981.  
 Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. West Timorocidaroidea, F. West Timorocidaridae  
 Arendt, 1981, p. 84. Webster, 1988, p. 124.  
 Named, currently recognized species based on cups or crowns: 1 Permian, Artinskian species  
 Early Permian, late Artinskian. Russia, Ural Mountains

\**Paratimorocidaris problematicus* Arendt, 1981, p. 84, Pl. 29, fig. 1; Fig. 22, nos. g-i. Webster, 1988, p. 124.  
 Early Permian, late Artinskian, Kladokhonusoviy Limestone. Russia, Ural Mountains

**PARAZEACRINITES** Burdick and Strimple, 1971. \**Zeacrinites konincki* Bather, 1912.  
 Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Zeacrinitoidea, F. Zeacrinitidae  
 Burdick and Strimple, 1971a, p. 25. Webster, 1977, p. 126. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T749. Webster, 1986, p. 238. Webster, 1988, p. 124. Lane and Sevastopulo, 1990, p. 337. Webster, 1993, p. 85.  
 Named, currently recognized species based on cups or crowns: 2 Mississippian species, 1 Tournaisian – Viséan, 1 Viséan  
 Mississippian, Tournaisian - Viséan. Europe

- Parazeacrinites impressus* (M'Coy, 1849). Burdick and Strimple, 1971a, p. 25.  
Webster, 1977, p. 126.
- Cupressocrinus impressus* M'Coy, 1849, p. 245. M'Coy, 1854a, p. 117, Pl. 3D, fig. 2  
(*Poteriocrinus excavatus*, new name suggested). M'Coy, 1854b, p. 106. Bassler  
and Moodey, 1943, p. 727. Wright, J., 1952a, p. 109. Burdick and Strimple,

 Pennsylvanian, Desmoinesian, Minturn Formation, formerly called McCoy  
 Formation. United States, Colorado
- Parulocrinus plattsburgensis* (Strimple, 1938). Moore and Plummer, 1940, p. 379.  
 Bassler and Moodey, 1943, p. 593.  
*Ethelocrinus plattsburgensis* Strimple, 1938, p. 11, Pl. 2, figs. 6, 9, 12. Bassler and  
 Moodey, 1943, p. 593. Strimple, 1959a, p. 126, Pl. 2, figs. 6, 9, 12. Strimple,  
 p. 82. Webster, 1973, p. 196.  
*Parethelocrinus plattsburgensis* (Strimple, 1938). Strimple, 1961g, p. 82. Strimple  
 and Watkins, 1969, p. 172, Pl. 49, figs. 1-3. Strimple, 1971b, p. 80, Fig. 1, nos.  
 A-E. Webster, 1973, p. 196. Pabian and Strimple, 1974a, p. 288, Pl. 36, figs. 7,  
 8. Webster, 1977, p. 126. Webster, 1986, p. 240.  
 Pennsylvanian, Missourian - Virgilian, Plattsburg Group, Lansing Formation; Wann  
 Formation; shale below Rough Mountain Conglomerate; Lecompton Formation,  
 Beil Limestone Member. United States, Oklahoma, Nebraska
- Parulocrinus pontiacensis* Strimple and Moore, 1971a, p. 27, Pls. 2, figs. 4a, 4b; 5, fig.  
 3; 17, figs. 4a-4c. Priest, 1973, Unnum. Fig. p. 72. Webster, 1977, p. 127. Moore  
 and Strimple in Moore and Teichert, 1978, p. T700, Fig. 449, no. 2d. Webster,  
 1986, p. 242. Ausich in Hess et al., 1999 p. 159, Fig. 173.  
 Pennsylvanian, Missourian, Bond Formation, LaSalle Limestone Member. United  
 States, Illinois
- Parulocrinus pustulosus* Moore and Plummer, 1940 = *Aglacrinus pustulosus* =  
*Paracromyocrinus pustulosus* = *Aglacrinus pustulosus*

*Parulocrinus rectilatus* (Lane and Webster, 1966). Webster, 1981, p. 1198. Webster, 1988, p. 125.

*Aglaocrinus? rectilatus* Lane and Webster, 1966, p. 39, Pl. 7, figs. 3-4, 7. Webster, 1973, p. 196. Webster, 1981, p. 1198. Webster, 1988, p. 125.

*Parethelocrinus rectilatus* (Lane and Webster, 1966). Webster and Lane, 1967, p. 22, Pl. 5, fig. 6. Webster, 1973, p. 196.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

*Parulocrinus tapajos* (Strimple, 1960) = *Parulocrinus tapajosi*

*Parulocrinus tapajosi* (Strimple, 1960). Nom. Correctum

*Dicromyocrinus tapajois* Strimple, 1960c, p. 75, Figs. 1-3. Lane, N. G., 1964a, p. 364, Pl. 57, figs. 3-5. Webster, 1973, p. 109. Webster, 1981, p. 1198. Webster, 1988, p. 125.

*Parulocrinus tapajos* (Strimple, 1960). Webster, 1981, p. 1195. Webster, 1988, p. 125.

*Tarachiocrinus tapajosis* (Strimple, 1960). Strimple, 1962c, p. 136. Webster, 1973, p. 109.

Pennsylvanian, Desmoinesian, Tapajos Limestone. Brazil

*Parulocrinus verrucosus* (White and St. John, 1868) = *Aglaocrinus verrucosus*

*Parulocrinus vetulus* Lane, 1964 = *Paracromyocrinus vetulus*

*Parulocrinus wallacei* Termier and Termier, 1950 = *Mathericrinus wallacei*

*Parulocrinus* spp.

Termier, G. and Termier, H., 1950, p. 228, Pl. 222, figs. 4-5. Webster, 1973, p. 198. Pennsylvanian, early Westphalian. Algeria

White, E., 1964, Fig. 22. Webster, 1977, p. 127.

Pennsylvanian. United States, Nebraska

*Parulocrinus?* sp. Newell *et al.*, 1953, p. 164, Pl. 35, figs. 5-6. Webster, 1973, p. 198.

Middle Pennsylvanian, Tarma Group. Peru

*Parulocrinus?* sp. Kues and Koubek, 1991, p. 60, Fig. 2, nos. G-H.

Pennsylvanian, Desmoinesian, Madera Group, Los Moyos Limestone. New Mexico

**PASSALOCRINUS** Peck, 1936. \**P. triangularis* Peck, 1936.

Immature blastoids

Peck, 1936, p. 292. Bassler and Moodey, 1943, p. 594. Webster, 1973, p. 198.

Strimple *in* Moore and Teichert, 1978, p. T759. Arendt, 1981, p. 100. Webster, 1986, p. 242. Webster, 1988, p. 125. Webster *et al.* 2011, p. 12.

**Note.** *Passalocrinus* was considered a crinoid by Moore and Teichert, 1978.

Therefore it is included herein for clarification. GDW.

Named, currently recognized species based on cups or crowns: 2 Mississippian species, 1 Tournaisian - Viséan, 1 Viséan  
Mississippian, Tournaisian - Viséan (Osagean). United States  
Mississippian, late Viséan. Russia

\**Passalocrinus triangularis* Peck, 1936, p. 292, Pl. 47, figs. 1-9. Bassler and Moodey, 1943, p. 594. Strimple and Koenig, 1956, p. 1246, Fig. 4, nos. 22-27. Webster, 1973, p. 198. Strimple *in* Moore and Teichert, 1978, p. T759, Fig. 505, no. 1. Webster, 1986, p. 242. Sevastopulo, 2005, p. 357, Fig. 4, no. C.  
Mississippian, Tournaisian - Viséan (Osagean), Fern Glen Limestone; Nunn Member  
of Lake Valley Limestone; St. Joe Formation, Welden Limestone. United States, Missouri, New Mexico, Oklahoma

*Passalocrinus? uralicus* Arendt, 1981, p. 100, Pl. 32, figs. 1-6. Webster, 1988, p. 125.  
Mississippian, late Viséan. Russia, Southern Ural Mountains

*Passalocrinus* spp.

Strimple, 1974a, p. 51, Figs. 3, nos. 1, 2; 4, nos. 1-2. Webster, 1986, p. 242.

Moore and Strimple *in* Moore and Teichert, 1978, p. T693. Burdick and Strimple, 1983a, p. 65. Webster, 1986, p. 244. Chestnut and Etensohn, 1988, p. 49, Fig. 10. Webster, 1988, p. 126. Lane and Sevastopulo, 1990, p. 336. Webster, 1993, p. 86.

Named, currently recognized species based on cups or crowns: 10 Mississippian species, 1 Viséan, 1 Viséan, 9 Serpukhovian

Mississippian, Viséan - Serpukhovian (Chesterian). United States

*Pentaramicrinus altacalyx* (Sutton and Winkler, 1940). Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 127.

*Ageneracrinus altacalyx* Sutton and Winkler, 1940. Burdick and Strimple, 1969, p. 4. Webster, 1977, p. 128.

Mississippian, Serpukhovian (Chesterian). United States, Illinois

- Pentaramicrinus altonensis* (Miller and Gurley, 1895). Strimple and Moore, 1963a, p. 5, Fig. 5. Webster, 1977, p. 128.
- Poteroicrinus altonensis* Miller and Gurley, 1895b, p. 62, Pl. 4, figs. 3-4. Miller, S. A., 1897, p. 751, Fig. 1384. Weller, S., 1898c, p. 472. Bassler and Moodey, 1943, p. 638. Strimple and Moore, 1973a, p. 5. Webster, 1977, p. 128. Mississippian, Viséan (Chesterian), Paint Creek Formation. United States, Illinois
- Pentaramicrinus* sp. cf. *P. altonensis* (Miller and Gurley, 1895). Burdick and Strimple, 1971a, p. 29, Pl. 7, figs. 7, 20, 23. Webster, 1977, p. 128.
- Poteroicrinites altonensis* (Miller and Gurley, 1895). Bassler and Moodey, 1943, p. 638. Burdick and Strimple, 1971a, p. 29. Webster, 1977, p. 128.
- Phanocrinus fragosus* Sutton and Winkler, 1940, p. 557, Pl. 67, figs. 5-6. Bassler and Moodey, 1943, p. 607. Burdick and Strimple, 1969, p. 4. Priest, 1970, p. 15, Fig. 3. Burdick and Strimple, 1971a, p. 29. Webster, 1977, p. 128.
- Pentaramicrinus fragosus* (Sutton and Winkler, 1940). Burdick and Strimple, 1969, p. 9. Burdick and Strimple, 1971a, p. 29. Webster, 1977, p. 128.
- ?*Pentaramicrinus fragosus* (Sutton and Winkler, 1940). Broadhead and Bagby, 1972, p. 29, Pl. 1, fig. 3. Webster, 1977, p. 128. Mississippian, Viséan - Serpukhovian (Chesterian), Beech Creek Limestone, Renault Limestone, Ste. Genevieve Limestone. United States, Illinois
- Pentaramicrinus bangorensis* Burdick and Strimple, 1983a, p. 68, Pl. 6, figs. 2-3, 6, 8-10. Webster, 1988, p. 126. Mississippian, Serpukhovian (Chesterian), Bangor Limestone. United States, Alabama
- Pentaramicrinus basalis* (Sutton and Winkler, 1940). Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 128.
- Ageneracrinus basalis* Sutton and Winkler, 1940. Burdick and Strimple, 1969, p. 4. Webster, 1977, p. 128. Mississippian, Serpukhovian (Chesterian)n. United States, Illinois
- Pentaramicrinus bimagnaramus* Burdick and Strimple, 1971a, p. 29, Pl. 4, figs. 2, 6, 18. Webster, 1977, p. 128. Ubaghs in Moore and Teichert, 1978, p. T136, Fig. 108, no. 2. Webster, 1986, p. 244. Mississippian, Serpukhovian (Chesterian), Beech Creek Limestone. United States, Illinois
- ?*Pentaramicrinus* sp. aff. *P. bimagnaramus* Burdick and Strimple, 1971a, p. 31, Pl. 4, figs. 1, 7-10, 12-13, 15, 17. Webster, 1977, p. 128. Mississippian, Serpukhovian (Chesterian), Beech Creek Limestone. United States, Illinois
- Pentaramicrinus?* cf. sp. *bimagnaramus* Burdick and Strimple, 1971. Ubaghs in Moore and Teichert, 1978, p. T165, Fig. 137, no. 1. Webster, 1986, p. 244. Mississippian. United States, Illinois

*Pentaramicrinus compactus* (Sutton and Winkler, 1940). Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 128. Chestnut and Winkler, 1988, p. 48. Webster, 1993, p. 90.

*Phanocrinus compactus* Sutton and Winkler, 1940, p. 555, Pl. 67, figs. 7-8.

Bassler and Moodey, 1943, p. 607. Horowitz, 1965, p. 32, Pl. 3, figs. 7-9.

Burdick and Strimple, 1969, p. 4. Webster, 1973, p. 205. Burdick and Strimple, 1977, p. 128. Chestnut and Ettensohn, 1988, p. 48. Webster, 1993, p. 90.

Mississippian, Serpukhovian (Chesterian). United States, Alabama

*Pentaramicrinus fragosus* (Sutton and Winkler, 1940), Burdick and Strimple, 1969 =  
*Pentaramicrinus* sp. cf. *P. altonensis*

?*Pentaramicrinus fragosus* (Sutton and Winkler, 1940), Burdick and Strimple, 1969 =  
*Pentaramicrinus* sp. cf. *P. altonensis*

\**Pentaramicrinus gracilis* (Wetherby, 1880). Moore and Laudon, 1944, p. 171, Pl. 64, fig. 30. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 200; **1977**, p. 129. Moore and Strimple in Moore and Teichert, 1978, p. T693, Fig. 456, no. 1. Burdick and Strimple, 1983a, p. 66. Webster, 1986, p. 244. Chestnut and Ettensohn, 1988, p. 50, Pl. 5, figs. 12-13; Fig. 24. Webster, 1988, p. 126. Webster, 1993, p. 87.

*Cromyocrinus gracilis* Wetherby, 1880a, p. 248, Pl. 16, figs. 2a-2e. Miller, S. A., 1889, p. 234. Weller, S., 1898c, p. 264. Bassler and Moodey, 1943, p. 608.

*Eupachycrinus gracilis* (Wetherby, 1880). Miller, S. A., 1889, p. 245. Weller, S., 1898c, p. 264.

*Phanocrinus gracilis* (Wetherby, 1880). Kirk, 1937c, p. 604, Pl. 84, fig. 1. Bassler and Moodey, 1943, p. 608.

*Pentaramicrinus magnaradianalis* Sutton and Winkler, 1940, p. 559, Pl. 68, figs. 24-25. Bassler and Moodey, 1943, p. 608. Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 129.

*Phanocrinus magnaradianalis* (Sutton and Winkler, 1940). Bassler and Moodey, 1943, p. 608.

*Zeacrinus pulaskiensis* Miller and Gurley, 1895a, p. 47, Pl. 4, figs. 12-13. Miller, S. A., 1897, p. 755, Fig. 1405. Weller, S., 1898c, p. 652. Bassler and Moodey, 1943, p. 608.

*Pentaramicrinus pulaskiensis* (Miller and Gurley, 1895). Sutton and Winkler, 1940, p. 559, Pl. 66, figs. 1-2. Bassler and Moodey, 1943, p. 608. Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 129. Burdick and Strimple, 1983a, p. 66. Webster, 1988, p. 126.

Mississippian, Serpukhovian (middle and late Chesterian), Glen Dean Limestone, Golconda Limestone; Pennington Formation. United States, Illinois, Kentucky

*Pentaramicrinus inflatoramus* (Sutton and Winkler, 1940) = *Phanocrinus manifoldis*

*Pentaramicrinus magnaradianalis* Sutton and Winkler, 1940 = *Phanocrinus magnaradianalis* = *Pentaramicrinus gracilis*

- Pentaramicrinus modulus* (Strimple, 1951). Burdick and Strimple, 1969, p. 9.  
Webster, 1977, p. 129.  
*Phanocrinus modulus* Strimple, 1951e, p. 263, Figs. 10-12. Burdick and Strimple, 1969, p. 5. Webster, 1973, p. 205. Webster, 1977, p. 129.  
Mississippian, Serpukhovian (Chesterian), Glen Dean Limestone, Pitkin Limestone. United States, Illinois, Oklahoma
- Pentaramicrinus nitidus* (Miller and Gurley, 1893). Burdick and Strimple, 1969, p. 9.  
Webster, 1977, p. 129.  
*Zeacrinus nitidus* Miller and Gurley, 1893, p. 36, Pl. 8, figs. 3-4. Miller, S. A., 1897, p. 755. Weller, S., 1898c, p. 652. Bassler and Moodey, 1943, p. 608.  
*Phanocrinus nitidus* (Miller and Gurley, 1893). Sutton and Hagan, 1939, p. 83.  
Sutton and Winkler, 1940, p. 555, Pl. 67, figs. 12-13. Bassler and Moodey, 1943, p. 608. Moore and Laudon, 1944, p. 171, Pl. 64, fig. 35. Burdick and Strimple, 1969, p. 4. Webster, 1973, p. 205. Webster, 1977, p. 129.  
Mississippian, Serpukhovian (Chesterian), Glen Dean Limestone. United States, Illinois
- Pentaramicrinus petalloformis* (Sutton and Winkler, 1940). Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 129.  
*Phanocrinus petalloformis* Sutton and Winkler, 1940, p. 557, Pl. 68, figs. 5-6.  
Bassler and Moodey, 1943, p. 608. Burdick and Strimple, 1969, p. 4. Webster, 1973, p. 205.  
Mississippian, Serpukhovian (Chesterian), Paint Creek Shale. United States, Illinois
- Pentaramicrinus pulaskiensis* (Miller and Gurley, 1895) = *Pentaramicrinus gracilis*
- Pentaramicrinus* spp. Burdick and Strimple, 1983a, p. 65, Pls. 16, figs. 3, 8; 21, figs. 3, 6; 23, figs. 5, 8. Webster, 1988, p. 127.  
Mississippian, Serpukhovian (Chesterian), Bangor Limestone; Glen Dean Limestone. United States, Alabama, Kentucky
- PENTAXOCRINUS** Webster and Lane, 2007. \**Allosocrinus quinarius* Lane and Webster, 1966.  
Sbc. Cladida, Family uncertain  
Webster and Lane, 2007, p. 96, Fig. 7.  
Named, currently recognized species based on cups or crowns: 1 Permian, Artinskian  
Permian, Artinskian. United States, Nevada
- \**Pentaxocrinus quinarius* (Lane and Webster, 1966). Webster and Lane, 2007, p. 962, Fig. 4, no. 7.  
*Allosocrinus quinarius* Lane and Webster, 1966, p. 56, Pl. 13, fig. 3. Webster, 1973, p. 48. Pabian and Rushlau, 2002, p. 31. Webster and Lane, 2007, p. 962.  
Permian, Artinskian, upper part of Bird Spring Formation. United States, Nevada
- PENTECATOBASIS** Moore, 1939. *Nomen vetitum* \**P. excavata* Moore, 1939.

Moore, 1939b, p. 212. Jeffords *in* Moore and Teichert, 1978, p. T937. (Basal or infrabasal circlets)

Named, currently recognized species based on cups or crowns: 1 Permian, Wolfcampian

Permian, Wolfcampian. United States, Kansas

\**Pentecatobasis excavata* Moore, 1939b, p. 212, Pl. 1, fig. 12. Branson, C. C., 1948, p. 206.

Permian, Wolfcampian, Wreford Limestone, Havensville Shale Member. United States, Kansas

**PENTECECRINUS** Koenig and Niewoehner, 1959. \**P. parvus* Koenig and Niewoehner, 1959.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Codiocrinidae  
Koenig and Niewoehner, 1959, p. 464. Lane, N. G., 1967b, p. 13, Fig. 2. Arendt, 1970a, p. 197. Webster, 1973, p. 200. Webster, 1977, p. 129. Lane and Moore  
*in*

Moore and Teichert, 1978, p. T605. Webster, 1986, p. 244.  
Named, currently recognized species based on cups or crowns: 1 Devonian – Mississippian, Famennian – Tournaisian species  
Devonian - Mississippian transition. United States

\**Pentececrinus parvus* Koenig and Niewoehner, 1959, p. 467, Figs. 1, 3. Arendt, 1970a, p. 197, Fig. 66. Webster, 1973, p. 200. Webster, 1977, p. 130. Lane and Moore *in* Moore and Teichert, 1978, p. T605, Figs. 388, no. 5; 391, no. 1. Webster, 1986, p. 244.

Devonian - Mississippian transition, Famennian – Tournaisian, Louisiana Formation. United States, Missouri

**PENTEXOBASIS** Moore, 1939. *Nomen vetitum* \**P. glypta* Moore, 1939.

Moore, 1939b, p. 208. Jeffords *in* Moore and Teichert, 1978, p. T937. (Basal or infrabasal circlets)

Named, currently recognized species based on cups or crowns: 2 Pennsylvanian species, 1 Desmoinesian, 1 Missourian

Pennsylvanian, Desmoinesian - Missourian. United States, Kansas

\**Pentexobasis glypta* Moore, 1939b, p. 208, Pl 1, figs 9a-9c.

Pennsylvanian, Desmoinesian, cap rock of Mineral Coal. United States, Kansas

*Pentexobasis plana* Moore, 1939b, p. 209, Pl. 4, figs. 1a-1c.

Pennsylvanian, Missourian, Checkerboard? Limestone. United States, Kansas

**PENTEXOBATHRUM** Moore, 1939. *Nomen vetitum* \**Aesiocrinus magnificus* Miller and Gurley, 1890.

Moore, 1939b, p. 212. Jeffords *in* Moore and Teichert, 1978, p. T937. (Basal or infrabasal circlets)

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian, Missourian species

Pennsylvanian, Missourian. United States, Missouri

\**Pentexobathrum magnificum* (Miller and Gurley, 1890). Moore, 1939b, p. 212.  
Pennsylvanian, Missourian, Kansas City Group, Lane Shale. United States,  
Missouri

**PEPITAXOCRINUS** Prokop and Petr, 1989. \**Protaxocrinus svobodai* Bouska, 1956.  
Sbc. Cladida, Inf. Flexibilia, O. Taxocrinida, Spf. Taxocrinoidea, F. Taxocrinidae  
Prokop and Petr, 1989b, p. 54. Webster, 1993, p. 87.  
Named, currently recognized species based on cups or crowns: 1 Silurian, Ludlovian  
species  
Silurian, early Ludlovian. Czech Republic

\**Pepitaxocrinus svobodai* (Bouska, 1956). Prokop and Petr, 1989b, p. 54, Pl. 4, figs.  
1-3; Fig. 4. Turek, 1990, p. 139, Pl. 2, fig. 2. Prokop and Petr, 1990, p. 48, 62,  
Pl. 10, figs. 1-2. Webster, 1993, p. 87.  
*Protaxocrinus svobodai* Bouska, 1956b, p. 323, 329, 332, Pl. 1, figs. 1-5. Webster,  
1973, p. 226. Prokop and Petr, 1990, p. 48.  
Silurian, early Ludlovian, Kopanina Beds. Czech Republic, Bohemia

*Peremistocrinus* sp. Strimple, 1948 = *Perimestocrinus* sp.

*Peremistocrinus impressus* Moore and Plummer, 1940 = *Stenopeocrinus impressus*

**PEREMOCRINUS** Frest and Strimple, 1981. \**Archaeocrinus depressus* Weller, 1900.  
Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Emperocrinidae  
Frest and Strimple, 1981, p. 644. Webster, 1988, p. 127.  
Named, currently recognized species based on cups or crowns: 1 Silurian, Ludlovian  
species  
Silurian, Ludlovian. United States

\**Peremocrinus depressus* (Weller, 1900). Frest and Strimple, 1981, p. 644, Fig. 3, no.  
F. Webster, 1988, p. 127.  
*Archaeocrinus depressus* Weller, S., 1900, p. 89, Pl. 3, figs. 9-10. Bassler, 1915,  
p. 59. Bassler and Moodey, 1943, p. 308. Frest and Strimple, 1981, p. 644.  
Webster, 1988, p. 127.  
Silurian, Ludlovian, Racine Dolomite. United States, Illinois

Periechocrinacea gen. and sp. indet. Hashimoto, 2005, p. 3, Pls. 1-2; Figs. 1-3.  
Pennsylvanian, Missourian, Tsunemori Formation. Japan

Periechocrinid incertae sedis Ausich, 1987a, p. 561, Figs. 2, nos. 10-12; 4, nos. 1-3.  
Webster, 1993, p. 87.  
*Dimerocrinus? vagans* Foerste, 1919, p. 13, Pl. 2, figs. 6A-6E. Bassler and  
Moodey, 1943, p. 426. Ausich, 1987a, p. 561. Webster, 1993, p. 87.  
Silurian, late early or middle Llandoveryan, Brassfield Formation. United States,  
Ohio

Periechocrinid indeterminate Webster et al., 2003, p. 7, Fig. 5.1.  
Mississippian, Tournaisian, Sardar Formation. Iran, Kerman Province

Periechocrinid n. gen. undesignated. Webster and Ariunchimeg, 2004, p. 485, Figs. 4, 5, no.s. 1-7.  
Devonian, Emsian, Chuluun Formation. Mongolia, Shine Jinst

Periechocrinidae genus indet. Webster and Becker, 2009, p. 138, Fig. 4, no. J.  
Devonian, Givetian, Red Griotte Beds, Oued Mzerreb Member, Ahrerouch Formation. Morocco

*PERIECHOCRINITES* Austin and Austin, 1943 = ***PERIECHOCRINUS***

*PERIECHOCRINITES* Ramsbottom, 1951 = ***SAGENOCRINITES***

*Periechocrinites annulatus* (Angelin, 1878) = *Periechocrinus annulatus*

*Periechocrinites articulatus* (Austin and Austin, 1843) = *Periechocrinus expansus*

*Periechocrinites baylii* (Verneuil, 1850) = *Periechocrinus baylii*

*Periechocrinites brevimanus* (Angelin, 1878) = *Periechocrinus brevimanus*

*Periechocrinites chicagoensis* (Weller, 1900) = *Periechocrinus chicagoensis* =  
*Stiptocrinus chicagoensis*

*Periechocrinites costatus* Austin and Austin, 1842 = *Periechocrinus costatus*

*Periechocrinites cylindricus* (Foerste, 1917) = *Periechocrinus cylindricus*

*Periechocrinites dubius* (Troost, 1909) = *Periechocrinus dubius*

*Periechocrinites egani* (Miller, 1881) = *Periechocrinus egani*

*Periechocrinites geometricus* (Angelin, 1878) = *Periechocrinus geometricus*

*Periechocrinites globosus* Austin and Austin, 1842 (non Phillips, 1836) = *Mcoyocrinus globosus*

*Periechocrinites gorbyi* (Miller, 1891) = *Periechocrinus gorbyi*

*Periechocrinites grandiscutatus* (Angelin, 1878) = *Periechocrinus grandiscutatus*

*Periechocrinites howardi* (Miller, 1892) = *Periechocrinus howardi* = *Stiptocrinus howardi*

*Periechocrinites indicator* (Etheridge, 1892) = *Periechocrinus indicator* = Actinocrinid  
indet. Webster and Jell, 1999a

- Periechocrinites infelix* (Winchell and Marcy, 1865) = *Periechocrinus infelix*
- Periechocrinites interradiatus* (Angelin, 1878) = *Periechocrinus interradiatus*
- Periechocrinites laevis* (Angelin, 1878) = *Periechocrinus laevis*
- Periechocrinites laevis* Portlock, 1843 = *Trochocrinites laevis*
- Periechocrinites latus* (Springer, 1928) = *Periechocrinus latus* = *Abatocrinus latus*
- Periechocrinites lindstromi* (Wachsmuth and Springer, 1881) = *Periechocrinus lindstromi*
- Periechocrinites longidigitatus* (Angelin, 1878) = *Periechocrinus longidigitatus*
- Periechocrinites longimanus* (Angelin, 1878) = *Periechocrinus longimanus*
- Periechocrinites marcouanus* (Winchell and Marcy, 1865) = *Periechocrinus marcouanus*
- Periechocrinites moniliformis* (Miller, 1821) = *Periechocrinus moniliformis*
- Periechocrinites multicostatus* (Angelin, 1878) = *Periechocrinus multicostatus*
- Periechocrinites natatileformis* Milicina, 2000 = *Periechocrinus natatileformis*
- Periechocrinites necis* (Winchell and Marcy, 1865) = *Periechocrinus necis*
- Periechocrinites nubilis* (Angelin, 1878) = *Periechocrinus nubilis*
- Periechocrinites ornatus* (Hall and Whitfield, 1875) = *Periechocrinus ornatus*
- Periechocrinites prumiensis* (Zeiler and Wirtgen, 1855) = *Periechocrinus prumiensis* = *Pyxidocrinus prumiensis*
- Periechocrinites? prumiensis geometricus* (Schultze, 1866) = *Periechocrinus prumiensis geometricus*
- Periechocrinites pulcher* (M'Coy, 1854) = *Periechocrinus pulcher*
- Periechocrinites radiatus* (Angelin, 1878) = *Periechocrinus radiatus* = *Promelocrinus radiatus*
- Periechocrinites sanmigueli* (Astre, 1925) = *Periechocrinus sanmigueli* = *Pyxidocrinus sanmigueli*
- Periechocrinites scanicus* (Angelin, 1878) = *Periechocrinus scanicus*

*Periechocrinites schultzi* (Angelin, 1878) = *Periechocrinus schultzi*

*Periechocrinites tennesseensis* (Hall and Whitfield, 1875) = *Periechocrinus tennesseensis*

*Periechocrinites tenuidiscus* (Hall, 1861) = *Periechocrinus tenuidiscus* = *Aryballocrinus tenuidiscus*

*Periechocrinites umbrosus* (Miller and Gurley, 1895) = *Periechocrinus umbrosus*

*Periechocrinites undulatus* (Angelin, 1878) = *Periechocrinus undulatus*

*Periechocrinites urniformis* (Miller, 1881) = *Periechocrinus urniformis*

*Periechocrinites whitei* (Hall, 1861) = *Periechocrinus? whitei* = *Periechocrinus whitei* = *Aryballocrinus whitei*

*Periechocrinites whitfieldi* (Hall, 1865) = *Periechocrinus whitfieldi*

*Periechocrinites* sp. 1 Laudon and Severson, 1953 = *Aryballocrinus* sp.

*Periechocrinites* sp. Laudon and Severson, 1953 = *Periechocrinus* sp.

*Periechocrinites* sp. Bolton, 1972 = *Abacocrinus latus*

**PERIECHOCRINUS** Morris, 1843. \**Periechocrinites costatus* Austin and Austin, 1843.

*Periechocrinites lindstromi* (Wachsmuth and Springer, 1881). Bassler and Moodey, 1943, p. 599.

*Actinocrinus interradiatus* Angelin, 1878, p. 6, Pl. 26, fig. 15. Bassler and Moodey, 1943, p. 599.

Silurian, Wenlockian. Sweden, Isle of Gotland

- Periechocrinus longidigitatus* (Angelin, 1878). Wachsmuth and Springer, 1881, p. 132 (306). Bassler and Moodey, 1943, p. 599.  
*Actinocrinus longidigitatus* Angelin, 1878, p. 6, Pl. 26, figs. 19-19a. Bassler and Moodey, 1943, p. 599.  
*Periechocrinites longidigitatus* (Angelin, 1878). Bassler and Moodey, 1943, p. 599. Silurian, Wenlockian. Sweden, Isle of Gotland
- Periechocrinus longimanus* (Angelin, 1878). Wachsmuth and Springer, 1881, p. 132 (306). Bassler and Moodey, 1943, p. 599.  
*Actinocrinus longimanus* Angelin, 1878, p. 6, Pls. 15, fig. 17; 26, fig. 16; 28, figs. 5-5a, 6. Bassler and Moodey, 1943, p. 599.  
*Periechocrinites longimanus* (Angelin, 1878). Bassler and Moodey, 1943, p. 599. Silurian, Wenlockian. Sweden, Isle of Gotland
- Periechocrinus marcouanus* (Winchell and Marcy, 1866). Wachsmuth and Springer, 1897, p. 523, Pls. 50, figs. 7a, 7b; 51, fig. 5. Weller, S., 1900, p. 1, 130, Pl. 12, figs. 2-4. Grabau and Shimer, 1910, p. 536. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 599. Webster, 1973, p. 201.  
*Megistocrinus marcouanus* Winchell and Marcy, 1866, p. 87, Pl. 2, fig. 5; Unnum. Fig. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 260. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 599.  
*Saccocrinus marcouanus* (Winchell and Marcy, 1866). Miller, S. A., 1881b, p. 167, Pl. 4, figs. 1-1a. Miller, S. A., 1889, p. 279. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 599.  
*Periechocrinites marcouanus* (Winchell and Marcy, 1866). Bassler and Moodey, 1943, p. 599. Moore and Laudon, 1942, p. 74, Fig. 4, no. D. Webster, 1973, p. 201.  
 Silurian, Niagaran, Racine Dolomite, ?Waldron Shale. United States, Illinois, Indiana
- Periechocrinus minor* Wachsmuth and Springer, 1881 = *Periechocrinus laevis*
- Periechocrinus moniliformis* (Miller, 1821). M'Coy, 1854, p. 56. Bigsby, 1868, p. 22. Murchison, 1872, p. 223, Pl. 13, figs. 1-2. Salter, 1873, p. 121. Baily, 1875, Pl. 18, figs. 4a-4b. Wachsmuth and Springer, 1881, p. 132 (306). Bassler and Moodey, 1943, p. 599. Webster, 1977, p. 130. Webster, 1986, p. 245.  
*Actinocrinites moniliformis* Miller, J. S., 1821, p. 116, Unnum. Pl. opp. p. 114, fig. 9. Phillips in Murchison, 1839, p. 673, Pl. 18, fig. 4. Garner, 1844, p. 456, Pl. A, fig. 6. Bassler, 1938, p. 101. Bassler and Moodey, 1943, p. 599. Donovan and Riley, 2011, p. 359, Fig. 2.  
*Actinocrinus moniliferus* (Miller, 1821). Bronn, 1848, p. 14. Shumard, 1868, p. 346 (following Troost, not *Actinocrinites moniliformis*). Bigsby, 1868, p. 196. Miller, S. A., 1889, p. 219 (not *Actinocrinites moniliformis*).  
*Geocrinus moniliformis* (Miller, 1821). d'Orbigny, 1850, p. 46.  
*Periechocrinites moniliformis* (Miller, 1821). Bassler and Moodey, 1943, p. 599. White, W. D., 1964, p. 98, Pl. 23, fig. 2. Watkins and Hurst, 1977, p. 210, Figs. 4; 6, no. H. Webster, 1977, p. 130. Webster, 1986, p. 245.

Silurian, Wenlockian, Much Wenlock Limestone. United Kingdom

*Periechocrinus multicosatus* Angelin, 1878, p. 7, Pl. 18, figs. 15a-15e. Bassler and Moodey, 1943, p. 599.

*Periechocrinites multicosatus* (Angelin, 1878). Bassler and Moodey, 1943, p. 599. Silurian, Wenlockian. Sweden, Isle of Gotland

*Periechocrinus natatileformis* (Milicina, 2000) n. comb.

*Periechocrinites natatileformis* Milicina, 2000a, p. 57, Pl. 10, figs. 1-2; Fig. 3. Milicina 2000b, p. 62, Pl. 10, figs. 1-2; Fig. 3.

Silurian, late Wenlockian, Elkino Horizon; Ludlovian, Isovskoi Horizon. Russia, east slope Ural Mountains

*Periechocrinus necis* (Winchell and Marcy, 1866). Wachsmuth and Springer, 1897, p. 524, Pl. 50, figs. 1a-1b. Weller, S., 1900, p. 130, Pl. 13, figs. 5-6. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 600.

*Megistocrinus necis* Winchell and Marcy, 1866, p. 110, Pl. 2, fig. 6. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 260. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 599.

*Saccocrinus necis* (Winchell and Marcy, 1866). Miller, S. A., 1881b, p. 172, Pl. 4, fig. 3. Miller, S. A., 1889, p. 279. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 600.

*Periechocrinites necis* (Winchell and Marcy, 1866). Bassler and Moodey, 1943, p. 599.

Silurian, Niagaran, Racine Dolomite. United States, Illinois

*Periechocrinus nubilis* (Angelin, 1878). Wachsmuth and Springer, 1881, p. 132, (306). Bassler and Moodey, 1943, p. 600.

*Actinocrinus nubilis* Angelin, 1878, p. 6, Pl. 18, fig. 14. Bassler and Moodey, 1943, p. 600.

*Periechocrinites nubilis* (Angelin, 1878). Bassler and Moodey, 1943, p. 600.

Silurian, Wenlockian. Sweden, Isle of Gotland

*Periechocrinus ornatus* (Hall and Whitfield, 1875). Wachsmuth and Springer, 1881, p. 132 (306). Wachsmuth and Springer, 1897, p. 527, Pl. 50, figs. 3a-3b (*non* Pl. 51, fig. 7). Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 600. Ausich, 1996b, p. 247, Fig. 17-5, no. 7.

*Saccocrinus ornatus* Hall and Whitfield, 1875a, p. 126, Pl. 6, fig. 7-9. Miller, S. A., 1889, p. 279. Lesley, 1889, p. 916, Figs. f.7-f.9. Bassler, 1915, p. 955. Bassler and Moodey, 1943, p. 600.

*Periechocrinus* (*Saccocrinus*) *ornatus* (Hall and Whitfield, 1875). Grabau and Shimer, 1910, p. 537, Fig. 1865. Bassler, 1915, p. 955.

*Periechocrinites ornatus* (Hall and Whitfield, 1875). Bassler and Moodey, 1943, p. 600.

Silurian, Niagaran, Cedarville Limestone; Laurel Limestone. United States, Ohio, Indiana

*Periechocrinus ornatus* (Hall and Whitfield, 1875), Wachsmuth and Springer, 1897 (part) = *Saccocrinus benedicti* = *Stiptocrinus spinosus*

*Periechocrinus* (*Saccocrinus*) *ornatus* (Hall and Whitfield, 1875) = *Periechocrinus ornatus*

*Periechocrinus prumiensis* (Zeiler and Wirtgen, 1855) = *Pyxidocrinus prumiensis*

*Periechocrinus prumiensis geometricus* (Schultze, 1866).

*Actinocrinus prumiensis* var. *geometrica* Schultze, 1866, p. 61. Schultze, 1867, p. 173, Pl. 6, figs. 6e-6f. Bassler and Moodey, 1943, p. 600.

*Periechocrinites? prumiensis geometricus* (Schultze, 1866). Bassler and Moodey, 1943, p. 600.

Devonian, Eifelian. Germany

*Periechocrinus pulcher* (M'Coy, 1854). Wachsmuth and Springer, 1881, p. 132 (306). Bassler and Moodey, 1943, p. 600.

*Actinocrinus pulcher* M'Coy, 1854, p. 55, Pl. 1-D, fig. 3. Bigsby, 1868, p. 18, 196. Salter, 1873, p. 92. Bassler and Moodey, 1943, p. 600.

*Periechocrinus* (*Actinocrinus*) *pulcher* (M'Coy, 1854). Boswell, 1935, p. 193, Pl. 2.

*Periechocrinites pulcher* (M'Coy, 1854). Bassler and Moodey, 1943, p. 600.

Silurian, Wenlockian - late Ludlovian, Wenlock Limestone. United Kingdom

*Periechocrinus* (*Actinocrinus*) *pulcher* (M'Coy, 1854) = *Periechocrinus pulcher*

*Periechocrinus pyriformis* (Miller, 1882) = *Periechocrinus urniformis*

*Periechocrinus radiatus* Angelin, 1878 = *Promelocrinus radiatus*

*Periechocrinus sanmigueli* Astre, 1925 = *Pyxidocrinus sanmigueli*

*Periechocrinus scanicus* Angelin, 1878, p. 7, Pl. 19, figs. 16-16a. Bassler and Moodey, 1943, p. 600.

*Periechocrinites scanicus* (Angelin, 1878). Bassler and Moodey, 1943, p. 600.

Silurian, Wenlockian. Sweden, Isle of Gotland

*Periechocrinus schultzi* (Angelin, 1878). Wachsmuth and Springer, 1881, p. 133 (307). Bassler and Moodey, 1943, p. 600.

*Actinocrinus schultzi* Angelin, 1878, p. 6, Pl. 18, fig. 13. Bassler and Moodey, 1943, p. 600.

*Periechocrinites schultzi* (Angelin, 1878). Bassler and Moodey, 1943, p. 600.

Silurian, Wenlockian. Sweden, Isle of Gotland

*Periechocrinus semiradiatus* Wachsmuth and Springer, 1881 = *Macrostylocrinus semiradiatus*

*Periechocrinus shaveri* Lane and Ausich, 1995, p. 1100, Figs. 1.4-1.7, 2.1.

Silurian, Ludlovian, Wabash Formation, Mississinewa Shale Member. United States, Indiana

*Periechocrinus simplex* Salter, 1873, p. 121, Unnum. Fig. Bassler and Moodey, 1943, p. 602. Donovan et al., 2012, p. 162. Fig. 72.

Silurian, Wenlockian, Much Wenlock Limestone. United Kingdom, Scotland

*Periechocrinus speciosus* (Hall, 1852). Wachsmuth and Springer, 1897, p. 521, Pl. 50, fig. 6. Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 669. Brett, 1984, p. 92, Fig. 3. Webster, 1988, p. 127.

*Saccocrinus speciosus* Hall, 1852a, p. 205, Pl. 46, figs. 1a-1n. Shumard, 1868, p. 395. Bigsby, 1868, p. 23. Miller, S. A., 1889, p. 279. Bassler, 1915, p. 956.

Bassler, 1938, p. 166. Bassler and Moodey, 1943, p. 669. Webster, 1988, p. 127.

Brett and Taylor *in* Brett and Baird, 1997, p. 196, Fig. 8.5, no. A. Taylor and Brett *in* Hess et al., 1999 p. 88, Fig. 103.

*Actinocrinus (Saccocrinus) speciosus* (Hall, 1852). Hall, 1864b, p. 197. Bassler, 1915, p. 956.

Silurian, Wenlockian, Rochester Shale, Lewiston Member, *Homocrinus* Beds. United States, New York; Canada, Ontario

*Periechocrinus speciosus* (Roemer, 1860) = *Periechocrinus dubius*

*Periechocrinus tennesseensis* (Hall and Whitfield, 1875). Wachsmuth and Springer, 1897, p. 528. Bassler, 1915, p. 956. Foerste, 1917a, p. 244, Pl. 10, fig. 3. Springer, 1926a, p. 45, Pl. 10, fig. 1-4. Bassler and Moodey, 1943, p. 601. Webster, 1973, p. 201. Ausich, 2009a, suppl. p. 37.

*Saccocrinus tennesseensis* Hall and Whitfield, 1875a, p. 125, Pl. 6, fig. 10. Miller, S. A., 1889, p. 279. Lesley, 1889, p. 917, Fig. f.10. Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 600.

*Actinocrinites tennesseensis* (Hall and Whitfield, 1875). Troost *in* Wood, E., 1909, p. 76, Pl. 6, fig. 10 only. Bassler, 1915, p. 956.

*Periechocrinus (Saccocrinus) tennesseensis* (Hall and Whitfield, 1875). Grabau and Shimer, 1910, p. 537, Fig. 1865. Bassler, 1915, p. 956.

*Periechocrinites tennesseensis* (Hall and Whitfield, 1875). Bassler and Moodey, 1943, p. 600. Moore and Laudon, 1943b, p. 139, Pl. 10, fig. 4. Moore and Laudon, 1944, p. 189, Pl. 75, fig. 15. La Rocque and Marple, 1955, p. 73, Fig. 147. Webster, 1973, p. 201.

*Crumenaecrinites ovalis* Troost, 1850a, p. 62. Troost, 1850b, p. 420. Shumard, 1868, p. 360. Bassler, 1915, p. 956. Bassler, 1938, p. 76. Bassler and Moodey, 1943, p. 601.

Silurian, Niagaran, Beech River Formation; Cedarville Limestone; Louisville Limestone. United States, Tennessee, Ohio, Kentucky

*Periechocrinus (Saccocrinus) tennesseensis* (Hall and Whitfield, 1875) = *Periechocrinus tennesseensis*

*Periechocrinus tenuidiscus* (Hall, 1861) = *Aryballocrinus tenuidiscus*

- Periechocrinus umbrosus* (Miller and Gurley, 1895). Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 601.  
*Saccocrinus umbrosus* Miller and Gurley, 1895a, p. 24, Pl. 2, figs. 13-14. Miller, S. A., 1897, p. 752. Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 601.  
*Periechocrinites umbrosus* (Miller and Gurley, 1895). Bassler and Moodey, 1943, p. 601.  
 Silurian, Niagaran, Laurel Limestone. United States, Indiana
- Periechocrinus undulatus* Angelin, 1878, p. 7, Pl. 26, fig. 20. Bassler and Moodey, 1943, p. 601.  
*Periechocrinites undulatus* (Angelin, 1878). Bassler and Moodey, 1943, p. 601.  
 Silurian, Wenlockian. Sweden, Isle of Gotland
- Periechocrinus urniformis* (Miller, 1881). Wachsmuth and Springer, 1897, p. 526, Pl. 50, figs. 5a-5b. Weller, S., 1900, p. 135, Pls. 12, fig. 1; 13, figs. 3-4. Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 601.  
*Saccocrinus urniformis* Miller, S. A., 1881b, p. 170, Pl. 4, figs. 2-2a. Miller, S. A., 1889, p. 279. Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 601.  
*Periechocrinites urniformis* (Miller, 1881). Bassler and Moodey, 1943, p. 601.  
*Saccocrinus pyriformis* Miller, S. A., 1882, p. 81, Pl. 3, figs. 3-3a Miller, S. A., 1889, p. 279. Bassler, 1915, p. 956. Bassler and Moodey, 1943, p. 601.  
*Periechocrinus pyriformis* (Miller, 1882). Wachsmuth and Springer, 1885, p. 328 (p. 106). Bassler, 1915, p. 956.  
 Silurian, Niagaran, Racine Dolomite. United States, Illinois

*Perimestocrinus granuliferus* (Miller and Gurley, 1893). Moore and Plummer, 1938, p. 281. Bassler and Moodey, 1943, p. 603.

*Hydreionocrinus granuliferus* Miller and Gurley, 1893, p. 44, Pl. 6, figs. 20-21. Miller,

S. A., 1897, p. 747. Weller, S., 1898c, p. 310. Bassler and Moodey, 1943, p. 603.

Pennsylvanian, Missourian, ?Argentine Limestone. United States, Missouri

*Perimestocrinus granulosus* (Strimple, 1939). Strimple, 1961g, p. 24. Strimple, 1963b, p.

106, Pl. 1, figs. 1-7. Webster, 1973, p. 202.

*Utharocrinus granulosus* Strimple, 1939b, p. 40, Pl. 2, figs. 1-7. Bassler and Moodey, 1943, p. 721. Strimple, 1961g, p. 24. Webster, 1973, p. 202.

Pennsylvanian, Missourian, Wann Formation, Stanton Limestone. United States, Oklahoma

*Perimestocrinus habitus* (Strimple, 1950) = *Triceracrinus habitus*

*Perimestocrinus hexagonus* Strimple, 1952 = *Stenopecrinus hexagonus* = *Aatocrinus hexagonus*

*Perimestocrinus ibexensis* Strimple and Boardman, 1971a, p. 28, Figs. 11, nos. 1-2; 12, nos. 4-7. Webster, 1977, p. 130.

Permian, Wolfcampian, Watts Creek Shale Member. United States, Texas

*Perimestocrinus impressus* Moore and Plummer, 1940 = *Stenopecrinus impressus*

*Perimestocrinus (Triceracrinus) moorei* (Bramlette, 1943) = *Triceracrinus moorei*

*Perimestocrinus moseleyi* Strimple, 1951 = *Stenopecrinus moseleyi*

*Perimestocrinus nevadensis* Lane and Webster, 1966, p. 51, Pl. 12, figs. 7-8. Webster and Lane, 1967, p. 30, Pl. 5, fig. 5. Webster, 1973, p. 202.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

*Perimestocrinus nodulifer* (Miller and Gurley, 1893) = *Perimestocrinus noduliferus*

\**Perimestocrinus noduliferus* (Miller and Gurley, 1893). Moore and Plummer, 1938, p. 281, Fig. 28. Bassler, 1938, p. 149. Bassler and Moodey, 1943, p. 603. Moore and Laudon, 1944, p. 163, Pls. 62, fig. 9; 64, fig. 5. Strimple, 1961g, p. 20, Figs. 1-2. Strimple and Boardman, 1971a, p. 27, Fig. 12, no. 3 (typographical error as *P. nodulifer* in figure explanation). Webster, 1973, p. 202. Webster, 1977, p. 130. Webster, 1986, p. 246.

*Hydreionocrinus noduliferus* Miller and Gurley, 1893, p. 41, Pl. 6, figs. 15-17. Miller, S. A., 1897, p. 747. Weller, S., 1898c, p. 310. Bassler, 1938, p. 149. Bassler and Moodey, 1943, p. 603.

*Perimestocrinus nodulifer* (Miller and Gurley, 1893). Knapp, 1969, p. 381, Fig. 47. Moore and Strimple in Moore and Teichert, 1978, p. T730, Fig. 483, nos. 1a-1c. Pabian and Strimple, 1980a, p. 182, Fig. 7, nos. L-N. Pabian and Strimple, 1980b, p. 17, Pls. 2, fig. 10; 3, fig. 11. Pabian and Strimple, 1993, p. 31.

Pennsylvanian, Missourian - Virgilian, Argentine Limestone; Wyandotte Limestone?; Cass Formation, Haskell Limestone Member; South Bend Limestone. United States, Missouri, Nebraska

*Perimestocrinus oasis* Webster and Lane, 1967, p. 30, Pl. 5, figs. 9-10. Webster, 1973, p. 202.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

*Perimestocrinus oreadensis* (Moore, 1939) = *Triceracrinus oreadensis*

*Perimestocrinus papillatus* Strimple, 1962 = *Stenopecrinus papillatus*

*Perimestocrinus parvus* (Miller and Gurley, 1893). Moore and Plummer, 1938, p. 281, Pl. 14, figs. 10a-10c; Fig. 29. Bassler and Moodey, 1943, p. 603.

*Eupachycrinus parvus* Miller and Gurley, 1893, p. 60, Pl. 6, figs. 22-23. Miller, S. A., 1897, p. 746. Weller, S., 1898c, p. 265. Bassler and Moodey, 1943, p. 603. Pennsylvanian, Missourian, ?Argentine Limestone. United States, Missouri

*Perimestocrinus planus* Strimple, 1952 = *Stenopecrinus planus*

*Perimestocrinus pumilis* Moore and Laudon, 1938 = \**Exterocrinus pumilis*

*Perimestocrinus quinquacutus* (Moore, 1939) = *Triceracrinus quinquacutus*

*Perimestocrinus quintorus* Webster and Lane, 1970, p. 282, Pl. 55, figs. 22-23. Webster, 1977, p. 130.

Pennsylvanian, Morrowan, lower part of Bird Spring Formation. United States, Nevada

*Perimestocrinus spinosus* (Strimple, 1950) = *Triceracrinus spinosus*

*Perimestocrinus subtilis* Moore, 1939 = *Vertigocrinus subtilis*

*Perimestocrinus teneris* Moore and Plummer, 1938, p. 284, Pl. 14, figs. 5a-5c; Fig. 30. Bassler and Moodey, 1943, p. 603. Moore and Laudon, 1944, p. 161, Pl. 64, fig. 11. Moore and Strimple, 1973, p. 76, Pl. 12, fig. 3a-3d. Webster, 1973, p. 202. Webster, 1977, p. 130.

Pennsylvanian, Morrowan, Brentwood Limestone. United States, Arkansas

*Perimestocrinus topekensis* (Moore, 1939) = *Triceracrinus topekensis*

?*Perimestocrinus* sp. indet. Bowsher and Strimple, 1986, p. 19, Figs. 68, nos. a-f (labeled as ?*Pirasocrinus* sp. indet. on figure explanation). Webster, 1993, p. 87.

Pennsylvanian, Desmoinesian?, Goble Formation. United States, New Mexico

*Perimestocrinus* spp.

*Peremistocrinus* sp. Strimple, 1948a, p. 115, Pl. 10, figs. 2-14 (sic). Webster, 1973, p. 203.

Pennsylvanian, Missourian, Dewey Limestone. United States, Oklahoma  
Strimple, 1972d, p. 147, Fig. 1, nos. a-c. Webster, 1977, p. 131.

Pennsylvanian, Desmoinesian, Savanna Formation. United States, Oklahoma

**PERIPTEROCRINUS** Wanner, 1916. \**Thalassocrinus gracilis* Wanner, 1916.

Classification uncertain. Monocyclic, possibly an advanced dichocrinid (GDW)  
Wanner, 1916b, p. 200. Bassler, 1938, p. 150. Bassler and Moodey, 1943, p. 603.  
Branson, C. C., 1948, p. 206. Moore and Teichert, 1978, p. T928  
(unrecognizable form).

*THALASSOCRINUS* Wanner, 1916a, p. 311. Bassler, 1938, p. 183. Bassler and  
Moodey, 1943, p. 603.

Named, currently recognized species based on cups or crowns: 1 Permian species,  
series uncertain

Permian, series uncertain. West Timor

\**Peripterocrinus gracilis* (Wanner, 1916b). Wanner, 1924, p. 318. Bassler, 1938, p.  
150. Bassler and Moodey, 1943, p. 603. Branson, C. C., 1948, p. 206.

*Thalassocrinus gracilis* Wanner, 1916a, p. 311, Pl. 111 (16), fig. 12; Fig. 88.

Bassler, 1938, p. 150, 183. Bassler and Moodey, 1943, p. 603. Branson, C. C.,  
1948, p. 206. Moore and Teichert, 1978, p. T928 (unrecognizable form).

Permian, series uncertain. West Timor, Basleo

*PERISCHODOMUS* Tornquist, 1894 = **ADELOCRINUS**

*Perischodomus magnus* Tornquist, 1894 = *Adelocrinus hystrix*

*PERISSOCRINUS* Goldring, 1936 = **BACTROCRINITES**

*Perissocrinus papillatus* Goldring, 1936 = *Bactocrinites fieldi*

**PERITTOCRINUS** Jaekel, 1902. \**Porocrinus radiatus* Beyrich, 1879.

Sbc. Aethocrinea, O. Aethocrinida, F. Perittocrinidae

Jaekel, 1902, p. 1092. Jaekel, 1918, p. 21. Yakovlev, 1918, p. 26. Abel, 1924, p.  
277, Fig. 412, no. C. Bassler, 1938, p. 150. Bassler and Moodey, 1943, p. 604.

Named, currently recognized species based on cups or crowns: 18

Silurian species, 12 Llandoveryan, 3 Wenlockian, 3 Niagaran  
Silurian, early Llandoveryan. China  
Silurian, Wenlockian. Europe  
Silurian, Llandoveryan - Niagaran. United States

*Petalocrinus angustus* Bather, 1898a, p. 425, Pl. 25, figs. 26-32. Bassler and Moodey, 1943, p. 604.  
Silurian, Wenlockian. Sweden, Isle of Gotland

*Petalocrinus bifidus* Donovan and Fearnhead *in* Fearnhead and Donovan, 2007a, p. 910, Figs. 3-4. Donovan et al., 2008a, p. 43, Fig. 7, no. 1. Donovan et al., 2008b, p. 336, Fig. 15.2, no. 3. Donovan et al., 2010, p. 75, Pls. 19, figs. 1-3; 20, figs. 1-3.

*Petalocrinus* sp. nov. Donovan and Harper, 2003. Fearnhead and Donovan, 2007a, p. 910.

*Petalocrinus* sp. Fearnhead and Donovan, 2007a, p. 910.

Silurian, Llandovery, *Petalocrinus* Limestone. United Kingdom, Scotland  
Silurian, late Llandovery, Telychian, Haugh Wood Formation. United Kingdom

*Petalocrinus chiai* Mu, 1950, p. 95, Figs. 3, nos. 7-9; 11. Webster, 1973, p. 203. Mu and Wu, 1974, p. 209, Pl. 97, figs. 9-11. Webster, 1986, p. 247. Mu and Lin, 1987, p. 8, Pl. 1, figs. 3-6: Fig. 1. Webster, 1993, p. 88.

Silurian, early Llandoveryan, Leichiati'un Group, Shihniulan Limestone;  
Xiangshuyuan Formation. China, Keuichou, Wuch'uan, Guizhou and Shihch'ien Provinces

*Petalocrinus eximius* Mu and Wu, 1974, p. 209, Pl. 97, figs. 28-32. Webster, 1986, p. 247. Mu and Lin, 1987, p. 9, Pls. 3, figs. 1-5; 8, figs. 1, 10, 21. Webster, 1993, p. 88.

Silurian, early Llandoveryan, Leichiat'un Group; Xiangshuyuan Formation. China, Keuichou and Guizhou Provinces

*Petalocrinus expansus* Bather, 1898a, p. 434, Pl. 25, figs. 33-36; Figs. 13-14. Bassler and Moodey, 1943, p. 604.

Silurian, Wenlockian. Sweden, Isle of Gotland

*Petalocrinus guizhouensis* Mu and Lin, 1987, p. 10, Pls. 4, figs. 6-11; 8, figs. 8, 11, 27. Webster, 1993, p. 88.

Silurian, early Llandoveryan, Xiangshuyuan Formation. China, Guizhou

*Petalocrinus inferion* Bather, 1898 = *Petalocrinus inferior*

*Petalocrinus inferior* Bather, 1898a, p. 426, Pl. 26, fig. 57; Fig. 10. Bassler, 1915, p. 959. Springer, 1926a, p. 127, Pl. 26, figs. 15-16. Moore, 1939b, p. 243, Fig. 13, no. 7 (arm). Bassler and Moodey, 1943, p. 604. Mu, 1950, p. 94, Figs. 3, nos. 1-3; 12. Tien and Mu, 1955, p. 91, Pl. 48, figs. 6-8. Webster, 1973, p. 203; **1977**, p. 132. Lane and Moore *in* Moore and Teichert, 1978, p. T594, Fig. 383, nos. 1a-1b. Brett, 1984, p. 104, Fig. 12, nos. A-B. Webster, 1986, p. 247. Mu and Lin, 1987, p. 7, Pls. 1, figs. 1-2; 8, fig. 2. Webster, 1988, p. 128. Webster, 1993, p. 88. Kendrick, 2007, p. 346, Fig. 9, no. 1.

*Petalocrinus inferion* Bather, 1898. Wang *et al.*, 1956, p. 316, 3 Unnum. Figs., brachials.

Silurian, early Llandoveryan, Laurel Limestone; Hopkinton Dolomite; Cedarville Limestone; Shihniulan Limestone; Xiangshuyuan Formation; Luoreping Bed. United States, Indiana, Iowa, Ohio; China, Kueichou, Guizhou, Sichuan, Hubei Provinces

*Petalocrinus inflatus* Mu, 1950, p. 94, Figs. 2; 3, nos. 4-6; 10, 13. Tien and Mu, 1955, p. 92, Pl. 48, figs. 9-11. Wang *et al.*, 1956, p. 317, 3 Unnum Figs. Webster, 1973, p. 203. Webster, 1977, p. 132. Mu and Lin, 1987, p. 8, Pls. 1, figs. 7-9; 8, fig. 18. Webster, 1993, p. 88.

Silurian, early Llandoveryan, Shihniulan Limestone; Xiangshuyuan Formation. China, Kueichou and Guizhou Provinces

*Petalocrinus involucrus* Mu and Wu, 1974, p. 209, Pl. 97, figs. 25-27. Webster, 1986, p. 248. Mu and Lin, 1987, p. 9, Pls. 2, figs. 8-10; 8, fig. 20. Webster, 1993, p. 88.

Silurian, early Llandoveryan, Leichiat'un Group; Xiangshuyuan Formation. China, Kueichou and Guizhou Provinces

*Petalocrinus latus* Mu and Lin, 1987, p. 9, Pl. 4, figs. 3-4. Webster, 1993, p. 89.

Silurian, early Llandoveryan, Xiangshuyuan Formation. China, Guizhou

- Petalocrinus longus* Bather, 1898a, p. 431, Pl. 26, figs. 58-65; Figs. 11-12. Bassler, 1915, p. 959. Bassler and Moodey, 1943, p. 604.  
Silurian, Niagaran, Laurel Limestone. United States, Indiana
- Petalocrinus magnus* Mu and Lin, 1987, p. 10, Pl. 4, fig. 5. Webster, 1993, p. 89.  
Silurian, early Llandoveryan, Xiangshuyuan Formation. China, Guizhou
- Petalocrinus? major* Weller, S., 1896, p. 170, Pl. 6, fig. 1 (a coral, *Omphyra*, according to Weller). Miller, S. A., 1897, p. 749. Bassler, 1915, p. 959. Bassler and Moodey, 1943, p. 604.  
Silurian, Niagaran. United States, Iowa
- \**Petalocrinus mirabilis* Weller and Davidson, 1896, p. 167, Pl. 6, fig. 2-5; Unnum. Fig. Miller, S. A., 1897, p. 749. Weller, S., 1900, p. 19, Fig. 4. Delage and Herouard, 1903, p. 381. Bassler, 1915, p. 959. Thomas, A. O., 1916, p. 289, Pl. 32, figs. 28-30. Abel, 1920, p. 256, Fig. 395. Abel, 1924, p. 278. Springer, 1926a, p. 126, Pl. 26, figs. 12-14. Bassler, 1938, p. 150. Bassler and Moodey, 1943, p. 604. Moore and Laudon, 1943b, p. 131, Pl. 2, fig. 8. Moore and Laudon, 1944, p. 153, Pl. 54, fig. 31. Cuénot, 1948, p. 64, Fig. 82. Mu, 1950, p. 93, Fig. 1. Ubaghs, 1953, p. 750, Fig. 85, nos. a-b, d. Norford, 1962, p. 25, Pl. 4, figs. 25-27. Yakovlev, 1964b, p. 62, Fig. 77. Rose, 1967, p. 14, Pl. 8, fig. 5. Webster, 1973, p. 203. Webster, 1977, p. 131. Ubaghs *in* Moore and Teichert, 1978, p. T143, Fig. 113, no. 3. Lane and Moore *in* Moore and Teichert, 1978, p. T594, Fig. 383, nos. 1c-1e. Brett, 1984, p. 104, Fig. 12, no. C. Webster, 1986, p. 248. Webster, 1988, p. 128. Chen and Yao, 1993, p. 60, Pl. 6, fig. 8. Fearnhead and Donovan, 2007a, p. 910, Fig. 5. Prokop and petr, 2010, p. 147, Fig. 1.  
Silurian, Niagaran, Hopkinton Dolomite, Caralline Member. United States, Iowa; Canada, British Columbia; China, Yunnan Province
- Petalocrinus sinensis* Mu and Wu, 1974, p. 209, Pl. 97, figs. 17-24. Webster, 1986, p. 248. Mu and Lin, 1987, p. 9, Pls. 2, figs. 4-7; 8, figs. 9, 12. Webster, 1993, p. 89.  
Silurian, early Llandoveryan, Lojep'ing Group; Xiangshuyuan Formation. China, Hupeh and Guizhou Provinces
- Petalocrinus tenuis* Mu and Lin, 1987, p. 10, Pl. 4, figs. 1-2. Webster, 1993, p. 89.  
Silurian, early Llandoveryan, Xiangshuyuan Formation. China, Guizhou
- Petalocrinus validus* Mu and Wu, 1974, p. 209, Pl. 97, figs. 12-16. Webster, 1986, p. 248. Mu and Lin, 1987, p. 8, Pls. 1, fig. 10; 2, figs. 1-3; 8, figs. 3, 6-7, 19, 24, 26. Webster, 1993, p. 89.  
Silurian, early Llandoveryan, Leichiat'un Group; Xiangshuyuan Formation. China, Kueichou Province
- Petalocrinus visbycensis* Bather, 1898a, p. 421, Pl. 25, figs. 1-25; Figs. 4, 6, 9. Bassler and Moodey, 1943, p. 604. Ubaghs, 1953, p. 750, Fig. 85, no. c. Webster, 1973, p. 203. Ubaghs *in* Moore and Teichert, 1978, p. T153, T168, Figs. 124, no. 4; 139, no. 8. Webster, 1986, p. 248. Fearnhead, 2008, p. 50, Fig. 2, no. C.  
Silurian, Wenlockian. Sweden, Isle of Gotland

*Petalocrinus* sp. cf. *P. visbycensis* Bather, 1898. Fearnhead and Harper, 2007, p. 71, Fig. 1, nos. A-E. Donovan et al., 2010, p. 77, Fig. 31.  
Silurian, early Llandoveryan, Mulloch Hill Sandstone Formation. United Kingdom, Scotland

*Petalocrinus* spp.  
Frest and Strimple, 1977e, p. 1187, Fig. 2. Webster, 1986, p. 248.  
Silurian, Wenlockian, Laurel Limestone. United States, Indiana

*Petalocrinus* sp. Fearnhead and Donovan, 2007a = *Petalocrinus bifidus*

*Petalocrinus* sp. nov. Donovan and Harper, 2003 = *Petalocrinus bifidus*

*Petalocrinus?* sp. Pinna, 1963, p. 108, Fig. 2, no. 4. Webster, 1973, p. 203.  
Silurian, Wenlockian, Woolhope Limestone. United Kingdom

*Petschoracrinus* Lane et al., 1996 = ?*Paragassizocrinus* sp.

**PETINOCRINUS** Hall, 1859. Bather, 1900, p. 203. Bassler, 1938, p. 150 (citation error by Bather, 1900).

*Poteriocrinus (Scytalocrinus) decabrachiatus* Hall, 1858. Wachsmuth and Springer, 1880 (1879), p. 117 (340). Bassler and Moodey, 1943, p. 606.  
*Scaphiocrinus decabrachiatus* (Hall, 1858). Miller, S. A., 1889, p. 279. Weller, S., 1898c, p. 558.  
*Scytalocrinus decabrachiatus* (Hall, 1858). Weller, S., 1898c, p. 558.  
 Mississippian, Viséan Serpukhovian (Chesterian), Glen Dean Limestone; Gasper Formation; Ste. Genevieve Limestone; Renault Formation. United States, Illinois, Kentucky, Alabama

*Phacelocrinus gracilis* (Troost, 1909) = *Phacelocrinus longidactylus*

*Phacelocrinus internodius* (Hall, 1858). Kirk, 1940c, p. 330. Bassler and Moodey, 1943, p. 606. Moore and Laudon, 1944, p. 171, Pl. 60, fig. 16. Webster, 1973, p. 204.

*Poteriocrinus (Scaphiocrinus) internodius* Hall, 1858c, p. 679, Pl. 25, fig. 2; Fig. 107. Bassler and Moodey, 1943, p. 606.

*Scaphiocrinus internodius* (Hall, 1858). Worthen, 1882, p. 17. Miller, S. A., 1889, p. 280. Weller, S., 1898c, p. 544.

Mississippian, Viséan (Chesterian), ?Ste. Genevieve Limestone. United States, Illinois

*Phacelocrinus longidactylus* (McChesney, 1860). Kirk, 1940c, p. 330. Bassler and Moodey, 1943, p. 606. Horowitz, 1965, p. 28, Pl. 2, fis. 19-21. Webster, 1973, p. 204. Burdick and Strimple, 1983a, p. 96, Pl. 21, figs. 2, 4, 7-8, 10-12, 15, 17, 19. Chestnut and Etensohn, 1988, p. 38, Pl. 2, figs. 11-15; Fig. 21. Webster, 1988, p. 128. Webster, 1993, p. 89. Kammer and Springer, 2008, p. 1184, Figs. 4.9-4.10. Ausich, 2009a, kp. 486, suppl. p. 38.

*Scaphiocrinus longidactylus* McChesney, 1860, p. 7. McChesney, 1865, Pl. 4, fig. 4. McChesney, 1868, p. 4, Pl. 4, fig. 4. Shumard, 1868, p. 395. Miller, S. A., 1889, p. 280. Weller, S., 1898c, p. 558. Bassler and Moodey, 1943, p. 606.

*Agassizocrinites gracilis* Troost, 1850a, p. 62. Troost, 1850b, p. 420. Bassler and Moodey, 1943, p. 606. Chestnut and Etensohn, 1988, p. 38. Webster, 1993, p. 89.

*Agassizocrinus gracilis* (Troost, 1850). Shumard, 1868, p. 352. Miller, S. A., 1889, p. 221.

*Phacelocrinus gracilis* (Troost, 1850). Kirk, 1940c, p. 330. Bassler and Moodey, 1943, p. 606. Burdick and Strimple, 1983a, p. 95, Pl. 13, figs. 1, 4. Chestnut and Etensohn, 1988, p. 38. Webster, 1988, p. 128. Webster, 1993, p. 89.

*Poteriocrinus wetherbyi* Miller, S. A., 1879, p. 36, Pl. 8, figs. 1a-1b. Miller, S. A., 1889, p. 276. Weller, S., 1898c, p. 560. Bassler and Moodey, 1943, p. 606. Chestnut and Etensohn, 1988, p. 38. Webster, 1993, p. 89.

*Poteriocrinus (Scytalocrinus) wetherbyi* Miller, 1879. Wachsmuth and Springer, 1880 (1879), p. 118 (341). Bassler and Moodey, 1943, p. 606.

*Scytalocrinus wetherbyi* (Miller, 1879). Weller, S., 1898c, p. 560.

*Phacelocrinus wetherbyi* (Miller, 1879). Kirk, 1940c, p. 330. Bassler and Moodey, 1943, p. 606. Moore and Strimple in Moore and Teichert, 1978, p. T647, Fig. 422, no. 2a. Webster, 1986, p. 249.

*Scytalocrinus? gracilis* (Troost, 1850). Wood, E., 1909, p. 88, Pl. 11, fig. 9. Bassler and Moodey, 1943, p. 606. Chestnut and Etensohn, 1988, p. 38. Webster, 1993, p. 89.

*Encrinites* sp. Cumberland, 1821, p. 91 (part). Bassler and Moodey, 1943, p. 645. Mississippian, Viséan - Serpukhovian (Chesterian), Ste. Genevieve Formation; Pennington Formation; Glen Dean Limestone. United States, Alabama, Kentucky

*Phacelocrinus? pentagonus* Austin and Austin, 1843 = *Gaelicrinus pentagonus*

*Phacelocrinus rosei* (Moore and Plummer, 1938). Moore and Strimple, 1973, p. 44. Webster, 1977, p. 132.

*Hydriocrinus? rosei* Moore and Plummer, 1938, p. 239, Pls. 14, figs. 8a-8d; 16, Fig. 9; Fig. 6. Bassler and Moodey, 1943, p. 518. Moore and Strimple, 1973, p. 44. Webster, 1977, p. 132. Pabian and Strimple, 1985, p. 71.

*Hydriocrinus rosei* Moore and Plummer, 1938. Strimple, 1961f, p. 306. Webster, 1973, p. 153. Webster, 1988, p. 96.

*Pentanobathrum rosei* (Moore and Plummer, 1939). Moore, 1939b, p. 207. Pennsylvanian, Morrowan, Bloyd Formation, Brentwood Limestone Member. United States, Oklahoma

*Phacelocrinus rostratus?* (Austin and Austin); Wright, 1960 = *Gaelicrinus portlocki*

*Phacelocrinus rostratus* (Austin and Austin, 1843) = *Gaelicrinus rostratus*

?*Phacelocrinus rostratus* (Austin and Austin); Wright, 1951 (part) = *Gilmocrinus dactyloides*

*Phacelocrinus vanhornei* (Worthen, 1875). Kirk, 1940c, p. 330. Bassler and Moodey, 1943, p. 606. Moore and Laudon, 1944, p. 171, Pl. 60, fig. 5. Webster, 1973, p. 204.

*Poteriocrinus vanhornei* Worthen, 1875, p. 517, Pl. 31, figs. 2-3. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 559. Bassler and Moodey, 1943, p. 606.

*Poteriocrinus (Scytalocrinus) vanhornei* Worthen, 1875. Wachsmuth and Springer, 1880 (1879), p. 118 (341). Bassler and Moodey, 1943, p. 606.

*Scytalocrinus vanhornei* (Worthen, 1875). Keyes, 1894a, p. 213, Pl. 26, fig. 3. Weller, S., 1898c, p. 559. Bassler and Moodey, 1943, p. 606.

Mississippian, Viséan – Serpukhovian (Meramecian – Chesterian), St. Louis Limestone; Ste. Genevieve Limestone. United States, Illinois

*Phacelocrinus wachsmuthi* (Wetherby, 1880) = *Phacelocrinus bisselli*

*Phacelocrinus wetherbyi* (Miller, 1879) = *Phacelocrinus longidactylus*

*Phacelocrinus* sp. Burdick and Strimple, 1971a, p. 34, Pl. 6, fig. 8. Webster, 1977, p. 132.

Mississippian, Serpukhovian (Chesterian), Beech Creek Limestone. United States, Illinois

*Phacelocrinus?* sp. Wright, J., 1960, p. 330, Appendix, Pl. 1, fig. 9. Webster, 1973, p. 204.

Mississippian, Viséan, S<sub>2</sub>. United Kingdom

*Phaneroocrinus* nov. sp. Pareyn, 1961 = *Scytalocrinus* sp. Webster et al., 2004

**PHANOOCRINUS** Kirk, 1937. \**Zeacrinus formosus* Worthen in Meek and Worthen, 1873.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Cromyocrinoidea, F. Phanocrinidae

Webster, 1988, p. 128. Lane and Sevastopulo, 1990, p. 336. Webster, 1993, p. 89.

Named, currently recognized species based on cups or crowns: 17 species. 16 Mississippian, 7 Viséan, 9 Serpukhovian; 1 Permian, Wolfcampian

Mississippian, Viséan. United Kingdom, Scotland

Mississippian, Serpukhovian. Algeria

Mississippian, Serpukhovian (Chesterian); Permian, middle Wolfcampian. United States

*Phanocrinus alexanderi* Strimple, 1948 = *Phanocrinus parvaramus*

*Phanocrinus altus* Wright, J., 1942, p. 276, Pl. 12, figs. 11, 13-16. Wright, J., 1951b, p. 101, Pl. 17, figs. 2, 4. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 204. Webster, 1977, p. 132.

Mississippian, Viséan, Lower Limestone Group. United Kingdom, Scotland

*Phanocrinus ardrossensis* (Wright, 1934). Wright, J., 1939, p. 24, Pl. 5, figs. 7-8; Figs. 16-17. Bassler and Moodey, 1943, p. 607. Wright, J., 1951b, p. 97, Pl. 33, figs. 3-5, 7-12. Wright, J., 1952b, p. 324, Pl. 13, fig. 8. Wright, J., 1954b, p. 169, Pl. 3, fig. 4. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 205. Webster, 1977, p. 132.

*Eupachyocrinus ardrossensis* Wright, 1934, p. 245, Pls. 13, figs. 9-10; 14, figs. 2, 8-9; Figs. 4-5. Bassler and Moodey, 1943, p. 607.

Mississippian, Viséan, Calciferus Sandstone Series, Ardross Limestone. United Kingdom, Scotland

*Phanocrinus bellulus* (Miller and Gurley, 1894) = *Phanocrinus manifoldis*

- Phanocrinus* sp. cf. *P. bellus* (Miller and Gurley, 1894). Strimple and Moore, 1973a, p. 3, Fig. 2, nos. 1-3. Webster, 1977, p. 133.  
Mississippian, Serpukhovian (Chesterian), Fraileys Shale Formation. United States, Illinois
- Phanocrinus calyx* (M'Coy, 1849). Wright, J., 1939, p. 22, Pl. 15, figs. 1-4. Bassler and Moodey, 1943, p. 607. Wright, 1951b, p. 94, Pls. 17, figs. 15, 21; 18, figs. 1-19, 22-23, 29; 33, figs. 6, 14. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 205. Webster, 1977, p. 133.  
*Cupressocrinus calyx* M'Coy, 1849, p. 244. M'Coy, 1854, p. 105. Bather, 1916a, p. 69. Bassler and Moodey, 1943, p. 607.  
*Poteriocrinus calyx* (M'Coy, 1849). de Koninck and Le Hon, 1854, p. 90, Pl. 1, figs. 6a-6d.  
*Zeacrinus calyx* (M'Coy, 1849). Sladen, 1878, p. 249  
*Eupachycrinus? calyx* (M'Coy, 1849). Bather, 1916a, p. 69, Fig. 13. Wright, J., 1924, p. 276, Pl. 16, fig. 4. Wright, J., 1925, Pl. 29, fig. 4. Bassler and Moodey, 1943, p. 607.  
*Eupachycrinus calyx* (M'Coy, 1849). Wright, J., 1926, p. 145, Pls. 15; 17, figs. 4-5; Figs. 1-59. Bassler and Moodey, 1943, p. 607.  
Mississippian, Viséan, Lower Limestone Group: United Kingdom, Scotland
- Phanocrinus cavus* Burdick and Strimple, 1983a, p. 61, Pl. 19, figs. 1-16. Webster, 1988, p. 128.  
Mississippian, Serpukhovian (Chesterian), Bangor Limestone. United States, Alabama
- Phanocrinus compactus* Sutton and Winkler, 1940 = *Pentaramicrinus compactus*
- Phanocrinus cooksoni* Laudon, 1941, p. 389, Pl. 56, fig. 6-7. Easton, 1942, p. 84, Pl. 4, fig. 1. Bassler and Moodey, 1943, p. 607. Burdick and Strimple, 1969, p. 9. Burdick and Strimple, 1973b, p. 237, Pl. 1, figs. 1-2, 5, 7, 9-10 (incorrectly given as Pl. 2, p. 237). Webster, 1977, p. 133.  
Mississippian, Serpukhovian (Chesterian), Pitkin Limestone. United States, Oklahoma, Arkansas
- Phanocrinus cylindricus* (Miller and Gurley, 1894) = *Phanocrinus maniformis*
- Phanocrinus* sp. cf. *P. cylindricus* (Miller and Gurley, 1894). Strimple and Moore, 1973a, p. 5, Fig. 3, nos. 1-3. Webster, 1977, p. 133.  
Mississippian, Serpukhovian (Chesterian), Fraileys Shale Formation. United States, Illinois
- Phanocrinus formosus* (Worthen, 1873) = *Phanocrinus maniformis*
- Phanocrinus* cf. *P. formosus* (Worthen, 1873). Horowitz, 1965, p. 32, Pl. 3, figs. 13-15. Webster, 1973, p. 205.  
Mississippian, Serpukhovian (Chesterian), Glen Dean Formation. United States,

## Indiana

- Phanocrinus* sp. cf. *P. formosus* (Worthen in Meek and Worthen, 1873). Cornwell and Cornwell, 1968, Pl. 2, fig. 5. Webster, 1977, p. 133.  
Pennsylvanian. United States, Iowa
- Phanocrinus* sp. cf. *P. formosus* (Worthen in Meek and Worthen, 1873). Strimple and Moore, 1973a, p. 5, Fig. 4, nos. 1-3. Webster, 1977, p. 133.  
Mississippian, Serpukhovian (Chesterian), Fraileys Shale Formation. United States, Illinois
- Phanocrinus fragosus* Sutton and Winkler, 1940 = *Pentaramicrinus fragosus* = *P.* sp. cf. *P. altonensis*
- Phanocrinus gordonii* Wright, J., 1939, p. 26, Pl. 9, figs. 3-5, 20. Bassler and Moodey, 1943, p. 607. Wright, J., 1951b, p. 99, Pls. 17, figs. 6-9, 22-23; 19, figs. 11-12. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 205. Webster, 1977, p. 133.  
Mississippian, Viséan, Lower Limestone Group. United Kingdom, Scotland
- Phanocrinus gracilis* (Wetherby, 1880) = *Pentaramicrinus gracilis*
- Phanocrinus imoensis* Burdick and Strimple, 1973b, p. 238, Pls. 1, fig. 4; 2, figs. 9-10. Webster, 1977, p. 133.  
Mississippian, Serpukhovian (Chesterian), Imo Formation. United States, Alabama
- Phanocrinus inflatoramus* Sutton and Winkler, 1940 = *Pentaramicrinus inflatoramus* = *Phanocrinus maniformis*
- Phanocrinus? insolitus* Webster and Lane, 1967, p. 26, Pl. 5, figs. 4-5. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 205. Webster, 1977, p. 134.  
Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada
- Phanocrinus irregularis* Strimple, 1951e, p. 262, Figs. 5-9. Burdick and Strimple, 1969, p. 9. Webster, 1973, p. 205. Webster, 1977, p. 134. Burdick and Strimple, 1983a, p. 61. Webster, 1988, p. 128.  
Mississippian, Serpukhovian (Chesterian), Pitkin Limestone. United States, Oklahoma
- Phanocrinus magnaradianalis* (Sutton and Winkler, 1940) = *Pentaramicrinus magnaradianalis* = *P. gracilis*

- \**Phanocrinus maniformis* (Yandell and Shumard, 1847). Sutton and Winkler, 1940, p. 554, Pl. 67, figs. 3-4. Bassler and Moodey, 1943, p. 608. Burdick and Strimple, 1969, p. 9. Webster, 1977, p. 134. Chestnut and Etensohn, 1988, p. 48, Pl. 5, figs. 1-8. Webster, 1993, p. 90. Kammer and Springer, 2008, p. 1186, Figs. 4.3-4.4. Ausich, 2009a, p. 486, suppl. p. 39.
- Cyathocrinus maniformis* Yandell and Shumard, 1847, p. 25, Unnum. Pl, fig. 2. Yandell and Shumard, 1868, p. 399. Miller, S. A., 1889, p. 236. Weller, S., 1898c, p. 265. Bassler and Moodey, 1943, p. 608. Webster, 1993, p. 90.
- Zeacrinus maniformis* (Yandell and Shumard, 1847). Hall, 1858c, p. 682, Pl. 25, fig. 8. Shumard, 1868, p. 399. Miller, S. A., 1889, p. 288. Miller, S. A., 1897, p. 755. Weller, S., 1898c, p. 265. Bassler and Moodey, 1943, p. 608.
- Poteriocrinus maniformis* (Yandell and Shumard, 1847). Shumard, 1868, p. 399. Miller, 1889, p. 274.

*Physetocrinus subventricosus* McChesney, 1860 = *Physetocrinus ventricosus*

\**Physetocrinus ventricosus* (Hall, 1858). Meek and Worthen, 1869, p. 158. Miller, S. A., 1889, p. 269. Wachsmuth and Springer, 1897, p. 593, Pls. 4, fig. 2; 5, fig. 14; 63, fig. 6; 64, figs. 1-8. Weller, S., 1898c, p. 427. Grabau and Shimer, 1910, p. 529. Bassler and Moodey, 1943, p. 611. Moore and Laudon, 1943b, p. 140, Pl. 11, fig. 4. Moore and Laudon, 1944, p. 193, Pl. 77, fig. 7. Laudon, 1948, Pl. 3. Good, 1968, Pl. 1, fig. 1. Haugh, 1973a, p. 84, Pls. 1, figs. 1, 3, 4; 2, fig. 1; Fig. 6, nos. c, g. Webster, 1973, p. 206. Webster, 1977, p. 135. Ubaghs in Moore and Teichert, 1978, p. T201, Fig. 171, no. 1. Bowsher in Moore and Teichert, 1978, p. T461, Fig. 269, no. 1. Brett, 1981b, p. 361, Fig. 7, no. D. Webster, 1986, p. 250. Webster, 1988, p. 129. Gahn and Baumiller, 2006, p. 400, Fig. 2, no. A.

*Actinocrinus ventricosus* Hall, 1858c, p. 595, Pl. 11, figs. 6a-6b. Hall, 1859a, Pl. 2, fig. 5. Shumard, 1868, p. 349. Miller, S. A., 1889, p. 220. Weller, S., 1898c, p. 427. Bassler, 1938, p. 152. Bassler and Moodey, 1943, p. 611.

*Actinocrinus ventricosus* var. *cancellatus* Hall, 1861b, p. 3. Shumard, 1868, p. 349. Miller, S. A., 1889, p. 220, 269. Weller, S., 1898c, p. 427. Bassler and Moodey, 1943, p. 611.

*Actinocrinus ventricosus* var. *internodius* Hall, 1861a, p. 278. Hall, 1861b, p. 3. Hall, 1861c, p. 278, p. 3. Shumard, 1868, p. 349. Miller, S. A., 1889, p. 220, 269. Weller, S., 1898c, p. 427.

*Actinocrinus ventricosus* var. *intermedius* Hall, 1861. Bassler and Moodey, 1943, p. 611.

*Actinocrinus ventricosus* var. *reticulatus* Hall, 1861a, p. 279. Hall, 1861c, p. 279. Weller, S., 1898c, p. 427. Bassler and Moodey, 1943, p. 611.

*Actinocrinus subventricosus* McChesney, 1860, p. 21, Pl. 4, figs. 6a-6b. McChesney, 1868, p. 16, Pl. 4, figs. 6a-6b; Unnum Fig. p. 17. Miller, S. A., 1889, p. 220. Weller, S., 1898c, p. 427. Bassler and Moodey, 1943, p. 611.

*Physetocrinus subventricosus* McChesney, 1860. Miller, S. A., 1889, p. 269. Mississippian, Viséan (Osagean), upper and lower parts of Burlington Limestone. United States, Iowa, Illinois, Missouri

*Physetocrinus* sp. Kues, 1982, Unnum Fig. p. 108, no. E. Webster, 1988, p. 129. Mississippian: no locality data given, probably Lake Valley Formation. New Mexico

*Physetocrinus?* sp. Webster and Lane, 1987, p. 21, Fig. 7, nos. 19-21. Webster, 1993, p. 91.

Mississippian, Viséan (Osagean)n, Anchor Limestone. United States, Nevada

**PIDELOCRINUS** Frest and Strimple, 1981. \**P. planus* Frest and Strimple, 1981.

Sbc. Camerata, O. Diplobathrida, Spf. Dimerocrinitoidea, F. Elpidocrinidae  
Frest and Strimple, 1981, p. 653. Webster, 1988, p. 129.

Named, currently recognized species based on cups or crowns: 1 Silurian, Ludlovian species

Silurian, Ludlovian. United States

\**Pidelocrinus planus* Frest and Strimple, 1981, p. 654, Pl. 1, figs. 2, 5, 9-11; Fig. 3, no. D. Webster, 1988, p. 129.

Silurian, Ludlovian, Henryhouse Formation. United States, Oklahoma

**PILIDIOCRINUS** Wanner, 1937. \**P. permicus* Wanner, 1937.

Sbc. Cladida, O. Cyathocrinida, Spf. Codiacrinoidea, F. Philidiocrinidae  
Wanner, 1937, p. 131. Bassler, 1938, p. 152. Bassler and Moodey, 1943, p. 611.

Moore and Laudon, 1943b, p. 50. Branson, C. C., 1948, p. 207. Arendt and Hecker, 1964, p. 85. Lane, N. G., 1967b, p. 13, Fig. 3. Arendt, 1970a, p. 184.

Webster, 1973, p. 206. Webster, 1977, p. 135. Lane and Moore *in* Moore and Teichert, 1978, p. T603. Arendt, 1981, p. 100. Webster, 1986, p. 250. Webster, 1988, p. 129.

Named, currently recognized species based on cups or crowns: 1 Permian species series uncertain

Permian, series uncertain. West Timor

*Pilidiocrinus heckeri* Arendt, 1970 = \**Eopilidiocrinus heckeri*

\**Pilidiocrinus permicus* Wanner, 1937, p. 139, Pl. 9, figs. 27-29. Bassler, 1938, p. 152.

Bassler and Moodey, 1943, p. 611. Branson, C. C., 1948, p. 207. Arendt, 1968a, p. 99, Fig. 2. Arendt, 1970a, p. 184. Webster, 1973, p. 206. Webster, 1977, p. 135. Lane and Moore *in* Moore and Teichert, 1978, p. T603, Fig. 390, no. 7 (*non* no. 1 as given p. T603). Webster, 1986, p. 250.

Permian, series uncertain. West Timor, Basleo

**PIMLICOCRINUS** Wright, 1943. \**Amphoracrinus clitheroensis* Wright, 1942.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Amphoracrinidae

Wright, J., 1943a, p. 89. Ubaghs, 1953, p. 739. Webster, 1973, p. 206. Ubaghs *in* Moore and Teichert, 1978, p. T452. Webster, 1986, p. 250. Lane and

Sevastopulo, 1987, p. 200. Donovan, 1992c, p. 46. Chen and Yao, 1993, p. 31, Fig. 13. Webster, 1993, p. 91. Donovan and Lewis, 2003, p. 1. Webster et

al., 2004, p. 19. Ausich and Kammer, 2008b, p. 1148 (misspelled as *Pimliccrinus* table 4).

Named, currently recognized species based on cups or crowns: 7 species, 6 Mississippian, 3 Tournaisian, 1 Tournaisian – Viséan, 2 Viséan; 1 Pennsylvanian, Bashkirian

Mississippian, middle Tournaisian - Serpukhovian. Europe

Mississippian, Tournaisian. China, Yunnan Province  
Pennsylvanian, Desmoinesian. Algeria

- Pimlicocrinus acuminatus* Chen and Yao, 1993, p. 31, Pl. 5, figs. 1-3; Fig. 14, nos. a-c.  
Webster, Waters, and Chen, 2009, p. 140, Fig. 7, nos. n-q.  
Mississippian, Tournaisian, Yudong Formation. China, Yunnan Province
- Pimlicocrinus brevicalix* (Rofe, 1865). Wright, J., 1955a, p. 211, Pl. 51, figs. 27; Fig. 111. Webster, 1973, p. 206. Donovan and Lewis, 2003, p. 1, Pl. 1, fig. 6.  
*Actinocrinus (Amphorocrinus) brevicalix* Rofe, 1865a, p. 12, Figs. 1-3. Bassler and Moodey, 1943, p. 298. Wright, J., 1943b, p. 234. Wright, J., 1955a, p. 211. Webster, 1973, p. 206.  
*Amphorocrinus brevicalix* (Rofe, 1865). Bassler and Moodey, 1943, p. 298. Wright, J., 1943b, p. 234. Webster, 1973, p. 50.  
Mississippian, Viséan, Mountain Limestone. United Kingdom, Scotland
- \**Pimlicocrinus clitheroensis* (Wright, 1942). Wright, J., 1943a, p. 90, Pl. 3, figs. 12-13, 18-20. Wright, J., 1955a, p. 208, Pl. 51, figs. 1-4, 11-12. Webster, 1973, p. 206. Ubaghs in Moore and Teichert, 1978, p. T452, Fig. 260, no. 3. Webster, 1986, p. 250. Donovan, 1992c, p. 46, Fig. 7, no. I.  
*Amphorocrinus clitheroensis* Wright, J., 1942, p. 272, Pl. 10, figs. 1-4. Wright, J., 1943a, p. 90. Webster, 1973, p. 50, 206.  
Mississippian, Viséan. United Kingdom, Scotland
- Pimlicocrinus latus* Wright, J., 1943a, p. 91, Pl. 3, figs. 1-11, 14-17, 21-22. Wright, J., 1955a, p. 210, Pl. 51, figs. 6-10, 13-14, 21-25, 33-37. Breimer, 1962a, p. 80, Pl. 8, figs. 8-10; Fig. 14. Webster, 1973, p. 206.  
Mississippian, Tournaisian – Viséan, Rabanal Limestone. United Kingdom, Scotland; Spain
- Pimlicocrinus* cf. *latus* Wright, 1943. Wright, J., 1955a, p. 210, Pl. 61, fig. 8. Webster, 1973, p. 206.  
Mississippian, Tournaisian. United Kingdom
- Pimlicocrinus morocarpus* Chen and Yao, 1993, p. 33, Pl. 5, fig. 6. Webster, Waters, and Chen, 2009, p. 140, Fig. 7, nos. g-h.  
Mississippian, Tournaisian, Yudong Formation. China, Yunnan Province
- Pimlicocrinus octobrachiatus* Webster et al., 2004, p. 28, Pl. 7, figs. 1-11.  
Pennsylvanian, Bashkirian, Oued el Hamar Formation. Algeria
- Pimlicocrinus subconicus* Chen and Yao, 1993, p. 32, Pl. 5, figs. 4-5; Fig. 15, nos. a-c.  
Webster, Waters, and Chen, 2009, p. 140, Fig. 7, nos. r-u.  
Mississippian, Tournaisian, Yudong Formation. China, Yunnan Province
- Pimlicocrinus* sp. 1 Breimer, 1962a, p. 82, Fig. 15, nos. A-B. Webster, 1973, p. 206.  
Pennsylvanian, Westphalian. Spain

*Pimlicocrinus* sp. 2 Breimer, 1962a, p. 83, Pl. 8, fig. 11; Fig. 15, no. C. Webster, 1973, p. 206.

Age and locality unknown in Spain

*Pimlicocrinus* spp.

Wright, J., 1955a, p. 212, Pl. 53, fig. 21. Webster, 1973, p. 206.

Mississippian, Tournaisian. United Kingdom, Scotland

Chen and Yao, 1993, p. 33, Pl. 5, fig. 7.

Mississippian, Tournaisian, Wangjiadashan Formation. China, Yunnan Province

Webster et al., 2004, Pl. 7, figs. 18-19.

Pennsylvanian, Bashkirian, upper part of Oued el Hamar Formation. Algeria

Pinnates Moore, 1939b, p. 170, Fig. 2, nos. 12-15 (brachials, 4 species).

Mississippian, Viséan (Osagean). United States

Pinnulars with saw-like edges Pisera, 1994, p. 290, Pl. 59 fig. 9.

Ordovician, Darriwilian – Katian (Llanvirnian – Ashgillian), Mojca Limestone.

Poland, Holy Cross Mountains

Pinnulate camerate brachials Brower, 1974a, p. 12, Pl. 3, figs. 2-3. Webster, 1986, p. 323.

No age given

Pinnule filled arm segment Kutscher, 1971, p. 115, Pl. 1. Webster, 1977, p. 182.

Devonian, Emsian, Hunsrückschiefer. Germany

Pinnule of a crinoid *Acolocrinus* Rozhnov, 2002, p. 595, Fig. 51. (diagramatic)

Pinnules Webster and Maples, 2008, p. 212, Fig. 10.3, no. 3. (diagramatic)

*PIONOCRINUS* Angelin, 1878 = **CARPOCRINUS**

Mississippian, Viséan (Osagean), lower part of Burlington Limestone; Redwall Limestone, Mooney Falls Member, Thunder Springs Member or Mooney Falls Member. United States, Iowa, Arizona

*Platycrinites anaglypticus* Goldfuss, 1839 = *Hexacrinites anaglypticus* = *Megaradialocrinus anaglypticus*

*Platycrinites anguliferus* (Whidborne); Bassler and Moodey, 1943 = Order, family, genus, and species uncertain C = *Platycrinites?* *anguliferus*

*Platycrinites?* *anguliferus* (Whidborne, 1898).

*Platycrinus? anguliferus* Whidborne, 1898 (pt), p. 223, Pl. 37, figs. 8-12. Lane, Maples, and Waters, 2001a, p. 1059.

*Platycrinites anguliferus* (Whidborne); Bassler and Moodey, 1943. Lane, Maples, and Waters, 2001a, p. 1059.

*Platycrinites?* sp. Lane, Maples, and Waters, 2001a, p. 1059.

**Note:** Lane et al., assigned *Platycrinus anguliferus* Whidborne to *Platycrinites?* sp. However, a species had been assigned, therefore it has precedence and should be used, although the genus may be uncertain. GDW, 2011.

Devonian, Famennian. United Kingdom, North Devon

*Platycrinites ann dixonii* Troost, 1850 = *Coccocrinus bacca* = *Lyonocrinus bacca*

*Platycrinites annosus* (Miller, 1891) = *Platycrinites* s.l. *annosus*

*Platycrinites antheliontes* Austin and Austin, 1842, p. 109. Austin and Austin, 1843a, p. 199. Austin and Austin, 1843b, p. 27, Pl. 2, figs. 3k-3r. Bassler and Moodey, 1943, p. 615. Ausich and Kammer, 2006, p. 102 (considered *nomen dubium*).

(**Note:** Figs. 3n-3r are not the same species, GDW 2012)

*Platycrinus antheliontes* (Austin and Austin, 1842). Bronn, 1848, p. 993. Mississippian, series not given. United Kingdom

*Platycrinites anulus* (Quenstedt, 1876). Bassler and Moodey, 1943, p. 615.

*Platycrinus anulus* Quenstedt, 1876, p. 551, Pl. 109, fig. 18. Bassler and Moodey, 1943, p. 615.

Mississippian, series not given. Ireland

*Platycrinites aoudjaensis* Webster et al., 2004, p. 33, Pl. 8, figs. 20-21.

?*Platycrinus spinifer elongatus* Termier and Termir, 1950. Webster et al., 2004, p. 33.

Mississippian, Serpukovian, E1, Aïn Mezerelt Formation, Mouizeb el Atchane Member. Algeria

*Platycrinites applanatus* Chen and Yao, 1993 = *Platycrinites* s.s. *applanatus*

*Platycrinites aqualis* (Hall, 1861). Bassler and Moodey, 1943, p. 615. Webster, 1977, p. 137.

*Platycrinus aqualis* Hall, 1861b, p. 17. Weller, S., 1898c, p. 433. Bassler and Moodey, 1943, p. 615.

*Platycrinus aequalis* Hall, 1861. Shumard, 1868, p. 386. Miller, S. A., 1889, p. 270. Wachsmuth and Springer, 1897, p. 674, Pl. 71, figs. 4a-5.

*Platycrinites aequalis* (Hall, 1861). Laudon, 1973b, p. 31, Fig. 6.

*Platycrinus batiola* Miller, S. A., 1891b, p. 22, Pl. 3, figs. 1-2. Miller, S. A., 1892a, p. 681. Weller, S., 1898c, p. 433. Bassler and Moodey, 1943, p. 615.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Platycrinites arenosus* (de Koninck and Le Hon, 1854) = *Platycrinites* s.l. *arenosus*

*Platycrinites armatus* (Münster, 1839). Bassler and Moodey, 1943, p. 615. Ausich and Kammer, 2009, p. 704, *nomen nudum*.

*Platycrinus armatus* Münster, 1839, p. 5. Bassler and Moodey, 1943, p. 615. Mississippian, Tournaisian. Belgium

*Platycrinites asiatica* (Minato, 1951) = *Platycrinites* s.l. *asiatica*

*Platycrinites asper* (Meek and Worthen, 1861). Bassler and Moodey, 1943, p. 615.

*Platycrinus (Pleurocrinus) asper* Meek and Worthen, 1861, p. 129. Meek and Worthen, 1868c, p. 468, Pl. 18, fig. 9, Unnum. Fig. Weller, S., 1898c, p. 434. Bassler and Moodey, 1943, p. 615.

*Platycrinus asper* Shumard, 1868, p. 387. Miller, S. A., 1889, p. 270, Fig. 392. Wachsmuth and Springer, 1897, p. 690, Pl. 68, figs. 9a-9b. Weller, S., 1898c, p. 434. Bassler and Moodey, 1943, p. 615.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Platycrinites augusta* (Slocum, 1907) = *Hagnocrinus augusta*

*Platycrinites austinianus* (de Koninck and Le Hon, 1854). Bassler and Moodey, 1943, p. 616. Ubaghs in Moore and Teichert, 1978, p. T169, Fig. 140, no. 2.

Webster, 1986, p. 254.

*Platycrinus austinianus* de Koninck and Le Hon, 1854, p. 169, Pl. 5, figs. 3a-3b.

Schmidt, H., 1933, p. 38, Pl. 5, fig. 7. Bassler and Moodey, 1943, p. 616.

*Platycrinus trigintidactylus* Austin and Austin, 1843 (part), p. 50, Pl. 3, fig. 1a (*non* 1b-1h). Bassler and Moodey, 1943, p. 616.

Mississippian, Tournaisian, Mountain Limestone. Belgium, Ireland

*Platycrinites balladooensis* (Wright, 1938) = *Platycrinites balladoolensis* = *Pleurocrinus balladoolensis*

*Platycrinites basicraniatus* Laudon and Severson, 1953, p. 533, Pls. 54, fig. 1; 55, fig. 24. Webster, 1973, p. 211.

Mississippian, Tournaisian (Kinderhookian), Lodgepole Limestone. United States, Montana

*Platycrinites bedfordensis* (Hall and Whitfield, 1875) = *Platycrinites* s.l. *bedfordensis*

*Platycrinites beirdneauensis* Webster, 1997, p. 16, Pl. 3, figs. 1, 2B, 4, 6B, 7.

Mississippian, Tournaisian, Brush Canyon Member, Henderson Canyon Formation. United States, Utah

*Platycrinites bellmanensis* (Wright, 1942). Wright, J., 1948, p. 51, Pl. 5, figs. 7-10.

Wright, J., 1956b, p. 279, Pl. 71, figs. 9-12, 14-16, 18-19, 21-22. Webster, 1973, p. 211.

*Platycrinus bellmanensis* Wright, J., 1942, p. 270, Pl. 11, figs. 9-16. Wright, J., 1948,

p. 51. Webster, 1973, p. 211.  
Mississippian, Viséan, C<sub>2</sub>. United Kingdom

*Platycrinites blairi* (Miller, 1891) = *Platycrinites* s.l. *blairi*

*Platycrinites bollandensis* (Wright, 1938) = *Platycrinites* s.l. *bollandensis*

*Platycrinites bonoensis* (Miller, 1891) = *Platycrinites georgii*

*Platycrinites boonvillensis* (Miller, 1891) = *Platycrinites georgii*

*Platycrinites bozemanensis* (Miller and Gurley, 1897). Laudon and Severson, 1953, p. 532, Pl. 54, figs. 2-7. Laudon, 1967, p. 1492, Pls. 193, 194; Figs. 1-6. Webster, 1973, p. 211. Lane *in* Moore and Teichert, 1978, p. T515, Fig. 316, nos. 2c-2e. Oviatt, 1985, p. 7, Fig. 9. Webster, 1986, p. 254. Webster, 1988, p. 134. Webster, 1997, p. 14, Pl. 3, fig. 6A.

*Platycrinites? bozemanensis* Miller and Gurley, 1897. Bassler and Moodey, 1943, p. 616.

*Platycrinus bozemanensis* Miller and Gurley, 1897, p. 42, Pl. 3, fig. 5. Miller, S. A., 1897, p. 749. Weller, S., 1898c, p. 435. Bassler and Moodey, 1943, p. 616. Wolf, 1979, p. 150, Fig. 1, no. e. Webster, 1986, p. 254.

*Platycrinities bozemanensis* Miller and Gurley, 1897. Gahn, 1995, p. 116, Fig. 4, nos. 1-2 (sic).

*Dichocrinus bozemanensis* (Miller and Gurley, 1897). Laudon, 1933, p. 52, Pl. 6, figs. 1-2. Bassler and Moodey, 1943, p. 616.

Mississippian, Tournaisian (Kinderhookian), Lodgepole Limestone; Gilmore City Formation; Henderson Canyon Formation, Brush Canyon and Devil Creek Members. United States, Montana, Iowa, Utah

*Platycrinites? bozemanensis* Miller and Gurley, 1897 = *Platycrinites bozemanensis*

*Platycrinites brevinodus* (Hall, 1861). Bassler and Moodey, 1943, p. 616. Laudon, 1973b, p. 31, Fig. 6. Webster, 1977, p. 137. Ausich and Kammer, 1990, p. 771, Figs. 8.5, 8.11-8.12.

*Platycrinus brevinodus* Hall, 1861a, p. 286. Hall, 1861b, p. 4. Hall, 1861c, p. 286. Shumard, 1868, p. 387. Hall, 1872c, Pl. 2A, fig. 5. Wachsmuth and Springer, 1897, p. 688, Pl. 70, figs. 2, 5, 6a-6b. Weller, S., 1898c, p. 435. Bassler and Moodey, 1943, p. 616. Ausich and Kammer, 1990, p. 771. Webster, 1993, p. 93. Mississippian, Viséan (Osagean), upper part of Burlington Limestone; Keokuk Limestone, Montrose Chert Member; Ramp Creek Formation. United States, Iowa, Indiana, Missouri

*Platycrinites brevis* Goldfuss, 1839 = *Hexacrinus brevis* = *Hexacrinites brevis* = *Megaradialocrinus brevis*

*Platycrinites bridgerensis* (Miller and Gurley, 1897). Bassler and Moodey, 1943, p. 617.

*Platycrinus bridgerensis* Miller and Gurley, 1897, p. 43, Pl. 3, fig. 8. Miller, S. A., 1897, p. 750. Weller, S., 1898c, p. 435. Bassler and Moodey, 1943, p. 617. Mississippian, Tournaisian (Kinderhookian), Lodgepole Limestone. United States, Montana

*Platycrinites brittsi* (Miller, 1891) = *Platycrinites* s.l. *brittsi*

*Platycrinites burlingtonensis* (Owen and Shumard, 1850) = *Platycrinites* s.s. *burlingtonensis*

*Platycrinites* cf. *P. burlingtonensis* (Owen and Shumard, 1850) = *Talarocrinus planus*

*Platycrinites calyculus* (Hall, 1861). Bassler and Moodey, 1943, p. 617. Ausich and Kammer, 2009, p. 703, *nomen dubium*.

*Platycrinus calyculus* Hall, 1861b, p. 16. Shumard, 1868, p. 387. Miller, S. A., 1889, p. 270. Weller, S., 1898c, p. 436. Bassler and Moodey, 1943, p. 617. Mississippian, Viséan (Osagean), Burlington Limestone. United States, Iowa

*Platycrinites canadensis* Laudon and Severson, 1953, p. 532, Pls. 54, fig. 8; 55, fig. 25. Webster, 1973, p. 211. Webster, 1997, p. 15, Pl. 3, fig. 3.

*Platycrinities canadensis* Laudon and Severson, 1953. Gahn, 1995, p. 116, Fig. 4, nos. 3-4.

Mississippian, Tournaisian (Kinderhookian), Lodgepole Limestone; Henderson Canyon Formation, Brush Canyon Member. United States, Montana, Utah

*Platycrinites* sp. cf. *P. canadensis* Laudon and Severson, 1953. Webster, 1997, p. 16. Mississippian, Tournaisian, Brush Canyon Member, Henderson Canyon Formation. United States, Utah

*Platycrinites canaliculatus* (Hall, 1858). Bassler and Moodey, 1943, p. 617.

*Platycrinus canaliculatus* Hall, 1858c, p. 539. Shumard, 1868, p. 387. Miller, S. A., 1889, p. 270. Wachsmuth and Springer, 1897, p. 689, Pl. 75, figs. 7a-7b. Weller, S., 1898c, p. 436. Bassler and Moodey, 1943, p. 617.

Mississippian, Viséan (Osagean), lower and upper parts of Burlington Limestone. United States, Iowa

*Platycrinites casula* (Miller and Gurley, 1895) = *Platycrinites* s.s. *casula*

Mississippian, Serpukhovian (Chesterian) - Permian, Wolfcampian. United States

*Plummericrinus bellirugosus* (Moore, 1939) = *Microcaracrinus bellirugosus*

*Plummericrinus braggisi* Strimple, 1951 = *Anobasicrinus braggisi*

*Plummericrinus? bulbosus* Webster and Lane, 2007, p. 959, Fig. 4, nos. 2-3.  
Permian, Artinskian, Bird Spring Formation. United States, Nevada

- Plummericrinus colubrosus* (Moore, 1939) = *Microcaracrinus colubrosus*
- Plummericrinus emilyae* Burke, 1968, p. 10, Fig. 3. Webster, 1973, p. 219.  
Pennsylvanian, Missourian, Ames Limestone. United States, Ohio
- Plummericrinus erectus* Strimple, 1954 = *Anobasicrinus perplexus*
- Plummericrinus expansus* Moore and Strimple, 1973, p. 50, Pl. 9, figs. 3a-3d.  
Webster, 1977, p. 143.  
Pennsylvanian, Morrowan, Wapanucka Formation. United States, Oklahoma
- Plummericrinus granulosus* Strimple, 1954 = *Anobasicrinus granulosus*
- Plummericrinus jelli* Webster and Lane, 2007, p. 959, Fig. 4, no. 1.  
Permian, Artinskian, Bird Spring Formation. United States, Nevada
- Plummericrinus lutanus* (Boos, 1939). Moore and Laudon, 1943b, p. 58. Branson, C. C., 1948, p. 209. Webster, 1973, p. 219.  
*Erisocrinus lutana* Boos, 1939, p. 245, Pl. 27, figs. 2-2d. Bassler and Moodey, 1943, p. 582. Branson, C. C., 1948, p. 209.  
*Pachylocrinus lutanus* (Boos, 1939). Moore and Plummer, 1940, p. 152. Bassler and Moodey, 1943, p. 582. Moore and Laudon, 1943b, p. 58. Webster, 1973, p. 219.  
Permian, Wolfcampian, Winfield Limestone, Luta Limestone. United States, Kansas
- \**Plummericrinus mcguirei* (Moore, 1939). Moore and Laudon, 1943b, p. 58, Pl. 5, fig. 1. Moore and Laudon, 1944, p. 161, Pls. 62, fig. 29; 63, fig. 20. Webster, 1973, p. 219. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T671, Fig. 442, nos. 1a-1d. Webster, 1986, p. 259.  
*Pachylocrinus mcguirei* Moore, 1939c, p. 205, Pl. 6, figs. 6-16: Fig. 5, nos. a-m. Bassler and Moodey, 1943, p. 582. Moore and Laudon, 1943b, p. 58. Webster, 1973, p. 219.  
Pennsylvanian, Virgilian, Brownville Limestone. United States, Oklahoma
- Plummericrinus monongaliensis* Burke, 1968, p. 2, Fig. 1. Webster, 1973, p. 219.  
Pennsylvanian, Missourian, Brush Creek Limestone?. United States, West Virginia
- Plummericrinus nettingi* Burke, 1968, p. 7, fig. 2. Webster, 1973, p. 219. Pabian and Strimple, 1980a, p. 167, Fig. 6, nos. A-C. Webster, 1986, p. 259.  
Pennsylvanian, Missourian, Cambridge Limestone. United States, Pennsylvania
- Plummericrinus ogarai* (Moore and Plummer, 1940). Moore and Laudon, 1943b, p. 58. Moore and Laudon, 1944, p. 161, Pls. 62, fig. 35; 63, fig. 19. Webster, 1973, p. 219.

*Pachylocrinus ogarai* Moore and Plummer, 1940, p. 140, Pls. 4, fig. 7; 19, fig. 3; Figs. 20-21. Bassler and Moodey, 1943, p. 583. Moore and Laudon, 1943b, p. 58. Webster, 1973, p. 219.

Pennsylvanian, Missourian, Graford Formation. United States, Texas

*Plummericrinus* cf. *P. ogarai* (Moore and Plummer, 1940). Branisa, 1965, Pl. 55, figs. 3-5. Webster, 1977, p. 143.

Permian, Artinskian, Copacabana Group. Bolivia

*Plummericrinus pittsburghensis* Burke, 1968, p. 15, Fig. 4. Webster, 1973, p. 219.

Pennsylvanian, Missourian, Ames Limestone. United States, Pennsylvania

*Plummericrinus retorridus* Webster and Lane, 1970, p. 282, Pl. 55, figs. 20-21, 26. Webster, 1977, p. 143.

Mississippian, Serpukhovian (Chesterian), Indian Springs Formation. United States, Nevada

*Plummericrinus striatus* Strimple, 1954a, p. 204, Pl. 23, figs. 1-2, 8. Strimple and Moore, 1971b, p. 9, Figs. 3, nos. 2-4; 4, no. 2; 8, no. 2. Webster, 1973, p. 219.

Webster, 1977, p. 143. Moore, Strimple, and Lane in Moore and Teichert, 1978, p. T671, Fig. 442, no. 1e. Webster, 1986, p. 259.

Pennsylvanian, Missourian, Francis Formation. United States, Oklahoma

*Plummericrinus twenhofeli* (Moore, 1939) = *Microcaracrinus twenhofeli*

*Plummericrinus uddeni* (Moore and Plummer, 1940). Moore, Strimple, and Lane in

Moore and Teichert, 1978, p. T671, Fig. 442, nos. 1f-1g. Webster, 1986, p. 259. Pennsylvanian, Desmoinesian, Mineral Wells Formation. United States, Texas

*Plummericrinus* sp. Strimple, 1954a, p. 207, Pl. 23, figs. 3-5. Webster, 1973, p. 219.

Pennsylvanian, Missourian, Wann Formation. United States, Oklahoma

*Podolithus strophocrinus* Sardeson, 1908 = *Carabocrinus dicyclicus*

**POGOCRINUS** Kelly and Ausich, 1978 = **POGONIPOCRINUS**

*Pogocrinus antiquus* Kelly and Ausich, 1978 = *\*Pogonipocrinus antiquus*

**POGONIPOCRINUS** Kelly and Ausich, 1979. *\*Pogocrinus antiquus* Kelly and Ausich, 1978.

Sbc. Disparida, O. Eustenocrinida, F. Eustenocrinidae

Kelly and Ausich, 1979, p. 1433. Webster, 1986, p. 259. Broadhead, 1987, p. 177. Webster, 1993, p. 96. Ausich, 1998b, p. 36.

**POGOCRINUS** Kelly and Ausich, 1978, p. 916. *\*P. antiquus* Kelly and Ausich, 1978. Kelly and Ausich, 1979, p. 1433. Webster, 1986, p. 259. Rozhnov, 1988, p. 68. Rozhnov, 1989, p. 63. Webster, 1993, p. 96.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Floian species

Ordovician, Floian (Canadian). United States, Utah

\**Pogonipocrinus antiquus* (Kelly and Ausich, 1978). Kelly and Ausich, 1979, p. 1433. Donovan, 1988c, p. 237. Webster, 1993, p. 97.

*Pogocrinus antiquus* Kelly and Ausich, 1978, p. 918, Figs. 1-3. Webster, 1986, p. 259.

Unidentified Heterocrinoidea Church, 1974, p. 59, Fig. 5. Webster, 1986, p. 259.

Ordovician, Floian (Canadian), Pogonip Group, Fillmore Formation. United States, Utah

**POLUSOCRINUS** Strimple, 1951. \**P. avanti* Strimple, 1951.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Texacrinoidea, F. Aesiocrinidae

Strimple, 1951c, p. 24. Arendt and Hecker, 1964, p. 89. Strimple and Watkins, 1969, p. 185. Strimple, and Moore, 1971a, p. 28. Webster, 1973, p. 220.

Webster, 1977, p. 143. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T676. Webster, 1986, p. 259. Pabian and Rushlau, 2002, p. 34.

Named, currently recognized species based on cups or crowns: 7 species. 6

Pennsylvanian, 1 Morrowan, 1 Desmoinesian – Missourian, 3 Missourian, 1 Virgilian; 1 Permian, Wolfcampian

Pennsylvanian, Morrowan - Permian, middle Wolfcampian. United States

*Polusocrinus amplus* (Lane and Webster, 1966). Webster and Lane, 1967, p. 31, Pl. 5, fig. 11. Webster, 1973, p. 220. Pabian and Rushlau, 2002, p. 34 (misspelled as *P. ampulus*). Webster and Lane, 2007, p. 961, Fig. 4, no. 6.

*Aesiocrinus amplus* Lane and Webster, 1966, p. 55, Pl. 5, figs. 2, 4-5. Webster and Lane, 1967, p. 31.

Permian, middle Wolfcampian, upper part of Bird Spring Formation. United States, Nevada

\**Polusocrinus avanti* Strimple, 1951c, p. 24, Pl. 5, figs. 4-6. Strimple, 1961g, p. 102, Pl. 16, fig. 1. Strimple, and Moore, 1971a, p. 29, Pl. 6, fig. 2. Webster, 1973, p. 220. Webster, 1977, p. 143. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T676, Fig. 444, no. 2. Webster, 1986, p. 260. Pabian and Rushlau, 2002, p. 34.

Pennsylvanian, Desmoinesian - Missourian, Holdenville Shale; Avant Limestone; Bond Formation, LaSalle Limestone Member. United States, Oklahoma, Illinois

*Polusocrinus calyculoides* Lane, N. G., 1964b, p. 682, Pl. 112, figs. 1-3. Webster, 1973, p. 220. Etensohn, 1980, p. 995, Fig. 3. Webster, 1986, p. 260. Pabian and

Rushlau, 2002, p. 34 (incorrectly cited as from California).

*Paragassizocrinus calyculoides* (Lane, 1964). Webster and Lane, 1970, p. 292, Pl. 55, figs. 1-4, 6-13, 15-17, 24-25, 27-29. Webster, 1977, p. 124.

*Polusocrinus pachyplax* Lane, N. G., 1964b, p. 682, Pl. 112, figs. 4-10; Fig. 1.

Webster and Lane, 1970, p. 292. Webster, 1973, p. 220. Webster, 1977, p. 124. Pabian and Rushlau, 2002, p. 34 (incorrectly cited as from California).

*Globocrinus bulbosus* Washburn, 1968, p. 122, Pl. 2, figs. 1-6. Webster and Lane, 1970, p. 292. Webster, 1973, p. 138. Webster, 1977, p. 124.  
Pennsylvanian, Morrowan, Callville Limestone; Oquirrh Formation, Bridel Veil Falls Member. United States, Nevada, Utah

*Polusocrinus elenae* (Yakovlev, 1930) = *Belashovicrinus elenae*

*Polusocrinus ochelataensis* Strimple, 1952a, p. 12, Figs. 1-8. Webster, 1973, p. 220.  
Pabian and Rushlau, 2002, p. 34.  
Pennsylvanian, Missourian, Wann Formation. United States, Oklahoma

*Polusocrinus pachyplax* Lane, 1964 = *Polusocrinus calyculoides*

*Polusocrinus rosa* Strimple, 1951c, p. 25, Pl. 5, fig. 11. Webster, 1973, p. 220. Pabian and Strimple, 1980b, p. 16, Pl. 5, figs. 4-6. Webster, 1986, p. 260. Pabian and Rushlau, 2002, p. 34, Fig. 10, nos. 4-9.  
Pennsylvanian, Virgilian, Negaloney Formation; Lecompton Formation, Beil Limestone Member. United States, Oklahoma, Nebraska

Ordovician, Katian (late Champlainian), Hull Limestone; Trenton Limestone; Cobourg Limestone. Canada, Ontario

*Porocrinus crassus* Meek and Worthen, 1865b, p. 145. Shumard, 1868, p. 391. Bigsby, 1868, p. 23. Meek and Worthen, 1869, p. 330, Pl. 4, figs. 2a-2b; Figs. A-B. Miller, S. A., 1889, p. 273, Figs. 401-402. Bassler, 1915, 1024. Bassler and Moodey, 1943, p. 637.

Ordovician, Katian (late Cincinnati), Maquoketa Shale. United States, Illinois

- Porocrinus elegans* Kesling and Paul, 1968, p. 25, Pls. 3, figs. 1-8; 4, figs. 7-9; Fig. 9. Kesling, 1972a, p. 4. Webster, 1973, p. 221. Paul, 1975, p. 16, Fig. 1, no. C. Webster, 1977, p. 144. Webster, 1986, p. 261.  
Ordovician, Katian (late Champlainian), Trenton Group, Galena Dolomite. United States, Minnesota
- Porocrinus fayettensis* Slocum, 1924, p. 333, Pls. 29, figs. 14-22; 30, fig. 14. Thomas and Ladd, 1926, p. 15, Pls. 2, figs. 9-16; 4, fig. 8; 5, figs. 6-7. Bassler and Moodey, 1943, p. 637. Kesling and Paul, 1968, p. 31, Pls. 4, figs. 5-6; 8, figs. 1-8; Figs. 2, 13. Webster, 1973, p. 221. Paul, 1975, p. 16, Fig. 1, no. D. Webster, 1986, p. 261.  
Ordovician, Katian (late Cincinnati), Maquoketa Shale; Elgin Shale; Ft. Atkinson Limestone. United States, Iowa
- Porocrinus kentuckiensis* Miller and Gurley, 1894b, p. 24, Pl. 2, fig. 10. Miller, S. A., 1897, p. 751, Figs. 1380. Bassler, 1915, 1024. Bassler and Moodey, 1943, p. 637.  
Ordovician, Katian (late Champlainian), Curdsville Limestone. United States, Kentucky
- Porocrinus lebanonensis* Guensburg, 1984, p. 54, Pls. 10, figs. 19, 23; 11, figs. 3-5. Webster, 1988, p. 136.  
Ordovician, Sandbian (middle Champlainian), Lebanon Limestone. United States, Tennessee
- Porocrinus pentagonius* Meek and Worthen, 1865b, p. 146. Meek and Worthen, 1868c, p. 332, Pl. 1, fig. 5. Bassler, 1915, 1024. Bassler and Moodey, 1943, p. 637. Kolata, 1975, p. 28, Pl. 4, figs. 1-3. Webster, 1986, p. 261. Brower, 2007a, p. 109, Figs. 3, nos. 1, 2; 4; 6, nos. 1, 2.  
*Porocrinus pentagonus* Meek and Worthen, 1865. Shumard, 1868, p. 391. Bigsby, 1868, p. 23. Miller, S. A., 1889, p. 273.  
Ordovician, Sandbian (early Champlainian), Platteville Limestone; Grand Detour Formation, Walgreen and Forreston Members; Mifflin Formation. United States, Illinois, Iowa
- Porocrinus pentagonus* Meek and Worthen, 1865 = *Porocrinus pentagonius*
- Porocrinus petersenae* Kesling, 1972a, p. 1, Pls. 1-2; Figs. 3-8. Webster, 1977, p. 144.  
Ordovician, Katian (late Champlainian), Kimmswick Limestone. United States, Missouri
- Porocrinus plattinensis* Shourd and Winter, 1976, p. 1191, Pl. 1, figs. 1-12; Fig. 1. Webster, 1986, p. 261.  
Ordovician, Katian (middle Champlainian), Plattin Formation. United States, Missouri
- Porocrinus pyramidatus* Kesling and Paul, 1968, p. 25, Pls. 5, figs. 1-6; 6, figs. 6-7; Fig. 10. Kesling, 1972a, p. 4. Webster, 1973, p. 221. Webster, 1977, p. 144.

Ordovician, Katian (late Cincinnati), Clermont Shale, Maquoketa Shale. United States, Iowa

*Porocrinus radiatus* (Angelin, 1878) = *Promelocrinus radiatus*

*Porocrinus radiatus* Beyrich, 1879 = *Perittocrinus radiatus*

*Porocrinus scoticus* Ramsbottom, 1961, p. 17, Pl. 5, fig. 8. Kesling, 1972a, p. 4. Webster, 1973, p. 221. Webster, 1977, p. 144. Donovan, Paul, and Lewis, 1996, p. 210, Pl. 40, fig. 3. Donovan, Lewis, and Harper, 2002, p. 155, Fig. 1, nos. k-l. Donovan, Sutton, and Sigwart, 2011, p. 459, Fig. 7 no. C

Ordovician, Katian (late Ashgillian), upper part of Drummuck Group, Lady Burn Starfish Beds. United Kingdom, Scotland

*Porocrinus shawi* Schuchert, 1900, p. 155, Pl. 12, figs. 1-3. Bassler, 1915, 1024. Bassler and Moodey, 1943, p. 637. Kesling and Paul, 1968, p. 31, Pl. 4, figs. 1-4; Fig. 14. Webster, 1973, p. 221. Ubaghs in Moore and Teichert, 1978, p. T212, Fig. 180, no. 1. Webster, 1986, p. 261.

Ordovician, Katian (late Champlainian), Trenton Limestone. Baffin Land

*Porocrinus smithi* Grant, J. A., 1881, p. 42, Unnum. Pl., figs. 1-8. Miller, S. A., 1889, p. 273. Bather in Lankester, 1900, p. 173, Fig. 86. Delage and Herouard, 1903, p. 380, Fig. 456. Hudson, 1915, p. 163, Pls. 1-2. Bassler, 1915, 1024. Bassler and Moodey, 1943, p. 637. Cuénot, 1948, p. 56, Fig. 71. Sloan, 2005, p. 153, Fig. 4-60, no. 10.

Ordovician, Sandbian – Katian (late Champlainian), Hull Limestone, Curdsville Limestone; Platteville Formation. Canada, Ontario; United States, Kentucky, Minnesota

*Porocrinus* sp. cf. *P. smithi* Grant, 1881. Kolata, 1975, p. 29, Pl. 4, figs. 5-6, 8. Webster, 1986, p. 261.

Ordovician, Sandbian (early Champlainian), Grand Detour Formation, Forreston Member. United States, Wisconsin, Illinois

*Porocrinus* sp. Guensburg and Sprinkle, 2009, p. 360, Fig. 10.12, 10.14.

Late Ordovician, locality not given

Possibly *Prolixocrinus* n. gen. Eckert and Brett, 2001 = Indeterminate flexible crinoid

Poteriocrine inadunate sp. A Ausich and Lane, 1982b, p. 1359, Pl. 2, figs. 13, 18. Webster, 1988, p. 136.

Mississippian, Viséan (Osagean), Edwardsville Formation. United States, Indiana

Poteriocrine inadunate sp. B Ausich and Lane, 1982b, p. 1359, Pl. 2, figs. 14, 19. Webster, 1988, p. 136.

Mississippian, Viséan (Osagean), Edwardsville Formation. United States, Indiana

**POTERIOICRINITES** Fischer de Waldheim, 1834, p. 323.  
**Note.** Several species are incorrectly assigned to *Poteriocrinites*. The true range  
 of the genus is possibly Middle Devonian to Middle Mississippian. GDW, 2003.  
 Named, currently recognized species based on cups or crowns: 57 species. 2  
 Silurian, 1 Wenlockian, 1 series undesignated; 22 Devonian, 1 Lochkovian, 5  
 Emsian, 1 Early Devonian series undesignated, 2 Eifelian, 8 Givetian, 1  
 Frasnian, 3 Famennian, 1 series undesignated; ! Carboniferous undesignated;  
 27  
 Mississippian, 7 Tournaisian, 3 Tournaisian – Viséan, 11 Viséan, 3  
 Serpukhovian; 2 Mississippian series undesignated; 2 Pennsylvanian, 1 Atokan,  
 1 Missourian; 3 Permian, 1 Artinskian, 1 Wordian, 1 Permian series  
 undesignated

Silurian, Wenlockian. United Kingdom  
 Early Devonian, Emsian - Mississippian, Viséan. Europe  
 Devonian, undesignated - Mississippian. Russia  
 Early Devonian, Emsian - Pennsylvanian, Missourian. North America  
 Permian, Wordian. Tunisia  
 Permian, series uncertain. West Timor

*Poteriocrinites agnatus* (Miller, 1891) = *Ulrichicrinus agnatus*

*Poteriocrinites altonensis* (Miller and Gurley, 1895) = *Pentaramicrinus* sp. cf. *P. altonensis*

*Poteriocrinites amoenus* (Miller, 1891) = *Ulrichicrinus agnatus*

*Poteriocrinites amplus* Lane and Howell, 1986, p. 900, Fig. 1, nos. 8-9. Kammer and Ausich, 1992, p. 465. Webster, 1993, p. 97.  
 Mississippian, Viséan (late Osagean), Edwardsville Formation. United States, Indiana

*Poteriocrinites angulosus* (Schultze, 1866). Bassler and Moodey, 1943, p. 638.  
 Hauser, 1997, p. 80. Hauser, 2001, p. 27, 121, Pl. 13, figs. 2-3; Fig. 103.  
*Poteriocrinus angulosus* Schultze, 1866, p. 50 (adv. pub.). Schultze, 1867, p. 162, Pl. 5, figs. 3-3a. Bassler and Moodey, 1943, p. 638.  
 Devonian, Eifelian, Freilingen Formation; Givetian, Lough Formation. Germany

*Poteriocrinites anomalos* (Wetherby, 1880) = *Cymbiocrinus anomalos* = *Aenigmocrinus anomalos*

*Poteriocrinites arachnaeformis* (Worthen, 1882). Bassler and Moodey, 1943, p. 638.  
 Kammer and Ausich, 1992, p. 464, Fig. 3.1.  
*Poteriocrinus arachnaeformis* Worthen, 1882, p. 13. Worthen, 1883, p. 281, Pl. 28, fig. 12. Miller, S. A., 1889, p. 273. Weller, S., 1898c, p. 472. Bassler and Moodey, 1943, p. 638.  
 Mississippian, Viséan (Osagean), Keokuk Limestone. United States, Illinois

*Poteriocrinites? arkonensis* (Goldring, 1934). Bassler and Moodey, 1943, p. 638.  
 Kesling and Chilman, 1975, p. 275, Pl. 63, figs. 6-8. Webster, 1986, p. 261.  
*Poteriocrinus? arkonensis* Goldring, 1934, p. 191, Pl. 2, figs. 6-7. Bassler and Moodey, 1943, p. 638.  
 Devonian, early Givetian, Arkona Shale; Silica Formation. Canada; United States, Michigan

*Poteriocrinites (Zeacrinus?) armiger* Meek and Worthen, 1870 = *Tholocrinus armiger*

*Poteriocrinites arrectarius* (Miller and Gurley, 1896). Bassler and Moodey, 1943, p. 638.  
*Poteriocrinus arrectarius* Miller and Gurley, 1896b, p. 33, Pl. 4, fig. 2. Miller, S. A., 1897, p. 751. Weller, S., 1898c, p. 472. Bassler and Moodey, 1943, p. 638.

Mississippian, Viséan – Serpukhovian (Meramecian - ?Chesterian), St. Louis Limestone - ?Ste. Genevieve Limestone. United States, Illinois

*Poteriocrinites (Zeacrinus) asper* Meek and Worthen, 1870 = *Zeacrinus asper* = *Pachylocrinus asper* = *Linocrinus asper*

*Poteriocrinites bisselli* Worthen, 1873 = *Poteriocrinus (Scytalocrinus) bisselli* = *Phacelocrinus bisselli*

*Poteriocrinites brittsi* (Miller, 1891) = *Ulrichicrinus agnatus*

*Poteriocrinites broadheadi* Miller and Gurley, 1895. Bassler and Moodey, 1943, p. 638.

*Poteriocrinus broadheadi* Miller and Gurley, 1895b, p. 63, Pl. 4, figs. 7-8. Miller, S. A., 1897, p. 751. Weller, S., 1898c, p. 473. Bassler and Moodey, 1943, p. 638.

*Poteriocrinus? broadheadi* Miller and Gurley, 1895. Peck and Keyte, 1938, p. 105, Pl. 31, figs. 6-8. Bassler and Moodey, 1943, p. 638.

Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Missouri

*Poteriocrinites buffaloensis* (Worthen, 1889). Bassler and Moodey, 1943, p. 638.

*Poteriocrinus buffaloensis* Worthen in Miller, S. A., 1889, p. 273. Worthen, 1890, p. 89, Pl. 12, fig. 1. Thomas, A. O., 1924, p. 478, Pl. 44, fig. 19. Bassler and Moodey, 1943, p. 638.

Devonian, late Givetian, Cedar Valley Limestone. United States, Iowa

*Poteriocrinites burketi* (Worthen, 1882) (*nomen dubium*). Kammer and Ausich, 1993, p. 637, Fig. 5.10.

*Poteriocrinus burketi* Worthen, 1882, p. 5. Worthen, 1883, p. 270, Pl. 28, fig. 8.

Miller, S. A., 1889, p. 273. Weller, S., 1898c, p. 541. Bassler and Moodey, 1943, p. 579. Kammer and Ausich, 1993, p. 637.

*Scaphiocrinus burketi* (Worthen, 1882). Miller, S. A., 1889, p. 279. Weller, S., 1898c, p. 541. Kammer and Ausich, 1993, p. 637.

*Pachylocrinus burketi* (Worthen) 1882). Bassler and Moodey, 1943, p. 579. Kammer and Ausich, 1993, p. 637.

Mississippian, Viséan (Osagean), Keokuk Limestone. United States, Illinois

*Poteriocrinites (Dendrocrinus) caduceus* (Hall, 1866) = *Dendrocrinus caduceus*

*Poteriocrinites? calyx* (Hall, 1879) = *Ampheristocrinus? calyx*

*Poteriocrinites cantonensis* (Miller and Gurley, 1890) = *Scytalocrinus cantonensis*

*Poteriocrinites (Zeacrinus) cariniferous* Worthen, 1873 = *Cleioocrinus cariniferous* = *Linocrinus cariniferous*

- Poteriocrinites (Dendrocrinus) casei* (Meek, 1871) = *Dendrocrinus casei* =  
*Plicodendrocrinus casei*
- Poteriocrinites (Dendrocrinus) caseyi* (Meek, 1871) = *Dendrocrinus casei* =  
*Plicodendrocrinus casei*
- Poteriocrinites cavus* Webster and Lane, 1970, p. 294, Pl. 56, figs. 14-15. Webster,  
1977, p. 144.  
Pennsylvanian, Atokan, Bird Spring Formation. United States, Nevada
- Poteriocrinites (Dendrocrinus) cincinnatiensis* Meek, 1871 = *Quinquecaudex*  
*cincinnatiensis* = *Dendrocrinus cincinnatiensis*
- Poteriocrinites circumtextus* (Miller and Gurley, 1894) = *Parisocrinus crawfordsvillensis*
- Poteriocrinites clarkei* (Williams, 1882) = *Quantoxocrinus clarkii*
- Poteriocrinites clarkii* (Williams, 1882) = *Quantoxocrinus clarkii*
- Poteriocrinites clarkii alpha* (Williams, 1882). Bassler and Moodey, 1943, p. 639.  
*Poteriocrinus clarkii* var. *alpha* Williams, H. S., 1882, p. 22, Pl. 1, fig. 5. Goldring,  
1923, p. 414, Pl. 54, figs. 6-7. Bassler and Moodey, 1943, p. 639.  
Devonian, Frasnian, lower part of Chemung Group. United States, New York
- Poteriocrinites claytonensis* (Worthen, 1882). Bassler and Moodey, 1943, p. 639.  
*Poteriocrinus claytonensis* Worthen, 1882, p. 18. Worthen, 1883, p. 288, Pl. 30, fig.  
6. Miller, S. A., 1889, p. 273. Weller, S., 1898c, p. 640. Bassler and Moodey,  
1943, p. 639.  
*Woodocrinus claytonensis* (Worthen, 1882). Weller, S., 1898c, p. 640.  
Mississippian, Viséan (Osagean), Warsaw Limestone. United States, Illinois
- Poteriocrinites (Graphiocrinus, Scaphiocrinus) clio* Meek and Worthen, 1870 =  
*Poteriocrinus (Scaphiocrinus) clio* = *Pachylocrinus clio*
- Poteriocrinites (Scaphiocrinus) clio* Meek and Worthen, 1873 = *Pachylocrinus clio*
- Poteriocrinites? colgatensis* (Goldring, 1926). Bassler and Moodey, 1943, p. 639.  
*Poteriocrinus? colgatensis* Goldring, 1926, p. 91, Pl. 2, figs. 1-6. Bassler and  
Moodey, 1943, p. 639.  
Devonian, early Givetian, Skaneateles Shale, Chenango Member. United States,  
New York
- Poteriocrinites (Zeacrinus) compactilis* Worthen, 1873 = *Adinocrinus compactilis*
- Poteriocrinites (Zeacrinus?) concinnus* Meek and Worthen 1870 = *Cydrocrinus*  
*concinnus*

*Poteriocrinites conicus* (Phillips, 1836) = *Bollandocrinus conicus*

*Poteriocrinites conoideus* (de Koninck and Le Hon, 1854). Bassler and Moodey, 1943, p. 639.

*Poteriocrinus conoideus* de Koninck and Le Hon, 1854, p. 93, Pl. 1, figs. 8a-8c.

Bassler and Moodey, 1943, p. 639.

Mississippian, Viséan. Belgium

*Poteriocrinites* (*Graphiocrinus*, *Scaphiocrinus*) *coreyi* Meek and Worthen, 1870 =  
*Pachylocrinus coreyi* = *Abrotocrinus coreyi*

*Poteriocrinites* (*Scaphiocrinus*) *coreyi* (Meek and Worthen, 1870) = *Abrotocrinus coreyi*

*Poteriocrinites cornellianus* Williams, 1882 = *Glossocrinus cornellianus*

*Poteriocrinites corycia* (Hall, 1863) = *Pachylocrinus corycia*

*Poteriocrinites crassimanus* (M'Coy, 1849) = *Pachylocrinus?* *Crassimanus* =  
*Abrotocrinus crassimanus*

\**Poteriocrinites crassus* Miller, J. S., 1821, p. 68, Unnum. Pl. Austin and Austin, 1845, p. 69, Pl. 8, figs. 3g-3k, 3m. Bassler and Moodey, 1943, p. 639. Wright, J., 1944, p. 269, Pl. 11, figs. 4, 6. Branson, C. C., 1948, p. 209. Wright, 1950, p. 2, Pls. 2, figs. 2, 4-8, 12-17; 3, fig. 7; 5, fig. 4. Webster, 1973, p. 221. Moore and Strimple in Moore and Teichert, 1978, p. T632, Fig. 413, nos. 2a-2c. Webster, 1986, p. 262. Donovan, 1992c, p. 37, Fig. 3, nos. K-M. Ausich and Sevastopulo, 2001, p. 88, Pl. 9, figs. 17-20; Fig. 11, no. J. Donovan and Lewis, 2003, p. 3, Pl. 3, figs. 3-4.

*Platycrinites crassus* (Miller, 1821). Fleming, 1828, p. 495. Bassler, 1938, p. 157.

*Poteriocrinus crassus* (Miller, 1821). de Koninck, 1842-1844, p. 46, Pl. F, fig. 4, nos. a-e (radial and pluricolumnals). Bronn, 1848, p. 1035. d'Orbigny, 1850, p. 156. Dujardin and Hupé, 1862, p. 127. Quenstedt, 1885, p. 948, Fig. 350.

Spiers, 1889, p. 180, Fig. 3. Branson, C. C., 1948, p. 209. Kostic-Podgorska, 1958, p. 107, Pl. 33, figs. 3, 5-7. Webster, 1973, p. 221.

*Rhabdocrinus crassus* (Miller, 1821). Wright, J., 1944, p. 269. Webster, 1973, p. 221.

*Encrinites crassus* Schlotheim, 1822-1823, p. 93, Pl. 25, figs. 2a-2e. Schlotheim, 1832, p. 23, Pl. 25, figs. 2a-2e. Bronn, 1848, p. 1035. Bassler and Moodey, 1943,

p. 639.

*Encrinus* Cumberland, 1821 (part), p. 90, Pl. 3, fig. 2. Ausich and Sevastopulo, 2001,

p. 88.

Mississippian, late Tournaisian - Viséan, Hook Head Formation, *Michelinia* Beds. Ireland, United Kingdom, Scotland; Belgium; Germany; Poland

*Poteriocrinites crassus* Eichwald, 1840b (non Miller, 1821), p. 176, unfig. (Not a  
*Poteriocrinites*, GDW.)  
Silurian. Estonia

*Poteriocrinites crineus* (Hall, 1864) = *Aphelecrinus crineus*

*Poteriocrinites cuneatus* (Quenstedt, 1876). Bassler and Moodey, 1943, p. 640.  
*Poteriocrinus cuneatus* Quenstedt, 1876, p. 546, Pl. 109, fig. 14. Bassler and  
Moodey, 1943, p. 640.

*Scaphiocrinus cuneatus* (Quenstedt, 1876). Yanichevsky, 1915, p. 33, Pl. 7, figs. 1-  
2. Bassler and Moodey, 1943, p. 640.  
Mississippian, Viséan (Osagean), Burlington Limestone. United States, Iowa

*Poteriocrinites cylindricus* (Lyon, 1869) = *Nuxocrinus cylindricus*

*Poteriocrinites dactyloides* Austin and Asutin, 1842 = *Scytalocrinus dactyloides* =  
*Ophiurocrinus dactyloides* = *Gilmocrinus dactyloides*

*Poteriocrinites davisanus* (Miller, 1882). Bassler and Moodey, 1943, p. 640.  
*Poteriocrinus davisanus* Miller, S. A., 1882d, p. 226, Pl. 9, figs. 4a-4e. Miller, S. A.,  
1889, p. 274. Bassler and Moodey, 1943, p. 640.  
Devonian, Emsian, Jeffersonville Limestone or ?Hamilton-Sellersburg Limestone.  
United States, Indiana

*Poteriocrinites dekadactylus* (Lyon and Casseday, 1860) = *Histocrinus coreyi*

*Poteriocrinites* (*Graphiocrinus*, *Scaphiocrinus*) *delicatus* Meek and Worthen, 1870 =  
*Cosmetocrinus delicatus* = *Aphelecrinus delicatus*

*Poteriocrinites* (*Scaphiocrinus*) *delicatus* Meek and Worthen, 1870 = *Cosmetocrinus*  
*delicatus* = *Aphelecrinus delicatus*

*Poteriocrinites?* *diffusus* (Hall, 1862) = *Decadocrinus nereus*

*Poteriocrinites?* *dignatus* (Goldring, 1923). Bassler and Moodey, 1943, p. 640.  
*Poteriocrinus?* *dignatus* Goldring, 1923, p. 416, Pl. 54, figs. 9-10. Goldring, 1936, p.  
22, Pl. 7, figs. 10, 12. Bassler and Moodey, 1943, p. 640.  
Devonian, Givetian, Skaneateles Shale, Moscow Shale. United States, New York

*Poteriocrinites doris* (Hall, 1861) = *Springericrinus doris*

*Poteriocrinites?* *dubius* (Valette, 1934). Branson, C. C., 1948, p. 209.  
*Poteriocrinus dubius* Valette, 1934, p. 98, Unnum. Pl., figs. 13a-13c. Branson, C.  
C., 1948, p. 209.  
Permian, Wordian. Tunisia

*Poteriocrinites?* *dudleyensis* Austin and Austin, 1842, p. 100. Austin and Austin, 1843,

- p. 195. Bassler and Moodey, 1943, p. 640.  
*Poteriocrinus dudleyensis* (Austin and Austin, 1842). Bronn, 1848, p. 1035.  
 Bigsby, 1868, p. 22.  
*Cyathocrinus dudleyensis* (Austin and Austin, 1842). Bigsby, 1868, p. 196.  
 Silurian, Wenlockian, Much Wenlock Limestone. United Kingdom
- Poteriocrinites duluki* Kesling, 1969 = *Nassoviocrinus? duluki*
- Poteriocrinites (Dendrocrinus) dyeri* Meek, 1872 = *Dendrocrinus dyeri*
- Poteriocrinites elongatus* Hauser, 1997, p. 82, Pl. 63, figs. 8-11.  
 Devonian, Givetian, Lough Formation, Hustley Member. Germany
- Poteriocrinites elsahensis* (Worthen, 1889). Bassler and Moodey, 1943, p. 640.  
*Poteriocrinus elsahensis* Worthen in Miller, S. A., 1889, p. 274. Worthen, 1890, p. 88, Pl. 14, fig. 5. Weller, S., 1898c, p. 474. Bassler and Moodey, 1943, p. 640.  
 Mississippian, Tournaisian (Osagean), Fern Glen Formation. United States, Illinois
- Poteriocrinites (Graphiocrinus, Scaphiocrinus) fiscellus* Meek and Worthen, 1870 =  
*Poteriocrinites (Scaphiocrinus) fiscellus* = *Poteriocrinus fiscellus* = *Pelecocrinus fiscellus*
- Poteriocrinites (Scaphiocrinus) fiscellus* Meek and Worthen, 1873 = *Poteriocrinites (Scaphiocrinus) fiscellus* = *Poteriocrinus fiscellus* = *Pelecocrinus fiscellus*
- Poteriocrinites (Zeacrinus) formosus* Worthen, 1873 = *Zeacrinus formosus* =  
*Phanocrinus formosus*
- Poteriocrinites fusiformis* Roemer, C. F., 1844 = *\*Bactrocrinites fusiformis*
- Poteriocrinites fusiformis* var. *depressa* Schultze, 1866 = *Bactrocrinites depressus*
- Poteriocrinites gracilis* (M'Coy, 1844). Bassler and Moodey, 1943, p. 641.  
*Poteriocrinus gracilis* M'Coy, 1844, p. 178, Pl. 25, figs. 11-14. d'Orbigny, 1850, p. 157. Bigsby, 1868, p. 22. Miller, S. A., 1889, p. 274. Bassler and Moodey, 1943, p. 641. Ausich and Sevastopulo, 2001, p. 92, Pl. 10, fig. 9, *nomen dubium*.  
 (Species transferred to *Pachyocrinus* by Bassler and Moodey, 1943, GDW.)  
 Mississippian, late Tournaisian, Hook Head Formation. Ireland
- Poteriocrinites gracilis* (Hall, 1879) (non M'Coy, 1844) = *Dendrocrinus gracilis*
- Poteriocrinites hardinensis* Worthen, 1873, p. 533, Pl. 20, fig. 10. Weller, S., 1898c, p. 475. Bassler and Moodey, 1943, p. 641.  
*Poteriocrinus hardinensis* (Worthen, 1873). Miller, S. A., 1889, p. 274. Weller, S., 1898c, p. 475.  
 Mississippian, Serpukhovian (Chesterian), Ste. Genevieve Limestone. United States,

Illinois, Alabama

*Poteroicrinites hemisphericus* (Müller, 1856). Bassler and Moodey, 1943, p. 641.

*Poteroicrinus hemisphericus* Müller, J., 1856, p. 354. Miller, S. A., 1889, p. 274.

Bassler and Moodey, 1943, p. 641.

Devonian, Eifelian. Germany

*Poteroicrinites (Scaphiocrinus) hemisphericus* Meek and Worthen, 1873 = *Delocrinus hemisphericus*

*Poteroicrinites horowitzi* Ausich, Goldstein, and Yates, 2000, p. 1078, Fig. 1, nos. 2-3.

Mississippian, Viséan (late Osagean), Muldraugh Member, Borden Formation.

United States, Kentucky

*Poteroicrinites illinoisensis* (Worthen, 1882) = *Ulrichicrinus? illinoisensis*

*Poteroicrinites impressus* (Phillips, 1836). Bassler and Moodey, 1943, p. 641. Ausich and Sevastopulo, 1993, p. 300, Fig. 1, nos. A-C.

*Poteroicrinus impressus* Phillips, 1836, p. 205, Pl. 4, fig. 1. Austin and Austin, 1847, p. 85, Pl. 10, fig. 6. Bronn, 1848, p. 1035. d'Orbigny, 1850, p. 157. Bassler and Moodey, 1943, p. 641. Wright, J., 1951a, p. 39. Webster, 1973, p. 67. Ausich and

Sevastopulo, 1993, p. 300.

*Blothrocrinus impressus* (Phillips, 1836). Wright, J., 1951a, p. 39, Pl. 13, fig. 6.

Webster, 1973, p. 67. Ausich and Sevastopulo, 1993, p. 300.

Mississippian, Tournaisian, Mountain Limestone. United Kingdom; Ireland

*Poteroicrinites impressus* (Richter and Unger, 1856) (*non* Phillips, 1836). Bassler and Moodey, 1943, p. 641.

*Poteroicrinus impressus* Richter and Unger, 1856 (*non* Phillips, 1836), p. 44, Pl. 3, figs. 1-3. Bassler and Moodey, 1943, p. 641.

*Pachylocrinus impressus* Phillips, 1835. Hauser, 2001, p. 123, Fig. 104.

Devonian, Famennian. Germany

*Poteroicrinites isacobus* Austin and Austin, 1843 = *Pachylocrinus isacobus*

*Poteroicrinites isacobus* Austin and Austin, 1843. Ausich and Sevastopulo, 2001, p. 91, Pl. 10, fig. 6, (*nomen dubium*).

Mississippian, late Tournaisian, Hook Head Formation. Ireland

*Poteroicrinites jeffriesi* (Rowley, 1908). Bassler and Moodey, 1943, p. 641. Webster, 1973, p. 221.

*Poteroicrinus jeffriesi* Rowley, R. R., 1908, p. 69, Pl. 16, figs. 71-73. Bassler and Moodey, 1943, p. 641. Williams, J. S., 1943, p. 66, Pl. 6, figs. 19-20. Webster, 1973, p. 221.

Mississippian, Tournaisian (Kinderhookian), Louisiana Limestone. United States, Missouri

*Poteriocrinites (Graphiocrinus; Scaphiocrinus) juvenis* Meek and Worthen, 1870 =  
*Histocrinus juvenis*

*Poteriocrinites (Scaphiocrinus) juvenis* Meek and Worthen, 1870 = *Histocrinus juvenis*

*Poteriocrinites kopfi* (Goldring, 1935). Bassler and Moodey, 1943, p. 641. Goldring, 1945, p. 64, Pl. 1, fig. 6. Webster, 1973, p. 221.

*Poteriocrinus kopfi* Goldring, 1935b, p. 362, Pl. 27, figs. 4-11. Bassler and Moodey, 1943, p. 641.

Devonian, late Givetian, lower part of Moscow Shale. United States, New York

*Poteriocrinites labyrinthicus* (Miller, 1891) = *Parisocrinus labyrinthicus*

*Poteriocrinites lasallensis* (Worthen, 1875) = *Hypselocrinus? lasallensis* = *Exoriocrinus lasallensis*

*Poteriocrinites leviculus* (Lyon, 1862). Bassler and Moodey, 1943, p. 641.

*Cyathocrinus leviculus* Lyon, 1862, p. 409, Pl. 4, fig. 1. Shumard, 1868, p. 362.

Miller, S. A., 1889, p. 236. Weller, S., 1898c, p. 201. Bassler and Moodey, 1943, p. 641.

*Poteriocrinus leviculus* (Lyon, 1862). Wachsmuth and Springer, 1880 (1879), p. 120 (343). Bassler and Moodey, 1943, p. 641.

Devonian, Emsian, Sellersburg Limestone. United States, Kentucky

*Poteriocrinites (Scaphiocrinus) lilliformis* Meek and Worthen, 1869 = *Poteriocrinus (Pachylocrinus) lilliformis* = *Pachylocrinus lilliformis*

*Poteriocrinites longicaudatus* (Fraipont, 1904). Bassler and Moodey, 1943, p. 642.

*Poteriocrinus (Scaphiocrinus) longicaudatus* Fraipont, 1904, p. 7, Pl. 1, figs. 1-2.

Bassler and Moodey, 1943, p. 642.

Mississippian, Viséan. Belgium

*Poteriocrinites (Zeacrinus) lyra* Meek and Worthen, 1870 = *Zeacrinus lyra* =  
*Coeliocrinus lyra*

*Poteriocrinites (Scaphiocrinus) mcadamsi* Worthen, Ms. in Meek and Worthen, 1873 =  
*Acylocrinus mcadamsi*

*Poteriocrinites (Scaphiocrinus) mcadamis* Meek and Worthen, 1873 = *Acylocrinus mcadamis*

*Poteriocrinites macoupinensis* Worthen, 1973 = *Hypselocrinus? macoupinensis* =  
*Haeretocrinus macoupinensis*

*Poteriocrinites (Graphiocrinus, Scaphiocrinus) macrodactylus* Meek and Worthen, 1870  
= *Hypselocrinus macrodactylus*

- Poteriocrinites (Scaphiocrinus) macrodactylus* Meek and Worthen, 1870 =  
*Hypselocrinus macrodactylus*
- Poteriocrinites macropleurus* (Hall, 1861) = *Springericrinus macropleurus*
- Poteriocrinites magnus* (Wright, 1937) = *Pelecocrinus magnus*
- Poteriocrinites? magnus* (Wright, 1937) = *Poteriocrinites magnus* = *Pelecocrinus magnus*
- Poteriocrinites malaianus* (Wanner, 1916). Bassler and Moodey, 1943, p. 642.  
Branson, C. C., 1948, p. 209.  
*Poteriocrinus malaianus* Wanner, 1916, p. 142, Pl. 104 (9), fig. 1. Wanner, 1924, p. 182, Pl. 8, figs. 1-5. Wanner, 1937, p. 141, Pl. 9, fig. 30. Bassler and Moodey, 1943, p. 642. Branson, C. C., 1948, p. 209.  
Permian, series uncertain. West Timor, Basleo
- Poteriocrinites mammaeformis* (Worthen, 1890) = *Culmicrinus mammaeformis*
- Poteriocrinites (Scaphiocrinus) mcadamsi* Meek and Worthen, 1873 = *Graphiocrinus mcadamsi*
- Poteriocrinites (Scaphiocrinus) mcadamsi* Meek and Worthen, 1873 = *Scytalocrinus mcadamsi* = *Scytalocrinus hamiltonensis* = *Parascytalocrinus hamiltonensis*
- Poteriocrinites (Scaphiocrinus) mcadamsi* Meek and Worthen, 1873 = *Graphiocrinus mcadamsi* = *Scytalocrinus mcadamsi* = *Scytalocrinus hamiltonensis* = *Parascytalocrinus hamiltonensis*
- Poteriocrinites meekianus* (Shumard, 1855). Bassler and Moodey, 1943, p. 642.  
*Poteriocrinus meekianus* Shumard, 1855, p. 188, Pl. A, figs. 7a-7b. Shumard, 1868, p. 391. Peck and Keyte, 1938, p. 103, Pl. 31, figs. 17-18, 20-25. Bassler and Moodey, 1943, p. 642.  
*Poteriocrinus meekianus* Shumard, 1855. Miller, S. A., 1889, p. 274. Miller, S. A., 1892a, p. 681. Weller, S., 1898c, p. 120.  
*Barycrinus meekianus* (Shumard, 1855). Weller, S., 1898c, p. 120. Keyes, 1918, p. 211. Grabau and Shimer, 1910, p. 507. Bassler and Moodey, 1943, p. 642.  
*Cyathocrinus meekianus* (Shumard, 1855). Miller, S. A., 1892c, p. 44. Miller, S. A., 1894, p. 298. Miller, S. A., 1897, p. 741. Weller, S., 1898c, p. 120.  
Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Colorado, Missouri
- Poteriocrinites mespiliformis* (Richter and Unger, 1856). Bassler and Moodey, 1943, p. 642.  
*Poteriocrinus mespiliformis* Richter and Unger, 1856, p. 131, Pl. 3, fig. 4. Bassler and Moodey, 1943, p. 642.

Devonian, Famennian. Germany

*Poteriocrinites minimus* Austin and Austin, 1843 = *Pachylocrinus isacobus*

*Poteriocrinites? morlieresensis* Le Menn, 1985, p. 94, Pl. 21, figs. 1-12; Fig. 38.  
Webster, 1988, p. 137.

Devonian, Lochkovian, Gahard Sandstone: France, Armorican Massif

*Poteriocrinites (Zeacrinus) mucrospinus* (McChesney, 1860) = *Aatocrinus mucrospinus*

*Poteriocrinites multicosta* Goldring, 1954, p. 27, Pl. 4, figs. 1-5. Webster, 1973, p. 222.  
Devonian, middle Givetian, Kashong Shale, Ludlowville Shale. United States,  
New York

*Poteriocrinites municipalis* Troost, 1850 = *Cyathocrinites? municipalis* = *Rhopocrinus municipalis*

*Poteriocrinites (Graphiocrinus, Scaphiocrinus) nanus* Meek and Worthen, 1869 =  
*Cosmetocrinus nanus* = *Aphelecrinus meeki*

*Poteriocrinites (Scaphiocrinus) nanus* Meek and Worthen, 1869 = *Cosmetocrinus nanus* = *Aphelecrinus meeki*

*Poteriocrinites nassa* (Hall, 1862). Bassler and Moodey, 1943, p. 643. Goldring, 1954,  
p. 30, Pl. 5, fig. 1. Webster, 1973, p. 222.

*Poteriocrinus nassa* Hall, 1862a, p. 92. Hall, 1862b, p. 120. Shumard, 1868, p. 391.  
Hall, 1872c, Pl. 1-A, fig. 5. Miller, S. A., 1889, p. 274. Goldring, 1923, p. 410, Pl.  
54, figs. 2-3. Bassler and Moodey, 1943, p. 643.

Devonian, late Givetian, Moscow Shale. United States, New York

*Poteriocrinites cf. nassa* (Hall, 1862). Hauser, 1997, p. 83, Pl. 64, figs. 1-2.  
Devonian, Givetian, ?Loogh Formation. Germany

*Poteriocrinites nettelrothanus* (Miller, 1882). Bassler and Moodey, 1943, p. 643.

*Poteriocrinus nettelrothanus* Miller, S. A., 1882d, p. 227, Pl. 9, figs. 5-5a. Miller, S.  
A., 1889, p. 274. Bassler and Moodey, 1943, p. 643.

Devonian, Emsian, Jeffersonville Limestone or ?Hamiltonian, Sellersburg  
Limestone. United States, Indiana

*Proteriocrinites? nobilis* (Phillips, 1836) = *Taxocrinus nobilis*

*Poteriocrinites nodobrachiatus* (Hall, 1861) = *Holcocrinus nodobrachiatus*

*Poteriocrinites notabilis* Meek and Worthen, 1870. Bassler and Moodey, 1943, p. 643.

*Scaphiocrinus notabilis* Meek and Worthen, 1870a, p. 147. Miller, S. A., 1889, p.  
280. Weller, S., 1898c, p. 476.

*Poteriocrinus (Graphiocrinus, Scaphiocrinus) notabilis* (Meek and Worthen, 1870).  
Bassler and Moodey, 1943, p. 643.

*Poteriocrinites (Scaphiocrinus) notabilis* Meek and Worthen, 1873, p. 410, Pl. 1, fig. 9. Bassler and Moodey, 1943, p. 643.

*Poteriocrinus notabilis* Meek and Worthen, 1870. Weller, S., 1898c, p. 476.  
Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa

*Poteriocrinites (Scaphiocrinus) notabilis* Meek and Worthen, 1873 = *Poteriocrinites notabilis*

*Poteriocrinites nuciformis* (Fischer de Waldheim, 1837). Bassler and Moodey, 1943, p. 643.

*Cupressocrinites nuciformis* Fischer de Waldheim, 1837, p. 151, Pl. 41, figs. 5-6.  
Bassler and Moodey, 1943, p. 643.

*Cupressocrinus? nuciformis* (Fischer de Waldheim, 1837). Bronn, 1848, p. 363.

*Poteriocrinus nuciformis* (Fischer de Waldheim, 1837). M'Coy, 1854, p. 106.

Eichwald, 1860, p. 588. Bassler and Moodey, 1943, p. 643.  
Mississippian, series not given. Russia, Moscow Basin

*Poteriocrinites obuncus* (White, 1862). Bassler and Moodey, 1943, p. 643.

*Poteriocrinus obuncus* White, C. A., 1862 (adv. pub.). White, C. A., 1865, p. 11.

Shumard, 1868, p. 391. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 476.

Bassler and Moodey, 1943, p. 643.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa

*Poteriocrinites otterensis* Worthen, 1882 = *Lanecrinus? otterensis*

*Poteriocrinites peculiaris* (Worthen, 1883) = *Aphelecrinus peculiaris*

*Poteriocrinites (Scaphiocrinus) penicillus* Meek and Worthen, 1870 = *Linocrinus penicillus*

*Poteriocrinites pentagonus* (Austin and Austin, 1843) = *Phacelocrinus? Pentagonus* = *Gaelicrinus pentagonus*

*Poteriocrinites pentonensis* (Wright, 1937) = *Rhabdocrinus pentonensis*

*Poteriocrinites permicus* Webster and Lane, 2007, p. 955, Fig. 2, nos. 11-13.

Permian, Artinskian, Bird Spring Formation. United States, Nevada

*Poteriocrinites perplexus* (Meek and Worthen, 1869) = *\*Parisocrinus perplexus*

*Poteriocrinites? perplexus* Meek and Worthen, 1870 = *Parisocrinus perplexus*

*Poteriocrinites pleias* (Hall, 1863) = *Hypselocrinus pleias*

*Poteriocrinites plicatus* Austin and Austin, 1842, p. 108. Austin and Austin, 1843, p. 196.

Austin and Austin, 1846, p. 78, Pl. 9, figs. 4a-4f. Bassler and Moodey, 1943, p. 643. Wright, J., 1950, p. 7, Pls. 2, figs. 10-11; 4. Webster, 1973, p. 222. Ausich and Sevastopulo, 2001, p. 90, Pl. 9, figs. 15-16.

*Poteriocrinus plicatus* (Austin and Austin, 1842). Bronn, 1848, p. 1035. Grenfell, 1876, p. 478, Pls. 6, figs. 1-4; 7, figs. 1-2. Julien, 1896, p. 138, Pl. 5, fig. 3. Schmidt, W. E., 1930, p. 46, Figs. 8, nos. a<sub>1-3</sub>. Bassler and Moodey, 1943, p. 643.

Mississippian, Tournaisian – Viséan, Mountain Limestone. United Kingdom, Scotland; Ireland; Belgium

*Poteriocrinites (Dendrocrinus) polydactylus* (Shumard, 1850) = *Cupulocrinus polydactylus*

*Poteriocrinites (Dendrocrinus) posticus* (Hall, 1866) = *Dendrocrinus posticus*

*Poteriocrinites pulaskiensis* (Miller and Gurley, 1896) = *Wetherbyocrinus pulaskiensis*

*Poteriocrinites pygmaeus* (Wenjukoff, 1886). Bassler and Moodey, 1943, p. 644.

*Poteriocrinus pygmaeus* Wenjukoff, 1886, p. 446, Pls. 1, fig. 12; 11, fig. 6. Bassler and Moodey, 1943, p. 644.

Devonian, series not given: Russia, Don River

*Poteriocrinites quenstedti* (Golowkinsky, 1869) = *Moscovicrinus quenstedti*

*Poteriocrinites quinquangularis* Austin and Austin, 1843 = *Fiannacrinus quinquangularis*

*Poteriocrinites radiatus* Austin and Austin, 1843 = *Poteriocrinus radiatus* = *Parisocrinus radiatus* = *Cyathocrinites? radiatus*

*Poteriocrinites ramonaensis* Strimple, 1939b, p. 39, Pl. 1, figs. 5-6.

Pennsylvanian, Missourian, Ochelata Group, Stanton Limestone. United States, Oklahoma

*Poteriocrinites (Scaphiocrinus) randolphensis* Worthen, 1873 = *Aphelecrinus randolphensis*

*Poteriocrinites rhenanus* (Müller), 1855 = *Antihomocrinus zeileri*

*Poteriocrinites rhombiferus* (Owen and Shumard, 1852) = *Barycrinus rhombiferus*

*Poteriocrinites robbi* (Roy, 1929) = *Cydrocrinus robbi*

*Poteriocrinites robustus* Wright, 1950 = *Springericrinus robustus*

*Poteriocrinites rostratus* Austin and Austin, 1842 = *Poteriocrinus rostratus* = *P. (Scytalocrinus) rostratus* = *Scytalocrinus rostratus* = *Phacelocrinus rostratus* = *Gaelicrinus rostratus*

*Poteriocrinites rowleyi* (Worthen, 1889). Bassler and Moodey, 1943, p. 644.  
*Poteriocrinus rowleyi* Worthen in Miller, S. A., 1889, p. 275. Worthen, 1890, p. 90, Pl. 14, fig. 9. Weller, S., 1898c, p. 477. Bassler and Moodey, 1943, p. 644.  
 Mississippian, Serpukhovian (Chesterian), Ste. Genevieve Limestone. United States,  
 Illinois

*Poteriocrinites (Graphiocrinus, Scaphiocrinus) rudis* Meek and Worthen, 1870 = *Graphiocrinus rudis* = *Tropiocrinus rudis* = *Acylocrinus rudis* = *Ramulocrinus rudis*

*Poteriocrinites (Scaphiocrinus) rudis* Meek and Worthen, 1870 = *Graphiocrinus rudis* = *Tropiocrinus rudis* = *Acylocrinus rudis* = *Ramulocrinus rudis*

*Poteriocrinites rugosus* (Grenfell, 1876) = *Blothrocrinus rugosus*

*Poteriocrinites (Graphiocrinus, Scaphiocrinus) scalaris* Meek and Worthen, 1870 = *Decacrinus scalaris*

*Poteriocrinites (Scaphiocrinus) scalaris* Meek and Worthen, 1873 = *Decacrinus scalaris*

*Poteriocrinites (Zeacrinus) scobina* Meek and Worthen, 1869 = *Linocrinus scobina*

*Poteriocrinites scotocarbonarius* (Wright, 1937) = *\*Rhabdocrinus scotocarbonarius*

*Poteriocrinites (Zeacrinus) serratus* Meek and Worthen, 1870 = *Eratocrinus serratus*

*Poteriocrinites sigillatus* (Quenstedt, 1876). Bassler and Moodey, 1943, p. 644.  
*Poteriocrinus sigillatus* Quenstedt, 1876, p. 525, Pl. 108, Fig. 41. Bassler and Moodey, 1943, p. 644.  
 Mississippian, series not given. France

*Poteriocrinites similis* Worthen, 1882. Bassler and Moodey, 1943, p. 644.  
*Poteriocrinus similis* Worthen, 1882, p. 23. Worthen, 1883, p. 295, Pl. 30, fig. 12. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 477. Bassler and Moodey, 1943, p. 644.  
 Mississippian, Serpukhovian (Chesterian), Ste. Genevieve Limestone. United States,  
 Illinois

*Poteriocrinites simplex* (Lyon, 1869). Bassler and Moodey, 1943, p. 645.  
*Poteriocrinus simplex* Lyon, 1869, p. 458, Pl. 26, fig. f. Miller, S. A., 1889, p. 275. Bassler and Moodey, 1943, p. 645.  
 Devonian, Emsian, Jeffersonville Limestone. United States, Ohio

*Poteriocrinites smithi* (Etheridge, 1892) = "*Poteriocrinites*"? *smithi*

"*Poteriocrinites*"? *smithi* (Etheridge, 1892). Webster and Jell, 1999a, p. 268, Fig. 18.

*Poteriocrinites smithi* (Etheridge, 1892). Bassler and Moodey, 1943, p. 645.

Branson, C. C., 1948, p. 209. Webster and Jell, 1999a, p. 268.

*Rhodocrinites quinquelobus* (Schultze, 1866). Bassler and Moodey, 1943, p. 665. Hauser, 2001, p. 23, 68, Pl. 10, figs. 1-1b; Figs. 49a, 54.

Devonian, Eifelian, ?Freilingen Formation; Givetian, ?Loogh Formation. Germany

Problematicum 1 Haude, 2004b, p. 242, Pl. 1, figs. 15-17.

Devonian, late Famennian, Etröungt, Middle *expansa* Biozone. Germany

Problematicum 2 Haude, 2004b, p. 242, Fig. 5, nos. A-B.

Devonian, late Famennian, Etröungt, Middle *expansa* Biozone. Germany

**PROBLETOCRINUS** Strimple and Moore, 1971. \**P. curtus* Strimple and Moore, 1971. Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Cromyocrinoidea, F. Cromyocrinidae

Strimple and Moore, 1971a, p. 26. Webster, 1977, p. 145. Moore and Strimple *in* Moore and Teichert, 1978, 1978, p. T701, Fig. 457. Webster, 1981, p. 1195, Fig. 1. Webster, 1986, p. 264. Webster, 1988, p. 137.

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian, Missourian species

Pennsylvanian, Missourian. United States, Illinois

\**Probletoocrinus curtus* Strimple and Moore, 1971a, p. 26, Pls. 7, fig. 2; 14, figs. 2a-2c. Webster, 1977, p. 145. Moore and Strimple *in* Moore and Teichert, 1978, p. T701, Fig. 461, no. 3. Webster, 1986, p. 264.

Pennsylvanian, Missourian, Bond Formation, LaSalle Limestone Member. United States, Illinois

Proboscis einer Crinoide sp. indet. Hauser, 2001, Pl. 13, fig. 4.

Proboscis eines unbekanntes Krinten Sandberger and Sandberger, 1850-1856, p. 384, Unnum. Fig. (anal tube)

Devonian, Eifelian, Stringocephalenkalke. Germany

**PROCHOIDIOCRINUS** Wanner, 1937. \**P. nodosus* Wanner, 1937.

Sbc. Cladida, Sbo. Cyathocrinida, Spf. Codiocrinoidea, F. Codiocrinidae  
Wanner, 1937, p. 127. Bassler, 1938, p. 157. Bassler and Moodey, 1943, p. 651. Moore and Laudon, 1943b, p. 50. Branson, C. C., 1948, p. 210. Arendt and Hecker, 1964, p. 85. Lane, N. G., 1967b, p. 11, Fig. 5. Arendt, 1970a, p. 96. Webster, 1973, p. 224. Webster, 1977, p. 146. Lane and Moore *in* Moore and Teichert, 1978, p. T601. Webster, 1986, p. 264.

Named, currently recognized species based on cups or crowns: 1 Permian species, series uncertain

Permian, series uncertain. West Timor

\**Prochoidiocrinus nodosus* Wanner, 1937, p. 128, Pl. 9, figs. 11-14; Fig. 35. Bassler, 1938, p. 157. Bassler and Moodey, 1943, p. 651. Branson, C. C., 1948, p. 210. Arendt, 1970a, p. 96, Fig. 11. Webster, 1977, p. 146. Lane and Moore *in* Moore and Teichert, 1978, p. T601, Figs. 384, no. 3; 387, no. 2. Webster, 1986, p. 264. Permian, series uncertain. West Timor, Basleo

**PROCLIVOCRINUS** Ringuenberg, 1889 = *EUCHEIROCRINUS* = **CALCEOOCRINUS**

*Proclivocrinus chrysalis* (Hall, 1860) = *Eucheirocrinus chrysalis* = *Calceocrinus chrysalis*

*Proclivocrinus radiculatus* (Ringuenberg, 1882) = *Eucheirocrinus chrysalis* = *Calceocrinus chrysalis*

**PROCTENOCRINUS** Jaekel, 1918 = **PROMELOCRINUS**

**PROCTOTHYLACOCRINUS** Kier, 1952. \**P. longus* Kier, 1952.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Rhenocrinoidea, F. Proctothylacocrinidae

Kier, 1952, p. 72. Webster, 1973 p. 224. Webster, 1977, p. 146. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T638. Webster, 1986, p. 264.

Webster,  
1988, p. 137.

Named, currently recognized species based on cups or crowns: 3 Devonian, Givetian species

Devonian, early Givetian. North America

*Proctothylacocrinus berryorum* Kesling, 1971d, p. 343, Pls. 1-2. Webster, 1977, p. 146.

Devonian, early Givetian, Arkona Shale. Canada, Ontario

*Proctothylacocrinus esseri* Kesling, 1965c, p. 77, Pls. 1, figs. 1-5; 2, figs. 1-2. Kesling, 1968b, p. 133, Pls. 1-2; Figs. 1-4. Kesling, 1971d, p. 344. Webster, 1973, p. 224. Kesling and Chilman, 1975, p. 163, Pl. 23, Figs. 1-3. Webster, 1977, p. 146. Signor and Brett, 1984, p. 238, Fig. 8, no. D. Webster, 1986, p. 264. Webster, 1988, p. 137.

Devonian, early Givetian, Silica Formation. United States, Ohio

\**Proctothylacocrinus longus* Kier, 1952, p. 72, Pls. 2, figs. 1-4; 4, fig. 1. Kesling, 1965c, p. 78, Pls. 3, figs. 1-7; 4, figs. 1-6; 5, figs. 1-12; Fig. 1. Kesling, 1969b, p. 313, Figs. 1-14. Kesling, 1971d, p. 344. Webster, 1973, p. 224. Kesling and Chilman, 1975, p. 162, Pls. 21, figs. 6-7; 23, figs. 4-9; Unnum Fig. p. 163. Webster, 1977, p. 146. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T638, Fig. 417, no. 1. Webster, 1986, p. 265.

Devonian, early Givetian, Silica Formation. United States, Ohio, Michigan

**PROCUPRESSOCRINUS** Jaekel, 1918 \**Cupressocrinites gracilis* Goldfuss, 1831

Scl. Cladida, O. Cyathocrinida, Spf. Gasterocomoidea, F. Cupressocrinitidae

Jaekel, 1918, p. 82. Bassler, 1938, p. 158. Bassler and Moodey, 1943, p. 384.

Moore and Lane *in* Moore and Teichert, 1978, p. T658. Bohatý, 2009a, p. 48.

**DASHSBERGCRINITES** Hauser, 2007. \**Dashbergcrinites rotundatus* Hauser, 2007. Hauser, 2007, p. 63, Fig. 3.

Named, currently recognized species based on cups or crowns: 2 Devonian species, 1 Eifelian, 1 Eifelian - Givetian

Devonian, Eifelian - Givetian. Germany

\**Procupressocrinus gracilis* (Goldfuss, 1831). Bohatý, 2009a, p. 48, Figs. 1, 9.11, 11.1(?), 11.3(?), 11.6, 11.13(?), 11.19(?), 11.22(?).

*Cupressocrinites gracilis* Goldfuss, 1831, p. 213, Pl. 64, fig. 5; Figs. 9, no. c; 11, nos.

d(?), e-h. Bohatý, 2009a, p. 48. Bohatý and Herbig, 2010, p. 381, Figs. 9, no. c (diagramatic); 11, nos. e-h.

*Dachsbergcrinites rotundatus* Hauser, 2007, p. 61, Pl. 1, fig. 30; Figs. 3-4. Bohatý,

2009a, p. 48.

*Cupressocrinites inflatus* Hauser, 1997 (part), Pl. 59, figs. 11f, 11h. Bohatý, 2006c, p. 160.

Devonian, Eifelian – Givetian, Junkerberg Formation to Cürten Formation. Germany, Rhenish Massif

*Procupressocrinus? magnus* (Milicina, 1977). Bohatý, 2009a, p. 48.

*Cupressocrinites magnus* Milicina, 1977b, p. 126, Pl. 2, fig. 1; Fig. 3. Webster, 1986, p. 110.

Devonian, Eifelian, *Conchidiella* Biozone. Russia, east slope Ural Mountains

**PRODROMOCRINUS** Jaekel, 1902. No type-species designated. *Nomen nudum*  
Jaekel, 1902, p. 1074. Bassler, 1938, p. 158. Bassler and Moody, 1943, p. 651.

**PROEXENOCRINUS** Strimple and McGinnis, 1972. \**P. inyoensis* Strimple and McGinnis, 1972.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Xenocrinoidea, F. Tanaocrinidae

Strimple and McGinnis, 1972, p. 72. Webster, 1977, p. 146. Ubaghs *in* Moore and Teichert, 1978, p. T441. Ausich, 1986d, p. 218. Webster, 1986, p. 265.

Rozhnov, 1988, p. 67. Rozhnov, 1989, p. 62. Webster, 1993, p. 98. Ausich, 1998b, p. 35.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Floian species

Ordovician, Floian (Arenigian). United States, California

\**Proexenocrinus inyoensis* Stimple and McGinnis, 1972, p. 73, Fig. 1, nos. A-B.

Brower, 1974a, p. 20. Webster, 1977, p. 146. Ubaghs *in* Moore and Teichert, 1978, p. T441, Fig. 250, no. 3. Ausich, 1986d, p. 219, Figs. 1-2. Webster, 1986, p. 265. Broadhead, 1987, p. 183, Fig. 4, no. A. Donovan, 1988c, p. 237. Webster, 1993, p. 98.

Ordovician, Floian (Arenigian), Al Rose Formation. United States, California

**PROGUETTARDICRINUS** Steinman, 1908 = **FORBESIOCRINUS**

*Proguettardicrinus? greeni* Steinman, 1908 = *Forbesiocrinus greeni*

**PROHEXACRINUS** Yakovlev, 1946. \**P. arcticus* Yakovlev, 1946.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Hexacrinitoidea, F. Hexacrinitidae

Yakovlev, 1946a, p. 154. Arendt and Hecker, 1964, p. 96. Webster, 1973, p. 224. Ubaghs *in* Moore and Teichert, 1978, p. T475. Webster, 1986, p. 265.

Named, currently recognized species based on cups or crowns: 1 Late Silurian species, series not designated

Late Silurian, series not given. Russia

\**Prohexacrinus arcticus* Yakovlev, 1946a, p. 154, Unnum. Fig. Arendt and Hecker, 1964, p. 96, Fig. 135. Ubaghs *in* Moore and Teichert, 1978, p. T475, Fig. 279, no. 2. Webster, 1986, p. 265.

Late Silurian, series not given. Russia, northern Ural Mountains

**PROINDOCRINUS** Yakovlev, 1939. \**Indocrinus piszowi* Yakovlev, 1926.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Cromyocrinoidea, F. Indocrinidae

Yakovlev, 1939e, p. 832. Yakovlev, 1939f, p. 832. Bassler and Moodey, 1943, p. 651. Branson, C. C., 1948, p. 210. Webster, 1973, p. 156. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T662. Arendt, 1981, p. 35. Webster, 1986, p. 265. Webster, 1988, p. 137. Webster, 1993, p. 98.

Named, currently recognized species based on cups or crowns: 3 Permian, Artinskian species

Permian, Artinskian. Russia, Krasnoufimsk

*Proindocrinus mirabilis* Arendt, 1981, p. 49, Pl. 14, fig. 3; Fig. 14, nos. zh-i. Webster, 1988, p. 137.

Permian, late Artinskian, Sarga Horizon. Russia, Krasnoufimsk

*Proindocrinus parvus* Arendt, 1981, p. 48, Pl. 14, fig. 2, Fig. 14, nos. a-e. Webster, 1988, p. 137.

Permian, late Artinskian, Sarga Horizon. Russia, Krasnoufimsk

\**Proindocrinus piszowi* (Yakovlev, 1926). Yakovlev, 1939b, p. 62, Pl. 10, figs. 7-12; Fig. 16. Yakovlev, 1939e, p. 832. Bassler and Moodey, 1943, p. 651. Branson, C.

C., 1948, p. 210. Yakovlev, 1949b, p. 897, Figs. 1, nos. 3-4. Webster, 1973, p. 156. Arendt, 1981, p. 36, Pls. 5, fig. 4; 6-8; 14, fig. 1; Figs. 8-13, 25, no. a; 27, nos. a-e; 28, nos. zh-i. Arendt, 1986, p. 69, Fig. 1. Webster, 1988, p. 137. Webster, 1993, p. 98.

*Indocrinus piszowi* Yakovlev, 1926b, p. 46, Pl. 6, figs. 7-7a, 16-16b. Yakovlev, 1926c, p. 53, Pl. 1, fig. 6; Figs. 4a-4c. Bassler and Moodey, 1943, p. 651. Branson, C. C., 1948, p. 210. Yakovlev, 1951, p. 578, Fig. k, no. 3. Yakovlev, 1957, p. 12, fig. 2, no. v. Webster, 1973, p. 156.

Permian, late Artinskian, Sarga Horizon, Div'ya Formation. Russia, Ural Mountains, Krasnoufimsk

**PROKOPICRINUS** Frest and Strimple, 1977. *P. tuberculatus* Frest and Strimple, 1977.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Platycrinitoidea, F. Prokopicrinidae

Frest and Strimple, 1977c, p. 146, Figs. 1, 12 (*non* Fig. 14 as given on figure explanation). Frest and Strimple, 1980, p. 258, Figs. 1, no. c; 2, no. a. Webster, 1986, p. 265.

Named, currently recognized species based on cups or crowns: 3 Silurian species, 1 Niagaran, 2 Ludlovian

Middle - Late Silurian, middle Niagaran - Ludlovian. United States

*Prokopocrinus barricki* Frest and Strimple, 1977c, p. 149, Figs. 3-5. Webster, 1986, p. 265.

Silurian, middle Niagaran, Waldron Shale. United States, Tennessee

*Prokopocrinus laevis* Frest and Strimple, 1977c, p. 147, Figs. 6-8. Webster, 1986, p. 265.

Silurian, Ludlovian, Henryhouse Formation. United States, Oklahoma

\**Prokopocrinus tuberculatus* Frest and Strimple, 1977c, p. 146, Figs. 9-11. Frest and Strimple, 1980, p. 261, Fig. 3, nos. d-f. Webster, 1986, p. 265.

Silurian, Ludlovian, Henryhouse Formation. United States, Oklahoma

**PROLECYTHIOCRINUS** Arendt, 1970 = **THYRIDOCRINUS**

*Prolecythiocrinus problematicus* (Springer, 1926) Arendt, 1970a = *Thyridocrinus problematicus*

**PROLIXOCRINUS** Eckert and Brett, 2001. \**Prolixocrinus nodocaudis* Eckert and Brett, 2001.

Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Ichthyocrinoidea, F. Ichthyocrinidae

Eckert and Brett, 2001, p. 54.

Named, currently recognized species based on cups or crowns: 1 Silurian, Llandoveryian species

Silurian, Llandoveryian. United States, New York

\**Prolixocrinus nodocaudis* Eckert and Brett, 2001, p. 55, Pl. 2, figs. 7-9, 19, 21; Fig. 22, nos. A-B.

Silurian, Llandoveryian, Reynales Formation, Hickory Corners Member. United States, New York.

**PROLOBOCRINUS** Wanner, 1937. \**P. permicus* Wanner, 1937.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Zeacrinitoidea, F. West Timorechinidae

Wanner, 1937, p. 184. Bassler, 1938, p. 158. Bassler and Moodey, 1943, p. 652.

Moore and Laudon, 1943b, p. 59. Branson, C. C., 1948, p. 210. Webster, 1973, p. 224. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T754. Webster, 1986, p. 266.

Named, currently recognized species based on cups or crowns: 3 Permian species, series uncertain

Permian, series uncertain. West Timor

*Prolobocrinus gracilis* (Wanner, 1924). Wanner, 1937, p. 184. Bassler and Moodey, 1943, p. 652. Branson, C. C., 1948, p. 210.

*Protencrinus gracilis* Wanner, 1924, p. 286, Pl. 19, figs. 1-3; Fig. 55. Bassler and Moodey, 1943, p. 652. Branson, C. C., 1948, p. 210.  
Permian, series uncertain. West Timor, Basleo

\**Prolobocrinus permicus* Wanner, 1937, p. 185, Pl. 12, figs. 7-10; Fig. 66. Bassler, 1938, p. 158. Bassler and Moodey, 1943, p. 652. Branson, C. C., 1948, p. 210. Wanner, 1949b, p. 83, Figs. 1-2. Wanner, 1973, p. 224. Ubaghs *in* Moore and Teichert, 1978, p. T145, Fig. 119, nos. 2-3. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T754, Fig. 499, no. 1. Webster, 1986, p. 266.  
Permian, series uncertain. West Timor, Basleo

*Prolobocrinus striatus* Wanner, 1937, p. 187. Bassler and Moodey, 1943, p. 652. Branson, C. C., 1948, p. 210.  
Permian, series uncertain. West Timor, Basleo, Nipol Sumpek

**PROMELOCRINUS** Jaekel, 1902. \**P. anglicus* Jaekel, 1902.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Glyptocrinoidea, F. Melocrinitidae

Jaekel, 1902, p. 1068, Fig. 8. Kirk, 1929c, p. 337. Bassler, 1938, p. 158. Bassler and Moodey, 1943, p. 652. Moore and Laudon, 1943b, p. 96. Ubaghs, 1953, p. 741. Webster, 1973, p. 224. Brower, 1978, p. 42, Figs. 1-2, 4. Ubaghs *in* Moore and Teichert, 1978, p. T492. Cowen, 1981, p. 334, Figs. 1-2, no. A. Webster, 1986, p. 266. Webster, 1988, p. 137. Donovan et al., 2012, p. 184.

**PROCTENOCRINUS** Jaekel, 1918, p. 32. Bassler, 1938, p. 158. Bassler and Moodey, 1943, p. 652. Ubaghs *in* Moore and Teichert, 1978, p. T492.

**XENOCRINUS** Jahn, 1892 (*non* Miller, 1881), p. 416. Bather *in* Lankester, 1900, p. 204. Bassler, 1938, p. 192. Bassler and Moodey, 1943, p. 380. Kesling, 1964a, p. 92. Webster, 1973, p. 170. Ubaghs *in* Moore and Teichert, 1978, p. T492.

**ZENKERICRINUS** Waagen and Jahn, 1899, p. 102, Pl. 42, fig. 6. \**Z. melocrinoides* Waagen and Jahn, 1899. Bather *in* Lankester, 1900, p. 111, 161. Bassler, 1938,

p. 193. Bassler and Moodey, 1943, p. 380. Kesling, 1964a, p. 92. Webster, 1973,

p. 170. Ubaghs *in* Moore and Teichert, 1978, p. T492. Prokop and Petr, 1986, p. 214. Webster, 1993, p. 126.

Named, currently recognized species based on cups or crowns: 6 Silurian species, 5 Wenlockian, 1 Pridoli

Middle - Late Silurian. Europe; North America

\**Promelocrinus anglicus* Jaekel, 1902, p. 1068, Fig. 8. Bassler, 1938, p. 158. Bassler and Moodey, 1943, p. 652. Ubaghs, 1953, p. 741, Fig. 82, no. c. Ubaghs, 1958b, p. 299, Figs. 16, 18. Webster, 1973, p. 224. Brower, 1976, p. 652, Pls. 100, figs. 1-4; 101, figs. 1-4; 102, figs. 1-2, 4; Figs. 1-3; 6, no. B. Ubaghs *in* Moore and Teichert, 1978, p. T144, T492, Figs. 117, no. 3; 295, no. 3a. Webster, 1986, p. 266. Simms, 1990, p. 196, Fig. 8.1 (diagramatic). Donovan et al., 2008a, p. 36, Fig. 3, no. E.

Silurian, Wenlockian, Much Wenlock Limestone Formation. United Kingdom

- Promelocrinus flabellatus* (Salter, 1873). Donovan et al., 2012, p. 185, Pl. 49, figs. 1-3; Figs. 79-80.  
Silurian, Wenlockian (Homerian), Much Wenlock Limestone Formation. United Kingdom, Scotland
- Promelocrinus fulminatus* (Angelin, 1878). Ubaghs, 1953, p. 741, Fig. 82, no. b. Ubaghs, 1958b, p. 268, Pl. 1, figs. 2-4; Figs. 3-4, 16. Webster, 1973, p. 224. Brower, 1978, p. 44, Fig. 3. Ubaghs *in* Moore and Teichert, 1978, p. T144, T492, Figs. 117, no. 2; 295, no. 3b. Webster, 1986, p. 266. Simms, 1990, p. 196, Fig. 8.1 (diagramatic).  
Silurian, Wenlockian, Slite Group. Sweden, Isle of Gotland
- Promelocrinus melocrinoides* (Waagen and Jahn, 1899). New Combination.  
*Zenkericrinus melocrinoides* Waagen and Jahn, 1899, p. 106, Pl. 62. Bassler, 1938, p. 193. Bassler and Moodey, 1943, p. 381. Kesling, 1964a, p. 93. Webster, 1973, p. 171. Prokop and Petr, 1986, p. 215, Pl. 8, figs. 1-4; Figs. 9-11. Prokop and Petr, 1990, p. 33, Pl. 2, figs. 1-2. Webster, 1993, p. 126.  
*Ctenocrinus melocrinoides* (Waagen and Jahn, 1899). Bassler and Moodey, 1943, p. 381.

 Silurian, Wenlockian. United Kingdom

- Protaxocrinus virginianensis* Bassler, 1915, p. 1046 (*nomen nudum*, credited to Springer, in press). Springer, 1920a, p. 346, Pl. 45, fig. 12. Bassler and Moodey, 1943, p. 653.  
 Devonian, Gedinnian, Keyser Formation. United States, West Virginia

- Protaxocrinus* sp. Clausen et al., 2009, p. 284, Fig. 1, no. A.  
 No age or locality given

*Protaxocrinus* sp. Kolata et al., 1987 = *Clidochirus anebos*

- Protaxocrinus?* sp. Prokop and Turek, 1983. Prokop and Petr, 1990, p. 42. Webster, 1993, p. 98.  
 Silurian, Wenlockian, Liten Formation. Czech Republic

**PROTENCRIINUS** Jaekel, 1918. *\*P. moscoviensis* Jaekel, 1918.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinoidea, F. Protencrinidae  
 Jaekel, 1918, p. 66. Wanner, 1924, p. 181. Bassler, 1938, p. 159. Bassler and Moodey, 1943, p. 653. Moore and Laudon, 1943b, p. 59. Knapp, 1969, p. 353, Fig. 1. Strimple and Moore, 1971a, p. 9. Webster, 1973, p. 226. Webster, 1977, p. 147. Moore, Strimple, and Lane *in* Moore and Teichert, 1978, p. T712. Webster, 1986, p. 268. Webster, 1993, p. 98.

Named, currently recognized species based on cups or crowns: 5 species. 3

Pennsylvanian, 1 Atokan, 1 Desmoinesian, 1 Moscovian; 2 Permian, 1 Artinskian, 1 Early Permian undesignated  
 Pennsylvanian, Moscovian; Permian, Artinskian. Russia  
 Pennsylvanian, Atokan. United States  
 Early Permian, series undesignated. Greece, Crete

*Protencrinus atoka* (Strimple, 1961). Knapp, 1969, p. 353. Strimple, 1975e, p. 15, Fig. 10, nos. 6-7. Webster, 1977, p. 147. Webster, 1986, p. 268.

*Paradelocrinus atoka* Strimple, 1961d, p. 228, Pl. 1, figs. 1-3, 13-15. Webster, 1973, p. 191. Knapp, 1969, p. 353. Webster, 1977, p. 147.

Pennsylvanian, Atokan, Atoka Formation, Barnett Hill Member; Griley Limestone. United States, Oklahoma

*Protencrinus baliensis* Webster, 2012c, p. 107, Fig. 2, nos. G-M, given as nos. 7-9 p.107.

Early Permian, Galinos Beds. Greece, Crete

*Protencrinus brachiatus* (Moore and Plummer, 1940) = *Neoprotencrinus brachiatus*

*Protencrinus gracilis* Wanner, 1937 = *Prolobocrinus gracilis*

*Protencrinus lobatus* Yakovlev, 1948, p. 121, Figs. 5-6. Yakovlev in Yakovlev and Ivanov, 1956, p. 74, Pl. 13, fig. 6. Webster, 1973, p. 226.

Permian, Artinskian. Russia, Timan

\**Protencrinus moscoviensis* Jaekel, 1918, p. 66, Fig. 56. Bassler, 1938, p. 159.

Bassler and Moodey, 1943, p. 653. Yakovlev and Ivanov, 1956, p. 31, Fig. 6.

Knapp, 1969, p. 353. Webster, 1973, p. 226. Webster, 1977, p. 147. Moore,

Strimple, and Lane in Moore and Teichert, 1978, p. T712, Fig. 472, no. 1.

Webster, 1986, p. 268.

Pennsylvanian, Moscovian. Russia, Moscow Basin

*Protencrinus mutabilis* Knapp, 1969, p. 353, Pls. 61, figs. 4-9; 62, figs. 3-5; Fig. 6.

Webster, 1977, p. 147. Webster and Kues, 2006, p. 17, Figs. 6.11-6.14.

Pennsylvanian, Atokan, Burgner Formation. United States, Missouri

Pennsylvanian, Desmoinesian, Flechado Formation. United States, New Mexico

*Protencrinus?* sp. indet. Hashimoto, 1984, p. 20, Pl. 9, figs. 2a-3c; Fig. 6, nos. 5a-5b.

Webster, 1993, p. 98.

Pennsylvanian, Moscovian, Akiyoshi Limestone Group, *Millerella yowarensis* and *Fusulinella biconica* Biozones. Japan

Protocrinoid feeding appendage Guensburg and Sprinkle, 2007, p. 282, Fig. 2, no. J.

PROTOEURAYLE Müller, 1854 = **CULICOCRINUS**

*Protoeurayle confluentina* Müller, 1854 = *Culicocrinus confluentinus*

Pseudomonocyclic stem and cup Rozhnov, 2002, p. S529, Fig. 3, nos. c-d.

**PSEUDORTHOCHRINUS** Hauser, 1997. \**Pseudorthocrinus rauhheckiensis* Hauser, 1997.

Sbc. Camerata, O. Diplobathrida, Spf. Dimerocrinitoidea, F. Orthocrinidae  
Hauser, 1997, p. 135, Fig. 41.

Named, currently recognized species based on cups or crowns: 1 Devonian,  
Givetian species  
Devonian, Givetian. Germany

\**Pseudorthocrinus rauhheckiensis* Hauser, 1997, p. 135, Pl. 63, figs. 1-3.  
Devonian, Givetian, Loogh Formation, ?Rech Member. Germany

**PSILOCRINUS** Knapp, 1969. \**Plaxocrinus omphaloides* Moore and Plummer, 1940.  
Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F.  
Pirasocrinidae

Knapp, 1969, p. 375. Webster, 1977, p. 147. Moore, Strimple, and Lane *in* Moore  
and Teichert, 1978, p. T732. Webster, 1986, p. 268.

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian,  
Desmoinesian species  
Pennsylvanian, Desmoinesian. United States

\**Psilocrinus omphaloides* (Moore and Plummer, 1940). Knapp, 1969, p. 375.  
Webster, 1973, p. 228. Moore and Strimple *in* Moore and Teichert, 1978, p.  
T732, Fig. 482, no. 1.

*Plaxocrinus omphaloides* Moore and Plummer, 1940, p. 194, Pls. 8, fig. 4; 9, fig. 4.  
Bassler and Moodey, 1943, p. 634. Plummer, 1950, p. 97, Pl. 21, fig. 15. Heuer,  
1958, p. 47, Pl. 5, fig. 15. Knapp, 1969, p. 375. Webster, 1973, p. 217. Webster,  
1977, p. 148.

Pennsylvanian, Desmoinesian, Mineral Wells Shale. United States, Texas

**PSKOVICRINUS** Rozhnov and Arendt, 1984. \**P. sofronizkyi* Rozhnov and Arendt,  
1984.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Dendrocrinoidea, F.  
Botryocrinidae

Rozhnov and Arendt, 1984, p. 119. Rozhnov and Arendt, 1985, p. 120. Webster,  
1988, p. 139.

Named, currently recognized species based on cups or crowns: 1 Devonian,  
Frasnian species  
Devonian, Frasnian. Russia

\**Pskovicrinus sofronizkyi* Rozhnov and Arendt, 1984, p. 119, Figs. 1-2. Rozhnov and  
Arendt, 1985, p. 120, Figs. 1-2. Webster, 1986, p. 272.

Devonian, Frasnian, Sarga Horizon. Russia, Main Devonian Field

Pterinocrinid gen. nov. Jell, 1999a, p. 25, Fig. 17, no. C.

Devonian, early Lochkovian, Humevale Formation. Australia, Victoria

**PTERINOCRINUS** Goldring, 1923. \**P. quinquenodosus* Goldring, 1923.

Sbc. Camerata, O. Diplobathrida, Sbo. Eudiplobathrina, Spf. Dimerocrinitoidea, F. Dimerocrinitidae

Goldring, 1923, p. 86. Schmidt, W. E., 1934, p. 127. Bassler, 1938, p. 161. Bassler and Moodey, 1943, p. 653. Moore and Laudon, 1943b, p. 59. Webster, 1973, p. 226. Le Menn *in* Le Menn *et al.*, 1976, p. 45. Ubaghs *in* Moore and Teichert, 1978, p. T434. Webster, 1986, p. 268. Webster, 1986, p. 272.

Named, currently recognized species based on cups or crowns: 5 Devonian species,

4 Emsian, 1 Frasnian

Devonian, Frasnian. United States, New York

Early Devonian. Europe

*Pterinocrinus decembrachiatus* Breimer, 1962a, p. 12, Pl. 1, fig. 3. Webster, 1973, p. 226. Ubaghs *in* Moore and Teichert, 1978, p. T434, Fig. 244, no. 2b. Webster, 1986, p. 268.

Devonian, Emsian, red shale in Ferrones Limestone. Spain

*Pterinocrinus diensti* Schmidt, W. E., 1934, p. 128, 143, Pl. 22, fig. 1; Fig. 29. Bassler and Moodey, 1943, p. 654.

Devonian, early Emsian, Hunsrück Slates. Germany

Devonian, Emsian. France, Spain

*Pterinocrinus ehrlicheri* Lehmann, 1955, p. 135, Pls. 14, figs. 1-3; 15, figs. 4-5.

Webster, 1973, p. 226. Kutscher, 1977, p. 47. Webster, 1986, p. 268.

Devonian, early Emsian, Hunsrück Slates. Germany

\**Pterinocrinus quinquenodus* Goldring, 1923, p. 87, Pl. 1, figs. 3-10, Fig. 32. Bassler, 1938, p. 161. Bassler and Moodey, 1943, p. 654. Moore and Laudon, 1943b, p. 138, Pl. 9, fig. 12. Moore and Laudon, 1944, p. 187, Pl. 72, fig. 22. Webster, 1973, p. 226. Ubaghs *in* Moore and Teichert, 1978, p. T434, Fig. 244, no. 2a. Webster, 1986, p. 268.

Devonian, Frasnian, lower part of Chemung Formation. United States, New York

*Pterinocrinus tenuibrachiatus* Le Menn *in* Le Menn *et al.*, 1976, p. 47, Pl. 8, figs. 1-3. Le Menn, 1985, p. 54, Pl. 8, figs. 1-3, 5, 7-10. Webster, 1986, p. 268. Webster, 1988, p. 139.

Devonian, Emsian, Reun ar C'Hrank Formation; Beg an Arreun Formation; Prioldy Formation; Fret Formation; Marettes Formation; Mariposas Formation; La Vid Shale. France, Armorican Massif; Spain

**PTEROTOCRINUS** Lyon and Casseday, 1859. \**Asterocrinus capitalis* Lyon, 1857.

Mississippian, Serpukhovian (Chesterian), Golconda Formation; Glen Dean Formation. United States, Kentucky

*Pterotocrinus chesterensis* (Meek and Worthen, 1860). Meek and Worthen, 1866b, p. 292, Pl. 23, figs. 1a-1c; Fig. 30. Shumard, 1868, p. 393. Miller, S. A., 1889, p. 276, Fig. 410. Wachsmuth and Springer, 1897, p. 802, Pl. 79, figs. 5a-5b. Weller, S., 1898c, p. 513. Sutton, 1934, p. 414, Pl. 49, figs. 23-24. Bassler and Moodey, 1943, p. 655.

*Dichocrinus* (*Pterotocrinus*) *chesterensis* Meek and Worthen, 1860, p. 383. Shumard, 1868, p. 393. Weller, S., 1898c, p. 513. Bassler and Moodey, 1943, p. 655.

*Dichocrinus chesterensis* (Meek and Worthen, 1860). Miller, S. A., 1889, p. 239. Mississippian, Serpukhovian (Chesterian), Chester Limestone. United States, Illinois

*Pterotocrinus cinnarius* Wilson, 1916 = *Pterotocrinus coronarius*

*Pterotocrinus clorensis* Sutton, 1934 = *Pterotocrinus depressus*

*Pterotocrinus convexus* Sutton, 1934, p. 405, Pl. 49, figs. 52-53. Bassler and Moodey, 1943, p. 655. Burdick and Strimple, 1983a, p. 179, Pl. 5, figs. 4, 8, 12, 16. Webster, 1988, p. 140.

Mississippian, Serpukhovian (Chesterian), upper part of Monteagle Limestone; Paint Creek Formation. United States, Alabama, Illinois

*Pterotocrinus cornigerus* (Shumard, 1857) = \**Talarocrinus cornigerus*

*Pterotocrinus cornutus* (Troost, 1850) = *Talarocrinus symmetricus*

- Pterotocrinus coronarius* (Lyon, 1857). Lyon and Casseday, 1860b, p. 68. Shumard, 1868, p. 394. Miller, S. A., 1889, p. 276. Weller, S., 1898c, p. 513. Springer, 1926b, p. 48, Pl. 14, figs. 1-3a. Sutton, 1934, p. 410, Pl. 50, figs. 25-31. Moore, 1939b, p. 237, Fig. 12, no. 3 ("wing plate"). Bassler and Moodey, 1943, p. 655. Ubaghs, 1953, p. 741, Fig. 114. Gutschick, 1965, p. 644, Fig. 6. Webster, 1973, p. 226. Ubaghs *in* Moore and Teichert, 1978, p. T181, Fig. 154, no. 5. Lane *in* Moore and Teichert, 1978, p. T477, Fig. 281, no. 7b. Webster, 1986, p. 269.
- Pterotocrinus (Asteroocrinus) coronarius* Lyon, 1857. Lesley, 1889, p. 822, Figs. 1-1a.
- Pterotocrinus coronatus* (Lyon, 1857). Wachsmuth and Springer, 1897, p. 795, Pl. 79, figs. 7a-7b.
- Pterotocrinus cirnarius* (Lyon, 1857). Wilson, H. E., 1916, p. 510, Pl. 3, fig. 11.
- Asteroocrinus coronarius* Lyon, 1857, p. 476, Pl. 1, figs. 1-1a. Shumard, 1868, p. 394. Miller, S. A., 1889, p. 226. Weller, S., 1898c, p. 513. Bassler and Moodey, 1943, p. 655.
- Mississippian, Serpukhovian (Chesterian), Golconda Formation. United States, Kentucky
- Pterotocrinus coronatus* Wachsmuth and Springer, 1897 = *Pterotocrinus coronarius*
- Pterotocrinus (Asteroocrinus) coronarius* Lyon, 1857 = *Pterotocrinus coronarius*
- Pterotocrinus crassus* (Meek and Worthen, 1860). Meek and Worthen, 1866, p. 290, Pl. 23, figs. 2a-2b. Shumard, 1868, p. 394. Miller, S. A., 1889, p. 276, Fig. 411. Wachsmuth and Springer, 1897, p. 801, Pl. 79, fig. 8. Weller, S., 1898c, p. 513. Sutton, 1934, p. 414, Pl. 50, fig. 9. Bassler and Moodey, 1943, p. 655.
- Dichocrinus (?Pterotocrinus) crassus* Meek and Worthen, 1860, p. 382. Shumard, 1868, p. 394. Weller, S., 1898c, p. 513. Bassler and Moodey, 1943, p. 655.
- Dichocrinus crassus* (Meek and Worthen, 1860). Miller, S. A., 1889, p. 239.
- Mississippian, Serpukhovian (Chesterian), Glen Dean Limestone. United States, Illinois, Kentucky
- Pterotocrinus cuneatus* Sutton, 1934, p. 407, Pl. 49, figs. 11-14. Bassler and Moodey, 1943, p. 655.
- Mississippian, Serpukhovian (Chesterian), Glen Dean Limestone. United States, Illinois
- Pterotocrinus* cf. *P. cuneatus* Sutton, 1934. Burdick and Strimple, 1983a, p. 180, Pl. 5, figs. 27, 30. Webster, 1988, p. 140.
- Mississippian, Serpukhovian (Chesterian), Bangor Limestone. United States, Alabama
- Pterotocrinus depressus* Lyon and Casseday, 1860b, p. 68. Shumard, 1868, p. 394. Meek and Worthen, 1873, p. 559, Pl. 21, fig. 13. Wetherby, 1879b, Pl. 8, fig. 11. Miller, S. A., 1889, p. 276. Wachsmuth and Springer, 1897, p. 796, Pl. 79, figs. 2a-3. Weller, S., 1898c, p. 513. Ulrich, E. O., 1905, Pl. 6, figs. 25-26. Grabau and Shimer, 1910, p. 523, Fig. 1848. Butts, C., 1917, p. 100, Pl. 24, fig. 12. Springer, 1926b, p. 50, Pl. 14, figs. 4-4a. Sutton, 1934, p. 403, Pl. 49, figs. 7-8.

- 40-44. Moore, 1939b, p. 237, Fig. 12, no. 6 ("wing plate"). Bassler and Moodey, 1943, p. 655. Horowitz, 1965, p. 45, Pl. 5, figs. 16-19. Webster, 1973, p. 226. Welch, 1978b, p. 90, Figs. 1; 2, no. G; 4, nos. B-C; 6. Broadhead, 1985, p. 211, Fig. 6, nos. G-H. Webster, 1986, p. 269. Chestnut and Ettensohn, 1988, p. 55, Pl. 8, figs. 1-12; Figs. 13, 16, no. B. Webster, 1988, p. 140. Baumiller and Plotnick, 1989, p. 317, Figs. 1, nos. A, C; 10. Webster, 1993, p. 99.
- Pterotocrinus clorensis* Sutton, 1934, p. 405, Pl. 49, figs. 52-53. Bassler and Moodey, 1943, p. 655. Chestnut and Ettensohn, 1988, p. 55. Webster, 1993, p. 99.
- Pterotocrinus menardensis* Weller, S., 1920, p. 373, Pl. 11, fig. 9. Sutton, 1934, p. 405, Pl. 49, figs. 47-49. Bassler and Moodey, 1943, p. 656. Chestnut and Ettensohn, 1988, p. 55. Webster, 1993, p. 99.

Wright, J., 1944, p. 266. Webster, 1973, p. 230. Moore and Strimple *in* Moore and Teichert, 1978, p. T633. Burdick and Strimple, 1983a, p. 127. Webster, 1986, p. 275. Webster, 1988, p. 145. Lane and Sevastopulo, 1990, p. 335. Webster, 1993, p. 102. Donovan and Birtle, 2011, p. 169.

Named, currently recognized species based on cups or crowns: 5 Mississippian species, 3 Viséan, 1 Viséan – Serpukhovian, 1 Serpukhovian

Mississippian, Viséan. Russia

Mississippian, Viséan - Serpukhovian. Europe

Mississippian, Serpukhovian (Chesterian). United States

*Rhabdocrinus crassus* (Miller, 1821) = *Poteriocrinus crassus* = *Poteriocrinites crassus*

*Rhabdocrinus largus* Burdick and Strimple, 1983a, p. 128, Pl. 1, figs. 7, 10. Webster, 1988, p. 145.

Mississippian, Serpukhovian (Chesterian?), Monteagle Limestone. United States, Alabama

*Rhabdocrinus pentonensis* (Wright, 1937). Wright, J., 1944, p. 269. Wright, J., 1950, p. 16, Pl. 2, fig. 3. Webster, 1973, p. 230.

*Poteriocrinus pentonensis* Wright, J., 1937, p. 404, Pl. 14, fig. 6. Wright, J., 1939, p. 18, Pl. 9, fig. 15. Bassler and Moodey, 1943, p. 643. Wright, J., 1944, p. 269. Webster, 1973, p. 230.

*Poteriocrinites pentonensis* (Wright, 1937). Bassler and Moodey, 1943, p. 643.

Mississippian, Viséan, lower part of Limestone Group. United Kingdom, Scotland

\**Rhabdocrinus scotocarbonarius* (Wright, 1937). Wright, J., 1944, p. 267, Pls. 10, figs. 1-15; 11, figs. 1-3, 5, 8-14. Wright, J., 1950, p. 13, Pls. 2, figs. 1, 9, 18; 3, figs. 1-3, 5-6, 8-21; Figs. 2-4. Webster, 1973, p. 230. Moore and Strimple *in* Moore and Teichert, 1978, p. T633, Fig. 414, no. 2. Webster, 1986, p. 275. Webster and Maples, 2008, p. 201, fig. 10.1, no. 2.

*Poteriocrinus scotocarbonarius* Wright, J., 1937, p. 397, Pls. 13, figs. 10-12; 14, figs. 1-5; 15, figs. 10, 13; 16, Figs. 1, 3, 7; Figs. 7-9. Wright, J., 1939, p. 14, Pl. 9, figs. 12-14, 16-18; Figs. 7-9. Bassler and Moodey, 1943, p. 644. Wright, J., 1944, p. 269. Webster, 1973, p. 230.

*Poteriocrinites scotocarbonarius* (Wright, 1937). Bassler and Moodey, 1943, p. 644.

Mississippian, Viséan, lower part of Limestone Group, Seafield Tower Limestone; Villabellaco Limestone. United Kingdom, Scotland; Spain

*Rhabdocrinus scotocarbonarius* Morris, 1992 = *Balearocrinus cantabricus*

*Rhabdocrinus swaledalensis* Wright, J., 1950, p. 16, Pl. 1, figs. 1-3. Webster, 1973, p. 230.

Mississippian, Serpukhovian, *Woodocrinus* Limestone. United Kingdom

*Rhabdocrinus vatagini* Arendt, 1962, p. 118, Figs. 1-2. Arendt, 1963b, p. 1675, Figs. 1-2. Webster, 1973, p. 230. Arendt, 2002, p. 126, Pl. 6, figs. 1a-1f; Fig. 2, nos. g-i.

Mississippian, Viséan, Steshev Stratum. Russia, Tarusa

*Rhabdocrinus* sp. Strimple and Coney, 1982, p. 989, Pl. 2, figs. 6-7. Webster, 1988, p. 146.

Mississippian, Viséan (Chesterian), Newman Formation. United States, Tennessee

**RHACHICRINUS** Ausich, 1986b. \**R. wrighti* Ausich, 1986b.

Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae  
Ausich, 1986b, p. 87. Webster, 1993, p. 103.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryan species

Silurian, late early Llandoveryan or middle Llandoveryan. United States

\**Rhachicrinus wrighti* Ausich, 1986b, p. 87, Figs. 2, nos. 1-4, 6-7, 12; 3. Webster, 1993, p. 103.

Silurian, late early Llandoveryan or middle Llandoveryan, Brassfield Formation.  
United States, Ohio

**RHADINOCRINUS** Jaekel, 1895. \**R. rhenanus* Jaekel, 1895.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Dendrocrinoidea, F.  
Botryocrinidae

Jaekel, 1895a, p. 87. Bather *in* Lankester, 1900, p. 179. Wachsmuth *in* Zittel, 1900, p. 155. Springer *in* Zittel, 1913, p. 221. Haarmann, 1920, p. 28. Schmidt, W. E., 1934, p. 99. - Sarocrinus plenus* Kirk, 1942 = *Sarocrinus varsoviensis*
- Sarocrinus pocillum* (Miller, 1891) = *Sarocrinus varsoviensis*
- Sarocrinus tentaculatus* (Worthen, 1882) = *Sarocrinus varsoviensis*
- \**Sarocrinus varsoviensis* (Worthen, 1882). Kammer and Ausich, 1994, p. 347, figs. 5.4-5.17. Ausich, Goldstein, and Yates, 2000, p. 1073, Fig. 2, no. 11 (misspelled as *S. varsaviensis* on figure explanation). Kammer, 2008, p. 187, Fig. 9.5.  
*Poteriocrinus varsoviensis* Worthen, 1882, p. 19. Worthen, 1883, p. 290, Pl. 28, fig. 15. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 550. Bassler and Moodey, 1943, p. 584. Kammer and Ausich, 1994, p. 347.  
*Pachylocrinus varsoviensis* (Worthen, 1882). Bassler and Moodey, 1943, p. 584. Kammer and Ausich, 1994, p. 347.  
*Scaphiocrinus varsoviensis* (Worthen, 1882). Wachsmuth and Springer, 1886, p. 236 (160). Miller, S. A., 1889, p. 281. Weller, S., 1898c, p. 550. Bassler and Moodey, 1943, p. 584. Kammer and Ausich, 1994, p. 347.  
*Sarocrinus granilineus* (Miller and Gurley, 1890). Kirk, 1942a, p. 382. Bassler and Moodey, 1943, p. 670. Van Sant in Van Sant and Lane, 1964, p. 98, Pl. 5, fig. 1. Webster, 1973, p. 234. Kammer and Ausich, 1994, p. 347.  
*Poteriocrinus granilineus* Miller and Gurley, 1890a, p. 22, Pl. 4, fig. 7. Miller and Gurley, 1890b, p. 22, Pl. 4, fig. 7. Miller and Gurley, 1891, p. 343, Pl. 4, fig. 7 (author's ed. p. 22). Miller, S. A., 1892a, p. 681. Weller, S., 1898c, p. 475. Bassler and Moodey, 1943, p. 670. Kammer and Ausich, 1994, p. 347.  
*Poteriocrinus tenuidactylus* Worthen, 1882 (part), p. 10. Miller, S. A., 1889, p. 275. Weller, S., 1898c, p. 546. Bassler and Moodey, 1943, p. 671. Kammer and Ausich, 1994, p. 347.  
*Poteriocrinus* (*Scaphiocrinus*) *tenuidactylus* Worthen, 1882. Shumard, 1868, p. 393.  
*Poteriocrinus tentaculatus* Worthen, 1883, p. 277, Pl. 28, fig. 11. Weller, S., 1898c, p. 641. Bassler and Moodey, 1943, p. 671. Kammer and Ausich, 1994, p. 347.

*Sarocrinus tentaculatus* (Worthen, 1883). Kirk, 1942a, p. 384, Pl. 58, fig. 21.

Bassler and Moodey, 1943, p. 671. Kammer and Ausich, 1994, p. 347.

*Woodocrinus tentaculatus* (Worthen, 1883). Wachsmuth and Springer, 1886, p.

242 (166). Weller, S., 1898c, p. 641. Bassler and Moodey, 1943, p. 671.

Kammer and Ausich, 1994, p. 347.

*Sarocrinus pocillum* (Miller, 1891). Kirk, 1942a, p. 383. Bassler and Moodey, 1943, p. 670. Kammer and Ausich, 1994, p. 347.

*Zeacrinus pocillum* Miller, S. A., 1891b, p. 28, Pl. 4, figs. 1-2. Miller, S. A., 1892a, p.

683. Weller, S., 1898c, p. 641. Bassler and Moodey, 1943, p. 670. Kammer and

Ausich, 1994, p. 347.

*Zeacrinites pocillum* (Miller, 1891). Bassler and Moodey, 1943, p. 728.

*Woodocrinus pocillum* (Miller, 1891). Keyes, 1894a, p. 214. Weller, S., 1898c, p.

641. Kammer and Ausich, 1994, p. 347.

\**Sarocrinus nitidus* Kirk, 1942a, p. 385, Pl. 58, figs. 11-20. Bassler and Moodey, 1943, p. 670. Moore, Lane, and Strimple *in* Moore and Teichert, 1978, p. T750, Fig. 496, no. 3. Webster, 1986, p. 278. Kammer and Ausich, 1994, p. 347.

*Sarocrinus plenus* Kirk, 1942a, p. 386, Pl. 58, fig. 8. Bassler and Moodey, 1943, p.

670. Van Sant *in* Van Sant and Lane, 1964, p. 99. Webster, 1973, p. 234.

Kammer and Ausich, 1994, p. 347.

Mississippian, Viséan (late Osagean - early Meramecian), Edwardsville Formation, lower and upper parts of Warsaw Formation; Harrodsburg Limestone; Muldraugh Member, Borden Formation. United States, Indiana, Illinois, Missouri, Kentucky

*Sarocrinus* sp. Lane, N. G., 1986, p. 156, Figs. 2, 5, 7. Webster, 1993, p. 104.

Mississippian, Viséan (Osagean), Ramp Creek Formation. United States, Indiana

**SCAMMATOCRINUS** Burdick and Strimple, 1983. \**S. delicatus* Burdick and Strimple, 1983.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F. Blothrocrinidae

Burdick and Strimple, 1983a, p. 130. Webster, 1988, p. 148. Lane and Sevastopulo,

1990, p. 335. Webster, 1993, p. 104.

Named, currently recognized species based on cups or crowns: 2 Mississippian, Serpukhovian species

Mississippian, Serpukhovian (Chesterian). United States

\**Scammatocrinus delicatus* Burdick and Strimple, 1983a, p. 132, Pl. 2, figs. 12, 14, 16-17. Webster, 1988, p. 148.

Mississippian, Serpukhovian (Chesterian), lower part of Pitkin Formation. United States, Oklahoma

*Scammatocrinus watersi* Burdick and Strimple, 1983a, p. 134, Pl. 2, figs. 10, 15.

Webster, 1988, p. 148.

Mississippian, Serpukhovian (Chesterian), Pennington Formation. United States, Alabama

**SCAPANOCRINUS** Eckert and Brett, 2001. \**Scapanocrinus muricatus* Eckert and Brett, 2001.

Sbcl. Flexibilia, O. Sagenocrinida, Spf. Sagenocrinitoidea, F. Sagenocrinitidae  
Eckert and Brett, 2001, p. 61.

Named, currently recognized species based on cups or crowns: 1 Silurian,  
Llandoveryian species

Silurian, middle Llandoveryian. United States, New York

\**Scapanocrinus muricatus* Eckert and Brett, 2001, p. 62, Pl. 8, figs. 1, 7, 12-14, 16-18;  
Fig. 26, nos. A-D.

Silurian, middle Llandoveryian, Wolcott Limestone. United States, New York

**Note.** *Camarocrinus* is recognized as a genus of the Scyphocrinitidae by Haude, 1992a. Many of the species assigned to the genus are based on the bulbous root holdfast and previously placed in the synonymy of *Scyphocrinites*. *Camarocrinus* is accepted herein but the reallocation of the species remains to be investigated. The species are generally left where they have been assigned by various investigators over the years.

Named, currently recognized species based on cups or crowns: 15 species, 1 subspecies. 8 Silurian, 1 Niagaran, 1 Wenlockian – Ludlovian, 2 Ludlovian, 1 Late Silurian series undesignated, 1 Silurian? series undesignated; 2 Silurian – Devonian, Pridoli – Lochkovian; 7 Devonian, Lochkovian (+1 subspecies)

Early? Silurian, Middle Silurian - Early Devonian. Cosmopolitan

Mississippian, Viséan (Osagean), Anchor Limestone. United States, Nevada

**STEGOCRINUS** Sieverts-Doreck, 1962. \**S. dohmi* Sieverts-Doreck, 1962.

Classification uncertain.

Sieverts-Doreck, 1962, p. 107. Webster, 1973, p. 242. Jeffords *in* Moore and Teichert, 1978, p. T935.

**Note:** Hauser, 1997, considered *S. dohmi* to belong to *Cupressocrinites* based on the similarity of the articular facet on the side of the plate, an anal tube plate, and he considered it to have affinities with *C. abbreviatus*. I agree with Hauser's assessment of *Stegocrinus* belonging to the cupressocrinitids, but until the other specimens of *Stegocrinus* are revised I have left all taxa of the genus standing. (GDW)

**STEREOBRACHIOCRINUS** Bassler and Moodey, 1943, p. 687.

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian, Morrowan species

Pennsylvanian, Morrowan. United States

\**Stereobrachicrinus pustulosus* Mather, 1915, p. 108, Pl. 3, figs. 9-9a. Moore and Plummer, 1938, p. 312, Pl. 16, figs. 8a-8b. Moore and Strimple *in* Moore and Teichert, 1978, p. T539, Fig. 335, no. 6. Webster, 1986, p. 291.

*Stereobrachicrinus pustulosus* Mather, 1915. Bassler, 1938, p. 175 (sic).

*Stereobrachiocrinus pustulosus* (Mather, 1915). Bassler and Moodey, 1943, p. 687.

Pennsylvanian, Morrowan, Morrow Formation. United States, Oklahoma

**STEREOBRACHIOCRINUS** Bassler and Moodey, 1943 = **STEREOBRACHICRINUS**

*Stereobrachiocrinus pustulosus* (Mather, 1915) = *Stereobrachicrinus pustulosus*

**STEREOCRINUS** Barris, 1878 = **DOLATOCRINUS**

*Stereocrinus barrisi* Wachsmuth and Springer, 1897 = *Dolatocrinus barrisi*

*Stereocrinus bentonensis* Stainbrook, 1937 = *Dolatocrinus bentonensis*

*Stereocrinus? dilatus* Rowley, 1906 = *Dolatocrinus dilatus*

*Stereocrinus harberti* Stainbrook, 1937 = *Dolatocrinus harberti*

*Stereocrinus helderbergensis* Springer, 1921 = *Dolatocrinus helderbergensis*

*Stereocrinus indianensis* Miller and Gurley, 1897 = *Comanthocrinus indianensis*

*Stereocrinus littletonensis* Thomas, 1924 = *Dolatocrinus littletonensis*

*Stereocrinus moori* Branson and Wilson, 1922 = *Dolatocrinus moori*

*Stereocrinus springeri* Branson and Wilson, 1922 = *Dolatocrinus springeri*

*Stereocrinus triangulatus* Barris, 1978 = *Dolatocrinus triangulatus*

*Stereocrinus triangulates* var. *liratus* Barris, 1878 = *Dolatocrinus triangulatus*

*Stereocrinus vandiveri* Branson and Wilson, 1922 = *Dolatocrinus vandiveri*

**STEWBRECRINUS** Jell, 1999. \**Stewbreocrinus terryi* Jell, 1999.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Merocrinitoidea, F. Cupulocrinidae

Jell, 1999a, p. 73.

Named, currently recognized species based on cups or crowns: 1 Devonian, Lochkovian species

Devonian, late Lochkovian. Australia, Victoria

\**Stewbreocrinus terryi* Jell, 1999a, p. 74, Fig. 58, nos. A-D.

Devonian, late Lochkovian, Humevale Formation. Australia, Victoria

**STIBAROCCRINUS** Ausich, 1984. \**Calceocrinus centervillensis* Foerste, 1936.

Sbc. Disparida, O. Calceocrinida, F. Calceocrinidae

Ausich, 1984a, p. 1172. Webster, 1988, p. 152. Harvey and Ausich, 1997, p. 304.

Ausich, 1998b, p. 27.

Named, currently recognized species based on cups or crowns: 1 Silurian, Llandoveryan species

Silurian, late early or middle Llandoveryan, Brassfield Formation. United States, Ohio

\**Stibarocrinus centervillensis* (Foerste, 1936). Ausich, 1984a, p. 1173, Figs. 4-6.

Webster, 1988, p. 152. Ausich, 1996b, p. 247, Fig. 17-5, no. 12.

*Calceocrinus centervillensis* Foerste, 1936, p. 271, Pl. 2, figs. 3-4. Bassler and Moodey, 1943, p. 345. Moore, 1962a, p. 27. Webster, 1973, p. 250. Ausich, 1984a, p. 1173. Webster, 1988, p. 152.

*Synchirocrinus centervillensis* (Foerste, 1936). Moore, 1962a, p. 27. Webster, 1973, p. 250. Ausich, 1984a, p. 1173. Webster, 1988, p. 152.

Silurian, late early or middle Llandoveryan, Brassfield Formation. United States, Ohio

**STINOCRINUS** Kirk, 1941. \**S. granulosus* Kirk, 1941.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Scytalocrinoidea, F. Blothrocrinidae

Kirk, 1941b, p. 84. Bassler and Moodey, 1943, p. 688. Moore and Laudon, 1943b, p. 55. Moore and Laudon, 1944, p. 158. Arendt and Hecker, 1964, p. 88.

Webster, 1973, p. 244. Moore and Strimple *in* Moore and Teichert, 1978, p.

T651. Webster, 1986, p. 291. Webster, 1988, p. 152. Lane and Sevastopulo, 1990, p. 335. Kammer and Ausich, 1993, p. 619. Webster, 1993, p. 112.

Named, currently recognized species based on cups or crowns: 1 Mississippian, Viséan species

Mississippian, Viséan (Osagean). United States

\**Stinocrinus granulosus* Kirk, 1941b, p. 85, Pl. 18, figs. 6-7. Bassler and Moodey, 1943, p. 688. Moore and Strimple, 1978, p. T651, Fig. 426, no. 4. Kammer, 1984, p. 126, Fig. 2, nos. I-J. Webster, 1977, p. 162. Webster, 1988, p. 152. Kammer and Ausich, 1993, p. 619.

Mississippian, Viséan (Osagean), Borden Formation, New Providence Shale. United States, Kentucky

*Stinocrinus manus* (Miller and Gurley, 1896) = *Abrotocrinus manus*

*Stinocrinus nanus* (Miller and Gurley, 1896) = *Batocrinus nanus* = *Gongylocrinus nanus*

**STIPATOCRINUS** Eckert and Brett, 1987. \**S. hulveri* Eckert and Brett, 1987. Sbc. Camerata, O. Monobathrida, Spf. Stipatocrinoidea, F. Stipatocrinidae Eckert and Brett, 1987, p. 3. Webster, 1993, p. 112. Eckert and Brett, 2001, p. 34, Fig. 11. Ausich and Copper, 2010, p. 35.

Named, currently recognized species based on cups or crowns: 1 Silurian, Llandoveryan species  
Silurian, late Llandoveryan. United States, Canada

\**Stipatocrinus hulveri* Eckert and Brett, 1987, p. 7, Pls. 1-2; Figs. 1-8. Webster, 1993, p. 112. Ausich and Copper, 2010, p. 36, Pl. 8, fig. 2.

Silurian, late Llandoveryan, Reynales Formation. United States, New York; Gun River Formation, Macgillivray Member. Canada, Quebec, Anticosti Island

**STIPTOCRINUS** Kirk, 1946. \**S. spinosus* Kirk, 1946.

Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F. Periechocrinidae

Kirk, 1946a, p. 34. Webster, 1973, p. 244. Macurda, 1974, p. 825, Figs. 1-2. Ubaghs in Moore and Teichert, 1978, p. T447. Webster, 1986, p. 291. Webster, 1988, p. 152. LeMenn, 2009, p. 468, Fig. 7.24, no. b.

Named, currently recognized species based on cups or crowns: 6 species. 5 Silurian, Niagaran; 1 Silurian, Niagaran - Devonian, Lochkovian  
Silurian, Niagaran – Devonian, Lochkovian. United States

*Stiptocrinus benedicti* (Miller, 1892) = *Stiptocrinus spinosus*

*Stiptocrinus carinatus* Kirk, 1946a, p. 34. Webster, 1973, p. 244.

*Saccocrinus benedicti* Springer, 1926a, Pl. 10, fig. 14, only. Kirk, 1946a, p. 34. Webster, 1973, p. 244.

Silurian, Niagaran, Laurel Limestone. United States, Indiana

*Stiptocrinus chicagoensis* (Weller, 1900). Kirk, 1946a, p. 35. Webster, 1973, p. 245.

*Periechocrinus chicagoensis* Weller, S., 1900, p. 131, Pl. 13, fig. 7-8. Grabau and Shimer, 1910, p. 536. Bassler, 1915, p. 576. Bassler and Moodey, 1943, p. 597. Kirk, 1946a, p. 35. Webster, 1973, p. 245.

*Periechocrinites chicagoensis* (Weller, 1900). Bassler and Moodey, 1943, p. 597  
Silurian, Niagaran, Racine Dolomite. United States, Illinois

- Stiptocrinus farringtoni* (Slocum, 1908). Kirk, 1946a, p. 35. Webster, 1973, p. 245.

Named, currently recognized species based on cups or crowns: 16 Mississippian  
Viséan species, 1 subspecies

Mississippian, Viséan (Meramecian - middle Chesterian). United States

*Talarocrinus buttsi* Ulrich, E. O., 1917, p. 264, Pl. 8, figs. 1-4. Bassler and Moodey, 1943, p. 699.

Mississippian, Viséan (Chesterian), Ste. Genevieve Formation, Ohara  
Limestone Member; Shetlerville Formation. United States, Kentucky, Illinois

*Talarocrinus constrictus* (Meek and Worthen, 1860). Ulrich, E. O., 1917, p. 183.  
Bassler and Moodey, 1943, p. 699.

*Dichocrinus constrictus* Meek and Worthen, 1860, p. 381. Meek and Worthen, 1866b, p. 263, Pl. 19, figs. 2a-2c. Shumard, 1868, p. 366. Miller, S. A., 1889, p. 239. Weller, S., 1898c, p. 220. Bassler and Moodey, 1943, p. 699.

Mississippian, Viséan (Meramecian), Spergen Limestone. United States, Indiana

\**Talarocrinus cornigerus* (Shumard, 1857). Wachsmuth and Springer, 1881, p. 87.  
Miller, S. A., 1889, p. 285. Wachsmuth and Springer, 1897, p. 783, Pl. 78, figs. 6-7. Weller, S., 1898c, p. 623. Grabau and Shimer, 1910, p. 522, Fig. 1847.  
Ulrich, E. O., 1917, p. 266, Pls. 8, figs. 18-19; 9, figs. 7-8. Weller, S., 1920, p. 340, Pl. 6, fig. 35. Springer, 1926b, p. 46, Pl. 14, fig. 6. Butts, C., 1941, p. 250, Pl. 132, figs. 30-34. Bassler and Moodey, 1943, p. 699. Moore and Laudon, 1944, p. 199, Pl. 78, fig. 12. Lane *in* Moore and Teichert, 1978, p. T479, Fig. 281, nos. 4b-4d. Broadhead, 1985, p. 211, Fig. 6, nos. C-D. Webster, 1986, p. 299. Webster, 1988, p. 156.

*Dichocrinus cornigerus* Shumard, 1857, p. 72, Pl. 1, figs. 1a-1d. Shumard, 1868, p. 393. Meek and Worthen, 1873, p. 537, Pl. 20, fig. 6. Miller, S. A., 1889, p. 239. Weller, S., 1898c, p. 623. Bassler, 1938, p. 180. Bassler and Moodey, 1943, p. 699.

*Pterotocrinus cornigerus* (Shumard, 1857). Shumard, 1868, p. 393.

Mississippian, Viséan (Meramecian - early Chesterian), St. Louis  
Limestone; Paint Creek Formation; Ohara Formation; Gasper Limestone. United States, Illinois, Alabama, Virginia

*Talarocrinus decornis* Wachsmuth and Springer, 1897, p. 788, Pls. 3, fig. 19; 78, figs. 3a-3c. Miller, S. A., 1897, p. 754. Weller, S., 1898c, p. 624. Bassler and

- Moodey, 1943, p. 699. Chestnut and Ettensohn, 1988, p. 56. Webster, 1993, p. 116.  
Mississippian, Viséan (Chesterian), Pennington Formation. United States, Kentucky
- Talarocrinus depressus* Ulrich, E. O., 1917, p. 267, Pls. 8, figs. 28-29; 10, figs. 17-20.  
Bassler and Moodey, 1943, p. 699.  
Mississippian, Viséan (Chesterian), Gasper Oolite. United States, Kentucky
- Talarocrinus dewolfi* Ulrich, E. O., 1917, p. 264, Pl. 8, figs. 5-10. Bassler and Moodey, 1943, p. 699.  
Mississippian, Viséan (Chesterian), Ste. Genevieve Limestone, Ohara Member.  
United States, Kentucky
- Talarocrinus elegans* (Casseday and Lyon, 1862). Wachsmuth and Springer, 1881, p. 87 (261). Miller, S. A., 1889, p. 285. Ulrich, E. O., 1917, p. 266, Pls. 8, figs. 20-21; 10, figs. 1-4. Bassler and Moodey, 1943, p. 699.  
*Dichocrinus elegans* Casseday and Lyon, 1862, p. 22. Shumard, 1868, p. 366.  
Miller, S. A., 1889, p. 239. Bassler and Moodey, 1943, p. 699.  
Mississippian, Viséan (Chesterian), lower part of Gasper Oolite. United States, Kentucky
- Talarocrinus elegans spinigerus* Ulrich, E. O., 1917, p. 267, Pls. 8, figs. 26-27; 10, figs. 14-16. Bassler and Moodey, 1943, p. 700.  
Mississippian, Viséan (Chesterian), Gasper Oolite. United States, Kentucky
- Talarocrinus inflatus* Ulrich, E. O., 1917, p. 265, Pls. 8, figs. 14-15; 9, figs. 4-6. Weller, J. M., 1917, p. 259, Pl. 40, figs. 7a-7b. Weller, S., 1920, p. 337, Pl. 6, figs. 1-13. Bassler and Moodey, 1943, p. 700. Strimple and Coney, 1982, p. 994, Pl. 1, figs. 2-5. Webster, 1988, p. 157.  
Mississippian, Viséan (Chesterian), Renault Formation; Newman Formation. United States, Illinois, Tennessee
- Talarocrinus ovatus* Worthen, 1882, p. 36. Worthen, 1883, p. 314, Pl. 29, fig. 11. Miller, S. A., 1889, p. 285. Wachsmuth and Springer, 1897, p. 787, Pl. 78, figs. 2a-2b. Weller, S., 1898c, p. 624. Ulrich, E. O., 1917, p. 266, Pls. 8, figs. 16-17b; 9, figs. 1-3. Weller, J. M., 1917, p. 259, Pl. 40, fig. 6. Weller, S., 1920, p. 340, Pl. 6, figs. 27-33. Bassler and Moodey, 1943, p. 700. p. 90. Moore and Strimple *in* Moore and Teichert, 1978, p. T694.

Named, currently recognized species based on cups or crowns: 4 Pennsylvanian  
species, 1 Morrowan, 1 Desmoinesian, 2 Missourian  
Pennsylvanian, Morrowan - Missourian. United States

*Tarachirocrinus meadowensis* (Strimple, 1949). Strimple, 1962d, p. 136. Webster,  
1973, p. 253.

*Mooreocrinus meadowensis* Strimple, 1949d, p. 26, Pl. 4, figs. 12-14. Webster,  
1973, p. 253.

*Ataxiacrinus meadowensis* (Strimple, 1949). Strimple, 1961g, p. 90. Webster, 1973,  
p. 253.

Pennsylvanian, Missourian, Meadow Limestone. United States, Nebraska

\**Tarachirocrinus multiramus* (Strimple, 1961). Strimple, 1962d, p. 136. Webster, 1973,  
p. 253.

*Ataxiacrinus multiramus* Strimple, 1961g, p. 90, Pls. 5, figs. 1-3; 10, figs. 1-3.  
Webster, 1973, p. 253.

Pennsylvanian, Desmoinesian, Holdenville Shale. United States, Oklahoma

*Tarachiocrinus optimus* (Strimple, 1951). Strimple, 1962d, p. 136. Webster, 1973, p.  
253.

*Dicromyocrinus optimus* Strimple, 1951c, p. 15, Pl. 3, figs. 1-4. Strimple and  
Watkins, 1969, p. 162, Pl. 40, figs. 5-8. Moore and Strimple, 1973, p. 57, Pls.  
12, figs. 4a-4d; 13, figs. 2-2d, 4a-4d. Webster, 1973, p. 253. Webster, 1977, p.  
71.

*Ataxiacrinus optimus* (Strimple, 1951). Strimple, 1961g, p. 90. Webster, 1973, p.  
253.

Pennsylvanian, Morrowan, Marble Falls Formation; Wapanucka Formation,  
Brentwood Limestone Member. United States, Texas, Oklahoma

*Tarachirocrinus periodus* (Strimple, 1951). Strimple, 1962d, p. 136. Webster, 1973, p.  
253.

*Dicromyocrinus periodus* Strimple, 1951b, p. 375, Pl. 56, figs. 1-4. Webster, 1973,  
p. 253.

*Ataxiacrinus periodus* (Strimple, 1951). Strimple, 1961g, p. 90. Webster, 1973, p.  
253.

Pennsylvanian, Missourian, Winterset Limestone. United States, Kansas

*Tarachirocrinus tapajosi* (Strimple, 1960) Strimple, 1962 = *Dicromyocrinus tapajosi* =  
*Parulocrinus tapajosi*

**TARANTOCRINUS** Webster and Lane, 1987. \**T. typus* Webster and Lane, 1987.  
Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Periechocrinoidea, F.  
Sunwaptacrinidae  
Webster and Lane, 1987, p. 30. Webster, 1993, p. 117.  
Named, currently recognized species based on cups or crowns: 1 Mississippian,  
Viséan species  
Mississippian, Viséan (Osagean). United States

\**Tarantocrinus typus* Webster and Lane, 1987, p. 31, Fig. 8, nos. 8-10, 17-20.  
Webster, 1993, p. 117.  
Mississippian, Viséan (Osagean), Anchor Limestone. United States, Nevada

**TARASSOCRINUS** Webster and Hafley, in Webster *et al.*, 1999. \**Tarassocrinus*  
*synchlydus* Webster and Hafley in Webster *et al.*, 1999.  
Sbc. Cladida, F. uncertain  
Webster and Hafley in Webster *et al.*, 1999, p. 474.  
Named, currently recognized species based on cups or crowns: 1 Devonian,  
Famennian species  
Devonian, late Famennian: United States, Colorado

\**Tarassocrinus synchlydus* Webster and Hafley in Webster *et al.*, 1999, p. 474, Figs.  
4.4, 4.7, 5.2.  
Devonian, late Famennian, Dyer Formation, Broken Rib Member. United States,  
Colorado

**TASMANOCRINUS** Willink, 1979. \**T. mariensis* Willink, 1979.  
Sbc. Cladida, Inf. Articulata, O. Ampelocrinida, F. uncertain  
Willink, 1979a, p. 125, Fig. 7, nos. c-d. Webster, 1986, p. 299.  
Named, currently recognized species based on cups or crowns: 1 Permian,  
Sakmarian species  
Permian, Sakmarian. Australia

\**Tasmanocrinus mariensis* Willink, 1979a, p. 128, Figs. 6, nos. g-l; 7, nos. a-b; Tab. 1.  
Webster, 1986, p. 299.  
Permian, Sakmarian, Darlington Limestone. Australia, Tasmania

*Tasmanocrinus* sp. Webster and Jell, 1999b, p. 332, Fig. 34, nos. A-B.  
Permian, late Artinskian, Malbina Formation. Australia, Tasmania

**TAUCATILLOCRINUS** Willink, 1978 = **NOTIOCATILLOCRINUS**

*Taucatillocrinus cephalonus* Willink, 1978 = *Notiocatillocrinus cephalonus*

*Taucatillocrinus? giganteus* Willink, 1978 = *Notiocatillocrinus giganteus*

Named, currently recognized species based on cups or crowns: 1 Silurian Llandoveryian species

Silurian, late Llandoveryian. United States, Iowa

*\*Thomasocrinus cyclindrica* Witzke and Strimple, 1981, p. 119, Pl. 2, figs. 30-33; Fig. 10. Webster, 1988, p. 159.

Silurian, late Llandoveryian, Hopkinton Dolomite, *Cyrtia* Beds. United States, Iowa

Three circlet crinoid Simms, 1994, p. 305, Fig. 3, nos. A, C (diagramatic)

**THURINGOCRINUS** Jaekel, 1918. *\*T. saalfeldianus* Jaekel, 1918.

"Inadunata", O. - F. uncertain

Jaekel, 1918, p. 61. Bassler, 1938, p. 184. Bassler and Moodey, 1943, p. 710.

Moore and Teichert, 1978, p. T928.

Named, currently recognized species based on cups or crowns: 1 Late Devonian species, series undesignated

Late Devonian, series not given. Germany

*\*Thuringocrinus saalfeldianus* Jaekel, 1918, p. 62, Fig. 52. Bassler, 1938, p. 184.

Bassler and Moodey, 1943, p. 710. Moore and Teichert, 1978, p. T928.

Late Devonian, series not given. Germany, Saalfeld

**THYLACOCRINUS** Oehlert, 1878. *\*T. vanniotti* Oehlert, 1878.

Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae

Oehlert, 1878, p. 6 (adv. pub.). Oehlert, 1879, p. 6. Zittel, 1880, p. 345, 375.

Wachsmuth and Springer, 1881, p. 184 (358). Zittel, 1895, p. 131. Wachsmuth and

Springer, 1897, p. 248. Miller, S. A., 1897, p. 754. Bather *in* Lankester, 1900, p.

200. Wachsmuth *in* Zittel, 1900, p. 146. Abel, 1924, p. 276. Bassler, 1938, p.

184. Bassler and Moodey, 1943, p. 711. Moore and Laudon, 1943b, p. 82.

Moore

and Laudon, 1944, p. 185. Ubaghs, 1953, p. 737. Arendt and Hecker, 1964, p.

95. Webster, 1973, p. 258. Le Menn, 1974, p. 98. Ubaghs *in* Moore and Teichert, 1978, p. T432. Webster, 1986, p. 307. Webster, 1988, p. 159.  
 Named, currently recognized species based on cups or crowns: 5 Devonian species,  
 1 Pragian, 1 Early Devonian series undesignated, 2 Givetian, 1 Middle Devonian  
 series undesignated  
 Early - Middle Devonian. Europe  
 Early Devonian. Algeria; Australia  
 Middle Devonian. United States

*Thylacocrinus belgicus* Le Menn, 1974, p. 101, Pl. 18, figs. 2; Fig. 3. Webster, 1986,  
 p. 307.

Middle Devonian, series not given. Belgium

*Thylacocrinus clarkei* Wachsmuth and Springer, 1897, p. 248, Pl. 13, figs. 11a-11b.  
 Miller, S. A., 1897, p. 754. Bassler and Moodey, 1943, p. 711. Moore and  
 Laudon, 1944, p. 185, Pl. 72, fig. 27. Le Maitre, 1958b, p. 128, Pl. 3, fig. 10.  
 Webster, 1973, p. 258. Le Menn, 1974, p. 102, Pl. 18, figs. 3-5; Fig. 4. Webster,  
 1986, p. 307. Brett *in* Hess et al., 1999 p. 124, Fig. 135.

Devonian, Givetian, lower part of Moscow Shale, Windom Shale. United States,  
 New  
 York

*Thylacocrinus gracilis* (Hall, 1862). Goldring, 1923, p. 102, Pl. 4, fig. 5. Bassler and  
 Moodey, 1943, p. 711. Le Menn, 1974, p. 104, Pl. 18, fig. 1; Fig. 5. Webster,  
 1986, p. 307.

*Rhodocrinus (Acanthocrinus) gracilis* Hall, 1862a, p. 99. Hall, 1862b, p. 127.  
 Shumard, 1868, p. 394. Hall, 1872c, Pl. 1A, fig. 7. Miller, S. A., 1889, p. 277.  
 Bassler and Moodey, 1943, p. 711.

Devonian, Givetian, lower part of Moscow Shale. United States, New York

*Thylacocrinus? ignotus* Philip, 1961, p. 145, Pl. 8, figs. 1-2, 8; Figs. 1-3. Webster,  
 1973, p. 258.

Early Devonian, series not given. Australia, Victoria

\**Thylacocrinus vannioti* Oehlert, 1878, p. 2, Pls. 1, figs. 1-7; 2, fig. 1. Oehlert, 1882, p.  
 359, Pl. 9, figs. 1-1a. Miller, S. A., 1897, p. 754. Bather *in* Lankester, 1900, p.  
 200, Fig. 126. Delage and Herouard, 1903, p. 385, Fig. 475. Abel, 1920, p. 265,  
 Fig. 411. Abel, 1924, p. 276, Fig. 411. Péneau, 1928, p. 250. Bassler, 1938, p.

Wright and Strimple, 1945, p. 222, Fig. 1. Webster, 1973, p. 263. Pabian and Strimple, 1980a, p. 163, Fig. 5, nos. L-N. Webster, 1986, p. 315.

*Cromyocrinus kansasensis* (Miller and Gurley, 1890). Keyes, 1894a, p. 216, Pl. 24, fig. 7. Weller, S., 1898c, p. 637. Bassler and Moody, 1943, p. 719.

*Ulocrinus kanssasensis* Miller and Gurley, 1890. Ubaghs, 1953, p. 677, Fig. 16, no. f.

Pennsylvanian, Missourian, Argentine? Limestone; Stanton Formation, Stoner Limestone Member. United States, Missouri, Iowa, Nebraska

*Ulocrinus kanssasensis* Miller and Gurley, 1890 = *Ulocrinus kansasensis*

*Ulocrinus karchevskyi* Mirantsev and Rozhnov, 2011a, p. 52, Pl. 10, figs. 1-2, Fig. 1, no. j. Mirantsev and Rozhnov, 2011b, p. 55, Pl. 10, figs. 1-2, Fig. 1, no. J.

Upper Carboniferous, Kasimovian, Khamovnichean Horizon, Neverovo Formation. Russia, Moscow region, Vosksresenskii District

*Ulocrinus manzanitaensis* Webster and Kues, 2006, p. 14, Figs. 5.5-5.8.

Pennsylvanian, Desmoinesian, Madera Group, Los Moyos Formation. United States,

New Mexico

*Ulocrinus neverovoensis* Mirantsev and Rozhnov, 2011a, p. 49, Pl. 9, figs. 1-8; Fig. 1, a-

i. Mirantsev and Rozhnov, 2011b, p. 52, Pl. 9, figs. 1-8; Fig. 1, nos. a-i.

Upper Carboniferous, Kasimovian, Khamovnichean Horizon, Neverovo Formation. Russia, Moscow region, Vosksresenskii District

*Ulocrinus nuciformis* Hind, 1902 = *Cromyocrinus nuciformis* = *Ureocrinus bockschii*

*Ulocrinus nuciformis* Goblet Form Bather, 1920c, p. 216, Figs. 1-2. (Not a *Ulocrinus*, GDW)

Mississippian, Viséan, Lower Limestone Series. United Kingdom, Scotland

*Ulocrinus nuciformis* Conical Form Bather, 1920c, p. 216. (More than one species in the forms assigned, GDW)

Middle Carboniferous. United Kingdom

- Ulocrinus occidentalis* Miller and Gurley, 1893. Miller, S. A., 1897, p. 754. Weller, S., 1898c, p. 638. Hauer, 1958, p. 41 (incorrect explanation for plate), Pl. 2, fig. 13 (basal). Webster, 1973, p. 276.
- Ulocrinus? occidentalis* Miller and Gurley, 1893, p. 58, Pl. 6, figs. 6-8. Weller, S., 1898c, p. 638. Plummer, and Moore, 1921, p. 79, Pls. 13, fig. 3; 23, fig. 13. Bassler and Moodey, 1943, p. 719. Webster, 1981, p. 1196. Webster, 1988, p. 164.
- Pennsylvanian, Missourian, Argentine Limestone; Strawn Formation; Cisco Formation. United States, Missouri, Texas
- Ulocrinus? occidentalis* Miller and Gurley, 1893 = *Ulocrinus occidentalis*
- Ulocrinus percultus* Knapp, 1969 = *Mathericrinus percultus* = *Metacromyocrinus percultus*
- Ulocrinus rockymontanus* Strimple and Moore, 1973b, p. 15, Fig. 9, nos. 4-6. Webster, 1977, p. 174. Webster and Houck, 1998, p. 1063, Figs. 4.24-4.26, 4.33. Itano et al., 2003, p. 91, Fig. 6, nos. 1-4.
- Ulocrinus extrorsus* Strimple and Watkins, 1969, p. 165, Pl. 56, figs. 6, 8. Strimple and Moore, 1973b, p. 14, Fig. 9, nos. 13-15. Webster, 1977, p. 173. Webster and Houck, 1998, p. 1063.
- Pennsylvanian, Desmoinesian, Millsap Lake Formation, Brannon Bridge Member; Minturn Formation. United States, Texas, Colorado
- Ulocrinus sangamonensis* (Meek and Worthen, 1860). Mather, 1915, p. 104. Moore and Plummer, 1940, p. 337. Bassler and Moodey, 1943, p. 719. Moore and Laudon, 1943b, p. 135, Pl. 6, fig. 7. Moore and Laudon, 1944, p. 175, Pl. 56, fig. 28. Wright and Strimple, 1945, p. 222, Fig. 3. Ubaghs, 1953, p. 677, Fig. 16, no. d. Yakovlev, 1964b, p. 66, Figs. 91, nos. g-e. Strimple and Moore, 1971a, p. 25, Pl. 15, figs. 1a-1d. Webster, 1973, p. 263. Webster, 1977, p. 174. Webster and Kues, 2006, p. 14, Figs. 5.9-5.12, 5.39-5.42.
- Cyathocrinus? sangamonensis* Meek and Worthen, 1860, p. 392. Meek and Worthen, 1866a, p. 310, Pl. 26, figs. 1a-1b; Fig. 31. Weller, S., 1898c, p. 196. Bassler and Moodey, 1943, p. 719.
- Cyathocrinus sangamonensis* Meek and Worthen, 1860. Shumard, 1868, p. 363. Miller, S. A., 1889, p. 236.
- Cromyocrinus sangamonensis* (Meek and Worthen, 1860). Wachsmuth and Springer, 1886, p. 249 (173). Weller, S., 1898c, p. 196. Bassler and Moodey, 1943, p. 719.
- Eupachycrinus sangamonensis* (Meek and Worthen, 1860). Miller, S. A., 1889, p. 245, Fig. 305.
- Pennsylvanian, Missourian-Virgilian, Argentine Limestone; upper part of Madera Group. United States, Illinois, Iowa, New Mexico
- Ulocrinus uralensis* Yakovlev, 1930 = Unnamed n. gen. 2
- Ulocrinus zeschi* Strimple and Watkins, 1969, p. 167, Pls. 37, figs. 4-7; 38, figs. 5-7. Webster, 1977, p. 174.

Pennsylvanian, Atokan, Big Saline Formation, Soldiers Hole Member. United States, Texas

*Ulocrinus* sp. A Pabian and Strimple, 1993, p. 16, Fig. 19, nos. d-f.  
Pennsylvanian, Missourian, ?Virgilian, South Bend Limestone. United States, Kansas

*Ulocrinus* sp. A Pabian and Rushlau, 2002, p. 25, Fig. 6, nos. 14-15.  
Pennsylvanian, Virgilian, Kanwaka Formation, Stull Shale Member. United States, Iowa

*Ulocrinus* spp.

Miller and Gurley, 1889, p. 370, Pl. 10, figs. 9-13. Miller and Gurley, 1890, p. 54, Pl. 10, figs. 9-13. (IBB). Weller, S., 1898c, p. 638.

Carboniferous: United States, Midcontinent (no formation or locality given)  
Wright, 1920, p. 381, unfig.

Mississippian, Viséan, Fife Limestones. United Kingdom, Scotland, Devonshire, 1954, Pl. 2, fig. 4. Devonshire, 1955, Pl. 2, fig. 4. Webster, 1977, p. 174.

Late Ordovician, Sandbian, Bromide Formation, Mountain Lake Member. United States, Oklahoma
- Unknown crinoid Foerste, 1888 = *Stereoaster squamosus*
- Unknown genus Moore, 1939b, p. 199, Fig. 8, nos. 7a-7b (basal? circlet).  
Batocrinidae bzw Actinocrinidae Wanner, 1916, p. 65, Pl. 97(2), Figs. 8a-8b.  
Permian, series uncertain. West Timor
- Unknown genus Moore, 1939b, p. 199, Fig. 8, nos. 8a-8b (basal? circlet).  
Batocrinidae bzw Actinocrinidae Wanner, 1916, p. 65, Pl. 97(2), Figs. 9a-b.  
Permian, series uncertain. West Timor
- Unknown genus Moore, 1939b.

Batocrinidae-Actinocrinidae Gen. et spec. indet. 1 Wanner, 1916, p. 65, Pl. 97(2), fig. 8 (infrabasal or basal circlet).

Permian, series uncertain. West Timor, Basleo

Batocrinidae-Actinocrinidae Gen. et spec. indet. 2 Wanner, 1916, p. 65, Pl. 97(2), fig. 9 (infrabasal or basal circlet).

Permian, series uncertain. West Timor, Basleo

Unnamed n. gen. 2 Webster, 1981, p. 1196, Fig. 1. Webster, 1988, p. 164.

*Cyathocrinus indicus* Waagen, 1887, p. 826, Pl. 98, fig. 1. Bassler and Moodey, 1943, p. 391. Webster, 1981, p. 1196. Webster, 1988, p. 164.

*Cyathocrinites indicus* (Waagen, 1887). Bassler and Moodey, 1943, p. 391. Branson, C. C., 1948, p. 188.

Permian, Wargal Formation, Kalabagh Member. Pakistan, Salt Range  
*Cyathocrinus kattaensis* Waagen, 1887, p. 828, Pl. 96, fig. 2. Bassler and Moodey, 1943, p. 892. Branson, C. C., 1948, p. 189. Webster, 1981, p. 1196.

Webster, 1988, p. 164.

*Cyathocrinites kattaensis* (Waagen, 1887). Bassler and Moodey, 1943, p. 892. Permian, Wargal Formation, Kalabagh Member. Pakistan, Salt Range

*Ulocrinus? conoideus* Wanner, 1937, p. 150, Pl. 10, figs. 9-13, Fig. 46. Bassler and Moodey, 1943, p. 718. Branson, C. C., 1948, p. 220. Webster, 1981, p. 1196. Webster, 1988, p. 164.

Permian, series uncertain. West Timor, Basleo

*Ulocrinus indicus* Wanner, 1924, p. 189, Pl. 16, figs. 17-21; Fig. 19. Bassler and Moodey, 1943, p. 719.

Permian, series uncertain. West Timor, Basleo

*Ulocrinus? indicus* Wanner, 1924. Branson, C. C., 1948, p. 220. Webster, 1981, p. 1196. Webster, 1988, p. 164.

Permian, series uncertain. West Timor, Basleo

*Ulocrinus uralensis* Yakovlev, 1930, p. 95, Pl. 1, figs. 11a-11c. Bassler and Moodey, 1943, p. 719. Branson, C. C., 1948, p. 220. Yakovlev in Yakovlev and Ivanov, 1956, p. 63, Pl. 11, fig. 14. Arendt and Hecker, 1964, p. 90, Pl. 12, fig. 9. Webster, 1973, p. 263. Webster, 1981, p. 1196. Webster, 1988, p. 164.

Permian, Artinskian. Russia, Krasnoufimsk

Unnamed radial Webster and Maples, 2008, p. 202, Fig. 10.1, no. 5.

Devonian, Famennian. Germany

Unnamed species

*Glyptocrinus basalis* Morton, 1861 (*non* M'Coy, 1850), p. 35, part. Bassler and Moodey, 1943, p. 562.

Middle Ordovician. United Kingdom

Unusual crinoid radial? plates Sprinkle, 1971, p. D94, Fig. 1, nos. 49-52. Webster, 1977, p. 183.

Ordovician, Darriwilian, Antelope Valley Limestone. United States, Nevada, California

**UPEROCRINUS** Meek and Worthen, 1865. \**Actinocrinus pyriformis* Shumard, 1855.  
Sbc. Camerata, O. Monobathrida, Sbo. Compsocrinina, Spf. Carpocrinoidea, F.  
Batocrinidae

Named, currently recognized species based on cups or crowns: 16 Mississippian  
species, 2 subspecies; 2 Tournaisian, 2 Tournaisian - Viséan, 12 Viséan (+2  
subspecies)

Mississippian, Tournaisian – Viséan (Kinderhookian – Osagean). United States

*Uperocrinus acuminatus* Lee, Ausich, and Kammer, 2005, p. 343, Figs. 1.8-1.10.

Mississippian, Viséan (middle Osagean), Nada Member, Borden Formation. United  
States, Kentucky

*Uperocrinus aequibrachiatus* (McChesney, 1860). Bassler and Moodey, 1943, p. 720.  
Moore and Laudon, 1943b, p. 141, Pl. 12, fig. 8. Moore and Laudon, 1944, p.  
197, Pl. 76, fig. 16. Webster, 1973, p. 263.

*Actinocrinus aequibrachiatus* McChesney, 1860, p. 25. McChesney, 1865, Pls. 4,  
figs. 2a-2b; 10, fig. 1. Shumard, 1868, p. 342. Miller, S. A., 1889, p. 217. Weller,  
S., 1898c, p. 330. Bassler and Moodey, 1943, p. 720.

*Lobocrinus aequibrachiatus* (McChesney, 1860). Wachsmuth and Springer, 1897,  
p. 440, Pls. 29, fig. 8; 46, fig. 6. Weller, S., 1898c, p. 330. Grabau and Shimer,  
1910, p. 544. Bassler and Moodey, 1943, p. 720.

*Batocrinus aequibrachiatus* (McChesney, 1860). Miller, S. A., 1889, p. 227.  
Weller, S., 1898c, p. 123.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States,  
Illinois, Iowa, Missouri

*Uperocrinus aequibrachiatus asteriscus* (Meek and Worthen, 1860). Bassler and  
Moodey, 1943, p. 720.

*Actinocrinus asteriscus* Meek and Worthen, 1860, p. 385. Shumard, 1868, p. 342.  
Miller, S. A., 1889, p. 217. Weller, S., 1898c, p. 331. Bassler and Moodey, 1943,  
p. 720.

*Actinocrinus (Batocrinus) asteriscus* Meek and Worthen, 1866a, p. 207, Pl. 15, figs. 8a-8c. Bassler and Moodey, 1943, p. 720.

*Lobocrinus aequibrachiatus* var. *asteriscus* (Meek and Worthen, 1860).

Wachsmuth and Springer, 1897, p. 441, Pl. 29, figs. 9a-9b. Weller, S., 1898c, p. 331. Bassler and Moodey, 1943, p. 720.

*Batocrinus asteriscus* (Meek and Worthen, 1860). Miller, S. A., 1889, p. 227.

*Actinocrinus aequibrachiatus* var. *alatus* Hall, 1861a, p. 263. Hall, 1861b, p. 1. Hall, 1861c, p. 263. Shumard, 1868, p. 342. Hall, 1872c, Pl. 3, figs. 21-23. Miller, S. A., 1889, p. 217. Bassler and Moodey, 1943, p. 720.

*Actinocrinites aequibrachiatus* var. *alatus* (Hall, 1861). Weller, S., 1898c, p. 331.

*Batocrinus aequibrachiatus* var. *alatus* (Hall, 1861). Miller, S. A., 1889, p. 227.

Miller,

S. A., 1897, p. 735.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Illinois, Iowa, Missouri

*Uperocrinus apheles* Ausich and Lane, 1982 = *Gongylocrinus apheles*

*Uperocrinus brittsi* (Miller, 1892). Ausich and Kammer, 2010a, p. 46.

*Batocrinus brittsi* Miller, S. A., 1892 a, p. 675. Miller, S. A., 1892c, p. 33, Pl. 5, figs. 21-23. Miller, S. A., 1894, p. 287, Pl. 5, figs. 21-23. Weller, S., 1898c, p. 124. Bassler and Moodey, 1943, p. 322.

Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Missouri

*Uperocrinus dubius* (Rowley, 1902) = *Abatocrinus dubius*

*Uperocrinus dubius pustulosus* (Rowley, 1902) = *Abatocrinus dubius pustulosus*

*Uperocrinus hageri* (McChesney, 1860). Bassler and Moodey, 1943, p. 720. Haugh, 1975b, p. 268, Figs. 5, no. 4; 7, no. B. Webster, 1986, p. 316.

*Actinocrinus hageri* McChesney, 1860, p. 28. McChesney, 1865, Pls. 4, fig. 1; 10, fig. 3. McChesney, 1868, p. 21, Pl. 4, fig. 1; Unnum. Fig. Shumard, 1868, p. 344. Miller, S. A., 1889, p. 218. Weller, S., 1898c, p. 331. Bassler and Moodey, 1943, p. 720.

*Batocrinus hageri* (McChesney, 1860). Miller, S. A., 1889, p. 228.

?*Lobocrinus hageri* (McChesney, 1860). Wachsmuth and Springer, 1897, p. 444, Pl. 30, figs. 9-10. Weller, S., 1898c, p. 331. Bassler and Moodey, 1943, p. 720.

Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa

*Uperocrinus heteroclitus* (Miller and Gurley, 1895) = *Simatocrinus stelliformis*

*Uperocrinus inflatus* (Rowley and Hare, 1891) = *Gongylocrinus inflatus*

*Uperocrinus insolitus* (Rowley, 1902) = *Abotocrinus insolitus*

- Uperocrinus jessieae* (Miller and Gurley, 1896. Ausich and Kammer, 2010a, p. 46.  
*Batocrinus jessieae* Miller and Gurley, 1896a, p. 20, Pl. 1, figs. 27-32. Miller, S. A., 1897, p. 737. Weller, S., 1898c, p. 128. Bassler and Moodey, 1943, p. 326. Mississippian, Tournaisian (Kinderhookian), Chouteau Limestone. United States, Missouri
- Uperocrinus laura* (Hall, 1861). Ausich and Kammer, 2010a, p. 46.  
*Actinocrinus laura* Hall, 1861b, p. 15. Shumard, 1868, p. 345. Miller, S. A., 1889, p. 218. Weller, S., 1898c, p. 129. Bassler and Moodey, 1943, p. 327. Lane, N. G., 1963a, p. 697. Webster, 1973, p. 31.  
*Abatocrinus laura* (Hall, 1861). Lane, N. G., 1963a, p. 697. Good, 1968, Pl. 1, fig. 8. Webster, 1973, p. 31. Webster, 1977, p. 26. Ausich and Kammer, 2010a, p. 46.  
*Batocrinus laura* (Hall, 1861). Miller, S. A., 1889, p. 228. Whitfield, 1893b, p. 17, Pl. 1, figs. 15-16. Miller, S. A., 1897, p. 737. Keyes, 1894a, p. 182, Pl. 23, fig. 8. Wachsmuth and Springer, 1897, p. 384, Pl. 29, figs. 5a-5d. Weller, S., 1898c, p. 129. Grabau and Shimer, 1910, p. 541. Bassler and Moodey, 1943, p. 327. Laudon, 1973b, p. 27, Fig. 3. Webster, 1977, p. 47.  
*Actinocrinus sinuosus* Hall, 1859a, p. 26, Unnum. Fig. Shumard, 1868, p. 348. Hall, 1872c, Pl. 3-A, figs. 8-9. Miller, S. A., 1889, p. 219. Weller, S., 1898c, p. 129. Bassler and Moodey, 1943, p. 327. Lane, N. G., 1963a, p. 697. Webster, 1973, p. 31.  
*Batocrinus laura sinuosus* (Hall, 1859). Bassler and Moodey, 1943, p. 327.  
*Batocrinus laura* var. *sinuosus* Wachsmuth and Springer, 1897, p. 385. Weller, S., 1898c, p. 129. Bassler and Moodey, 1943, p. 327. Lane, N. G., 1963a, p. 697. Webster, 1973, p. 31.  
*Batocrinus sinuosus* (Hall, 1859). Miller, S. A., 1889, p. 228.  
*Batocrinus scyphus* Miller and Gurley, 1893, p. 23, Pl. 5, figs. 7-9. Miller, S. A., 1897, p. 739. Weller, S., 1898c, p. 129. Bassler and Moodey, 1943, p. 327. Mississippian, Tournaisian – Viséan (Kinderhookian – Osagean), Chouteau Limestone; upper part of Burlington Limestone. United States, Illinois, Iowa, Missouri
- Uperocrinus levis* (Miller and Gurley, 1896). Ausich and Kammer, 2010a, p. 46.  
*Batocrinus levis* Miller and Gurley, 1896c, p. 23, Pl. 1, figs. 13-15. Miller, S. A., 1897, p. 737, Fig. 1312. Weller, S., 1898c, p. 129. Bassler and Moodey, 1943, p. 327. Mississippian, Viséan (Osagean), upper part of Burlington Limestone. United States, Iowa
- Uperocrinus longirostris* (Hall, 1858). Bassler and Moodey, 1943, p. 720. Moore and Laudon, 1943b, p. 141, Pl. 12, fig. 7. Moore and Laudon, 1944, p. 197, Pl. 76, fig. 23. Laudon, 1948, Pl. 2 (part). Ubaghs, 1953, p. 740, Fig. 23. Yakovlev, 1964b, p. 60, Fig. 74. Haugh, 1973a, p. 84, Pl. 1, fig. 16; Fig. 61. Webster, 1973, p. 263. Webster, 1977, p. 174. Ubaghs in Moore and Teichert, 1978, p. T133, T201, Figs. 105, no. 1; 171, no. 4. Webster, 1986, p. 316. Ausich and Kammer, 2010b, p. 119, Fig. 3, no. C.

- Actinocrinus longirostris* Hall, 1858c, p. 589, Pl. 11, figs. 2-2b (4c-4d on Pl. by error); Fig. 88. Shumard, 1868, p. 345. Miller, S. A., 1889, p. 218. Weller, S., 1898c, p. 331. Bassler and Moodey, 1943, p. 720.

Hauser, 2007, p. 43, Fig. 1. Hauser, 2008, p. 15, Fig. 13.

Named, currently recognized species based on cups or crowns: 18 Devonian species, 1 Lochkovian – Pragian, 6 Emsian, 1 Emsian - Eifelian, 1 Eifelian, 4 Eifelian – Givetian, 5 Givetian

Devonian, Emsian - Givetian. Europe, United States

*VASOCRINUS* Wachsmuth and Springer, 1880 (*non* Lyon, 1857) = **PELLECRINUS**

*Vasocrinus ahbachensis* Hauser, 2005b, p. 2, Pl. 1, figs. 7a-7c; Fig. 2, nos. a-b.  
Hauser,

2007, p. 44, Pl. 1, figs. 7a-7c; Fig. 2, nos. a, b. Hauser, 2008, p. 15, Pl. 1, fig. 8; Fig. 14.

?*Parisocrinus* sp. Hauser, 1997, Pl. 32, figs. 3-4. Hauser, 2007, p. 44.

Devonian, Eifelian - Givetian, Freilingen Formation, Ahbach Formation. Germany

*Vasocrinus alveatus* Schewtschenko, 1966. Hauser, 2007, p. 51, unnumbered fig.  
Devonian, Emsian, Pandzhrut Horizon. Tadzhikistan, Tien Shan Mountains

*Vasocrinus breimeri* Hauser in Hauser and Landeta, 2007, p. 57, Fig. 5, nos. a-c.  
Devonian, boundary beds Emsian-Eifelian, Santa Lucia Formation. Spain.

*Vasocrinus canaliculatus* (Jaekel, 1895). Kirk, 1929a, p. 8. Bassler and Moodey, 1943, p. 722. Hauser, 2007, p. 44, Fig. 3.

*Parisocrinus canaliculatus* Jaekel, 1895a, p. 68, Fig. 18. Schmidt, W. E., 1942, p. 220. Bassler and Moodey, 1943, p. 722. Webster, 1973, p. 197.

Devonian, Emsian?, Coblenzian. Germany

- Vasocrinus conicus* Hauser in Hauser and Landeta, 2007, p. 60, Fig. 13. Hauser, 2007, p. 45, Pl. 1, figs. 6, 9a-9b; Fig. 4. Hauser, 2008, p. 15, Pls. 2, fig. 6; 3, fig. 4; 6, fig. 4; Fig. 15.  
Devonian, Givetian, Portilla Formation; Eifelian, Givetian, Ahbach Formation. Spain, Germany
- Vasocrinus elongatus* (Hauser, 1997). Hauser, 2005b, p. 5, Pl. 1, figs. 11-12; Fig. 5 (misspelled as *V. elongates*). Hauser, 2007, p. 45, Pl. 1, figs. 11-12; Fig. 5; p. 71, fig. 6.  
*Poteriocrinites elongatus* Hauser, 1997. Hauser, 2007, p. 45.  
Devonian, Eifelian. Germany
- Vasocrinus fernandolandeta* Hauser in Hauser and Landeta, 2007 = *Vasocrinus Fernandolandetai*
- Vasocrinus fernandolandetai* Hauser in Hauser and Landeta, 2007. *nomem correctum* *Vasocrinus fernandolandeta* Hauser in Hauser and Landeta, 2007, p. 58, Fig. 8.  
Devonian, middle Emsian, Auión Formation. Spain
- Vasocrinus hexadactylus* (Lyon and Casseday, 1860) = *Pellacrinus hexadactylus*
- Vasocrinus hustleyiensis* Hauser, 1997, p. 19, Pl. 31, figs. 1-3. Hauser, 2007, p. 46, Pl. 1, figs. 1a-1c; Fig. 6.  
Devonian, Givetian, Lough Formation, Hustley Member. Germany
- Vasocrinus laevis* Le Menn, 1987a, p. 224, Pl. 1, fig. 6; Fig. 4. Webster, 1993, p. 122. Hauser, 2007, p. 54, 3 unnumbered figs.  
Devonian, late Lochkovian - Pragian, Saint-Cenere Formation. France
- Vasocrinus lyoni* (Hall, 1861) = *Pellecrinus hexadactylus*
- Vasocrinus macropleurus* Weller, 1909 = *Poteriocrinus macropleurus* = *Poteriocrinites macropleurus* = *Springericrinus macropleurus*
- Vasocrinus mirificus* Hauser, 2008, p. 16, Pl. 131, fig. 6; Fig. 16. nomen nudum, no description or diagnosis. (Probably a *V. ahbachensis*, GDW)  
Devonian, Givetian, Ahbach Formation. Germany
- Vasocrinus rommersheimensis* Hauser, 2007, p. 47, Pl. 1, figs. 5a-5b; Fig. 7. Hauser, 2008, p. 16, Fig. 17.  
Devonian, Eifelian, Givetian, Ahbach Formation. Germany
- Vasocrinus sculptus* Lyon, 1857, p. 486, Pl. 4, figs. 3b-3e. Shumard, 1868, p. 364. Miller, S. A., 1889, p. 287. Kirk, 1929a, p. 3, Pls. 1, figs. 1-3, 10; 2, figs. 5-10. Bassler and Moodey, 1943, p. 722. Moore and Laudon, 1944, p. 154, Pl. 57, fig. 3. Webster, 1973, p. 265. Hauser in Hauser and Landeta, 2007, p. 59, Fig. 10, nos. a-b. Hauser, 2007, Fig. 8, nos. a-b.  
*Cyathocrinus sculptus* (Lyon, 1857). Shumard, 1868, p. 364.

Devonian, late Givetian, Sellersburg Limestone. United States, Kentucky, Ohio

*Vasocrinus* sp. cf. *V. sculptus* Lyon, 1857. Breimer, 1962a, p. 151, Pl. 14, figs. 15-17; Fig. 35. Webster, 1973, p. 265.

Devonian, Spain

*Vasocrinus stellaris* (Schultze, 1866). Kirk, 1929a, p. 8. Bassler and Moodey, 1943, p. 722. Breimer, 1962a, p. 149, Pl. 14, figs. 11-14; Fig. 34. Webster, 1973, p. 265. Hauser, 1997, p. 21. Hauser, 2001, p. 25, 98, Pl. 13, figs. 1-1a; Figs. 81, nos. 2-2a; 82. Hauser in Hauser and Landeta, 2007, p. 60, fig. 12. Hauser, 2007, p. 48, Pl. 1, figs. 1a-2b, 8a-8b; Figs. 9, 11.

*Poteriocrinus stellaris* Schultze, 1866, p. 49 (adv. pub.). Schultze, 1867, p. 161, Pl. 5, fig. 2. Beyer, 1896, p. 89, Pl. 3, fig. 71. Bassler and Moodey, 1943, p. 722.

*Parisocrinus stellaris* (Schultze, 1866). Jaekel, 1895a, p. 67, Fig. 17. Bassler and Moodey, 1943, p. 722.

Devonian, Eifelian - Givetian, Lough Formation, Hustley Member. Germany, Spain

*Vasocrinus sulcosutura* Wanner, 1942. Hauser, 1997, p. 22, Pl. 32, figs. 1-2. Hauser in Hauser and Landeta, 2007, p. 76, Pl. 2, fig. 8. Hauser, 2007, p. 49, Pl. 1, figs. 3-3c, 4; Figs. 12-13.

*Vasocrinus? sulcosutura* Wanner, 1942a, p. 33, Pl. 1, figs. 4a-4c. Webster, 1973, p. 265. Hauser, 1997, p. 22, Pl. 32, figs. 1-2.

Devonian, Givetian, Lough Formation. Germany

*Vasocrinus? sulcosutura* Wanner, 1942 = *Vasocrinus sulcosutura*

*Vasocrinus tuberculifer* Schewtschenko, 1966. Hauser, 2007, p. 34, unnumbered fig. Devonian, Emsian, Pandzhrut Horizon. Tadzhastan, Tien Shan Mountains

*Vasocrinus turbinatus* Kirk, 1929a, p. 13, Pl. 2, figs. 1-4. Bassler and Moodey, 1943, p. 722. Breimer, 1962a, p. 148, Pl. 14, figs. 8-10. Webster, 1973, p. 265.

Devonian, Emsian, Onondaga Group, Jeffersonville Limestone. United States, Kentucky; Spain

*Vasocrinus* aff. *turbinatus* Kirk, 1928. Hauser in Hauser and Landeta, 2007, p. 60, Fig. 11. Hauser, 2007, p. 50, Fig. 14, nos. a-c.

Devonian, late Givetian, Jeffersonville Limestone; Candás Formation. United States, Kentucky; Spain

\**Vasocrinus valens* Lyon, 1857, p. 485, Pl. 4, figs. 3-3a. Shumard, 1868, p. 364. Miller, S. A., 1889, p. 287. Kirk, 1929a, p. 2, Pl. 1, figs. 4-6, 10. Bassler, 1938, p. 190. Bassler and Moodey, 1943, p. 722. Moore and Laudon, 1943b, p. 131, Pl. 2, fig. 13. Moore and Laudon, 1944, p. 154, Pl. 57, fig. 2. Breimer, 1962a, p. 147, Pl. 14, figs. 5-7. Webster, 1973, p. 265. Lane and Moore in Moore and Teichert, 1978, p. T585, Fig. 375, no. 2. Webster, 1986, p. 317. Hauser in Hauser and Landeta, 2007, p. 58, Fig. 7, nos. a-c. Hauser, 2007, p. 50, Fig. 15, nos. a-c. Webster and Maples, 2008, p. 201, Fig. 10.1, no. 3. Hauser, 2008, p. 15, Fig. 12.

*Cyathocrinus valens* (Lyon, 1857). Shumard, 1868, p. 364.

Devonian, Emsian, Onondaga Group, Jeffersonville Limestone. United States, Kentucky

*Vasocrinus weinbergensis* Hauser, 2007, p. 51, Pl. 1, fig. 10; Figs. 16-17. Hauser, 2008, p. 16, Pl. 1, fig. 9; Fig. 18.

*Poteriocrinus dilatatus* Schultze, 1866, p. 161, Pl. 5, no. 5e only. Hauser, 2007, p. 51.

*Costalocrinus dilatatus* (Schultze, 1866). Hauser, 2007, p. 51.  
Devonian, Eifelian - Givetian, Ahbach Formation. Germany

*Vasocrinus* sp. Hauser, 1997, Pl. 31, figs. 4-6.  
Devonian, Givetian?. Germany

*Vasocrinus* sp.? Hauser, 2001, p. 143, Figs. 123. (Originally figured by Schultze, 1866, as *Poteriocrinus dilatatus* = *Costalocrinus dilatatus*.)  
Devonian, Eifelian. Germany

**VASOCRINUS** of authors (*non* Lyon, 1857) = **PELLECRINUS**

**VERTIGO CRINUS** Knapp, 1969. \**Perimestocrinus subtilus* Moore, 1939.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F. Pirasocrinidae

Knapp, 1969, p. 377. Webster, 1977, p. 175. Moore and Strimple *in* Moore and Teichert, 1978, p. T735. Pabian and Strimple, 1980a, p. 182. Pabian and Strimple, 1985, p. 54. Webster, 1986, p. 317. Webster, 1988, p. 165. Pabian and Rushlau, 2002, p. 27.

Named, currently recognized species based on cups or crowns: 5 Pennsylvanian species, 1 Desmoinesian, 3 Missourian – Virgilian, 1 Virgilian  
Middle - Late Pennsylvanian, Desmoinesian - Virgilian. United States

*Vertigocrinus calyculus* (Moore and Plummer, 1940). Knapp, 1969, p. 377. Webster, 1977, p. 175. Pabian and Rushlau, 2002, p. 27.

*Perimestocrinus calyculus* Moore and Plummer, 1940, p. 207, Pl. 10, fig. 2; Fig. 43. Bassler and Moodey, 1943, p. 602. Moore and Laudon, 1944, p. 161, Pl. 64, fig. 2. Knapp, 1969, p. 377 (Typographical error as *Plaxocrinus clayculus*). Webster, 1977, p. 176.

Pennsylvanian, Desmoinesian, Mineral Wells Shale. United States, Texas

*Vertigocrinus gloukosensis* (Strimple, 1951). Knapp, 1969, p. 377. Webster, 1977, p. 176. Pabian and Strimple, 1980b, p. 17, Fig. 2, no. E. Pabian and Strimple, 1985,

p. 56, Fig. 22, nos. g-i. Webster, 1986, p. 317. Webster, 1988, p. 165. Pabian and Rushlau, 2002, p. 27. Webster and Maples, 2006, p. 194, Fig. 5, nos. A-B  
*Plaxocrinus gloukosensis* Strimple, 1951b, p. 374, Pl. 57, figs. 1-6. Knapp, 1969, p. 377. Webster, 1973, p. 216. Pabian and Strimple, 1974a, p. 283, Pl. 36, figs. 4-5. Pabian and Strimple, 1974b, p. 29, Figs. 11, nos. 8-9; 12, nos. 6-7; p. 38, Fig. 17, nos. 3-5. Webster, 1977, p. 176. Webster, 1986, p. 257.

Pennsylvanian, Missourian - Virgilian, Coal Creek Limestone, Plattsburg Formation, Merriam Limestone Member, Haskell Limestone; Kanwaka Formation, Stull Shale Member. United States, Kansas, Nebraska, Iowa

*Vertigocrinus parilis* (Moore and Plummer, 1940). Knapp, 1969, p. 377. Webster, 1977, p. 176. Pabian and Strimple, 1980a, p. 182, Fig. 7, no. 0. Webster, 1986, p. 317. Pabian, 1992, p. 2, Unnum. Fig. p. 4. Pabian and Strimple, 1993, p. 33, Fig. 13, nos. i-j. Pabian and Rushlau, 2002, p. 27, Fig. 8, nos. 8-9.

*Plaxocrinus parilis* Moore and Plummer, 1940, p. 199, Pl. 9, figs. 5-6; Fig. 39. Bassler and Moodey, 1943, p. 634. Moore and Laudon, 1944, p. 163, Pl. 63, fig. 5. Pabian and Strimple, 1974a, p. 283, Pl. 34, figs. 1-4. Knapp, 1969, p. 377. Webster, 1977, p. 176. Webster, 1986, p. 257.

*Plaxocrinus parillis* Moore and Plummer, 1940. Webster, 1973, p. 217. Pennsylvanian, Missourian, ?Virgilian, Graford Formation, Wyandotte Limestone; Plattsburg Formation, Spring Hill Limestone Member; Dennis Formation, Winterset Limestone; Argentine Limestone; South Bend Limestone. United States, Texas, Kansas, Nebraska, Iowa, Nebraska, Kansas

*Vertigocrinus politus* (Moore, 1939). Knapp, 1969, p. 377. Webster, 1977, p. 176. Pabian and Rushlau, 2002, p. 27.

*Plaxocrinus politus* Moore, 1939c, p. 223, Pl. 8, figs. 5a-5c; Figs. 10, nos. a-b; 15, no. c; 16, nos. a, c. Bassler and Moodey, 1943, p. 634. Moore and Laudon, 1944, p. 163, Pl. 63, fig. 1. Strimple, 1961g, p. 40. Webster, 1973, p. 244. Moore and Strimple *in* Moore and Teichert, 1978, p. T731, Fig. 480, nos. 1i-1k. Knapp, 1969, p. 377. Webster, 1977, p. 176. Webster, 1986, p. 257.

*Stenopeocrinus politus* (Moore, 1939). Strimple, 1961g, p. 40. Webster, 1973, p. 244.

Pennsylvanian, Missourian - Virgilian, Nelagoney Formation, Barnsdall Formation; Grayford Formation, Wyandotte Limestone. United States, Oklahoma, Missouri

\**Vertigocrinus subtilis* (Moore, 1939). Knapp, 1969, p. 377, Fig. 38. Webster, 1977, p. 176. Moore and Strimple *in* Moore and Teichert, 1978, p. T735, Fig. 485, no. 2. Webster, 1986, p. 317. Pabian and Rushlau, 2002, p. 27.

*Perimestocrinus subtilis* Moore, 1939c, p. 235, Pl. 7, figs. 4a-4c; Fig. 17, nos. a-c. Bassler and Moodey, 1943, p. 603. Knapp, 1969, p. 377. Webster, 1977, p. 176.

Pennsylvanian, Virgilian, Brownville Limestone. United States, Oklahoma

**VIRUCRINUS** Rozhnov, 1990. \**Pentagonocyclicus kegelensis* Yeltyschewa, 1966.

Sbc. Disparida, O. Eustenocrinida, F. Eustenocrinidae

Rozhnov, 1990, p. 68. Webster, 1993, p. 122. Ausich, 1998b, p. 36. Rozhnov, 2002, p. S540, Figs. 13, 28. (diagramatic)

Named, currently recognized species based on cups or crowns: 2 Ordovician, Katian species

Ordovician, Katian. Estonia

*Virucrinus hintsae* Rozhnov, 1990, p. 71, Pl. 1, fig. 11; Fig. 1, no. zh. Webster, 1993, p. 122.

Ordovician, Katian, upper part of Keila Horizon. Estonia

\**Virucrinus kegelensis* (Yeltyschewa, 1966). Rozhnov, 1990, p. 69, Pl. 1, figs. 1-10; Figs. 1, nos. a-e; 2. Webster, 1993, p. 122.

ø*Pentagonocyclicus kegelensis* Yeltyschewa, 1966, p. 59, Pl. 3, figs. 14-23. Rozhnov, 1990, p. 69. Webster, 1993, p. 122.

*Babanocrinus kegelensis* (Yeltyschewa, 1966). Hynda, 1986, p. 87, Pl. 13, figs. 12-14; Fig. 32. Stukalina, 1986, p. 64, Pl. 13, figs. 16-18. Stukalina, 1988c, p. 61, Pl. 8, figs. 11-12. Rozhnov, 1990, p. 69. Webster, 1993, p. 122.

Ordovician, Katian, Keila Horizon. Estonia

**VISOCRINUS** Ausich, Gil Cid, and Domínguez Alonso, 2002. \**Visocrinus castelli* Ausich, Gil Cid, and Alonso, 2002, OD.

Sbc. Camerata, O. Diplobathrida, Spf. Rhodocrinitoidea, F. Rhodocrinitidae Ausich, Gil Cid, and Domínguez Alonso, 2002, p. 981.

Named, currently recognized species based on cups or crowns: 1 Ordovician, Katian species

Ordovician, Katian (Ashgillian). Spain

\**Visocrinus castelli* Ausich, Gil Cid, and Domínguez Alonso, 2002, p. 981, Figs. 5.3, 6. Ordovician, Katian (Ashgillian), Bancos Mixtos Formation. Spain

**VLETAVICRINUS** Waagen and Jahn, 1899 = **BOHEMICOCRINUS**

*Vletavicrinus haueri* Waagen and Jahn, 1899 = *Bohemiacrinus haueri* = *Bohemiacrinus pulverens*

**VOSEKOCRINUS** Jaekel, 1918. \**V. granulatus* Jaekel, 1918.

Sbc. Disparida, O. Maenillicrinida, F. Maenillicrinidae

Named, currently recognized species based on cups or crowns: 11 species. 8 Mississippian, 1 Tournaisian, 1 Viséan, 5 Serpukhovian, 1 Mississippian series not designated; 3 Pennsylvanian, 1 Morrowan, 1 Missourian, 1 Moscovian (C3ks) series uncertain

Mississippian, Tournaisian (Kinderhookian) - Pennsylvanian, Morrowan, ?Missourian. United States

Mississippian. United Kingdom  
Pennsylvanian, Moscovian. Russia

*Zeacrinites acicularis* (Moore and Plummer, 1938), p. 272, Fig. 22. Bassler and Moodey, 1943, p. 726. Webster, 1973, p. 268.

*Xystocrinus? acicularis* Moore and Plummer, 1938, p. 272, Fig. 22. Bassler and Moodey, 1943, p. 726.

*Zeacrinus acicularis* (Moore and Plummer, 1938). Sieverts-Doreck, 1962, p. 112, Fig. 1. Webster, 1973, p. 267.

Pennsylvanian, Morrowan, Brentwood Limestone. United States, Oklahoma

*Zeacrinites acuminatus* (Sutton and Hagan, 1939) = *Zeacrinites wortheni*

*Zeacrinites bifurcatus* (McChesney, 1860) = *Zeacrinites wortheni*

*Zeacrinites brevilatus* (Sutton and Hagan, 1939) = *Zeacrinites wortheni*

*Zeacrinites chesterensis* (Sutton and Wagner, 1931) = *Zeacrinites wortheni*

*Zeacrinites depressus* (Troost, 1849) = *Tholocrinus depressus*

*Zeacrinites doverensis* (Miller and Gurley, 1965) = *Zeacrinites wortheni*

*Zeacrinites dubius* (Miller and Gurley, 1896). Bassler and Moodey, 1943, p. 727. Kammer and Ausich, 1993, p. 637.

*Zeacrinus dubius* Miller and Gurley, 1890b, p. 44, Pl. 7, figs. 7-8. Miller and Gurley, 1891, p. 361, Pl. 7, figs. 7-8. Miller, S. A., 1892a, p. 683. Weller, S., 1898c, p. 651. Bassler and Moodey, 1943, p. 727. Kammer and Ausich, 1993, p. 637,

Figs.

5.14-5.15, 12.

Mississippian, Viséan (early Meramecian), Harrodsburg Limestone. United States, Indiana

*Zeacrinites fusiformis* (Sutton and Hagan, 1939) = *Zeacrinites wortheni*

*Zeacrinites grandiculus* (Miller and Gurley, 1894) = *Zeacrinites wortheni*

*Zeacrinites heckeri* Arendt, 2002, p. 128, Pl. 5, figs. 1-2.

Mississippian, early Serpukhovian, Steshev Horizon. Russia, Moscow Basin

*Zeacrinites impressus* (M'Coy, 1849) = *Parazeacrinites impressus*

*Zeacrinites intermedius* (Hall, 1858). Bassler and Moodey, 1943, p. 727.

*Zeacrinus intermedius* Hall, 1858c, p. 681, Pl. 25, fig. 4; Fig. 109. Shumard, 1868, p. 399. Miller, S. A., 1889, p. 288. Weller, S., 1898c, p. 651. Bassler and Moodey, 1943, p. 727.

Mississippian, Serpukhovian (Chesterian), Chester Limestone. United States, Illinois

*Zeacrinites kentuckiensis* (Miller and Gurley, 1896). Bassler and Moodey, 1943, p. 727.

*Zeacrinus kentuckiensis* Miller and Gurley, 1896a, p. 37, Pl. 2, figs. 23-24. Miller, S. A., 1897, p. 755. Weller, S., 1898c, p. 651. Bassler and Moodey, 1943, p. 727.

Mississippian, Serpukhovian (Chesterian), Glen Dean Formation. United States, Kentucky

*Zeacrinites konincki* (Bather, 1916) = *Parazeacrinites konincki*

*Zeacrinites lanceolatus* (Sutton and Hagan, 1939) = *Zeacrinites wortheni*

*Zeacrinites* cf. *Z. lanceolatus* (Sutton and Hagan, 1939). Burdick and Strimple, 1983a, p. 159, Pl. 23, fig. 16. Webster, 1988, p. 166.

Mississippian, Serpukhovian (Chesterian), Pride Mountain Formation. United States, Alabama

\**Zeacrinites magnoliaeformis* (Troost in Wood, 1909). Bassler and Moodey, 1943, p. 728. Moore and Laudon, 1943b, p. 134, Pl. 5, fig. 8. Moore and Laudon, 1943b, 1944, p. 165, Pl. 61, fig. 1. Moore, 1962b, p. 24, Fig. 14, no. 1. Webster, 1973, p. 268. Moore, Lane, and Strimple in Moore and Teichert, 1978, p. T748, Fig. 495, nos. 1a-1f. Burdick and Strimple, 1983a, p. 154, Pl. 24, figs. 1-13. Webster, 1986, p. 320. Chestnut and Ettensohn, 1988, p. 33. Webster, 1988, p. 166. Webster, 1993, p. 124. Ausich, 2009a, p. 487, suppl. p. 47.

*Zeaecrinites magnoliaeformis* Troost, 1850a, p. 61 (*nomen nudum*).

*Zeaecrinites magnoliiformis* Troost, 1850b, p. 419 (*nomen nudum*).

*Zeacrinus magnoliaeformis* (Troost in Wood, 1909). Troost in Hall, 1858c, p. 544, Unnum. Fig. Weller, S., 1898c, p. 652. Wood, E., 1909, p. 90, Pl. 12, figs. 3-4. Springer, 1926b, p. 81, Pl. 22, figs. 4-11; Figs. 4-5. Kirk, 1938, p. 160. Bassler, 1938, p. 193. Bassler and Moodey, 1943, p. 728.

*Zeacrinus magnoliaformis* (Troost, 1850). Shumard, 1868, p. 399.

*Zeacrinus magnoliiformis* (Troost, 1850). Miller, S. A., 1889, p. 288 (sic).

?*Poteriocrinus* (*Zeacrinus*) *magnoliaeformis* (Troost, 1858). Bassler and Moodey, 1943, p. 648.

*Cyathocrinus magnoliaeformis* (Troost, 1850). Miller, S. A., 1889, p. 236. Weller, 1898, p. 652.

*Cyathocrinus magnoliaformis* (Troost, 1850). Shumard, 1868, p. 399 (sic).

*Encrinite* Owen and Norwood, 1847, p. 5, Unnum. Pl., fig. 13.

Mississippian, Serpukhovian (Chesterian), Gasper Formation; upper part of Monteagle Limestone. United States, Alabama

*Zeaecrinites magnoliiformis* Troost, 1850 = \**Zeacrinites magnoliaeformis*

*Zeacrinites merope* (Hall, 1863) = *Kinocrinus merope*

*Zeacrinites obesus* (Miller and Gurley, 1894) = *Zeacrinites wortheni*

*Zeacrinites ovalis* (Lyon and Casseday, 1860) = *Zeacrinites wortheni*

*Zeacrinites paternus* (Hall, 1863). Bassler and Moodey, 1943, p. 728.

*Zeacrinus paternus* Hall, 1863b, p. 59. Hall, 1864a, p. 59. Shumard, 1868, p. 399.

Hall and Whitfield, 1875c, p. 177, Pl. 12, fig. 17. Miller, S. A., 1889, p. 288.

*Tholocrinus armiger*

*Zeacrinus asper* Meek and Worthen, 1870 = *Pachylocrinus asper* = *Linocrinus asper*

*Zeacrinus bellulus* Miller and Gurley, 1894 = *Scytalocrinus? bellulus* = *Phanocrinus bellulus* = *P. maniformis*

*Zeacrinus beyrichi* Dewalque, 1884 = *Dactylocrinus beyrichi*

*Zeacrinus affinis beyrichi* Fraipont. Maillieux, 1909b, p. 287, Unnum. Fig. p. 287. (a flexible crinoid, GDW)  
Devonian, early Frasnian. Belgium, Dinant

*Zeacrinus bifurcatus* McChesney, 1960 = *Zeacrinites bifurcatus* = *Z. wortheni*

*Zeacrinus blairi* Miller and Gurley, 1895 = *Eratocrinus blairi* = *E. commaticus*

*Zeacrinus brevilatus* Sutton and Hagan, 1939 = *Zeacrinites brevilatus* = *Z. wortheni*

*Zeacrinus bursaeformis* Springer, 1926 = *Cercidocrinus bursaeformis*

*Zeacrinus calyx* M'Coy, 1849 = *Phanocrinus calyx*

*Zeacrinus cariniferus* (Worthen, 1873) = *Linocrinus cariniferus*

*Zeacrinus chesterensis* Sutton and Hagan, 1939 = *Zeacrinites chesterensis* = *Z. wortheni*

*Zeacrinus commaticus* Miller, 1892 = *Eratocrinus commaticus*

*Zeacrinus compactilis* (Worthen, 1873) = *Adinocrinus compactilis*

*Zeacrinus compactus* Laudon, 1933 = *Linocrinus compactus*

*Zeacrinus coxanus* Worthen, 1882 = *Woodocrinus coxanus* = *Eratocrinus coxanus*

*Zeacrinus? crassus* Worthen, 1866 = *Eupachyocrinus crassus* = *Ethelocrinus crassus*

*Zeacrinus crateriformis* (Troost, 1850) = *Eupachyocrinus boydii*

*Zeacrinus cylindricus* Miller and Gurley, 1894 = *Phanocrinus cylindricus* = *P. maniformis*

*Zeacrinus depressus* (Troost, 1849) = *Hydreionocrinus depressus* = *Xystocrinus depressus* = *Zeacrinites depressus* = *Tholocrinus depressus*

*Zeacrinus discus* Meek and Worthen, 1860 = *Plaxocrinus discus*

*Zeacrinus doverensis* Miller and Gurley, 1896 = *Zeacrinites doverensis* = *Z. wortheni*

*Zeacrinus dubius* Miller and Gurley, 1890 = *Zeacrinites dubius*

*Zeacrinus durabilis* Miller and Gurley, 1895 = *Eupachyocrinus durabilis* = *E. boydii*

- Zeacrinus elegans* Hall, 1858 = *Woodocrinus elegans* = *Eratocrinus elegans*
- Zeacrinus excavatus* Schultze, 1866 = *Dactylocrinus excavatus*
- Zeacrinus excavatus* var. *interscapularis* Schultze, 1866 = *Dactylocrinus excavatus intersapularis*
- Zeacrinus faggi* Rowley and Hare, 1891 = *Eratocrinus faggi*
- Zeacrinus florealis* (Yandell and Shumard, 1847) = *Dasciocrinus florealis*
- Zeacrinus formosus* (Worthen, 1873) = *Phanocrinus maniformis*
- Zeacrinus fusiformis* Sutton and Hagan, 1939 = *Zeacrinites wortheni*
- Zeacrinus girtyi* Springer, 1926 = *Alcimocrinus girtyi*
- Zeacrinus grandiculus* Miller and Gurley, 1894 = *Zeacrinites wortheni*
- Zeacrinus granulatus* (Phillips, 1836) = *Eurycrinus granulatus*
- Zeacrinus infrequens* Laudon and Beane, 1937 = *Cercidocrinus infrequens*
- Zeacrinus intermedius* Hall, 1858 = *Zeacrinites intermedius*
- Zeacrinus kentuckiensis* Miller and Gurley, 1896 = *Zeacrinites kentuckiensis*
- Zeacrinus keokuk* Worthen, 1882 (part) = *Sarocrinus keokuk* = *Eratocrinus coxanus*
- Zeacrinus keokuk* Worthen, 1882 (part) = *Worthenocrinus paterus*
- Zeacrinus konincki* Bather, 1916 = *Parazeacrinites konincki*
- Zeacrinus? konincki* Bather, 1916 = *Parazeacrinites konincki*
- Zeacrinus lanceolatus* Sutton and Hagan, 1939 = *Zeacrinites lanceolatus* = *Z. wortheni*
- Zeacrinus lineatus* Sutton and Hagan, 1939 = *Zeacrinites wortheni*
- Zeacrinus lyra* Meek and Worthen, 1870 = *Coeliocrinus lyra*
- Zeacrinus magnoliaeformis* Hall, 1858 = *Zeacrinites magnoliaeformis*
- Zeacrinus magnoliaeformis* (Troost, 1850) = \**Zeacrinites magnoliaeformis*
- Zeacrinus magnoliiformis* (Troost, 1850) = \**Zeacrinites magnoliaeformis*

*Zeacrinus maniformis* Hall, 1858 = *Phanocrinus maniformis*

*Zeacrinus mccoynus* (de Koninck and Le Hon, 1854) = *Parazeacrinites konincki*

*Zeacrinus merope* Hall, 1863 = *Woodocrinus merope* = *Zeacrinites merope* = *Linocrinus merope*

*Zeacrinus mooresi* Whitfield, 1882 = *Eupachycrinus mooresi* = *Plaxocrinus mooresi* = *Aatocrinus mooresi*

*Zeacrinus moorii* Whitfield, 1882 = *Aatocrinus mooresi*

*Zeacrinus mucrosphinus* McChesney, 1860. Woodruff, 1906, p. 264, Pl. 7, fig. 1.  
(tegmen spines)  
Pennsylvanian (Upper Coal Measures). United States, Nebraska

*Zeacrinus mucrospinosus* McChesney, 1860 = *Aatocrinus mucrospinus*

*Zeacrinus mucrospinus* McChesney, 1860 = *Poteriocrinites mucrospinus* = *Hydreionocrinus mucrospinus* = *Aatocrinus mucrospinus*

*Zeacrinus nitidus* Miller and Gurley, 1894 = *Phanocrinus nitidus* = *Pentaramicrinus nitidus*

*Zeacrinus nodosus* Wachsmuth and Springer, 1885 = *Adinocrinus nodosus*

*Zeacrinus obesus* Miller and Gurley, 1894 = *Zeacrinites obesus* = *Z. wortheni*

*Zeacrinus ovalis* Lyon and Casseday, 1860 = *Zeacrinites ovalis* = *Z. wortheni*

*Zeacrinus paternus* Hall, 1863 = *Woodocrinus paternus* = *Zeacrinites paternus*

*Zeacrinus peculiaris* Miller and Gurley, 1896 = *Zeacrinites peculiaris* = *Z. wortheni*

*Zeacrinus perangulatus* White, 1862 = *Woodocrinus perangulatus* = *Linocrinus perangulatus*

*Zeacrinus phillipsi* Sladen, 1878 = *Zeacrinites phillipsi*

*Zeacrinus pikensis* Worthen, 1882 = *Eratocrinus pikensis*

*Zeacrinus planobrachiatus* Meek and Worthen, 1860 = *Woodocrinus planobrachiatus* = *Zeacrinites planobrachiatus* = *Lekocrinus planobrachiatus*

*Zeacrinus pocillum* Miller, 1891 = *Woodocrinus pocillum* = *Zeacrinites pocillum* = *Sarocrinus pocillum* = *S. varsoviensis*

- Zeacrinus polaris* (Yakovlev, 1928) = *Zeacrinites polaris* = *Tundracrinus polaris*
- Zeacrinus pulaskiensis* Miller and Gurley, 1895 = *Pentaramicrinus pulaskiensis* = *P. gracilis*
- Zeacrinus ramosus* Hall, 1858 = *Woodocrinus ramosus* = *Eratocrinus ramosus*
- Zeacrinus?* *robustus* Beede, 1900 = *Aatocrinus robustus*
- Zeacrinus sacculus* White, 1862 = *Eratocrinus sacculus*
- Zeacrinus sacculus* var. *concinus* White, 1862 = *Eratocrinus sacculus*
- Zeacrinus salemanensis* Miller and Gurley, 1894 = *Eratocrinus salemensis*
- Zeacrinus salemensis* Miller and Gurley, 1894 = *Eratocrinus salemensis*
- Zeacrinus schmitowi* Yakovlev and Ivanov, 1956 = *Zeacrinites schmitowi*
- Zeacrinus scobina* Meek and Worthen, 1870 = *Woodocrinus scobina* = *Linocrinus scobina*
- Zeacrinus scoparius* Hall, 1861 = *Poteriocrinus (Zeacrinus) scoparius* = *Eratocrinus scoparius* = *Ascetocrinus scoparius*
- Zeacrinus serratus* Meek and Worthen, 1870 = *Woodocrinus serratus* = *Eratocrinus serratus*
- Zeacrinus spinosus* (Owen and Shumard, 1852) = *Dasciocrinus spinosus*
- Zeacrinus spinuliferus* Worthen in Miller, S. A., 1889 = *Linocrinus spinuliferus*
- Zeacrinus stimpsoni* Lyon, 1869 = *Pachylocrinus coreyi* = *Abrotocrinus coreyi*
- Zeacrinus subtumidus* (Meek and Worthen, 1865) = *Eupachyocrinus subtumidus*
- Zeacrinus?* *sundaicus* Wanner, 1916 = *Malaiocrinus sundaicus*
- Zeacrinus trapeziatus* Sutton and Hagan, 1939 = *Zeacrinites trapeziatus* = *Z. wortheni*
- Zeacrinus troostanus* Meek and Worthen, 1860 = *Woodocrinus troostanus* = *Eratocrinus troostanus*
- Zeacrinus wortheni* Hall, 1858 = *Zeacrinites wortheni*
- Zeacrinus* sp. undet. Meek and Worthen, 1873, Pl. 1, fig. 4. Weller, S., 1898c, p. 653. Mississippian, Viséan (Osagean), Burlington Limestone. United States, Iowa

**ZEAECRINITES** Troost, 1850 = **ZEACRINUS**

*Zeaecrinites magnoliaeformis* Troost, 1850 = *Zeacrinus magnoliaeformis*

Zeelelie Stemvers-van Bommel, 1989, p. 19, Fig. F-3.  
Devonian, Emsian, Hunsrückschiefer. Germany

**ZENKERICRINUS** Waagen and Jahn, 1899 = **PROMELOCRINUS**

*Zenkericrinus melocrinoides* Waagen and Jahn, 1899 = *Ctenocrinus melocrinoides* =  
*Melocrinites melocrinoides* = *Promelocrinus melocrinoides*

**ZENOCRINUS** Moore and Strimple, 1973. \**Z. zeus* Moore and Strimple, 1973.  
Sbc. Cladida, Inf. Flexibilia, O. Sagenocrinida, Spf. Sagenocrinitoidea, F.  
Dactylocrinidae

Moore and Strimple, 1973, p. 36. Webster, 1977, p. 177. Moore *in* Moore and  
Teichert, 1978, p. T807. Webster, 1986, p. 320.

Named, currently recognized species based on cups or crowns: 1 Pennsylvanian,  
Morrowan species

Pennsylvanian, Morrowan. United States

\**Zenocrinus zeus* Moore and Strimple, 1973, p. 36, Pl. 3, figs. 1a, 1b. Webster, 1977,  
p. 177. Moore *in* Moore and Teichert, 1978, p. T807, Figs. 544, no. 3; 545, no.  
2. Webster, 1986, p. 321 (incorrectly cited as *Zeacrinus zeus*).

Pennsylvanian, Morrowan, Wapanucka Formation. United States, Oklahoma

**ZEUSOCRINUS** Strimple, 1961. \**Tholocrinus foveatus* Strimple, 1951.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Pirasocrinoidea, F.  
Pirasocrinidae

Strimple, 1961g, p. 21. Strimple and Watkins, 1969, p. 203. Strimple and  
Moore, 1971a, p. 18. Webster, 1973, p. 269. Webster, 1977, p. 177. Moore and  
Strimple *in* Moore and Teichert, 1978, p. T735. Webster, 1986, p. 321. Lane  
and Sevastopulo, 1990, p. 336. Webster, 1993, p. 126.

Named, currently recognized species based on cups or crowns: 1 Mississippian  
Serpukhovian species

Mississippian, Serpukhovian (Chesterian). United States

\**Zeusocrinus foveatus* (Strimple, 1951). Strimple, 1961g, p. 21. Webster, 1973, p. 269.  
Moore and Strimple *in* Moore and Teichert, 1978, p. T735, Fig. 486, no. 2.  
Webster, 1986, p. 321.

*Tholocrinus foveatus* Strimple, 1951f, p. 675, Pl. 99, figs. 1-2. Webster, 1973, p.  
269.

Mississippian, Serpukhovian (Chesterian), Pitkin Limestone. United States,  
Oklahoma

**ZIROCRINUS** Ausich, 1985. \**Z. litos* Ausich, 1985.

Sbc. Camerata, O. Monobathrida, Sbo. Glyptocrinina, Spf. Glyptocrinoidea, F. Glyptocrinidae

Ausich, 1985, p. 798. Webster, 1988, p. 166.

Named, currently recognized species based on cups or crowns: 1 Silurian, Llandoveryian species

Silurian, Llandoveryian. United States, Ohio

\**Zirocrinus litos* Ausich, 1985, p. 799, Figs. 5-6. Webster, 1988, p. 166.

Silurian, Llandoveryian, Brassfield Formation. United States, Ohio

**ZOPHOCRINUS** Miller, 1891. \**Z. howardi* Miller, 1891.

Sbc. Disparida, Spf. Belemnocrinoidea, F. Zophocrinidae

Miller, S. A., 1891c, p. 32 (adv. pub.). Miller, S. A., 1892a, p. 683. Miller, S. A., 1892b, p. 642. Weller, S., 1900, p. 152, Fig. 7. Bather *in* Lankester, 1900, p. 151.

Solcom, 1908, p. 284, Fig. 3. Grabau and Shimer, 1910, p. 474. Springer *in* Zittel,

1913, p. 158. Bassler, 1915, p. 1339. Springer, 1926a, p. 61. Bassler, 1938, p. 193. Bassler and Moodey, 1943, p. 729. Moore and Laudon, 1943b, p. 30.

Moore

and Laudon, 1944, p. 145. Ubaghs, 1953, p. 747. Webster, 1973, p. 269. Moore and Lane *in* Moore and Teichert, 1978, p. T561. Webster, 1986, p. 321.

Named, currently recognized species based on cups or crowns: 4 Silurian, Niagaran species

Silurian, Niagaran. United States

*Zophocrinus angulatus* Strimple, 1915b, p. 76, Figs. 6-7. Webster, 1973, p. 269.

Silurian, Niagaran, Henryhouse Formation. United States, Oklahoma

*Zophocrinus globosus* Slocum, 1908, p. 285, Pl. 85, figs. 15-19. Bassler, 1915, p. 1339. Bassler and Moodey, 1943, p. 728.

Silurian, Niagaran, Racine Limestone. United States, Illinois

\**Zophocrinus howardi* Miller, S. A., 1891c, p. 33 (adv. pub.). Miller, S. A., 1892a, p. 683,

Fig. 1254. Miller, S. A., 1892b, p. 643, Pl. 6, figs. 126-28. Weller, S., 1900, p.

152, Pl. 15, fig. 13. Grabau and Shimer, 1910, p. 474, Fig. 1785. Bassler, 1915,

p. 1339. Springer, 1926a, p. 82, Pl. 25, figs. 19-26. Bassler, 1938, p. 193

T561, Fig. 355, no. 1. Webster, 1986, p. 321.

Silurian, Niagaran, Laurel Limestone; Beech River Formation; Racine Dolomite.

United States, Indiana, Tennessee, Illinois

*Zophocrinus pyriformis* Slocum, 1908, p. 285, Pl. 85, figs. 12-14. Bassler, 1915, p. 1339. Bassler and Moodey, 1943, p. 729.

Silurian, Niagaran, Racine Dolomite. United States, Illinois

**ZOSTOCRINUS** Kirk, 1948. \**Z. ornatus* Kirk, 1948.

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Decadocrinoidea, F. Decadocrinidae

Kirk, 1948, p. 708. Webster, 1973, p. 269. Moore and Strimple *in* Moore and Teichert, 1978, p. T688. Webster, 1986, p. 321.

Named, currently recognized species based on cups or crowns: 1 Devonian, Givetian species

Devonian, Givetian. United States

\**Zostocrinus ornatus* Kirk, 1948, p. 7090, Pl. 1, figs. 12-16. Goldring, 1954, p. 34, Pls. 5, figs. 7-8; 6, figs. 1-9. Webster, 1973, p. 269. Moore and Strimple *in* Moore and Teichert, 1978, p. T688, Fig. 453, no. 1. Webster, 1986, p. 321.

Devonian, Givetian, Ludlowville Shale, Kashong Member. United States, New York

**ZYGIOSOCRINUS** Webster, 1997. \**Z. typicus* Webster, 1997, OD

Sbc. Cladida, Inf. Cyathocrinina, O. Dendrocrinida, Spf. Mastigocrinoidea, F. Mastigocrinidae

Webster, 1997, p. 19.

Named, currently recognized species based on cups or crowns: 1 Mississippian, Tournaisian species

Mississippian, Tournaisian. United States

\**Zygiosocrinus typicus* Webster, 1997, p. 19, Pl. 5, fig. 6.

Mississippian, Tournaisian, Brush Canyon Member, Henderson Canyon Formation. United States, Utah

**ZYGOTOCRINUS** Kirk, 1943. \**Z. fragilis* Kirk, 1943.

Sbc. Cladida, O. Cyathocrinida, Spf. Cyathocrinitoidea, F. Euspirocrinidae

Kirk, 1943b, p. 640. Webster, 1973, p. 269. Lane and Moore *in* Moore and Teichert, 1978, p. T585. Webster, 1986, p. 321. Kammer and Gahn, 2003a, p. 131.

Named, currently recognized species based on cups or crowns: 2 Mississippian, Osagean species

Mississippian, Viséan (Osagean). United States

*Zygotocrinus enormis* (Meek and Worthen, 1861). Kirk, 1943b, p. 642. Webster, 1973, p. 269. Kammer and Gahn, 2003a, p. 131, Figs. 4.10-4.13.

*Poteriocrinus? enormis* Meek and Worthen, 1861, p. 137. Shumard, 1868, p. 391.

Miller, S. A., 1889, p. 274. Weller, S., 1898c, p. 199. Bassler and Moodey, 1943, p. 390. Kirk, 1943b, p. 642. Webster, 1973, p. 269.

*Cyathocrinus enormis* (Meek and Worthen, 1861). Meek and Worthen, 1868c, p. 481, Pl. 16, figs. 3a-3b. Miller, S. A., 1889, p. 235. Weller, S., 1898c, p. 199.

Grabau and Shimer, 1910, p. 506. Bassler and Moodey, 1943, p. 390.

*Cyathocrinites enormis* (Meek and Worthen, 1861). Bassler and Moodey, 1943, p. 390.

Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States, Iowa

\**Zygotocrinus fragilis* Kirk, 1943b, p. 642, Pl. 1, figs. 1-4. Webster, 1973, p. 269.  
Mississippian, Viséan (Osagean), lower part of Burlington Limestone. United States,  
Iowa

### III. INDEX OF CORONATE ECHINODERMS

*Codaster osgoodensis* (Miller, 1879) = *Stephanocrinus osgoodensis*

Coronate radial Pisera, 1994, p. 291, Pl. 62, fig. 16.  
Ordovician, Ashgillian, Mojcza Limestone. Poland, Holy Cross Mountains

Coronate basal Pisera, 1994, p. 291, Pl. 62, figs. 15.  
Ordovician, Llanvirnian - Ashgillian, Mojcza Limestone. Poland, Holy Cross Mountains

**CUPULOCORONA** Donovan and Paul, 1985. \**C. salopiae* Donovan and Paul, 1985.  
SC. Coronata, O. Coronatida, F. Stephanocrinidae  
Donovan and Paul, 1985, p. 538. Webster, 1988, p. 167. Donovan, Paul, and Lewis, 1996, p. 220.  
Ordovician, Ashgillian; Silurian, Wenlockian. United Kingdom

*Cupulocorona digitalis* Donovan and Paul, 1985, p. 541, Pl. 63, fig. 5; Fig. 7, no. D. Webster, 1988, p. 167. Donovan, Paul, and Lewis, 1996, p. 222, Pl. 41, fig. 5.  
Ordovician, Middle Ashgillian, *Phillipsinella* Beds. United Kingdom

*Cupulocorona rugosa* Donovan and Paul, 1985, p. 538, Pls. 62, fig. 4; 63, figs. 4, 7-9; Fig. 7, nos. C, E. Webster, 1988, p. 167. Donovan, Paul, and Lewis, 1996, p. 222, Pl. 41, figs. 1, 3-4.  
Ordovician, middle Ashgillian, "Shoeshook Limestone; Redhill beds; Lower *Phillipsinella* Beds; Bolhir Formation. United Kingdom

\**Cupulocorona salopiae* Donovan and Paul, 1985, p. 538, Pls. 62, figs. 2-3, 9-10; 63, figs. 2-3; Figs. 3, no. F; 7, no. B; 8, no. A. Webster, 1988, p. 167. Donovan et al., 2007, p. 52, Fig. 15, no. F.  
Silurian, early Wenlockian, Buildwas Beds. United Kingdom

**MESPILOCYSTIS** Bather, 1889 = **MESPILOCYSTITES**

**MESPILOCYSTITES** Barrande, 1887. \**M. bohemicus* Barrande, 1887.  
SC. Coronata, O. Coronatida, F. Stephanocrinidae  
Barrande, 1887, p. 162. Jaekel, 1898a, p. 44. Bassler, 1938, p. 133. Bassler and Moodey, 1943, p. 563. Fay, 1962b, p. 156. Le Menn in Chauvel and Le Menn, 1973, p. 40. Webster, 1973, p. 174. Webster, 1977, p. 110. Fay in Moore and Teichert, 1978, p. T575. Webster, 1986, p. 203. Webster, 1988, p. 167.

*MESPILOCYSTIS* Bather, 1889, p. 269. Bather *in* Lankester, 1900, p. 77. Bassler and Moodey, 1943, p. 563. Fay *in* Moore and Teichert, 1978, p. T575.

Ordovician. Europe

\**Mespilocystites bohemicus* Barrande, 1887, p. 163, Pl. 38, figs. 1-10. Bassler and Moodey, 1943, p. 563. Fay, 1962b, p. 156, Pls. 1-2; Figs. 1-3. Webster, 1973, p. 174. Fay *in* Moore and Teichert, 1978, p. T575, Fig. 370, no. 1. Paul, 1985, p. 22, Figs. 1, nos. a-i; 2, nos. a, d-e; 3. Donovan and Paul, 1985, p. 530, Fig. 3, no. B. Webster, 1986, p. 203. Webster, 1988, p. 167.

Ordovician, Llandeilian, Letná Beds. Czech Republic, Bohemia

*Mespilocystites bussacensis* Delgado, 1908, p. 62 (*nomen nudum*). Bassler and Moodey, 1943, p. 563.

Ordovician. Portugal

*Mespilocystites tregarvanicus* Le Menn *in* Chauvel and Le Menn, 1973, p. 41, Pl. 1, figs. 1-4. Webster, 1977, p. 111. Le Menn *in* Chauvel and Le Menn, 1979, p. 573, Pl. 3, figs. 1-6; Figs. 7-9. Webster, 1986, p. 204. Le Menn, and Loi, 2006, p. 16, Figs. 3, nos. 1-4, 6.

Late Ordovician. France

Ordovician, early Ashgillian, Rosan Formation. Sardinia

**PARACYSTIS** Sjöberg, 1915. \**P. ostrogothica* Sjöberg, 1915.

SC. Coronata, O. Coronatida, F. Stephanocrinidae

Sjöberg, 1915, p. 173. Fay *in* Moore and Teichert, 1978, p. T575. Webster, 1986, p. 229. Webster, 1988, p. 167.

Middle Ordovician. Sweden

\**Paracystis ostrogothicus* Sjöberg, 1915. Fay *in* Moore and Teichert, 1978, p.

T575, Fig. 368, no. 2. Donovan and Paul, 1985, p. 530, fig. 3, no. C.

Webster, 1986, p. 229. Webster, 1988, p. 167.

Middle Ordovician, Chasmops Limestone. Sweden, Isle of Gotland
